### **Newmont Announces Conditional Special Dividend**

*Will pay \$0.88 per share with a record date prior to completion of Goldcorp acquisition*

DENVER, March 25, 2019 Newmont Mining Corporation (NYSE: NEM) (Newmont or the Company) today announced today that its Board of Directors declared a one-time special dividend of \$0.88 per share of common stock, conditional upon approval of the Goldcorp Inc. (NYSE: GG, TSX: G) (Goldcorp) transaction. The dividend will be paid to Newmont shareholders of record as of April 17, 2019 (the record date), which is prior to closing of the proposed Newmont Goldcorp combination. The special dividend is conditional upon the approval by both Newmont's and Goldcorp's shareholders of the resolutions to be considered at their shareholder meetings on April 11 and April 4, 2019, respectively, in connection with the proposed transaction. The special dividend will be paid, subject to satisfaction of the conditions, on May 1, 2019. Closing of the Newmont Goldcorp transaction is expected shortly after the two shareholder special meetings if shareholders of both companies approve the resolutions.

The special dividend delivers value to existing Newmont shareholders with an immediate cash payment for a portion of the synergy potential arising from the Nevada joint venture announced with Barrick Gold Corporation (NYSE:GOLD) (TSX:ABX) (Barrick) on March 11, 2019. The dividend will be paid to the holders of Newmont's currently outstanding shares as of the record date, and not in respect of shares to be issued in connection with the proposed Newmont Goldcorp transaction.

We are pleased to make this special dividend payable to Newmont's current shareholders in recognition of the potential synergy value of the Nevada joint venture agreement, said Gary Goldberg, Chief Executive Officer. We have continued to engage with, and have listened carefully to, our shareholders, and we are pleased that several of our largest shareholders have expressed their support for the combination with Goldcorp.

Newmont also announced today that Mexico's Competition Commission approved the combination of Newmont and Goldcorp without conditions. This follows clearance from the Canadian Competition Bureau and the Korea Fair Trade Commission in February. Newmont and Goldcorp continue cooperating with other regulatory agencies to secure the remaining approvals that are conditions to closing.

The proposed combination with Goldcorp represents a significant value creation opportunity for Newmont's shareholders, providing the combined company's shareholders with an unmatched portfolio of world class operations, projects, exploration opportunities, Reserves and talent. Newmont's Board of Directors continues to unanimously support the transaction with Goldcorp.

Immediately upon the closing of this transaction, Newmont Goldcorp will:

- Be accretive to Newmont's Net Asset Value per share by 27 percent, and 34 percent accretive to the Company's 2020 cash flow per share;(i)
- Begin delivering a combined \$365 million in expected annual pre-tax synergies, supply chain efficiencies and Full Potential improvements representing the opportunity to create \$4.4 billion in Net Present Value (pre-tax);(ii)
- Target 6-7 million ounces of steady-state gold production over a decades-long time horizon;(i)
- Have the largest gold Reserves and Resources in the gold sector, including on a per share basis;
- Be located in favorable mining jurisdictions and prolific gold districts on four continents;
- Deliver the highest dividend among senior gold producers;(iii)
- Offer financial flexibility and an investment-grade balance sheet to advance the most promising projects generating a targeted Internal Rate of Return (IRR) of at least 15 percent;(iv)
- Feature a deep bench of accomplished business leaders and high-performing technical teams and other talent with extensive mining industry experience; and
- Maintain industry leadership in environmental, social and governance performance.

As required by the terms of the Newmont/Goldcorp Arrangement Agreement, Newmont sought and secured Goldcorp's consent for the payment of this special dividend.

(i) Caution Regarding Projections: Projections used in this release are considered forward looking statements. See cautionary statement above regarding forward-looking statements. Forward-looking information representing post-closing expectations is inherently uncertain. Estimates such as expected accretion, NAV, Net Present Value creation, synergies, expected future production, IRR, financial flexibility and balance sheet strength are preliminary in nature. There can be no assurance that the proposed transaction will close or that the forward-looking information will prove to be accurate.

(ii) Net Present Value (NPV) creation as used in this release is a management estimate provided for illustrative purposes, and should not be considered a GAAP or non-GAAP financial measure. NPV creation represents management's combined estimate of pre-tax synergies, supply chain efficiencies and Full Potential improvements, as a result of the proposed transaction that have been monetized and projected over a twenty year period for purposes of the estimation, applying a discount rate of 5 percent. Such estimates are necessarily imprecise and are based on numerous judgments and assumptions. Expected NPV creation is a forward-looking statement subject to risks, uncertainties and other factors which could cause actual value creation to differ from expected value creation.

(iii) 2019 dividends beyond Q1 2019 have not yet been approved or declared by the Board of Directors. Investors are cautioned that such statements with respect to future dividends are non-binding. The declaration and payment of future dividends remain at the discretion of the Board of Directors and will be determined based on Newmont's financial results, balance sheet strength, cash and liquidity requirements, future prospects, gold and commodity prices, and other factors deemed relevant by the Board. The Board of Directors reserves all powers related to the declaration and payment of dividends. Consequently, in determining the dividend to be declared and paid on the common stock of the Company, the Board of Directors may revise or terminate the payment level at any time without prior notice. As a result, investors should not place undue reliance on such statements.

(iv) IRR targets on projects are calculated using an assumed \$1,200 gold price.
