

PCS EDVENTURES COM INC
Form 10KSB/A
August 17, 2007

U. S. Securities and Exchange Commission

Washington, D.C. 20549

FORM 10-KSB/A

ANNUAL REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended March 31, 2007

TRANSITION REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File No. 000-49990

PCS EDVENTURES!.COM, INC.

(Name of Small Business Issuer in its charter)

IDAHO

(State or Other Jurisdiction of
incorporation or organization)

82-0475383

(I.R.S. Employer Identification No.)

345 Bobwhite Court, Suite 200 Boise, Idaho 83706

(Address of Principal executive offices) (Zip Code)

Issuer's telephone number: (208) 343-3110

N/A

(Former Name or Former Address, if changed since last Report)

Securities registered under Section 12(b) of the Exchange Act:

Title of each class	Name of Each Exchange on Which Registered
---------------------	---

None.

Securities registered under Section 12(g) of the Exchange Act:

No par value common stock

Check whether the issuer is not required to file reports pursuant to Section 13 or 15(d) of the Exchange Act []

Check whether the issuer (1) filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act during the past 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

PAGE 1

Check if there is no disclosure of delinquent filers in response to Item 405 of Regulation S-B contained in this form, and no disclosure will be contained, to the best of the registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-KSB or any amendment to this Form 10-KSB. []

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

State issuer's revenues for its most recent fiscal year: \$1,998,683.

State the aggregate market value of the voting and non-voting common equity held by non-affiliates computed by reference to the price at which the common equity was sold, or the average bid and asked price of such common equity, as of a specified date within the past 60 days.

June 13, 2007: \$35,104,375 - There are approximately 29,253,646 shares of common voting stock of the Registrant beneficially owned by non-affiliates. These computations are based upon the bid price for the common stock of the Registrant on the OTC Bulletin Board of the National Association of Securities Dealers, Inc. ("NASD") on June 13, 2007 or \$1.20 per share.

(ISSUERS INVOLVED IN BANKRUPTCY PROCEEDINGS DURING THE PAST FIVE YEARS)

Not Applicable.

Check whether the issuer has filed all documents and reports required to be filed by Section 12, 13 or 15(d) of the Exchange Act after the distribution of securities under a plan confirmed by a court. Yes [] No []

(APPLICABLE ONLY TO CORPORATE ISSUERS)

State the number of shares outstanding of each of the issuer's classes of common equity, as of the latest practicable date:

June 13, 2007

33,865,752

DOCUMENTS INCORPORATED BY REFERENCE

If the following documents are incorporated by reference, briefly describe them and identify the part of the Form 10-KSB (e.g., Part I, Part II, etc.) into which the document is incorporated: (1) any annual report to security holders; (2) any proxy or information statement; and (3) any prospectus filed pursuant to Rule 424(b) or (c) of the Securities Act of 1933 (Securities Act). The list documents should be clearly described for identification purposes (e.g., annual report to security holders for fiscal year ended December 24, 1990).

PART I

Item 1. Description of Business.

Business Development.

General.

PCS Edventures!.com, Inc. (the "Company," "PCS," "we," "our," "us" or similar words) was incorporated in 1994 in the State of Idaho. In October 1994, we acquired PCS Schools, Inc. ("PCS Schools"), which was later divested to focus our efforts on educational systems for use in classrooms instead of free standing learning centers. In November 2005, we acquired PCS LabMentors, Ltd. based in Fredericton, New Brunswick, Canada, which is a wholly owned subsidiary of PCS Edventures!.com, Inc.

PCS LabMentors is the exclusive provider of a proprietary virtual lab technology, which is designed to provide hands-on experience to high school through college students studying a variety of technical topics. These technical topics include programming, network management, security, and operating systems. LabMentors' technology provides students with the ability to manage and configure any hardware/software platform remotely, through a proprietary client accessed remote server farm. Also embedded within the LabMentors system is a Learning Management System (LMS) that enables the delivery and tracking of curriculum and tasks to students. Using LabMentors' complete solution, any school or institution can offer advanced IT training topics in any number of areas such as Windows Server 3000®, Linux® system administration, and various other applications without the associated overhead of owning and managing various hardware platforms.

The Company is engaged in the business of developing and marketing educational learning labs bundled with related technologies and programs. Our products and technologies are targeted and marketed to public and private school classrooms for pre-kindergarten through college, after school market, and home school market. Our products and technologies are delivered to each of these markets through an inventory of hardware, software, books (both developed in-house and from external sources), and Internet access. Our technologies and products are delivered to the home user through Internet access via a subscription based website. Our products and technologies allow students ages 3 and up to explore the basic foundations of mechanical engineering, structures in architecture, robotics, mathematics, art, computer science, programming, and physical science.

PCS Edventures!.com, Inc. has developed several innovative technology based educational Programs directed to the pre-kindergarten through high school age groups. Our Academy of Engineering™; Academy of Electric Engineering™; PCS Academy of Science™; Academy of Robotics™; Edventures! Lab™; and Discover! Lab products are site-license installations for classrooms and learning programs. Our PCS BrickLab® and Young Learner Building Box™ products

are also for classrooms and learning programs, but are not licensed. Our Edventures! Online™ product is our comprehensive Internet delivered educational experience that supports our Edventures! Labs and our Discover! Labs site licenses and also serves as a stand-alone program for home use on a monthly subscription basis. Separately, and in combination, these products present a platform for delivering educational services and support to classrooms, learning centers, and home users, and create a virtual community of learners and parents on the web. It is our business strategy that as this online community grows, it will become an education portal through which additional PCS programs and services can be marketed and delivered.

The results of operations discussed herein are on a consolidated basis.

PAGE 4

Recent Developments.

The following are the business developments during fiscal 2007:

We were able to secure a material contract with PCS Middle East for a fixed fee license of a portion of our PCS BrickLab® curriculum. This fixed fee license may be utilized by PCS Middle East in the Kingdom of Saudi Arabia in up to 5,500 schools/programs.

We continued to open discussions with several target companies for possible merger and acquisition activities to increase market share and product depth. The synergies we see in these target companies will strengthen our position in the marketplace and/or reduce costs associated with producing, marketing, and selling our products.

We continued our relationship with Edison Schools. We currently sell various labs, including custom developed labs for use in the Edison School system. We sold additional labs to Edison Schools during the current fiscal year. These labs included custom work for lab "camps" relating to bugs, robotics, famous structures, history, space, wheels, architecture, ships, senses, and animation. This year we added several camps to our list of available summer camps for Edison Schools. The new Electronics camp focused on electronic principles, including semi-conductors, diode theory and circuitry, amplifiers, and circuits. The new Physics camp focused on various physics principles, including Newton's Theory, pendulums, and oscillators. The new Brick Zoo is a camp directed towards children ages 3-6 and focuses on building techniques utilizing Lego® to create various animals. The new atmospheric pressure camp is a science camp that focuses on scientific principles of atmospheric pressure, including Bernoulli's Principle. The new Imagineering camp focuses on engineering principles utilizing Lego® manipulatives. The new Light and Sound camp is a science camp that focuses on the principles of light and sound, including rainbow refraction, luminosity, and frequencies.

We completed our asset purchase of our PCS STEPS® product line from Education Enterprise Solutions, Inc. The product has been transferred to our subsidiary, PCS LabMentors, Ltd., for development. The developers are continuing work to make the product market ready for late 2007.

We expanded our relationship with DeVry University through the supply of additional virtual machine hours in which to utilize our platform.

We began to expand our relationship with Course Technology through the development of additional courses specific to their curriculum. We are also utilizing an India-based company to more efficiently complete this project.

This year was also very productive in our development of new labs, conversion of labs that relied solely on Lego® manipulatives to other manipulatives, and revision of existing labs. Several new training manuals were created, including manuals for our Young Learner Lab and a new 2006 versions for our PCS Academy of Engineering™ and PCS Discover! Lab. Revisions were made to the curriculum for the PCS Academy of Electronics™, PCS Academy of Science™, and PCS Edventures! Lab.

This year also brought great change to some of our existing labs. The major changes to our labs included the addition of fischertechnik® manipulatives to our labs. We now offer an Edventures in Robotics Challenge (ERC) program that utilizes the fischertechnik® manipulatives. We have also converted our PCS Academy of Engineering™ labs from utilizing Lego® manipulatives to utilizing fischertechnik® manipulatives. Both versions of our PCS Academy of Engineering™ labs are currently being sold throughout the United States.

This newly developed curriculum included the following:

- PCS BrickLab® Grade I Mathematics version;
- PCS BrickLab® Grade 4 hands-on workbook;
- Young Learner Parent-Teacher Connection Cards;

- Young Learner Advanced Curriculum; and
- PCS Digital Photography Lab™.

The following are the business developments during the fiscal years ended March 31, 2006 and 2005.

- Opened discussions with several target companies for possible merger and acquisition activities;
- Sold an additional 480 Labs to Edison Schools;
- Investigated using parts of our Learning Labs to create a line of specialty educational retail learning toys;
- Developed and expanded a strategic alliance with K'Nex Corporation, a manufacturer and distributor of learning manipulatives to the US K-12 market;
- Developed a strategic alliance with Science Demo, an Israeli Science Kit designer and manufacturer, for the Academy of Science to be the exclusive distributor in the United States;
- Developed a strategic alliance with Gibson TechEd, a division of Absolute Toy Marketing, for electronic components to fit into our PCS Academy of Electrical Engineering™;
- Continued the development and release of additional curriculum for a line of learning labs destined for the classroom;
- Named Agents in Egypt, Dubai, and Saudi Arabia, where we sold and installed Learning Labs in each Country; and
- Announced and continued to develop new marketplace strategy for the US market by introducing new products, added sales representation and continued to expand the state and national standards alignment in all 50 states.

Strategy.

Our strategy is to provide a broad range of educational products tied to educational standards in the U.S. and international markets delivered via the Internet, after school programs, and in classrooms to address the various needs of pre-kindergarten through college age levels. Our strategy consists of the following key areas:

- working with various customers to customize educational products to meet their growing needs and adapt current curriculum to fit specific standards;
- expanding our sales force to increase market awareness and penetration at all targeted market levels;
- building the PCS brand to continue to increase market awareness;
- developing new and enhancing current curriculum to increase market appeal; and
- utilizing the Internet to bring our products to other areas, persons, and markets to increase market penetration.

Foreign Currency Exchange Rate Risk.

The Company sells many products throughout the international market, as well as having operations in Canada as a result of the acquisition of LabMentors. As a result, our statement of cash flows and operating results could be affected by changes in foreign currency exchange rates or weak economies of foreign countries. Working capital necessary to continue operating our foreign subsidiary are held in local, Canadian currency, with additional funds utilized through the parent company being held in U.S. dollars. Any gains or losses from the foreign currency translation are presented in our statements of operations. The recently acquired subsidiary is not a significant component of our business and as such the risk associated therewith is minimal.

Backlog.

Our unearned revenue was \$122,825 at the fiscal year ended March 31, 2007. The unearned revenue was \$136,554 for the same period ending March 31, 2006. At the end of fiscal year 2007, the entire amount of unearned revenue is expected to be earned during fiscal years 2008 and 2009. All amounts listed in unearned revenue are for orders placed by customers to the Company that merely have yet to be delivered to the customers or license fees paid but that have yet to be fully utilized by our customers. Once the products are delivered to the customers, the amounts will be invoiced and recognized as revenue in the appropriate period. Each month, the license fees are amortized according to the length of the subscription/license.

Seasonality.

Our quarterly operating results fluctuate as a result of a number of factors, including, but not limited to, the funding of customers, timing of product development and release, availability and timeliness of items required for assembly of the products, budget cycles, and period ending dates. Because of these factors, the results for the interim periods presented are not necessarily indicative of the results one could expect to see for the Company's entire fiscal year.

Business of Issuer.

We are engaged in the business of developing and marketing educational Learning Labs, virtual labs, and related technologies and programs directed to the kindergarten through college levels, as well as the after-school market. Our products and technologies are targeted to the public and private schools classroom, after school market, and home school market. Our products and technologies are delivered to the classroom through an inventory of hardware, software, books, and Internet access. Our technologies and products are delivered to the home user through Internet access to our subscription based website. Our products and technologies allow students of all ages to explore the basic foundations of mechanical engineering, structures in architecture, art, electrical engineering, mathematics, science, and computer programming.

We have only commenced marketing efforts for our current products and technologies during the last four years, and more recently the PCS LabMentors' products in 2006. We continue to expand distribution and marketing channels. To date, we have sold approximately 3,000 Labs to the US and international markets. In addition, the LabMentors subsidiary has two major customers in the US that it continues to service with its multi-platform virtual labs.

Principal products or services and their markets.

We have now developed and are currently marketing several innovative technology based educational programs for the kindergarten through 12th grade ("K-12"), after-school market, learning center market, and home school market, as well as the virtual labs currently marketed to the collegiate level. Separately, and in combination, these lab products present a platform for delivering educational services and support, and create a virtual community of learners and parents on the web. It is our intent that as this community grows, it becomes an education portal through which additional PCS programs and services can be deployed.

Customers currently use our products to:

- uniquely motivate students by engaging them in their own learning;
- provide opportunities for students to pursue their own interests and questions and make decisions about how they will find answers and solve problems;
- make learning relevant and useful to students by establishing connections to life outside the classroom, addressing real world concerns, and developing real world skills, which are desired

PAGE 7

by today's employers, including the ability to work well with others, make thoughtful decisions, take initiative, and solve complex problems;

- provide opportunities for teachers to build relationships with each other and with those in the larger community through sharing with other teachers, parents, mentors, and the business community who all have a stake in the student's education;
- provide exciting, hands-on, inquiry based instruction, which is recommended by The National Science Teachers Association, The National Science Education Standards, American Association for the Advancement of Science, Project 2061, and many more;
- help increase test scores and understanding in Science, Technology, Engineering and Math (STEM) standards;
- challenge students through promoting critical thinking, creativity, and problem solving techniques; and
- enable teachers to teach science lab activities without a science lab.

The technologies and products for PCS Edventures!.com, Inc. that we are currently marketing, are as follows:

Our Academy of Engineering™ Lab is a site license program designed for use within various K-12 environments. The Academy of Engineering™ Lab is available in a 10, 20 or 30 student edition. Using the Academy of Engineering™, students develop, design, and produce exciting hands-on projects ranging from catapults to robots in response to engaging challenges in a variety of topics. The current Academy of Engineering™ product includes books from the mechanical and electrical engineering strand and 12 extension books covering a variety of topics. Future topic strands for expanding the program include structural and software engineering. Each strand, when completed, includes courseware for over 300 hours of instruction.

The Academy of Engineering™ program includes a variety of fischertechnik®, K'NEX®, Eduwise, and/or LEGO® products that are used as mechanical engineering learning aids. An Academy of Engineering™ site license currently sells for between \$13,995 and \$23,995 and includes materials, K'NEX®, Eduwise, and/or LEGO® manipulatives and other building components, curriculum, a custom designed storage and organization unit, a digital camera, web-based support by our Edventures! Online™ product, various electronic assessment tools, and two days of teacher training. We sold fifteen Academy of Engineering™ Labs during the fiscal year ended March 31, 2007. Each site license includes all materials necessary to utilize the complete Academy of Engineering™ program.

The Academy of Robotics™ Lab serves as a complement to our Academy of Engineering™ Lab or can also serve as a stand-alone robotics lab. The Academy of Robotics™ Lab is available in a 10, 20 or 30 student edition. Each Lab contains a comprehensive K'NEX® and LEGO® inventory, including LEGO® Mindstorms® kits, additional manipulatives, a digital camera, web services, and curriculum. This Lab ranges in price from \$6,995 to \$18,995. We sold fifty-four Academy of Robotics™ Labs during the fiscal year ended March 31, 2007.

PCS Edventures! Lab™ is a site license system intended for students ages 7-13, which provides a broader set of subject areas including art, programming, web page design, chess, physics, electricity, and others. It contains curriculum, storage cabinet, and a smaller inventory of K'NEX® and LEGO® manipulatives. It relies on Edventures! Online™ for delivery of the curriculum. The PCS Edventures! Lab™ currently costs between \$4,995 and 12,995, which includes a 10, 20 or 30 student license for access to Edventures! Online™. During fiscal year 2007, we combined our Edventures! Lab product with our scaled down version, Discover! Lab, to streamline the product lines. Thus, we have sold twenty-five Edventures! Labs, which includes the sale of the smaller Discover! Lab, during the fiscal year ended March 31, 2007.

PCS BrickLab® provides an inexpensive hands-on learning solution for educators in all types of teaching environments. The PCS BrickLab® combines the Edventures! Online™ curriculum, LEGO®/K'NEX® manipulatives, storage bins, and Internet/web services for smaller groups of approximately 30 students. The PCS BrickLab® sells for between \$95 and \$595 and is not licensed. We sold 205 PCS BrickLab® packages during the fiscal year ended March 31, 2007.

In addition, we have developed the PCS BrickLab® Grade Series. This series is a complete technology curriculum for grades 1-6. Aligned with the ITEA standards, each level in the grade series offers hands-on and open-ended projects for up to 30 students at one time. Each individual grade package includes a sturdy plastic tub filled with over 5,700 building bricks, one teacher curriculum book -- grade specific -- and accompanying posters and labels. Each level contains in excess of over 200 technological projects relevant to the real world. Grades 5 and 6 are scheduled for completion during fiscal year 2008.

The Young Learner Building Box™ was designed to meet the needs of preschoolers. Introducing children to hands-on learning, this lab utilizes activities and games to teach number and letter recognition, build vocabulary, counting, and more. The Young Learner Building Box™ includes activity cards, large-size plastic building blocks, the exclusive "HIGHRISE" board game, developed by PCS for this specific Lab, and a sturdy mobile storage container. This lab sells for \$299 and is unlicensed. Introduced in 2003, we have sold four Young Learner Building Boxes™ during the fiscal year ended March 31, 2007.

Edventures! Online™ is an Internet delivered program that provides a safe, secure, and exciting learning environment for students to interact with from home and/or school. Edventures! Online™ includes online curriculum and assessment, filtered communication tools, forums, and a variety of additional online services. The program utilizes Internet based resources and services as a stand-alone product and also serves as an extension service to our school-based Edventures! Lab™. Edventures Online™ can be viewed on the web at www.edventures.com. This environment features over 200 do-at-home projects organized into a sophisticated learning model (Merit System), an animated glossary, monitored chat rooms, live interaction with online instructors, personal email accounts for all students, and more. The Edventures! Online™ at-home curriculum utilizes found materials, LEGO® products, software, and other resources to teach concepts in physics, electricity, Internet, programming, art, architecture, engineering, and robotics. Edventures! Online™ provides all lab licensees an online support tool and provides a framework within which students can safely communicate, collaborate, and learn. Edventures! Online™ is also available as a stand-alone, home based subscription product for \$69.95 per year.

The Edventures Robotic Challenge (ERC) is a quarterly challenge available to all students around the world. The curriculum utilizes fischertechnik® manipulatives to teach math, technology, engineering, and robotics. The current base ERC package sells for \$495. Additional packages can be customized for additional learning objectives. We have sold seventy-six of this newly introduced product. Part of the launch included promotions such as discounts on shipping, discounts on the purchase price, and various product giveaways.

The PCS Academy of Science™ is a complete science curriculum for grades K-12. The PCS Academy of Science™ line is unique, hands-on science packages that combine curriculum and simple, effective apparatus. The curriculum is aligned with National and State science standards and does not require an actual laboratory. We have sold several individual items that make up our recently positioned PCS Academy of Science™ lab. This fiscal year to date, we have sold sixty-two of the newly positioned lab packages. The products can be purchased in a lab format or individually based on the specific needs of the customer. The labs currently sell for between \$2,395 and \$47,995, while individual products vary in price.

The Academy of Engineering™, Academy of Science™, Academy of Electrical Engineering™, Academy of Robotics™, Edventures! Lab™, and PCS BrickLab® have three main delivery models, which makes these products suitable for use in various learning Environments:

School Resource Center. The Academy of Engineering™, PCS Academy of Science™, Academy of Electrical Engineering™, Academy of Robotics™, Edventures! Lab™, and Discover!™ Labs are currently being deployed as a school-wide resource center that allows K-12 teachers to integrate hands-on project based learning activities into their daily curriculum. As a resource center, these mobile Labs are rolled from classroom to classroom throughout the course of a typical school week, being used by the entire school. Examples of how the program is used include: (1) a platform for gifted and talented programs; (2) to enhance and extend a science curriculum;(3) to enhance and extend mathematics activities; (4) to serve as a foundation for an after-school program; (5) as a vocational-technical or technology education program; (6) and to serve as a special education resource. This model makes the program an ideal resource for schools around

the country that are seeking innovative and organized methods for integrating technology and hands-on learning in the classroom.

Pre-Engineering Course. The Academy of Engineering™, Academy of Robotics™, and Edventures! Labs™ provide a comprehensive engineering curriculum designed around the hands-on use of LEGO®, K'NEX®, and/or fischertechnik® manipulatives. This curriculum allows the program to serve as the foundation for pre-engineering courses suitable for students in Jr./Sr. High. The hands-on applications of technology, design and production techniques, and the integration of the Internet based services, makes it a highly attractive total classroom solution.

After School Program. The Academy of Engineering™, Academy of Robotics™, Edventures! Lab™, Discover! Lab™, and PCS BrickLab® programs were originally designed for an after-school environment and are ideal to meet the expanding need for educational solutions for school-based programs, Boys & Girls Clubs, YMCA, Community Learning Centers and similar organizations. When used in this format, these programs become a hub for educational activities out of the engineering curriculum, or from the Edventures! Online™ program. The complete support, assessment and curriculum components provide a system for offering a flexible, effective educational offering.

The technologies and products for PCS LabMentors, LTD. that we are currently marketing are as follows:

On-call mentoring. This is a 24 hour 7 days per week call in and/or email service for students to contact the company for technical assistance. The current price is \$25 per student per month for unlimited assistance.

Windows® Based Applications. Currently LabMentors has virtual labs on its proprietary platform for Windows XP® and Windows Server 2003®. These labs currently sell for between \$60 and \$75 per student. The pricing is for individual students, while large clients are billed based on virtual machine lab hours at a negotiated rate.

Linux® Based Applications. Currently LabMentors has virtual labs on its proprietary platform for Linux+®. These labs currently sell for \$75 per student. The pricing is for individual students, while large clients are billed based on virtual machine lab hours at a negotiated rate.

Custom Labs. In addition, LabMentors also provides custom lab development. This pricing is based on the complexity and resources involved in developing such curriculum/virtual labs.

We believe that education programs of our type are not currently available from any other source and present a unique opportunity for sales and marketing to specific segments of the education industry. We believe that PCS' education programs deliver a unique, proven learning experience that:

- provides students with exciting and relevant activities that brings curriculum to life;
- develops essential critical thinking and problem-solving skills;
- prepares students for real-world career demands; and
- builds a strong foundation in technical literacy.

Markets.

The educational market is a significant market in the United States but is fragmented into various segments ranging from non-profit educational programs to the public school system. We focus our sales and marketing efforts on specific market segments in an integrated strategy that is intended to build brand name awareness of our PCS products in schools, at home, and within the larger educational marketplace.

We continue to believe that a major shift of focus is taking place in education in our public and private schools as educators and parents seek to maximize educational experiences for children based upon advances in technology. We believe that this shift necessitates sweeping changes in how schools are

operated, programs are taught, technology is integrated, students are assessed, and classrooms are managed. Over the past few years, the emergence of a for-profit education industry has begun to evolve in response to parents' and society's demand for more and better alternatives in education. Parents are giving their children's schools low grades for teaching performance, and, at the same time, there is an increase in public support for school choice. The issue of education, including the public funding of private school vouchers is significant. A school voucher program has also been recently upheld in a case decided at the United States Supreme Court. These factors are driving the growth of private and charter school alternatives.

Capitalizing on this atmosphere, private education based companies specializing in after-school, tutoring, and special skills programs are marketing programs, technologies, and products catering to teachers, students, and parents. Parents support alternative education programs and enrichment activities and actively seek them out for their children, as well as exert more and more pressure on public schools to improve their performance. We believe that with the change and unrest taking place within the education industry, enormous opportunities are emerging for companies who understand the problems and promise of technology and new educational methodologies. It is our business strategy to, through our technologies and experience, develop and market technology enhanced learning programs to address this education demand.

The growth of the Extended Learning Market. Recent high-profile federal programs indicate a growing opportunity within the extended learning market which encompasses before, after, and summer school programs on the campus of public schools, or operated through the venue of organizations like the Boys & Girls Clubs of America. The website www.afterschool.gov summarizes many of the federal funding sources now available for this growing market segment. Our salespersons are constantly reviewing the new funding sources and attempting to position our current products in ways that fit each sources criteria.

PCS Designated Markets.

We have identified public and private schools and the after-school programs, which are growing quickly across the United States, as our primary market for our labs. Widespread financial support for implementing school-based after-school programs is driving the growth of public school programs in this segment. The growth of programs such as those offered by the Boys & Girls Clubs of America are further proof of the market need for this product. As a niche market, after school programs, on and off the campus of public schools (the Extended Learning Market), represent a potential market for PCS products.

Boys & Girls Clubs. We are currently continuing our efforts to distribute our labs into the Boys & Girls Clubs. To date, clubs have evidenced a strong interest in our program due to an organization-wide mandate to implement educational programs like the Academy of Engineering™. PCS has assisted multiple Boys & Girls Clubs in grant writing to obtain the available funds to purchase our products. We currently have labs in over 100 of the 4,000 Boys & Girls Clubs nationwide.

YMCA. We are currently continuing our efforts to distribute our labs into the YMCA. To date, clubs have evidenced a strong interest in our program due to an organization-wide mandate to implement educational programs like the Academy of Engineering™. The funding cycle access to funds for these programs are a significant factor in our ability to market the Academy of Engineering™ to YMCAs. We currently have labs in several YMCAs nationwide.

Extended Learning Market. In addition to the Boys & Girls Clubs of America and YMCA, additional non-school-based programs are increasing through such institutions as Community Learning Centers and other sites such as Science Museums. PCS is currently working to establish reference sites in each of these markets and will follow a strategy similar to the one it is pursuing with the Boys & Girls Clubs of America. Progress to date in these market segments includes implementation of labs within over 10 science museums nationwide.

Public Schools. The Company is currently targeting the school day market with an extensive marketing campaign focused on conferences, publication adverts, email, and telemarketing efforts focused on our new Science, Technology, Engineering, and Math (STEM) lab approach. Our STEM approach combines all of our unique PBL disciplines into one unique program that focuses student efforts on STEM.

International Market. Efforts in the international market are focused on the Ministries of Education and Private Schools to obtain the largest implementation footprint as possible. We are actively grooming sales representatives in Australia, Singapore, India, the Middle East, and the United Kingdom. We are closely evaluating several potential sales reps for the various countries within the E.U.

Higher Education Markets. Through the parent company, various universities, colleges, and other private institutions utilize a variety of federal grants (GEAR UP, UPWARD BOUND, and TRIO) to purchase the various learning labs available to best fit their teaching needs. Students utilize these products to obtain scholarships in the engineering and technology fields for entrance into post-secondary education. PCS currently has installations in over 50 colleges within the United States.

Through the LabMentors subsidiary, we currently have installations of the virtual labs utilizing our proprietary software in several outlets serviced by DeVry University and Thompson Learning/Course Technologies. We are continuing to expand the agreements with each of these customers to expand market presence and gain brand recognition.

Edventures! Online Markets.

Edventures! Online™ is designed to provide a full-featured educational extension via the Internet to all students participating in PCS programs such as the Academy of Engineering™. However, for families and students who do not have access to PCS Labs through a local site license, the program is available on a subscription basis for \$69.95 per year. PCS describes the primary market for the current Edventures! Online™ product as families with children ages six to thirteen who have a strong interest in education. Edventures! Online™ has been approved for state level funding for home school students in the states of California and Alaska. PCS is currently developing a promotional effort that will take advantage of this funding availability to promote the Edventures! program to the thousands of home school families in these states.

Marketing and Other Agreements.

Our sales and marketing efforts are designed to expand market share in the markets discussed above. We currently utilize a direct sales force and are creating a catalog for distribution to increase our market coverage.

Direct Sales Force. Currently, we have a direct sales force consisting of four employees (in-house) and several independent agency groups (Representatives). This in-house direct sales force markets our products and programs in a variety of methods to various users, providers, and others. The Representatives use their own networks to drive increased sales in various states and countries to increase market awareness for PCS® products and services. The in-house salespersons utilize trade show conferences, referrals, and telephone communications to sell and market the PCS® products.

Distribution methods of the products or services.

All products except the virtual labs produced by LabMentors and our Edventures! Online subscriptions are drop shipped from the manufacturer or shipped through a preferred provider from our warehouse to the specified customer. The virtual labs produced by LabMentors and our Edventures! Online are delivered through the Internet through server farms located off-site.

PAGE 12

Status of any publicly announced new product or service.

PCS announced on September 12, 2006 the acquisition of technological assets known as PCS STEPS® during fiscal year 2007. This software is for implementation into schools to keep students, teachers, and parents connected and informed regarding grades, attendance, homework, etc. The anticipated release date was summer 2007. However, after complete review of the technology, our development team has needed additional time and resources to complete the program to best fit our needs. The PCS STEPS® product has been transferred to our subsidiary, PCS LabMentors, for development. It is anticipated that the software will be sold to the public during fiscal year 2008.

PCS announced in January 2007 the launched of a new Edventures Robotic Challenge (ERC) product utilizing fischertechnik® manipulatives. This new version of our ERC utilizes fischertechnik® manipulatives that provide for various hands-on activities to teach students robotics, engineering, technology, and more. In addition, students have the ability to compete with students all over of the world by entering our quarterly online Robotics Challenge. During initial launch of this product, we sold over seventy packages. The promotional launch included referral prizes, product giveaways, shipping discounts, and product discounts.

PCS announced on March 28, 2007 that it had obtained a contract with Global Techniques, a Licensee dba PCS Middle East. The contract information was listed in a press release as well as in Form 8K on file with the SEC. Amendment One to the 8K was filed on May 17, 2007 wherein the Company stated that the funds had yet to be received from PCS Middle East due to delays. As of the date of this 10-KSB, the funds have yet to be received by the Company. Additional inquiries have been placed with PCS Middle East regarding the delays that have been experienced. Additional amendments to the 8K will be filed as needed.

Competitive business conditions and the small business issuer's competitive position in the industry and methods competition.

Both the education marketplace and the Internet are highly competitive and rapidly evolving fields and are expected to continue to undergo significant and rapid technological change. Other companies may develop products and services and technologies superior to our products that may result in our products and services becoming less competitive. We are aware of several development stage and established enterprises, including major telecommunications and computer software and technology companies, which are exploring the fields of online educational products and services or are actively engaged in research and development of products and services targeted at these fields. Many of these companies have substantially greater financial, manufacturing, marketing, and technical resources than we have and represent significant long-term competition. To the extent that these companies offer comparable products and services at lower prices, or higher quality and more cost effective, our business could be adversely affected.

Potential Competitive Advantages.

We believe that we have certain competitive advantages which we will attempt to maximize in developing and effecting our business strategy.

These potential advantages include the following:

High barriers exist to entry. PCS' educational programs are innovative, unique and based on over 20 years of experience and product development. Barriers to entry for competitive products that are time tested are extremely high. Early and significant market penetration will guarantee "first and best" name recognition for the types of educational services that PCS will deliver.

Utilize the Internet as a delivery and support mechanism for the programs. By leveraging our extensive expertise in Internet technology, PCS achieves the following significant advantages: (1) a high level of program control; (2) the building of a significant data model regarding program usage; and (3) a direct channel

to enrolled students who access the program at home. Each of these advantages provides tangible long-term benefits to the Company.

Expand program offerings and distribute them via established program licensees. After implementing and proving a successful program model, PCS will utilize its established network of licensees to distribute additional programs designed to integrate seamlessly into the already deployed sites. This creates a long-term growth strategy that includes new and residual sales to an ever-growing list of existing licensees on an annual basis.

Proliferate licensing of PCS programs by continuing to expand other educational market segments. PCS recognizes that the public schools and community organizations offering educational programs are the best choice for rapid expansion and capturing market share and visibility. Additional market segments will be attacked individually as PCS demonstrates program viability, market by market. By taking a long term strategic approach to market penetration and maintaining a policy of solid strategic alliances for distribution, each PCS educational program will be an asset that will continue to generate growth and sales.

Flexibility of our products and staff to continue to provide a high quality product to various groups and individuals.

We have a very diverse background amongst our staff to allow the customization of almost any lab to fit the needs of the customer. The ability to utilize the employees' knowledge coupled with the ability to change, add or delete to our product make-up allow our company to outshine our more rigid competitors.

Sources and availability of raw materials and the names of principal suppliers.

None, not applicable.

Dependence on one or a few major customers.

In general, PCS does not rely on one or a few major customers. However, PCS LabMentors has two major customers that make up the majority of its revenue stream, namely Thomson Course Technology and DeVry University.

Patents, trademarks, licenses, franchises, concessions, royalty agreements or labor contracts, including duration.

We seek to protect our technology, documentation, and other written materials under trade secret and copyright laws, which afford only limited protection. Generally, we enter into confidentiality and non-disclosure agreements with our employees, key vendors, and suppliers. Currently we use the following trade names: PCS & Design®, Academy of Learning™, Edventures!™, and PCS BrickLab®, PCS Academy of Science™, PCS Edventures!.com, Inc.®, Web Lab™, PCS STEPS & Design®, Young Learning™, PCS STEPS®, New Learning for a New World™, Imagination in Education™, and PCS Academy of Engineering™. We intend to evaluate continually the appropriateness of seeking registration of additional product names and trademarks as they evolve.

At the present time, we have not applied for any patents, nor do we have any patents pending. We anticipate that our products will not be the type for which patent protection will be sought. However, we may file for patent protection on certain aspects of our proprietary technology in the future.

Our PCS & Design® mark (Registration No. 2,213,678) has been in service since at least as early as 1992 and trademarked since December 29, 1998. PCS Edventures!.COM® has been in service since at least as early as January 1, 1999 and trademarked since November 27, 2001.

We applied for a trademark (application #78/329127) for PCS BrickLab® on November 13, 2003. PCS BrickLab® was registered on January 16, 2007 with Registration Number 3,198,009. PCS BrickLab® has been in service since at least as early as January 1, 2002.

We applied for a trademark (application #78/841,293) for PCS STEPS® on March 20, 2006. PCS STEPS® was registered on May 22, 2007 with Registration Number 3,244,304. PCS STEPS® has been in service since at least as early as January 1, 2006.

We applied for a trademark (application #78/472600) for PCS ACADEMY OF SCIENCE™ on August 24, 2004. We applied for a trademark (application #77/184,052) for Imagination in Education™ on May 17, 2007. We applied for a trademark (application #77/184,043) for New Learning for a New World on May 17, 2007.

We anticipate that the pending trademark applications will be granted in the near future. Protection for all trademarks is for a 10-year period, with renewals available indefinitely so long as we continue to show proof of use of the mark in commerce.

Although we believe that our products have been independently developed and that we do not infringe on any third party rights, third parties may, in the future, assert infringement claims against us. We may be required to modify our products, trademarks, and/or technology or to obtain licenses to permit our continued use of those rights. We may not be able to do so in a timely manner or upon reasonable terms and conditions and as such failure to do so could irreparably harm the Company and/or our operating results.

We currently have curriculum royalty agreements with GibsonTech and Jackie DeLuna aka Infusing Technology. The agreement with Gibson Tech, which was renewed this past year, is for cash royalty payments based on sales of our PCS Academy of Engineering™ product. The agreement with Jackie DeLuna is for cash royalty payments based on sales of our Digital Photography™ lab product.

Need for any government approval of principal products or services.

None, not applicable.

Effect of existing or probable governmental regulations on the business.

Small Business Issuer.

The integrated disclosure system for small business issuers adopted by the Securities and Exchange Commission in Release No. 34-30968 and effective as of August 13, 1992, substantially modified the information and financial requirements of a "Small Business Issuer," defined to be an issuer that has revenues of less than \$25 million; is a U.S. or Canadian issuer; is not an investment company; and if a majority owned subsidiary, the parent is also a small business issuer. Provided however, an entity is not a small business issuer if it has a public float (the aggregate market value of the issuer's outstanding voting and non-voting common equity held by non-affiliates) of \$25 million or more.

The Securities and Exchange Commission, state securities commissions and the North American Securities Administrators Association, Inc. ("NASAA") have expressed an interest in adopting policies that will streamline the registration process and make it easier for a small business issuer to have access to the public capital markets. We are deemed to be a "small business issuer," and we have selected to comply with the "small business issuer" disclosure requirements of Regulation SB of the Securities and Exchange Commission.

Sarbanes-Oxley Act.

Pursuant to Section 404 of the Sarbanes-Oxley Act of 2002, beginning with our Annual Report on Form 10-KSB for the fiscal year ending March 31, 2008, we will be required to furnish a report by our management on our internal control over financial reporting. We were not subject to these requirements for the fiscal year ended March 31, 2007. The internal control report must contain (i) a statement of management's responsibility for establishing and maintaining adequate internal control over financial reporting, (ii) a statement identifying the framework used by management to conduct the required evaluation of the effectiveness of our internal control over financial reporting, (iii) management's assessment of the effectiveness of our internal control over financial reporting as of the end of our most recent fiscal year, including a statement as to whether or not internal control over financial reporting is effective, and (iv) a statement that our independent auditors have issued an attestation report on management's assessment of internal control over financial reporting.

Despite the delay in implementation by the SEC for small business issuers, the Chief Compliance Officer undertook a review of the Company's internal controls and furnished a copy for review by all directors and management. This action will allow us to obtain feedback from the auditors, board of directors, and other management to assist in the implementation of additional controls, where needed.

Management acknowledges its responsibility for internal controls over financial reporting and seeks to continually improve those controls. In order to achieve compliance with Section 404 within the prescribed period, beginning on our next fiscal year, our CFO along with management is engaged in the process to document and evaluate our internal control over financial reporting. In this regard, management will need to adopt a detailed work plan to (i) assess and document the adequacy of internal control over financial reporting, (ii) take steps to improve control processes where appropriate, (iii) validate through testing that controls are functioning as documented, and (iv) implement a continuous reporting and improvement process for internal control over financial reporting. Despite our efforts, we can provide no assurance as to our, or our independent auditors', conclusions as of March 31, 2007 with respect to the effectiveness of our internal control over financial reporting under Section 404. There is a risk that neither our independent auditors nor we will be able to conclude at or around March 31, 2007 that our internal controls over financial reporting are effective as required by Section 404. This could result in an adverse reaction in the financial markets due to a loss of confidence in the reliability of our financial statements. The CFO and management intend to take every step necessary to ensure compliance with Section 404.

Penny Stock Designation.

Our common stock is "penny stock" as defined in Rule 3a51-1 of the Securities and Exchange Commission. Penny stocks are stocks:

- with a price of less than five dollars per share;
- that are not traded on a "recognized" national exchange;
- whose prices are not quoted on the NASDAQ automated quotation system; or
- within issuers with net tangible assets less than \$2,000,000, if the issuer has been in continuous operation for at least three years, or \$5,000,000, if in continuous operation for less than three years, or with average revenues of less than \$6,000,000 for the last three years.

Section 15(g) of the Exchange Act and Rule 15g-2 of the Securities and Exchange Commission require broker/dealers dealing in penny stocks to provide potential investors with a document disclosing the risks of penny stocks and to obtain a manually signed and dated written receipt of the document before making any transaction in a penny stock for the investor's account. You are urged to obtain and read this disclosure carefully before purchasing any of our shares. Rule 15g-9 of the Securities and Exchange Commission requires brokers/dealers in penny stocks to approve the account of any investor for transactions in these stocks before selling any penny stock to that investor. This procedure requires the broker/dealer to:

- get information about the investor's financial situation, investment experience, and investment goals;
- reasonably determine, based on that information, that transactions in penny stocks are suitable for the investor and that the investor can evaluate the risks of penny stock transactions;
- provide the investor with a written statement setting forth the basis on which the broker/dealer made his or her determination; and
- receive a signed and dated copy of the statement from the investor, confirming that it accurately reflects the investor's financial situation, investment experience, and investment goals.

Compliance with these requirements may make it harder for our stockholders to resell their shares.

Reporting Obligations.

Section 14(a) of the Exchange Act requires all companies with securities registered pursuant to Section 12(g) of the Exchange Act to comply with the rules and regulations of the Securities and Exchange Commission regarding proxy solicitations, as outlined in Regulation 14A. Matters submitted to stockholders of our Company at a special or annual meeting thereof or pursuant to a written consent will require our Company to provide our stockholders with the information outlined in Schedules 14A or 14C of Regulation 14; preliminary copies of this information must be submitted to the Securities and Exchange Commission at least 10 days prior to the date that definitive copies of this information are forwarded to our stockholders.

We are also required to file annual reports on Form 10-KSB and quarterly reports on Form 10-QSB with the Securities Exchange Commission on a regular basis, and will be required to timely disclose certain material events (e.g., changes in corporate control; acquisitions or dispositions of a significant amount of assets other than in the ordinary course of business; and bankruptcy) in a current report on Form 8-K.

Research and Development Expenses.

PCS Edventures! incurred research and development expenses during the last fiscal year for re-design of lab modules, as well as for development and testing of additional marketing materials. We believe that continued investment in research and development will contribute to attaining our strategic objectives and, as a result, expect research and development expenses to increase in future periods.

PCS LabMentors, LTD. utilizes the Scientific Research & Experimental Development ("SR&ED") credits, which can allow for tax credits to Canadian companies. SR&ED is a refundable tax credit program offered by the Canada Revenue Agency ("CRA") to provide incentive for companies to undertake development activities in Canada. There are stringent reporting criteria to complete the filings to be reimbursed and to apply for these credits. The Company receives a percentage of the total approved qualifying expenses submitted to Revenue Canada. The percentage for the periods ended May 31, 2005 and November 30, 2005 is approximately 40%. The Company has recognized \$123,580 as a SR&ED receivable on its Balance Sheet, which is approximately 40% of the total \$273,586 qualifying expenses submitted to Revenue Canada for consideration.

The Company is in the process of applying for such refundable tax credits for the period ended November 30, 2005 and the period ended May 31, 2005 (prior recognized ending year for LabMentors) for the LabMentors subsidiary.

The May 31, 2004 fiscal year was received during the adopted fiscal year ended March 31, 2007. The Canada Revenue Agency has notified the Company that additional credits for the periods ended November 30, 2005 and May 31, 2005 will be received in July 2007.

Cost and Effects of Compliance with Environmental Laws.

None, not applicable.

Number of total employees and number of full time employees.

We employ approximately eighteen full-time employees and one part-time employee, while our LabMentors subsidiary has four full-time employees. We will hire part-time and additional full-time employees on an "as-needed" basis. None of our employees are represented by a labor union. We believe that our relationship with our employees is

good.

Reports to security holders.

None, not applicable.

PAGE 18

Item 2. Description of Property.

Location.

The Company leases its Principal executive offices in Boise, Idaho. These offices consist of approximately 5,412 square feet of office space. Rent obligations are currently \$7,250/month under a non-cancelable operating lease that expires February 28, 2008. The rent will increase to \$7,750/month during the first quarter of fiscal year 2008. In the second quarter of fiscal year 2008, the Company will occupy an additional 1,800 square feet of space and pay approximately \$10,050 per month. The Company has signed an extension to our current lease for another five-year term. The lease obligations for the remainder of the lease are as follows:

Fiscal Year	Monthly Obligation
2008	\$10,050
2009	\$10,350
2010	\$10,650
2011	\$10,950
2012	\$11,250

The Company leases additional warehouse space in Boise, Idaho. This warehouse space consists of approximately 2,900 square feet. Rent obligations are approximately \$1,400/month through February 2008. It is anticipated that the Company will renew its lease at the end of its term.

The Company leases space for the LabMentors subsidiary located in Fredericton, New Brunswick Canada. This space consists of approximately 1,000 square feet. Rent obligations are \$1,143/month under a month-to-month lease.

Investment Policies.

None, not applicable.

Description of Real Estate and Operating Data.

None, not applicable.

Item 3. Legal Proceedings.

None.

Item 4. Submission of Matters to a Vote of Security Holders.

No matter was submitted to the shareholders during the fourth quarter of the fiscal year covered by this report through the solicitation of proxies or otherwise.

PART II

Item 5. Market for Common Equity, Related Stockholder Matters and Small Business Issuer Purchases of Equity Securities.

Market Information.

There has never been any "established public trading market" for our shares of common stock. Our common stock is presently quoted on the OTC Bulletin Board of the NASD under the symbol "PCSV" as discussed below. No assurance can be given that any market for our common stock will develop in the future or will be maintained. If an "established trading market" ever develops in the future, the sale of "restricted securities" (common stock) pursuant to Rule 144 of the Securities and Exchange Commission by members of management or others may have a substantial adverse impact on any such market. The range of high and low bid quotations for our common stock during each quarter of our past two fiscal years are shown below. Prices are inter-dealer quotations as reported by the NQB, LLC, and do not necessarily reflect transactions, retail markups, markdowns or commissions.

Stock Quotations

Quarter Ended	High	Low
June 30, 2005	\$0.83	\$0.16
September 30, 2005	\$0.80	\$0.61
December 31, 2005	\$0.80	\$0.57
March 31, 2006	\$0.81	\$0.44
June 30, 2006	\$0.60	\$0.51
September 30, 2006	\$0.48	\$0.45
December 29, 2006	\$0.42	\$0.34
March 30, 2007	\$0.95	\$0.845

Holders.

As of March 31, 2007, we had approximately 900 stockholders of record. This figure does not include an indeterminate number of stockholders who may hold their shares in a street name.

Dividends.

We have not paid any cash dividends since our inception and do not anticipate or contemplate paying dividends in the foreseeable future. It is the present intent of management to utilize all available funds for the development of our business.

Securities authorized for issuance under equity compensation plans.

None, not applicable.

Recent Sales of Unregistered Securities.

During the last three years, we sold the securities listed below in unregistered transactions. Each of the sales was sold in reliance on the exemption provided for in Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act"). No underwriting fee or other compensation was paid in connection with the issuance of shares.

(1) These shares of common stock were issued for conversion of debt at \$0.10 per share.

(2) These shares were issued at \$0.09 for conversion of debt and interest.

(3) These shares were issued at \$0.09 for conversion of accounts payable.

(4) These shares were issued at \$0.10 for conversion of accrued interest relating to a related party.

(5) Common stock issued at \$0.10 for conversion of debt.

- (6) Common stock issued at \$0.01 for exercise of warrants.
- (7) Common stock issued at \$0.10 for cash.
- (8) These shares were issued for cash at \$0.10 per share.
- (9) These shares of common stock were issued for services at \$0.11 per share(\$75,000).
- (10) These shares of common stock were issued for interest at \$0.12 per share.
- (11) These shares of common stock were issued for services at \$0.12 per share.
- (12) These shares of common stock were issued for cash at \$0.12 per share.
- (13) These shares of common stock were issued for cash at \$0.20 per share.
- (14) These shares of common stock were issued for conversion of preferred stock which was issued for indentured trust debt ranging from \$10,000 plus interest to \$20,000 plus interest.
- (15) These preferred shares were issued for the conversion of indentured trust notes for amounts varying from \$5,000 to \$15,000, plus interest.
- (16) These shares of common stock were issued for cash at \$0.125 per share.
- (17) These shares of common stock were issued for services at \$.16 per share.
- (18) These shares of preferred stock were issued for cash at \$1.00 per share.

(19) These shares were issued to correct the number of shares issued for a previous conversion of indentured trust debt into common stock. The original conversion shares were issued at \$0.25/share, but should have been issued at \$0.20/share. These are the additional shares due said investors.

(20) Issued for services.

(21) These shares were issued for conversion of indentured trust debt at \$0.20/share.

(22) These shares were issued in conjunction with PCS' Form S-8 Filing in April, 2004, for consulting services.

(23) These shares were issued for the exercise of an option agreement. The corresponding note payable to related party was reduced by \$17,500 in lieu of cash.

(24) Issued for conversion of preferred stock at \$0.20 per share.

(25) On October 1, 2004, PCS entered into a six-month agreement with Equitilink. The scope of said agreement includes public relations and investor communications services. The six-month agreement will be extended for an additional three months, unless cancelled by PCS. Compensation for Equitilink's services is 250,000 shares of restricted stock at \$0.09 per share.

(26) On October 1, 2004, PCS entered into a twelve-month agreement with Michael Corrigan, attorney. The scope of said agreement is for legal representation for such matters that PCS deem necessary. Compensation for Corrigan's services for the first six months is 500,000 of free trading, non-restricted shares of common stock at \$0.09 per share. Unless PCS cancels the agreement at the end of six months, compensation for the remainder of the twelve-month agreement will be an additional 500,000 free trading, non-restricted shares of common stock.

(27) During October 2004, the Company issued 45,833 shares of common stock at \$0.15 per share for the non-cash reduction of accounts payable debt of \$6,875.

(28) During October 2004, the Company issued 344,559 shares of common stock at \$0.06 per share to its Chief Executive Officer for the non-cash reduction of related party debt of \$20,674.

(29) These shares were issued to an employee who exercised some options. These options were exercisable at \$0.16 per share.

(30) These shares were issued for cash at \$0.20 per share.

(31) These shares were issued for public relations services at \$0.095 per share.

(32) These shares were issued to an Officer/Board Member who exercised some options. These options were exercisable at \$0.13 per share.

(33) These shares were issued for the conversion of indentured trust debt and interest at \$0.17 per share.

(34) These shares were issued for cash at \$0.17 per share.

(35) These shares were issued for consulting services at \$0.705 per share.

(36) These shares were issued for the conversion of debt and interest at \$0.20 per share.

(37) These shares were issued for public relations services at \$0.12 per share.

- (38) These shares were issued for consulting services at \$0.70 per share.
- (39) These shares were issued to an Officer/Board Member who exercised some options in consideration for a reduction of notes payable and interest. These options were exercisable at \$0.16 per share.
- (40) These shares were issued for interest at a weighted average of \$0.0885 per share.
- (41) These shares were issued for royalties at \$0.155 per share.
- (42) These shares were issued to an employee who exercised some options. These options were exercisable at \$0.16 per share.
- (43) These shares were issued to an Officer/Board Member who exercised some options. These options were exercisable at \$0.16 per share.
- (44) These shares were issued to an employee after implementation of a sales force bonus program. They were issued at the current market price of \$0.71 per share.
- (45) These shares were issued to an Officer/Board Member who exercised some options in consideration for a reduction of notes payable and interest. These options were exercisable at \$0.16 per share.
- (46) These shares were issued for consulting services at a weighted five day average of \$0.6016 per share.
- (47) Issued for conversion of preferred stock at \$0.20 per share.
- (48) These shares were issued for consulting services at a weighted five day average of \$0.5568 per share.
- (49) These shares were issued to employees who exercised some options. These options were exercisable at \$0.07 per share.
- (50) These shares were issued to employees who exercised some options. These options were exercisable at \$0.10 per share.
- (51) These shares were issued for consulting services at a weighted five day average of \$0.424 per share.
- (52) These shares were issued for royalties at \$0.53 per share.
- (53) These shares were issued for bonus payment to an Officer at \$0.74 and \$0.53 per share, respectively.

- (54) These shares were issued for consulting expenses relating to the LabMentors acquisition at \$0.66 per share.
- (55) These shares were issued to shareholders of 511092 N.B. LTD. for acquisition of LabMentors at \$0.60 per share.
- (56) These shares were issued for consulting services at a weighted five day average of \$0.392 per share.
- (57) These shares were issued for consulting services at a weighted five day average of \$0.4096 per share.
- (58) These shares were issued for consulting services at a weighted five day average of \$0.4288 per share.
- (59) These shares were issued to an employee who exercised some options. These options were exercisable at \$0.13 per share.
- (60) These shares were issued to employees for a bonus at \$0.63 per share.
- (61) These shares were issued for the acquisition of assets from Education Enterprise Solutions at \$0.60 per share.
- (62) These shares were issued as a bonus to an employee at \$0.48 per share.
- (63) These shares were issued to an employee who exercised some options. These options were exercisable at \$0.07 per share.
- (64) These shares were issued to persons or companies for accounts payable payments. These shares were issued at \$0.49 per share.
- (65) These shares were issued to a person for payment of a note payable. These shares were issued at \$0.70 per share.
- (66) These shares were issued for royalties at \$0.95 per share.
- (67) These shares were issued pursuant to the employment contract with Joseph Khoury at \$0.95 per share.

We issued these securities to persons who were either "accredited investors," or "sophisticated investors" who, by reason of education, business acumen, experience or other factors, were fully capable of evaluating the risks and merits of an investment in our Company; and each had prior access to all material information about us. We believe that the offer and sale of these securities was exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), pursuant to Sections 4(2) and 4(6) thereof, and Rule 506 of Regulation D of the Securities and Exchange Commission and from various similar state exemptions, and with respect to the foreign investors, pursuant to Regulation S of the Securities and Exchange Commission.

Purchases of Equity Securities by the Small Business Issuer and Affiliated Purchasers.

None, not applicable.

Item 6. Management's Discussion and Analysis or Plan of Operation.

Plan of Operation.

PCS intends to continue to operate in the same manner as prior years, including continuing to look for viable acquisition candidates to further enhance the product lines and enhance marketing efforts to more effectively penetrate the world market. PCS LabMentors will continue to expand into the collegiate market, as well as undertake new projects with existing customers for an increased revenue base. PCS as a whole intends to continue to fund operations based on lab sales to existing and new customers to provide cash for operations throughout the coming fiscal year. There are not expected to be any significant changes in the number of employees.

Management's Discussion and Analysis of Financial Condition and Results of Operation.

Operating Results - Overview.

Fiscal year ended March 31, 2007 resulted in a net loss of (\$1,924,349) as compared to the net loss during the fiscal year ended March 31, 2006 of (\$1,204,504). This net loss is an increased loss of (\$719,845) or approximately sixty percent (60%) from the net loss for fiscal year ended March 31, 2006. The Basic Loss per Share for fiscal year 2007 is (\$0.07), as compared to a loss per share of (\$0.04) for fiscal year 2006. Details of changes in revenues and expenses can be found below.

During fiscal year ended March 31, 2007, the Company experienced significant, non-recurring, non-cash losses, as well as recurring non-cash expenses. These losses and the resulting EBITDA are described in more detail below. Excluding these non-cash and non-recurring losses, namely the amortization of capitalized costs (\$89,667), depreciation expense (\$207,123), amortization of the debt discount (\$666,667), interest expense (\$62,857), expenses relating to the amortization of option expense per FAS 123R (\$445,186), and gain related to taxes (\$251,504), which total \$1,128,839, the Company had a net loss EBITDA of (\$795,510), as compared to the net loss EBITDA of (\$607,688) for the fiscal year ended March 31, 2006. This would have resulted in a loss per share of (\$0.03) for the fiscal year ended March 31, 2007.

Operating Results Revenues.

Revenues for the twelve-month period ended March 31, 2007, decreased to \$1,998,683 or by \$603,356 (23%) as compared to \$2,602,039 for the twelve-month period ended March 31, 2006. This decrease is due to extremely high sales volume in the prior fiscal year that was not duplicated during the current fiscal year. The majority of the Company's revenue is generated from lab sales. During the fiscal year ended March 31, 2007, the sales team focused on additional marketing strategies to implement in fiscal year 2008, attended additional conferences, and assisted in the training of new personnel to assist with implementing the new marketing strategies.

Operating Results Cost of Goods Sold/Cost of Sales.

Cost of goods sold for the twelve-month period ended March 31, 2007, decreased by \$497,070 (35%) to \$921,048 as compared to \$1,418,118 for twelve-month period ended March 31, 2006. This decrease was due to a decrease in sales, as well as lower prices on our supplied products through better negotiations with vendors. This decrease was partially offset by an increase in shipping and server costs. Included in the Cost of Goods sold figure is sales commissions, which have also decreased due to the decrease in sales, shipping expenses, product royalty payments, and server fees.

Operating Results Operating Expenses.

Operating expenses for the twelve-month period ended March 31, 2007, increased by \$1,156,089 (60.7%) to \$3,060,685 as compared to \$1,904,596 for twelve-month period ended March 31, 2006. The increase is due to an increase in rent payments, increased operating costs relative to operating the newly acquired subsidiary, increase in expenses relating to the option of FAS 123R for expensing stock options granted, non-cash amortization of Barron Partners, LP notes payable and warrants through September 30, 2006, and increased marketing planning efforts, which included a redesigned website, marketing pamphlets, and new product catalogs.

Operating Results Interest Expenses.

Interest expenses for the twelve-month period ended March 31, 2007, increased \$3,299 (6%) to \$62,857 as compared to \$59,558 for the twelve-month period ended March 31, 2006. This increase is due to additional borrowing on our line of credit (see Note 6).

Liquidity.

As of the fiscal year ended March 31, 2007, we had \$47,763 in Cash, with total current assets of \$525,155 and total current liabilities of \$782,542. We have an accumulated deficit of (\$27,791,421) and shareholder's equity of \$578,753.

The Company has a current ratio of 0.67. The current ratio for the fiscal year ended March 31, 2006 was .88. The ratio indicates that we are currently utilizing all available resources to help grow the company through internal and external means. We have utilized the current ratio over a quick ratio due to the fact that most items in inventory are easily saleable should the need to liquidate arise.

The Company has working capital deficit of (\$257,387) at March 31, 2007. The working capital deficit indicates that our ability to pay current debt obligations through our current assets is unfavorable. The working capital for the fiscal year ended March 31, 2006 was (\$154,843). This decrease was due primarily to the recording of the recent note payable and intrinsic value of the associated warrants issued, both of which are non-cash transactions.

Critical Accounting Policies

Estimates

Our discussion herein and analysis thereof is based upon our financial statements in Item 7 below, which have been prepared in accordance with Generally Accepted Accounting Principles of the United States (GAAP). The preparation of these statements requires management to make estimates and best judgments that affect the reported amounts. See Note 2 contained in Item 7 for additional discussions of these and other accounting policies and disclosures required by GAAP.

Concentration of Credit Risks and Significant Customers

The Company maintains cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Financial instruments, which potentially subject the Company to concentration of credit risk, consist primarily of trade receivables. In the normal course of business, the Company provides credit terms to its customers. Accordingly, the Company performs ongoing credit evaluations of its customers and maintains allowances for possible losses which when realized have been within the range of management's expectations. The Company does not require collateral from its customers.

During the period ended March 31, 2007, the LabMentors subsidiary had sales to two major customers that accounted for a significant portion of their total revenues. See notes to financial statement for additional information.

Foreign Currency Translation

The functional currency of the Company is the U.S. dollar. The Company's financial statements include translations for the LabMentors subsidiary, which are maintained in Canadian dollars. All assets and liabilities are translated at the exchange rate on the balance sheet date and all revenues and expenditures are translated at the average rate for the year. Translation adjustments are reflected as a separate component of stockholders' equity, accumulated other comprehensive income (loss), and the net change for the year reflected separately in the statements of operations and other comprehensive income (loss).

In accordance with SFAS No. 95, "Statement of Cash Flows," the cash flows of the Company are translated using the weighted average exchange rates during the respective period. As a result, amounts in the statement of cash flows related to changes in assets and liabilities will not necessarily agree with the changes in the corresponding balances on the balance sheet that were translated at the exchange rate at the end of the period.

Educational Software

The Company's inventory consists partially of internally developed education computer programs and exercises to be accessed on the Internet. In accordance with FAS 86, the costs associated with research and initial feasibility of the programs and exercises are expensed as incurred. Once economic feasibility has been determined, the costs to develop the programs and exercises are capitalized until they are ready for sale and access and are reported at the lower of unamortized cost or net realizable value. Capitalized program and exercise inventory are amortized on a straight-line basis over the estimated useful life of the program or exercise, generally 42 to 48 months.

Intellectual Property

The Company's intellectual property consists of capitalized costs associated with the development of the Internet software and delivery platform developed by the Company to enable access to the various educational programs and exercises developed by the Company. In accordance with FAS 86 as discussed previously regarding inventory, the initial costs associated with researching the delivery platform and methods were expensed until economic feasibility and acceptance were determined. Thereafter, costs incurred to develop the Internet online delivery platform and related environments were capitalized until ready for use and able to deliver and access the Company's educational programs and exercises. Costs incurred thereafter to maintain the delivery and access platform are expensed as incurred. These capitalized costs are being amortized on a straight-line basis over the estimated useful life of the Company's delivery and access platform that has been determined to be 60 months.

Property and Equipment

Property and equipment are recorded at cost and are being depreciated for financial accounting purposes on the straight-line method over their respective estimated useful lives ranging from three to seven years. Upon retirement or other disposition of these assets, the cost and related accumulated depreciation are removed from the accounts and the resulting gains or losses are reflected in the results of operations.

Expenditures for maintenance and repairs are charged to operations. Renewals and betterments are capitalized. Depreciation of leased equipment under capital leases is included in depreciation.

Goodwill and Intangible Assets

We recorded our acquisition of LabMentors in accordance with Statements of Financial Accounting Standards 141 (SFAS 141) entitled "Business Combinations." We allocate the cost of acquired companies to the tangible and identified intangible assets and liabilities acquired with the remaining amount being recorded as goodwill. Certain intangible assets, such as acquired technology, are amortized (see Intellectual Property above).

The most recent acquisition did not have significant tangible assets, and, as result, the majority of the purchase price was allocated to goodwill, which increases the potential for impairment charges that we may incur in the future.

We account for goodwill and other intangible assets in accordance with Statements of Financial Accounting Standards 142 (SFAS 142) entitled "Goodwill and Other Intangible Assets." Under SFAS 142, goodwill and intangible assets with indefinite lives are not amortized to expense and must be reviewed for impairment annually, or more frequently if events or changes in circumstances indicate that impairment might have occurred. The first step used to identify potential impairment is the comparison of the fair value of the

item with its carrying amount, including goodwill and intangible assets with indefinite lives. We operate as one company, and, therefore, compare our book value to market value, which management must determine upon review based on similar transactions. If our fair value exceeds our book value, our goodwill is considered not impaired. If the book value exceeds the fair value, the goodwill is considered impaired and management must measure the amount of impairment loss, if any. For the measurement step, if the carrying amount of the goodwill exceeds the estimated fair value of the goodwill, an impairment loss would be recognized in an amount equal to that excess. The fair value estimate requires that future cash flows relating to the acquisition, in this case, be forecasted. These forecasts require management to make assumptions on the future sale of current and future products and services, future market conditions, technological advances, future growth rates, and discount rates utilized. Any loss recognized cannot exceed the carrying amount of the goodwill. After an impairment loss is recognized, the adjusted carrying amount of goodwill is its new accounting basis.

We undertook an impairment review at the end of the current fiscal year end, despite the fact that the goodwill was calculated during the third quarter of the current fiscal year. After reviewing current operating losses and future growth potential of the subsidiary, the Company determined that no impairment was created.

Acquisitions.

Our acquisition strategy is to acquire companies and/or assets that continue to increase our product depth, market penetration, and synergies within the company.

The Company has made an acquisition of one company over the last two years, namely 511092 N.B. LTD. dba LabMentors on November 30, 2005 for the purchase price of \$420,000. LabMentors was acquired due to the access it provided to collegiate markets, as well as the online learning programs it has available to compliment current learning materials.

The Company has made one asset purchase acquisition over the last two years, namely the PCS STEPS® product line from Education Enterprise Solutions on October 9, 2006 for 375,000 shares of common stock valued at \$225,000.

This product has recently been transferred from the parent company to our subsidiary for development and implementation into the sales cycle.

Off-Balance Sheet Arrangements.

We do not have any off-balance sheet arrangements as of March 31, 2007.

Report of Independent Registered Public Accounting Firm

Consolidated Balance Sheet - March 31, 2007

Consolidated Statements of Operations for the years ended March 31, 2007 and 2006

Consolidated Statements of Stockholders' Equity for the years ended March 31, 2007 and 2006

Consolidated Statements of Cash Flows for the Years Ended March 31, 2007 and 2006

Notes to Consolidated Financial Statements

PAGE 33

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors

PCS Edventures!.com, Inc. & Subsidiary

Boise, Idaho

We have audited the accompanying consolidated balance sheet of PCS Edventures!.com, Inc. & Subsidiary, as of March 31, 2007, and the related statements of operations, stockholders' equity (deficit) and cash flows for the years ended March 31, 2007 and 2006. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provided a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of PCS Edventures!.com, Inc. & Subsidiary, as of March 31, 2007 and 2006, and the results of their operations and their cash flows for the years then ended, in conformity with United States generally accepted

accounting principles.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 16 to the consolidated financial statements, the Company has suffered recurring losses from operations and has a working capital deficit that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to those matters are also described in Note 16 to the consolidated financial statements. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As discussed in Note 18, the consolidated financial statements for the year ended March 31, 2007 have been restated to correct an error accounting for other receivables.

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

The consolidated financial statements presented are those of PCS Edventures!.com, Inc., an Idaho Corporation, and its wholly-owned subsidiary, PCS LabMentors, LTD., a Canadian company, (collectively, "the Company").

On August 3, 1994, PCS Edventures!.com, Inc., was incorporated under the laws of Idaho to engage in web-based and site-licensable educational products.

In October 1994, an agreement was authorized allowing the Company to exchange, on a one-for-one basis, common stock for stock of PCS Schools, Inc. As a result of this Agreement, PCS Schools, Inc. became a wholly-owned subsidiary of the Company. In the late 1990s, the Company divested the stand-alone learning labs to focus more on a hands-on module coupled with web-based technology for use in the classroom.

On March 27, 2000, the Company changed its name from PCS Education Systems, Inc. to PCS Edventures!.com, Inc.

On November 30, 2005, the Company entered into an agreement with 511092 N.B. LTD. dba LabMentors to exchange PCS stock for stock of 511092 N.B. LTD. as disclosed in the 8-K as filed with the SEC on December 9, 2005 and amended on February 15, 2006. As a result of the Share Exchange Agreement, 511092 N.B. LTD. became a wholly owned subsidiary of the Company. In December 2005, the name of this subsidiary was formally changed to PCS LabMentors, LTD. It remained a Canadian corporation.

Certain prior year amounts have been reclassified to conform to current year presentation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Accounting Method

The Company's consolidated financial statements are prepared using the accrual method of accounting. The Company has elected a March 31 year end.

b. Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principals requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Concentration of Credit Risks and Significant Customers

The Company maintains cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Financial instruments that potentially subject the Company to concentration of credit risk consist primarily of trade receivables. In the normal course of business, the Company provides credit terms to its customers. Accordingly, the Company performs ongoing credit evaluations of its customers and maintains allowances for possible losses which when realized have been within the range of management's expectations. The Company does not require collateral from its customers.

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

c. Concentration of Credit Risks and Significant Customers (continued)

During the last fiscal year ending March 31, 2007, the PCS LabMentors' subsidiary had sales to two major customers that exceeded 10 percent of their individual revenues as follows:

Customer A - \$212,901 67.4%

Customer B - \$ 94,488 29.9%

The PCS LabMentors subsidiary also has an account receivable from these same major customers as of March 31, 2007 as follows:

Customer A - \$ 26,417

Customer B - \$ -

d. Foreign Currency Translation

The functional currency of our subsidiaries is considered the local currency. Our PCS LabMentors' subsidiary has a functional currency in Canadian dollars (\$CDN). The subsidiary's financial statements have been translated into US dollars in accordance with SFAS No. 52 "Foreign Currency Translation." All assets and liabilities are translated at the exchange rate on the balance sheet date and all revenues and expenditures are translated at the average rate for the year. Translation adjustments are reflected as a separate component of stockholders' equity, accumulated other comprehensive income (loss) and the net change for the year reflected separately in the statements of operations and other comprehensive income (loss). Through this, all of the Company financial documents are stated within the functional currency of the parent company, which is the United States dollar (\$USD).

In accordance with SFAS No. 95 "Statement of Cash Flows," the cash flows of the subsidiary are translated using the weighted average exchange rates during the respective period. As a result, amounts in the statement of cash flows related to changes in assets and liabilities will not necessarily agree with the changes in the corresponding balances on the balance sheet that was translated at the exchange rate at the end of the period.

e. Revenue Recognition

The Company recognizes revenues as required by Staff Accounting Bulletin No. 101 "Revenue Recognition in Financial Statements."

Lab Revenue

The Company recognizes revenues relating to sales of the learning labs listed under Products herein as they are delivered to the customers. Delivery is constituted when ninety percent (90%) or greater of the weighted average cost of goods have been received by the customer. Revenue is only recognized once the product has been delivered on this basis to the customer and all other obligations have been met. All product

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

e. Revenue Recognition (continued)

inventory is purchased on a sale-by-sale basis, and is either shipped directly from third-party suppliers to the end customer or shipped to our warehouse, where it is packaged and then sent to the customer. Accordingly, all costs associated with the purchase of product inventory are also deferred until the product is delivered.

Licensing Revenue

The Company recognizes site license revenues relating to the sales of the learning labs listed under Products herein, as well as the LabMentors virtual labs, as they are utilized to the customers. The site license is for a 1-year term, which begins when the physical lab is delivered to the customer. As such, license revenue is amortized and recorded as revenue over the life of the site license. The revenues for each virtual lab are recorded in the period in which they are utilized relating to access to and usage of its programs and exercise software on the LabMentors' website over the term of the subscription or hourly units purchased. Amounts paid in advance of the license use/virtual lab access are recorded under Deferred Revenue and recognized as described above in the proper periods.

Subscription Revenue

The Company recognizes revenues relating to the subscriptions sold on its edventures.com website on a monthly basis. Revenues relating to other activities such as education services delivered are recognized when the services are rendered. If a customer decides to discontinue the use of the products, the customer must return all of the information received except for the physical lab equipment. Additionally, the customer will not have access to the license when the contract is terminated. The Company does not have an obligation to refund any portion of the proceeds received for either the sale of a lab license or the subsequent renewals of the licenses.

f. Goodwill

Goodwill represents the excess of the cost of PCS LabMentors' acquisition over the net of the amounts assigned to the assets acquired and liabilities assumed. The Company accounts for its goodwill in accordance with Statement of Financial Accounting Standards No. 142 (SFAS 142) "Goodwill and Other Intangible Assets," which requires the Company to test goodwill for impairment annually or whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable, rather than amortize.

The entire goodwill balance of \$485,238 at March 31, 2007, which is not deductible for tax purposes due to the purchase being completed through the exchange of stock, is related to the Company's acquisition of PCS LabMentors in December 2005. With the acquisition of PCS LabMentors, the Company gained LabMentors' significant interest in the technical college market and increased the products available to educational outlets. The Company also obtained the information technology and programming expertise of LabMentors' workforce, gained additional cost optimization, and gained greater market flexibility in optimizing market information and access to collegiate level sales.

The provisions of SFAS 142 require that a two-step impairment test be performed annually or whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. The first step of the test for impairment compares the book value of the Company to its estimated fair value. The second step of the goodwill impairment test, which is only required when the net book value of the item exceeds the fair value, compares the implied fair value of goodwill to its book value to determine if an impairment is required.

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

g. Business Combinations

There were no business combinations during the fiscal year ended March 31, 2007.

h. Principals of Consolidation

The accompanying consolidated financial statements consolidate the accounts of the parent company and its wholly owned subsidiaries. All significant inter-company accounts and transactions have been eliminated through consolidation.

i. Provision for Income Taxes

Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carry forwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely that not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Net deferred tax assets consist of the following components as of:

March 31,

Edgar Filing: PCS EDVENTURES COM INC - Form 10KSB/A

	2007	2006
Deferred tax assets:		
NOL carryover	\$ 3,404,660	\$ 3,361,051
Accrued expenses	47,902	76,303
Accumulated depreciation	(27,828)	3,836
Accumulated compensation	-	-
Deferred tax liabilities:	-	-
Valuation allowance:	(3,424,734)	(3,441,190)
Net deferred tax asset:	\$ -	\$ -

PAGE 60

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

i. Provision for Income Taxes (continued)

The income tax provision differs from the amount of income tax determined by applying the U.S. federal income tax rate of 39% and the Canadian federal tax rate of 21% to pretax income from continuing operations as detailed in the following table for the years ended:

	March 31,	
	2007	2006
Book loss	\$ (755,733)	\$ (459,595)
State taxes	(25,009)	935
Stock for services/options expense	28,169	221,305
Penalties	4,221	5,220
Beneficial conversion	294,970	147,485
Options expense	173,379	-
Other	4,956	2,570
NOL utilization	-	-
Valuation allowance	275,047	82,080
	\$ -	\$ -

At March 31, 2007 the Company had net operating loss carry forwards of approximately \$9,500,000 that may be offset against future taxable income from the year 2007 through 2027. No tax benefit has been reported in the March 31, 2007 consolidated financial statements since the potential tax benefit is offset by a valuation allowance of the same amount.

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, net operating loss carry forwards may be limited as to use in future years.

Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carry forwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Canadian tax laws allow a company to recoup a significant amount of research and development costs. As a result, the Company will continue to conduct its research and development within Fredericton, New Brunswick and continue to apply for such tax incentives. In addition, income taxes are/will be prepared in accordance with Revenue Canada guidelines so as to maximize additional incentives, when available (see Note 12).

PAGE 61

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

j. Basic Loss Per Share

The computation of basic loss per share of common stock is based on the weighted average number of shares outstanding during the period of the financial statements in accordance with SFAS No. 128 "Earnings per Share." Diluted loss per share is equal to basic loss per share as the result of the anti-dilutive nature of the stock equivalents.

	For the Years Ended	
	March 31,	
	2007	2006
Basic loss per share from operations:		
Numerator - loss	\$(1,924,349)	\$(1,204,504)
Denominator - weighted average number of shares outstanding	29,045,521	27,713,809
Loss per share	\$ (0.07)	\$ (0.04)

k. Newly Issued Accounting Pronouncements

During the year ended March 31, 2007, the Company adopted the following accounting pronouncements:

The FASB issued SFAS No. 123R (revised 2004) "Share-Based Payment". SFAS No. 123R requires employee stock-based compensation to be measured based on the fair value as of the grant-date of the awards and the cost is to be recognized over the period during which an employee is required to provide services in exchange for the award. Historically, the company used the intrinsic method of valuation as specified in APB No. 25, "Accounting for Stock Issued to Employees" and related interpretations and accordingly no compensation cost had been recognized for stock options in prior years. This pronouncement eliminates the alternative use of Accounting Principles Board (APB) No. 25. As a result of adopting the fair value method for stock compensation, all future awards and current awards vesting in future periods will be expensed over the stock options' vesting period as defined in its contract award.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities . This Statement permits entities to choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. We are currently assessing the impact of SFAS No. 159 on our financial position and results of operations.

In September 2006, the FASB issued SFAS No. 158, Employers Accounting for Defined Benefit Pension and Other Postretirement Plans. This Statement requires an employer to recognize the over funded or under funded status of a defined benefit post retirement plan (other than a multiemployer plan) as an asset or liability in its statement of financial position, and to recognize changes in that funded status in the year in which the changes occur through comprehensive income. SFAS No. 158 is effective for fiscal years ending after December 15, 2006. The adoption of SFAS No. 158 had no impact on our financial position and results of operations.

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

k. Newly Issued Accounting Pronouncements (continued)

In September 2006, the FASB issued SFAS No. 157, Fair Value Measures . This Statement defines fair value, establishes a framework for measuring fair value in generally GAAP, expands disclosures about fair value measurements, and applies under other accounting pronouncements that require or permit fair value measurements. SFAS No. 157 does not require any new fair value measurements. However, the FASB anticipates that for some entities, the application of SFAS No. 157 will change current practice. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, which for us would be the fiscal year beginning April 1, 2008. We are currently evaluating the impact of SFAS No. 157 but do not expect that it will have a material impact on our financial statements.

In September 2006, the SEC issued Staff Accounting Bulletin (SAB) No. 108, Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements. SAB No. 108 addresses how the effects of prior year uncorrected misstatements should be considered when quantifying misstatements in current year financial statements. SAB No. 108 requires companies to quantify misstatements using a balance sheet and income statement approach and to evaluate whether either approach results in quantifying an error that is material in light of relevant quantitative and qualitative factors. SAB No. 108 is effective for periods ending after November 15, 2006. The adoption of SAB No. 108 had no impact on our financial position and results of operations.

In June 2006, the FASB issued FASB Interpretation Number 48, "Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109." This Interpretation clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, "Accounting for Income Taxes." This Interpretation is effective for fiscal years beginning after December 15, 2006. We are currently assessing the effect of this Interpretation on our financial statements.

l. Educational Software

The Company's inventory consists of internally developed education computer programs and exercises to be accessed on the Internet. In accordance with FAS 86, the costs associated with research and initial feasibility of the programs

and exercises are expensed as incurred. Once economic feasibility has been determined, the costs to develop the programs and exercises are capitalized until they are ready for sale and access and are reported at the lower of unamortized cost or net realizable value. Capitalized program and exercise inventory are amortized on a straight-line basis over the estimated useful life of the program or exercise, generally 42 to 48 months.

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

m. Intellectual Property

The Company's intellectual property consists of capitalized costs associated with the development of the Internet software and delivery platform developed by the Company to enable access to the various educational programs and exercises developed by the Company. In accordance with FAS 86 as discussed previously regarding inventory, the initial costs associated with researching the delivery platform and methods were expensed until economic feasibility and acceptance were determined. Thereafter, costs incurred to develop the Internet online delivery platform and related environments were capitalized until ready for use and able to deliver and access the Company's educational programs and exercises. Costs incurred thereafter to maintain the delivery and access platform are expensed as incurred. These capitalized costs are being amortized on a straight-line basis over the estimated useful life of the Company's delivery and access platform, which has been determined to be 60 months.

n. Property and Equipment

Property and equipment are recorded at cost and being depreciated for financial accounting purposes on the straight-line method over their respective estimated useful lives ranging from five to seven years. Upon retirement or other disposition of these assets, the cost and related accumulated depreciation are removed from the accounts and the resulting gains or losses are reflected in the results of operations.

Expenditures for maintenance and repairs are charged to operating expense. Renewals and betterments are capitalized. Depreciation of leased equipment under capital leases is included in depreciation.

o. Finished Goods Inventory

Finished goods inventory is composed of items produced in-house, as well as items from outside supplies. These items included, but are not limited to, K NEX® manipulatives, fischertechnik® manipulatives, Eduwise manipulatives, LEGO® manipulatives, furniture units, curriculum, blocks, PCS Academy of Science® science kits, poster packs, and

other miscellaneous items used in our various labs. Our inventory is valued using the average cost method for each item.

p. Stock Options

As permitted by FASB Statement 148 "Accounting for Stock Based Compensation Transition and Disclosure" (SFAS No. 148), the Company elected to measure and record compensation cost relative to employee stock option costs in accordance with Accounting Principals Board ("APB") Opinion 25, "Accounting for Stock Issued to Employees", and related interpretations and make pro forma disclosures of net income and earnings per share as if the fair value method of valuing stock options granted to employees when the option price is less than the market price of the underlying common stock on the date of grant.

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 7 - COMMITMENTS AND CONTINGENCIES

a. Operating Lease Obligation

The Company leases its main office under a non-cancelable lease agreement accounted for as an operating lease. The lease expires in June 2012.

Fiscal Year	Monthly Obligation
2008	\$10,050
2009	\$10,350
2010	\$10,650
2011	\$10,950
2012	\$11,250
Total	\$639,000

Rent expense for the corporate offices was \$86,934 and \$81,591 for the years ended March 31, 2007 and 2006, respectively, under this lease arrangement.

The Company leases warehouse space close to its headquarters. The lease expires in February 2008. The monthly rental obligation is approximately \$1,400.00 for total lease payments remaining of \$15,400. Rent expense was \$13,070 and \$8,762 for the years ended March 31, 2007 and 2006, respectively.

The Company leases office space for its subsidiary in Canada. This lease is a month-to-month lease that may be cancelled at any time. The monthly rental obligation is \$1,143. The Company intends to continue to lease this space on a month-to-month basis. Rent expense for the last fiscal year was \$12,281, while the rent expense for the period from December 1, 2005 through March 31, 2006 was \$5,764.

b. Litigation

None, not applicable.

NOTE 8 - EDUCATIONAL SOFTWARE

Educational software was purchased by the Company as a part of the acquisition of 511092 N.B. LTD. and consists of internally developed education computer programs and exercises to be accessed on the Internet. In accordance with FAS 86, the costs associated with research and initial feasibility of the programs and exercises are expensed as incurred. Once economic feasibility has been determined, the costs to develop the programs and exercises are capitalized until they are ready for sale and access and are reported at the lower of unamortized cost or net realizable value. Capitalized program and exercise inventory are amortized on a straight-line basis over the estimate useful life of the program or exercise, generally 42 to 48 months. This educational software had a carrying value of \$130,203 at March 31, 2006 with a total of \$52,279 of related depreciation recognized during the fiscal year ended March 31, 2007, with a resulting carrying value of \$77,924 at March 31, 2007.

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 9 - INTELLECTUAL PROPERTY

Intellectual property consists of capitalized costs associated with the development of the Internet software and delivery platform developed by PCS LabMentors to enable access to the various educational programs and exercises developed by the Company, as well as the newly acquired PCS STEPS® program, see the section entitled "Status of any publicly announced new product or service" in this Report. In accordance with FAS 86 as discussed previously regarding inventory, the initial costs associated with researching the delivery platform and methods were expensed until economic feasibility and acceptance were determined. Thereafter, costs incurred to develop the Internet online delivery platform and related environments were capitalized until ready for use and able to deliver and access the Company's educational programs and exercises. Costs incurred thereafter to maintain the delivery and access platform are expensed as incurred. These capitalized costs are being amortized on a straight-line basis over the estimated useful life of the Company's delivery and access platform, which has been determined to be 60 months. This intellectual property had a carrying value of \$16,145 at March 31, 2006. Amortization recognized for the fiscal year ended March 31, 2007 was \$47,138, with a carrying value of \$194,007 at March 31, 2007. The increase in depreciation and carrying value was due to the asset purchase of PCS STEPS®

NOTE 10 - GOODWILL

The entire goodwill balance of \$485,238 at March 31, 2007, which is not deductible for tax purposes due to the purchase being completed through the exchange of stock, is related to the Company's acquisition of PCS LabMentors in December 2005. Included within this amount of goodwill is \$135,658 of costs associated with the acquisition. The capitalized costs are for accounting, consulting, and legal fees associated with the transaction. With the acquisition of PCS LabMentors, the Company gained LabMentors' significant interest in the technical college market and increased the products available to educational outlets. The Company also obtained the information technology and programming expertise of LabMentors' workforce, gained additional cost optimization, and gained greater market flexibility in optimizing market information and access to collegiate level sales.

The provisions of SFAS 142 require that a two-step impairment test be performed annually or whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. The first step of the test for impairment compares the book value of the Company to its estimated fair value.

We undertook an impairment review at the end of the current fiscal year end, despite the fact that the goodwill was calculated during the third quarter of the current fiscal year. After reviewing current operating losses and future

growth potential of the subsidiary, the Company determined that no impairment was created. The basis for this determination included the growth of existing clients since the end of the fiscal year, conversations with potential customers for the upcoming year, the proven record since a bank account was established for the company to sustain operations for the foreseeable future, as well as the added economies of scale the subsidiary has added to the Company as a whole, including several technical performance enhancements supplied by LabMentors to supplement the core capabilities of PCS, such as creation of added internet service bandwidth and associated signal routing capabilities not known to the technical people at PCS; locating and managing a demonstration server on their system for a wide variety of PCS products; and assisting technical people from PCS and E2S in the creation and management of a server to host the PCS STEPS® product. In conclusion, the Company felt and still feels that LabMentors brought more than a cutting edge product to PCS, but the acquisition also brings vertical integration and technology not previously known by PCS.

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 11 - ACCRUED EXPENSES

Accrued expenses are made up of the following at March 31, 2007:

Credit card debt	\$	23,087
Total Accrued Expenses	\$	23,087

NOTE 12 OTHER RECEIVABLE

Included in this amount is the currently outstanding SR&ED amount. The Company has been notified that all amounts submitted were accepted in full. Approximately 40% of the total accepted amounts was recorded as a receivable for this period based on information obtained from Revenue Canada. Payment for Revenue Canada should be received in July 2007.

NOTE 13 - DILUTIVE INSTRUMENTS

Stock Options and Warrants

SFAS No. 148, requires the Company to provide pro forma information regarding net loss and net loss per share as if compensation costs for the Company's stock option plans and other stock awards had been determined in accordance with the fair value based method prescribed in SFAS No. 148. The Company estimates the fair value of each stock award at the grant date by using the Black-Scholes option pricing model with the following weighted average assumptions used for grants, respectively; dividend yield of zero percent for all years; expected volatility of 100% to 538% percent for all years; risk-free interest rates of 1% to 6%, and expected lives of 1 to 10 years.

	For the Years Ended	
	March 31,	
2007		2006

Net loss:

As reported	\$(1,924,349)	\$(1,204,504)
Pro Forma	\$(2,539,486)	\$(1,375,452)

Net loss per share:

As reported	\$ (0.07)	\$ (0.04)
Pro Forma	\$ (0.09)	\$ (0.05)

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 13 - DILUTIVE INSTRUMENTS (continued)

On April 1, 2005, the Company issued options to purchase 20,270 shares of common stock to each of its four Board Members, for a total issuance of 81,080 shares at an exercise price of \$0.185 per share. The options were issued as compensation for Board services for the quarters ending September 30, 2004, December 31, 2004, and March 31, 2005.

On May 26, 2005, the Company issued options to purchase 25,000 shares of common stock to seven employees, for a total issuance of 175,000 shares at an exercise price of \$0.50 per share. These options were issued as a bonus to employees for exceptional service to the Company.

On May 26, 2005, the Company issued options to purchase 107,467 shares of common stock to an Officer at an exercise price of \$0.50 per share. These options were issued as a bonus to the Officer for exceptional service to the Company.

On June 30, 2005, the Company issued options to purchase 5,769 shares of common stock to each of its four Board Members, for a total issuance of 23,076 shares at an exercise price of \$0.65 per share. These options were issued as compensation for Board services for the quarter ending June 30, 2005.

On August 24, 2005, the Company issued options to purchase 100,000 shares of common stock to an employee at an exercise price of \$0.61 per share. These options were issued as an additional recruitment incentive.

On September 30, 2005, the Company issued options to purchase 5,597 shares of common stock to each of its three Board Members, for a total issuance of 16,791 shares at an exercise price of \$0.67 per share. These options were issued as compensation for Board services for the quarter ending September 30, 2005.

On December 29, 2005, the Company issued warrants to purchase common stock to a company at exercise prices of \$1.20 and \$1.80 for 2,500,000 shares at each price for a total of 5,000,000 shares. The warrants were issued to a company as a result of the Note Payable Agreement signed by the Company as of that date with Barron Partners, LP.

On December 31, 2005, the Company issued options to purchase 6,048 shares of common stock to each of its three Board Members, for a total issuance of 18,144 shares at an exercise price of \$0.62 per share. These options were issued as compensation for Board services for the quarter ending December 31, 2005.

On February 1, 2006, the Company issued options to purchase 121,429 shares of common stock to a company at an exercise price of \$0.75. These options were issued as compensation to a company for consulting services.

On February 20, 2006, the Company issued options to purchase 50,000 shares of common stock to a company at an exercise price of \$0.60. These options were issued as compensation to a company for consulting services.

On March 1, 2006, the Company issued options to purchase 21,429 shares of common stock to a company at an exercise price of \$0.63. These options were issued as compensation to a company for consulting services.

On March 31, 2006, the Company issued options to purchase 7,075 shares of common stock to each of its three Board Members, for a total issuance of 21,225 shares at an exercise price of \$0.53 per share. These options were issued as compensation for Board services for the quarter ending March 31, 2006.

On March 31, 2006, the Company issued options to purchase 4,737 shares of common stock to each of its four Board Members, for a total issuance of 18,948 shares at an exercise price of \$0.95 per share. These options were issued as compensation for Board services for the quarter ending March 31, 2007.

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 14 - RELATED PARTY TRANSACTIONS

During 2004, the Company issued 305,441 shares of common stock to the Company's President, Anthony A. Maher, in payment of \$32,608 in accrued interest. The stock was valued at the market price of the stock on the dates of conversion, or an average of \$0.11 per share.

During July 2004, the Company issued 250,000 shares of common stock to its Chief Executive Officer, Anthony A. Maher, for the non-cash exercise of options, reducing related party debt by \$17,500.

During October 2004, the Company issued 344,559 shares of common stock at \$0.06 per share to its Chief Executive Officer, Anthony A. Maher, for the non-cash reduction of related party debt of \$20,674.

During the year ended March 31, 2005, the Company repaid debt owed to the President of the Company, Anthony A. Maher, of \$48,828 through cash payments and issuances of common stock.

During September 2005, the Chief Executive Officer, Anthony A. Maher, exercised 100,000 options to purchase common stock for the repayment of debt and accrued interest owed in the amount of \$16,000 for which he received 100,000 shares of common stock.

During January 2006, the Chief Executive Officer, Anthony A. Maher, exercised 25,000 options to purchase common stock for the repayment of debt and accrued interest owed in the amount of \$4,000 for which he received 25,000 shares of common stock.

NOTE 15 ACCOUNTS RECEIVABLE

The Company's accounts receivable for the fiscal year ended March 31, 2007 were \$126,750. This amount was net of an allowance made of \$10,249. The Company made the allowance due to the lack of collection of two accounts.

These accounts have since been turned over to our collection agency, but no progress has been made as of the date of the filing of this Form 10-KSB. The Company has no prior instances where an allowance was made for accounts receivable. It is our policy to make every effort to collect all funds due to the Company within a reasonable time frame.

NOTE 16 - GOING CONCERN

The Company's consolidated financial statements are prepared using Generally Accepted Accounting Principals applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company does not have significant cash or other material assets, nor does it have an established source of revenues sufficient to cover its operating costs. Additionally, the Company has accumulated significant losses, has negative working capital, and a deficit in stockholders' equity. All of these items raise substantial doubt about its ability to continue as a going concern. Management's plans with respect to alleviating the adverse financial conditions that caused shareholders to express substantial doubt about the Company's ability to continue as a going concern are as follows:

During the fiscal year ending March 2007, the Company continued discussions with several target companies for possible merger and acquisition activities. The Company continued to strengthen its strategic alliances with K'NEX, Science Demo, and Eduwise for further product development and enhancement. The Company has also strengthened its international position by installing Learning Labs in Egypt, Dubai, and Saudi Arabia. To date, the Company has continued to develop marketplace strategy for the US market, as well as the international market. Further, the Company is still pursuing merger and acquisition candidates and looking at different marketing strategies to realign products.

PCS EDVENTURES!.COM, INC. AND SUBSIDIARY

Notes to the Consolidated Financial Statements

March 31, 2007 and 2006

NOTE 16 - GOING CONCERN (Continued)

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plan described in the preceding paragraphs and eventually attain profitable operations. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 17 - SUBSEQUENT EVENTS

On April 11, 2007, Prospectus Supplement No. 2 to our SB-2 was filed with the SEC. Supplement No. 2 partially amended all previously submitted Supplements. This Supplement stated that Barron Partners, LP assigned 4.6 million of its 5 million options from Warrant A and Warrant B to Burlingame Equity Investors, LP.

On June 6, 2007, Prospectus Supplement No. 3 to our SB-2 was filed with the SEC. Supplement No. 3 partially amended all previously submitted Supplements. This Supplement stated that the CEO, Anthony Maher, was able to negotiate with Burlingame Equity Investors, LP the original Earnings Before Interest, Tax, Depreciation, and Amortization (EBITDA) downward adjustment, as well as the strike price of each of the warrants. Warrant A has been priced at \$0.68 from \$1.20, while Warrant B has been priced at \$0.97 from \$1.80. An additional provision that was added indicated that the Company may call up to 460,000 options per quarter where the average closing bid price for the stock is greater than \$0.88 and \$1.26 for Warrant A and Warrant B, respectively.

Stock Option Issuance.

In April 2007, the Company issued 25,000 Stock Options to an employee at an exercise price of \$1.28. The issuance was a bonus to the employee based on contribution and longevity with the Company. These options will begin vesting in April 2008. No option may be exercised prior to that date. The options were created to vest in three tiers, with the last tier vesting in April 2010. In accordance with FASB 123(R), the Company expects to book an expense of

\$10,275 in each of the next three fiscal years.

In April 2007, the Company issued Stock Options to all employees of PCS LabMentors, Ltd. The issuance was a bonus to employees based on contribution and longevity with the subsidiary. These options will begin vesting in April 2008. No option may be exercised prior to that date. The options were created to vest in three tiers, with the last tier vesting in April 2010. The total options issued to all employees were 200,000 shares at an exercise price of \$2.37 per share. In accordance with FASB 123(R), the Company expects to book an expense of \$115,642, \$115,642, and \$231,264 in fiscal years 2008, 2009, and 2010, respectively.

Proxy Statement Requests.

None, not applicable.

NOTE 18 RESTATEMENT OF FINANCIAL STATEMENTS

In connection with the preparation of our financial statements for the quarter ended June 30, 2007, we determined that there was an error in accounting treatment and reported amounts in our previously filed financial statements on Form 10-KSB for the fiscal year ended March 31, 2007. As a result, we determined to restate our financial statements for the year ended March 31, 2006 in accordance with FAS 154, *Accounting Changes and Error Corrections*. The restatements are included in this Annual Report on Form 10-KSB/A.

During the period ended March 31, 2007, PCS LabMentors, Ltd. (LabMentors) was notified by its tax accountants that the application for Scientific Research & Education Development (SR&ED) expenditures was approved in full. The full amount applied for by LabMentors was approximately \$230,000. In March 2007, LabMentors accrued for the SR&ED credit at the full amount. Revenue Canada was to forward the checks within 4-6 weeks.

In accordance with SFAS 154 and APB 20, changes accounting estimates are a necessary part of accounting for items that are required in financial statement presentations wherein a future event is expected to occur. In the case of LabMentors, a future payment was expected from Revenue Canada in the amount of approximately \$230,000. An accrual was made to the financial statements of LabMentors as a result thereof. When new information was presented in July, prior to reporting the June 30, 2007 financial statements, it was determined that the amount had changed and resulted in an error in our previously filed financial statements for the year ended March 31, 2007. This change was classified as an error because the change materially affected our *Stockholders Equity* section of our Balance Sheet as a result of misinterpretation of facts presented to management. The estimate was made based on the best information available at the time of the accrual.

These restated financial statements include adjustments related primarily to the following:

Stockholders Equity. The Company has restated its March 31, 2007 financial statements to reflect the information received from Revenue Canada related to the Scientific Research and Educational Development credits that were applied for during the March 31, 2007 fiscal year. The resulting decrease to other income and retained earnings totaled approximately \$130,000 for the year ended March 31, 2007.

The foregoing adjustments did not affect our previously reported cash and cash equivalents balances in prior periods. The following tables present the effect of the restatement adjustments by financial statement line item for the Balance Sheet and Statements of Operation.

	As Reported	As Adjusted	Difference	Change in EPS
For the Year ended March 31, 2007				
Total Assets	\$ 1,491,126	\$ 1,361,296	(129,830)	
Total Liabilities	\$ 782,543	\$ 782,543	-	
Shareholder Equity	\$ 708,583	\$ 578,753	(129,830)	
Net Loss	\$ (1,792,500)	\$ (1,924,349)	(131,849)*	\$(0.01)

*The change amount for the Net Loss amount was slightly different than the Balance Sheet accounts due to the foreign exchange conversion rates. The Balance Sheet is converted based on a single data point, while the Income Statement is based on an average of data points for the entire period presented.

PAGE 80

Item 8. Changes In and Disagreements With Accountants on Accounting and Financial Disclosure.

None.

Item 8(A)T. Controls and Procedures.

Management Annual Report on Internal Controls Over Financial Reporting

On June 1, 2005, the Company's Audit Committee submitted for Board approval the following policies and procedure manuals: Accounting Policies and Procedures; Internal Control Procedures; and Sarbanes-Oxley Compliance. All three manuals were reviewed and unanimously approved by the Board of Directors. In addition to formalizing the Company's already existing policies, the Accounting Policies and Procedures and the Internal Control Procedures manuals include guidelines that offer an additional level of review of financial information. Due to the small accounting staff, the Company viewed this as an area for improvement. We believe that the approval and implementation of these policies with regard to disclosure controls and procedures are effective in timely alerting the Chief Executive Officer and the Chief Financial Officer to material information required to be included in our periodic reports that are filed with the Securities and Exchange Commission. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

As of the end of the period covered by this Annual 10-KSB Report, we carried out an evaluation, under the supervision and with the participation of our President and Audit Committee Chair, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on this evaluation, our President and Chief Financial Officer concluded that our disclosure controls and procedures are effectively designed to ensure that information required to be disclosed or filed by us is recorded, processed or summarized, within the time periods specified in the rules and regulations of the Securities and Exchange Commission. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote. In addition, we reviewed our internal controls, and there have been no significant changes in our internal controls or in other factors that could significantly affect those controls subsequent to the date of their last evaluation.

Changes in Internal Controls Over Financial Reporting

During the past fiscal year, there have been several changes over the internal controls for financial reporting. The changes were in anticipation of the implementation of Sarbanes-Oxley (SOX), as well as the change in personnel within the Company.

During fiscal year 2007, the Company created a new Employee Handbook, updated Accounting Policies and Procedures, as well as created a SOX procedure guideline related to the reliability of financial reporting compliance section. There are added levels within the Company to enhance accuracy, reliability, timeliness, efficiency, and productivity.

Item 8B. Other Information.

None.

PAGE 81

PART III

Item 9. Directors, Executive Officers, Promoters and Control Persons; Compliance with Section 16(a) of the Exchange Act.

Identification of Directors and Executive Officers.

The following table sets forth the name, address, age and position of each officer and director of the Company:

Name	Age	Position
Anthony A. Maher	59	Chairman of the Board, President, and Chief Executive Officer
Robert O. Grover	44	Executive Vice President, Chief Technology Officer
Christina M. Vaughn*	38	Vice President, Chief Compliance Officer
Shannon M. Wilson	27	Vice President, Chief Financial Officer
Donald J. Farley	59	Secretary
Cecil D. Andrus	75	Director
Michael K. McMurray	61	Director
Dehryl A. Dennis	66	Director

*Ms. Vaughn left the Company on June 15, 2007, but her information has been left in as she remained with the Company through fiscal year 2007.

Term of Office.

The terms of office of the current directors shall continue until the annual meeting of stockholders, which has been scheduled by the Board of Directors to be held no later than September of each year. The annual meeting of the Board of Directors immediately follows the annual meeting of stockholders, at which executive officers for the coming year are elected.

Business Experience.

Anthony A. Maher. Mr. Maher was recruited to PCS at its inception as Chairman of the Board, President and Chief Executive Officer and structured the purchase of PCS Schools, Inc. and PCS LabMentors, LTD. Since then, Mr. Maher has overseen the development of the curriculum from four core areas to over 60; the development of its distance developer database; and the creation of its web-based publishing expertise. From 1982 to 1989 he was founder and Chairman of the Board of National Manufacturing Company, Inc. and its subsidiary, National Medical Industries, Inc. From 1979 to 1982, Mr. Maher was Executive Vice President for Littletree Inns, a hotel company based in Boise, Idaho with properties throughout the Northwest. Mr. Maher graduated from Boise State University in 1970 with a Bachelor of Arts degree in Political Science.

Robert O. Grover. Mr. Grover joined PCS at its inception and became Executive Vice President in May 1996. Mr. Grover's current focus is on the development of PCS distance education applications including the web-based support and delivery systems that are integral to PCS Edventures!.com®, Edventures Labs™, the Academy of Engineering™, and PCS LabMentors' software. In 1992, he developed the PCS Merit System that has become the foundation of the PCSEdventures!.COM® learning systems online. Mr. Grover graduated from Boise State University in 1987 with a Bachelor of Arts degree in English.

Christina M. Vaughn. Ms. Vaughn was promoted to Vice President and Chief Compliance Officer on September 1, 2006 and remained in this position until June 15, 2007. Prior to this promotion, she has worked

with the Company as the Vice President and CFO (May 2002-September 2006) and Assistant CFO (September 2000-May 2002). Prior to joining PCS she served eight years as an analyst for the local natural gas utility company. She continues to bring to PCS extensive knowledge of revenue, cash, and cost forecasting, asset/liability mitigation, and managed reporting of commodities pricing, as well as capital project analysis. She graduated, cum laude, in 1990 from the College of Idaho with a Bachelor of Business Administration in Finance, and in 1992 from Atkinson Graduate School of Management/Willamette University with a Masters of Business Administration.

Shannon M. Wilson. Ms. Wilson was promoted to Vice President and Chief Financial Officer on September 1, 2006. Ms. Wilson joined PCS as the Assistant Chief Financial Officer in August 2005 after working as a Chief Accountant for Washington Group International in the financial reporting department-internal reporting. Prior to working for Washington Group International, she was employed as a Registered Paralegal and Office Manager for an intellectual property law firm. She brings to PCS extensive knowledge of legal obligations and proceedings, intellectual property protection needs and management, cash management skills, capital project evaluation, GAAP knowledge, and financial reporting expertise. She graduated in 2002 from Boise State University with a Bachelor of Business Administration in Finance and in 2003 from Boise State University with a Masters of Business Administration. In addition, she is a Registered Paralegal with the National Federation of Paralegal Associates.

Donald J. Farley. Mr. Farley is the Secretary of the Company and acted as the Company's legal counsel from 1994 until 2005. Mr. Farley is a founding partner of the law firm of Hall, Farley, Oberrecht & Blanton, P.A. His legal practice emphasizes litigation and representation of closely held businesses. He has been in private practice since 1975, after serving a two-year judicial clerkship with former United States District Judge J. Blaine Anderson. Mr. Farley is admitted to practice before all state and federal courts in Idaho and has also been admitted to practice before the United States Supreme Court. He is a member of the American Bar Association, the International Association of Defense Counsel, Defense Research Institute, the Idaho State Bar Association and the Association of Trial lawyers of America. Mr. Farley graduated from the University of Idaho in 1970 with a Bachelor of Arts degree in Economics and from the University of Idaho College of Law in 1973.

Cecil D. Andrus. Governor Andrus joined the PCS Board of Directors in November 1995. Following his retirement from public service in January 1995, Mr. Andrus founded and now directs the Andrus Center for Public Policy at Boise State University. Governor Andrus is the first person in the history of Idaho to be elected Governor four different times (1970, 1974, 1986, and 1990). When he retired from public office, he was the senior governor in the United States in length of service. Mr. Andrus resigned as governor in 1977 to become the Secretary of the Interior in the Carter Administration, the first Idahoan to serve in a Presidential Cabinet. Governor Andrus is a former Director of Albertsons and KeyCorp, and a current Director of The Coeur D'Alene Company and Rentrak Corp. He also serves "Of Counsel" to the Gallatin Group, a public affairs and corporate analysis Company, and the Andrus Center for Public Policy at Boise State University.

Dehryl A. Dennis, PhD. Dr. Dennis has had a 36-year career that took him from teaching in small public schools in southwest Idaho to Puerto Rico and Illinois, and then returning to his native state as a district administrator in Boise, Idaho. During his entire professional career, Dr. Dennis was an outspoken advocate for programs that emphasized applied learning. Because of his strong belief that most people learn by "doing rather than thinking about doing", he supported and helped implement off-school site classrooms in malls and hospitals; partnerships with trade unions,

small business, and industry; and cooperative agreements with institutions of higher learning. The success of these programs culminated in the construction of the Dehryl A. Dennis Professional Technical Center, which opened in 1999 and presently serves approximately 900 students from 16 area high schools. Appointed in 1976 as Director of Personnel, he later served as Assistant Superintendent and then Deputy Superintendent until he was appointed District Superintendent in 1994. He remained as Superintendent until his retirement in July 1999.

Michael K. McMurray. Mr. McMurray returned to the Board of PCS after having served from 1989 through 1994. He retired from Boise Cascade after serving there for over 30 years, starting as a Treasury Analyst in 1970, Assistant to Realty Controller from 1971 to 1974, Manager, Cash & Banking from 1974 to 1976, Manager of Banking & Corporate Credit from 1976 to 1980, Assistant Treasurer from 1980 to 1989, and then Assistant Treasurer and Director, Retirement Funds from 1989 until he retired in 2000. Mr. McMurray has

served with distinction on several Boards including Regence Blue Shield of Idaho, American Red Cross, Farmers & Merchants State Bank, Idaho Housing and Finance, Boise Family YMCA, Hillcrest Country Club, and the Downtown Boise Association. He is a graduate of the University of Idaho with a degree in Finance and has completed the Program for Management Development at the Harvard Business School.

Significant Employees.

Joseph A. Khoury. Mr. Khoury is the founder of PCS LabMentors, LTD, formerly known as 511092 N.B. LTD. Prior to forming LabMentors, he was employed as a software engineer with MIMS Consultants, Inc. He brings to PCS extensive knowledge of computer software and network communication systems. He graduated from the University of New Brunswick in 1993 with a Bachelor of Science in Electrical Engineering.

Family relationships.

There are no family relationships between any of our directors or executive officers.

Involvement in certain legal proceedings.

During the past five years, none of our present or former directors, executive officers or persons nominated to become directors or executive officers:

- (1) Filed a petition under the federal bankruptcy laws or any state insolvency law, nor had a receiver, fiscal agent or similar officer appointed by a court for the business or property of such person, or any partnership in which he was a general partner at or within two years before the time of such filing, or any corporation or business association of which he was an executive officer at or within two years before the time of such filing;
- (2) Was convicted in a criminal proceeding or named subject of a pending criminal proceeding (excluding traffic violations and other minor offenses);
- (3) Was the subject of any order, judgment or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining him or her from or otherwise limiting his involvement in

any type of business, securities or banking activities;

(4) Was found by a court of competent jurisdiction in a civil action, by the Securities and Exchange Commission or the Commodity Futures Trading Commission to have violated any federal or state securities law, and the judgment in such civil action or finding by the Securities and Exchange Commission has not been subsequently reversed, suspended, or vacated.

PAGE 84

Compliance with Section 16(a) of the Exchange Act.

PCS believes all forms required to be filed under Section 16 of the Exchange Act for all of the Company's directors and executive officers have been timely filed.

Code of Ethics.

We have adopted a Code of Ethics and it was attached as Exhibit 14 to our 2004 Annual Report.

Nominating Committee.

No changes have been made to the process by which shareholders may nominate a person or persons to serve as a member of the Company's Board of Directors.

Audit Committee.

We chartered an audit committee in 2001 for the purpose of engaging accounting firm(s), which is currently HJ & Associates, LLC, for the annual audit. The audit committee currently consists of Board members, Michael K. McMurray and Cecil D. Andrus. Mr. McMurray is considered an audit committee financial expert based on his previous work experience and the definition contained in Reg. 228.401 Instructions to paragraph (e)(1) of Item 401 of the Sarbanes-Oxley Act. The audit committee continued to implement the formal policy regarding the scope, responsibilities and length of service for the audit committee adopted fiscal year 2005. The audit committee held no formal meetings during fiscal year 2007. However, the audit committee did discuss auditing issues via telephone conference and during regularly scheduled board meetings, after which time the conversations were incorporated into the Company's minutes.

Item 10. Executive Compensation.

Compensation.

SUMMARY COMPENSATION TABLE FOR FISCAL YEARS 2005-2007

The following table provides information relative to compensation paid to our executive officers for the fiscal years ended March 31, 2005 through March 31, 2007. No disclosure is provided for Shannon M. Wilson, VP and Chief Financial Officer, or Christina M. Vaughn, VP and Chief Compliance Officer, because neither had compensation greater than \$100,000 in any of the three fiscal years ended prior to and including March 31, 2007. During the fiscal year ended March 31, 2007, Mr. Grover salary comprised 12.3% of the total compensation paid to all employees, while Mr. Maher's salary comprised 13.4% of the total compensation paid to all employees.

Audit Committee Financial Expert.

We chartered an audit committee in 2001 for the purpose of engaging accounting firm(s), which is currently HJ & Associates, LLC, for the annual audit. The audit committee currently consists of Board members, Michael K. McMurray and Cecil D. Andrus. Mr. McMurray is considered an audit committee financial expert based on his previous work experience and the definition contained in Reg. 228.401 Instructions to paragraph (e)(1) of Item 401 of the Sarbanes-Oxley Act. The audit committee continued to implement the formal policy regarding the scope, responsibilities and length of service for the audit committee adopted fiscal year 2005. The audit committee held no formal meetings during fiscal year 2007. However, the audit committee did discuss auditing issues via telephone conference and during regularly scheduled board meetings, after which time the conversations were incorporated into the Company's minutes.

Compensation of Directors.

Each fiscal year, the Board of Directors sets the dollar amount for the compensation of outside directors for their services. Said compensation shall be in the form of freely tradable PCS common stock at its then bid price, or in the form of stock options to purchase PCS common stock at its then current bid price. For fiscal years 2006 and 2005, the Board of Directors set the amounts for each of said fiscal years. It is the current practice of the Company to issue this compensation in the form of options that vest immediately upon execution of each agreement. The current CEO is excluded from receiving additional compensation as a Board member beginning the second fiscal quarter of 2006 by unanimous consent of the Board and his own request.

PAGE 89

The following table shows awards and payments to members of our board as compensation in accordance with the board approved director compensation. The table excludes our Chairman, who is also an executive officer. The Chairman's compensation is fully reflected in the Summary Compensation Table.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension value and Nonqualified Deferred Compensation Earnings	All Other Compensation (\$)	Total (\$)

Employment Agreements.

We have no written employment agreements with our management with the exception of our subsidiary president, Joseph A. Khoury. The contract was effective December 1, 2005 and expires after six months. The contract automatically renews for twelve-month periods, but may be terminated with ninety (90) days written notice by either party. The contract provides for a salary of \$60,000 (Canadian dollars) per year, as well as issuance of Rule 144 stock if certain performance goals are met by the subsidiary as established by the Board.

Currently, the Company is paying the officers the following annual salaries: Anthony A. Maher - \$120,000; Robert O. Grover - \$100,000; Christina M. Vaughn - \$24,000; and Shannon M. Wilson - \$75,000. The Company also makes available medical and dental insurance coverage for its officers and other U.S. employees.

Stock Option Plans and Other Incentive Compensation Plans.

None, not applicable.

Item 11. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

Securities authorized for issuance under equity compensation plans.

None.

(eight persons)

(1) Unless otherwise noted above, we believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them. For purposes hereof, a person is deemed to be the beneficial owner of securities that can be acquired by such person within 60 days from the date hereof upon the exercise of warrants or options or the conversion of convertible securities. Each beneficial owner's percentage of ownership is determined by assuming that any warrants, options or convertible securities that are held by such person (but not those held by any other person) and which are exercisable within 60 days from the date hereof, have been exercised. There are currently no beneficial owners, as defined by the Securities Exchange Commission as owners with greater than 10% ownership, other than our directors and executive officers.

(2) Based upon 33,865,752 shares outstanding as of the first date listed in this section.

(3) This is the amount exercisable by the directors and executive officers as of June 13, 2007.

(4) Includes (i) 2,277,968 shares owned of record by Mr. Maher; (ii) 9,500 shares which are beneficially owned by Sullivan Maher, LLC, for which Mr. Maher acts as a manager (iii) 35,000 shares owned by the Nick Maher Foundation, of which Mr. Maher is a trustee; (iv) 4,500 shares owned by E. L. Sullivan which are voted by Mr. Maher pursuant to an irrevocable proxy; and (v) 30,000 shares owned by the Maher Family Partnership LLP; and (vi) 47,411 shares which may be issued upon the exercise of currently exercisable stock options.

Changes in control.

To our knowledge, there are no present arrangements or pledges of our securities that may result in a change in control of our company.

Item 12. Certain Relationships and Related Transactions.

Transactions with related persons.

During the last two fiscal years ended March 31, 2007, and 2006, we have granted certain stock options to members of our management.

During the month of April 2005, we issued options to purchase 20,270 shares of common stock to each of our four Board Members, for a total issuance of 80,080 at an exercise price of \$0.185 per share. The options were issued as compensation for Board services for the quarter ending March 31, 2005.

During the month of June 2005, we issued options to purchase 5,769 shares of common stock to each of our four Board Members, for a total issuance of 23,076 shares at an exercise price of \$0.65 per share. The options we reissued as compensation for Board services for the quarter ending June 30, 2005.

During September 2005, our Chief Executive Officer, Anthony A. Maher, exercised 100,000 options to purchase common stock for the repayment of debt and accrued interest owed in the amount of \$16,000 for which he received

100,000 shares of common stock.

During the month of September 2005, we issued options to purchase 5,597 shares of common stock to each of our three Board Members, the CEO, Anthony A. Maher is excluded from all future issuances of Board compensation per his request and consent minutes of the Board, for a total issuance of 16,791 shares at an exercise price of \$0.67 per share. The options were issued as compensation for Board services for the quarter ending September 30, 2005.

During the month of December 2005, we issued options to purchase 6,048 shares of common stock to each of our three Board Members for a total issuance of 18,144 shares at an exercise price of \$0.62 per share. The options were issued as compensation for Board services for the quarter ending December 31, 2005.

During January 2006, our Chief Executive Officer, Anthony A. Maher, exercised 25,000 options to purchase common stock for the repayment of debt and accrued interest owed in the amount of \$4,000 for which he received 25,000 shares of common stock.

During the month of March 2006, we issued options to purchase 7,075 shares of our common stock to each of our three Board Members for a total issuance of 21,225 shares at an exercise price of \$0.53 per share. The options were issued as compensation for Board services for the quarter ending March 31, 2006.

During June 2006, our Chief Executive Officer, Anthony A. Maher, exercised 25,000 options to purchase common stock for the repayment of debt and accrued interest owed in the amount of \$4,000 for which he received 25,000 shares of common stock.

During the month of June 2006, we issued options to purchase 6,250 shares of our common stock to each of our three Board Members for a total issuance of 18,750 shares at an exercise price of \$0.60 per share. The options were issued as compensation for Board services for the quarter ending June 30, 2006.

During the month of September 2006, we issued options to purchase 8,333 shares of our common stock to each of our four Board Members for a total issuance of 24,999 shares at an exercise price of \$0.45 per share. The options were issued as compensation for Board services for the quarter ending September 30, 2006.

During October 2006, our Chief Executive Officer, Anthony A. Maher, exercised 30,000 options to purchase common stock for the repayment of debt and accrued interest owed in the amount of \$4,800 for which he received 30,000 shares of common stock.

During the month of December 2006, we issued options to purchase 8,929 shares of our common stock to each of our four Board Members for a total issuance of 35,716 shares at an exercise price of \$0.42 per share. The options were issued as compensation for Board services for the quarter ending December 31, 2006.

During February 2006, our Chief Executive Officer, Anthony A. Maher, exercised 30,000 options to purchase common stock for the repayment of debt and accrued interest owed in the amount of \$4,000 for which he received 30,000 shares of common stock.

During the month of March 2007, we issued options to purchase 4,737 shares of our common stock to each of our four Board Members for a total issuance of 18,948 shares at an exercise price of \$0.95 per share. The options were issued as compensation for Board services for the quarter ending March 31, 2007.
