ARDENT MINES LIMITED
(An Exploration Stage Company)
NOTES TO UNAUDITED FINANCIAL STATEMENTS

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Ardent Mines Limited, have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission, and should be read in conjunction with the audited financial statements and notes thereto contained in Ardent Mine's Annual Report filed with the SEC on Form 10-K for the fiscal year ended June 30, 2010. In the opinion of management, all adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which substantially duplicate the disclosure contained in the audited financial statements for the fiscal year ended June 30, 2010 as reported in the Form 10-K have been omitted.

NOTE 2 - GOING CONCERN

From July 27, 2000 (date of inception) to September 30, 2010, Ardent Mines Limited has incurred an accumulated deficit and has a working capital deficit at September 30, 2010. The ability of Ardent Mines to emerge from the exploration stage with respect to any planned principal business activity is dependent upon its successful efforts to raise additional equity financing and/or attain profitable mining operations. Management has plans to seek additional capital through a private placement and public offering of its common stock. There is no guarantee that Ardent Mines will be able to complete any of the above objectives. These factors raise substantial doubt regarding the Ardent Mines' ability to continue as a going concern.

NOTE 3 - LOANS

On August 31, 2010, we borrowed \$100,000 from CRG Finance AG at a rate of 7.5% per annum. The loan, plus any interest accumulated, is due upon demand after one year.

NOTE 4 - ADVANCES

As of September 30, 2010, Ardent Mines owes Urmas Turu, former president, \$43,554 that was used for payment of expenses on behalf of the Company. The amount has no terms of repayment, is unsecured, and bears no interest.

NOTE 5- RELATED PARTY TRANSACTIONS

Pursuant to the Employment Agreement, on September 27, 2010 Mr. Riera was granted fifty thousand (50,000) restricted shares of the Company's common stock (the "Shares"). In consideration for services rendered to the Company, Mr. Riera shall be paid a base salary of Twenty Thousand U.S. Dollars (\$20,000) per month ("Base Salary"). Base Salary shall be paid retroactive to August 15, 2010. As of September 30, 2010 \$10,000 was accrued for.

NOTE 6 – SUBSEQUENT EVENTS

On October 19, 2010, the Company entered into a Convertible Promissory Note with CRG Finance AG, which is contingent upon a major acquisition which has not yet occurred. The Lender has agreed to loan up to \$1,000,000 which may be drawn down in tranches at a 7.5% interest rate. After the first anniversary thereof, the loan shall be due thirty (30) days after a demand is made by the Lender. In lieu of payment in cash, the Lender may request that the

Company repay any or all of the principal and/or interest in the form of restricted common stock at a price per share equal to 80% of the average closing price of the Company's common stock over the 30 days immediately preceding the closing of the major acquisition.

Introduction

We were incorporated in Nevada on July 27, 2000. We are presently engaged in the acquisition of mining properties. The Company's address is 100 Wall Street, 21st Floor, New York, NY 10005. The Company's telephone number is (561) 989-3200.

In August 2000, we acquired the right to prospect one mineral property containing eight mining claims located on Copperkettle Creek in British Columbia, Canada. We have allowed these claims to lapse. From August 26, 2006 to December 11, 2006, we did not conduct any operations. During that period, we intended to identify an acquisition or merger candidate with ongoing operations in any field. However in December 2006 we decided to acquire the right to explore a new property in British Columbia and returned to the business of mineral exploration. On April 30, 2009, the Company decided not to renew certain claims due to a lack of capital. To date we have not performed any work on developing claims in Canada, and we no longer plan to pursue such development. The Company determined to pursue other mining development opportunities.

During the period covered by this Report, the Company has expanded its Board of Directors, appointed new officers, and entered into a Letter of Intent for the acquisition of a Brazilian mining company. The Company is continuing to negotiate, and perform due diligence related to the acquisition of the Brazilian company, and is exploring other potential acquisitions.

The Company's Current Business Operations

Change of Officers and Directors

On August 25, 2010, Mr. Urmas Turu resigned as the President of the Company. He shall remain a member of the Company's Board of Directors and as the Company's Secretary and Treasurer until qualified replacements are appointed. On August 25, 2010, Mr. Leonardo Alberto Riera was appointed as a member of the Company's Board of Directors and as the President of the Company. On September 2, 2010, Mr. Luis Feliu was appointed as the Chief

Financial Officer of the Company. Mr. Riera and Mr. Feliu will both devote the majority of their time to the Company's operations.

On September 1, 2010, we executed a consulting agreement to pay Executive Consulting Services Group (ECS) \$1,000 per month on a month-by-month basis, renewable by mutual agreement. ECS provides administrative support for the day-to-day operations of the Company. Such administrative duties include maintaining compliance with regulatory agencies, maintaining the Corporate Minute Book and acting as the Company's bookkeeper.

Letter of Intent to Acquire Rio Sao Pedro Mineracao LTDA

On September 25, 2010, the Company entered into a letter of intent (the "Letter of Intent") with Rio Sao Pedro Mineracao LTDA ("Rio Sao Pedro"), a Brazilian mining company. Rio Sao Pedro owns a prospective gold mine, the "Fazenda Lavras," which is near the Morro do Ouro mine of Kinross Gold Corporation in the city of Paracatu, located in the State of Minas Gerais, Brazil. The Rio Sao Pedro Fazenda Lavras property covers approximately 211 hectares (approximately 521 acres), with gold mining rights and other mineral rights on a total of 828 hectares (approximately 2,046 acres). Subject to the closing of the transaction, Rio Sao Pedro will become a wholly owned subsidiary of the Company.

Pursuant to the Letter of Intent, the Company will acquire all of the issued and outstanding equity interests in Rio Sao Pedro from its shareholders (the "Sellers"). In consideration for the acquisition of Rio Sao Pedro, the Company will issue 14,957,650 shares of Company common stock (the "Ardent Shares"). The Ardent Shares shall represent, as of the date of their issuance to the Sellers, fifty percent (50%) of the issued and outstanding equity shares of the Company. At the closing of the transaction, the Sellers will be entitled to appoint a representative to the Company's Board of Directors.

The closing of the transaction is subject to customary closing conditions, including the completion of an independent geology survey, completion of audited financial statements, acquisition of all necessary government approvals to commence gold mining on the property, completion of due diligence satisfactory to the Company in its sole discretion, and execution of detailed final agreements supplementing the terms and conditions of the Letter of Intent, including, without limitation, representations regarding the validity of the assessments of all gold ore reserves, the status of all government licenses and related matters. The Company will cover and pay for certain of the pre-closing actions and satisfy certain third-party liens on the Fazenda Lavras property. The Company has agreed to place certain good faith pre-closing funds into escrow. The parties have also agreed that if the Company's share price does not reach certain benchmarks within a specified period of time, the Sellers of Rio Pedro Mineracao will have a put right with respect to their shares, pursuant to which they may retake title to their original Rio Sao Pedro Shares. The parties have agreed to use their best efforts to finalize and sign supplemental detailed agreements as soon as reasonably possible within a target date of ninety days of September 30, 2010. Rio Sao Pedro and the Sellers have agreed to definitive exclusivity and not to solicit or negotiate any alternative transactions.

On September 27, 2010, the Company entered into a Corporate Development Services Agreement (the “Services Agreement”) with CRG Finance AG (“CRG”). CRG shall be paid \$10,000 per month of the Advisory Services Fee beginning September 1, 2010, with the balance of \$15,000 per month of the Advisory Services Fees together with the Inception Payment accruing until completion of the first Company financing following the date of this Agreement when such accruals shall be fully due and payable. In consideration of any and all Investment Banking Services provided to the Company, CRG shall receive in cash ten percent (10%) of the total value of each such transaction, payable at the closing of each such transaction. The Services Agreement also contains provisions for the reimbursement of reasonable expenses incurred by CRG, and for indemnification of CRG and its affiliates from claims related to the services provided under the Services Agreement. The term of the Services Agreement shall be three years, and may be terminated at any time for any reason by CRG upon not less than thirty (30) days’ advance written notice.

Employment Agreement with Leonardo Riera

Effective as of September 27, 2010, the Company has entered into an Employment Agreement with Leonardo Riera regarding his service as President and Chief Executive Officer of the Company. Ten thousand U.S. Dollars (\$10,000) of the Base Salary shall be payable incrementally on a monthly basis and pro-rated for any partial month of employment, less any applicable statutory and regulatory deductions, which shall be payable in accordance with the Company’s regular payroll practices, as the same may be modified from time to time. The remainder of the Base Salary shall accrue until such time as the Company shall have received capital investments in the amount of ten million U.S. Dollars (\$10,000,000), at which time all accrued and unpaid amounts shall be due and payable.

Pursuant to the Employment Agreement, Mr. Riera shall be granted fifty thousand (50,000) restricted shares of the Company’s common stock (the “Shares”). Until the second anniversary of the date hereof, the Shares may not be sold, transferred, used as security for a loan or otherwise encumbered, except for customary estate planning exceptions. The Employment Agreement also contains customary provisions regarding protection of Company trade

secrets, non-solicitation of Company employees or customers and non-competition with the Company during the term of the Agreement.

Liquidity and Capital Resources

As of the date of this Report, we have yet to generate any revenues from our business operations. The Company has raised funds through the sale of equity and borrowing. The Company will need to raise additional capital to commence operations. The amount of capital required will be determined by the size and nature of the mining projects which the Company may commence in the future. We have no assurance that financing will be available to us on acceptable terms. If financing is not available on satisfactory terms, we may be unable to continue, develop or expand our operations. Any equity financing we may pursue will result in additional dilution to existing shareholders.

On July 27, 2007 we completed our private placement. We raised \$82,432 by selling 8,243,200 shares of common stock at a price of \$0.01 per share to twelve investors. The proceeds of the offering have been used to sustain operations through the date of this Report.

As of September 30, 2010, both our current and total assets were equal to \$9,880, consisting entirely of cash. This represented an increase from our current and total assets as of June 30, 2010, which were both equal to \$4,736, and also consisted entirely of cash. As of September 30, 2010, our current and total liabilities were \$159,614. As of such date, we had a shareholder's deficit of \$149,734.
