Item 1.01 Entry into a Material Definitive Agreement

On June 16, 2011, Royal Gold, Inc. (“Royal Gold” or the “Company”), through its wholly owned subsidiary RGLD Gold Canada, Inc. (“RGLD Canada”), entered into a Subscription Agreement and an Option Agreement with Seabridge Gold, Inc. (“Seabridge”) to (i) make a C\$30 million initial equity investment in the common shares of Seabridge (“Common Shares”), (ii) acquire an option to obtain a 1.25% net smelter return royalty (the “Initial Royalty”) on all of the gold and silver production from the Kerr-Sulphurets-Mitchell project (the “Project”) in northwest British Columbia, (iii) acquire an option to make a second equity investment in the Common Shares of up to C\$18 million and (iv) acquire a second option to increase the Initial Royalty to a 2.00% net smelter return royalty (the “Increased Royalty”).

Pursuant to the Subscription Agreement, upon the receipt by Seabridge of Toronto Stock Exchange (“TSX”) and NYSE Amex approvals and the satisfaction of other customary closing conditions, the Company will acquire 1,019,000 Common Shares (the “Initial Shares”) in a private placement for C\$30 million at a per share price equal to C\$29.44, which represents a premium of 15% to the volume weighted average trading price of the Common Shares on the TSX for the five trading day period that ended June 14, 2011.

Pursuant to the Option Agreement, if the Company holds the Initial Shares for a period of 270 days, the Company will have the option to acquire the Initial Royalty for a purchase price of C\$100 million, payable in three installments over a 540 day period, which amount may be reduced to an amount equal to the Canadian Dollar equivalent of USD\$125 million based on the prevailing exchange rate on the day before the Company makes the first installment payment. The terms and conditions of the Initial Royalty are contained in the Form of Royalty Agreement attached as Schedule B to the Option Agreement (the “Form of Royalty Agreement”).

Pursuant to the Option Agreement, the Company also has an option to acquire in a private placement additional Common Shares in an amount up to C\$18 million (the “Subsequent Shares”), which is exercisable within 18 months of the purchase of the Initial Shares. The purchase price for the Subsequent Shares will be a 15% premium to the volume weighted average trading price of the Common Shares on the TSX for the five trading day period ending two days prior to the delivery by the Company of notice of exercise of its option to acquire the Subsequent Shares. If the Company exercises its option to acquire the Subsequent Shares and holds the Subsequent Shares for a period of 270 days, the Company will have the option to increase the Initial Royalty to the Increased Royalty for a purchase price of C\$60 million, payable in three installments over a 540 day period, which amount may be reduced to an amount equal to the Canadian Dollar equivalent of USD\$75 million based on the prevailing exchange rate on the day before the Company makes the first installment payment. The terms and conditions of the Increased Royalty are contained in the Form of Royalty Agreement.

The options to acquire the Initial Royalty and the Increased Royalty will remain exercisable by the Company for 60 days following the Company’s satisfaction that, among other items, the Project has received all material approvals and permits and that Seabridge has demonstrated that it has sufficient funding for construction of and commencement of commercial production from the Project. Pursuant to the Option Agreement, proceeds of the exercise of the Initial Royalty and the Increased Royalty will be used by Seabridge to develop and construct the Project.

The foregoing description of the terms of the Option Agreement and the Subscription Agreement is qualified in its entirety by the Option Agreement and the Subscription Agreement, which are filed herewith as Exhibit 10.1 and Exhibit 10.2, respectively, and incorporated into this Item 1.01 by reference.
