**Use of Non-GAAP Financial Information**

Cirrus Logic has included in its earnings release certain financial information that has not been prepared in accordance with GAAP. A reconciliation of such non-GAAP financial information to the most comparable GAAP information is included in the financial statements portion of the earnings release, as well as on our Web site in the Investors section at [www.cirrus.com](http://www.cirrus.com), as required under the rules of the Securities and Exchange Commission regarding the use of non-GAAP financial measures. This non-GAAP financial information is not meant as a substitute for the company’s GAAP results, but is included solely for informational and comparative purposes. Cirrus Logic management believes that certain non-GAAP financial information is useful to investors because it can enhance their understanding of the results and trends in the company’s business, and therefore uses this non-GAAP financial information internally to evaluate and manage the company’s operations.
