PROXY STATEMENT FOR ANNUAL MEETING
OF SHAREHOLDERS TO BE HELD October 15, 2010

The information set forth in this proxy statement is furnished in connection with the Annual Meeting of Shareholders of Cal-Maine Foods, Inc. (the "Company") to be held on October 15, 2010, at 10:00 a.m., local time, at our headquarters, 3320 Woodrow Wilson Drive, Jackson, Mississippi. A copy of our Annual Report to Shareholders for the fiscal year ended May 29, 2010, accompanies this proxy statement. Our telephone number is (601) 948-6813. The terms "we," "us" and "our" used in this proxy statement mean the Company.

Additional copies of the Annual Report (not including exhibits), Notice, Proxy Statement and Proxy card will be furnished without charge to any Shareholder upon written request to: Cal-Maine Foods, Inc., ATTN: Timothy A. Dawson, Secretary, Post Office Box 2960, Jackson, Mississippi 39207. Exhibits to the Annual Report may be furnished to Shareholders upon the payment of an amount equal to the reasonable expenses incurred in furnishing such exhibits. A list of the shareholders of record on the record date will be available for inspection at the above address for 10 days preceding the date of the Annual Meeting.

Our Board of Directors is soliciting the enclosed proxy. The proxy may be revoked by a shareholder at any time before it is voted by filing with our Secretary a written revocation or a duly executed proxy bearing a later date. The proxy also may be revoked by a shareholder attending the meeting, withdrawing the proxy, and voting in person.

All expenses incurred in connection with the solicitation of proxies will be paid by us. In addition to the solicitations of proxies by mail, our directors, officers, and regular employees may solicit proxies in person or by telephone. We will, upon request, reimburse banks, brokerage houses and other institutions, and fiduciaries for their expenses in forwarding proxy material to their principals. No proxies will be solicited via the Internet or web site posting.

This proxy statement, the enclosed form of proxy and the other accompanying materials are first being mailed to shareholders on or about September 9, 2010. Shareholders of record at the close of business on August 26, 2010, are eligible to vote at the Annual Meeting. As of the record date, 21,453,091 shares of our common stock were outstanding, and 2,400,000 shares of our Class A common stock were outstanding. Each share of common stock is entitled to one vote on each matter to be considered at the Annual Meeting. Each share of Class A common stock is entitled to 10 votes on each such matter. Both the shares of common stock and the shares of Class A common stock have the right of cumulative voting in the election of directors. Cumulative voting means that each shareholder will be entitled to cast as many votes as he or she has the right to cast (before cumulating votes), multiplied by the number of directors to be elected. All such votes may be cast for a single nominee or may be distributed among the nominees to be voted for as the shareholder sees fit. To exercise cumulative voting rights by proxy, a shareholder must clearly designate the number of votes to be cast for any given nominee.

Shares represented by a properly executed and returned proxy card will be voted at the Annual Meeting in accordance with the instructions indicated thereon. If no instructions are indicated, the person or persons named in the proxy will vote:

- n for election of the seven nominees to serve as directors of the Company;
- n for the ratification of the appointment of Frazer Frost LLP;
- n against the resolution proposed by The Humane Society of the United States; and
- n in their discretion with respect to such other business as may come before the Annual Meeting.

The election of directors requires a plurality of the votes cast. Abstentions and broker non-votes are counted only for purposes of determining whether a quorum is present at the meeting.

While we are not soliciting proxies by internet, interested persons may access this proxy statement at <http://phx.corporate-ir.net/phoenix.zhtml?c=86814&p=irol-proxy>.

In accordance with our bylaws and Delaware law, the Board will appoint two inspectors of election. The inspectors will take charge of and will count the votes and ballots cast at the Annual Meeting and will make a written report on their determination. We encourage you to read this entire document carefully.

Diversity of Our Board

We believe our Board of Directors constitutes a diverse group of highly qualified individuals. Messrs. Adams and Looper bring a breadth of experience in the poultry and related fields to the Board. They have an extensive knowledge of both current and past practices in the egg industry, enjoy outstanding and close relationships with many, if not the majority, of the leaders in the industry and thereby can contribute a broad range of viewpoints from within the industry to the deliberations of the Board. Mr. Adams is the founder of the Company and has been in the egg business most of his adult life after starting with the Ralston Purina Company. Mr. Looper also brings an extensive scope of experience to bear on Company management.

Mr. Baker is our President and Chief Operations Officer and as such brings a highly informed view of Company operations to the Board activities. Mr. Baker is highly active in industry organizations and therefore has access to feedback from other industry leaders as to industry-wide conditions, experience of others in addressing a continuously changing spectrum of problems and opportunities in the egg industry.

Mr. Dawson has extensive industrial accounting experience having served as the Chief Financial Officer of Mississippi Chemical Corporation, a publically traded company in the fertilizer industry. Mr. Dawson's background involves extensive contact with both members of the agricultural community as well as experience in addressing the financial management of a large agricultural enterprise.

While both Messrs. Poole and Sanders are Certified Public Accountants, they bring a diversity of viewpoints to their Board positions. Mr. Poole is a principal in one of the larger public accounting firms in the State of Mississippi serving a broad scope of clients. He brings not only accounting expertise to the Board but also a broad knowledge of the general business climate within which the Company is operating. He brings a particularly practical approach to the issues presented to our Board. Mr. Sanders, also a Certified Public Accountant, brings academic accounting experience to bear on the Board's deliberations. Mr. Sanders headed the local Jackson, Mississippi office of Ernst and Young. As Managing Partner of Ernst and Young he was presented with a multitude of accounting issues raised by a client base consisting of many types of business. Subsequent to retiring from Ernst and Young, Mr. Sanders has served as a lecturer in the Adkerson School of Accounting at Mississippi State University therefore bringing current academic experience to matters being considered by our Board.

Ms. Hughes is head of Private Banking for Trustmark National Bank, a large regional bank in the southeastern portion of the United States and has been invaluable to the deliberations of the Board by bringing to bear her views and experience as a lending officer for a large bank. In a volatile industry such as the egg industry, Ms. Hughes has given the Board invaluable insights into the Company's relationship with its lenders.

Board and Committee Meetings

The Board of Directors of the Company held four regular meetings and no special meetings in the fiscal year ended May 29, 2010. The Executive Committee of the Board presently consists of Messrs. Adams, Baker and Dawson. The Board also has a Compensation Committee consisting of Mr. Adams, Mr. Poole, Ms. Hughes and an Audit Committee consisting of Ms. Hughes, Mr. Poole and Mr. Sanders. The Board does not have a nominating committee. This

function is performed by the Executive Committee.

The Executive Committee may exercise all of the powers of the full Board of Directors, except for certain major actions, such as the adoption of an agreement of merger or consolidation, the recommendation to stockholders of the disposition of substantially all of the Company's assets or a dissolution of the Company, and the declaration of a dividend or authorization of an issuance of stock. The Executive Committee acts on matters, within the scope of its authority, between meetings of the full Board. During the last fiscal year, no in person meetings of the Executive Committee were held, and the Committee, pursuant to Delaware law, took action by unanimous written consent on six occasions. The full Board of Directors took no action by written consent during the last fiscal year.

The Compensation Committee reviews and recommends to the Board of Directors the compensation and benefits of all officers of the Company, reviews general policy matters relating to compensation and benefits of employees of the Company, including the issuance of stock options to the Company's officers, employees and directors. The Compensation Committee met two times during the last fiscal year.

The Audit Committee, which is composed of three independent directors, meets with management, internal auditors, and the Company's independent auditors to determine the adequacy of internal controls, to recommend auditors for the Company and other financial matters. The Audit Committee held four regular and no special meetings during the last fiscal year.

Each member of our Board of Directors attended 75 percent or more of the total meetings of the Board and all committees of the Board on which he or she served during the last fiscal year.

While the Board of Directors does not have a specific policy as to directors' attendance at the Annual Meeting of Shareholders, such attendance is encouraged. All directors attended the meeting of shareholders held on September 30, 2009.

The independent directors of the Company met in executive session without any representatives of management being present on at least one occasion during the last fiscal year.

Report of the Audit Committee

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. A copy of the Charter of the Audit Committee is attached as Appendix A. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with Frazer Frost LLP, independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of nonaudit services with the auditors' independence.

The Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended May 29, 2010, filed with the Securities and Exchange Commission.

All members of the Audit Committee are deemed by the Board of Directors to be financial experts.

James E. Poole, Audit Committee Member

Steve W. Sanders, Audit Committee Member

Certain Corporate Governance Matters

The Securities and Exchange Commission approved amendments to the NASDAQ stock market qualitative listing standards to require that a majority of a listed company's directors be independent and that a compensation committee and nominating committee of the Board composed solely of independent directors be established. The new standards are not applicable to any company where more than 50 percent of the voting power is held by one individual or group. Fred R. Adams, Jr., Chairman of the Board and Chief Executive Officer of the Company, owns capital stock of the Company entitling him to 53.9 percent of the total voting power. Accordingly, the Company is exempt from those NASDAQ listing standards. However, a NASDAQ listing standard requiring the independent directors of the board to have regularly scheduled meetings at which only independent directors are present is applicable to the Company. At least one such meeting was held during the fiscal year ended May 29, 2010. NASDAQ qualitative listing standards require companies to adopt a code of business conduct and ethics applicable to all directors, officers and employees that is in compliance with certain provisions in the Sarbanes-Oxley Act of 2002. The Board of Directors adopted a code in 2004. Our Code of Ethics is posted on our web site.

The listing standards also require all related party transactions to which the Company's directors or officers are parties be reviewed for potential conflicts of interests on an ongoing basis by, and all such transactions be approved by, the Company's Audit Committee or another independent committee of the Board of Directors. During the fiscal year ended May 29, 2010, no related party transactions took place.

Additional NASDAQ listing standards approved by the Securities and Exchange Commission require that the Audit Committee (i) be composed solely of independent directors; (ii) be directly responsible for the appointment, compensation, retention and oversight of the independent auditor, which must report directly to the audit committee; (iii) establish procedures to receive, retain, and treat complaints regarding accounting, internal accounting controls and auditing matters, including procedures for employees' confidential, anonymous submissions of concerns regarding questionable accounting or auditing matters; (iv) have the authority to engage independent counsel and other advisors when the committee determines such outside advice is necessary; and (v) be adequately funded by the Company. Our Audit Committee is in compliance with these standards.

The Board of Directors does not have a separate standing nominating committee. The Executive Committee of the Board of Directors fulfills this function. Messrs. Adams, Baker and Dawson are the members of the Executive Committee. The Executive Committee does not have a charter that addresses the nominating function. As a "controlled company," the independence requirements of NASDAQ Rule 4350(c) do not apply to the Company.

Until the resignation of Mr. George A. Rabinoff in 1982, he served as Chairman of the Board of Directors, and Mr. Adams served as President and Chief Executive Officer. Mr. Rabinoff headed the West Coast operations for the Company. The Company divested its West Coast operations and Mr. Rabinoff resigned. Due to the operational organization of the Company the Board determined there was no particular advantage to having a separate Chairman of the Board and Chief Executive Officer. Accordingly, after the resignation of Mr. Rabinoff, Mr. Adams became Chairman of the Board of Directors and continued to serve as Chief Executive Officer.

Subsequent to the resignation of Mr. Rabinoff, experience showed that having the same person serve as Chairman of the Board and Chief Executive Officer was an efficient method of operation for the Company. Additionally, another

factor involved in deciding to combine such positions was the fact that Mr. Adams and his family own in excess of 50 per cent of the voting power of the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10 percent of a registered class of our equity securities, such as the common stock, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Such persons are also required to furnish us with copies of all forms they file under this regulation. To our knowledge, based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, for the fiscal year ended May 29, 2010, all Section 16(a) reports applicable to its directors and executive officers were filed.

Certain Transactions

The Company owns approximately 29.1 percent of the non-voting stock of Egglund's Best, Inc. ("Egglund's Best"), a specialty egg marketing firm. During the fiscal year ended May 29, 2010, the Company paid approximately \$17,400,000 to Egglund's Best for merchandising services. Mr. Baker, President, Chief Operating Officer and director of the Company, is a director of Egglund's Best.

COMPENSATION DISCUSSION AND ANALYSIS

We are the only publicly held company in the United States, insofar as we can determine, whose primary business is the commercial production, processing, and sale of shell eggs. While a few of our competitors are divisions of public companies, in each such case the shell egg division does not constitute the primary business of those companies. Accordingly, there is little, if any, public information available relative to the compensation paid by our competitors. It is our intent to compensate our employees at a level that will appropriately reward them for their performance, minimize the number of employees leaving our employment because of compensation issues, and enable us to attract needed talent as our business expands. Even though we have not lost many management level employees to our competitors, we believe our management is not the highest paid management group in the egg business. Our philosophy is to provide compensation to our management that falls in the upper middle range of industry compensation.

As more than 50 percent of our voting stock is owned by members of the Adams Family, we are a controlled company as defined in Rule 4350(c)(5) of the NASDAQ Rules. As such, we are not required to have the compensation of our named executive officers determined by a majority of our independent directors or a Compensation Committee composed entirely of the independent directors. However our independent directors, who constitute two of the three members of the Compensation Committee, do play a significant role in determining the compensation of our named executive officers. We divide our executive officers into two categories for compensation purposes. The first are members of the Executive Committee of our Board of Directors which is composed of Messrs. Adams, Baker and Dawson. The compensation of the members of the Executive Committee is primarily determined by the Executive Committee which submits its recommendation to the Compensation Committee for approval. The compensation for other executives or officers, including named executive officers not members of the Executive Committee, is determined by the Compensation Committee.

In our opinion the compensation policies of the Company are not likely to produce a material adverse effect on the Company. No single Officer has compensation structured so that it would likely result in such Officer subjecting the Company to unusual or extraordinary risks.

Our Company does not utilize compensation consultants in either the formation or implementation of our compensation policies.

Elements of Compensation

Our total compensation package which we provide to each of our named executive officers consists of a base salary, a cash bonus, equity compensation, automobiles, company paid insurance and dues. Additionally, the named executive officers participate in deferred compensation plans and are eligible for an enhanced health plan. The Company does not believe its compensation practices will cause any named executive officer to take any action that will increase the risks to which the Company is subject.

Bonus Plans

Our named executive officers, with the exception of the members of the Executive Committee (Messrs. Adams, Baker and Dawson), are covered by our general bonus program. The amount of bonus which can be earned by our named executive officers is an amount equal to 50 percent of the total of their base salary plus such officer's prior year's bonus.

Of the potential bonus that can be earned by a named executive officer, 50 percent is based on our profitability. If we earn a minimum profit, on a pre-tax basis, of five cents per dozen eggs produced, each named executive officer will

earn the full portion of his bonus attributable to our profitability. If our profit is less than five cents per dozen eggs produced, the officer's bonus is reduced by a corresponding percentage.

The remaining bonus that can be earned by a named executive officer is based on such officer's performance as evaluated by our President.

There is constant contact and interplay among our President and the various named executive officers. This contact gives our President an ongoing opportunity to be aware of the overall efficiency, cooperativeness, enthusiasm, judgment and attitude that each named executive officer brings to the performance of his duties. Our President's observation of these elements forms the basis of his opinion as to how such named executive officer is performing.

However, in addition to the direct observation and interplay between our President and the named executive officers, other criteria are also utilized in evaluating a named executive officer's entitlement to the performance section of the bonus.

The General Managers under the supervision of the named executive officers also have a bonus program. This bonus program has 16 elements that can be considered by the named executive officer in determining the bonus of his General Managers. All 16 elements are not utilized each year. Typically at the beginning of each year the named executive officer will sit down with his General Managers and, of the available criteria, they will select six or seven elements upon which they will concentrate in evaluating the General Manager's performance and bonus eligibility.

An example of some, but not all, of the 16 elements considered by the named executive officer are the profitability of the segment under the General Manager's control, the efficiency of the flocks under the General Manager as to feed conversion, livability, the status of accounts receivable, percent of eggs hatched, percent of Grade A eggs produced and other operational criteria. The significance or importance of each criteria available for evaluation will vary from location to location. Inasmuch as a General Manager's performance is the responsibility of a specific named executive officer, how the General Managers perform under their performance program and in meeting the established criteria is a significant element considered by our President in evaluating the performance segment of a named executive officer's bonus.

For members of our Executive Committee the bonus program is essentially subjective, rather than utilizing objective criteria. The Executive Committee agrees on bonuses for its members which are then given as a recommendation to the Compensation Committee for final approval. Normally, the Compensation Committee accepts the Executive Committee's recommendation. The most significant item in determining the amount of each Executive Committee member's bonus is the profitability of our Company.

Year-to-year variations in the level of compensation for our named executive officers result primarily from changes in bonuses and other compensation rather than base salary such as stock options and stock appreciation rights. Their salaries remain relatively fixed with modest increases from time to time. A primary variable factor in the named executive officers' compensation is the value of the shares of our stock in relation to which the officer has options or rights. On occasion during the recent past, the compensation of some of the named executive officers attributable to stock options and stock appreciation rights has exceeded their base salary and bonus.

The tables which follow give details as to the compensation of each of our named executive officers.

General Matters

None of our named executive officers has an employment contract.

Messrs. Baker, Scott, Dawson and Storm each participate in the Deferred Compensation Plan described below.

In December 2006 our Board adopted a Deferred Compensation Plan in which all our officers are eligible to participate. The Plan will establish an account for each officer selected by the Board. Each year the Board may elect to make a contribution for each participant ranging from zero to whatever the Board determines. Each participant's account will be credited with investment earnings equal to a fund selected by the Board to serve as an index. At the

time of initial participation, each participant must elect how he wishes his account to be distributed to him. All contributions to each officer's account will vest when made. The Board will determine what contributions, if any, will normally be made during December of each year.

Messrs. Scott and Storm participate in older deferred compensation plans in which the employee earns a stipulated deferred compensation for each year worked after a designated date. Some participants have earned their maximum deferred compensation while others continue to accrue such benefit.

Messrs. Scott and Storm participate in a plan under which they earn the right to deferred compensation. Pursuant to the agreement, Mr. Scott earned 10 years of compensation payments when he reached age 65. Mr. Storm who is currently 62 years old will have earned 10 years of compensation when he reaches age 65. The incentive compensation payments are made monthly, beginning immediately after the officer's 65th birthday, unless the employee elects to defer receipt of such payments, which are \$20,000 per year for Mr. Scott who has elected to so defer. The agreement provides that once payments begin or have been earned, any remaining payments will continue to be made to their estate after their death. Mr. Scott has earned 15 years compensation and will earn an additional year for each year worked hereafter until his retirement. Mr. Storm has earned eight years compensation.

Mr. Adams does not participate in any stock option, stock appreciation, deferred compensation, or similar plans. The remainder of our named executive officers do participate in our 2005 stock option plan.

No named executive officer is entitled to receive any severance or change in control payment.

We do not have any pension plan but we do have an Employee Stock Ownership Plan ("ESOP") to which we contribute an amount not less than three percent of the participant's base salary and bonus subject to statutory limitations. All employees, including our named executive officers, are members of the ESOP. We also sponsor an elective 401(k) plan, but we make no contributions directly to the 401(k) plan on behalf of the participants. All of our named executive officers have elected to have 401(k) plans.

Each of our named executive officers participates in an enhanced health plan pursuant to which we reimburse the participating officer for any eligible health expense not covered by our primary health plan, up to \$10,000 per calendar year.

We have a plan under which officers who meet minimum tenure qualifications will be provided health coverage after their retirement. The coverage we provide will be secondary to their Medicare coverage.

Each of our executive officers named in the table below is provided one automobile for which we pay the operating and maintenance costs. In addition to an automobile, Mr. Adams is provided a pickup truck.

COMPENSATION PLANS

Employee Stock Ownership Plan

We maintain a payroll-based ESOP. Pursuant to the ESOP, originally established in 1976, all full time employees over age 21 with one or more years of service, participate. Its assets, which currently consist primarily of common stock of the Company, are managed by a trustee designated by the Board. Contributions by us may be made in cash or shares of common stock, as determined by the Board of Directors. Employee contributions are not permitted. Company contributions generally may not exceed 15 percent of the aggregate annual compensation of participating employees. Contributions are allocated to the accounts of participating employees in the proportion which each employee's compensation for the year bears to the total compensation for calendar year 2009 (up to \$245,000 per employee), of

all participating employees for calendar year 2009. Company contributions vest immediately upon the commencement of an employee's participation in the ESOP.

Shares of common stock held in an employee's account are voted by the ESOP trustee in accordance with the employee's instructions. An employee or his or her beneficiary is entitled to distribution of the balance of his or her account upon termination of employment. Our contributions to the ESOP amounted to approximately \$1,518,328 in calendar year 2009. For calendar year 2009, our contributions to the ESOP on behalf of each of the executive officers named in the Summary Compensation Table were: Mr. Adams — \$7,350; Mr. Baker — \$7,350; Mr. Dawson — \$7,350; Mr. Scott — \$7,350; and Mr. Storm — \$7,350.

1993 Stock Option Plan

Our 1993 Amended and Restated Stock Option Plan was adopted on May 25, 1993, and amended and restated on October 10, 1996. This Plan was approved by our shareholders on May 25, 1993. A total of 1,000,000 shares of our common stock was reserved for issuance under this Plan.

Inasmuch as 10 years have passed since the adoption of this Plan, by its terms no more options may be granted thereunder.

The exercise price for shares of stock subject to options under the Plan were not less than 100 percent of fair market value of our common stock on the date of grant of the options. The shares under this Plan are subject to adjustment to prevent dilution. There are currently options outstanding under this Plan for a total of 19,200 shares. All must be exercised within 10 years of grant. The exercise price is \$2.125 (reflects stock split).

Shares subject to the 1993 Plan have been registered under the Securities Act of 1933.

2005 Incentive Stock Option Plan

Our 2005 Incentive Stock Option Plan was adopted by our Board of Directors on August 15, 2005, and ratified by our shareholders on October 13, 2005. Under the 2005 Plan, 500,000 shares of common stock were reserved for issuance upon the exercise of options that could be granted under the 2005 plan.

All options to be granted are intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code. The options vest at the rate of 20 percent per year.

The exercise price per share for any options granted may not be less than 100 percent of the fair market value of the Common Stock on the date of grant. The number of shares subject to an option and the exercise price may be adjusted in certain circumstances to prevent dilution. The method of payment of the exercise price will be as prescribed by the Board of Directors in the individual stock option agreements.

The options outstanding, as of May 29, 2010 all of which are held by officers of the Company, totaled 104,000. The options were granted on August 17, 2005, for an exercise price of \$5.93.

Shares subject to the 2005 Plan have been registered under the Securities Act of 1933.

Cal-Maine Foods, Inc. Stock Appreciation Rights Plan

The Cal-Maine Foods Stock Appreciation Rights Plan (the "SARs Plan") was adopted by our Board of Directors on August 15, 2005, and ratified by our shareholders on October 13, 2005. The SARs Plan covers 1,000,000 shares of common stock and is administered by the Executive Committee of the Board of Directors.

The SARs Plan continues for a period of 10 years from August 15, 2005, unless earlier terminated. SARs vest at the rate of 20 percent per year, are non-transferable and contain anti-dilution provisions. Upon exercise, the Company will pay the holder of the SARs an amount in cash equal to the difference between the fair market value on the date of grant and the fair market value as of the date of exercise.

As of July 1, 2010, employees and directors hold a total of 140,850 SARs with a base price of \$5.93 per share, 4,500 SARs with a base price of \$6.71 per share, and 12,000 SARs with a base price of \$6.93 per share. Shares of common stock are not issued under the SARs Plan, but only serve as the measure for determining the amount to be paid by the

Company.

As of July 1, 2010, our independent directors, Mr. Poole and Ms. Hughes, each hold 11,700 and 14,250 SARs, respectively, with a base price of \$5.93.

Shares covered by the SARs Plan are registered under the Securities Act of 1933. The settlement of awards in cash resulted from an amendment to the SARs Plan on August 24, 2006, as permitted by its terms.

Savings and Retirement Plan

Since 1985, we have maintained a defined contribution savings and retirement plan (the "Retirement Plan"), which is designed to qualify under Sections 401 (a) and 401 (k) of the Code. An employee is eligible to participate in the Retirement Plan after having attained age 21 and after one year of full time service. The Retirement Plan permits participants to contribute up to the maximum allowed by the IRS regulations. Participating employees are 100 percent vested in their account balances under the Retirement Plan. We may make discretionary contributions. At the present time, we do not make discretionary contributions. The Retirement Plan is intended to comply with the Employee Retirement Income Security Act of 1974, as amended.

Benefits are paid at the time of a participant's death, retirement, disability, termination of employment, and, under limited circumstances, may be withdrawn prior to the employee's termination of service.

Compensation Committee Interlocks and Insider Participation

In 1996, the Board of Directors established a Compensation Committee. As indicated above, the members of the Committee are Mr. Adams, Chairman of the Board of Directors and Chief Executive Officer, Ms. Hughes, and Mr. Poole, independent directors of the Company. Only Mr. Adams is an employee of the Company.

PROPOSAL OF THE HUMANE SOCIETY OF THE UNITED STATES

Under Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, a shareholder of the Company meeting prescribed eligibility standards may request that the Company include in its proxy statement a proposal from such eligible shareholder. The Humane Society of the United States (the "Humane Society") has requested its proposal for a resolution to be adopted by the shareholders of the Company be included in this proxy statement.

The Humane Society has furnished evidence of its eligibility to request its proposed resolution be included in this proxy statement. The full name and address of the requesting shareholder is The Human Society of the United States, 2100 L Street NW, Washington, D.C. 20037.

The full text of the resolution submitted by the Humane Society for consideration by the shareholders of the Company is as follows:

RESOLVED, that shareholders request that Cal-Maine Foods ("the Company") provide a report disclosing its policies and procedures for making direct and indirect political contributions, expenditures or donations ("payments") with corporate funds and its monetary and non-monetary political payments not deductible under section 162 (e)(1)(B) of the Internal Revenue Code. This includes, but is not limited to, payments made on behalf of political entities (e.g. political candidates, parties, committees) organized and operating under 26 USC Sec. 527 of the Internal Revenue Code and any payments made to any tax exempt organization that funds political campaigns, candidates, parties or committees.

The report shall contain an itemized account including the identity of the recipient(s) as well as the amount paid to each recipient from the Company's funds, and identification of any Company oversight committee that participated in the decisions to make the payments.

The report shall be updated annually, presented to relevant board members and posted on the Company's Web site to reduce costs to shareholders.

The Humane Society submitted the following statement in support of its proposed resolution:

Disclosure on political payments, as described above, is consistent with public policy, in the best interest of the company and its shareholders, and critical for compliance with recent federal ethics legislation. Absent a system of accountability and transparency, company assets can be used for policy objectives that may be contrary to the long-term interests of the Company and may pose risks to the Company and its shareholders.

Relying on publicly available data does not provide a complete picture of the Company's political expenditures. This proposal would bring our Company in line with an emerging trend in corporate policies – including at Hewlett-Packard, Aetna and American Electric Power – that supports political disclosure and accountability.

This resolution is especially pertinent in light of the recent U. S. Supreme Court's Citizens United v. Federal Election Commission ruling, which allows companies to spend money directly to support political candidates.

The Company's Board and its shareholders need complete disclosure to be able to fully evaluate the political use of corporate assets. Thus, we urge you to vote YES on this critical matter of corporate governance and disclosure.

The Board of Directors recommends a vote "AGAINST" the adoption of the resolution proposed by the Humane Society.
