PART I

ITEM 1 - DESCRIPTION OF BUSINESS

PRINCIPAL PRODUCTS OR SERVICES AND MARKETS

GENERAL INFORMATION

WestCoast Golf Experiences, Inc. was incorporated in the State of Nevada on April 20, 2005. We were formed to market golf packages to corporate clients for their employees or customers. The company was incorporated by our director.

We are still in the development stage; have only recently commenced business operations; and we have generated limited revenues. In April 2007, we were issued an opinion by our auditors that raised substantial doubt about our ability to continue as a going concern based on our current financial position.

INDUSTRY BACKGROUND

Canada has the highest per capita golf participation in the world at 19.4% according to the Royal Canadian Golf Association. Their 1996 and 2002 Golf Participation Studies (rcga.org) provide the following demographics of the industry in Canada:

There are 4.8 million golfers in Canada

The average age is 39 years old, the dominant age group being 35-44

The gender split is 68% male, 32% female

The household income of golfers is 25% higher than the Canadian average

25% of golfers play business-related games - among higher income earners this increases to 35%

According to a recent study conducted by the Incentive Federation, the hottest

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

new trend in corporate entertaining is golf school. Golf & Meetings Magazine (May 2001) reported that many corporations are also choosing golf school as a team-building experience to reward and motivate employees.

PRINCIPAL PRODUCTS AND SERVICES AND THEIR MARKETS

Our golf packages primarily take place at selected golf courses in the Vancouver, B.C. area. Conceived by our CPGA teaching professionals our golf packages combine the best of corporate golf, personalized professional instruction and the latest in golf swing technique analysis technology.

Our target market for our packages is current golfers in the financial industry. These would include individuals in investment banking, brokerage houses, mutual funds, accounting firms, legal firms, and public companies. We advertise in local financial publications, have marketing brochures for use in direct mail campaigns and attend golf and financial trade shows and conventions. We also utilize our website at westcoastgolfeperiences.com as a focal point in our marketing efforts.

3

We offer the following golf packages:

Package #1 \$75* per golfer includes:

As a group, the participants receive a half hour lesson focusing on one segment of the game held at the driving range, putting green or practice bunker prior to the round of golf;

A Single club swing by each participant is digitally captured by our video camera using the cSwing software;

Our CPGA teaching professional will then play along with the participants for 18 holes and provide on-course pointers. There will be one CPGA teaching professional per every 4 playing groups (approximately 16 participants). The CPGA teaching professional will rotate between the different playing groups, playing 4-5 holes with each group;

After the event, our CPGA teaching professional will download the participant's pre-game digitally captured golf swing and utilizing the cSwing software, provide a brief (2-5 minute) analysis, both visually and via vocal commentary. The CPGA teaching professional will burn individual CD's for each participant with their analysis on it and deliver the CD's to the event organizer to be distributed to the participant/client as a follow up to the event.

* This fee does not include the cost of the golf course green fee (the cost to play the 18 hole course).

Package #2 \$1,000 per event includes:

Our client would be a Single Hole Sponsor for a large corporate golf tournament (approximately 72-108 participants). Our CPGA teaching professional would set up our digital video camera and equipment at the Sponsored Hole and digitally capture each participant's golf swing when they tee off on the designated hole. After the event, our CPGA teaching professional will download the participant's digitally captured golf swing and utilizing the cSwing software, provide a brief (2-5 minute) analysis, both visually and via vocal commentary. The CPGA teaching professional will burn individual CD's for each participant with their analysis on it and deliver the CD's to the corporate hole sponsor to be distributed to the participants as a follow up to the event.

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

Gift Certificates:

Gift certificates costing various amounts can be purchased for customized versions of our packages, including combinations of:

A half hour lesson at the driving range, putting green or practice bunker;

Single club or multi club swing analysis utilizing the cSwing software and our digital video camera and equipment, including visual and vocal commentary on a CD;

An on-course instructional round of golf.

4

EQUIPMENT

cSwing Software - Our teaching professionals utilize cSwing analysis software. cSwing is an advanced video swing analysis program that captures video images from a digital camcorder to a personal computer where it can be easily analyzed with drawing and comparison tools. The analysis is then downloaded to CD format which can then be played back on a clients PC using Windows Media Player.

Computer - We purchased a Toshiba Laptop M703RS computer with a FireWire connection between the laptop and the video camera for use in our business.

Video Camera - We purchased a Canon digital camcorder with a built in FireWire connection that provides a clear picture in most lighting conditions.

Accessories - We purchased a tripod to hold the video camera in place, a microphone, a video camera and accessory bag and a "3 in one" machine that can perform functions as a printer, scanner and copier.

DISTRIBUTION METHODS

We market to companies in the financial industry, accounting and legal firms, brokerage houses, investment banks and public companies.

STATUS OF ANY PUBLICLY ANNOUNCED NEW PRODUCTS

We have not publicly announced any new products.

COMPETITION

We face significant competition in the golf instruction industry. This includes traditional instruction from golf professionals, golf academies offered by golf clubs, companies that sell instructional videos, DVD's, accessories and other training aids designed to assist golfers with their technique. Many of these competitors have greater financial, marketing and other resources, as well as more experience in the golf instruction industry.

We cannot guarantee that we will be able to compete effectively and because we have only recently begun operations we do not have a competitive position relative to these other companies. Our competitors include Westwood Plateau Golf Academy, Brent Morrison Golf Academy, golfhelp.com, V1golf.com, golfcoachinc.com and perfectimpact.com. We compete on the basis of price, quality and personalized service. Our operations and our ability to generate revenues will be harmed if we are unable to establish a reputation as a provider of quality golf instruction.

SOURCES AND AVAILABILITY OF PRODUCTS

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

There are numerous public, semi-private and private golf courses in the greater Vancouver region. We utilize many different courses, but suggest to our clients, to host their golfing event at Mayfair Lakes Golf and Country Club (http://www.golfbc.com/courses/mayfair_lakes). Mayfair Lakes is a full length

5

(6,641 yards) championship golf course with extensive practice facilities including a large range, sand traps and a putting green. The course is relatively flat, incorporates lakes into many holes and is quite spacious and open. In addition, it has a large fully equipped clubhouse that the clients and participants can utilize for their post golf activities. Another positive feature with Mayfair Lakes is it is located 20 minutes from downtown Vancouver, 10 minutes from the Vancouver International Airport and is situated with easy access from several major highways that will allow clients and participants to travel to the course quickly and efficiently from downtown and surrounding suburbs. We have also identified several other golf courses that have some of these above listed features that we would also recommend. They include University Golf Club (<http://www.universitygolf.com>), Morgan Creek Golf Club (<http://www.morgancreekgolf.com>), Squamish Valley Golf Club (<http://www.squamishvalleygolf.com>), and NorthView Golf and Country Club (<http://www.northviewgolf.com/>).

Blank Compact Discs (CDs) are readily available from numerous computer shops including Future Shop, Best Buy, and Costco. In addition, they can be purchased from online stores including futureshop.ca, bestbuy.com and blankmedia.ca.

DEPENDENCE ON ONE OR A FEW MAJOR CUSTOMERS

We feel that, because of the potential wide base of customers for our services, we will not rely on one or few major customers.

PATENTS AND TRADEMARKS

We do not have, nor do we intend to apply for in the near future, any patents or trademarks. We will assess the need for any patents or trademarks on a continuing basis.

NEED FOR ANY GOVERNMENT APPROVAL OF PRINCIPAL PRODUCTS

We do not require any government approval for our services.

GOVERNMENT AND INDUSTRY REGULATION

We are subject to federal laws and regulations that relate directly or indirectly to our operations including securities laws. We are also subject to common business and tax rules and regulations pertaining to the operation of our business.

RESEARCH AND DEVELOPMENT ACTIVITIES

Other than time spent researching our proposed business we have not spent any funds on research and development activities to date. We do not currently plan to spend any funds on research and development activities in the future.

ENVIRONMENTAL LAWS

Our operations are not subject to any environmental laws.

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

EMPLOYEES AND EMPLOYMENT AGREEMENTS

We currently have two part time employees, both of which are our executive officers, namely, Roger Arnet and Tyler Halls. Roger Arnet currently devotes 10 hours a week to our business and is responsible for the primary operation of our business. Tyler Halls is available to assist Mr. Arnet when needed. There are no formal employment agreements between the company and our current employees.

REPORTS TO SECURITY HOLDERS

We provide an annual report that includes our audited financial information to our shareholders upon written request. We also make our financial information equally available to any interested parties or investors through compliance with the disclosure rules of the Securities Exchange Act of 1934. We are subject to disclosure filing requirements including filing a Form 10-KSB annually and Form 10-QSB quarterly. In addition, we will file Form 8-K and other proxy and information statements from time to time as required. We do not intend to voluntarily file the above reports in the event our obligation to file such reports is suspended under the Exchange Act.

The public may read and copy any materials that we file with the Securities and Exchange Commission, ("SEC"), at the SEC's Public Reference Room at 100 F Street, N.E., Washington, DC 20549. The public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC maintains an Internet site (<http://www.sec.gov>) that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC.

RISK FACTORS

ROGER ARNET, THE PRESIDENT AND DIRECTOR OF THE COMPANY, CURRENTLY DEVOTES APPROXIMATELY 20 HOURS PER WEEK TO COMPANY MATTERS. TYLER HALLS, OUR VICE PRESIDENT OF GOLF OPERATIONS CURRENTLY DEVOTES APPROXIMATELY 5 HOURS PER WEEK TO COMPANY MATTERS. NEITHER OF OUR EMPLOYEES HAS ANY PUBLIC COMPANY EXPERIENCE. BOTH ARE INVOLVED IN OTHER BUSINESS ACTIVITIES. THE COMPANY'S NEEDS COULD EXCEED THE AMOUNT OF TIME OR LEVEL OF EXPERIENCE THEY MAY HAVE. THIS COULD RESULT IN THEIR INABILITY TO PROPERLY MANAGE COMPANY AFFAIRS, RESULTING IN LIMITED REVENUES AND PROFITS.

Our business plan does not provide for the hiring of any additional employees until sales will support the expense. Until that time the responsibility of developing the company's business and fulfilling the reporting requirements of a public company all fall upon Roger Arnet and Tyler Halls. While Roger Arnet and Tyler Halls have business experience including management and accounting, neither have experience in a public company setting, including serving as a principal accounting officer or principal financial officer. We have not formulated a plan to resolve any possible conflict of interest with their other business activities. Both Mr. Arnet and Mr. Halls intend to limit their roles in their other business activities and devote full time services to the Company after we attain a sufficient level of revenue and are able to provide officers' salaries per our business plan. In the event they are unable to fulfill any aspect of their duties to the company we may experience a shortfall or complete lack of sales resulting in little or no profits and eventual closure of the business.

SINCE WE ARE A DEVELOPMENT STAGE COMPANY, HAVE GENERATED LIMITED REVENUES AND LACK AN OPERATING HISTORY, AN INVESTMENT IN OUR COMPANY IS HIGHLY RISKY AND COULD RESULT IN A COMPLETE LOSS OF YOUR INVESTMENT IF WE ARE UNSUCCESSFUL IN OUR BUSINESS PLANS.

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

Our company was incorporated in April 2005; we have only recently commenced our business operations; and we have realized only limited revenues. We have a limited operating history upon which an evaluation of our future prospects can be made. Based upon current plans, we expect to incur operating losses in future periods as we incur significant expenses associated with the startup of our business. Further, we cannot guarantee that we will be successful in achieving or sustaining positive cash flow at any time in the future. Any such failure could result in the possible closure of our business or force us to seek additional capital through loans or additional sales of our equity securities to continue business operations, which would dilute the value of any shares held by our shareholders.

WE DO NOT YET HAVE ANY SUBSTANTIAL ASSETS AND ARE TOTALLY DEPENDENT UPON OUR EXISTING CASH TO FULLY FUND OUR BUSINESS. IF WE DO NOT REALIZE GREATER REVENUES FROM OUR BUSINESS IN THE NEAR FUTURE, WE WILL HAVE TO SEEK ALTERNATIVE FINANCING TO COMPLETE OUR BUSINESS PLANS OR ABANDON THEM.

The only cash currently available is the cash paid by our founder for the acquisition of his shares, the cash from our initial public offering which was completed on April 7, 2006 and revenues of \$1,000. There can be no assurance that unanticipated costs will not increase our projected expenses for the next year or that we would be able to raise additional funding needed to fund our business operations if we are unable to generate greater revenue from sales. Our auditors have expressed substantial doubt as to our ability to continue as a going concern.

WE CANNOT PREDICT WHEN WE WILL PRODUCE SUFFICIENT REVENUES TO MAINTAIN OUR BUSINESS, WHICH COULD RESULT IN A TOTAL LOSS OF OUR SHAREHOLDERS INVESTMENT IF WE ARE UNSUCCESSFUL IN OUR BUSINESS PLANS.

We have only recently generated limited revenues from operations. There can be no assurance that revenues will be sufficient to maintain our business. As a result, our shareholders could lose all of their investment if we are not successful in our proposed business plans.

OUR CONTINUED OPERATIONS DEPEND ON THE PUBLIC'S ACCEPTANCE OF OUR GOLF SERVICES PACKAGES. IF THE PUBLIC DOESN'T FIND OUR GOLF SERVICES PACKAGES DESIRABLE AND SUITABLE FOR PURCHASE AND WE CANNOT ESTABLISH A CUSTOMER BASE, WE MAY NOT BE ABLE TO GENERATE ANY FUTURE REVENUES, WHICH WOULD RESULT IN A FAILURE OF OUR BUSINESS AND A LOSS OF ANY INVESTMENT IN OUR SHARES.

The ability to develop golf service packages that the public finds desirable and willing to purchase is critically important to our success. We cannot be certain that the packages that we offer will be appealing to public and as a result there may not be any demand for these packages and our sales could be limited and we may never realize any future revenues. In addition, there are no assurances that if we alter or change our golf services packages in the future that the public's demand for these new offering will develop and this could adversely affect our business and any possible revenues.

THE LOSS OF THE SERVICES OF ROGER ARNET OR TYLER HALLS COULD SEVERELY IMPACT OUR BUSINESS OPERATIONS AND FUTURE DEVELOPMENT OF OUR GOLF SERVICE PACKAGES, WHICH COULD RESULT IN A LOSS OF REVENUES.

Our performance is substantially dependent upon the professional expertise of our President, Roger Arnet and our Vice President of Golf Operations, Tyler Halls. Both Mr. Arnet and Mr. Halls are members of the Canadian Professional Golf Association (CPGA) and we are dependent on their abilities to develop and market our golf service packages. If either of one of officers were unable to

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

perform their services due to injury, this loss of the services could have an adverse effect on our business operations, financial condition and operating results if we are unable to replace them with another individual qualified to develop and market our golf services packages. The loss of their services could result in a loss of revenues, which could result in a reduction of the value of our shares.

THE GOLF SERVICES AND ACCESSORIES INDUSTRY IS HIGHLY COMPETITIVE. IF WE CAN NOT MARKET A DESIRABLE OFFERING OF GOLF SERVICES PACKAGES THAT THE PUBLIC IS WILLING PURCHASE, WE WILL NOT BE ABLE TO COMPETE SUCCESSFULLY, OUR BUSINESS MAY BE ADVERSELY AFFECTED AND WE MAY NEVER BE ABLE TO GENERATE SUFFICIENT REVENUES.

The golf services and accessories industry is intensely competitive and fragmented. We compete against a number of large well-established companies with greater name recognition, a more comprehensive offering of products and services, and with substantially larger resources than ours; including financial and marketing. In addition to these large competitors there are numerous smaller operations that have developed and are marketing golf services and accessories. Our competitors include, by way of example, Westwood Plateau Golf Academy, Brent Morrison Golf Academy, golfhelp.com, Vlgolf.com, golfcoachinc.com and perfectimpact.com. There can be no assurance that we can compete successfully in this complex and changing market. If we cannot successfully compete in this highly competitive industry, we may never be able to generate sufficient revenues to be profitable. As a result, our shareholders may never be able to liquidate or sell any shares.

THERE ARE NO SUBSTANTIAL BARRIERS TO ENTRY INTO THE GOLF SERVICES AND ACCESSORIES INDUSTRY AND BECAUSE WE DO NOT CURRENTLY HAVE ANY PATENT OR TRADEMARK PROTECTION FOR OUR GOLF SERVICE PACKAGES, AND WE ARE ALSO UTILIZING GOLF SWING ANALYSIS SOFTWARE THAT IS NOT PROPRIETARY AND IS READILY AVAILABLE FOR PURCHASE BY ANYONE, THERE IS NO GUARANTEE SOMEONE ELSE WILL NOT DUPLICATE OUR IDEAS AND BRING THEM TO MARKET, WHICH COULD SEVERELY LIMIT OUR SALES AND REVENUES.

We believe our golf service packages are unique and desirable, however, we currently have no patents or trademarks for our packages or brand name. As business operations become established, we may seek such protection, however, we currently have no plans to do so. Since we have no patent or trademark rights unauthorized persons may attempt to copy aspects of our business, including our web site design or functionality, golf service package information or marketing materials. Any encroachment upon our corporate information, including the unauthorized use of our brand name, the use of a similar name by a competing company or a lawsuit initiated against us for infringement upon another company's proprietary information or improper use of their trademark, may affect our ability to create brand name recognition, cause customer confusion and/or have a detrimental effect on our business. Litigation or proceedings before the U.S. or International Patent and Trademark Offices may be necessary in the future to enforce our intellectual property rights, to protect our trade secrets and domain name and/or to determine the validity and scope of the proprietary rights of others. Any such infringement, litigation or adverse proceeding could result in substantial costs and diversion of resources and could seriously harm our business operations and/or results of operations.

WEATHER CONDITIONS CAN AFFECT THE GOLF SERVICES INDUSTRY WHICH COULD REDUCE THE AVAILABILITY OF OUR SERVICES AND LIMIT OUR SALES AND REVENUE.

Weather conditions such as rain, fog, frost, and snow may affect the time available for the use of our services. For instance, in the Vancouver B.C. area where we will begin operations, the average high and low temperatures for the

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

fall/winter months (September - February) are 40(degree)F to 50(degree)F respectively with 17 wet days per month; spring months (March - May) are 41(degree)F and 57(degree)F respectively with an average of 14 wet days per month, whereas the summer months (June - August) experience averages from 54(degree)F to 73(degree)F with an average of only 7 wet days per month(www.bbc.co.uk/weather). Our competitors can be affected differently by weather conditions depending on the location of their operations. If our available days on the golf course are reduced, we may not be able to schedule enough of our packages to be profitable, which could adversely affect our operating results.

BUYING LOW-PRICED PENNY STOCK IS VERY RISKY AND SPECULATIVE.

Our shares are defined as a penny stock under the Securities and Exchange Act of 1934, and rules of the Commission. The Exchange Act and such penny stock rules generally impose additional sales practice and disclosure requirements on broker-dealers who sell our securities to persons other than certain accredited investors who are, generally, institutions with assets in excess of \$5,000,000 or individuals with net worth in excess of \$1,000,000 or annual income exceeding \$200,000, or \$300,000 jointly with spouse), or in transactions not recommended by the broker-dealer. For transactions covered by the penny stock rules, a broker-dealer must make a suitability determination for each purchaser and receive the purchaser's written agreement prior to the sale. In addition, the broker-dealer must make certain mandated disclosures in penny stock transactions, including the actual sale or purchase price and actual bid and offer quotations, the compensation to be received by the broker-dealer and certain associated persons, and deliver certain disclosures required by the Commission. Consequently, the penny stock rules may make it difficult for our shareholders to resell any shares, if at all.

OUR DIRECTOR CONTINUES TO EXERCISE SIGNIFICANT CONTROL OVER OUR OPERATIONS, WHICH MEANS MINORITY SHAREHOLDERS HAVE NO CONTROL OVER CERTAIN MATTERS REQUIRING STOCKHOLDER APPROVAL THAT COULD AFFECT THEIR ABILITY TO EVER RESELL ANY SHARES.

Our executive officer and director owns 66.6% of our common stock. Due to the controlling amount of his share ownership, he has significant influence in determining the outcome of all corporate transactions, including the election of directors, approval of significant corporate transactions, changes in control of the company. His interests may differ from the interests of the other stockholders and thus result in corporate decisions that are disadvantageous to other shareholders.

WE INCUR ONGOING COSTS AND EXPENSES FOR SEC REPORTING AND COMPLIANCE, WITHOUT REVENUE WE MAY NOT BE ABLE TO REMAIN IN COMPLIANCE, MAKING IT DIFFICULT FOR INVESTORS TO SELL THEIR SHARES, IF AT ALL.

To be eligible for quotation on the OTCBB, issuers must remain current in their filings with the SEC. Market Makers are not permitted to begin quotation of a security whose issuer does not meet this filing requirement. Securities already quoted on the OTCBB that become delinquent in their required filings will be removed following a 30 or 60 day grace period if they do not make their required filing during that time. In order for us to remain in compliance we will require future revenues to cover the cost of these filings, which could comprise a substantial portion of our available cash resources. If we are unable to generate sufficient revenues to remain in compliance it may be difficult for our shareholders to resell any shares, if at all.

10

ITEM 2 - DESCRIPTION OF PROPERTY

We do not currently own any property. Our administrative offices are located at

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

the offices of our President, Roger Arnet, which he provides to us on a rent free basis at #309-333 East 1st Street, North Vancouver, BC, Canada V7L 4W9. We consider our current principal office space arrangement adequate and will reassess our needs based upon the future growth of the company.

INVESTMENT POLICIES

Our management does not currently have policies regarding the acquisition or sale of real estate assets primarily for possible capital gain or primarily for income. We do not presently hold any investments or interests in real estate, investments in real estate mortgages or securities of or interests in persons primarily engaged in real estate activities.

ITEM 3 - LEGAL PROCEEDINGS

We are not currently involved in any legal proceedings nor do we have any knowledge of any threatened litigation.

ITEM 4 - SUBMISSION OF MATTERS TO A VOTE OF SECURITIES HOLDERS

No matters were submitted to a vote of security holders during the year ended April 30, 2007.

PART II

ITEM 5 - MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Our common stock is listed for quotation on the Over-the-Counter Bulletin Board under the symbol "WCGE". To date there has been no active trading market.

PENNY STOCK RULES

The Securities and Exchange Commission has also adopted rules that regulate broker-dealer practices in connection with transactions in penny stocks. Penny stocks are generally equity securities with a price of less than \$5.00 (other than securities registered on certain national securities exchanges or quoted on the Nasdaq system, provided that current price and volume information with respect to transactions in such securities is provided by the exchange or system).

A purchaser is purchasing penny stock which limits the ability to sell the stock. Our shares are considered penny stock under the Securities and Exchange Act. The shares will remain penny stocks for the foreseeable future. The classification of penny stock makes it more difficult for a broker-dealer to sell the stock into a secondary market, which makes it more difficult for a purchaser to liquidate his/her investment. Any broker-dealer engaged by the purchaser for the purpose of selling his or her shares in us will be subject to Rules 15g-1 through 15g-10 of the Securities and Exchange Act. Rather than creating a need to comply with those rules, some broker-dealers will refuse to attempt to sell penny stock.

11

The penny stock rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from those rules, to deliver a standardized risk disclosure document, which:

- contains a description of the nature and level of risk in the market for penny stock in both public offerings and secondary trading;
- contains a description of the broker's or dealer's duties to the customer and of the rights and remedies available to the customer with

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

respect to a violation of such duties or other requirements of the Securities Act of 1934, as amended;

- contains a brief, clear, narrative description of a dealer market, including "bid" and "ask" price for the penny stock and the significance of the spread between the bid and ask price;
- contains a toll-free telephone number for inquiries on disciplinary actions;
- defines significant terms in the disclosure document or in the conduct of trading penny stocks; and
- contains such other information and is in such form (including language, type, size and format) as the Securities and Exchange Commission shall require by rule or regulation;

The broker-dealer also must provide, prior to effecting any transaction in a penny stock, to the customer:

- the bid and offer quotations for the penny stock;
- the compensation of the broker-dealer and its salesperson in the transaction;
- the number of shares to which such bid and ask prices apply, or other comparable information relating to the depth and liquidity of the market for such stock; and
- monthly account statements showing the market value of each penny stock held in the customer's account.

In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from those rules; the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written acknowledgment of the receipt of a risk disclosure statement, a written agreement to transactions involving penny stocks, and a signed and dated copy of a written suitability statement. These disclosure requirements will have the effect of reducing the trading activity in the secondary market for our stock because it will be subject to these penny stock rules. Therefore, stockholders may have difficulty selling their securities.

SHARES AVAILABLE UNDER RULE 144

There are currently 2,000,000 shares of common stock that are considered restricted securities under Rule 144 of the Securities Act of 1933. All 2,000,000 shares are held by an affiliate, as that term is defined in Rule 144(a)(1). In general, under Rule 144 as amended, a person who has beneficially owned and held restricted securities for at least one year, including affiliates, may sell publicly without registration under the Securities Act, within any three-month period, assuming compliance with other provisions of the

Rule, a number of shares that do not exceed the greater of (i) one percent of the common stock then outstanding or, (ii) the average weekly trading volume in the common stock during the four calendar weeks preceding such sale. A person who is not deemed an "affiliate" of our Company and who has beneficially owned shares for at least two years would be entitled to unlimited re-sales of such restricted securities under Rule 144 without regard to the volume and other limitations described above.

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

HOLDERS

As of April 30, 2006, we have 3,000,000 Shares of \$0.001 par value common stock issued and outstanding held by 24 shareholders of record.

The stock transfer agent for our securities is Holladay Stock Transfer, 2939 N. 67th Place, Scottsdale, Arizona 85251, telephone (480)481-3940.

DIVIDENDS

We have never declared or paid any cash dividends on our common stock. For the foreseeable future, we intend to retain any earnings to finance the development and expansion of our business, and we do not anticipate paying any cash dividends on its common stock. Any future determination to pay dividends will be at the discretion of the Board of Directors and will be dependent upon then existing conditions, including our financial condition and results of operations, capital requirements, contractual restrictions, business prospects, and other factors that the board of directors considers relevant.

ITEM 6 - MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

We have generated \$1,000 in revenue since inception and have incurred \$29,134 in expenses through April 30, 2007.

The following table provides selected financial data about our company for the years ended April 30, 2007 and 2006.

Balance Sheet Data:	4/30/07	4/30/06
-----	-----	-----
Cash	\$ 6,848	\$20,021
Total assets	\$ 7,968	\$21,741
Total liabilities	\$ 2,102	\$ 5,537
Shareholders' equity	\$ 7,968	\$21,741

Cash provided by financing activities from inception was \$25,000, resulting from the sale of our common stock in an initial public offering, which was completed on April 7, 2006.

13

PLAN OF OPERATION

GOING CONCERN

We were issued an opinion by our auditors that raised substantial doubt about our ability to continue as a going concern based on our current financial position.

BUSINESS OPERATIONS OVERVIEW

Our registration statement became effective on October 27, 2005. We completed our offering of 1,000,000 common shares on April 7, 2006. Our budget is based on operations which were completely funded by the \$25,000 raised through our offering. We currently have \$6,848 cash.

We incurred operating expenses of \$11,338 and \$12,751 for the years ended April 31, 2007 and 2006, respectively. These expenses consisted of general operating expenses incurred in connection with the day to day operation of our business and the preparation and filing of our periodic reports.

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

Our net loss for the years ended April 30, 2007 and 2006 was \$10,338 and \$13,751 respectively. We cannot continually incur operating losses in the future and may decide that we can no longer continue with our business operations as detailed in our original business plan because of a lack of financial results and available financial resources. We may need to look for other potential business opportunities that might be available to the Company. There can be no assurances that there will be other business opportunities available nor can there be any certainties of the business industry of the opportunity that might be available nor any indication of the financial resources required of any possible business opportunity.

Our business is client-driven and our revenue requirements are reviewed and adjusted based on sales. The costs associated with operating as a public company are included in our budget. Management is responsible for the preparation of the required documents to keep the costs to a minimum. Our completed milestones and planned milestones are as follows:

COMPLETED MILESTONES

- * A comprehensive list of potential clients has been compiled and ongoing contact is being made with several parties regarding the company's products and services.
- * The Company currently has Gift Certificates available for purchase for \$100 each which include 1 swing analysis plus 1 lesson. To date the Company has sold 10 Gift Certificates for total proceeds of \$1,000.
- * The Company has purchased a laptop computer, CSWING software, digital camera and associated technical accessories.
- * The Company has launched their corporate website at www.westcoastgolfexperiences.com
- * Design and layout of the initial marketing brochure is complete and available for ongoing marketing and promotional programs.

PLANNED MILESTONES

Due to the wet weather conditions in the local British Columbia market throughout the Fall and Winter 2006/2007, we anticipate advertising in local newspapers, local/regional golf publications and local financial publications in

14

the Summer 2007. Some of the publications might include The Province Newspaper, The Vancouver Courier, The North Shore News, Golf BC, Business in Vancouver and the Vancouver magazine. Advertising rates and promotional opportunities change regularly with these publications. The Company's very limited financial resources will dictate the amount, if any, advertising that will be implemented.

CRITICAL ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements are presented in United States dollars and have been prepared in accordance with accounting principles generally accepted in the United States of America. The Company's year end is April 30.

DEVELOPMENT STAGE ENTERPRISE

The Company is a development stage company as defined in Statement of Financial Accounting Standards ("SFAS") No. 7 as it is devoting substantially all of its efforts to establish a new business and planned principal operations have not commenced.

USE OF ESTIMATES AND ASSUMPTIONS

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FINANCIAL INSTRUMENTS

In accordance with the requirements of SFAS No. 107 "Disclosures about Fair Value of Financial Instruments," management has determined the estimated fair value of financial instruments using available market information and appropriate valuation methodologies. The carrying value of cash and accounts payable and accrued liabilities approximate fair value due to the short-term maturity of the instruments.

CASH AND CASH EQUIVALENTS

The Company considers all liquid investments, with an original maturity of three months or less when purchased, to be cash equivalents.

COMPUTER EQUIPMENT

Computer equipment is recorded at cost. Depreciation is computed using the straight-line method with an estimated useful life of 36 months.

15

REVENUE RECOGNITION

The Company recognizes revenue when the service had been rendered, the amounts are fixed or determinable and collection is reasonably assured. Amounts received in advance of services being rendered is recorded as deferred revenue.

INCOME TAXES

The Company has adopted SFAS No. 109 "Accounting for Income Taxes" as of its inception. Pursuant to SFAS No. 109, the Company is required to compute tax asset benefits for net operating losses carried forward. Potential benefit of net operating losses have not been recognized in these financial statements because the Company cannot be assured it is more likely than not it will utilize the net operating losses carried forward in future years.

LOSS PER SHARE

The Company computes net loss per share in accordance with SFAS No. 128, "Earnings per Share". SFAS No. 128 requires presentation of both basic and diluted earnings per share (EPS) on the face of the statement of operations. Basic EPS is computed by dividing net income (loss) available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all potentially dilutive common shares outstanding during the period using the treasury stock method and convertible preferred stock using the "if converted" method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all potentially dilutive shares if their effect is anti dilutive. The Company has not issued any potentially dilutive instruments since inception and accordingly basic loss per share is equal to diluted loss per share.

FOREIGN CURRENCY TRANSLATION

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

The financial statements are presented in United States dollars. In accordance with Statement of Financial Accounting Standards No. 52, "Foreign Currency Translation", foreign denominated monetary assets and liabilities are translated into their United States dollar equivalents using foreign exchange rates which prevailed at the balance sheet date. Revenue and expenses are translated at average rates of exchange during the year. Gains or losses resulting from foreign currency transactions are included in results of operations.

FORWARD LOOKING STATEMENTS

Some of the statements contained in this Form 10-KSB that are not historical facts are "forward-looking statements" which can be identified by the use of terminology such as "estimates," "projects," "plans," "believes," "expects," "anticipates," "intends," or the negative or other variations, or by discussions of strategy that involve risks and uncertainties. We urge you to be cautious of the forward-looking statements, that such statements, which are contained in this Form 10-KSB, reflect our current beliefs with respect to future events and involve known and unknown risks, uncertainties and other factors affecting our operations, market growth, services, products and licenses. No assurances can be given regarding the achievement of future results, as actual results may differ

16

materially as a result of the risks we face, and actual events may differ from the assumptions underlying the statements that have been made regarding anticipated events.

All written forward-looking statements made in connection with this Form 10-KSB that are attributable to us or persons acting on our behalf are expressly qualified in their entirety by these cautionary statements. Given the uncertainties that surround such statements, you are cautioned not to place undue reliance on such forward-looking statements.

[LETTERHEAD OF DALE MATHESON CARR-HILTON LABONTE LLP]

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and Board of Directors of Westcoast Golf Experience Inc.:

We have audited the accompanying balance sheets of Westcoast Golf Experience Inc. (a development stage company) as of April 30 2007 and 2006 and the related statements of operations, stockholders' equity and cash flows for the years ended April 30, 2007 and 2006 and the period from April 20, 2005 (inception) through April 30, 2007. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, and assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, these financial statements present fairly, in all material respects, the financial position of Westcoast Golf Experience Inc. as of April 30, 2007 and 2006 and the results of its operations and its cash flows for the years ended April 30, 2007 and 2006 and the period from April 20, 2005 (inception) through April 30, 2007 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has not generated revenues since inception, has incurred losses in developing its business, and further losses are anticipated. The Company requires additional funds to meet its obligations and the costs of its operations. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in this regard are described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

WESTCOAST GOLF EXPERIENCES, INC.
(A DEVELOPMENT STAGE COMPANY)
APRIL 30, 2007
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - NATURE AND CONTINUANCE OF OPERATIONS

WestCoast Golf Experiences, Inc. (the "Company") was incorporated under the laws of the State of Nevada on April 20, 2005 for the purpose of the development of a business to market golf packages to corporate clients for their employees or customers utilizing the Company's teaching professionals and other computer aided instruction.

These financial statements have been prepared on a going concern basis, which implies that the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company's ability to continue as a going concern is dependent on raising additional capital to fund future operations and ultimately to attain profitable operations. The Company has been in the initial organization stage since inception, and as at April 30, 2007 the Company has accumulated losses of \$29,134 since inception. Management's plan is to continue raising additional funds through future equity or debt financings until it achieves profitable operations from sales of its golf packages and services. There is no certainty that additional funding will be available when needed. Accordingly, these factors raise substantial doubt as to the Company's ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

These financial statements are presented in United States dollars and have been prepared in accordance with accounting principles generally accepted in the United States of America. The Company's year end is April 30.

DEVELOPMENT STAGE ENTERPRISE

The Company is a development stage company as defined in Statement of Financial Accounting Standards ("SFAS") No. 7 as it is devoting substantially all of its efforts to establish a new business and its planned principal operations have not commenced.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FINANCIAL INSTRUMENTS

In accordance with the requirements of SFAS No. 107 "Disclosures about Fair Value of Financial Instruments," management has determined the estimated fair

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

value of financial instruments using available market information and appropriate valuation methodologies. The carrying value of cash and accounts payable and accrued liabilities approximate fair value due to the short-term maturity of the instruments.

CASH AND CASH EQUIVALENTS

The Company considers all liquid investments, with an original maturity of three months or less when purchased, to be cash equivalents.

COMPUTER EQUIPMENT

Computer equipment is recorded at cost. Depreciation is computed using the straight-line method with an estimated useful life of 36 months.

REVENUE RECOGNITION

The Company recognizes revenue when the service has been rendered, the amounts are fixed or determinable and collection is reasonably assured. Amounts received in advance of services being rendered is recorded as deferred revenue.

INCOME TAXES

The Company has adopted SFAS No. 109 "Accounting for Income Taxes" as of its inception. Pursuant to SFAS No. 109, the Company is required to compute tax asset benefits for net operating losses carried forward. Potential benefit of net operating losses have not been recognized in these financial statements because the Company cannot be assured it is more likely than not it will utilize the net operating losses carried forward in future years.

LOSS PER SHARE

The Company computes net loss per share in accordance with SFAS No. 128, "Earnings per Share". SFAS No. 128 requires presentation of both basic and diluted earnings per share (EPS) on the face of the statement of operations. Basic EPS is computed by dividing net income (loss) available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all potentially dilutive common shares outstanding during the period using the treasury stock method and convertible preferred stock using the "if converted" method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all potentially dilutive shares if their effect is anti dilutive. The Company has not issued any potentially dilutive instruments since inception and accordingly basic loss per share is equal to diluted loss per share.

FOREIGN CURRENCY TRANSLATION

The Company's functional currency and reporting currency is the U.S. dollar. In accordance with SFAS No. 52, "Foreign Currency Translation", foreign denominated monetary assets and liabilities are translated to their U.S. dollar equivalents

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

using foreign exchange rates which prevailed at the balance sheet date. Revenue and expenses are translated at average rates of exchange during the year. Related translation adjustments are reported as a separate component of stockholders' equity, whereas gains or losses resulting from foreign currency transactions are included in results of operations. To date the Company has not reported any translation adjustments or transaction gains or losses.

STOCK-BASED COMPENSATION

The Company has not granted any stock options since inception and has not adopted a stock-based compensation policy.

RECENT ACCOUNTING PRONOUNCEMENTS

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measures". This Statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, expands disclosures about fair value measurements, and applies under other accounting pronouncements that require or permit fair value measurements. SFAS No. 157 does not require any new fair value measurements. However, the FASB anticipates that for some entities, the application of SFAS No. 157 will change current practice. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, which for the Company would be its fiscal year beginning January 1, 2008. The Company is currently evaluating the impact of SFAS No. 157 but does not expect that it will have a material impact on its financial statements.

In September 2006, the FASB issued SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans." This Statement requires an employer to recognize the over funded or under funded status of a defined benefit post retirement plan (other than a multiemployer plan) as an asset or liability in its statement of financial position, and to recognize changes in that funded status in the year in which the changes occur through comprehensive income. SFAS No. 158 is effective for fiscal years ending after December 15, 2006. The Company does not expect that the implementation of SFAS No. 158 has not had any impact on the Company's financial position and results of operations.

In September 2006, the SEC issued Staff Accounting Bulletin ("SAB") No. 108, "Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements." SAB No. 108 addresses how the effects of prior year uncorrected misstatements should be considered when quantifying misstatements in current year financial statements. SAB No. 108 requires companies to quantify misstatements using a balance sheet and income statement approach and to evaluate whether either approach results in quantifying an error that is material in light of relevant quantitative and qualitative factors. SAB No. 108 is effective for periods ending after November 15, 2006. The implementation of SAB No. 108 has not had any impact on the Company's financial statements.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities". This Statement permits entities to

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10KSB

choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. The Company is currently assessing the impact of SFAS No. 159 on its financial position and results of operations.

NOTE 4 - COMMON STOCK

The Company's authorized capitalization is 75,000,000 common shares with a par value of \$0.001 per share.

On April 24, 2005 a total of 2,000,000 shares of the Company's common stock were issued to the founding and sole director of the Company pursuant to a stock subscription agreement at \$0.005 per share for total proceeds of \$10,000.

On April 11, 2006 a total of 1,000,000 shares of the Company's common stock were issued pursuant to a stock subscription agreement at \$0.025 per share for total proceeds of \$25,000.

Since inception the Company has not granted any stock options and has not recorded any stock-based compensation.

NOTE 5 - INCOME TAXES

There were no temporary differences between the Company's tax and financial bases that result in deferred tax assets or liabilities, except for the Company's net operating loss carry-forwards amounting to approximately \$29,134 at April 30, 2007 (2006 - \$18,796) which may be available to reduce future year's taxable income. These carry-forwards will expire, if not utilized, commencing in 2025. Management believes that the realization of the benefits from this deferred tax asset appears uncertain due to the Company's limited operating history and continuing losses. Accordingly a full, deferred tax asset valuation allowance has been provided and no deferred tax asset benefit has been recorded.

The significant components of the Company's deferred income tax assets at April 30 are as follows:

	April 30, 2007	April 30, 2006

ITEM 8 - CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 8A - CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we have conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of the end of the period covered by this report. Based on this evaluation, our principal executive officer and principal financial officer concluded as of the evaluation date that our disclosure controls and procedures were effective such that the material information required to be included in our Securities and Exchange Commission reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms relating to our company, including any consolidating subsidiaries, and was made known to us by others within those entities, particularly during the period when this report was being prepared.

Additionally, there were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the evaluation date. We have not identified any significant deficiencies or material weaknesses in our internal controls, and therefore there were no corrective actions taken.
