As adjusted to reflect the effect of two 5% stock dividends which became effective June 30, 2006 and June 29, 2007. As a result of the stock dividends, the reporting person received an aggregate of 485 and 12 additional shares which are included in the common stock shares reported as held directly and indirectly, respectively. At the same time, and in accordance with antidilution provisions of the Issuer's stock option plans, the reporting person's stock options became exercisable for 4,162 additional shares, and the exercise prices were similarly adjusted.
