PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD MAY 24, 2004

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: WHY AM I RECEIVING THESE MATERIALS?

A: The Board of Directors of Digital Insight Corporation, a Delaware corporation, is providing these proxy materials for you in connection with our annual meeting of stockholders, which will take place on May 24, 2004. As a stockholder, you are invited to attend the meeting and are entitled to and requested to vote on the proposals described in this Proxy Statement.

Q: WHAT INFORMATION IS CONTAINED IN THESE MATERIALS?

A: The information included in this Proxy Statement relates to the proposals to be voted on at the meeting, the voting process, the compensation of directors and our most highly paid executive officers, and certain other required information. Our 2003 Annual Report and our 2003 Form 10-K, including our full 2003 consolidated financial statements, are also enclosed. **If any person who was a beneficial owner, as described below, of our common stock on the record date for the 2004 annual meeting desires additional copies of our Annual Report or Form 10-K, such copies will be furnished without charge upon receipt of a written request.** The request should identify the person making the request as a stockholder and should be directed to:

DIGITAL INSIGHT CORPORATION

26025 Mureau Road

Calabasas, California 91302

Attn: Investor Relations

We also make our 2003 Annual Report and Form 10-K available through our website at <http://www.digitalinsight.com>, free of charge, as soon as reasonably practicable after we file the Form 10-K with the Securities and Exchange Commission, also referred to as the SEC.

Q: WHAT PROPOSALS WILL BE VOTED ON AT THE MEETING?

A: There are two proposals scheduled to be voted on at the meeting: (1) the re-election of two (2) Class II Directors; and (2) the ratification of the appointment of Deloitte & Touche LLP as our independent public accountants for the year ending December 31, 2004.

Q: WHAT IS THE VOTING RECOMMENDATION?

A: Our Board of Directors recommends that you vote your shares **FOR** the nominees to the Board and **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent public accountants for the year ending December 31, 2004.

Q: WHAT SHARES CAN I VOTE?

A: All shares owned by you as of the close of business on March 31, 2004, the *Record Date*, may be voted by you. These shares include (1) shares held directly in your name as the *Stockholder of Record*, including

Table of Contents

shares purchased through our Employee Stock Purchase Plan and our employee stock option plans, and (2) shares held for you as the *Beneficial Owner* through a stock broker, bank, or other nominee.

Q: WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A *STOCKHOLDER OF RECORD* AND AS A *BENEFICIAL OWNER*?

A: Most of our stockholders hold their shares through a bank, brokerage firm or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, EquiServe Trust Company, N.A., you are considered, with respect to those shares, the *Stockholder of Record*, and these proxy materials are being sent directly to you by us. As the *Stockholder of Record*, you have the right to grant your voting proxy directly to us or to vote in person at the meeting. We have enclosed or sent a proxy card for you to use.

Beneficial Owner. If your shares are held by a bank, brokerage firm or other nominee, you are considered the *Beneficial Owner* of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the *Stockholder of Record*. As the *Beneficial Owner*, you have the right to direct your broker how to vote and are also invited to attend the meeting. However, since you are not the *Stockholder of Record*, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares. Your broker or nominee has enclosed or provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

Q: HOW CAN I VOTE MY SHARES IN PERSON AT THE MEETING?

A: Shares held directly in your name as the *Stockholder of Record* may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification. If you are the *Beneficial Owner* of the shares, you must have a signed proxy from the *Stockholder of Record*.

Even if you currently plan to attend the annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting.

Q: HOW CAN I VOTE MY SHARES WITHOUT ATTENDING THE MEETING?

A: Whether you hold shares directly as the *Stockholder of Record* or in street name as a *Beneficial Owner*, you may direct your vote without attending the meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. In most instances, you will be able to do this by mail. Please refer to the summary instructions below and those included on your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee.

Q: CAN I CHANGE MY VOTE?

A: You may change your proxy instructions at any time prior to the vote at the annual meeting. For shares held directly in your name, you may accomplish this by sending our Secretary written notice of your revocation, granting a new proxy bearing a later date (which automatically revokes the earlier proxy) or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares held beneficially by you, you may accomplish this by submitting new voting instructions to your broker or nominee.

Table of Contents

Q: HOW ARE VOTES COUNTED?

A: In the election of directors, you may vote **FOR** a nominee or your vote may be **WITHHELD** with respect to any nominee. For the proposal ratifying the appointment of Deloitte & Touche LLP, and for all other proposals that may properly come before the meeting, you may vote **FOR**, **AGAINST** or **ABSTAIN**. If you **ABSTAIN**, it has the same effect as a vote **AGAINST**. If you hold shares directly or indirectly through a *Stockholder of Record* and you sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (**FOR** the nominees to the Board and in the discretion of the proxy holders on any other matters that properly come before the meeting, and **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent public accountants for the year ending December 31, 2004).

Q: WHAT IS THE VOTING REQUIREMENT TO APPROVE A PROPOSAL?

A: In the election of directors, the persons receiving the highest number of **FOR** votes will be elected. All other proposals require the affirmative **FOR** vote of a majority of those shares present and entitled to vote. If you are a *Beneficial Owner* and do not provide the *Stockholder of Record* with voting instructions, your shares may constitute *Broker Non-Votes*, as described in **WHAT IS THE QUORUM REQUIREMENT FOR THE MEETING?** below. In tabulating the voting result for any particular proposal, shares that constitute *Broker Non-Votes* are not considered entitled to vote on that proposal.

Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY OR VOTING INSTRUCTION CARD?

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: WHERE CAN I FIND THE VOTING RESULTS OF THE MEETING?

A: We will announce preliminary voting results at the meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of 2004.

Q: WHAT HAPPENS IF ADDITIONAL PROPOSALS ARE PRESENTED AT THE MEETING?

A: Other than the two proposals described in this Proxy Statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Jeffrey E. Stiefler, our Chairman, President and Chief Executive Officer, and Elizabeth S.C.S. Murray, our Executive Vice President and Chief Financial Officer, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason either of our nominees are not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate(s) as may be nominated by the Board of Directors.

Q: WHAT CLASSES OF SHARES ARE ENTITLED TO BE VOTED?

A: Each share of our common stock outstanding as of the close of business on the *Record Date* is entitled to vote on all items being voted upon at the annual meeting. On the *Record Date*, we had 35,073,346 shares of common stock issued and outstanding.

Q: WHAT IS THE QUORUM REQUIREMENT FOR THE MEETING?

A: The quorum requirement for holding the meeting and transacting business is a majority of the outstanding shares present in person or represented by proxy and entitled to be voted. Both abstentions and *Broker Non-votes* are counted as present for the purpose of determining the presence of a quorum. Abstentions are also

Table of Contents

counted as shares present and entitled to be voted. *Broker Non-votes*, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, *Broker Non-votes* will not affect the outcome of any of the matters being voted upon at the meeting. Generally, *Broker Non-votes* occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the *Beneficial Owner*, and (2) the broker lacks discretionary voting power to vote such shares.

Q: WHO WILL BEAR THE COST OF SOLICITING VOTES FOR THE MEETING?

A: Digital Insight is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

Q: MAY I PROPOSE ACTIONS FOR CONSIDERATION AT NEXT YEAR'S ANNUAL MEETING OF STOCKHOLDERS OR NOMINATE INDIVIDUALS TO SERVE AS DIRECTORS?

A: Subject to the limitations set forth below, any stockholder entitled to vote at the next annual meeting of stockholders may submit proposals for consideration at such meeting. We expect to hold our 2005 annual meeting of stockholders in May 2005. In order for any proposal by a stockholder of Digital Insight to be considered for inclusion in our proxy materials for the 2005 annual meeting of stockholders, the written proposal must be received by us no later than December 16, 2004. We will determine whether or not to include any such proposals in the proxy materials in accordance with applicable law, including the SEC regulations.

In order for a stockholder proposal, including director nominations, to be raised from the floor during the 2005 annual meeting of stockholders, certain conditions set forth in Section 2.14 of our bylaws must be complied with, including delivery of notice to us not less than 60 days, nor more than 90 days, prior to the meeting as originally scheduled. However, in the event that less than 65 days notice or public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be received not later than the close of business on the 7th day following the date on which the notice of the date of meeting was mailed. In no event will the public announcement of an adjournment of a stockholders meeting commence a new time period for the giving of a stockholder's notice as described above.

You may contact the Secretary at our corporate headquarters for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

PROPOSAL ONE

ELECTION OF DIRECTORS

At the annual meeting, two directors are to be elected for three-year terms. Our Board is divided into three classes, and each director serves for a staggered three-year term. The Board is currently comprised of two Class I Directors (Henry T. DeNero and Jeffrey E. Stiefler), two Class II Directors (Michael R. Hallman and Greg J. Santora) and three Class III Directors (John C. Dorman, James H. McGuire and Robert L. North). At each annual meeting, the successors to the directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. The terms of the Class I, Class II and Class III Directors will expire upon the election and qualification of successor directors at the 2006, 2007 and 2005 annual meeting of stockholders, respectively. The Board of Directors elected Jeffrey E. Stiefler as a Class I Director and Chairman in August 2003, expanding its size from six to seven, as permitted by our bylaws. Mr. Dorman resigned as Chairman in August 2003, and continues to serve as a Class III Director.

The Board has nominated Messrs. Hallman and Santora to stand for re-election to continue to serve as Class II Directors for a term of three years. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of Messrs. Hallman and Santora. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee(s) as the Board of Directors may select. The nominees for election have agreed to serve if elected, and management has no reason to believe that either nominee will be unable to serve.

*The Board of Directors recommends a vote **FOR** the named nominees.*

PROPOSAL TWO

RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS

On March 26, 2004, the Audit Committee engaged the accounting firm Deloitte & Touche LLP to serve as our independent public accountants. The Board, upon recommendation of the Audit Committee, concurred with the appointment of this firm. A proposal to ratify that appointment for the year ending December 31, 2004 will be presented at the annual meeting. PricewaterhouseCoopers LLP previously served as our independent public accountants until March 22, 2004. Additional information regarding PricewaterhouseCoopers LLP and Deloitte & Touche LLP is set forth in the Audit Committee report on page 19 of this Proxy Statement.

Neither our certificate of incorporation nor our bylaws require that the stockholders ratify the selection of our independent public accountants. We are doing so, as we have in years past, because we believe it is a matter of good corporate practice. If our stockholders do not ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP, but may, nonetheless, retain such independent public accountants. Even if the selection is ratified, the Board and the Audit Committee may, in their discretion, change the appointment at any time if they determine that such change would be in the best interests of Digital Insight and its stockholders.

*The Board of Directors recommends a vote **FOR** the appointment of Deloitte & Touche LLP to serve as our independent public accountants for the year ending December 31, 2004.*

Table of Contents

INFORMATION REGARDING DIRECTORS AND EXECUTIVE OFFICERS

The following sets forth certain information regarding the company's director nominees, its five incumbent directors whose terms will continue following the annual meeting, and its executive officers.

Statement Regarding Corporate Governance and Director Independence

The company has reviewed internally and with the Board applicable provisions of the Sarbanes-Oxley Act of 2002, the rules of the SEC, and the Nasdaq's new corporate governance listing standards. Accordingly, we have taken several measures to formalize our corporate governance standards. We have established the Board position of Lead Independent Director, currently occupied by Mr. Hallman, authorized by the Board to perform certain duties, including: calling and chairing regularly scheduled and special executive sessions of the Board; informing the Chairman of items the Lead Independent Director believes should be included in a Board meeting agenda; and representing the independent directors of the Board on matters for which the view of such independent directors, rather than the Board as a whole, are sought. All of our non-employee directors, Messrs. DeNero, Hallman, McGuire, North, and Santora, which constitute a majority of the Board, meet the criteria for independence established by the listing standards of the Nasdaq stock market. As discussed more fully below, members of the Board's Audit, Compensation and Nominating and Corporate Governance Committees are all independent. Our Nominating and Corporate Governance Committee and the Board have adopted a code of ethics and business conduct that applies to our employees, including our principal executive officers, chief financial officer, general counsel and controller, and our directors. Among other matters, the code establishes standards designed to deter wrongdoing and promote honest and ethical conduct. We have also amended our Audit Committee and Compensation Committee charters and formally adopted a charter for our Nominating and Corporate Governance Committee, in each case taking into account the new rules and standards. You can access our committee charters and our code of ethics and business conduct on our website at http://www.digitalinsight.com/investor_relations/index.html or by writing to us at:

Table of Contents**MEETINGS AND COMPENSATION OF DIRECTORS**

During the year ended December 31, 2003, there were thirteen meetings of our Board of Directors. During this period, all of the directors attended or participated in more than 75% of the aggregate meetings of the Board and of the Board committees on which each served. The Board does not maintain a formal policy requiring directors to attend the annual meeting of stockholders; however, directors, particularly those who are nominees for election, are encouraged to attend. We make every effort to schedule our annual meetings at a time and place that facilitates attendance by directors, taking into account the directors' schedules, internal and external timing requirements, and other considerations. To encourage attendance, we generally attempt to schedule our annual meeting to occur immediately before a regular meeting of the Board of Directors. Of the six directors then in office, three attended the 2003 annual meeting, including the director standing for election at that meeting.

Non-employee directors first appointed or elected after March 2001 are eligible to receive options under our 2001 Non-Employee Director Stock Option Plan, also known as the Director Plan. The Director Plan provides that each non-employee director that has served for at least six months will receive options to purchase 15,000 shares of our common stock on the day of the each annual meeting of stockholders during their term. These options will vest over a 12-month period. Certain non-employee directors received options with identical terms under the 1999 Stock Plan instead of the Director Plan. Each newly elected or appointed non-employee director will receive options under the Director Plan to purchase 50,000 shares of our common stock upon joining the Board, which will vest over a three year period. At the time of their initial appointment, non-employee directors may elect to take fewer initial and annual options grants in return for a larger commensurate cash retainer. None of the company's current directors have made this election. The Board has the discretion to grant additional options and rights to directors under its 1997 and 1999 stock plans.

All non-employee directors also receive an annual cash retainer, payable in quarterly installments, in addition to the arrangement provided under the Director Plan described above, which consists of a basic retainer for Board membership and additional retainers for their committee service and for service as chairperson on standing committees, as follows:

<u>Service/Membership</u>	<u>Basic Retainer</u>	<u>Chairperson Retainer</u>
Board	\$ 30,000	\$ 15,000*
Audit Committee	\$ 10,000	\$ 10,000
Compensation Committee	\$ 10,000	\$ 5,000
Nominating and Corporate Governance Committee	\$ 5,000	\$ 5,000

Non-employee directors are reimbursed for their reasonable expenses incurred in the course of Board and committee meeting attendance. The company's two employee-directors are not compensated separately for serving on the Board and are not paid a retainer or additional compensation for attendance at Board or committee meetings.

* Although Mr. Stiefler, our President and CEO, serves as Chairman of the Board, Mr. Hallman serves as the Board's Lead Independent Director, as set forth in the section above captioned Statement Regarding Corporate Governance and Director Independence. As such, Mr. Hallman receives an annual cash retainer of \$15,000, payable in quarterly installments.

Audit Committee

The Board of Directors has determined that all members of the Audit Committee meet the independence and experience requirements of the Nasdaq Stock Market, as well as the independence standards established by the SEC. Additionally, the Board has determined that Mr. Santora is an Audit Committee Financial Expert as defined by Item 401(h) of Regulation S-K of the Securities and Exchange Act of 1934, as amended, and that each Audit Committee member has financial sophistication as defined by the rules set forth in the National Association of Securities Dealers Manual. The Audit Committee approves our independent public accountants, and has general oversight of the scope and process of annual audits and any other accounting-related services, legal and regulatory compliance and systems of internal controls as set forth in the Amended and Restated Audit Committee Charter adopted by the Board of Directors and attached as Exhibit A to this Proxy Statement. The Audit Committee held nine meetings during the year ended December 31, 2003. Additional information about the Audit Committee and the Audit Committee Report is set forth on page 19 of this Proxy Statement.

The Compensation Committee makes recommendations regarding our stock option plans and all matters concerning executive compensation. The Compensation Committee held seven meetings during the year ended December 31, 2003. Nominating and Corporate Governance Committee

The Board has determined that each member of the Nominating and Corporate Governance Committee is an independent member as that term is defined in the listing standards applicable to the Nasdaq Stock Market. The Committee held two meetings during the year ended December 31,

2003. The Committee's responsibilities include:

Considering and making recommendations regarding director nominees, including stockholder nominees;

Making recommendations to the Board concerning the composition and size of the Board; and

Exercising oversight responsibility with respect to principles of corporate governance, and from time to time, making recommendations to the Board concerning corporate governance matters.

The Committee will consider director nominees recommended by stockholders for election to the board provided that the names of such nominees, accompanied by relevant biographical information, are submitted in

writing to the company's Secretary at our corporate headquarters. During 2003, the Committee did not receive any director nominee recommendations from a stockholder that beneficially owned more than 5% of our common stock, or from a group of stockholders that beneficially owned, in the aggregate, more than 5% of our common stock. The Committee has not adopted a formal policy with respect to minimum qualifications for Board membership, and presently weighs each nominee and potential nominee's qualifications in light of the then-current best interests of the company and Board composition. The Committee's process for identifying and evaluating nominees is as follows:

For incumbent directors whose terms are due to expire, disinterested members of the Committee review their overall service to the company during the preceding term(s), including the number of meetings attended and quality of participation, and make a recommendation to the Board as to whether nomination is appropriate; and

For new director candidates, the Committee utilizes its network of contacts to compile a list of potential candidates, and reviews such factors as business and financial experience and independence under the Nasdaq and SEC standards, then makes a recommendation to the Board as to whether nomination is appropriate. The Committee has in the past, and may in the future, engage a third party firm to assist, for a fee, with the identification and evaluation of potential nominees.

COMPENSATION COMMITTEE REPORT

The Compensation Committee reviews and reports to the Board on compensation matters, including cash and equity compensation structures and the management of the company's employee stock option and purchase, and pension and employee welfare plans. Under the terms of its charter, the Compensation Committee is comprised of three or more directors who, in the opinion of the Board, meet the requirements of the SEC and the Nasdaq Stock Market, including applicable independence requirements. The Committee's four non-employee directors, Messrs. DeNero (Chair), Hallman, McGuire and North, have submitted the following report on executive compensation for the year ended December 31, 2003.

Compensation Philosophy

The Compensation Committee endeavors to develop compensation structures that are competitively established relative to peer group companies of comparable size, complexity and business nature and are integrated with the company's annual and longer-term business strategy. Our executive compensation program is designed to attract, motivate and retain a highly skilled, professional, and dedicated work force.

Executive Compensation Program Components

There are three components to our executive compensation program: (1) base pay, (2) incentive bonuses, and (3) long-term, equity-based incentive compensation in the form of stock options. In addition, employees are eligible to participate in our 401(k) plan and certain insurance plans. All employees are also eligible to participate in our Employee Stock Purchase Plan.

Base Pay

The company sets base pay at levels that reflect the external market value of a particular position in addition to the qualifications that an individual brings to that position. Generally, base pay is targeted to the median of our peer group companies of comparable size, complexity and business nature. An individual's salary within this framework is determined on an annual basis and corresponds to the individual's performance, responsibilities, experience, leadership, and potential future contributions.

Incentive Bonuses

The Management Incentive Program for certain managerial employees, including all executives, provides for cash awards based upon the company's achievement of revenue and earnings per share targets, as well as various other measurable financial and non-financial targets, measured quarterly and aligned with eligible employees' particular roles and responsibilities. Additionally, from time to time, the company deems it appropriate to offer cash bonuses to prospective executive officer candidates to encourage them to join the company.

Long-Term, Equity-Based Incentive Compensation

The long-term incentive component of our executive compensation plan consists of options to purchase shares of our common stock and is structured to align the interests of our employees and our stockholders. To encourage sustained performance, the options generally vest over a four-year period and are exercisable only if an executive is then an employee of Digital Insight. Stock options are awarded with an exercise price equal to the

The Compensation Committee Report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filings of Digital Insight pursuant to the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Digital Insight specifically incorporates the Compensation Committee Report by reference therein. The report shall not be deemed soliciting material or otherwise deemed filed under either such Act.

Table of Contents

fair market value of the common stock on the date of grant. Accordingly, an executive is rewarded only if our stockholders receive the benefit of appreciation in the price of the common stock. Because long-term options vest over time, we periodically grant new options to provide continuing incentives for future performance. The eligibility for and size of periodic option grants is determined based on an employee's scope of accountability, recent and long-term performance, and other factors, as determined by our management and the Compensation Committee. These factors include the assessment of anticipated individual contributions to the company's success and the adequacy of previously granted options in providing incentives for performance and retention of the employee. During 2003, our executive officers were granted supplemental stock options with monthly vesting over four years.

Annual Reviews

The Compensation Committee reviews its executive compensation plan policies and programs, as well as data from both general industry and peer group companies annually and determines what changes, if any, are appropriate for the following year. In addition, the Compensation Committee reviews the performance of the Chief Executive Officer and, with his assistance, the individual performance of the other executive officers. The Compensation Committee then makes recommendations to the Board of Directors for consideration and final approval of all material compensation matters.

Compensation of the Chief Executive Officer

The Compensation Committee reviews the performance and compensation of the Chief Executive Officer annually based on the assessment of his past performance and its expectation of his future contributions to the company's performance. Mr. Stiefler has served as our Chief Executive Officer since August 2003. In recruiting Mr. Stiefler and in setting his compensation levels, the Compensation Committee used the policies and practices described above to establish Mr. Stiefler's compensation in 2003, which included a base salary of \$400,000 annualized, and a \$200,000 signing bonus. Mr. Stiefler was eligible to receive a bonus based on the company's achievement of certain specified targets under the management incentive bonus plan for 2003 targeted at 70% of his base salary, and is entitled to a minimum bonus of \$93,333 for his calendar year 2003 performance. The Compensation Committee believes that Mr. Stiefler's total compensation for 2003 was in line with the total cash compensation paid to chief executive officers by comparable companies. Mr. Stiefler's current base salary for 2004 is \$400,000. Mr. Stiefler received an option to purchase 675,000 shares of our common stock in 2003 which vests over a four-year term, as identified in the Executive Compensation section above. Mr. Stiefler may be eligible to receive a raise in base salary and additional equity compensation during 2004, depending upon the Compensation Committee's assessment of his performance and the company's achievement of specified objectives.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction for compensation in excess of \$1 million paid to the executives named in our Summary Compensation Table. Certain compensation is exempt from the deduction limit to the extent it does not exceed \$1 million during any reporting year or is performance based as defined by Section 162(m). Section 162(m) should not affect the deductibility of compensation paid to our executive officers for the foreseeable future. The majority of the options available for grant under the 1997 and 1999 Stock Plans will comply with Section 162(m), so that compensation resulting from these stock options will not be counted toward the \$1 million limit on deductible compensation under Section 162(m). The Compensation Committee has not formulated any policy with respect to qualifying other types of compensation for deductibility under Section 162(m).

The Audit Committee of the Board of Directors operates under a written charter restated and adopted by the Board of Directors on September 11, 2003, and serves as the representative of the Board for general oversight of our financial accounting and reporting process, system of internal control, audit process, and process for monitoring compliance with laws and regulations. Our management has primary responsibility for preparing our financial statements and our financial reporting process. Our independent public accountants during the year ending December 31, 2003, PricewaterhouseCoopers LLP, are responsible for expressing an opinion on the conformity of our audited financial statements for the year ending December 31, 2003 to accounting principles generally accepted in the United States. The Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed with management the audited financial statements of Digital Insight as of December 31, 2002 and 2003 and for each of the three years in the period ended December 31, 2003.
2. The Audit Committee has discussed with the independent public accountants the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380).
3. The Audit Committee has received the written disclosures and the letter from the independent public accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and had a discussion with the independent public accountants about their independence.

Change in Independent Public Accountants

On March 26, 2004, the Board and its Audit Committee engaged Deloitte & Touche LLP to serve as the company's independent public accountants for the year ending December 31, 2004. PricewaterhouseCoopers LLP previously served as our independent accountants until March 22, 2004. During the two most recent fiscal years and through March 22, 2004, we did not consult with Deloitte & Touche LLP regarding any of the following:

1. The application of accounting principles to a specified transaction, either completed or proposed;
2.
