PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD WEDNESDAY, JUNE 8, 2005

This Proxy Statement is furnished to the record holders of common stock, par value \$0.10 per share (Common Stock), of VAALCO Energy, Inc. (the Company), in connection with the solicitation by the Board of Directors of the Company of proxies to be used at the annual meeting (Meeting) of stockholders to be held on Wednesday, June 8, 2005 at 10:00 a.m. in the Ambassador Room of The St. Regis Hotel, 1919 Briar Oaks Lane, Houston, Texas 77027, and any adjournment thereof.

Matters to be Considered at the Meeting

Unless otherwise indicated, proxies in the form enclosed that are properly executed, duly returned and not revoked will be voted in favor of:

- (1) The election of the Class I and Class II directors nominees (Nominees) to the Board of Directors named herein; and
- (2) The ratification of the appointment of Deloitte & Touche LLP as the independent public accountants to audit the Company 's accounts for the fiscal year ended December 31, 2005.

The Board of Directors is not presently aware of other proposals that may be brought before the Meeting. In the event other proposals are brought before the Meeting, the persons named in the enclosed proxy will vote in accordance with what they consider to be in the best interests of the Company and its stockholders.

Voting and Revocability of Proxies

Proxies in the form enclosed, properly executed by stockholders and received in time for the Meeting, will be voted as specified therein. If a stockholder does not specify otherwise, the shares represented by his or her proxy will be voted FOR the nominees for election of directors as listed herein and FOR ratification of Deloitte & Touche LLP as the independent public accountants to audit the Company 's accounts for the fiscal year ending December 31, 2005. The giving of a proxy does not preclude the right to vote in person should the person giving the proxy so desire. Any proxy may be revoked at any time before it is exercised by delivering written notice of revocation to the Company at or prior to the Meeting, by duly executing a proxy bearing a later date or by voting in person at the Meeting. The mailing address of the Company 's principal executive offices is 4600 Post Oak Place, Suite 309, Houston, Texas 77027 (Tel. No. 713/623-0801). This Proxy Statement is being mailed on or about April 26, 2005 to stockholders of record of at the close of business on April 8, 2005 (the Record Date).

Voting and Quorum Requirements

Edgar Filing: VAALCO ENERGY INC /DE/ - Form DEF 14A

At the close of business on the Record Date, there were outstanding and entitled to vote 56,217,284 shares of Common Stock. A complete list of all stockholders entitled to vote at the Meeting will be open for examination by any stockholder during normal business hours for a period of ten days prior to the Meeting at the Company's headquarters. Each share of Common Stock entitles the holder to one vote.

Regarding the election of directors, the enclosed form of proxy provides a means for stockholders to vote FOR the nominees as directed therein, to withhold authority to vote for one or more of the applicable nominees or to withhold authority to vote for all of the applicable nominees. With respect to other proposals to be voted upon, stockholders may vote in favor of a proposal, against a proposal, or may abstain from voting. Unless a holder of Common Stock who withholds authority votes in person at the meeting or votes by means of another proxy, the withholding of authority will have no effect upon the election of those directors for whom authority to

vote is withheld because the Company's By-laws provide that directors are elected by a plurality of the votes cast. Abstentions and broker non-votes have no effect on determinations of plurality except to the extent that they affect the total vote received by any particular candidate.

The affirmative vote of the holders of at least a majority of the issued and outstanding shares of Common Stock present or represented and entitled to vote at the Meeting is required for the ratification of the appointment of auditors for the current fiscal year. With respect to the ratification of the appointment of auditors, abstaining shares will be considered present at the Meeting for this matter so that the effect of abstentions will be the equivalent of a no vote. With respect to broker non-votes, the shares will not be considered present at the Meeting for this matter so that broker non-votes will have the practical effect of reducing the number of affirmative votes required to achieve a majority vote by reducing the total number of shares from which the majority is calculated.

The holders of a majority of the issued and outstanding Common Stock entitled to vote at the Meeting, present in person or represented by proxy, constitutes a quorum for purposes of the Common Stock. Broker non-votes and abstentions count towards the establishment of a quorum.

ITEM 1.**ELECTION OF DIRECTORS****Nominees**

Pursuant to the Company's Restated Certificate of Incorporation, the Board of Directors is divided into three classes that are elected for staggered three-year terms and hold office until their successors are duly elected and qualified. Information Concerning the Operation of the Board of Directors

The business of the Company is managed under the direction of the Board of Directors. The Board of Directors meets on a quarterly basis to review significant developments affecting the Company and to act on matters requiring Board approval. The Board of Directors may also hold special meetings when an important matter requires Board action between regularly scheduled meetings. Directors are compensated for service on the Board of Directors or any committee thereof as follows:

\$20,000 per annum payable in four quarterly installments;

\$ 2,000 per Board meeting attended;

\$ 1,000 per meeting for serving as Chairman of the Audit Committee; and

\$ 500 per Audit Committee meeting attended.

During 2004, the Board of Directors of the Company met formally two (2) times and executed five (5) unanimous consents. All of the Company's directors attended the meetings of the Board of Directors. The Company does not have a policy on whether directors are required to attend the Meeting. Last year 4 of the directors attended the 2004 annual meeting stockholders.

Audit Committee

The Audit Committee assists the Board of Directors in fulfilling its responsibility for overseeing the quality and integrity of the Company's accounting, auditing and financial reporting practices. In carrying out this responsibility, the Audit Committee (i) reviews with the Company's independent auditors the scope of the annual audit, (ii) reviews the independent auditors' management letter and (iii) meets with the Company's internal auditors. In 2003, the Board of Directors adopted an audit committee charter, which is available on the Company's website at www.vaalco.com. The Audit Committee is comprised of Mr. Allen (Chairman), Mr. Nielsen and Mr. Farish. The Board of Directors has determined that Mr. Allen is a financial expert, as defined by the Securities Exchange Act of 1934. The Board of Directors has determined that all members of the Company's Audit Committee are financially literate and independent, based on the definition of independence in the American Stock Exchange's listing standards and applicable federal securities laws. The Board of Directors believes that all members of the Audit Committee possess the financial expertise necessary for the Audit Committee to properly fulfill its purpose. During 2004, the Audit Committee held three meetings at which all members were present.

Compensation Committee

The Compensation Committee establishes and approves the terms of employment of executive officers and reviews and approves management's recommendations concerning compensation of certain other employees. The Compensation Committee is comprised of Messrs. Allen and Farish, both of whom are non-employee directors. The Board of Directors has determined that each member of the Compensation Committee meets the independence requirements of the American Stock Exchange. All directors who were members of the Compensation Committee were present at the committee meeting.

Nominating Committee

The Company does not have a nominating committee or a Nominating Committee Charter. Rather, the independent directors participate in the consideration of director nominees. Based on the size of the Company, the size of the Board of Directors and the Board's determination that 4 of the 6 members of the Board are independent under the American Stock Exchange Listing Standards, the Company believes a nominating committee is not necessary at this time. The Company will evaluate the necessity of a nominating committee in 2005.

Code of Ethics

In 2004, the Board adopted a code of ethics which applies to directors, officer and employees of the Company. The Board has not granted any waivers of the Code of Ethics. The Code of Ethics is accessible on the Company's website at www.vaalco.com. Communication with the Board of Directors

In order to provide the Company's stockholders with a direct and open line of communication to the Board of Directors, the Board of Directors has adopted the following procedures for communications to directors. Cutrer, Corporate Secretary, VAALCO Energy, Inc., 4600 Post Oak Place, Suite 309, Houston, Texas, 77027.

Your communications should indicate that you are a stockholder of the Company. All communications received in accordance with these procedures will be reviewed initially by senior management of the Company. Senior management will relay all such communications to the appropriate director or directors unless it is determined that the communication (a) does not relate to the business or affairs of the Company or the functioning or constitution of the Board of Directors or any of its committees; (b) relates to routine or insignificant matters that do not warrant the attention of the Board of Directors; (c) is an advertisement or other commercial solicitation or communication; (d) is frivolous or offensive; or (e) is otherwise not appropriate for delivery to directors.

The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors or one or more of its committees and whether any response to the person sending the communication is appropriate. Any such response will be made only in accordance with applicable laws and regulations relating to the disclosure of information.

The Corporate Secretary will retain copies of all communications received pursuant to these procedures for a period of at least one year. The Board of Directors will review the effectiveness of these procedures from time to time and, if appropriate, recommend changes.

Audit Committee Report

The Company's management is responsible for preparing the Company's financial statements and implementing its internal accounting controls. Deloitte & Touche LLP, the Company's independent public accountants, are responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles. In carrying out its responsibility to oversee these processes, the Audit Committee has reviewed the audited financial statements in the Company's Annual Report for the year ended December 31, 2004 and discussed these financial statements with management and Deloitte & Touche LLP. The Audit Committee's discussions with management and Deloitte & Touche LLP included a review of the quality of the accounting principles used to prepare the Company's financial statements. The Audit Committee also discussed with Deloitte & Touche LLP such other matters as are required to be discussed with the Company's independent auditors under generally accepted auditing standards, including Statement on Auditing Standards No. 61.

Audit and Other Services

Deloitte & Touche LLP performed the audit of the Company's consolidated financial statements for the year ended 2004 and 2003. The scope and all fees associated with audit and other services performed by Deloitte and Touche are pre-approved by the Audit Committee on an annual basis. The aggregate fees billed for 2004 and 2003 are set forth below:

	<u>2004</u>	<u>2003</u>
Audit Services:		
Audit Fees	\$ 157,000	\$ 128,000
Audit-Related Fees	31,500	18,050
Total Audit Fees and Audit-Related Fees	188,500	146,050
Tax Fees	65,389	32,550
All Other Fees		
Total	253,889	178,600

Audit Fees. For the year ended December 31, 2004 and 2003, audit fees were for the audit of the Company's annual financial statements and review of the Company's interim financial statements.

Audit-Related Fees. For the year ended December 31, 2004, fees billed to the Company by its principal accounting firm, Deloitte & Touche LLP, for audit related services were for Sarbanes-Oxley readiness consultation, debt compliance letters and the issuance of a consent associated with the filing of a Form S-3. For the year ended December 31, 2003, fees billed to the Company were for Sarbanes-Oxley readiness consultation, debt compliance letters and the issuance of a consent associated with the filing of a Form S-8.

Tax Fees. For the years ended December 31, 2004 and 2003, fees billed to the Company for tax services were for review of federal and state income tax filings and for consultation in Gabon on payroll tax and value added tax matters.

The Audit Committee's Charter provides that the Company's independent auditor may provide only those services pre-approved by the Audit Committee. As part of the pre-approval process, the Audit Committee is to pre-approve the audit and non-audit services performed by the independent auditor to assure that the provision of such services does not impair the auditor's independence. The services to be pre-approved include annual audit services provided by the independent auditor, services which are reasonably related to the performance of the review or audit of our financial statements by the independent auditor, tax services and all other related services. The Audit Committee periodically establishes pre-approval levels for all services to be provided by the independent auditor. Any proposed services which exceed these pre-approval levels require specific pre-approval by the Audit Committee. In addition, the Audit Committee may delegate to a member(s), the authority to grant specific pre-approvals under its policy with respect to audit, review, attest and permitted non-audit services, provided that any such grant of pre-approval shall be reported to the full Audit Committee no later than its next scheduled meeting.

After reviewing the non-audit services provided by Deloitte & Touche LLP and engaging in discussions with Deloitte & Touche LLP regarding its independence, the Audit Committee determined that the non-audit services provided to the Company by Deloitte & Touche LLP were not inconsistent with Deloitte & Touche LLP's status as independent auditors. The primary non-audit service provided by Deloitte & Touche LLP was the preparation of the Company's tax returns and provision of guidance associated with the Company's Sarbanes-Oxley compliance activities.

Edgar Filing: VAALCO ENERGY INC /DE/ - Form DEF 14A

The Audit Committee has received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1.

Based on its reviews of the Company's audited financial statements and the discussions with management and Deloitte & Touche LLP described above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2004 for filing with the SEC.

COMPENSATION COMMITTEE REPORT

The compensation policy of the Company for determining executive compensation is performance based and focuses on management's fundamental objective of maximizing long-term stockholder value. The Company's executive compensation consists of a base salary, an annual bonus, and/or long-term equity-based incentives in the form of stock options. The Company's compensation philosophy is to foster entrepreneurship at all levels of the organization by making long-term equity-based incentives, through the granting of stock options, a significant component of executive compensation. As a result, a significant portion of executive compensation relies on the Company's common stock price achieving satisfactory long-term performance.

Base Salary

The Compensation Committee reviews and approves the salary ranges for the Company's employees. Comparative data was accumulated for use by the Committee. The policy for determining salaries for executive officers is consistent with the administration of salaries for all other employees. Base salaries for executives are determined by assessment of the executive's individual performance, the Company's performance and consideration of competitive compensation levels for the markets in which the Company operates. In 2004, base salaries increased for certain officers, including the CEO, in order to make salaries competitive in the industry. The compensation comparator group includes independent oil and gas companies with international operations.

Bonus

The annual incentive component of executive's compensation relates to specific accomplishments during the year in comparison to the Company's budget goals. Annual incentive compensation will be paid in cash. The executive can receive a percentage of his salary based on the contribution from the individual to the overall Company goals. For 2004, based on obtaining the specified corporate goals of production growth, increase in net income and increase in cash flow from operations, and an evaluation of the individual performance of each executive officer, the Company's executive officers were awarded a bonus, consisting of cash.

Long-Term Compensation

The purpose of the Long-term Compensation Plan is for key employees to be further aligned with shareholders and to be given the opportunity to share in the long-term performance of the company by achieving specific corporate financial and operational goals. The Corporation's long-term incentive program consists of the 2001 Stock Incentive Plan and the 2003 Stock Incentive Plan (the "Stock Incentive Plans"). The Committee's objective is to structure the executives' long-term incentive compensation at a level comparable to the average of the comparator group. In 2004, no awards were made to these executives' officers under these plans.

The Company has a broad-based employee stock option plan. The plan is designed to encourage stock ownership and entrepreneurship on the part of all employees. The plan aligns the interests of executive officers and employees with stockholders by linking a significant component of compensation to the long-term performance of the Company's common stock. Individual grants are determined by an assessment of an individual's current and expected future performance, level of responsibilities and the importance of his/her position with, and contribution to, the Company. Selected officers, managers and other employees may be eligible to participate in the plan. Participants are recommended by the CEO and approved by the Compensation Committee.

Compensation of Chief Executive Officer

The same criteria used to evaluate the salary, bonus, and long-term compensation of each executive officer is also used to determine the compensation of Robert L. In addition in January 2005, Mr. Gerry was granted an aggregate of 500,000 options to acquire shares of common stock which shall vest in three equal parts at twelve month intervals, with the first portion vesting upon award.
