Audit Committee and Financial Expert

We do not have a separately-designated standing audit committee but our full Board of Directors performs some of the same functions of an audit committee, including selecting the firm of independent certified public accountants to audit the annual financial statements, reviewing the independent auditors independence, the financial statements and the audit report, and reviewing the Company's system of internal controls over financial reporting. The Company does not currently have a written audit committee charter or similar document.

Although the Company does not have an audit committee, the Board of Directors has determined that it does have a director qualifying as an audit committee financial expert sitting on the Board of Directors. Mr. Lotke meets the definition of audit committee financial expert adopted by the SEC. Mr. Lotke is independent under the definition of independence contained in Rule 4200(a)(15) of the NASD's listing standards.

Nominating Committee

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form DEF 14A

We do not have a nominating committee or a nominating committee charter. The full Board of Directors performs some of the functions associated with a nominating committee, including consideration of director

nominees. The Company does not have a nominating committee because it is still in the development stage and has limited resources and a limited number of directors. The Board of Directors concluded that the expense of a separate nominating committee was not warranted at this time. At present, all of the members of the Board of Directors participate in discussions regarding nominees for director. Since at the present time there are only four directors and all directors will work closely with any new directors, the Board of Directors has determined that it is appropriate for all members of the Board of Directors to participate in the selection of directors. All of the directors approved the selection of the nominees for director named in the proxy statement. All nominees are current directors of the Company.

Generally, nominees for director have been identified and suggested by the members of the Board of Directors or management of the Company. The Board of Directors has not retained any executive search firms or other third parties to identify or evaluate director candidates in the past and does not intend to in the near future. In selecting a nominee for director, the Board of Directors considers the following criteria:

whether the nominee has the personal attributes for successful service on the Board of Directors, such as demonstrated character and integrity; experience at a strategy/policy setting level; managerial experience dealing with complex problems; an ability to work effectively with others; and sufficient time to devote to the affairs of the Company;

whether the nominee has been the chief executive officer or senior executive of a public company or a leader of a similar organization, including industry groups, universities or governmental organizations;

whether the nominee, by virtue of particular experience, technical expertise or specialized skill or contracts relevant to the Company's current or future business, will add specific value as a Board member; and

whether there are any other factors related to the ability and willingness of a new nominee to serve, or an existing Board member to continue his service.

The Board of Directors has not established any specific minimum qualifications that a candidate for director must meet in order to be recommended for Board membership. Rather the Board of Directors will evaluate the mix of skills and experience that the candidate offers, consider how a given candidate meets the Board's current expectations with respect to each such criterion and make a determination regarding whether a candidate should be recommended to the stockholders for election as a director. During the fiscal year ended June 30, 2005, the Company received no recommendation for directors from any of its non-officer/director stockholders.

This Company will consider for inclusion in its nominations of new Board of Director nominees proposed by stockholders who have held at least 1% of the outstanding voting securities of the Company for at least one year. Board candidates referred by such stockholders will be considered on the same basis as Board candidates referred from other sources. Any stockholder who wishes to recommend for the Company's consideration a prospective nominee to serve on the Board of Directors may do so by giving the candidate's name and qualifications in writing to the Company's Secretary at the following address: Halo Technology Holdings, 200 Railroad Avenue, Greenwich, CT 06830, Attention: Ernest C. Mysogland.

Board of Directors Meetings

The Board of Directors of the Company met ten times during the fiscal year ended June 30, 2005. All directors attended at least 75% of the meetings held while they were a director. All members of the Board of Directors are expected to be present, either in person or by telephone, at the annual meeting on October 21, 2005. The Company did not hold an annual meeting of shareholders for the fiscal year ended June 30, 2004. Therefore, none of the directors attended such a meeting.

Compensation Committee and Compensation Report

The Board of Directors appointed a Compensation Committee on September 13, 2005, consisting of Mr. Boehmer and Mr. Lotke, both of whom meet the requirements of non-employee directors under the rules

under section 16(b) of the Securities Exchange Act of 1934, as amended, and the requirements of outside directors under section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The Compensation Committee does not yet have a written charter. If the Halo Technology Holdings 2005 Equity Incentive Plan is approved, the Compensation Committee will administer such plan. The Compensation Committee did not meet during the fiscal year ended June 30, 2005.

Since the Company did not have a compensation committee of the Board of Directors for the fiscal year ended June 30, 2005, the entire Board of Directors reviewed all forms of compensation provided to our executive officers, directors, consultants and employees including stock compensation. The Board of Directors had no existing policy with respect to the specific relationship of corporate performance to executive compensation. The Board of Directors has set executive compensation at what the Board of Directors considered to be the minimal levels necessary to retain and compensate the officers of the Company for their activities on the Company's behalf.

Code of Ethics

A code of ethics is a set of written standards designed to deter wrongdoing and to promote:

- (1) Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- (2) Full, fair, accurate, timely and understandable disclosure in reports and documents that are filed with, or submitted to, the Commission and in other public communications made by an issuer;
- (3) Compliance with applicable governmental laws, rules and regulations;
- (4) The prompt internal reporting of violations of the code to an appropriate person or persons identified in the code; and
- (5) Accountability for adherence to the code.

The Company demands ethical conduct from its officers and employees. In the past, due to the Company's limited resources and its small number of employees, the Company had determined that it was not necessary to devote the resources necessary to develop a written Code of Ethics in order to require ethical conduct. As we have grown significantly through acquisitions during the past twelve months, the Company has determined that a Code of Ethics should be adopted. We are in the process of preparing a Code of Ethics to help ensure all employees of the Company and its subsidiaries adhere to the Company's standards of ethical conduct.

Under the Assignment, the Company agreed to repay ISIS (or its assignees), for the \$1,000,000 ISIS paid to the Seller. The Company has issued certain notes to ISIS evidencing such obligations in the principal amount of \$1,000,000. On January 31, 2005, the notes were automatically converted into Series C Notes. These warrants have an exercise price of \$1.25 per share and are exercisable for a period of five years from the date of issuance.

Furthermore, upon the acquisition of Gupta, in consideration of the Assignment and services in connection with due diligence, financing contacts and structure, for its efforts in negotiating the terms of the acquisition (including the specific right to assign the Purchase Agreement to the Company), and undertaking the initial obligation regarding the purchase of Gupta, the Company paid ISIS and its investors, as allocated by ISIS, a transaction fee equal to \$1,250,000, payable either in cash or, at the election of ISIS, in Series B-2 Securities, or senior debt or senior equity issued in connection with the acquisition of Gupta. PROPOSAL THREE APPROVAL OF HALO TECHNOLOGY HOLDINGS

2005 EQUITY COMPENSATION PLAN

On September 13, 2005, the Board of Directors adopted the Halo Technology Holdings 2005 Equity Compensation Plan (the 2005 Plan), subject to stockholder approval. If approved by stockholders, the 2005 Plan will be deemed to have become effective on September 13, 2005.

The Board of Directors believes that the 2005 Plan will attract and retain officers and other employees, consultants and directors of the Company and related companies. The Board of Directors believes that the approval of the 2005 Plan is in the best interests of the Company and its stockholders.

The following is a brief description of the 2005 Plan. The full text of the 2005 Plan is attached as *Appendix A* hereto. You are encouraged to read the 2005 Plan in its entirety.

Administration of the Plan

The 2005 Plan shall be administered by the Compensation Committee of the Board of Directors, which shall consist solely of not fewer than two directors of the Company who shall be appointed by, and serve at the pleasure of, the Board of Directors (taking into consideration the rules under section 16(b) of the Exchange Act and the requirements of section 162(m) of the Code). The Committee shall have the authority:

- (1) to select the employees, consultants and directors of the Company or an affiliate to be granted Awards under the Plan and to grant such Awards at such time or times as it may choose;
- (2) to determine the type and size of each Award, including the number of Shares subject to the Award;
- (3) to determine the terms and conditions of each Award;
- (4) to amend an existing Award in whole or in part (including the extension of the exercise period for any NQSO), except that the Committee may not (i) lower the exercise price of any Option, or (ii) without the consent of the Participant holding the Award, take any action under this clause if such action would adversely affect the rights of such Participant;
- (5) to adopt, amend and rescind rules and regulations for the administration of the Plan;
- (6) to interpret the Plan and decide any questions and settle any controversies that may arise in connection with it; and

(7) to adopt such modifications, amendments, procedures, sub-plans and the like which may be inconsistent with the provisions of the Plan, as may be necessary to comply with the laws and regulations of other countries in which the Company and its related companies operate in order to assure the viability of Awards granted under the Plan to individuals in such other countries.

Eligibility

The Company's employees, consultants and directors, or the employees, consultants and directors of the Company's related companies, may receive awards under the 2005 Plan. Currently, there are approximately 65 persons who would be eligible to receive awards under the 2005 Plan.

Authorized Shares, Limits on Awards

Subject to any future adjustment for share splits and similar events, the total number of shares of common stock of the Company, par value \$0.0001 per share (Shares) that can be delivered under the 2005 Plan initially

is 8,400,000. The total number of Shares that may be delivered under the 2005 Plan with respect to ISOs is 8,400,000. No employee may receive options and/or stock appreciation rights for more than 4 million Shares during any calendar year; or more than 4 million dividend equivalent rights during any calendar year. The maximum number of Shares that may be issued to any employee under an Award in any calendar year is 4 million. Shares available under the Plan may be authorized but unissued Shares or reacquired Shares. If any award that requires the participant to exercise the award for Shares to be delivered terminates without having been exercised in full, if any Shares subject to an award are forfeited, if any shares are withheld for the payment of taxes with respect to an award, or if any award payable in cash or shares is paid in cash rather than in Shares, the unexercised portion of the award, the forfeited Shares, the withheld Shares, or the portion that was paid in cash will continue to be available for future awards. However, if an option is cancelled, the shares subject to such option will continue to be counted against the maximum number of Shares specified above for which options may be granted to an employee in any calendar year. In addition, the aggregate fair market value, determined at the time the option is granted, of shares with respect to which ISOs are exercisable for the first time by any participant during any calendar year, under the 2005 Plan and under any other ISO plan of the Company or a related company, may not exceed \$100,000. The fair market value of a Share as of September 30, 2005 is \$1.85.

Types of Awards

The 2005 Plan provides for the granting of the following types of awards:

Stock Options. The 2005 Plan permits the Compensation Committee to grant options that qualify as ISOs under the Internal Revenue Code of 1986, as amended (the Code), and options that do not so qualify (NQSOs). Only employees of the Company or a subsidiary may receive ISOs. The Compensation Committee determines the exercise price of each option. The exercise price of an ISO, however, may not be less than 100% of the fair market value of the underlying shares on the date of grant (110% in the case of an ISO granted to a greater-than-10% shareholder). The exercise price of any option may not be less than the par value of the underlying Share(s).

The Compensation Committee will fix the term of each option, but no term may exceed 10 years from the date of grant (five years in the case of an ISO granted to a greater-than-10% shareholder). The Compensation Committee will determine at what time or times each option may be exercised. Options may be made exercisable in installments, and the exercisability of options may be accelerated by the Compensation Committee.

Stock Appreciation Rights. The Compensation Committee may grant two types of stock appreciation rights, one that entitles the participant to receive upon exercise an amount in Shares measured by the increase since the date of grant in the value of the Shares covered by the right (an Exercisable SAR). The other type of stock appreciation right entitles the participant to receive as soon as practicable after the right vests (unless the Compensation Committee specifies a later date in the award agreement), cash equal to the increase since the date of grant through the vesting date in the value of the Shares covered by the right (a Vesting SAR). The Compensation Committee may accelerate the date(s) on which Exercisable SARs may be exercised or the date(s) on which Vesting SARs vest.

Restricted Stock. The Compensation Committee may grant shares of restricted stock (for any or no consideration), subject to any restrictions the Compensation Committee may determine. The Compensation Committee may accelerate the date(s) on which the restrictions will lapse. Before the lapse of restrictions on Shares of restricted stock, the participant will have voting and dividend rights on the shares, unless the Compensation Committee determines otherwise.

Restricted Stock Unit. The Compensation Committee may grant restricted stock units subject to any restrictions the Compensation Committee may determine. A restricted stock unit entitles a participant to receive (with respect to a vested restricted stock unit) one share of the Company's stock, the cash value thereof, or a

combination of both. Although a participant will not have voting or dividend rights with respect to his or her restricted stock units, a participant will have dividend equivalent rights on his or her restricted stock units.

Performance Stock. The Compensation Committee may grant awards entitling a participant to receive Shares, the cash value thereof, or a combination of both, without payment therefore if certain performance criteria are met. Receipt of the Shares (or cash) may be conditioned on the achievement of goals using one or more of the following criteria: return on assets, return on net assets, asset turnover, return on equity, return on capital, market price appreciation of Shares, economic value added, total shareholder return, net income, pre-tax income, earnings per Share, operating profit margin, net income margin, sales margin, cash flow, market share, inventory turnover, sales growth, capacity utilization, net revenue per shipment, net revenue growth, increase in customer base, environmental health and safety, diversity, and/or quality.

Contract Stock. The Compensation Committee may grant awards entitling a participant to receive Shares without payment therefore if the participant continues providing services to the Company or related company through a date(s) specified in the participant's award agreement.

Bonus Stock. The Compensation Committee may grant awards entitling a participant to receive Shares without payment therefore as a bonus for services provided to the Company or a related company.

Dividend Equivalent Rights. The Compensation Committee may grant awards entitling a participant to receive a benefit in lieu of cash dividends that would have been payable on any or all Shares subject to another award granted to the participant had the shares been outstanding.

Treatment of Awards upon Termination of Service

If a participant's service terminates by reason of death or disability, all options and Exercisable SARs then held by the participant that were not exercisable immediately before the termination of service will terminate on that date, except as otherwise stated in the participant's award agreement. Any vested options and Exercisable SARs will remain exercisable for one year from the date of termination of service, or for a shorter or longer period as stated in the participant's award agreement. In the event of any other termination of service, all options and Exercisable SARs held by the participant that are not then exercisable will terminate (except as otherwise stated in the participant's award agreement). Except as otherwise provided by the award agreement, any options or Exercisable SARs that were exercisable generally will continue to be exercisable for three months, or for a longer period as stated in the participant's award agreement, with the exception of a termination for cause, in which case all options and Exercisable SARs (whether or not exercisable) shall terminate upon such termination of service. Notwithstanding the post-termination exercise periods described above, no option or Exercisable SARs may be exercised beyond its original term.

If a participant holds shares of restricted stock and terminates service for any reason, including death or disability, before the lapse of the restrictions, the participant must forfeit the shares to the Company; except that the participant's award agreement may provide that the restrictions lapse upon a specified type of termination of service. Except as otherwise stated in a participant's award agreement, all other types of awards including Vesting SARs, restricted stock units, performance stock awards, contract stock awards, bonus stock awards, and dividend equivalent rights, to which a participant has not become entitled will terminate irrevocably upon the participant's termination of service for any reason, including death or disability.

Transferability

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form DEF 14A

No ISO granted under the 2005 Plan may be transferred other than by will or by the laws of descent and distribution. No other award may be transferred, except to the extent provided in a participant's award agreement. During a participant's lifetime, an award requiring exercise may be exercised only by the participant, or, in the event of the participant's incapacity, the person(s) legally appointed to act on the participant's behalf.

Adjustments in Shares; Corporate Transactions

If a stock dividend, stock split, reverse split, or similar change in capitalization occurs, the Compensation Committee will make appropriate adjustments to the maximum number of shares that may be delivered under the 2005 Plan, the maximum number of shares that may be delivered under the Plan with respect to ISOs, the maximum number of shares with respect to which options, stock appreciation rights or other awards may be granted in any calendar year, the exercise price of outstanding options, and the number of shares issuable after an award is exercised or vests.

If a corporate transaction occurs (such as a merger, consolidation, sale of all or substantially all of the Company's property or the sale of more than 50% of the outstanding shares of the Company's stock, separation, reorganization or liquidation), each outstanding award will be assumed by the surviving or successor entity. In the event of a proposed corporate transaction, however, the Compensation Committee may terminate all or a portion of any outstanding award, effective upon the closing of the corporate transaction, if the Compensation Committee determines that doing so is in the Company's best interests. If so, the Compensation Committee will give each participant holding an option and stock appreciation right (that is payable upon exercise) not less than seven days' notice before the termination to exercise any such option or stock appreciation right that is to be so terminated, to the extent it is then exercisable, before the termination. Further, in the event of a corporate transaction, the Compensation Committee, in its discretion, may:

accelerate the date on which options, stock appreciation rights and restricted stock units vest;

remove restrictions from outstanding shares of restricted stock;

cause the delivery of any performance stock, even if the associated performance goals have not been met;

cause the payment of any contract stock, even if the date such stock is to be delivered has not been reached; and/or

cause the payment of any dividend equivalent rights.

The Compensation Committee may also change the terms of any outstanding award to reflect the corporate transaction, subject to certain limitations. Finally, the Compensation Committee may, in lieu of the actions described above, arrange to have the surviving or acquiring entity grant the participant a replacement award that, in the judgment of the Compensation Committee, is substantially equivalent to the replaced award (if the participant will provide services to the surviving or acquiring entity or an affiliate).

Federal Income Tax Consequences of Awards and Options under the 2005 Plan

The income tax consequences of the 2005 Plan under current federal law, which is subject to change, are summarized in the following discussion. This summary is not intended to be exhaustive and, among other considerations, does not describe state or local tax consequences.

ISOs. To the extent options issued under the 2005 Plan qualify as ISOs under Section 422 of the Code, the Company's principal Federal income tax consequences to each participant receiving an ISO generally should be as follows:

(1) The participant will not recognize taxable income on the grant of the ISO. Moreover, the participant generally will not recognize taxable income on the participant's exercise of the ISO, provided the participant was an employee of the Company or of any of its subsidiary companies, as defined in Section 424(f) of the Code, during the entire period from the date of grant of the ISO until three months before the date of exercise, increased to 12 months if the participant's employment ceased due to permanent and total disability. However, an amount, generally equal to the excess of the fair market value of the shares over the exercise price at the time of exercise, will be included in the participant's alternative minimum taxable income in the year of exercise. The

employment requirement that an ISO be exercised within three months of the participant's termination of employment is waived if the participant dies while employed or during such period, in which case the ISO will remain exercisable for 12 months from the date of the participant's death. Of course, in all of these situations, the ISO itself may provide a shorter exercise period after the participant's employment ceases than the allowable period under the Code. If the employment requirements described above are not met, the tax consequences relating to NQSOs, discussed below, will apply.

(2) If the participant disposes of the shares acquired under the ISO at least two years after the date of grant the ISO and at least one year following the date the shares are transferred to the participant following the exercise of the ISO, the participant will recognize a long-term capital gain or loss, equal to the difference between the amount realized on the disposition and the exercise price, assuming the participant held the shares as capital assets.

(3) If the participant makes a disqualifying disposition of the shares, that is, disposes of the shares within two years after the date of grant of the ISO or within one year after the shares are transferred to the participant following the exercise of the ISO, but all other requirements of Section 422 of the Code are met, the participant generally will recognize ordinary income on disposition of the shares in an amount equal to the lesser of (i) the fair market value of the shares on the date of exercise minus the exercise price, or (ii) the amount realized on disposition minus the exercise price. Disqualifying dispositions of shares may also, depending on the sales price, result in either long-term or short-term capital gain or loss under the Code rules that govern other stock dispositions, assuming that the participant held the shares as capital assets.

(4) If all requirements of Section 422 of the Code, including the holding and employment requirements described in (1) and (2) above, are met, the Company is not entitled to any federal income tax deduction with respect to the ISO. If any of the requirements are not met, the Company will be allowed a federal income tax deduction to the extent of the ordinary income includible in the participant's gross income in accordance with the provisions of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

Nonqualified Stock Options. If options are NQSOs when granted under the 2005 Plan, or if options, when granted, are intended to be ISOs but fail to qualify as ISOs, the principal federal income tax consequences to the Company and each participant generally should be as follows:

(1) The participant will not recognize taxable income on the grant of the NQSO.

(2) The participant will recognize ordinary income at the time of exercise of the NQSO, in an amount equal to the excess of the shares' fair market value at the time of the exercise over the exercise price.

(3) The Company will not be entitled to a deduction on the grant of the NQSO. The Company will be entitled to a deduction to the extent of the ordinary income the participant recognizes in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(4) Gain or loss that is recognized by the participant after a subsequent disposition of shares will be short-term or long-term capital gain or loss, if the shares are otherwise capital assets in the participant's hands.

(5) Section 162(m) of the Code limits the extent to which the compensation paid to the Company's chief executive officer, or the person acting in that capacity, and the four highest compensated executives other than the chief executive officer (collectively, the "Covered Employees"), is

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form DEF 14A

deductible by the Company when the annual compensation for any Covered Employee exceeds \$1,000,000 in a taxable year. Compensation for purposes of Section 162(m) includes cash compensation and noncash benefits paid for services, including, with respect to NQSOs, the difference between the exercise price and the market value of the stock at the time of

exercise, subject to some exclusions. However, approval of the 2005 Plan by the Company's shareholders will prevent the spread on exercise of NQSOs from being treated as compensation for purposes of Section 162(m), so that the Company will be entitled to deduct any compensation recognized on the exercise of the NQSOs granted under the Plan.

Stock Appreciation Rights. To the extent that a participant exercises an Exercisable SAR or receives payment with respect to a Vesting SAR granted under the 2005 Plan, the principal Federal income tax consequences to the Company and each participant generally should be as follows:

- (1) When the Company grants the stock appreciation right, a participant recognizes no taxable income, and the Company is not entitled to a deduction.
- (2) When the participant exercises an Exercisable SAR or receives payment with respect to a Vesting SAR, the participant will recognize ordinary income as of the date of exercise or payment, respectively, in an amount equal to the excess of the fair market value of the shares on the date of exercise or vesting, respectively, over the fair market value of the shares on the date of grant to which the stock appreciation rights relate.
- (3) The Company is entitled to a deduction, in the same year in which the participant recognizes income, to the extent of the amount includible in the participant's gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.
- (4) Gain or loss that the participant recognizes after a subsequent disposition of shares will be short-term or long-term capital gain or loss, if the shares are otherwise capital assets in the participant's hands.
- (5) The Company's otherwise allowable deduction for compensation paid or accrued to any Covered Employee is generally limited under Section 162(m) of the Code to \$1,000,000 per taxable year. However, approval of the 2005 Plan by the Company's shareholders will prevent the spread upon exercise or payment, as applicable, of stock appreciation rights from being treated as remuneration for purposes of Section 162(m), so that the Company will be entitled to deduct any compensation recognized on exercise, or payment, of stock appreciation rights granted under the 2005 Plan.
- (6) The Company recognizes no gain or loss when it issues stock with respect to an Exercisable SAR under the 2005 Plan.

Restricted Stock Awards. The principal Federal income tax consequences to the Company and each participant if granted restricted stock under the 2005 Plan generally should be as follows:

- (1) When the Company grants restricted stock, the participant will not recognize taxable income, and the Company will not be entitled to a deduction, unless the participant timely elects under Section 83(b) of the Code to be taxed at the time of the grant.
- (2) When the Company pays dividends attributable to restricted stock, the participant will recognize ordinary income at the time the dividends are paid to the participant.

(3) After the lapse of all restrictions on shares issued through a restricted stock award, the participant will recognize ordinary income in an amount equal to the fair market value of the shares on the date of vesting, unless the participant elected previously and timely under Section 83(b) of the Code to be taxed at the time of grant.

(4) The basis of the shares received by the participant after the vesting of a restricted stock grant is the amount recognized by the participant as income attributable to the shares, as described in (3) above, plus any purchase price paid for the restricted stock. The participant's holding period for the shares begins on the day after the date of vesting (or, if the participant previously made a timely election under Section 83(b) of the Code to be taxed at the time of grant, on the day after the date of grant). When the participant disposes of the shares, the participant will recognize a short- or long-term capital gain or loss, under Code rules that govern stock dispositions, assuming that the participant held the shares as capital assets.

(5) The Company will generally be entitled to a deduction, in the same year in which the participant recognize income, equal to the amount of ordinary income includible in the participant's gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(6) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee is generally limited under Section 162(m) of the Code to \$1,000,000 per taxable year. Restricted stock grants, and the dividends received on them, should be treated as compensation for purposes of this \$1,000,000 limit (unless the Covered Employee's vesting in them is subject to performance criteria).

Restricted Stock Unit Awards. The principal Federal income tax consequences of the Company and the Participant if granted restricted stock units under the 2005 Plan generally should be as follows:

(1) When the Company grants the participant a restricted stock unit award, the participant will not recognize taxable income, and the Company will not be entitled to a deduction.

(2) After the shares or cash with respect to a restricted stock unit is delivered to a participant, the participant will recognize ordinary income in an amount equal to the fair market value of the shares on the date of delivery.

(3) If shares are delivered with respect to the restricted stock unit, the basis of the shares received is the amount the participant recognized as income attributable to the shares, as described in (2) above. The participant's holding period for the shares begins on the day after the date of delivery. When the participant disposes of the shares, the participant will recognize a short- or long-term capital gain or loss, under Code rules that govern stock dispositions, assuming that the participant held the shares as capital assets.

(4) The Company will generally be entitled to a deduction, in the same year in which the participant recognizes income, equal to the amount of ordinary income includible in the participant's gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(5) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee is generally limited under Section 162(m) of the Code to \$1,000,000 per taxable year. Restricted stock units should be treated as compensation for purposes of this \$1,000,000 limit (unless the Covered Employee's vesting in them is subject to performance criteria).

Performance Stock Awards. The principal Federal income tax consequences to the Company and each participant if granted performance stock under the 2005 Plan generally should be as follows:

(1) When the Company grants the participant a performance stock award, the participant will not recognize taxable income, and the Company will not be entitled to a deduction.

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form DEF 14A

(2) After the shares or cash with respect to a performance stock award is delivered to a participant, the participant will recognize ordinary income in an amount equal to the fair market value of the shares on the date of delivery.

(3) If shares are delivered with respect to the performance stock award, the basis of the shares the participant receives through the performance stock award is the amount the participant recognized as income attributable to the shares, as described in (2) above. The participant's holding period for the shares begins on the day after the date of the grant. When the participant disposes of the shares, the participant will recognize a short- or long-term capital gain or loss, under Code rules that govern stock dispositions, assuming that the participant holds the shares as capital assets.

(4) Generally, the Company will be entitled to a deduction, in the same year in which the participant recognizes income, equal to the amount of ordinary income includible in the participant's gross income in

accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(5) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee is generally limited under Section 162(m) of the Code to \$1,000,000 per year. However, approval of the 2005 Plan by the Company's shareholders will prevent the performance stock from being treated as compensation for purposes of Section 162(m) (provided the performance goals are pre-established in accordance with the regulations issued under Section 162(m) of the Code), so that the Company will be entitled to deduct any compensation recognized through the participant's receipt of the performance stock.

(6) The Company will recognize no gain or loss when it issues performance stock under the 2005 Plan.

Contract Stock Awards. The principal Federal income tax consequences to the Company and each participant if granted contract stock under the 2005 Plan generally should be as follows:

(1) When the Company grants the participant a contract stock award, the participant will not recognize taxable income, and the Company will not be entitled to a deduction.

(2) When the Company delivers the contract stock to the participant, the participant will recognize ordinary income in an amount equal to the fair market value of the stock on the date of delivery.

(3) The basis of the stock received by the participant through the contract stock award is the amount the participant recognized as income attributable to the stock, as described in (2) above. The holding period for the stock begins on the day after the date of the delivery. When the participant disposes of the stock, the participant will recognize a long-term or short-term capital gain or loss, under Code rules that govern stock dispositions, assuming that the participant holds the stock as a capital asset.

(4) Generally, the Company will be entitled to a deduction, in the same year in which the participant recognizes income, equal to the amount of ordinary income includable in the participant's gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(5) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee generally is limited under Section 162(m) of the Code to \$1,000,000 per taxable year. Contract stock awards should be treated as compensation for purposes of this \$1,000,000 limit.

(6) The Company will recognize no gain or loss when it issues contract stock under the 2005 Plan.

Bonus Stock Awards. The principal federal income tax consequences to the company and each participant if granted bonus stock under the 2005 Plan generally should be as follows:

(1) The participant will recognize ordinary income in an amount equal to the fair market value of the stock on the date of grant.

(2) The basis of the stock received by the participant through a bonus stock award is the amount recognized as income attributable to the stock, as described in (1) above. The holding period for the stock begins on the day after the date of the grant. When the participant disposes of the stock, the participant will recognize a long-term or short-term capital gain or loss, under Code rules that govern stock dispositions, assuming that the participant holds the stock as a capital asset.

(3) Generally, the Company will be entitled to a deduction, in the same year in which the participant recognizes income, equal to the amount of ordinary income includable in the participant's gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(4) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee generally is limited under Section 162(m) of the Code to \$1,000,000 per year. Bonus stock should be treated as compensation for purposes of this \$1,000,000 limit.

(5) The Company recognizes no gain or loss when it issues bonus stock under the 2005 Plan.

Dividend Equivalent Rights. If a participant receives dividend equivalent rights under the 2005 Plan, the principal Federal income tax consequences to the Company and each participant generally should be as follows:

(1) The participant will recognize ordinary income as of the date the dividend equivalent rights are paid to the participant.

(2) The Company is entitled to a deduction, in the same year in which the participant recognizes income, equal to the amount includible in the participant's gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(3) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee is generally limited under Section 162(m) of the Code to \$1,000,000 per year. Amounts attributable to dividend equivalent rights should be treated as compensation for purposes of the \$1,000,000 limit.

New Plan Benefits

Under the 2005 Plan, an aggregate of up to 8,400,000 shares can be issued to employees, consultants and directors under the terms of the 2005 Plan. The shares will have a value equivalent to the fair market value on the date of grant. The Company has no immediate intention to issue share awards under the 2005 Plan; however, the Company has committed to issue certain options described below under the 2005 Plan, subject to stockholder approval.

Additional future awards under the 2005 Plan will be granted at the discretion of the Compensation Committee, the type, number, recipients, and other terms of such awards cannot be determined at this time. Information regarding our recent practices with respect to stock-based compensation under the 2002 Plan is printed elsewhere in this Proxy Statement and in our financial statements for the fiscal year ended June 30, 2005, located in our annual report on Form 10-KSB which accompanies this Proxy Statement. If stockholders decline to approve the 2005 Plan, awards will not be granted under the 2005 Plan.

Amendment and Duration of 2005 Plan

No ISO may be granted under the 2005 Plan after September 13, 2015, but ISOs previously granted may extend beyond that date. Awards other than ISOs may be granted after that date. The Compensation Committee may at any time discontinue granting awards under the 2005 Plan. The Board of Directors may at any time amend or terminate the 2005 Plan, and the Compensation Committee may amend any outstanding award, other than lowering the exercise price of options for any purpose, except that the following amendments may not be made without shareholder

approval:

an increase in the maximum number of shares with respect to which ISOs may be granted under the 2005 Plan;

a change in the class of employees eligible to receive ISOs under the 2005 Plan;

an extension of the 2005 Plan's duration with respect to ISOs; and

any amendment to the 2005 Plan requiring shareholder approval under the \$1 million deduction limit on compensation in Section 162(m) of the Code; and

any amendment of the 2005 Plan requiring shareholder approval under any other applicable law, rule or regulation.

Further, no amendment or termination of the 2005 Plan or amendment of an outstanding award may adversely affect the rights of any participant, without the participant's consent, under any award previously granted.

2002 Stock Incentive Plan

In November 2002, the Company's Board of Directors approved and adopted the Warp Technology Holdings, Inc. 2002 Stock Incentive Plan (the 2002 Plan) as a means through which the Company and its subsidiaries may attract, retain and compensate employees and consultants. So that the appropriate incentive can be provided, the 2002 Plan provides for granting Incentive Stock Options, Nonqualified Stock Options, Restricted Stock Awards and Stock Bonuses, or a combination of the foregoing. A total of 776,611 shares have

been reserved for issuance pursuant to the 2002 Plan plus shares that are subject to: (a) issuance upon exercise of an option but cease to be subject to such option for any reason other than exercise of such option; (b) an award granted under the 2002 Plan but forfeited or repurchased by the Company at the original issue price; and (c) an Award that otherwise terminates without shares being issued. The 2002 Plan is administered by the Board of Directors. The Board of Directors may at any time terminate or amend the 2002 Plan in any respect, including without limitation amendment of any form of award agreement or instrument to be executed pursuant to the 2002 Plan; provided, however, that the Board of Directors will not, without the approval of the stockholders of the Company, amend the 2002 Plan in any manner that requires stockholder approval. Unless earlier terminated as provided under the 2002 Plan, the 2002 Plan will terminate November 2012. As of June 30, 2005, there were outstanding options to purchase 628,453 shares and 148,158 shares available for award under the 2002 Plan.

The Board of Directors unanimously recommends a vote FOR adoption of the 2005 Plan.

PROPOSAL FOUR TRANSACTION OF OTHER BUSINESS

If next year's annual meeting is held on a date more than 30 calendar days from October 21, 2006, a stockholder proposal must be received by a reasonable time before the Company begins to print and mail its proxy solicitation materials. Any stockholder proposals will be subject to the requirements of the proxy rules adopted by the Securities and Exchange Commission.

STOCKHOLDER COMMUNICATIONS

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form DEF 14A

Stockholders who desire to communicate with the Board of Directors should send communications addressed to the Board of Directors or an individual director c/o Halo Technology Holdings, 200 Railroad Avenue, Greenwich, CT 06830, Attention: Corporate Secretary. Any such communications will be forwarded directly to such members.

QUORUM AND VOTING PROCEDURES

The Bylaws of the Company provide that a majority of the shares of stock issued and outstanding and entitled to vote, present in person or by proxy, shall constitute a quorum at a meeting of stockholders of the Company. In accordance with the Articles of Incorporation, the Series C Preferred Shares are entitled to the number of votes equal to the largest number of whole shares of common stock into which their Series C Preferred Shares could be converted on the record date. For purposes of determining a quorum, each share of Series C Preferred Stock issued and outstanding will be counted as one share of common stock. Shares of stock represented by a properly signed and returned proxy are considered as present at the annual meeting for purposes of determining a quorum. Abstentions and broker non-votes are counted as present for purposes of determining the existence of a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

The Series C Preferred Stock is entitled to vote together as a single class with the common stock on all matters submitted to a vote of the stockholders of the Company and is entitled to that number of vote equal to the largest number of whole shares of common stock into which such holder's Preferred Shares could be converted pursuant to the Articles of Incorporation, at the record date. As at September 30, 2005, the record date, each share of Series C Preferred Stock is entitled to one vote. The vote required for election of directors is the affirmative vote of a plurality of the shares present or represented at the annual meeting and entitled to vote thereon (i.e., the nominees receiving the greatest number of votes will be elected). Votes may be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. Approval by a majority of the issued and outstanding shares of stock of the Company represented at the annual meeting and entitled to vote thereat, voting together as a single class, is required for approval of the 2005 Plan. A failure to vote or a broker non-vote will have the same legal effect as a vote cast against approval of any Proposal.

If a stockholder of record specifies in the proxy how it is to be voted, it will be voted in accordance with such specification. If a properly signed proxy is returned to the Company by a stockholder of record and is not marked, it will be voted in accordance with the Board of Directors recommendations on all proposals.

REVOCATION OF PROXIES

Any stockholder giving a proxy in the accompanying form retains the power to revoke it at any time before the exercise of the powers conferred thereby, by notice in writing to the Secretary of the Company. Any stockholder who attends the annual meeting in person will not be deemed thereby to revoke the proxy unless such stockholder affirmatively indicates at the annual meeting his intention to vote the shares covered thereby in person.

OTHER MATTERS

The Board of Directors and Company's management know of no business which will be presented for consideration at the Annual Meeting other than that discussed above. However, if any other proper business should come before the Annual Meeting, it is the intention of the persons named in the enclosed form of proxy to vote the proxies in respect to any such business in accordance with their best judgment. Matters with respect to which the enclosed form of proxy confers such discretionary authority are as follows: (i) matters which the Board of Directors does not know are to be presented at the Annual Meeting as of a reasonable time before the mailing of this Proxy Statement; (ii) approval of the minutes of the prior meeting of stockholders, such approval not constituting ratification of the action taken at such meeting; (iii) election of any person as a director if any of the nominees named herein is unable to serve or for good cause will not serve; and (iv) matters incident to the conduct of the Annual Meeting.

The cost of preparing, assembling and mailing this proxy material will be paid by the Company. The Company may solicit proxies other than by the use of the mail, in that certain officers and regular employees of the Company, without additional compensation, may use their personal efforts, by telephone or otherwise, to obtain proxies. The Company requests individuals, firms and corporations holding shares in their names, or in the names of their nominees, which shares are beneficially owned by owners, to send this proxy material to and obtain proxies from such beneficial owners and will reimburse such holders for their reasonable expenses in doing so. Representatives of Pacific Stock Transfer, our transfer agent, will tabulate the proxies received from the common stockholders. Ernest C. Mysogland will tabulate the proxies received from the Series C Preferred stockholders and will act as inspector of elections.

- (5) to adopt, amend and rescind rules and regulations for the administration of the Plan;

- (6) to interpret the Plan and decide any questions and settle any controversies that may arise in connection with it; and

- (7) to adopt such modifications, amendments, procedures, sub-plans and the like which may be inconsistent with the provisions of the Plan, as may be necessary to comply with the laws and

regulations of other countries in which the Company and its Related Corporations operate in order to assure the viability of Awards granted under the Plan to individuals in such other countries.

Such determinations and actions of the Committee, and all other determinations and actions of the Committee made or taken under authority granted by any provision of the Plan, shall be conclusive and shall bind all parties. Nothing in this subsection (b) shall be construed as limiting the power of the Board or the Committee to make the adjustments described in Sections 8.3 and 8.4.

4. Effective Date and Term of Plan

(a) *Effective Date.* The Plan, having been adopted by the Board on September 13, 2005, shall become effective on that date, but subject to the approval of the stockholders of the Company pursuant to Section 9(b). (b) *Term of Plan for ISOs.* No ISO may be granted under the Plan after September 13, 2015, but ISOs previously granted may extend beyond that date. Awards other than ISOs may be granted after that date.

5. Shares Subject to the Plan

Further, no employee shall receive Options (in the aggregate) or Stock Appreciation Rights for more than 4,000,000 Shares each during any calendar year; or more than 4,000,000 Dividend Equivalent Rights during any calendar year, under the Plan. Finally, the maximum number of Shares that may be issued to any Participant under any Award in any calendar year is 4,000,000.

(b) *Special Rules.* The limits set forth in subsection (a) above shall be subject to the adjustments described in Section 8.3. Shares delivered under the Plan may be authorized but unissued Shares or reacquired Shares, and the Company may purchase Shares required for this purpose, from time to time, if it deems such purchase to be advisable. Any Shares still subject to an Option which expires or otherwise terminates for any reason whatsoever (including, without limitation, the surrender thereof) without having been exercised in full, any Shares still subject to an Award that is forfeited, any Shares withheld for the payment of taxes with respect to an Award, and the Shares subject to an Award which is payable in Shares or cash and that is satisfied in cash rather than in Shares, shall continue to be available for Awards under the Plan. However, if an Option or Stock Appreciation Right is cancelled, the Shares covered by the cancelled Option and/or Stock Appreciation Right shall be counted against the maximum number of Shares specified in Section 5(a) above for which Options and Stock Appreciation Rights may be granted to an employee in any calendar year.

6. *Eligibility.* Except as otherwise provided, employees, consultants and directors of the Company or an affiliate shall be eligible to receive Awards under the Plan. More than one Award may be granted to a employee, consultant or director under the Plan.

7. Types of Awards

7.1 *Options*

(a) *Kinds of Options.* Both ISOs and NQSOs may be granted by the Committee under the Plan. NQSOs may be granted to an employee, consultant or director of the Company or an affiliate. ISOs may only be granted to employees of the Company or of a Related Corporation. Once an ISO has been granted, no action by the Committee that would cause the Option to lose its status as an ISO under the Code will be effective without the consent of the Participant holding the Option.

A-4

(b) *\$100,000 Limit.* The aggregate Fair Market Value of the Shares with respect to which ISOs are exercisable for the first time by an employee during any calendar year (counting ISOs under this Plan and under any other stock option plan of the Company or a Related Corporation) shall not exceed \$100,000. If an Option intended as an ISO is granted to an employee and the Option may not be treated in whole or in part as an ISO pursuant to the \$100,000 limit, the Option shall be treated as an ISO to the extent it may be so treated under the limit and as an NQSO as to the remainder. For purposes of determining whether an ISO would cause the limit to be exceeded, ISOs shall be taken into account in the order granted. The annual limits set forth above for ISOs shall not apply to NQSOs.

(c) *Exercise Price.* The exercise price of an Option shall be determined by the Committee, subject to the following:

(i) The exercise price of an ISO shall not be less than the greater of (A) 100 percent (110 percent in the case of an ISO granted to a More-Than-10-Percent Shareholder) of the Fair Market Value of the Shares subject to the Option, determined as of the time the Option is granted, or (B) the par value per Share.

(ii) The exercise price of an NQSO shall not be less than the greater of (A) 100 percent of the Fair Market Value of the Shares subject to the Option, determined as of the time the Option is granted, or (B) the par value per Share.

(d) *Term of Options.* The term of each Option may not be more than 10 years (five years, in the case of an ISO granted to a More-Than-10-Percent Shareholder), from the date the Option was granted, or such earlier date as may be specified in the Award Agreement.

(e) *Exercise of Options.* An Option shall become exercisable at such time or times, and on such conditions, as the Committee may specify. The Committee may at any time and from time to time accelerate the time at which all or any part of the Option may be exercised. Any exercise of an Option must be in writing, signed by the proper individual, and delivered or mailed to the Company, accompanied by (i) any other documents required by the Committee and (ii) payment in full in accordance with subsection (f) below for the number of Shares for which the Option is exercised (except that, in the case of an exercise arrangement approved by the Committee and described in subsection (f)(iii) below, payment may be made as soon as practicable after the exercise). Only full shares shall be issued under the Plan, and any fractional share that might otherwise be issuable upon exercise of an Option granted hereunder shall be forfeited.

(f) *Payment for Shares.* The Award Agreement shall set forth, from among the following alternatives, how the exercise price is to be paid:

(i) in cash or by check (acceptable to the Committee), bank draft, or money order payable to the order of the Company;

(ii) unless prohibited by guidance issued under Section 409A of the Code, in Shares previously acquired by the Participant; provided, however, that if such Shares were acquired through the exercise of an ISO and are used to pay the Option price of an ISO, such Shares have been held by the Participant for a period of not less than the holding period described in section 422(a)(1) of the Code on the date of exercise, or if such Shares were acquired through the exercise of an NQSO and are used to pay the Option price of an ISO, or if such Shares were acquired through the exercise of an ISO or an NQSO and are used to pay the Option price of an NQSO, such Shares have been held by the Participant for such period of time as may be required, if applicable, to be considered mature Shares for purposes of accounting treatment;

(iii) with the contemporaneous consent of the Committee, by delivering a properly executed notice of exercise of the Option to the Company and a broker, with irrevocable instructions to the broker promptly to deliver to the Company the amount of sale or loan proceeds necessary to pay the

exercise price of the Option (in no event shall any part of such transaction constitute a loan from the Company or an affiliate to the Participant);
or

A-5

(iv) by any combination of the above-listed forms of payment.

If the Option price is paid, in whole or in part, with Shares, the portion of the Option price so paid shall be equal to the Fair Market Value on the date of exercise of the Option of the Shares surrendered in payment of such Option price.

7.2 Stock Appreciation Rights

(a) *Grant of Stock Appreciation Rights.* The Committee may grant Stock Appreciation Rights to any employee, consultant or director of the Company or an affiliate. The Committee may grant Stock Appreciation Rights that are payable upon a Participant's exercise of his or her Award (an Exercisable SAR) or that are payable upon the vesting of his or her Award (a Vesting SAR).

(b) *Nature of Exercisable SARs.* An Exercisable SAR entitles the Participant to receive, with respect to each Share as to which the Stock Appreciation Right is vested, the excess of the Share's Fair Market Value on the date of exercise over its Fair Market Value on the date the Stock Appreciation Right was granted. Such excess shall be paid in Shares.

A Participant may exercise his or her Exercisable SAR at any time after it vests and prior to its termination.

(c) *Nature of Vesting SARs.* A Vesting SAR entitles the Participant to receive, with respect to each Share as to which the Stock Appreciation Right is vested, the excess of the Share's Fair Market Value on the date of vesting over its Fair Market Value on the date the Stock Appreciation Right was granted. Such excess shall be paid in cash as soon as practicable after, but no later than March 15 of the calendar year beginning after, the date the Stock Appreciation Rights are no longer subject to a substantial risk of forfeiture (as defined in Section 409A of the Code) unless the Committee has specified a later payment date (in accordance with Section 409A of the Code) in the Award Agreement.

(d) *Vesting of Stock Appreciation Rights.* A Stock Appreciation Right shall vest at such time or times, and on such conditions, as the Committee may specify in the Award Agreement. The Committee may at any time accelerate the vesting of a Stock Appreciation Right.

7.3 Restricted Stock

(a) *General Requirements.* The Committee may issue or transfer Restricted Stock (for any or no consideration) to any employee, consultant or director of the Company or an affiliate.

(b) *Rights as a Stockholder.* Unless the Committee determines otherwise, a Participant who receives Restricted Stock shall have certain rights of a stockholder with respect to the Restricted Stock, including voting and dividend rights (in accordant with subsection (e), below), subject to the restrictions described in subsection (c) below and any other conditions imposed by the Committee at the time of grant. Unless the Committee determines otherwise, certificates evidencing shares of Restricted Stock will remain in the possession of the Company until such Shares are free of all restrictions under the Plan.

(c) *Restrictions.* Except as otherwise specifically provided by the Plan, Restricted Stock may not be sold, assigned, transferred, pledged, or otherwise encumbered or disposed of, and if the Participant ceases to be an employee of any of the Company and its Related Corporations for any reason, must be forfeited to the Company. These restrictions will lapse at such time or times, and on such conditions, as the Committee may specify in the Award Agreement. Upon the lapse of all restrictions, the Shares will cease to be Restricted Stock for purposes of the Plan. The Committee may at any time accelerate the time at which the restrictions on all or any part of the Shares will lapse.

(d) *Notice of Tax Election.* Any Participant making an election under section 83(b) of the Code for the immediate recognition of income attributable to an Award of Restricted Stock must provide a copy thereof to the Company within 10 days of the filing of such election with the Internal Revenue Service.

(e) *Dividend Rights.* Dividends payable with respect to dividend rights attributable to a Restricted Stock Award shall accumulate without interest (and be held by the Company) and shall vest at the same time as the Shares attributable to the Restricted Stock Award vest. Once vested, such dividends will be paid to the Participant in cash as soon as practicable after, but not later than March 15 of the calendar year beginning after, the date the dividends are no longer subject to a substantial risk of forfeiture (as defined under Section 409A of the Code) unless the Committee has specified a later payment date (in accordance with Section 409A of the Code) in the Award Agreement.

7.4 Restricted Stock Units

(a) *Grant.* The Committee may grant Restricted Stock Units to any employee, consultant or director of the Company or an affiliate.

(b) *Nature of Restricted Stock Units.* A Restricted Stock Unit entitles the Participant to receive, with respect to each vested Restricted Stock Unit, one Share of the Company, cash equal to the Fair Market Value of such Share, or a combination thereof, as set forth in the Award Agreement.

(c) *Payment of Restricted Stock Units.* Payment with respect to Restricted Stock Units shall be made, in Shares or cash, as applicable, shall be delivered as soon as practicable after, but not later than March 15 of the calendar year beginning after, the date the Restricted Stock Units are no longer subject to a substantial risk of forfeiture (as defined in section 409A of the Code) unless the Committee has specified a later payment date (in accordance with Section 409A of the Code) in the Award Agreement.

(d) *Dividend Equivalent Rights.* A Participant who receives a Restricted Stock Unit shall not have voting and dividend rights with respect to such Restricted Stock Unit. However, a Participant will have Dividend Equivalent Rights on Restricted Stock Units, entitling the Participant to receive the value of any cash dividends paid on Shares represented by the Participant's Restricted Stock Units. Such Dividend Equivalent Rights shall accumulate (without interest) and shall vest at the same time as the Restricted Stock Units vest to which the Dividend Equivalent Rights relate. Once vested such Dividend Equivalent Rights shall be paid to the Participant as soon as practicable after, but no later than March 15 of the calendar year beginning after, the Dividend Equivalent Rights are no longer subject to a substantial risk of forfeiture (as defined under Section 409A of the Code) unless the Committee has specified a later payment date (in accordance with Section 409A of the Code) in the Award Agreement.

7.5 Performance Stock; Performance Goals

(a) *Grant.* The Committee may grant Performance Stock to any employee, consultant or director of the Company or an affiliate, conditioned upon the meeting of designated Performance Goals. The Committee shall determine the number of Shares of Performance Stock to be granted.

(b) *Nature of Performance Stock.* An Award of Performance Stock entitles the recipient, to the extent the performance goals are met, to receive Shares, cash equal to the Fair Market Value of such Shares, or a combination thereof, as set forth in the Award Agreement.

(c) *Performance Period and Performance Goals.* When Performance Stock is granted, the Committee shall establish the performance period during which performance shall be measured, the Performance Goals, and such other conditions of the Award as the Committee deems appropriate.

(d) *Delivery of Performance Stock.* At the end of each performance period, the Committee shall determine to what extent the Performance Goals and other conditions of the Award have been met and the number of Shares (or cash), if any, to be delivered with respect to the Award. Provided that the Committee determines that the performance goals and other conditions have been met, Shares or cash, as applicable, shall be delivered as soon as practicable after, but no later than March 15 of the calendar year beginning after, the date the Performance Stock is no longer subject to a substantial risk of forfeiture (as defined in section 409A of the Code), unless the Committee has specified a later payment date (in accordance with Section 409A) in the Award Agreement.

A-7

7.6 Contract Stock

(a) *Grant.* The Committee may grant Contract Stock to any employee, consultant or director of the Company or an affiliate, conditioned upon the Participant's continued provision of services to the Company and its affiliates through the date specified in the Award Agreement. The Committee shall determine the number of Shares of Contract Stock to be granted.

(b) *Contract Date.* When Contract Stock is granted, the Committee shall establish the Contract Date on which the Contract Stock shall be delivered to the Participant, provided the Participant is still providing services to the Company and its affiliates on such date.

(c) *Delivery of Contract Stock.* If the Participant is still providing services to the Company and its affiliates as of the Contract Date, the Committee shall cause the Contract Stock to be delivered to the Participant in accordance with the terms of the Award Agreement. Shares shall be delivered as soon as practicable after, but no later than March 15 of the calendar years beginning after, the date the Contract Stock is no longer subject to a substantial risk of forfeiture (as defined in section 409A of the Code) (*i.e.*, the Contract Date), unless the Committee has specified a later payment date (in accordance with Section 409A) in the Award Agreement.

7.7 *Bonus Stock.* The Committee may grant Bonus Stock to an employee, consultant or director of the Company or an affiliate as a bonus to the individual for service to the Company and its affiliates. The Committee shall determine the number of Shares of Bonus Stock to be granted. Bonus Stock shall be delivered to the Participant as soon as practicable after, but no later than March 15 of the calendar year beginning after, the date the Bonus Stock is granted to the participant.

7.8 *Dividend Equivalent Rights.* The Committee may provide for payment (in Shares, cash or other benefit as set forth in the Award Agreement) to an employee, consultant or director of the Company or an affiliate of Dividend Equivalent Rights. Benefits payable with respect to Dividend Equivalent Rights shall accumulate without interest (and shall be held by the Company) and such Dividend Equivalent Rights shall vest in accordance with the vesting schedule in the Award Agreement. Dividend Equivalent Rights shall be paid to the Participant as soon as practicable after, but no later than March 15 of the calendar year beginning after, the date the Dividend Equivalent Rights are no longer subject to a substantial risk of forfeiture (as defined in section 409A of the Code), unless the Committee has specified a later payment date (in accordance with Section 409A) in the Award Agreement.

8. Events Affecting Outstanding Awards

8.1 *Termination of Service (Other Than by Death or Disability).* If a Participant ceases to be an employee, consultant or director of any of the Company and its affiliates (Related Corporations for purposes of ISOs) for any reason other than death or Disability, the following shall apply:

(a) *Options and Exercisable SARs.* Except as otherwise determined by the Committee and except in the event the Participant terminates for Cause, all Options and Exercisable SARs held by the Participant that were not exercisable immediately before the Participant's termination of service shall terminate at that time. Any Options and Exercisable SARs that were exercisable immediately before the termination of service will continue to be exercisable for three months (or for such longer period as the Committee may determine), and shall thereupon terminate, unless the Award Agreement provides by its terms for immediate termination or for termination in less than three months if termination of service occurs in specific circumstances. In no event, however, shall an Option or Exercisable SAR remain exercisable beyond the latest date on which it could have been exercised without regard to this Section. For purposes of this subsection (a), a termination of service shall not be deemed to have resulted by reason of a sick leave or other bona fide leave of absence approved for purposes of the Plan by the Committee. In the event the Participant terminates service for Cause, all Options and Exercisable SARs held by the Participant (whether or not they are exercisable) shall

terminate at that time.

A-8

(b) *Restricted Stock*. Except as otherwise determined by the Committee, all Restricted Stock held by the Participant at the time of termination of service must be transferred to the Company (and, if the certificates representing such Restricted Stock are held by the Company, such Restricted Stock shall be so transferred without any further action by the Participant), in accordance with Section 7.3.

(c) *Other Awards*. Except as otherwise determined by the Committee, all Vesting SARs, Restricted Stock Units, Performance Stock, Contract Stock and Dividend Equivalent Rights to which the Participant was not irrevocably entitled before the termination of service shall be forfeited and the Award canceled as of the date of such termination of service.

8.2 *Death or Disability*. If a Participant dies or incurs a Disability, the following shall apply:

(a) *Options and Exercisable SARs*. Except as otherwise determined by the Committee, all Options and Exercisable SARs held by the Participant immediately before death or Disability, as the case may be, to the extent then exercisable, may be exercised by the Participant or by the Participant's legal representative (in the case of Disability), or by the Participant's executor or administrator or by the individual(s) to whom the Option or Exercisable SARs is transferred by will or the laws of descent and distribution, at any time within the one-year period ending with the first anniversary of the Participant's death or Disability (or such shorter or longer period as the Committee may determine), and shall thereupon terminate. In no event, however, shall an Option or Exercisable SARs remain exercisable beyond the latest date on which it could have been exercised without regard to this Section. Except as otherwise determined by the Committee, all Options and Exercisable SARs held by a Participant immediately before death or Disability that are not then exercisable shall terminate at the date of death or Disability.

(b) *Restricted Stock*. Except as otherwise determined by the Committee, all Restricted Stock held by the Participant at the date of death or Disability, as the case may be, must be transferred to the Company (and, if the certificates representing such Restricted Stock are held by the Company, such Restricted Stock shall be so transferred without any further action by the Participant), in accordance with Section 7.3.

(c) *Other Awards*. Except as otherwise determined by the Committee, all Vesting SARs, Restricted Stock Units, Performance Stock, Contract Stock and Dividend Equivalent Rights to which the Participant was not irrevocably entitled before death or Disability, as the case may be, shall be forfeited and the Award canceled as of the date of death or Disability.

8.3 *Capital Adjustments*. The maximum number of Shares that may be delivered under the Plan (including the number of Shares that may be delivered with respect to ISOs), and the maximum number of Shares with respect to which Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, or Performance Stock may be granted to any Participant under the Plan, all as stated in Section 5, and the number of Shares issuable upon the exercise or vesting of outstanding Awards under the Plan (as well as the exercise price per Share under outstanding Options) shall be proportionately adjusted, as may be deemed appropriate by the Committee, to reflect any increase or decrease in the number of issued Shares resulting from a subdivision (share-split), consolidation (reverse split), stock dividend, or similar change in the capitalization of the Company.

8.4 *Certain Corporate Transactions*

(a) If a corporate transaction occurs (as, for example, a merger, consolidation, sale of all or substantially all of the Company's property or the sale of more than 50% of the outstanding shares of the Company's stock, separation, reorganization, or liquidation), each outstanding Award shall be assumed by the surviving or successor entity; provided, however, that if a corporate transaction is proposed, the Committee may terminate all or a portion of any outstanding Award, effective upon the closing of the corporate transaction, if it determines that such termination is in the best interests of the Company. If the Committee decides to terminate outstanding Options and Exercisable SARs, the Committee shall give each

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form DEF 14A

Participant holding an Option or Exercisable SAR to be terminated not less than seven days notice before any such termination, and any Option or Exercisable SAR that is to be so terminated may be exercised (if

A-9

and only to the extent that it is then exercisable) up to, and including the date immediately preceding such termination. Further, the Committee, in its discretion, may (i) accelerate, in whole or in part, the date on which any or all Options, Stock Appreciation Rights, or Restricted Stock Units vest, (ii) remove the restrictions from the outstanding Restricted Stock, (iii) cause the delivery of any Performance Stock, even if the associated Performance Goals have not been met, (iv) cause the delivery of any Contract Stock, even if the Contract Date has not been reached and/or (v) cause the payment of any Dividend Equivalent Rights. The Committee also may, in its discretion, change the terms of any outstanding Award to reflect the corporate transaction, provided that, in the case of ISOs, such change would not constitute a modification under section 424(h) of the Code unless the Participant consents to the change.

(b) With respect to an outstanding Award held by a Participant who, following the corporate transaction, will be employed by or otherwise providing services to an entity which is a surviving or acquiring entity in such transaction or an affiliate of such an entity, the Committee may, in lieu of the action described in subsection (a) above, arrange to have such surviving or acquiring entity or affiliate grant to the Participant a replacement award which, in the judgment of the Committee, is substantially equivalent to the Award.

9. Amendment or Termination of the Plan

(a) *In General.* The Board, pursuant to a written resolution, may from time to time suspend or terminate the Plan or amend it and, except as provided in Section 3(b)(4), 7.1(a), and 8.4(a), the Committee may amend any outstanding Awards in any respect whatsoever; except that, without the approval of the shareholders (given in the manner set forth in subsection (b) below)

(1) no amendment may be made that would

(A) change the class of employees eligible to participate in the Plan with respect to ISOs;

(B) except as permitted under Section 8.3, increase the maximum number of Shares with respect to which ISOs may be granted under the Plan;
or

(C) extend the duration of the Plan under Section 4(b) with respect to any ISOs granted hereunder;

(2) no amendment may be made that would constitute a modification of the material terms of the performance goal(s) within the meaning of Treas. Reg. § 1.162-27(e)(4)(vi) or any successor thereto (to the extent compliance with section 162(m) of the Code is desired);

(3) no amendment may be made that would require shareholder approval under an applicable law or exchange listing rule.

Notwithstanding the foregoing, no such suspension, termination, or amendment shall materially impair the rights of any Participant holding an outstanding Award without the consent of such Participant, unless such suspension, termination or amendment is necessary to comply with applicable law.

(b) *Manner of Shareholder Approval.* The approval of shareholders must comply with all applicable provisions of the corporate charter and bylaws of the Company, and applicable state law prescribing the method and degree of shareholder approval required for the issuance of corporate stock or options. If the applicable state law does not prescribe a method and degree of shareholder approval in such cases, the approval of shareholders must be effected:

(1) by a method and in a degree that would be treated as adequate under applicable state law in the case of an action requiring shareholder approval (i.e., an action on which shareholders would be entitled to vote if the action were taken at a duly held shareholders' meeting);

(2) by a majority of the votes cast (including abstentions, to the extent abstentions are counted as voting under applicable state law), in a separate vote at a duly held shareholders' meeting at which a quorum representing a majority of all outstanding voting stock is, either in person or by proxy, present and voting on the Plan.

10. *Miscellaneous*

10.1 *Documentation of Awards.* Awards shall be evidenced by such written Award Agreements, if any, as may be prescribed by the Committee from time to time. Such instruments may be in the form of agreements to be executed by both the Participant and the Company, or certificates, letters, or similar instruments, which need not be executed by the Participant but acceptance of which will evidence agreement to the terms thereof.

10.2 *Rights as a Stockholder.* Except as specifically provided by the Plan or an Award Agreement, the receipt of an Award shall not give a Participant rights as a stockholder; instead, the Participant shall obtain such rights, subject to any limitations imposed by the Plan or the Award Agreement, upon the actual receipt of Shares.

10.3 *Conditions on Delivery of Shares.* The Company shall not deliver any Shares pursuant to the Plan or remove restrictions from Shares previously delivered under the Plan (i) until all conditions of the Award have been satisfied or removed, (ii) until all applicable Federal and state laws and regulations have been complied with, and (iii) if the outstanding Shares are at the time of such delivery listed on any stock exchange or market, until the Shares to be delivered have been listed or authorized to be listed on such exchange or market. If an Award is exercised by the Participant's legal representative, the Company will be under no obligation to deliver Shares pursuant to such exercise until the Company is satisfied as to the authority of such representative.

10.4 *Registration and Listing of Shares.* If the Company shall deem it necessary to register under the Securities Act or any other applicable statute any Shares purchased under this Plan, or to qualify any such Shares for an exemption from any such statutes, the Company shall take such action at its own expense. If Shares are listed on any national securities exchange or market at the time any Shares are purchased hereunder, the Company shall make prompt application for the listing on such national securities exchange or market of such Shares, at its own expense. Purchases and grants of Shares hereunder shall be postponed as necessary pending any such action.

10.5 *Compliance with Rule 16b-3.* All elections and transactions under this Plan by individuals subject to Rule 16b-3, promulgated under section 16(b) of the Exchange Act, or any successor to such Rule, are intended to comply with at least one of the exemptive conditions under such Rule. The Committee shall establish such administrative guidelines to facilitate compliance with at least one such exemptive condition under Rule 16b-3 as the Committee may deem necessary or appropriate.

10.6 *Tax Withholding*

(a) *Obligation to Withhold.* The Company shall withhold from any cash payment made pursuant to an Award an amount sufficient to satisfy all Federal, state, and local withholding tax requirements including the withholding requirements of any jurisdiction outside the United States (the *Withholding Requirements*). In the case of an Award pursuant to which Shares may be delivered, the Committee may require that the Participant or other appropriate individual remit to the Company an amount sufficient to satisfy the *Withholding Requirements*, or make other arrangements satisfactory to the Committee with regard to such *Withholding Requirements*, before the delivery of any Shares.

(b) *Election to Withhold Shares.* The Committee, in its discretion, may permit or require the Participant to satisfy the withholding requirements, in whole or in part, by electing to have the Company withhold Shares (or by returning previously acquired Shares to the Company); provided, however, that the Company may limit the number of Shares withheld to satisfy the *Withholding Requirements* to the extent necessary and if by so doing adverse accounting consequences will be avoided. Shares shall be valued, for purposes of this subsection (b), at their Fair Market Value (determined as of the date an amount is includible in income by the Participant (the *Determination Date*)), rather than the date of grant). If Shares

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form DEF 14A

acquired by the exercise of an ISO are used to satisfy the Withholding Requirements, such Shares must have been held by the Participant for a period of not less than the holding period described in section 422(a)(1) of the Code as of the Determination Date. The Committee shall adopt such withholding rules as it deems necessary to carry out the provisions of this Section.

A-11

10.7 *Transferability of Awards.* No ISO may be transferred other than by will or by the laws of descent and distribution. No other Award may be transferred, except to the extent permitted in the applicable Award Agreement. During a Participant's lifetime an Award requiring exercise may be exercised only by the Participant (or if the Participant becomes incapacitated, by the individual(s) legally appointed to act on the Participant's behalf).

10.8 *Registration.* If the Participant is married at the time Shares are delivered and if the Participant so requests at such time, the certificate or certificates for such Shares shall be registered in the name of the Participant and the Participant's spouse, jointly, with right of survivorship.

10.9 *Acquisitions.* Notwithstanding any other provision of this Plan, Awards may be granted hereunder in substitution for awards held by employees and directors of other entities who are about to, or have, become employees or directors of the Company or an affiliate as a result of a merger, consolidation, acquisition of assets or similar transaction by the Company or the affiliate. The terms of the substitute Awards so granted may vary from the terms set forth in this Plan to such extent as the Committee may deem appropriate to conform, in whole or in part, to the provisions of the awards in substitution for which they are granted; provided, however, that no substitute Award shall be granted which will subject the Award to section 409A of the Code (if it previously was not subject to such Code section).

10.10 *Replacement of Outstanding Options.* The Committee shall have the authority to cancel, at any time and from time to time, with the consent of the affected Participants, any or all outstanding Options under the Plan and to grant in substitution therefore, new Options under the Plan covering the same or a different number of Shares but having a per share purchase price not less than the greater of par value or 100 percent of the Fair Market Value of a Share on the new date of the grant. Prior to the effective date of the Statement of Financial Accounting Standards No. 123 (Revised December 2004), such substitute grant shall not be made within six months before or after such cancellation. The Committee may permit the voluntary surrender of all or a portion of any Option to be conditioned upon the granting to the Participant under the Plan of a new Option for the same or a different number of Shares as the Option surrendered, or may require such voluntary surrender as a condition precedent to a grant of a new Option to such Participant. Any new Option shall be exercisable at the price, during the period, and in accordance with any other terms and conditions specified by the Committee at the time the new Option is granted, all determined in accordance with the provisions of the Plan without regard to the price, period of exercise, and any other terms or conditions of the Option surrendered.

10.11 *Employment/Service Rights.* Neither the adoption of the Plan nor the grant of Awards will confer on any individual any right to continued employment by, or the provision of service to, the Company or any of its Related Corporations or affect in any way the right of any of the foregoing to terminate an employment or service relationship at any time.

10.12 *Indemnification of Board and Committee.* Without limiting any other rights of indemnification that they may have from the Company or any of its Related Corporations, the members of the Board and the members of the Committee shall be indemnified by the Company against all costs and expenses reasonably incurred by them in connection with any claim, action, suit or proceeding to which they or any of them may be a party by reason of any action taken or failure to act under, or in connection with, the Plan or any Award granted thereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except a judgment based upon a finding of willful misconduct or recklessness on their part. Upon the making or institution of any such claim, action, suit or proceeding, the Board or Committee member shall notify the Company in writing, giving the Company an opportunity, at its own expense, to handle and defend the same before such Board or Committee member undertakes to handle it on his or her own behalf. The provisions of this Section shall not give members of the Board or the Committee greater rights than they would have under the Company's by-laws or Nevada law.

10.13 *Application of Funds.* Any cash proceeds received by the Company from the sale of Shares pursuant to Awards granted under the Plan shall be added to the general funds of the Company. Any Shares received in payment for additional Shares upon exercise of an Option shall become treasury stock.

10.14 *Governing Law.* The Plan shall be governed by the applicable Code provisions to the maximum extent possible. Otherwise, the laws of the State of Nevada (without reference to the principles of conflict of laws) shall govern the operation of, and the rights of employees and directors under, the Plan and Awards granted hereunder.

IN WITNESS WHEREOF, Halo Technology Holdings has caused this Plan to be duly executed this 13th day of September 2005.
