Item 1.01 Entry into a Material Definitive Agreement

Effective as of January 31, 2006, Millennium Inorganic Chemicals Limited, a United Kingdom company ("MIC-UK") and a subsidiary of Millennium Chemicals Inc. ("Millennium"), entered into a \$60 million, five-year revolving credit facility (the "MIC-UK Facility") with, among others, Bank of America, N.A. as agent, issuer, security trustee and receivables purchaser, Bank of America Securities LLC as arranger, and certain banks and financial institutions as lenders thereto. The MIC-UK Facility will be used for liquidity and general corporate purposes.

The MIC-UK Facility generally bears interest between LIBOR plus 1.25% and LIBOR plus 1.75%. At closing, the interest rate on the MIC-UK Facility was LIBOR plus 1.25%. Availability under the MIC-UK Facility, which was \$27 million and undrawn at closing, gives effect to the borrowing base as determined using a formula applied to accounts receivable and inventory balances and is reduced to the extent of outstanding letters of credit provided under the MIC-UK Facility. At closing, there were no outstanding letters of credit under the MIC-UK Facility.

The obligations under the MIC-UK Facility, subject to permitted liens, are generally secured by MIC-UK's inventory, accounts receivables and certain other assets.

The MIC-UK Facility contains covenants that, subject to exceptions, restrict, among other things, lien incurrence, debt incurrence, distributions, certain other payments, accounts receivable transactions and sales of assets. The MIC-UK Facility does not require MIC-UK to maintain specified financial ratios as long as certain conditions are met.

The breach of these covenants could permit the lenders to declare any outstanding debt under the MIC-UK Facility payable and could permit the lenders to terminate future lending commitments.

The MIC-UK Facility is being filed with this Current Report on Form 8-K as Exhibits 4.5, 4.5(a), 4.5(b) and 4.5(c).

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

Millennium has not guaranteed MIC-UK's or its subsidiaries' obligations under the MIC-UK Facility. However, under certain circumstances, a default under the MIC-UK Facility would constitute a cross-default under Millennium's credit facility which, under certain circumstances, would then constitute a default under Millennium's indentures.
