**Table of Contents**

**RISK FACTORS**

*An investment in the Common Stock involves certain risks. You should carefully consider the risks described below and in the Risk Factors included in our Annual Report on Form 10-K for the year ended December 31, 2007, as well as other information included or incorporated by reference into the accompanying prospectus, including our financial statements and the notes thereto, before making an investment decision.*

**Risks Relating to the Common Stock**

*The price of our Common Stock may fluctuate significantly, and this may make it difficult for you to resell shares of Common Stock owned by you at times or at prices you find attractive.*

The price of our Common Stock on the NYSE constantly changes. We expect that the market price of our Common Stock will continue to fluctuate.

Our stock price may fluctuate as a result of a variety of factors, many of which are beyond our control. These factors include:

quarterly variations in our operating results or the quality of our assets;

operating results that vary from the expectations of management, securities analysts and investors;

changes in expectations as to our future financial performance;

announcements of innovations, new products, strategic developments, significant contracts, acquisitions and other material events by us or our competitors;

the operating and securities price performance of other companies that investors believe are comparable to us;

future sales of our equity or equity-related securities; and

changes in global financial markets and global economies and general market conditions, such as interest or foreign exchange rates, stock, commodity or real estate valuations or volatility.

In addition, in recent years, the stock market in general has experienced extreme price and volume fluctuations. This volatility has had a significant effect on the market price of securities issued by many companies, including for reasons unrelated to their operating performance. These broad market fluctuations may adversely affect our stock price, notwithstanding our operating results.

*General market conditions and unpredictable factors could adversely affect market prices for our Common Stock.*

There can be no assurance about the market prices for our Common Stock. Several factors, many of which are beyond our control, may influence the market value of our Common Stock, including:

our past and future dividend practice;

our creditworthiness;

interest rates;

the credit, mortgage and housing markets, the markets for securities relating to mortgages or housing, and developments with respect to financial institutions generally;

the market for similar securities; and

economic, financial, geopolitical, regulatory or judicial events that affect us or the financial markets.

S-3

## **Table of Contents**

Accordingly, the Common Stock that an investor purchases, whether in this offering or in the secondary market, may trade at a price lower than that at which it was purchased.

*There may be future sales or other dilution of our equity, which may adversely affect the market price of our Common Stock.*

Except as described under "Underwriting", we are not restricted from issuing additional Common Stock, including any securities that are convertible into or exchangeable for, or that represent the right to receive, Common Stock, and shares of our Common Stock that may be issued pursuant to our Shareholder Protection Rights Agreement. The market price of our Common Stock could decline as a result of sales of shares of our Common Stock made after this offering or the perception that such sales could occur.

We are concurrently making the Preferred Stock Offering. Each share of the Series L Preferred Stock will be convertible at any time, at the option of the holder, into shares of our Common Stock based on a conversion rate set forth in the prospectus supplement related to Series L Preferred Stock, plus cash in lieu of fractional shares, subject to adjustment. The conversion rate will be further adjusted upon the occurrence of certain other events. In addition, on or after March 15, 2013, if the closing price of our Common Stock exceeds 130% of the conversion price for 20 trading days during any consecutive 30 trading day period, including the last day of such period, we may, at our option, cause some or all of the then outstanding Series L Preferred Stock to be automatically converted into our Common Stock at the then prevailing conversion rate. The conversion of some or all of our Series L Preferred Stock will dilute the ownership interest of our existing stockholders.

*You may not receive dividends on the Common Stock.*

Holders of our Common Stock are only entitled to receive such dividends as our board of directors may declare out of funds legally available for such payments. Furthermore, holders of our Common Stock are subject to the prior dividend rights of any holders of our preferred stock, Class A preferred stock or depositary shares representing such preferred stock then outstanding. As of March 31, 2008, 2,300,000 shares of Class A preferred stock, Series J, were issued and outstanding; 3,500,000 shares of Class A preferred stock, Series K, were issued and outstanding; and approximately 97 million Dividend Equalization Preferred shares were issued and outstanding in connection with the merger of the former Wachovia Corporation and First Union Corporation. Simultaneously with this offering, we are offering (by a separate prospectus supplement) \_\_\_\_\_ shares of our Series L Preferred Stock (or \_\_\_\_\_ shares if the underwriters exercise their over-allotment option in full). Although we have historically declared cash dividends on our Common Stock, we are not required to do so and may further reduce or eliminate our Common Stock dividend in the future. This could adversely affect the market price of our Common Stock.

*We are a holding company and depend on our subsidiaries for dividends, distributions and other payments.*

We are a separate and distinct legal entity from our banking and non-banking subsidiaries and depend on dividends, distributions and other payments from our banking and non-banking subsidiaries to fund dividend payments on our common stock and our preferred stock and to fund all payments on our other obligations, including dividend payments. Many of our subsidiaries are subject to laws that authorize regulatory bodies to block or reduce the flow of funds from those subsidiaries to us. Regulatory action of that kind could impede access to funds we need to make payments on our obligations or dividend payments. Additionally, if our subsidiaries' earnings are not sufficient to make dividend payments to us while maintaining adequate capital levels, we may not be able to make dividend payments to our common or preferred stockholders. Furthermore, our right to participate in a distribution of assets upon a subsidiary's liquidation or reorganization is subject to the prior claims of the subsidiary's creditors.

## **Table of Contents**

*The issuance of additional series of our preferred stock could adversely affect holders of our Common Stock, which may negatively impact your investment.*

Our board of directors is authorized to issue additional classes or series of preferred stock or Class A preferred stock without any action on the part of the stockholders. The board of directors also has the power, without stockholder approval, to set the terms of any such classes or series of preferred stock that may be issued, including voting rights, dividend rights, and preferences over our Common Stock with respect to dividends or upon our dissolution, winding-up and liquidation and other terms. If we issue additional preferred stock or Class A preferred stock in the future that has a preference over our Common Stock with respect to the payment of dividends or upon our liquidation, dissolution, or winding up, or if we issue preferred stock or Class A preferred stock with voting rights that dilute the voting power of our Common Stock, the rights of holders of our Common Stock or the market price of our Common Stock could be adversely affected.

*Anti-takeover provisions could negatively impact our stockholders.*

Provisions of North Carolina law, provisions of our articles of incorporation and bylaws, and our shareholder rights plan could make it more difficult for a third party to acquire control of us or have the effect of discouraging a third party from attempting to acquire control of us. Additionally, our articles of incorporation authorize our board of directors to issue additional series of preferred stock or Class A preferred stock as described under . The issuance of additional series of our preferred stock could adversely affect holders of our Common Stock, which may negatively impact your investment, and such preferred stock, including additional shares of Series L Preferred Stock, which is being issued contemporaneously herewith (pursuant to a separate prospectus supplement), could be issued as a defensive measure in response to a takeover proposal. These provisions could make it more difficult for a third party to acquire us even if an acquisition might be in the best interest of our stockholders.

## **Risks Relating to Wachovia**

*Weakness in the economy and in the real estate market, including specific weakness within our geographic footprint, has adversely affected us and may continue to adversely affect us.*

If the strength of the U.S. economy in general and the strength of the local economies in which we conduct operations declines, or continues to decline, this could result in, among other things, a deterioration in credit quality or a reduced demand for credit, including a resultant adverse effect on our loan portfolio and allowance for loan and lease losses. A portion of our residential mortgage and commercial real estate loan portfolios are comprised of borrowers in certain geographic markets that have been more adversely affected by declines in real estate values and home sale volumes, job losses and declines in new home building, such as certain markets in California and Florida. These factors contributed to our increasing provisions for loan losses in the fourth quarter of 2007 and first quarter of 2008 and our expectation for future loan losses and loss provisions for the remainder of 2008 and 2009. These factors could result in loan loss provisions in excess of charge-offs, delinquencies and/or greater charge-offs in future periods, which may adversely affect our financial condition and results of operations. In addition, deterioration of the U.S. economy may adversely impact our traditional banking business.

*The allowance for loan losses may prove inadequate or be negatively affected by credit risk exposures.*

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

Our banking business depends on the creditworthiness of our borrowing customers. We regularly review the allowance for loan losses for adequacy considering economic conditions and trends, collateral values and credit quality indicators, including past charge-off experience and levels of past due loans and nonperforming assets. Determining the appropriateness of the allowance is complex and requires judgment by management about the effect of matters that are inherently uncertain. If the credit quality of our customer base materially weakens, if the risk profile of a market, industry or group of customers changes materially, or if the allowance for loan losses is not adequate, the business, financial condition, liquidity, capital, and results of operations could be adversely affected.

S-5

## **Table of Contents**

*Continued market volatility in the price of certain asset classes may adversely affect Wachovia.*

The markets for certain types of assets, particularly structured finance assets, have been very volatile because of illiquidity in the markets and because of concerns about the credit risk of the assets across the market as a whole. Because we are required to carry these assets on our books at their fair value, we may incur losses even if the asset in question presents minimal credit risk. Beginning in the second half of 2007, the markets for commercial mortgage backed securities, leveraged loans, residential mortgage backed securities and collateralized debt obligations experienced significant deterioration and dislocation, resulting in valuation losses for the assets we owned in these asset classes. There can be no assurance that there will not be further deterioration in the markets for these products or additional losses for these or other asset classes, which could adversely affect us.

*If we have significant losses, we may need to raise additional capital, which could have a dilutive effect on existing stockholders and may affect our ability to pay dividends on our common and preferred stock.*

We and our banking subsidiaries must maintain certain minimum capital ratios in order for us to remain well-capitalized institutions for regulatory purposes. If we or our banking subsidiaries capital ratios fall below the required minimums, we or our banking subsidiaries could be forced to raise additional capital. If we or our banking subsidiaries raise additional capital, the terms and pricing of such securities could be dilutive to existing stockholders and cause the price of our outstanding securities to decline. However, no assurance can be given that sufficient additional capital would be available or on desirable terms.

*Our results of operations for the first quarter of 2008 may be revised between our earnings release and the filing of our Form 10-Q.*

We have filed a Form 8-K with preliminary information about our results of operations for the first quarter of 2008, which is incorporated by reference into this prospectus supplement. In preparing our earnings release, we make a number of complex and subjective judgments and estimates about the appropriateness of allowances, reserves and fair values. Additionally, we regularly assess various assets for impairment including goodwill and other intangible assets, which is performed annually or more often if warranted, such as in the current market environment. Our goodwill impairment assessment completed in preparing our earnings release indicated that none of our goodwill is impaired at March 31, 2008. A continued period of market disruption, or further market deterioration, may result in the impairment of our goodwill in the future.

Our financial statements for the first quarter of 2008 are not finalized until they are filed in our quarterly report on Form 10-Q for the first quarter of 2008. We are required to consider all available information through the finalization of our financial statements and their possible impact on our financial condition and results of operations for the reporting period, including the impact of such information on the complex judgments and estimates referred to above. As a result, subsequent events may occur that lead to a material difference between the preliminary results of operations described in our Form 8-K and the results of operations described in our quarterly report on Form 10-Q for the first quarter of 2008 and those differences may be adverse. You should consider this possibility in reviewing the earnings information in our Form 8-K.

*We could be negatively affected in a situation in which other financial institutions are negatively impacted.*

We could be negatively affected by the actions and commercial soundness of other financial services institutions. Financial services institutions that deal with each other are interrelated as a result of trading, clearing, counterparty, or other relationships. We have exposure to many different

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

industries and counterparties, and we routinely execute transactions with counterparties in the financial services industry, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds and other institutional clients, resulting in a significant credit concentration with respect to the financial services industry overall. As a result, a default by, or even concerns about, one or more financial services institutions could lead to market-wide liquidity problems, or losses or defaults by us or by other institutions.

**USE OF PROCEEDS**

We expect to receive net proceeds from this offering of approximately \$            billion (or approximately \$            billion if the underwriters exercise their over-allotment option in full), after expenses and underwriting discounts. We intend to use the net proceeds from this offering for general corporate purposes.

### **CERTAIN U.S. FEDERAL INCOME AND ESTATE TAX CONSEQUENCES TO NON-U.S. HOLDERS**

The following is a summary of certain U.S. federal income and estate tax consequences of the purchase, ownership and disposition of our Common Stock as of the date hereof. Except where noted, this summary deals only with Common Stock that is held as a capital asset by a non-U.S. holder.

A *non-U.S. holder* means a person (other than a partnership) that is not for U.S. federal income tax purposes any of the following:

an individual citizen or resident of the United States;

a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

This summary is based upon provisions of the Internal Revenue Code of 1986, as amended, or the *Code*, and regulations, rulings and judicial decisions as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in U.S. federal income and estate tax consequences different from those summarized below. This summary does not address all aspects of U.S. federal income and estate taxes and does not deal with foreign, state, local or other tax considerations that may be relevant to non-U.S. holders in light of their personal circumstances. In addition, it does not represent a detailed description of the U.S. federal income tax consequences applicable to you if you are subject to special treatment under the U.S. federal income tax laws (including if you are a U.S. expatriate, controlled foreign corporation, passive foreign investment company or a partnership or other pass-through entity for U.S. federal income tax purposes). We cannot assure you that a change in law will not alter significantly the tax considerations that we describe in this summary.

If a partnership holds our Common Stock, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding our Common Stock, you should consult your tax advisors.

**If you are considering the purchase of our Common Stock, you should consult your own tax advisors concerning the particular U.S. federal income and estate tax consequences to you of the ownership of the Common Stock, as well as the consequences to you arising under the laws of any other taxing jurisdiction.**

## **Dividends**

Dividends paid to a non-U.S. holder of our Common Stock generally will be subject to withholding of U.S. federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. However, dividends that are effectively connected with the conduct of a trade or business by the non-U.S. holder within the United States (and, if required by an applicable income tax treaty, are attributable to a U.S. permanent establishment) are not subject to the withholding tax, provided certain certification and disclosure requirements are satisfied. Instead, such dividends are subject to U.S. federal income tax on a net income basis in the same manner as if the non-U.S. holder were a United States person as defined under the Code. Any such effectively connected dividends received by a foreign corporation may be subject to an additional branch profits tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

A non-U.S. holder of our Common Stock who wishes to claim the benefit of an applicable treaty rate and avoid backup withholding, as discussed below, for dividends will be required (a) to complete Internal Revenue

S-9

Service Form W-8BEN (or other applicable form) and certify under penalty of perjury that such holder is not a United States person as defined under the Code and is eligible for treaty benefits or (b) if our Common Stock is held through certain foreign intermediaries, to satisfy the relevant certification requirements of applicable United States Treasury regulations. Special certification and other requirements apply to certain non-U.S. holders that are pass-through entities rather than corporations or individuals.

A non-U.S. holder of our Common Stock eligible for a reduced rate of U.S. withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by filing an appropriate claim for refund with the Internal Revenue Service.

## **Gain on Disposition of Common Stock**

Any gain realized on the disposition of our Common Stock generally will not be subject to U.S. federal income tax unless:

the gain is effectively connected with a trade or business of the non-U.S. holder in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment of the non-U.S. holder);

the non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met; or

we are or have been a United States real property holding corporation for U.S. federal income tax purposes.

An individual non-U.S. holder described in the first bullet point immediately above will be subject to tax on the net gain derived from the sale under regular graduated U.S. federal income tax rates. An individual non-U.S. holder described in the second bullet point immediately above will be subject to a flat 30% tax on the gain derived from the sale, which may be offset by U.S. source capital losses, even though the individual is not considered a resident of the United States. If a non-U.S. holder that is a foreign corporation falls under the first bullet point immediately above, it will be subject to tax on its net gain in the same manner as if it were a United States person as defined under the Code and, in addition, may be subject to the branch profits tax equal to 30% of its effectively connected earnings and profits or at such lower rate as may be specified by an applicable income tax treaty.

We believe we are not and do not anticipate becoming a United States real property holding corporation for U.S. federal income tax purposes.

## **Federal Estate Tax**

Common Stock held by an individual non-U.S. holder at the time of death will be included in such holder's gross estate for U.S. federal estate tax purposes, unless an applicable estate tax treaty provides otherwise.

## **Information Reporting and Backup Withholding**

We must report annually to the Internal Revenue Service and to each non-U.S. holder the amount of dividends paid to such holder and the tax withheld with respect to such dividends, regardless of whether withholding was required. Copies of the information returns reporting such dividends and withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax treaty.

A non-U.S. holder will be subject to backup withholding for dividends paid to such holder unless such holder certifies under penalty of perjury that it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that such holder is a United States person as defined under the Code), or such holder otherwise establishes an exemption.

S-10

**Table of Contents**

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale of our Common Stock within the United States or conducted through certain U.S.-related financial intermediaries, unless the beneficial owner certifies under penalty of perjury that it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that the beneficial owner is a United States person as defined under the Code), or such owner otherwise establishes an exemption.

Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a non-U.S. holder's U.S. federal income tax liability provided the required information is furnished to the Internal Revenue Service.

### CERTAIN ERISA CONSIDERATIONS

Each person considering the use of plan assets of a pension, profit-sharing or other employee benefit plan, individual retirement account, Keogh plan or other retirement plan, account or arrangement, or a *plan*, to acquire or hold the Common Stock should consider whether an investment in the Common Stock would be consistent with the documents and instruments governing the plan, and whether the investment would involve a prohibited transaction under Section 406 of the Employee Retirement Income Security Act of 1974, as amended, or *ERISA*, or Section 4975 of the Internal Revenue Code of 1986, as amended, or the *Code*.

Section 406 of ERISA and Section 4975 of the Code prohibit plans subject to Title I of ERISA and/or Section 4975 of the Code including entities such as collective investment funds, partnerships and separate accounts or insurance company pooled separate accounts or insurance company general accounts whose underlying assets include the assets of such plans, or collectively, *Plans*, from engaging in certain transactions involving plan assets with persons who are parties in interest, under ERISA or disqualified persons under the Code, or *parties in interest* with respect to the Plan. A violation of these prohibited transaction rules may result in civil penalties or other liabilities under ERISA and/or an excise tax under Section 4975 of the Code for those persons, unless exemptive relief is available under an applicable statutory, regulatory or administrative exemption. Certain plans including those that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and foreign plans (as described in Section 4(b)(4) of ERISA) are not subject to the requirements of ERISA or Section 4975 of the Code but may be subject to similar provisions under applicable federal, state, local, foreign or other regulations, rules or laws, or *Similar Laws*.

The acquisition or holding of the Common Stock by a Plan with respect to which we or certain of our affiliates is or becomes a party in interest may constitute or result in prohibited transactions under ERISA or Section 4975 of the Code, unless the Common Stock is acquired or held pursuant to and in accordance with an applicable exemption.

Accordingly, the Common Stock may not be purchased or held by any Plan or any person investing plan assets of any Plan, unless such purchase or holding is eligible for the exemptive relief available under a Prohibited Transaction Class Exemption, or *PTCE*, such as PTCE 96-23, PTCE 95-60, PTCE 91-38, PTCE 90-1 or PTCE 84-14 issued by the U.S. Department of Labor or there is some other basis on which the purchase and holding of the Common Stock is not prohibited, such as the exemption under Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code, or the *Service Provider Exemption*, for certain transactions with non-fiduciary service providers for transactions that are for adequate consideration. Each purchaser or holder of the Common Stock or any interest therein, and each person making the decision to purchase or hold the Common Stock on behalf of any such purchaser or holder will be deemed to have represented and warranted in both its individual capacity and its representative capacity (if any), that on each day from the date on which the purchaser or holder acquires its interest in the Common Stock to the date on which the purchaser disposes of its interest in the Common Stock, that such purchaser and holder, by its purchase or holding of the Common Stock or any interest therein that (a) its purchase and holding of the Common Stock is not made on behalf of or with plan assets of any Plan, or (b) if its purchase and holding of the Common Stock is made on behalf of or with plan assets of a Plan, then (i) its purchase and holding of the Common Stock will not result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code and (ii) neither Wachovia nor any of our affiliates is acting as a fiduciary (within the meaning of Section 3(21)) of ERISA in connection with the purchase or holding of the Common Stock and has not provided any advice that has formed or may form a basis for any investment decision concerning the purchase or holding of the Common Stock. Each purchaser and holder of the Common Stock or any interest therein on behalf of any governmental plan will be deemed to have represented and warranted by its purchase or holding of the Common Stock or any interest therein that such purchase and holding does not violate any applicable Similar Laws or rules.

**Table of Contents**

Due to the complexity of these rules and the penalties that may be imposed upon persons involved in nonexempt prohibited transactions, it is important that fiduciaries or other persons considering purchasing the Common Stock on behalf of or with plan assets of any plan or plan asset entity consult with their counsel regarding the availability of exemptive relief under any of the PTCEs listed above or any other applicable exemption, or the potential consequences of any purchase or holding under Similar Laws, as applicable.

The Common Stock sold by the underwriters to the public will initially be offered at the public offering price set forth on the cover of this prospectus supplement. Any shares of Common Stock sold by the underwriters to securities dealers may be sold at a discount from the public offering price of up to \$ per share. The underwriters may allow, and such dealers may reallow, a concession not in excess of \$ per share to brokers and dealers. After the shares of Common Stock are released for sale to the public, the offering prices and other selling terms

may from time to time be varied by the underwriters.

The underwriters intend to offer the Common Stock for sale primarily in the United States either directly or through affiliates or other dealers acting as selling agents. The underwriters may also offer the Common Stock for sale outside the United States either directly or through affiliates or other dealers acting as selling agents.

In accordance with Regulation M under the Exchange Act, Wachovia Capital Markets, LLC may over-allot or effect transactions that stabilize or cover, each of which is described below.

Over-allotment involves sales in excess of the offering size, which creates a short position for the underwriters.

Stabilizing transactions involve purchases of shares of Common Stock so long as the stabilizing bids do not exceed a specified maximum price.

Covering transactions involve exercises of the underwriters' over-allotment option or purchases of shares of Common Stock in the open market after the distribution has been completed in order to cover short positions.

## **Table of Contents**

These transactions may cause the price of shares of our Common Stock to be higher than it would otherwise be in the absence of such transactions. Wachovia Capital Markets, LLC is not required to engage in any of these activities and may end any of these activities at any time. Wachovia Capital Markets, LLC may also impose a penalty bid. Penalty bids permit an underwriter to reclaim a selling concession from a syndicate member when that underwriter, in covering syndicate short positions or making stabilizing purchases, purchases shares of Common Stock originally sold by that syndicate member.

Wachovia Capital Markets, LLC is an indirect, wholly owned subsidiary of Wachovia. Accordingly, the offering of the Common Stock will conform to the requirements set forth in Rule 2720 of the Conduct Rules of the Financial Industry Regulatory Authority, or *FINRA*. Wachovia Capital Markets, LLC may not confirm sales to any discretionary account without the prior specific written approval of a customer. Additionally, Wachovia Capital Markets, LLC is not permitted to and will not be publishing research reports or otherwise expressing opinions or providing recommendations regarding Wachovia Corporation or our Common Stock.

After the distribution of the Common Stock, Wachovia Capital Markets, LLC will not be able to make a market in the Common Stock due to certain regulatory restrictions arising from its affiliation with Wachovia. Additionally, Wachovia Capital Markets, LLC will not be able to effect any transactions for the account of any customers in the Common Stock except on a limited, unsolicited basis. Similarly, financial advisors employed by Wachovia Securities, LLC or any of its affiliates will not be permitted to provide any advice in connection with managing any position in the Common Stock.

We have agreed, subject to certain exceptions with respect to, *inter alia*, stock options or other stock awards pursuant to our employee benefit and related plans and the concurrent Preferred Stock Offering that we will not offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise dispose of any shares of Common Stock, or any options or warrants to purchase any shares of Common Stock, or any securities convertible into, exchangeable for or that represent the right to receive shares of Common Stock, without the prior consent of Wachovia Capital Markets, LLC and Goldman, Sachs & Co. for a period of 90 days after the date of this prospectus supplement.

In addition, certain of our directors and executive officers have also agreed, subject to certain exceptions with respect to, *inter alia*, gifts, transfers to family members, estate planning transactions, transfers by operation of law, to satisfy tax obligations and satisfy pledges of Common Stock that existed prior to the date of the prospectus supplement, that such directors and executive officers will not offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise dispose of any shares of our Common Stock, or any options or warrants to purchase any shares of Common Stock, or any securities convertible into, exchangeable for or that represent the right to receive shares of Common Stock without the prior consent of Wachovia Capital Markets, LLC and Goldman, Sachs & Co. for a period of 90 days after the date of this prospectus supplement.

Each of the underwriters may arrange to sell Common Stock in certain jurisdictions outside the United States through affiliates, either directly where they are permitted to do so or through affiliates. common stock;

preferred stock;

Class A preferred stock;

depository shares;

debt securities; and

warrants.

This prospectus provides you with a general description of each of the securities we may offer. Each time we sell securities we will provide a prospectus supplement containing specific information about the terms of the securities being offered. That prospectus supplement may include a discussion of any risk factors or other special considerations that apply to those securities. The prospectus supplement may also add, update or change the information in this prospectus. If there is any inconsistency between the information in this prospectus and any prospectus supplement, you should rely on the information in that prospectus supplement. You should read both this prospectus and any prospectus supplement together with additional information described under the heading **Where You Can Find More Information**.

The registration statement containing this prospectus, including exhibits to the registration statement, provides additional information about us and the securities offered under this prospectus. The registration statement can be read at the SEC web site or at the SEC offices mentioned under the heading **Where You Can Find More Information**.

**WACHOVIA CORPORATION**

Wachovia was incorporated under the laws of North Carolina in 1967 and is registered as a financial holding company and a bank holding company under the Bank Holding Company Act of 1956, as amended. The merger of the former Wachovia Corporation and First Union Corporation was effective September 1, 2001. First Union Corporation changed its name to Wachovia Corporation on the date of the merger.

We provide a wide range of commercial and retail banking and trust services through full-service banking offices in Alabama, Arizona, California, Colorado, Connecticut, Delaware, Florida, Georgia, Illinois, Kansas, Maryland, Mississippi, Nevada, New Jersey, New York, North Carolina, Pennsylvania, South Carolina, Tennessee, Texas, Virginia and Washington, D.C. Our primary banking affiliate, Wachovia Bank, National Association (WBNA), operates a substantial majority of these banking offices, except those in Delaware, which are operated by Wachovia Bank of Delaware, National Association, and except certain branch offices in Florida, New Jersey and Texas, which are operated by Wachovia Mortgage, FSB (formerly named World Savings Bank, FSB). We also provide various other financial services, including mortgage banking, investment banking, investment advisory, home equity lending, asset-based lending, leasing, insurance, international and securities brokerage services, through other subsidiaries. Our retail securities brokerage business is conducted through Wachovia Securities, LLC, and operates in 49 states.

Our principal executive offices are located at One Wachovia Center, 301 South College Street, Charlotte, North Carolina 28288-0013 (telephone number (704) 374-6565).

Since the 1985 Supreme Court decision allowing interstate banking expansion, we have concentrated our efforts on building a large, diversified financial services organization, primarily doing business in the eastern region of the United States. Since November 1985, we have completed over 100 banking-related acquisitions.

Our business focus is on generating improved core earnings growth from our four key businesses, including Capital Management, the General Bank, Wealth Management, and the Corporate and Investment Bank. We will continue to evaluate our operations and organizational structures to ensure they are closely aligned with our goal of maximizing performance in our core business lines. When consistent with our overall business strategy, we may consider the disposition of certain assets, branches, subsidiaries or lines of business. We routinely explore acquisition opportunities, particularly in areas that would complement our core business lines, and frequently conduct due diligence activities in connection with possible acquisitions. As a result, acquisition discussions and, in some cases, negotiations frequently take place and future acquisitions

involving cash, debt or equity securities can be expected.

**Table of Contents**

**USE OF PROCEEDS**

Wachovia currently intends to use the net proceeds from the sale of any securities for general corporate purposes, which may include:

reducing debt;

investments at the holding company level;

investing in, or extending credit to, our operating subsidiaries;

possible acquisitions;

stock repurchases; and

other purposes as mentioned in any prospectus supplement.

Pending such use, we may temporarily invest the net proceeds. The precise amounts and timing of the application of proceeds will depend upon our funding requirements and the availability of other funds. Except as mentioned in any prospectus supplement, specific allocations of the proceeds to such purposes will not have been made at the date of that prospectus supplement.

Based upon our historical and anticipated future growth and our financial needs, we may engage in additional financings of a character and amount that we determine as the need arises.

**CONSOLIDATED EARNINGS RATIOS**

The following table provides Wachovia's consolidated ratios of earnings to fixed charges and of earnings to combined fixed charges and preferred stock dividends:

	Years Ended December 31,				
	2007	2006	2005	2004	2003
<b>Consolidated Ratios of Earnings to Fixed Charges and of Earnings to Combined Fixed Charges and Preferred Stock Dividends</b>					
Excluding interest on deposits	1.77x	2.40x	2.90x	3.83x	3.63x
Including interest on deposits	1.36x	1.66x	1.92x	2.37x	2.30x

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

For purposes of computing these ratios

earnings represent income from continuing operations before extraordinary items and cumulative effect of a change in accounting principles, plus income taxes and fixed charges (excluding capitalized interest);

fixed charges, excluding interest on deposits, represent interest (including capitalized interest), one-third of rents and all amortization of debt issuance costs; and

fixed charges, including interest on deposits, represent all interest (including capitalized interest), one-third of rents and all amortization of debt issuance costs.

One-third of rents is used because it is the proportion deemed representative of the interest factor.

The preferred stock dividend amount represents pre-tax earnings required to cover dividends on preferred stock.

**REGULATORY CONSIDERATIONS**

As a financial holding company and a bank holding company under the Bank Holding Company Act, the Federal Reserve Board regulates, supervises and examines Wachovia. For a discussion of the material elements of the regulatory framework applicable to financial holding companies, bank holding companies and their subsidiaries and specific information relevant to Wachovia, please refer to Wachovia's annual report on Form 10-K for the fiscal year ended December 31, 2007, and any subsequent reports we file with the SEC, which are incorporated by reference in this prospectus. This regulatory framework is intended primarily for the protection of depositors and the federal deposit insurance funds and not for the protection of security holders. As a result of this regulatory framework, Wachovia's earnings are affected by actions of the Federal Reserve Board; the Office of Comptroller of the Currency, which regulates our banking subsidiaries; the Federal Deposit Insurance Corporation, which insures the deposits of our banking subsidiaries within certain limits, and the SEC, which regulates the activities of certain subsidiaries engaged in the securities business.

Wachovia's earnings are also affected by general economic conditions, our management policies and legislative action.

In addition, there are numerous governmental requirements and regulations that affect our business activities. A change in applicable statutes, regulations or regulatory policy may have a material effect on Wachovia's business.

Depository institutions, like Wachovia's bank subsidiaries, are also affected by various federal laws, including those relating to consumer protection and similar matters. Wachovia also has other financial services subsidiaries regulated, supervised and examined by the Federal Reserve Board, as well as other relevant state and federal regulatory agencies and self-regulatory organizations. Wachovia's non-bank subsidiaries may be subject to other laws and regulations of the federal government or the various states in which they are authorized to do business.

### **DESCRIPTION OF COMMON STOCK**

*The following information outlines some of the provisions in Wachovia's articles of incorporation, bylaws and the North Carolina Business Corporation Act (the "NCBC Act"). This information is qualified in all respects by reference to the provisions of Wachovia's articles, bylaws and the NCBC Act.*

#### **Authorized Common Stock**

Wachovia's authorized common stock consists of 3,000,000,000 shares of common stock, par value \$3.33<sup>1</sup>/<sub>3</sub> per share. As of March 31, 2008, 1,991,918,729 shares of common stock were issued and outstanding. Wachovia's common stock is listed on the New York Stock Exchange under the symbol "WB".

In connection with issuances of trust preferred securities through Wachovia Capital Trust IV, Wachovia Capital Trust IX and Wachovia Capital Trust X, Wachovia is required to use commercially reasonable efforts to seek stockholder approval to increase the number of Wachovia's authorized shares of common stock if the number of its authorized and unissued shares of common stock falls below levels specified in the related agreements. Wachovia anticipates that its remaining authorized and unissued shares may approach or reach those levels. Accordingly, Wachovia expects to seek stockholder approval to increase the authorized number of shares of its common stock at its 2009 annual stockholders meeting.

#### **General**

Subject to the prior rights of any Wachovia preferred stockholder, Class A preferred stockholder and depositary shareholder then outstanding, common stockholders are entitled to receive such dividends as Wachovia's board of directors may declare out of funds legally available for these payments. In the event of liquidation or dissolution, common stockholders are entitled to receive Wachovia's net assets remaining after paying all liabilities and after paying all preferred stockholders, Class A preferred stockholders and depositary shareholders the full preferential amounts to which those holders are entitled.

Pursuant to an indenture between Wachovia and Wilmington Trust Company, as trustee, and an indenture between Wachovia and U.S. Bank, National Association, as trustee, in each case under which Wachovia junior subordinated debt securities were issued, Wachovia agreed that it generally will not pay any dividends on, or acquire or make a liquidation payment relating to, any of Wachovia's common stock, preferred stock and Class A preferred stock, if, at any time, there is a default under the respective indenture or a related Wachovia guarantee or Wachovia has deferred interest payments on the securities issued under the respective indenture. In connection with a corporate reorganization of a Wachovia subsidiary, The Money Store LLC, Wachovia agreed that it could declare or pay a dividend on Wachovia common stock only after quarterly distributions of an estimated \$1.8 million have been paid in full on The Money Store LLC preferred units for each quarterly period occurring prior to the proposed common stock cash dividend.

Subject to the prior rights of any preferred stockholders, Class A preferred stockholders and depositary shareholders, common stockholders have all voting rights, each share being entitled to one vote on all matters requiring stockholder action and in electing directors. Common stockholders have no preemptive, subscription or conversion rights. All of the outstanding shares of common stock are, and any common stock issued and sold hereunder will be, fully paid and nonassessable.

American Stock Transfer & Trust Company is the transfer agent, registrar and dividend disbursement agent for the common stock.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the common stock.

### **Rights Plan**

Under Wachovia's Shareholder Protection Rights Agreement, between Wachovia and Wachovia Bank, National Association, as rights agent, each outstanding common stock share has a right attached to it. This right remains attached unless a separation time occurs. At separation time, common stockholders will receive

## **Table of Contents**

separate certificates for these rights. Each right entitles its owner to purchase at separation time one one-hundredth of a share of a participating series of Class A preferred stock for \$105. This series of Class A preferred stock would have economic and voting terms similar to those of one common stock share. Separation time would generally occur at the earlier of the following two dates:

the tenth business day after any person commences a tender or exchange offer that, if completed, would entitle that person to 10% or more of Wachovia's outstanding common stock; or

the tenth business day after Wachovia publicly announces that a person has acquired beneficial ownership of 10% or more of Wachovia's outstanding common stock.

These rights will not trade separately from the shares of common stock until the separation time occurs, and may be exercised on the business day immediately after the separation time. The rights will expire at the earliest of:

the date on which Wachovia's board of directors elects to exchange the rights for Wachovia common stock shares as described below;

the close of business on December 28, 2010, unless extended by our board of directors; or

the date on which the rights are terminated as described below.

Once Wachovia publicly announces that a person has acquired 10% of Wachovia's outstanding common stock, Wachovia can allow for rights holders to buy our common stock for half of its market value. For example, Wachovia would sell to each rights holder common stock shares worth \$210 for \$105 in cash. At the same time, any rights held by the 10% owner or any of its affiliates, associates or transferees will be void. In addition, if Wachovia is acquired in a merger or other business combination after a person has become a 10% owner, the rights held by stockholders would become exercisable to purchase the acquiring company's common stock for half of its market value.

In the alternative, Wachovia's board of directors may elect to exchange all of the then outstanding rights for shares of common stock at an exchange ratio of two common stock shares for one right. Upon election of this exchange, a right will no longer be exercisable and will only represent a right to receive two common stock shares.

If Wachovia is required to issue common stock shares upon the exercise of rights, or in exchange for rights, the board may substitute shares of participating Class A preferred stock. The substitution will be at a rate of two one-hundredths of a share of participating Class A preferred stock for each right exchanged.

The rights may be terminated without any payment to holders before their exercise date. The rights have no voting rights and are not entitled to dividends.

The rights will not prevent a takeover of Wachovia. The rights, however, may cause substantial dilution to a person or group that acquires 10% or more of common stock unless Wachovia's board first terminates the rights. Nevertheless, the rights should not interfere with a transaction that

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

is in Wachovia's and its stockholders' best interests because the rights can be terminated by the board before that transaction is completed.

The complete terms of the rights are contained in the Shareholder Protection Rights Agreement. This agreement is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part, and the description above is qualified entirely by that document. A copy of this agreement can be obtained upon written request to Wachovia Bank, National Association, 301 South College Street, Charlotte, North Carolina 28288-0206.

### **Other Provisions**

Wachovia's articles and bylaws contain various provisions which may discourage or delay attempts to gain control of Wachovia. Wachovia's articles include provisions:

authorizing the board of directors to fix the size of the board between nine and 30 directors;

## **Table of Contents**

authorizing directors to fill vacancies on the board occurring between annual stockholder meetings, except that vacancies resulting from a director's removal by a stockholder vote may only be filled by a stockholder vote;

providing that directors may be removed only for a valid reason and only by majority vote of shares entitled to vote in electing directors, voting as a single class;

authorizing only the board of directors, Wachovia's Chairman or President to call a special meeting of stockholders, except for special meetings called under special circumstances for classes or series of stock ranking superior to common stock; and

requiring an 80% stockholder vote by holders entitled to vote in electing directors, voting as a single class, to alter any of the above provisions.

Wachovia's bylaws include specific conditions under which business may be transacted at annual stockholders' meetings, and persons may be nominated for election as Wachovia directors at annual stockholders' meetings.

The Change in Bank Control Act prohibits a person or group of persons from acquiring control of a bank holding company unless:

the Federal Reserve Board has been given 60 days' prior written notice of the proposed acquisition; and

within that time period, the Federal Reserve Board has not issued a notice disapproving the proposed acquisition or extending for up to another 30 days the period during which such a disapproval may be issued

or unless the acquisition otherwise requires Federal Reserve Board approval. An acquisition may be made before expiration of the disapproval period if the Federal Reserve Board issues written notice that it intends not to disapprove the action. It is generally assumed that the acquisition of more than 10% of a class of voting stock of a bank holding company with publicly held securities, such as Wachovia, would constitute the acquisition of control.

In addition, any company would be required to obtain Federal Reserve Board approval before acquiring 25% or more of the outstanding common stock of Wachovia. If the acquiror is a bank holding company, this approval is required before acquiring 5% of the outstanding common stock. Obtaining control over Wachovia would also require Federal Reserve Board prior approval. Control generally means:

the ownership or control of 25% or more of a bank holding company voting securities class;

the ability to elect a majority of the bank holding company's directors; or

the ability otherwise to exercise a controlling influence over the bank holding company's management and policies.

Two North Carolina shareholder protection statutes adopted in 1987, The North Carolina Shareholder Protection Act and The North Carolina Control Share Acquisition Act, allowed North Carolina corporations to elect to either be covered or not be covered by these statutes. Wachovia

elected not to be covered by these statutes.

In addition, in certain instances the ability of Wachovia's board to issue authorized but unissued shares of common stock, preferred stock or Class A preferred stock may have an anti-takeover effect.

Existence of the above provisions could result in Wachovia being less attractive to a potential acquiror, or result in Wachovia stockholders receiving less for their shares of common stock than otherwise might be available if there is a takeover attempt.

### **DESCRIPTION OF PREFERRED STOCK AND CLASS A PREFERRED STOCK**

*The following information outlines some of the provisions of the preferred stock and the Class A preferred stock. This information may not be complete in all respects and is qualified entirely by reference to Wachovia's articles of incorporation, as amended, or articles, with respect to each series of preferred stock or Class A preferred stock. Our articles are, and any amendments to the articles will be, incorporated by reference in the registration statement of which this prospectus is a part for the issuance of any series of preferred stock or Class A preferred stock. This information relates to terms and conditions that apply to the preferred stock as a class and the Class A preferred stock as a class. The specific terms of any series of preferred stock or Class A preferred stock will be described in the relevant prospectus supplement. If so described in a prospectus supplement, the terms of that series may differ from the general description of the terms described below.*

#### **Authorized Preferred Stock**

Wachovia's authorized preferred stock consists of 10,000,000 shares of preferred stock, no-par value, 40,000,000 shares of Class A preferred stock, no-par value and 500,000,000 Dividend Equalization Preferred shares, no par value. As of March 31, 2008, no shares of preferred stock, 2,300,000 shares of Class A preferred stock, Series J and 3,500,000 shares of Class A preferred stock, Series K were issued and outstanding, and approximately 97 million Dividend Equalization Preferred shares were issued and outstanding in connection with the merger of the former Wachovia Corporation and First Union Corporation. The Dividend Equalization Preferred shares are not being offered by this prospectus and have no further dividend rights and a liquidation preference of \$0.01 per share.

#### **General**

Under Wachovia's articles, the preferred stock and the Class A preferred stock may be issued from time to time in one or more series, upon board authorization and without stockholder approval. Within certain legal limits, the board is authorized to determine the:

voting powers;

designation;

preferences and relative, participating, optional or other rights;

qualifications, limitations or restrictions, including any:

dividend rights;

conversion rights;

exchange rights;

redemption rights;

liquidation preferences;

voting rights; and

the designation and number of shares and the terms and conditions of their issuance

of any series of preferred stock or Class A preferred stock. Thus, the board, without stockholder approval, could authorize preferred stock or Class A preferred stock to be issued with voting, conversion and other rights that could adversely affect the voting power and other rights of common stockholders or other outstanding series of preferred stock or Class A preferred stock.

Each series of preferred stock or Class A preferred stock will have the dividend, liquidation, redemption and voting rights described below unless otherwise described in a prospectus supplement pertaining to a specific series of preferred stock or Class A preferred stock. The relevant prospectus supplement will describe

**Table of Contents**

the following terms of the series of preferred stock or Class A preferred stock in respect of which this prospectus is being delivered:

the designation of that series and the number of shares offered;

the amount of the liquidation preference per share or the method of calculating that amount;

the initial public offering price at which shares of that series will be issued;

the dividend rate or the method of calculating that rate, the dates on which dividends will be paid and the dates from which dividends will begin to cumulate;

the dates the preferred stock become subject to redemption at our option, and any redemption terms;

any redemption or sinking fund provisions;

any conversion or exchange rights;

any additional voting and other rights, preferences, privileges, qualifications, limitations and restrictions;

any securities exchange listing;

the relative ranking and preferences of that series as to dividend rights and rights upon any liquidation, dissolution or winding up of Wachovia; and

any other terms of that series.

Under the indenture between Wachovia and Wilmington Trust Company, as trustee, Wachovia agreed that it generally will not pay any dividends on, or acquire or make a liquidation payment relating to, any of Wachovia's common stock, preferred stock and Class A preferred stock, if, at any time, there is a default under the indenture or a related Wachovia guarantee or Wachovia has delayed interest payments on the securities issued under the indenture.

Shares of preferred stock and Class A preferred stock, when issued against full payment of their purchase price, will be fully paid and nonassessable. The liquidation preference of any series of preferred stock or Class A preferred stock does not necessarily indicate the price at which shares of that series of preferred stock or Class A preferred stock will actually trade on or after the issue date.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the preferred stock.

## **Rank**

Each series of preferred stock and Class A preferred stock will, with respect to dividend rights and rights upon Wachovia's liquidation, dissolution or winding up, rank prior or superior to common stock. All shares of each series of preferred stock will be of equal rank with each other. Shares of Class A preferred stock will rank equal or junior to, but not prior or superior to, any series of preferred stock. Subject to the foregoing and the terms of any particular Class A preferred stock series, Class A preferred stock series may vary as to priority within that class.

## **Dividends**

Holders of each series of preferred stock and Class A preferred stock will be entitled to receive, when, as and if Wachovia's board declares, cash dividends, payable at the dates and at the rates per share as described in the relevant prospectus supplement. Those rates may be fixed, variable or both.

Dividends may be cumulative or noncumulative, as described in the relevant prospectus supplement. If dividends on a series of preferred stock or Class A preferred stock are noncumulative and if Wachovia's board fails to declare a dividend for a dividend period for that series, then holders of that preferred stock or Class A

## **Table of Contents**

preferred stock will have no right to receive a dividend for that dividend period, and Wachovia will have no obligation to pay the dividend for that period, whether or not dividends are declared for any future dividend payment dates. If dividends on a series of preferred stock or Class A preferred stock are cumulative, the dividends on those shares will accrue from and after the date mentioned in the relevant prospectus supplement.

Full dividends may not be paid on any series of preferred stock or Class A preferred stock ranking as to dividends equal or junior to the series of preferred stock or Class A preferred stock offered by the relevant prospectus supplement for any period unless full dividends for the immediately preceding dividend period on that offered stock, including any accumulation of unpaid dividends, if dividends on such offered stock are cumulative, are paid. When dividends are not paid in full upon such offered stock and any other parity stock, dividends upon that stock will be declared on a proportional basis so that the amount of dividends declared per share will bear to each other the same ratio that accrued dividends for the current dividend period per share on the offered stock, including any accumulated unpaid dividends, if dividends on such offered stock are cumulative, and accrued dividends, including any accumulations on such parity stock, bear to each other. No interest will be payable in respect of any dividend payment on such offered stock that may be in arrears. Unless full dividends on the offered stock have been paid for the immediately preceding dividend period, including any accumulated dividends, if dividends on such offered stock are cumulative:

no cash dividend or distribution (other than in junior stock) may be paid on junior stock (including common stock);

Wachovia may not acquire any junior stock except by conversion into or exchange for junior stock; and

Wachovia may not acquire any parity stock otherwise than pursuant to pro rata offers to purchase all, or a pro rata portion, of the offered stock and such parity stock, except by conversion into or exchange for junior stock.

Any dividend payment made on a preferred stock or Class A preferred stock series will first be credited against the earliest accrued but unpaid dividend due with respect to shares of that series that remains payable.

## **Redemption**

The terms on which any series of preferred stock or Class A preferred stock may be redeemed will be in the relevant prospectus supplement. All shares of preferred stock or Class A preferred stock that Wachovia redeems, purchases or acquires, including shares surrendered for conversion or exchange, will be cancelled and restored to the status of authorized but unissued shares of preferred stock or Class A preferred stock, as the case may be, undesignated as to series.

## **Liquidation**

In the event of Wachovia's voluntary or involuntary liquidation, dissolution or winding up, preferred stockholders or Class A preferred stockholders will be entitled, subject to creditors' rights, but before any distribution to common stockholders or any other junior stock, to receive a liquidating distribution in the amount of the liquidation preference per share as mentioned in the relevant prospectus supplement, plus accrued and unpaid dividends for the current dividend period. This would include any accumulation of unpaid dividends for prior dividend periods, if dividends on that series of preferred stock or Class A preferred stock are cumulative. If the amounts available for distribution upon Wachovia's liquidation, dissolution or winding up are not sufficient to satisfy the full liquidation rights of all the outstanding preferred stock or Class A preferred stock and all stock ranking equal to that preferred stock or Class A preferred stock, then the holders of each series of that stock will

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

share ratably in any distribution of assets in proportion to the full respective preferential amount, which may include accumulated dividends, to which they are entitled. After the full amount of the liquidation preference is paid, the holders of preferred stock or Class A preferred stock will not be entitled to any further participation in any distribution of Wachovia's assets.

## **Table of Contents**

### **Voting**

The voting rights of preferred stock or Class A preferred stock of any series will be described in the relevant prospectus supplement. The shares of any series of preferred stock having voting rights may not have more than one vote per share. The shares of any series of Class A preferred stock having voting rights will have the number of votes per share, which may be more or less than one, as are specified in the amendment to Wachovia's articles with respect to that series and in the relevant prospectus supplement.

The NCBC Act provides that, regardless of whether a class or series of shares is granted voting rights by the terms of Wachovia's articles, the shareholders of that class or series are entitled to vote as a separate voting group, or together with other similarly affected series, on certain amendments to Wachovia's articles and certain other fundamental changes to Wachovia that directly affect that class or series.

Under Federal Reserve Board regulations, if the holders of any series of preferred stock or Class A preferred stock become entitled to vote for the election of directors because dividends on that series are in arrears, that series may then be deemed a class of voting securities, and a holder of 25% or more of that series (or a holder of 5% or more if it otherwise exercises a controlling influence over Wachovia) may then be subject to regulation as a bank holding company. In addition, in that event:

any bank holding company may be required to obtain Federal Reserve Board approval, and any foreign bank, and any company that controls a foreign bank, that has certain types of U.S. banking operations may be required to obtain Federal Reserve Board approval under the International Banking Act of 1978, to acquire 5% or more of any series of preferred stock or Class A preferred stock; and

any person other than a bank holding company may be required to obtain Federal Reserve Board approval under the Change in Bank Control Act to acquire 10% or more of that series of preferred stock or Class A preferred stock.

### **Conversion or Exchange**

The terms on which preferred stock or Class A preferred stock of any series may be converted into or exchanged for another class or series of securities will be described in the relevant prospectus supplement.

### **Other Rights**

The shares of a series of preferred stock or Class A preferred stock may have the preferences, voting powers or relative, participating, optional or other special rights as may be described in the relevant prospectus supplement, Wachovia's articles, or as otherwise required by law. The holders of preferred stock and Class A preferred stock will not have any preemptive rights to subscribe to any Wachovia securities.

### **Title**

Wachovia, the transfer agent and registrar for a series of preferred stock or Class A preferred stock, and any of their agents, may treat the registered owner of that preferred stock or Class A preferred stock as the absolute owner of that stock, whether or not any payment for that preferred stock or Class A preferred stock is overdue and despite any notice to the contrary, for any purpose. See also Global Securities.

#### **Transfer Agent and Registrar**

The transfer agent, registrar and dividend disbursement agent for each series of preferred stock or Class A preferred stock will be named in the relevant prospectus supplement.

### **DESCRIPTION OF DEPOSITARY SHARES**

*The following information outlines some of the provisions of the deposit agreement, the depositary shares and the depositary receipts. This information may not be complete in all respects and is qualified entirely by reference to the relevant deposit agreement and depositary receipts with respect to the depositary shares relating to any particular series of preferred stock or Class A preferred stock. The specific terms of any series of depositary shares will be described in the relevant prospectus supplement. If so described in the prospectus supplement, the terms of that series of depositary shares may differ from the general description of terms presented below.*

#### **General**

Wachovia may elect to offer fractional interests in shares of preferred stock or Class A preferred stock, instead of whole shares of preferred stock or Class A preferred stock. If so, Wachovia will allow a depositary to issue to the public depositary shares, each of which will represent a fractional interest as described in the relevant prospectus supplement, of a share of preferred stock or Class A preferred stock.

The shares of the preferred stock or the Class A preferred stock series underlying any depositary shares will be deposited under a separate deposit agreement between Wachovia and a bank or trust company acting as depositary with respect to that series. The depositary will have its principal office in the United States and have a combined capital and surplus of at least \$50,000,000. The relevant prospectus supplement relating to a series of depositary shares will mention the name and address of the depositary. Under the relevant deposit agreement, each owner of a depositary share will be entitled, in proportion to its fractional interest in a share of the preferred stock or the Class A preferred stock underlying that depositary share, to all the rights and preferences of that preferred stock or Class A preferred stock, including dividend, voting, redemption, conversion, exchange and liquidation rights.

Depositary shares will be evidenced by one or more depositary receipts issued under the relevant deposit agreement.

Pending the preparation of definitive depositary receipts, a depositary may, upon Wachovia's order, issue temporary depositary receipts substantially identical to and entitling their holders to all the rights pertaining to the definitive depositary receipts but not in definitive form. Definitive depositary receipts will be prepared without unreasonable delay, and the temporary depositary receipts will be exchangeable for definitive depositary receipts at Wachovia's expense.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the depositary shares.

#### **Dividends and Other Distributions**

The depositary will distribute all cash dividends or other cash distributions in respect of the preferred stock or the Class A preferred stock to the record depositary shareholders based on the number of the depositary shares owned by that holder on the relevant record date. The depositary will distribute only that amount which can be distributed without attributing to any depositary shareholders a fraction of one cent, and any

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

balance not so distributed will be added to and treated as part of the next sum received by the depositary for distribution to record depositary shareholders.

If there is a distribution other than in cash, the depositary will distribute property to the entitled record depositary shareholders, unless the depositary determines that it is not feasible to make that distribution. In that case the depositary may, with Wachovia's approval, adopt the method it deems equitable and practicable

## **Table of Contents**

for making that distribution, including any sale of property and the distribution of the net proceeds from this sale to the concerned holders.

Each deposit agreement will also contain provisions relating to the manner in which any subscription or similar rights Wachovia offers to preferred stockholders or the Class A preferred stockholders of the relevant series will be made available to depositary shareholders.

## **Withdrawal of Stock**

Upon surrender of depositary receipts at the depositary's office, the holder of the relevant depositary shares will be entitled to the number of whole shares of the related preferred stock series or Class A preferred stock series and any money or other property those depositary shares represent. Depositary shareholders will be entitled to receive whole shares of the related preferred stock series or Class A preferred stock series on the basis described in the relevant prospectus supplement, but holders of those whole preferred stock shares or Class A preferred stock shares will not afterwards be entitled to receive depositary shares in exchange for their shares. If the depositary receipts the holder delivers evidence a depositary share number exceeding the whole share number of the related preferred stock series or Class A preferred stock series to be withdrawn, the depositary will deliver to that holder a new depositary receipt evidencing the excess depositary share number.

## **Redemption; Liquidation**

The terms on which the depositary shares relating to the preferred stock or the Class A preferred stock of any series may be redeemed, and any amounts distributable upon Wachovia's liquidation, dissolution or winding up, will be described in the relevant prospectus supplement.

## **Conversion and Exchange**

If any series of preferred stock or Class A preferred stock is subject to conversion or exchange, the rights or obligations of each record holder of depositary shares to convert or exchange the depositary shares will be described in the relevant prospectus supplement.

## **Voting**

Any voting rights of holders of the depositary shares are directly dependent on the voting rights of the underlying preferred stock, which customarily have limited voting rights. Upon receiving notice of any meeting at which preferred stockholders or Class A preferred stockholders of any series are entitled to vote, the depositary will mail the information contained in that notice to the record depositary shareholders relating to those series of preferred stock or Class A preferred stock. Each depositary shareholder on the record date will be entitled to instruct the depositary on how to vote the shares of preferred stock or Class A preferred stock underlying that holder's depositary shares. The depositary will vote the preferred stock shares or Class A preferred stock shares underlying those depositary shares according to those instructions, and Wachovia will take reasonably necessary actions to enable the depositary to do so. If the depositary does not receive specific instructions from the depositary shareholders relating to such preferred stock or Class A preferred stock, it will abstain from voting those preferred stock shares or Class A preferred stock shares, unless otherwise mentioned in the relevant prospectus supplement.

**Amendment and Termination of Depositary Agreement**

The depositary receipt form evidencing the depositary shares and the relevant deposit agreement may be amended by Wachovia and the depositary. However, any amendment that significantly affects the rights of

## **Table of Contents**

the depositary shareholders will not be effective unless a majority of the outstanding depositary shareholders approve that amendment. Wachovia or the depositary may terminate a deposit agreement only if:

Wachovia has redeemed or reacquired all outstanding depositary shares relating to the deposit agreement;

all preferred stock or Class A preferred stock of the relevant series has been withdrawn; or

there has been a final distribution in respect of the preferred stock or the Class A preferred stock of the relevant series in connection with Wachovia's liquidation, dissolution or winding up and such distribution has been made to the related depositary shareholders.

## **Charges of Depositary**

Wachovia will pay all charges of each depositary in connection with the initial deposit and any redemption of the preferred stock or the Class A preferred stock. Depositary shareholders will be required to pay any other transfer and other taxes and governmental charges and any other charges expressly provided in the deposit agreement to be for their accounts. The depositary may refuse to effect any transfer of a depositary receipt or any withdrawals of preferred stock evidenced by a depositary receipt until all taxes, assessments, and governmental charges, with respect to the depositary receipt or preferred stock are paid by their holders.

## **Miscellaneous**

Each depositary will forward to the relevant depositary shareholders all Wachovia reports and communications that Wachovia is required to furnish to preferred stockholders or Class A preferred stockholders of the relevant series.

Neither any depositary nor Wachovia will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under any deposit agreement. The obligations of Wachovia and each depositary under any deposit agreement will be limited to performance in good faith of their duties under that agreement, and they will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares, preferred stock or Class A preferred stock unless they are provided with satisfactory indemnity. They may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock or Class A preferred stock for deposit, depositary shareholders or other persons believed to be competent and on documents believed to be genuine.

## **Title**

Wachovia, each depositary and any of their agents may treat the registered owner of any depositary share as the absolute owner of that share, whether or not any payment for that depositary share is overdue and despite any notice to the contrary, for any purpose. See Global Securities.

**Resignation and Removal of Depositary**

A depositary may resign at any time by delivering to Wachovia notice of its election, and Wachovia may remove a depositary, and resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of appointment. That successor depositary must:

be appointed within 60 days after delivery of the notice of resignation or removal;

be a bank or trust company having its principal office in the United States; and

have combined capital and surplus of at least \$50,000,000.

### **DESCRIPTION OF DEBT SECURITIES**

#### **General**

*The following information outlines some of the provisions of the indentures and the debt securities. This information may not be complete in all respects, and is qualified entirely by reference to the indenture under which the debt securities are issued. These indentures are incorporated by reference as exhibits to the registration statement of which this prospectus is a part. This information relates to certain terms and conditions that generally apply to the debt securities. The specific terms of any series of debt securities will be described in the relevant prospectus supplement. As you read this section, please remember that the specific terms of the debt securities will supplement and, if applicable, may modify or replace the general terms described in this section. If your prospectus supplement is inconsistent with this prospectus, your prospectus supplement will control with regard to that debt security. Thus, the statements we make in this section may not apply to your debt security.*

Senior debt securities will be issued under an indenture, dated as of April 1, 1983, as amended and supplemented, between Wachovia and The Bank of New York (as successor in interest to JPMorgan Chase Bank, National Association), as trustee. Subordinated debt securities will be issued under an indenture, dated as of March 15, 1986, as amended, and supplemented, between Wachovia and The Bank of New York (as successor to J.P. Morgan Trust Company, National Association), as trustee. Each of the senior and the subordinated debt securities constitutes a single series of debt securities of Wachovia issued under the senior and the subordinated indenture, respectively. The provisions of each indenture allow us to issue debt securities with terms different from those of debt securities previously issued under that indenture, and to reopen a previously issued series of debt securities and issue additional debt securities of that series. The term "debt securities," as used in this prospectus, refers to all debt securities issued and issuable from time to time under the relevant indenture. The indentures are subject to, and governed by, the Trust Indenture Act of 1939, as amended. These indentures are more fully described below in this section. Whenever we refer to specific provisions or defined terms in one or both of the indentures, those provisions or defined terms are incorporated in this prospectus by reference. Section references used in this discussion are references to the relevant indenture. Capitalized terms which are not otherwise defined shall have the meaning given to them in the relevant indenture.

The debt securities will be Wachovia's direct, unsecured obligations. The debt securities will not be deposits or other bank obligations and will not be FDIC insured.

The indentures do not limit the aggregate principal amount of debt securities or of any particular series of debt securities which may be issued under the indentures and provide that these debt securities may be issued at various times in one or more series, in each case with the same or various maturities, at par or at a discount. (Section 301) The indentures provide that there may be more than one trustee under the indentures with respect to different series of debt securities. As of December 31, 2007, \$25.3 billion aggregate principal amount of senior debt securities was outstanding under the senior indenture. The senior trustee is trustee for such series. As of December 31, 2007, \$8.5 billion aggregate principal amount of subordinated debt securities was outstanding under the subordinated indenture. The subordinated trustee is trustee for such series.

The indentures do not limit the amount of other debt that Wachovia may issue and do not contain financial or similar restrictive covenants. As of December 31, 2007, Wachovia had an aggregate of \$8.0 billion of short-term senior indebtedness outstanding which consisted primarily of commercial paper. Wachovia expects from time to time to incur additional senior indebtedness and Other Financial Obligations (as defined below). The indentures do not prohibit or limit additional senior indebtedness or Other Financial Obligations.

## **Table of Contents**

Because Wachovia is a holding company and a legal entity separate and distinct from its subsidiaries, Wachovia's rights to participate in any distribution of assets of any subsidiary upon its liquidation, reorganization or otherwise, and the holders of debt securities' ability to benefit indirectly from such distribution, would be subject to prior creditors' claims, except to the extent that Wachovia itself may be a creditor of that subsidiary with recognized claims. Claims on Wachovia's subsidiary banks by creditors other than Wachovia include long-term debt and substantial obligations with respect to deposit liabilities and federal funds purchased, securities sold under repurchase agreements, other short-term borrowings and various other financial obligations. The indentures do not contain any covenants designed to afford holders of debt securities protection in the event of a highly leveraged transaction involving Wachovia. Accordingly, Wachovia's obligations under the debt securities will be effectively subordinated to all existing and future indebtedness and liabilities of Wachovia's subsidiaries, including liabilities under bank products issued by Wachovia's banking subsidiaries, and an investor in debt securities should look only to Wachovia's assets for payment thereunder.

The following information relating to the debt securities will be described in the relevant prospectus supplement:

the title of the debt securities;

whether the debt securities are senior debt securities or subordinated debt securities;

any limit upon the aggregate principal amount of the debt securities and the percentage of such principal amount at which they may be issued;

the date on which the principal of the debt securities must be paid;

the interest rates per annum of the debt securities, the method of determining these rates, the day count used to calculate interest payments for any period, the calculation agent, the dates from which the interest will accrue, the interest payment dates, the regular record date for the interest payable on any interest payment date, the person to whom any payment must be made, if other than the person in whose name that debt security is registered on the regular record date for such interest, and the payment method of any interest payable on a global debt security on an interest payment date;

if other than the location specified in this prospectus, the place where any principal, premium or interest on the debt securities must be paid;

any redemption and any mandatory or optional sinking fund provisions;

any repayment provision;

if other than denominations of \$1,000 and any integral multiple of \$1,000, the denominations in which the debt securities shall be issued;

if other than the principal amount, the portion of the debt securities' principal amount which will be payable upon an acceleration of their maturity;

the currency or currency unit of payment of principal, premium, if any, and interest on the debt securities, and any index used to determine the amount of payment of principal, premium, if any, and interest on these debt securities;

whether the debt securities will be issued in permanent global form and, in such case, the initial depositary and the circumstances under which such permanent global debt security may be exchanged;

whether the subordination provisions summarized below or other subordination provisions, including a different definition of senior indebtedness, Entitled Persons, Existing Subordinated Indebtedness or Other Financial Obligations will apply to the debt securities;

the terms and conditions of any obligation or right of Wachovia or a holder to convert or exchange subordinated debt securities into other securities; and

any other key aspects of the debt securities not specified in this prospectus. (*Section 301*)

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the debt securities.

Unless otherwise described in the relevant prospectus supplement, principal, premium, and interest, if any, on the debt securities will be payable, and the debt securities will be transferable, at the Corporate Trust Office of Wachovia Bank, National Association in Charlotte, North Carolina except that interest may be paid at Wachovia's option by check mailed to the address of the holder entitled to it as it appears on the security register. (*Sections 301, 305 and 1002*)

Unless otherwise described in the relevant prospectus supplement, the debt securities will be issued only in fully registered form, without coupons, in denominations of \$1,000 and any integral multiples of \$1,000. (*Section 302*) The indentures provide that debt securities of any series may be issued in permanent global form (*Section 301*) and, unless otherwise described in the relevant prospectus supplement, debt securities will be issued in permanent global form. See Global Securities. No service charge will be made for any registration of transfer or exchange of the debt securities, but Wachovia may require payment to cover any tax or other governmental charge payable in connection with a transfer or exchange. (*Section 305*)

Both senior debt securities and subordinated debt securities may be issued as original issue discount securities to be offered and sold at a substantial discount below their stated principal amount. Federal income tax consequences and other special considerations that apply to any original issue discount securities will be described in the relevant prospectus supplement. The term "original issue discount security" means any security which provides for an amount less than its principal amount to be due and payable upon the acceleration of its maturity in accordance with the related indenture. (*Section 101*)

We refer to the relevant prospectus supplement relating to any series of debt securities that are original issue discount securities for the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon a continuing event of default.

## **No Sinking Fund**

Unless stated otherwise in the prospectus supplement, our debt securities will not be entitled to the benefit of any sinking fund. This means that we will not deposit money on a regular basis into any separate custodial account to repay the debt securities.

## **Redemption**

The prospectus supplement will indicate whether we may redeem the debt securities prior to their maturity date. If we may redeem the debt securities prior to maturity, the prospectus supplement will indicate the redemption price and the method for redemption as well as any other applicable redemption terms.

### **Repayment**

The prospectus supplement will indicate whether the debt securities can be repaid at the holder's option prior to their maturity date. If the debt securities may be repaid prior to maturity, the prospectus supplement will indicate our cost to repay the debt securities and the procedure for repayment as well as any other applicable repayment terms.

## **Table of Contents**

### **Repurchase**

We, or our affiliates, may repurchase debt securities from investors who are willing to sell them from time to time, either in the open market at prevailing prices or in private transactions at negotiated prices. We, or our affiliates, have the discretion to hold or resell any repurchased debt securities. We also have the discretion to cancel any repurchased debt securities.

### **Reopenings**

We have the ability to reopen a series of our debt securities. This means that we can increase the principal amount of a series of our debt securities by selling additional debt securities with the same terms. We may do so without notice to the existing holders of debt securities of that series. However, any new debt securities of this kind may begin to bear interest at a different date and they may be offered or sold at prices that are different from the original offering or sale of the same series of debt securities depending on then- prevailing market conditions.

### **Subordination of the Subordinated Debt Securities**

Wachovia's obligations to make any payment of the principal and interest on any subordinated debt securities will, to the extent the subordinated indenture specifies, be subordinate and junior in right of payment to all of Wachovia's senior indebtedness. Unless otherwise specified in the prospectus supplement relating to a specific series of subordinated debt securities, Wachovia's senior indebtedness is defined in the subordinated indenture to mean the principal of, premium and interest, if any, on:

all Wachovia indebtedness for money borrowed, including indebtedness Wachovia guarantees, other than the subordinated debt securities, whether outstanding on the date of execution of the indenture or incurred afterward, except:

any obligations on account of Existing Subordinated Indebtedness, and

indebtedness as is by its terms expressly stated to be not superior in payment right to the subordinated debt securities or to rank equal to the subordinated debt securities; and

any deferrals, renewals or extensions of any such senior indebtedness. (*Section 101* of the subordinated indenture)

The payment of the principal and interest on the subordinated debt securities will, to the extent described in the subordinated indenture, be subordinated in payment right to the prior payment of all senior indebtedness. Unless otherwise described in the prospectus supplement relating to the specific series of subordinated debt securities, in certain events of insolvency, the payment of the principal and interest on the subordinated debt securities, other than subordinated debt securities that are also Existing Subordinated Indebtedness, will, to the extent described in the subordinated indenture, also be effectively subordinated in payment right to the prior payment of all Other Financial Obligations. Upon any payment or distribution of assets to creditors under Wachovia's liquidation, dissolution, winding up, reorganization, assignment for the benefit of creditors, or any bankruptcy, insolvency or similar proceedings, all senior indebtedness holders will be entitled to receive payment in full of all amounts due before the subordinated debt securities holders will be entitled to receive any payment in respect of the principal or interest on their securities. If upon any such payment or asset distribution to creditors, there remains, after giving effect to those subordination provisions in favor of senior indebtedness holders, any amount of cash, property or securities available for payment or distribution

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

in respect of subordinated debt securities (defined in the subordinated indenture as Excess Proceeds ) and if, at that time, any Entitled Persons (as defined below) in respect of Other Financial Obligations have not received payment of all amounts due on such Other Financial Obligations, then such Excess Proceeds shall first be applied to pay these Other Financial Obligations before any payment may be applied to the subordinated debt securities which are not Existing Subordinated Indebtedness. In the event of

## **Table of Contents**

the acceleration of the maturity of any subordinated debt securities, all senior indebtedness holders will be entitled to receive payment of all amounts due before the subordinated debt securities holders will be entitled to receive any payment upon the principal of or interest on their subordinated debt securities. (*Sections 1403, 1404 and 1413* of the subordinated indenture)

By reason of such subordination in favor of senior indebtedness holders, in the event of insolvency, Wachovia's creditors who are not senior indebtedness holders or subordinated debt securities holders may recover less, ratably, than senior indebtedness holders and may recover more, ratably, than subordinated debt securities holders. By reason of the obligation of subordinated debt securities holders (other than Existing Subordinated Indebtedness) to pay over any Excess Proceeds to Entitled Persons in respect to Other Financial Obligations, in the event of insolvency, Existing Subordinated Indebtedness holders may recover less, ratably, than Entitled Persons in respect of Other Financial Obligations and may recover more, ratably, than the subordinated debt securities holders (other than Existing Subordinated Indebtedness).

Unless otherwise specified in the prospectus supplement relating to the particular subordinated debt securities series offered by it, Existing Subordinated Indebtedness means subordinated debt securities issued under the subordinated indenture prior to November 15, 1992. (*Section 101* of the subordinated indenture)

Unless otherwise specified in the prospectus supplement relating to the particular subordinated debt securities series offered by it, Other Financial Obligations means all obligations of Wachovia to make payment under the terms of financial instruments, such as:

securities contracts and foreign currency exchange contracts;

derivative instruments, such as

swap agreements (including interest rate and foreign exchange rate swap agreements),

cap agreements,

floor agreements,

collar agreements,

interest rate agreements,

foreign exchange rate agreements,

options,

commodity futures contracts,

commodity option contracts; and

similar financial instruments, other than

obligations on account of senior indebtedness, and

obligations on account of indebtedness for money borrowed ranking equal or subordinate to the subordinated debt securities. (*Section 101* of the subordinated indenture).

Unless otherwise described in the prospectus supplement relating to a specific series of subordinated debt securities, "Entitled Persons" means any person who is entitled to payment under the terms of Other Financial Obligations. (*Section 101* of the subordinated indenture).

Wachovia's obligations under the subordinated debt securities shall rank equal in right of payment with each other and with the Existing Subordinated Indebtedness, subject, unless otherwise described in the

## **Table of Contents**

prospectus supplement relating to a specific series of subordinated debt securities, to the obligations of subordinated debt securities holders (other than Existing Subordinated Indebtedness) to pay over any Excess Proceeds to Entitled Persons in respect of Other Financial Obligations as provided in the subordinated indenture. (*Section 1413* of the subordinated indenture)

The relevant prospectus supplement may further describe the provisions, if any, applicable to the subordination of the subordinated debt securities of a particular series.

## **Conversion or Exchange**

If and to the extent mentioned in the relevant prospectus supplement, any subordinated debt securities series may be convertible or exchangeable into other debt securities or common stock, preferred stock, Class A preferred stock or depositary shares. The specific terms on which any subordinated debt securities series may be so converted or exchanged will be described in the relevant prospectus supplement. These terms may include provisions for conversion or exchange, either mandatory, at the holder's option or at Wachovia's option, in which case the amount or number of securities the subordinated debt securities holders would receive would be calculated at the time and manner described in the relevant prospectus supplement.

## **Defaults**

### ***The Senior Indenture***

The senior indenture defines an event of default as:

default in any principal or premium payment on any senior debt security of that series at maturity;

default for 30 days in interest payment of any senior debt security of that series;

failure to deposit any sinking fund payment when due in respect of that series;

Wachovia's failure for 60 days after notice in performing any other covenants or warranties in the senior indenture (other than a covenant or warranty solely for the benefit of other senior debt securities series);

failure to pay when due any Wachovia indebtedness or Wachovia Bank, National Association indebtedness in excess of \$5,000,000, or maturity acceleration of any indebtedness exceeding that amount if acceleration results from a default under the instrument giving rise to that indebtedness and is not annulled within 30 days after due notice;

Wachovia's or Wachovia Bank, National Association's bankruptcy, insolvency or reorganization; and

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

any other event of default provided for senior debt securities of that series. (*Section 501*)

The senior indenture provides that, if any event of default for senior debt securities of any series outstanding occurs and is continuing, either the senior trustee or the holders of not less than 25% in principal amount of the outstanding senior debt securities of that series may declare the principal amount (or, if the securities of that series are original issue discount securities, such principal amount portion as the terms of that series specify) of all senior debt securities of that series to be due and payable immediately. However, no such declaration is required upon certain bankruptcy events. In addition, upon fulfillment of certain conditions, this declaration may be annulled and past defaults waived by the holders of a majority in principal amount of the outstanding senior debt securities of that series on behalf of all senior debt securities holders of that series. (*Sections 502 and 513*) In the event of Wachovia's bankruptcy, insolvency or reorganization, senior

## **Table of Contents**

debt securities holders' claims would fall under the broad equity power of a federal bankruptcy court, and to that court's determination of the nature of those holders' rights.

The senior indenture contains a provision entitling the senior trustee, acting under the required standard of care, to be indemnified by the holders of any outstanding senior debt securities series before proceeding to exercise any right or power under the senior indenture at the holders' request. (*Section 603*) The holders of a majority in principal amount of outstanding senior debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the senior trustee, or exercising any trust or other power conferred on the senior trustee, with respect to the senior debt securities of such series. The senior trustee, however, may decline to act if that direction is contrary to law or the senior indenture or would involve the senior trustee in personal liability. (*Section 512*)

Wachovia will file annually with the senior trustee a compliance certificate as to all conditions and covenants in the senior indenture. (*Section 1007*)

### ***The Subordinated Indenture***

Subordinated debt securities principal payment may be accelerated only upon an event of default. There is no acceleration right in the case of a default in the payment of interest or principal prior to the maturity date or a default in Wachovia performing any covenants in the subordinated indenture, unless a specific series of subordinated debt securities provide otherwise, which will be described in the relevant prospectus supplement.

The subordinated indenture defines an event of default as certain events involving Wachovia's bankruptcy, insolvency or reorganization and any other event of default provided for the subordinated debt securities of that series. (*Section 501*) The subordinated indenture defines a default to include:

any event of default;

a default in any principal or premium payment of any subordinated debt security of that series at maturity;

default in any interest payment when due and continued for 30 days;

a default in any required designation of funds as available funds; or

default in the performance, or breach, of Wachovia's covenants in the subordinated indenture or in the subordinated debt securities of that series and continued for 90 days after written notice to

Wachovia by the subordinated trustee; or

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

Wachovia and the subordinated trustee by the holders of not less than 25% in aggregate principal amount of the outstanding subordinated debt securities of that series. (*Section 503*)

If an event of default for subordinated debt securities of any series occurs and is continuing, either the subordinated trustee or the holders of not less than 25% in aggregate principal amount of the outstanding subordinated debt securities of that series may accelerate the maturity of all outstanding subordinated debt securities of such series. The holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of that series may waive an event of default resulting in acceleration of the subordinated debt securities of such series, but only if all events of default have been remedied and all payments due on the subordinated debt securities of that series (other than those due as a result of acceleration) have been made and certain other conditions have been met. (*Section 502*) Subject to subordinated indenture provisions relating to the subordinated trustee's duties, in case a default shall occur and be continuing, the subordinated trustee will be under no obligation to exercise any of its rights or powers under the subordinated indenture at the holders' request or direction, unless such holders shall have offered to the subordinated trustee reasonable indemnity. (*Section 603*) Subject to such indemnification provisions,

## **Table of Contents**

the holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of that series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the subordinated trustee or exercising any trust or power conferred on the subordinated trustee. (Section 512) The holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of that series may waive any past default under the subordinated indenture with respect to such series, except a default in principal or interest payment or a default of a subordinated indenture covenant which cannot be modified without the consent of each outstanding subordinated debt security holder of the series affected. (Section 513) In the event of Wachovia's bankruptcy, insolvency or reorganization, subordinated debt securities holders' claims would fall under the broad equity power of a federal bankruptcy court, and to that court's determination of the nature of those holders' rights.

Wachovia will file annually with the subordinated trustee a compliance certificate as to all conditions and covenants in the subordinated indenture. (Section 1007)

## **Modification and Waiver**

Each indenture may be modified and amended by Wachovia and the relevant trustee. Certain modifications and amendments require the consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series issued under that indenture and affected by the modification or amendment. No such modification or amendment may, without the consent of the holder of each outstanding debt security issued under such indenture and affected by it:

change the stated maturity of the principal, or any installment of principal or interest, on any outstanding debt security;

reduce any principal amount, premium or interest, on any outstanding debt security, including in the case of an original issue discount security the amount payable upon acceleration of the maturity of that debt security;

change the place of payment where, or the coin or currency or currency unit in which, any principal, premium or interest, on any outstanding debt security is payable;

impair the right to institute suit for the enforcement of any payment on or after the stated maturity, or in the case of redemption, on or after the redemption date;

reduce the above-stated percentage of outstanding debt securities necessary to modify or amend the applicable indenture; or

modify the above requirements or reduce the percentage of aggregate principal amount of outstanding debt securities of any series required to be held by holders seeking to waive compliance with certain provisions of the relevant indenture or seeking to waive certain defaults. (Section 902)

The holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series may on behalf of all outstanding debt securities holders of that series waive, insofar as that series is concerned, Wachovia's compliance with certain restrictive provisions of the relevant indenture. (Section 1008) The holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series may on behalf of all outstanding debt securities holders of that series waive any past default under the relevant indenture with respect to that series, except a default in the payment of the principal, or premium, if any, or interest on any outstanding debt security of that series or in respect of an indenture covenant which cannot be modified or amended without each outstanding debt security holder consenting. (Section 513)

Certain modifications and amendments of each indenture may be made by Wachovia and the relevant trustee without the outstanding debt securities holders consenting. (*Section 901*)

## **Table of Contents**

Each indenture provides that in determining whether the holders of the requisite principal amount of the outstanding debt securities have given any request, demand, authorization, direction, notice, consent or waiver under that indenture or are present at a meeting of holders of outstanding debt securities for quorum purposes:

the principal amount of an original issue discount security that shall be deemed to be outstanding shall be the amount of the principal that would be due and payable as of the date of such determination upon acceleration of its maturity; and

the principal amount of outstanding debt securities denominated in a foreign currency or currency unit shall be the U.S. dollar equivalent, determined on the date of original issuance of that outstanding debt security, of the principal amount of that outstanding debt security or, in the case of an original issue discount security, the U.S. dollar equivalent, determined on the date of original issuance of such outstanding debt security, of the amount determined as provided in the above bullet-point. (*Section 101*)

## **Consolidation, Merger and Sale of Assets**

The indentures each provide that Wachovia may not consolidate with or merge into any other corporation or transfer its properties and assets substantially as an entirety to any person unless:

the corporation formed by the consolidation or into which Wachovia is merged, or the person to which Wachovia's properties and assets are so transferred, shall be a corporation organized and existing under the laws of the U.S., any state or Washington, D.C. and shall expressly assume by supplemental indenture the payment of any principal, premium or interest on the debt securities, and the performance of Wachovia's other covenants under the relevant indenture;

immediately after giving effect to this transaction, no event of default or default, as applicable, and no event which, after notice or lapse of time or both, would become an event of default or default, as applicable, shall have occurred and be continuing; and

certain other conditions are met. (*Section 801*)

## **Limitation on Disposition of Wachovia Bank, National Association Stock**

The indentures each contain Wachovia's covenant that, so long as any of the debt securities issued under that indenture before August 1, 1990 are outstanding, but subject to Wachovia's rights in connection with its consolidation with or merger into another corporation or a sale of Wachovia's assets, it will not sell, assign, transfer, grant a security interest in or otherwise dispose of any shares of, securities convertible into, or options, warrants or rights to subscribe for or purchase shares of, Wachovia Bank, National Association voting stock, nor will it permit Wachovia Bank, National Association to issue any shares of, or securities convertible into, or options, warrants or rights to subscribe for or purchase shares of, Wachovia Bank, National Association voting stock, unless:

any such sale, assignment, transfer, issuance, grant of a security interest or other disposition is made for fair market value, as determined by Wachovia's board; and

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

Wachovia will own at least 80% of the issued and outstanding Wachovia Bank, National Association voting stock free and clear of any security interest after giving effect to such transaction. (*Section 1006*)

The above covenant is not a covenant for the benefit of any series of debt securities issued on or after August 1, 1990.

### **Restriction on Sale or Issuance of Voting Stock of Major Subsidiary Banks**

The indentures each contain Wachovia's covenant that it will not, and will not permit any subsidiary to, sell, assign, transfer, grant a security interest in, or otherwise dispose of, any shares of voting stock, or any

## **Table of Contents**

securities convertible into shares of voting stock, of any Major Subsidiary Bank (as defined below) or any subsidiary owning, directly or indirectly, any shares of voting stock of any Major Subsidiary Bank and that it will not permit any Major Subsidiary Bank or any subsidiary owning, directly or indirectly, any shares of voting stock of a Major Subsidiary Bank to issue any shares of its voting stock or any securities convertible into shares of its voting stock, except for sales, assignments, transfers or other dispositions which

are for the purpose of qualifying a person to serve as a director;

are for fair market value, as determined by Wachovia's board, and, after giving effect to such dispositions and to any potential dilution, Wachovia will own not less than 80% of the shares of voting stock of such Major Subsidiary Bank or any such subsidiary owning any shares of voting stock of such Major Subsidiary Bank;

are made

in compliance with court or regulatory authority order; or

in compliance with a condition imposed by any such court or authority permitting Wachovia's acquisition of any other bank or entity; or

in compliance with an undertaking made to such authority in connection with such an acquisition; provided, in the case of the two preceding bullet-points, the assets of the bank or entity being acquired and its consolidated subsidiaries equal or exceed 75% of the assets of such Major Subsidiary Bank or such subsidiary owning, directly or indirectly, any shares of voting stock of a Major Subsidiary Bank and its respective consolidated subsidiaries on the date of acquisition; or

to Wachovia or any wholly-owned subsidiary.

Despite the above requirements, any Major Subsidiary Bank may be merged into or consolidated with another banking institution organized under U.S. or state law, if after giving effect to that merger or consolidation Wachovia or any wholly-owned subsidiary owns at least 80% of the voting stock of the other banking institution free and clear of any security interest and if, immediately after the merger or consolidation, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, shall have happened and be continuing. (Section 1007) A Major Subsidiary Bank is defined in each indenture to mean any subsidiary which is a bank and has total assets equal to 25% or more of Wachovia's consolidated assets determined on the date of the most recent audited financial statements of these entities. At present, Wachovia's Major Subsidiary Bank is Wachovia Bank, National Association.

The above covenant is not a covenant for the benefit of any series of debt securities issued before August 1, 1990, or, in the case of subordinated debt securities, issued after November 15, 1992.

## **Notices, Definitive Debt Securities, Payments and Transfers**

Notices to be given to holders of a debt security in global form will be given only to the depositary, in accordance with its applicable policies as in effect from time to time. Notices to be given to holders of debt securities not in global form will be sent by mail to the respective addresses of the holders as they appear in the relevant trustee's records, and will be deemed given when mailed.

Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder, will affect the sufficiency of any notice given to another holder.

Book-entry and other indirect holders should consult their banks or brokers for information on how they will receive notices.

As provided in each indenture and subject to certain limitations, the debt securities are transferable, in whole or in part, upon surrender of the debt securities for registration of transfer at the corporate trust office of the relevant trustee in The City of New York.

## **Table of Contents**

### **Trustees**

Either or both of the trustees may resign or be removed with respect to one or more series of debt securities and a successor trustee may be appointed to act with respect to that series. (*Section 610*) In the event that two or more persons are acting as trustee with respect to different series of debt securities, each such trustee shall be a trustee of a trust under the relevant indenture separate and apart from the trust administered by any other such trustee (*Section 611*), and any action to be taken by the trustee may then be taken by each such trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee.

In the normal course of business, Wachovia and its subsidiaries conduct banking transactions with the trustees, and the trustees conduct banking transactions with Wachovia and its subsidiaries.

### **Title**

Wachovia, the trustees and any of their agents may treat the registered owner of any debt security as the absolute owner of that security, whether or not that debt security is overdue and despite any notice to the contrary, for any purpose. See Global Securities.

**DESCRIPTION OF WARRANTS**

*The following information outlines some of the provisions of each warrant agreement, the warrants and the warrant certificates. This information may not be complete in all respects and is qualified entirely by reference to the relevant warrant agreement with respect to the warrants of any particular series. The specific terms of any series of warrants will be described in the relevant prospectus supplement. If so described in a prospectus supplement, the terms of that series of warrants may differ from the general description of terms presented below.*

**General**

Wachovia may issue warrants for the purchase of its debt securities, preferred stock, Class A preferred stock, depositary shares or common stock. Warrants may be issued independently or together with debt securities, preferred stock, Class A preferred stock, depositary shares or common stock, and may be attached to or separate from those securities.

Each series of warrants will be evidenced by certificates issued under a separate warrant agreement to be entered into between Wachovia and a bank, as warrant agent, selected by Wachovia with respect to such series, having its principal office in the U.S. and having combined capital and surplus of at least \$50,000,000.

The relevant prospectus supplement relating to a series of warrants will mention the name and address of the warrant agent. The relevant prospectus supplement will describe the terms of the warrant agreement and the series of warrants in respect of which this prospectus is being delivered, including:

the offering price;

the currency for which such warrants may be purchased;

the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;

the date on which the warrants and the related securities will be separately transferable;

in the case of warrants to purchase debt securities, the principal amount of debt securities that can be purchased upon exercise of one warrant, and the price and currency for purchasing those debt securities upon exercise and, in the case of warrants to purchase preferred stock, Class A preferred stock, depositary shares or common stock, the number of depositary shares or shares of preferred stock, Class A preferred stock or common stock, as the case may be, that can be purchased upon the exercise of one warrant, and the price for purchasing such shares upon this exercise;

the dates on which the right to exercise the warrants will commence and expire and, if the warrants are not continuously exercisable, any dates on which the warrants are not exercisable;

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

certain federal income tax consequences of holding or exercising those warrants;

whether the warrants or related securities will be listed on any securities exchange;

the terms of the securities issuable upon exercise of those warrants;

whether the warrants will be issued in global or certificated form; and

any other terms of the warrants.

Warrant certificates may be exchanged for new warrant certificates of different denominations, may be presented for transfer registration, and may be exercised at the warrant agent's corporate trust office or any other office indicated in the relevant prospectus supplement. If the warrants are not separately transferable from the securities with which they were issued, this exchange may take place only if the certificates representing such related securities are also exchanged. Prior to warrant exercise, warrant holders will not

## **Table of Contents**

have any rights as holders of the securities purchasable upon such exercise, including, in the case of warrants to purchase debt securities, the right to receive principal, premium, if any, or interest payments, on the debt securities purchasable upon such exercise or to enforce covenants in the applicable indenture or, in the case of warrants to purchase preferred stock, Class A preferred stock, depositary shares or common stock, the right to receive any dividends, or payments upon Wachovia's liquidation, dissolution or winding up or to exercise any voting rights.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the warrants.

## **Exercise of Warrants**

Each warrant will entitle the holder to purchase the securities specified in the relevant prospectus supplement at the exercise price mentioned in, or calculated as described in, the relevant prospectus supplement. Unless otherwise specified in the relevant prospectus supplement, warrants may be exercised at any time up to 5:00 p.m., New York time, on the expiration date mentioned in that prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Warrants may be exercised by delivery of the warrant certificate representing the warrants to be exercised, or in the case of global securities, as described below under "Global Securities," by delivery of an exercise notice for those warrants, together with certain information, and payment to the warrant agent in immediately available funds, as provided in the relevant prospectus supplement, of the required purchase amount. The information required to be delivered will be on the reverse side of the warrant certificate and in the relevant prospectus supplement. Upon receipt of such payment and the warrant certificate or exercise notice properly executed at the warrant agent's corporate trust office or any other office indicated in the relevant prospectus supplement, Wachovia will, in the time period the relevant warrant agreement provides, issue and deliver the securities purchasable upon such exercise. If fewer than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants.

If mentioned in the relevant prospectus supplement, securities may be surrendered as all or part of the exercise price for warrants.

## **Antidilution Provisions**

In the case of warrants to purchase common stock, the exercise price payable and the number of common stock shares to be purchased upon warrant exercise may be adjusted in certain events, including:

the issuance of a stock dividend to common shareholders or a combination, subdivision or reclassification of common stock;

the issuance of rights, warrants or options to all common shareholders entitling them to purchase common stock for an aggregate consideration per share less than the current market price per common stock share;

any Wachovia distribution to its common shareholders of evidences of Wachovia's indebtedness or of assets, excluding cash dividends or distributions referred to above; and

any other events mentioned in the relevant prospectus supplement.

No adjustment in the number of shares purchasable upon warrant exercise will be required until cumulative adjustments require an adjustment of at least 1% of such number. No fractional shares will be issued upon warrant exercise, but Wachovia will pay the cash value of any fractional shares otherwise issuable.

## **Table of Contents**

### **Modification**

Wachovia and the relevant warrant agent may amend any warrant agreement and the terms of the related warrants by executing a supplemental warrant agreement, without any such warrant holder's consent, for the purpose of:

curing any ambiguity, any defective or inconsistent provision contained in the warrant agreement, or making any other corrections to the warrant agreement that are not inconsistent with the provisions of the warrant certificates;

evidencing the succession of another corporation to Wachovia and their assumption of Wachovia's covenants contained in the warrant agreement and the warrants;

appointing a successor depositary, if the warrants are issued in the form of global securities;

evidencing a successor warrant agent's acceptance of appointment with respect to the warrants;

adding to Wachovia's covenants for the warrant holders' benefit or surrendering any right or power conferred upon Wachovia under the warrant agreement;

issuing warrants in definitive form, if such warrants are initially issued in the form of global securities; or

amending the warrant agreement and the warrants as Wachovia deems necessary or desirable and that will not adversely affect the warrant holders' interests in any material respect.

Wachovia and the warrant agent may also amend any warrant agreement and the related warrants by a supplemental agreement with the consent of the holders of a majority of the unexercised warrants such amendment affects, for the purpose of adding, modifying or eliminating any of the warrant agreement's provisions or of modifying the holders' rights. However, no such amendment that:

changes the number or amount of securities purchasable upon warrant exercise so as to reduce the number of securities receivable upon this exercise;

shortens the time period during which the warrants may be exercised;

otherwise adversely affects the exercise rights of such warrant holders in any material respect; or

reduces the number of unexercised warrants the consent of holders of which is required for amending the warrant agreement or the related warrants

may be made without the consent of each holder affected by that amendment.

**Consolidation, Merger and Sale of Assets**

Each warrant agreement will provide that Wachovia may consolidate or merge with or into any other corporation or sell, lease, transfer or convey all or substantially all of its assets to any other corporation, provided that:

either Wachovia must be the continuing corporation, or the corporation other than Wachovia formed by or resulting from any consolidation or merger or that receives the assets must be organized and existing under U.S. or state law and must assume Wachovia's obligations for the unexercised warrants and the performance of all covenants and conditions of the relevant warrant agreement; and

Wachovia or that successor corporation must not immediately be in default under that warrant agreement.

## **Table of Contents**

### **Enforceability of Rights by Holders of Warrants**

Each warrant agent will act solely as Wachovia's agent under the relevant warrant agreement and will not assume any obligation or relationship of agency or trust for any warrant holder. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case Wachovia defaults in performing its obligations under the relevant warrant agreement or warrant, including any duty or responsibility to initiate any legal proceedings or to make any demand upon Wachovia. Any warrant holder may, without the warrant agent's consent or of any other warrant holder, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, that warrant.

### **Replacement of Warrant Certificates**

Wachovia will replace any destroyed, lost, stolen or mutilated warrant certificate upon delivery to Wachovia and the relevant warrant agent of evidence satisfactory to them of the ownership of that warrant certificate and of the destruction, loss, theft or mutilation of that warrant certificate, and (in the case of mutilation) surrender of that warrant certificate to the relevant warrant agent, unless Wachovia or the warrant agent has received notice that the warrant certificate has been acquired by a bona fide purchaser. That warrant holder will also be required to provide indemnity satisfactory to the relevant warrant agent and Wachovia before a replacement warrant certificate will be issued.

### **Title**

Wachovia, the warrant agents and any of their agents may treat the registered holder of any warrant certificate as the absolute owner of the warrants evidenced by that certificate for any purpose and as the person entitled to exercise the rights attaching to the warrants so requested, despite any notice to the contrary. See Global Securities.

**Table of Contents**

**ERISA CONSIDERATIONS**

This section is only relevant to you if you are an insurance company or the fiduciary of a pension plan or an employee benefit plan proposing to invest in the securities.

Wachovia and certain of its affiliates may each be considered a party in interest within the meaning of the U.S. Employee Retirement Income Security Act of 1974, as amended, which we call ERISA, or a disqualified person within the meaning of the U.S. Internal Revenue Code of 1986, as amended, with respect to many employee benefit plans. Prohibited transactions within the meaning of ERISA or the Internal Revenue Code may arise, for example, if the debt securities or warrants are acquired by or with the assets of a pension or other employee benefit plan for which Wachovia or any of its affiliates is a service provider, unless those securities are acquired under an exemption for transactions effected on behalf of that plan by a qualified professional asset manager or an in-house asset manager or under any other available exemption. The assets of a pension or other employee benefit plan may include assets held in the general account of an insurance company that are deemed to be plan assets under ERISA.

If you are an insurance company or the fiduciary of a pension plan or an employee benefit plan and propose to invest in the securities described in this prospectus or the applicable prospectus supplement, you should consult your legal counsel.

**Table of Contents**

**GLOBAL SECURITIES**

Unless otherwise mentioned in the relevant prospectus supplement, we will issue each debt security offered in this prospectus in book-entry form only. We may issue other securities offered in this prospectus in book-entry form only and will so indicate in the applicable prospectus supplement. Each security issued in book-entry form will be represented by a global certificate that we deposit with and register in the name of one or more financial institutions or clearing systems, or their nominees, which we select. A financial institution or clearing system that we select for this purpose is called the depository for that security. A security will usually have only one depository but it may have more.

Each of the securities in book-entry form will have one or more of the following as the depositories:

The Depository Trust Company, New York, New York, which is known as DTC;

JPMorgan Chase Bank National Association holding the notes on behalf of Euroclear Bank S.A./N.V., as operator of the Euroclear system, which is known as Euroclear;

Citibank, N.A. holding the notes on behalf of Clearstream Banking, société anonyme, Luxembourg, which is known as Clearstream; and

any other clearing system or financial institution named in the applicable prospectus supplement.

The depositories named above may also be participants in one another's system. Thus, for example, if DTC is the depository for a global certificate, investors may hold beneficial interests in that security through Euroclear or Clearstream, as DTC participants. The depository or depositories for your securities will be named in your prospectus supplement; if none is named, the depository will be DTC.

A global security may not be transferred to or registered in the name of anyone other than the depository or its nominee, unless special termination situations arise. We describe those situations below under Holder's Option to Obtain a Non-Global Certificate; Special Situations When a Global Security Will Be Terminated. As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all securities represented by a global certificate, and investors will be permitted to own only indirect interests in a global security. Indirect interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global certificate will not be a holder of the security, but only an indirect owner of an interest in the global security.

If the prospectus supplement for a particular security indicates that the certificate will be issued in global form only, then the security will be represented by a global certificate at all times unless and until the global security is terminated. We describe the situations in which this can occur below under Holder's Option to Obtain a Non-Global Certificate; Special Situations When a Global Security Will Be Terminated. If termination occurs, we may issue the securities through another book-entry clearing system or decide that the securities may no longer be held through any book-entry clearing system.

DTC has informed Wachovia that it is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that DTC participants deposit with DTC. DTC also facilitates the settlement among DTC participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in DTC participants' accounts, thereby eliminating the need for physical movement of certificates. DTC participants include securities brokers and dealers, banks, trust companies and clearing corporations, and may include other organizations. DTC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, LLC and the Financial

Industry Regulatory Authority, Inc. Indirect access to the DTC system also is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and DTC participants are on file with the Commission.

### **Special Considerations for Global Notes**

As an indirect owner, an investor's rights relating to a global security will be governed by the account rules of the depositary and those of the investor's financial institution or other intermediary through which it holds its interest (e.g., Euroclear or Clearstream, if DTC is the depositary), as well as general laws relating to transfers of securities. We do not recognize this type of investor or any intermediary as a holder of securities and instead deal only with the depositary that holds the global security.

If securities are issued only in the form of a global certificate, an investor should be aware of the following:

An investor cannot cause the securities to be registered in his or her own name, and cannot obtain non-global certificates for his or her interest in the securities, except in the special situations we describe below;

An investor will be an indirect holder and must look to his or her own bank or broker for payments on the securities and protection of his or her legal rights relating to the security;

An investor may not be able to sell interests in the securities to some insurance companies and other institutions that are required by law to own their securities in non-book-entry form;

An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;

The depositary's policies will govern payments, deliveries, transfers, exchanges, notices and other matters relating to an investor's interest in a global security, and those policies may change from time to time. We and the relevant trustee under our indentures, warrant agent, or the depositary of our depositary shares, as applicable, will have no responsibility for any aspect of the depositary's policies, actions or records or ownership interests in a global security. We and those trustees and agents also do not supervise the depositary in any way;

The depositary will require that those who purchase and sell interests in a global security within its book-entry system use immediately available funds and your broker or bank may require you to do so as well; and

Financial institutions that participate in the depositary's book-entry system and through which an investor holds its interest in the global securities, directly or indirectly, may also have their own policies affecting payments, deliveries, transfers, exchanges, notices and other matters relating to the securities, and those policies may change from time to time. For example, if you hold an interest in a global security through Euroclear or Clearstream, when DTC is the depositary, Euroclear or Clearstream, as applicable, will require those who purchase and sell interests in that security through them to use immediately available funds and comply with other policies and procedures, including deadlines for giving instructions as to transactions that are to be effected on a particular day. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the policies or actions or records of ownership interests of any of those intermediaries.

## **Table of Contents**

### **Holder's Option to Obtain a Non-Global Certificate; Special Situations When a Global Security Will Be Terminated**

If we issue any securities in book-entry form but we choose to give the beneficial owners of those securities the right to obtain non-global certificates, any beneficial owner entitled to obtain non-global certificates may do so by following the applicable procedures of the depositary for those securities and that owner's bank, broker or other financial institution through which that owner holds its beneficial interest in the securities. If you are entitled to request a non-global certificate and wish to do so, you will need to allow sufficient lead time to enable us or our agent to prepare the requested certificate.

In addition, in a few special situations described below, a global security will be terminated and interests in it will be exchanged for certificates in non-global form representing the securities it represented. After that exchange, the choice of whether to hold the securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in a global security transferred on termination to their own names, so that they will be holders.

Unless otherwise mentioned in the relevant prospectus supplement, the special situations for termination of a global security are as follows:

if the depositary notifies Wachovia that it is unwilling, unable or no longer qualified to continue as depositary for that global security;

if Wachovia executes and delivers to the relevant trustee under our indentures, warrant agent, or depositary of our depositary shares an order complying with the requirements of the relevant indenture, warrant agreement or deposit agreement that the applicable global security shall be so exchangeable; or

if there has occurred and is continuing a default in the payment of any amount due in respect of the securities or an event of default or an event that, with the giving of notice or lapse of time, or both, would constitute an event of default with respect to these securities.

If a global security is terminated, only the depositary, and not we or the relevant trustee or agent, is responsible for deciding the names of the institutions in whose names the securities represented by the global security will be registered and, therefore, who will be the holders of those securities.

### **Considerations Relating to Clearstream and Euroclear**

Clearstream and Euroclear are securities clearance systems in Europe. Clearstream and Euroclear have respectively informed Wachovia that Clearstream and Euroclear each hold securities for their customers and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Clearstream and Euroclear provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream and Euroclear also deal with domestic securities markets in several countries through established depositary and custodial relationships. Clearstream and Euroclear have established an electronic bridge between their two systems across which their respective participants may settle trades with each other. Clearstream and Euroclear customers are world-wide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Clearstream and Euroclear is available to other institutions which clear through or maintain a custodial relationship with an account holder of either system.

## Edgar Filing: WACHOVIA CORP NEW - Form 424B5

Euroclear and Clearstream may be depositaries for a global security. In addition, if DTC is the depositary for a global security, Euroclear and Clearstream may hold interests in the global security as participants in DTC.

## **Table of Contents**

As long as any global security is held by Euroclear or Clearstream, as depositary, you may hold an interest in the global security only through an organization that participates, directly or indirectly, in Euroclear or Clearstream. If Euroclear or Clearstream is the depositary for a global security and there is no depositary in the United States, you will not be able to hold interests in that global security through any securities clearance system in the United States.

Payments, deliveries, transfers, exchanges, notices and other matters relating to the securities made through Euroclear or Clearstream must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. We have no control over those systems or their participants and we take no responsibility for their activities. Transactions between participants in Euroclear or Clearstream, on one hand, and participants in DTC, on the other hand, when DTC is the depositary, would also be subject to DTC's rules and procedures.

## **Special Timing Considerations for Transactions in Euroclear and Clearstream**

Investors will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, U.S. investors who hold their interests in the securities through these systems and wish to transfer their interests, or to receive or make a payment or delivery or exercise any other right with respect to their interests, on a particular day may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, investors who wish to exercise rights that expire on a particular day may need to act before the expiration date. In addition, investors who hold their interests through both DTC and Euroclear or Clearstream may need to make special arrangements to finance any purchases or sales of their interest between the U.S. and European clearing systems, and those transactions may settle later than would be the case for transactions within one clearing system.

**PLAN OF DISTRIBUTION**

Wachovia may sell securities to or through underwriters, including Wachovia Capital Markets, LLC, an affiliate of Wachovia, to be designated at various times, and also may sell securities directly to other purchasers or through agents. Wachovia conducts its investment banking, institutional and capital markets businesses through its various bank, broker-dealer and non-bank subsidiaries, including Wachovia Capital Markets, LLC, under the trade name Wachovia Securities. Unless otherwise stated, any reference to Wachovia Securities herein shall mean Wachovia Capital Markets, LLC, and shall not include Wachovia Securities, LLC, member FINRA/SIPC, a separate broker-dealer subsidiary of Wachovia. The distribution of securities may be effected at various times in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

The debt securities, preferred stock, Class A preferred stock, depositary shares and warrants will be new issues of securities with no established trading market. It has not presently been established whether the underwriters, if any, of these securities will make a market in these securities. If a market in these securities is made by those underwriters, this market making may be discontinued at any time without notice. No assurance can be given as to the liquidity of the trading market for these securities.

This prospectus and the related prospectus supplements may be used by Wachovia Capital Markets, LLC for offers and sales related to market-making transactions in the securities. Wachovia Securities may act as principal or agent in these transactions. These sales will be made at prices related to prevailing market prices at the time of sale or otherwise.

In facilitating the sale of securities, underwriters may receive compensation from Wachovia or from purchasers of securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and these dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of securities may be considered underwriters, and any discounts or commissions received by them from Wachovia and any profit on the resale of securities by them may be considered underwriting discounts and commissions under the Securities Act. Any such underwriter or agent will be identified, and any such compensation received from Wachovia will be described, in the prospectus supplement relating to those securities.

The prospectus supplement will also describe other terms of the offering, including the initial public offering price, any discounts or concessions allowed or reallocated or paid to dealers and any securities exchanges on which the offered securities may be listed.

Unless otherwise mentioned in the relevant prospectus supplement, the obligations of any underwriters to purchase the securities will be subject to certain conditions precedent, and each of the underwriters with respect to a sale of securities will be obligated to purchase all of its securities if any are purchased. Unless otherwise mentioned in the relevant prospectus supplement, any such agent involved in the offer and sale of the securities in respect of which this prospectus is being delivered will be acting on a best efforts basis for the period of its appointment.

In connection with an offering of securities, underwriters may purchase and sell these securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover short positions created by underwriters with respect to the offering. Stabilizing transactions consist of certain bids or purchases for preventing or retarding a decline in the market price of the securities; and short positions created by underwriters involve the sale by underwriters of a greater number of securities than they are required to purchase from Wachovia in the offering. Underwriters also may impose a penalty bid, by

which selling concessions allowed to broker-dealers in respect of the securities sold in the offering may be reclaimed by underwriters if such securities are repurchased by underwriters in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might otherwise prevail in the open market; and these activities, if commenced, may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise.

Under agreements which Wachovia may enter into, underwriters, dealers, agents and their controlling persons who participate in the distribution of securities may be entitled to indemnification by Wachovia against certain liabilities, including liabilities under the Securities Act.

If so noted in the prospectus supplement relating to any securities, Wachovia will authorize dealers or other persons acting as Wachovia's agents to solicit offers by certain institutions to purchase any securities from Wachovia under contracts providing for payment and delivery on a future date. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. Wachovia must approve such institutions in all cases. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of any securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts.

The participation of Wachovia Securities in the offer and sale of the securities must comply with the requirements of Rule 2720 of the Financial Industry Regulatory Authority, Inc., or FINRA, regarding underwriting securities of an affiliate. No FINRA member participating in offers and sales will execute a transaction in the securities in a discretionary account without the prior specific written approval of such member's customer.

If Wachovia offers and sells securities directly to a purchaser or purchasers in respect of which this prospectus is delivered, purchasers involved in the reoffer or resale of such securities, if these purchasers may be considered underwriters as that term is defined in the Securities Act, will be named and the terms of their reoffers or resales will be mentioned in the relevant prospectus supplement. These purchasers may then reoffer and resell such securities to the public or otherwise at varying prices to be determined by such purchasers at the time of resale or as otherwise described in the relevant prospectus supplement. Purchasers of securities directly from Wachovia may be entitled under agreements that they may enter into with Wachovia to indemnification by Wachovia against certain liabilities, including liabilities under the Securities Act, and may engage in transactions with or perform services for Wachovia in the ordinary course of their business or otherwise.

Underwriters or agents and their associates may be customers of (including borrowers from), engage in transactions with, and/or perform services for, Wachovia, the senior trustee and the subordinated trustee, in the ordinary course of business.

Each of the underwriters has represented and agreed that:

it has not made or will not make an offer of the securities to the public in the United Kingdom within the meaning of section 102B of the Financial Services and Markets Act 2000 (as amended) (FSMA) except to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities or otherwise in circumstances which do not require the publication by Wachovia of a prospectus pursuant to the Prospectus Rules of the Financial Services Authority (FSA);

in any other circumstances which do not require the publication by the issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of the securities to the public in relation to the securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the securities to be offered so as to enable an investor to decide to purchase or subscribe the securities, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

The securities may not be offered or sold by means of any document other than to persons whose ordinary business is to buy or sell shares or debentures, whether as principal or agent, or in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32) of Hong Kong, and no advertisement, invitation or document relating to the securities may be issued, whether in Hong Kong or elsewhere that is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to securities that are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made thereunder.
