ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or the SEC, utilizing a shelf registration process. Under this shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should carefully read both this prospectus and any applicable prospectus supplement together with additional information described under the heading **Where You Can Find More Information** before deciding to invest in any of the securities being offered.

We have filed or incorporated by reference exhibits to the registration statement of which this prospectus forms a part. You should read the exhibits carefully for provisions that may be important to you.

MSCI INC.

We are a leading global provider of investment decision support tools, including indices and portfolio risk and performance analytics for use by institutions in managing equity, fixed income and multi-asset class portfolios. Our flagship products are our international equity indices marketed under the MSCI brand and our equity portfolio analytics marketed under the Barra brand. Our products are used in many areas of the investment process, including portfolio construction and optimization, performance benchmarking and attribution, risk management and analysis, index-linked investment product creation, asset allocation, investment manager selection and investment research.

Our clients include asset owners such as pension funds, endowments, foundations, central banks and insurance companies; institutional and retail asset managers, such as managers of pension assets, mutual funds, exchange traded funds (ETFs), hedge funds and private wealth; and financial intermediaries such as broker-dealers, exchanges, custodians and investment consultants. As of February 28, 2009, we had approximately 3,100 clients across 61 countries. We had 21 offices in 15 countries to help serve our diverse client base, with approximately 51% of our revenue from clients in the Americas, 32% in Europe, the Middle East and Africa (EMEA), 10% in Japan and 7% in Asia-Pacific (not including Japan), based on revenues for the three months ended February 28, 2009.

Our principal sales model is to license annual, recurring subscriptions to our products for use at specified locations by a given number of users for an annual fee paid up front. The substantial majority of our revenues comes from these annual, recurring subscriptions. Over time, as their needs evolve, our clients often add product modules, users and locations to their subscriptions, which results in an increase in our revenues per client. Additionally, a significant source of our revenues comes from clients who use our indices as the basis for index-linked investment products such as ETFs. These clients commonly pay us a license fee based on the investment product's assets. We also generate a limited amount of our revenues from certain exchanges that use our indices as the basis for futures and options contracts and pay us a license fee based on their volume of trades.

Our principal executive offices are located at Wall Street Plaza, 88 Pine Street, New York, New York 10005 and our telephone number is (212) 804-3900. Our website address is www.msicbarra.com. Our website and the information contained therein or connected thereto shall not be deemed to be incorporated into this prospectus or the registration statement of which they form a part.

Table of Contents**USE OF PROCEEDS**

Unless otherwise indicated in a prospectus supplement, the net proceeds from the sale of the securities will be used for general corporate purposes, including working capital, acquisitions, retirement of debt and other business opportunities. In the case of a sale by a selling securityholder, we will not receive any of the proceeds from such sale.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated.

Period ended	Three Months Ended		For the Year Ended November 30,			
	February 28,	2008	2007	2006	2005	2004
Ratio of earnings to fixed charges	5.68	5.07	14.90	283.58	44.40	50.07

The ratios of earnings to fixed charges were calculated by dividing earnings by fixed charges. Earnings were calculated by adding (1) income from continuing operations before income taxes and (2) interest expense (including amortization of any debt fees and any debt discount). Fixed charges were calculated by adding interest expense and the amortization of any debt fees and any debt discount.

DESCRIPTION OF MSCI CAPITAL STOCK

The following summary of the terms of the capital stock of MSCI is not meant to be complete and is qualified by reference to the relevant provisions of the General Corporation Law of the State of Delaware (the "DGCL") and the MSCI amended and restated certificate of incorporation and by-laws. Copies of the MSCI amended and restated certificate of incorporation and by-laws are incorporated herein by reference and will be sent to you at no charge upon request. See "Where you can find more information" below.

General

Our authorized capital stock consists of 850,000,000 shares of stock, of which: (i) 500,000,000 shares are designated as class A common stock, par value \$0.01 per share; (ii) 250,000,000 shares are designated as class B common stock, par value \$0.01 per share and (iii) 100,000,000 shares are designated as preferred stock, par value \$0.01 per share. As of April 30, 2009, there were 72,391,427 shares of class A common stock outstanding and 27,708,653.79 shares of class B common stock outstanding. Each of the class A common stock and class B common stock constitutes a series of common stock under the DGCL. A description of the material terms and provisions of our amended and restated certificate of incorporation affecting the relative rights of the class A common stock, the class B common stock and any preferred stock is set forth below.

Common Stock

Voting Rights

Except as provided by statute or resolution of our board of directors in connection with the issuance of preferred stock in accordance with our amended and restated certificate of incorporation, holders of the common stock have the sole right and power to vote on all matters on which a vote of shareholders is to be taken. The holders of class A common stock and class B common stock generally have identical rights, except that holders of class A common stock are entitled to one vote per share while holders of class B common stock are generally entitled to five votes per share on matters to be voted on by shareholders, with certain exceptions as provided by our amended and restated certificate of incorporation. For example, for purposes of approving a merger or consolidation, a sale of all or substantially all of our assets or a dissolution, each share of both class A common stock and class B common stock will have one vote only. Generally, the holders of a majority of the voting power of all classes of voting stock, in person or by proxy, shall constitute a quorum at a meeting of shareholders. Except when amending or altering any provision of our amended and restated certificate of incorporation or by-laws so as to adversely affect the rights of one class or as otherwise required by Delaware law, matters to be voted on by shareholders must be approved by a majority of all votes cast on the matter by the holders of class A common stock and class B common stock voting as a single class at a meeting at which a quorum is present, subject to any voting rights granted to holders of any outstanding shares of preferred stock.

Dividends

We do not intend to pay any dividends on our common stock in the foreseeable future and intend to retain all available funds for use in the operation and expansion of our business, including growth through acquisitions. Subject to preferences that may be applicable to any outstanding preferred stock, the holders of common stock are entitled to receive ratably any dividends declared from time to time by the board of directors out of funds legally available therefor. In addition, our Credit Facility contains restrictions on the payment of dividends. See "Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources" in our most recent

Conversion

Each share of class B common stock is convertible at the option of the holder into one share of class A common stock at any time prior to a tax-free distribution of the shares held by Morgan Stanley to its shareholders or securityholders (including a distribution in exchange for Morgan Stanley shares or securities) or another similar transaction intended to qualify as a tax-free distribution under Section 355 of the Internal Revenue Code of 1986, as amended, or any corresponding provision of any successor statute (a Tax-Free Spin-Off). In addition, prior to any Tax-Free Spin-Off, any share of class B common stock transferred to a person other than Morgan Stanley, Capital Group International, Inc. or their respective subsidiaries or affiliates, and any other transfer of such shares will result in the automatic conversion of those shares into shares of class A common stock without any action by the transferor or transferee.

Following any distribution of class B common stock to shareholders or securityholders of Morgan Stanley in a Tax-Free Spin-Off, shares of class B common stock will no longer be convertible into shares of class A common stock. Shares of class B common stock transferred to shareholders or securityholders of Morgan Stanley in a Tax-Free Spin-Off will not be converted into shares of class A common stock and, following a Tax-Free Spin-Off, shares of class B common stock will be transferable as class B common stock, subject to applicable laws.

Other Rights

In the event of any reorganization of us or a merger or share exchange of us with another corporation in which shares of our common stock are converted into or exchangeable for shares of stock, other securities or property, including cash, all holders of our common stock, regardless of class, will be entitled to receive with respect to each share held the same kind and amount of shares of stock and other securities and property, including cash.

In the event of liquidation, dissolution or winding up of us, the holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding. There are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of common stock are fully paid and non-assessable, and any shares of class A common stock that we may issue in the future will be, validly issued, fully paid and non-assessable.

Preferred Stock

The board of directors has the authority to issue 100,000,000 shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, dividend dates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series or the designation of such series, without further vote or action by the shareholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of us without further action by the shareholders and may adversely affect the voting and other rights of the holders of common stock. At present, we have no plans to issue any preferred stock.

Certain Amended and Restated Certificate of Incorporation and By-Law Provisions

Opt-Out of Section 203 of the DGCL

We have expressly elected not to be governed by the business combination provisions of Section 203 of the DGCL until such time as Morgan Stanley and its affiliates, in the aggregate, own less than 50% of the aggregate voting power of our outstanding voting stock, after which we will be governed by those provisions. Section 203 prohibits a person who acquires more than 15% but less than 85% of all classes of our outstanding voting stock without the approval of our board of directors from merging or combining with us for a period of

Table of Contents

three years, unless the merger or combination is approved by a two-thirds vote of the shares not owned by such person. These provisions would apply even if the proposed merger or acquisition could be considered beneficial by some shareholders.

Requirements for Advance Notification of Shareholder Nominations and Proposals

Our amended and restated by-laws establish advance notice procedures with respect to shareholder proposals and nomination of candidates for election as directors.

Limits on Written Consents

Prior to a transaction or series of transactions which results in Morgan Stanley and its affiliates, in the aggregate, owning less than 50% of the aggregate voting power of our outstanding voting stock, the shareholders may amend our amended and restated certificate of incorporation in any manner as permitted by the DGCL.

Following Morgan Stanley and its affiliates, in the aggregate, owning less than 50% of the aggregate voting power of our outstanding voting stock, any action required or permitted to be taken by the shareholders must be effected at a duly called annual or special meeting of shareholders and may not be effected by any consent in writing in lieu of a meeting of such shareholders, subject to the rights of the holders of any series of preferred stock.

Limits on Special Meetings

Special meetings of the shareholders may be called at any time only by the secretary at the direction of the board of directors pursuant to a resolution adopted by the board of directors.

Corporate Opportunities

Our amended and restated certificate of incorporation provides that we renounce any interest in the business opportunities of Morgan Stanley and of our directors who are affiliated with Morgan Stanley, other than directors employed by us, and that neither our directors affiliated with Morgan Stanley, other than directors employed by us, nor Morgan Stanley have any obligation to offer us those opportunities. Morgan Stanley and any of our directors who are affiliated with it other than directors employed by us may, in the past, present or future, carry out and engage in any and all activities associated with any business, including, without limitation, principal investments and underwriting (including investments in and underwriting of, securities of entities directly or indirectly involved in any aspect of the financial services industry, including, without limitation, our direct competitors), trading, brokerage, agency, financing, derivatives, foreign exchange and asset management activities. Morgan Stanley and any of our directors affiliated with Morgan Stanley, other than directors employed by us, may (i) purchase and hold long or short positions, otherwise make investments, trade or otherwise effect transactions, for their own account or the account of their clients, in the debt or equity securities or loans of entities that may directly or indirectly compete with any or all of our business; and (ii) provide financial advice to our direct and indirect competitors.

Amendments to our Governing Documents

Generally, the amendment of our amended and restated certificate of incorporation requires approval by our board of directors and a majority vote of shareholders. Any amendment to our by-laws requires the approval of either a majority of our board of directors or holders of at least 80% of the votes entitled to be cast by the outstanding capital stock in the election of our board of directors.

DESCRIPTION OF DEBT SECURITIES

The debt securities will be our direct unsecured general obligations. The debt securities will be either senior debt securities or subordinated debt securities. The debt securities that are sold may be exchangeable for and/or convertible into class A common stock or any of the other securities that may be sold under this prospectus. The debt securities will be issued under one or more separate indentures between us and a designated trustee. Senior debt securities will be issued under a senior indenture. Subordinated debt securities will be issued under a subordinated indenture. Each of the senior indenture and the subordinated indenture is referred to as an indenture. The material terms of any indenture will be set forth in the applicable prospectus supplement.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt securities or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts for the purchase or sale of:

debt securities issued by us or securities of third parties, a basket of such securities, an index or indices of such securities or any combination of the above as specified in the applicable prospectus supplement;

currencies; or

commodities.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

Edgar Filing: MSCI Inc. - Form S-3ASR

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under the Indenture.

Table of Contents

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of one or more purchase contracts, warrants, debt securities or any combination of such securities.

Table of Contents

FORMS OF SECURITIES

Each debt security, warrant and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the owner of the debt securities, warrants or units represented by these global securities. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Registered global securities

We may issue the registered debt securities, warrants and units in the form of one or more fully registered global securities that will be deposited with a depositary or its nominee identified in the applicable prospectus supplement and registered in the name of that depositary or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement or unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement or unit agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement or unit agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security

Table of Contents

desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant agreement or unit agreement, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants or units, represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of MSCI, the trustees, the warrant agents, the unit agents or any other agent of MSCI, agent of the trustees or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers or registered in street name, and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, and a successor depositary registered as a clearing agency under the Securities Exchange Act of 1934 is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depositary gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depositary's instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary.

PLAN OF DISTRIBUTION

MSCI and/or the selling securityholders, if applicable, may sell the securities in one or more of the following ways (or in any combination) from time to time:

any initial public offering price;

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchanges on which the securities may be listed.

Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If we and/or the selling securityholders, if applicable, use underwriters in the sale, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including:

negotiated transactions;

at a fixed public offering price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to prevailing market prices; or

at negotiated prices.

Unless otherwise stated in a prospectus supplement, the obligations of the underwriters to purchase any securities will be conditioned on customary closing conditions and the underwriters will be obligated to purchase all of such series of securities, if any are purchased.

We and/or the selling securityholders, if applicable, may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of the securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

We and/or the selling securityholders, if applicable, may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from MSCI at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Underwriters and agents may be entitled under agreements entered into with MSCI to indemnification by MSCI against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the underwriters or agents may be required to make. Underwriters and agents may be customers of, engage in transactions with, or perform services for MSCI and its affiliates in the ordinary

course of business.

Each series of securities will be a new issue of securities and will have no established trading market other than the class A common stock, which is listed on the New York Stock Exchange. Any underwriters to whom securities are sold for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The securities may or may not be listed on a national securities exchange.

INFORMATION CONCERNING FORWARD-LOOKING STATEMENTS

This prospectus and MSCI's financial statements and other documents incorporated by reference in this prospectus contain forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. In some cases you can identify these statements by forward-looking words such as may, might, should, anticipates, expects, intends, plans, seeks, estimates, continues, believes and similar expressions, although some forward-looking statements are expressed differently. Statements concerning our financial position, business strategy and plans or objectives for future operations are forward-looking statements. These forward-looking statements are not historical facts and represent only MSCI's beliefs regarding future events, many of which, by their nature, are inherently uncertain and beyond our control. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and assumptions that are difficult to predict and may cause actual results to differ materially from the forward-looking statements and from management's current expectations. Such risks and uncertainties include those set forth under Risk Factors in Part I, Item 1A of our Annual Report on Form 10-K. The forward-looking statements in our Annual Report speak only as of the time they are made and do not necessarily reflect our outlook at any other point in time. We undertake no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or for any other reason. However, readers should carefully review the risk factors set forth in other reports or documents we file from time to time with the Securities and Exchange Commission (the SEC).

VALIDITY OF THE SECURITIES

The validity of the securities in respect of which this prospectus is being delivered will be passed on for us by Davis Polk & Wardwell, New York, New York.

EXPERTS

The consolidated financial statements incorporated in this prospectus by reference from the Company's Annual Report on Form 10-K, and the effectiveness of MSCI Inc.'s internal control over financial reporting have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their reports (which report on the consolidated financial statements expresses an unqualified opinion and includes an explanatory paragraph on the adoption of Statement of Financial Accounting Standards, No. 158, Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans, an amendment of FASB Statements No. 87, 88, 106, and 132(R)), which are incorporated herein by reference. Such consolidated financial statements have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

With respect to the unaudited interim financial information for the periods ended February 28, 2009 and February 29, 2008 which is incorporated herein by reference, Deloitte & Touche LLP, an independent registered public accounting firm, have applied limited procedures in accordance with the standards of the Public Company Accounting Oversight Board (United States) for a review of such information. However, as stated in their report included in the Company's Quarterly Reports on Form 10-Q for the quarter ended February 28, 2009 and incorporated by reference herein, they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. Deloitte & Touche LLP are not subject to the liability provisions of Section 11 of the Securities Act of 1933 for their report on the unaudited interim financial information because the report is not a report or a part of the Registration Statement prepared or certified by an accountant within the meaning of Sections 7 and 11 of the Act.

Item 15. Indemnification of directors and officers

Section 145 of the Delaware General Corporation Law provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed actions, suits or proceedings in which such person is made a party by reason of such person being or having been a director, officer, employee or agent to the Registrant. The Delaware General Corporation Law provides that Section 145 is not exclusive of other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of shareholders or disinterested directors or otherwise. Section 6.07 of the Registrant's amended and restated by-laws provides for indemnification by the Registrant of its directors, officers and employees to the fullest extent permitted by the Delaware General Corporation Law.

Section 102(b)(7) of the Delaware General Corporation Law permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its shareholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the corporation or its shareholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions, or (iv) for any transaction from which the director derived an improper personal benefit. The Registrant's amended and restated certificate of incorporation provides for such limitation of liability.

The Registrant maintains standard policies of insurance under which coverage is provided to its directors and officers against loss arising from claims made by reason of breach of duty or other wrongful act.

The proposed form of Underwriting Agreement filed as Exhibit 1.1 to this Registration Statement provides for indemnification of directors and officers of the Registrant by the underwriters against certain liabilities.

II-2

Table of Contents

- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

 - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; *provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (d) The undersigned registrant hereby undertakes:
- (1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
 - (2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
