SandRidge Energy, Inc. to Sell Preferred and Common Stock

OKLAHOMA CITY, Nov. 30 /PRNewswire-FirstCall/ SandRidge Energy, Inc. (NYSE: SD) today announced that it is selling shares of its preferred and common stock in connection with the planned acquisition of oil and gas properties in the Permian Basin from Forest Oil Corporation (Forest Acquisition).

New Convertible Perpetual Preferred Stock

The company has entered into an agreement to issue and sell 2,000,000 shares of its 6.0% convertible perpetual preferred stock to an institutional investor for an aggregate purchase price of \$200 million. The issuance and sale of the convertible preferred stock is expected to close at the same time as the Forest Acquisition. Each share of convertible preferred stock will be convertible at any time on or after February 1, 2010 at the option of the holder into a number of shares of the company's common stock equal to the liquidation preference of \$100 divided by the conversion price, which is initially \$10.856 per share, subject to adjustments in certain circumstances. Based on the initial conversion price, approximately 18,422,992 shares of common stock would be issuable upon conversion of all of the shares of convertible preferred stock. Five years after their issuance, all outstanding shares of the convertible preferred stock will be converted automatically into common stock at the then-prevailing conversion price. The issuance and sale of the convertible preferred stock will not be registered under the Securities Act of 1933 and will be effected pursuant to an exemption from such registration requirements.

Common Stock Offering

The company also announced today a registered underwritten public offering of 22,000,000 shares of its common stock. In addition, Tom L. Ward, the company's Chairman, Chief Executive Officer and President, is offering 2,000,000 shares of common stock. The company also intends to grant the underwriters a 30-day option to purchase up to 3,600,000 additional shares of common stock. Net proceeds to the company from the offering will be used to fund the purchase price for the Forest Acquisition, but if the Forest Acquisition is not consummated, the net proceeds are expected to be used for general corporate purposes, including exploration, development and other capital expenditures. The company will not receive any of the proceeds from the shares of its common stock sold by Mr. Ward.

Barclays Capital, BofA Merrill Lynch and RBC Capital Markets are acting as joint book-running managers of the offering.
