Item 1.01 Entry into a Material Definitive Agreement.

On June 1, 2010, AMHN, Inc., a Utah corporation ("AMHN"), entered into an Agreement and Plan of Reorganization (the "Acquisition Agreement") with Spectrum Acquisition Corp., a newly formed Delaware corporation and wholly owned subsidiary of AMHN ("Merger Sub"), Spectrum Health Network, Inc., a Delaware corporation ("Spectrum") and the sole shareholder of Spectrum (the "Sole Shareholder"). The terms of the Acquisition Agreement provide for (i) the transfer of 100% of the issued and outstanding shares of common stock of Spectrum to AMHN in exchange for the issuance to the shareholder of Spectrum of an aggregate of 500,000 shares of common stock of AMHN (the "AMHN Common Stock") at a conversion ratio where one share of Spectrum is converted into 500 shares of AMHN; (ii) AMHN's assumption of all the assets and liabilities of Spectrum; (iii) the officers and directors of Spectrum to retain their respective positions in the Merger Sub; and (iv) Spectrum to become a wholly owned subsidiary of AMHN. A full description of the terms of the Acquisition Agreement (the "Transaction") is set forth in our discussion of the Transaction in Item 2.01 below, and as outlined in the Acquisition Agreement filed herewith as Exhibit 10.01 to this Report on Form 8-K, which is incorporated herein by reference.

Item 2.01 Completion of Acquisition or Disposition of Assets.

Agreement and Plan of Reorganization with Spectrum Health Network, Inc.

On June 11, 2010, the Closing Date of the Transaction pursuant to the terms and conditions of the Acquisition Agreement, AMHN acquired 100% of the issued and outstanding shares of Spectrum in exchange for the issuance of an aggregate of 500,000 shares of AMHN Common Stock. In accordance with the provisions of this triangulated merger, Merger Sub shall be merged with and into Spectrum as of the Effective Date of the Acquisition Agreement, as that term is defined therein. Upon consummation of the Agreement and all transactions contemplated therein, the separate existence of Merger Sub shall cease and Spectrum becomes a wholly owned subsidiary of AMHN. In conjunction with the Acquisition Agreement, AMHN assumed the assets and liabilities of Spectrum totaling approximately \$270,264 and \$453,299 respectively.

Business Overview of Spectrum

Spectrum Health Network, Inc. was founded in October 2009. Spectrum is a digital signage waiting room network built for the multispecialty group practice and independent physician associations ("IPA"). Spectrum was developed to be an extension of the medical practice, enabling the group practice to relay custom produced health-specific educational based content to patients while they waited to see their physician. Spectrum provides its clients with a powerful tool for practice enhancement, patient communications and as a viable method to deliver educational initiatives.

Spectrum uses HD 32" LCD flat panel commercial monitors, a digital signage media player, and an EnQii remote transfer platform to manage the playlist content for each site. The right side of the viewing screen is dedicated to the medical group/IPA. As of the Closing of the Transaction, Spectrum maintained 126 live sites installed across seventy-two (72) independent buildings servicing eight (8) different UPAs in

¹ An Independent Practice Association (IPA) is an association of independent physicians, or other organization that contracts with independent physicians, and provides services to managed care organizations on a negotiated per capital rate, flat retainer fee, or negotiated fee-for-service basis. An HMO or other managed care plan may contract with an IPA, which in turn contracts with independent physicians, to treat members at a discounted fee or on a capita basis. The typical IPA encompasses all specialties, but an IPA can be solely for primary care or for a single specialty. IPAs assembles physicians in self-directed groups within a geographic region to invent and implement healthcare solutions, form collaborative efforts among physicians to implement these programs and to exert political influence upward within the medical community to effect positive change.

the California and New York markets and one location operating as a test site in Atlanta, Georgia. Of these locations, fifty-eight (58) are located in Northern California, ten (10) in Southern California, and two (2) in New York. Spectrum has an additional 29 sites under contract but which have not yet been installed.

Spectrum was originally founded as an ad supported network; however, the decision was recently made to shift from ad supported to a subscription based service. Spectrum now sells its network to the IPA market as a subscription service for a one-time fee of \$3,500 per location for each system, plus an ongoing monthly service fee ranging from \$102 to \$250 per month per location. To date, Spectrum has not converted any of its existing client base to a subscription service. The IPA has a well-maintained network which they can choose to be free of advertising. The IPA can use their network to:

Customize each screen to reach specific groups of clinics

Introduce new services, physicians, or play full-sound videos

Keep the waiting room environment focused on health and education

Continuously brand the medical group throughout the playlist

Provide off-hours training or medical group scheduled messages

If Spectrum is able to convert its existing client base to a subscription service, then at the lowest price threshold, Spectrum expects to net \$13,260 per month in network maintenance revenue.

Spectrum has developed a primary target list of prospective IPAs which, if subscribed, would represent a minimum of 640 potential locations, with each location supporting its own system. There are approximately 3,500 IPAs operating in the United States. Of this total, an estimated 2,000 fall under the category of the Staff Model where staff are fulltime employees directed under a corporate management structure; another 1,500 are considered a Staff/Hybrid Model where the IPA is created to facilitate a Primary Care Group and still enable specialized physicians to maintain their own practices, but also the benefits of achieving economies of scale from the formation of an association to operate and help manage their practice.

According to The IPA Association of America, the average UPA has approximately 450 independent physicians. While the exact number of waiting rooms is unknown, the single most important aspect of the IPA market is its sheer size and number of offices each IPA may grow to manage.

Aggregate Beneficial Ownership of AMHN's Common Stock after the Transaction

On the Closing Date, and after giving effect to the issuance of the 500,000 shares of AMHN Common Stock to the shareholders of Spectrum, there are 16,290,209 shares of Common Stock of AMHN issued and outstanding. The aggregated beneficial ownership of the Company's shares of outstanding Common Stock on a fully diluted basis is as follows:

The shareholders who exchanged their shares of Spectrum in connection with the Transaction acquired an aggregate beneficial ownership of three percent (3%) of the issued and outstanding shares of Common Stock of AMHN; and

Persons beneficially owning 100% of the shares of Common Stock of AMHN immediately prior to the consummation of the Transaction were diluted to an aggregate beneficial ownership of approximately ninety-seven percent (97%) of the issued and outstanding shares of Common Stock of AMHN.
