- Net revenues in the first quarter of 2012 amounted to RMB48.6 million (US\$7.7 million), representing an increase of 74% from RMB27.9 million (US\$4.4 million) in the fourth quarter of 2011 and an increase of 89% from RMB25.8 million (US\$4.1 million) in the first quarter of 2011 mainly due to an increase in net revenues from Shen Xian Zhuan, a massively multiplayer online role-playing game.
- Net loss attributable to holders of ordinary shares in the first quarter of 2012 amounted to RMB111.4 million (US\$17.5 million), representing a decrease of 12% from RMB126.0 million (US\$19.8 million) in the fourth quarter of 2011, mainly due to the increase in net revenues; and an increase of 112% from RMB52.6 million (US\$8.3 million) in the first quarter of 2011, mainly due to increases in marketing expenses and product development expenses.

Second Quarter 2012

- Net revenues in the second quarter of 2012 amounted to RMB54.8 million (US\$8.6 million), representing an increase of 13% from RMB48.6 million (US\$7.7 million) in the first quarter of 2012 and an increase of 115% from RMB25.5 million (US\$4.0 million) in the second quarter of 2011, mainly due to an increase in net revenues from Shen Xian Zhuan.

Management Comments:

Jun Zhu, Chairman and Chief Executive Officer of The9 said, We have a very high level of confidence in the two Massively Multiplayer Online shooting games in our pipeline. Firefall just released the biggest patch update ever in early August and received highly positive feedback from gamers. Firefall will be commercialized in the U.S. very soon and Red 5 will release more beta invites in the U.S. to attract more gamers to join Firefall. Red 5 has also set up a subsidiary in Ireland in May 2012 to prepare for the launch in Europe. Planetside 2 is another well-known game for which we obtained the license in China. Planetside 2 is already in closed beta in the U.S. We are now localizing the game in China and plan to start the internal technical test in China by the end of this year. We believe these two robust games in our pipeline will significantly strengthen our capability in achieving further growth.

Discussion of The9's Unaudited First and Second Quarter 2012 Results

Net Revenues

Our net revenues in the first quarter of 2012 amounted to RMB48.6 million (US\$7.7 million), representing an increase of 74% from RMB27.9 million (US\$4.4 million) in the fourth quarter of 2011 and an increase of 89% from RMB25.8 million (US\$4.1 million) in the first quarter of 2011. These increases were primarily due to an increase in net revenues from Shen Xian Zhuan.

Our net revenues in the second quarter of 2012 amounted to RMB54.8 million (US\$8.6 million), representing an increase of 13% from RMB48.6 million (US\$7.7 million) in the first quarter of 2012 and an increase of 115% from RMB25.5 million (US\$4.0 million) in the second quarter of 2011. These increases were also primarily due to an increase in net revenues from Shen Xian Zhuan.

Gross Profit

Our gross profit in the first quarter of 2012 amounted to RMB32.8 million (US\$5.2 million), representing an increase of 147% from RMB13.3 million (US\$2.1 million) in the fourth quarter of 2011 and an increase of 18% from RMB27.7 million (US\$4.4 million) in the first quarter of 2011. The increases in gross profit primarily reflected a lower level of royalty incurred as we generated a majority of net revenues in the first quarter of this year from Shen Xian Zhuan, our self-developed game.

Our gross profit in the second quarter of 2012 amounted to RMB38.8 million (US\$6.1 million), representing an increase of 18% from RMB32.8 million (US\$5.2 million) in the first quarter of 2012 and an increase by 206% from RMB12.7 million (US\$2.0 million) in the second quarter of 2011. The increases in gross profit primarily reflected a lower level of royalty incurred as we generated a majority of revenues in the second quarter of this year from Shen Xian Zhuan, our self-developed game.

Operating Expenses

In the first quarter of 2012, our operating expenses were RMB154.9 million (US\$24.4 million), representing an 11% increase from RMB140.2 million (US\$22.1 million) in the fourth quarter of 2011 and a 68% increase from RMB92.1 million (US\$14.5 million) in the first quarter of 2011. These increases in operating expenses were primarily due to an increase in marketing expenses relating to Firefall and Shen Xian Zhuan, as well as an increase in development expenses primarily relating to our mobile internet business and Firefall.

In the first quarter of 2012, share-based compensation was RMB9.0 million (US\$1.4 million), compared to RMB10.0 million (US\$1.6 million) in the fourth quarter of 2011 and RMB16.4 million (US\$2.6 million) in the first quarter of 2011.

In the second quarter of 2012, our operating expenses were RMB168.8 million (US\$26.6 million), representing a 9% increase from RMB154.9 million (US\$24.4 million) in the first quarter of 2012 and a 63% increase from RMB103.6 million (US\$16.3 million) in the second quarter of 2011. The quarter-over-quarter increase was primarily due to an increase in product development expenses relating to Red 5 and our mobile internet business. The year-over-year increase was primarily due to an increase in product development expenses relating to Red 5 and our mobile internet business and an increase in marketing expenses relating to Firefall and Shen Xian Zhuan.

In the second quarter of 2012, share-based compensation was RMB8.9 million (US\$1.4 million), compared to RMB9.0 million (US\$1.4 million) in the first quarter of 2012 and RMB16.1 million (US\$2.5 million) in the second quarter of 2011.

Interest Income

Interest income in the first quarter of 2012 was RMB6.8 million (US\$1.1 million), compared to RMB7.1 million (US\$1.1 million) in the fourth quarter of 2011 and RMB7.2 million (US\$1.1 million) in the first quarter of 2011.

Interest income in the second quarter of 2012 was RMB6.5 million (US\$1.0 million), compared to RMB6.8 million (US\$1.1 million) in the first quarter of 2012 and RMB7.5 million (US\$1.2 million) in the second quarter of 2011. The decreases were due to decreases in cash balance.

Other (Expenses) Income, net

Other income in the first quarter of 2012 was RMB0.9 million (US\$0.1 million), compared to other expenses of RMB0.8 million (US\$0.1 million) in the fourth quarter of 2011 and other expenses of RMB0.9 million (US\$0.1 million) in the first quarter of 2011. Other income in the first quarter of 2012 primarily reflected subsidy received as well as foreign exchange gains. Other expenses in the first and fourth quarters of 2011 primarily reflected foreign exchange losses.

Other income in the second quarter of 2012 was RMB1.6 million (US\$0.3 million), compared to other income of RMB0.9 million (US\$0.1 million) in the first quarter of 2012 and other income of RMB6.7 million (US\$1.1 million) in the second quarter of 2011. Other income in the second quarter of 2012 primarily reflected insurance compensation in connection with computer servers and foreign exchange gains. Other income in the second quarter of 2011 was primarily the result of settlement fee income attributable to certain lawsuits.

Net Loss attributable to holders of ordinary shares

In the first quarter of 2012, net loss attributable to holders of ordinary shares was RMB111.4 million (US\$17.5 million), representing a 12% decrease from RMB126.0 million (US\$19.8 million) in the fourth quarter of 2011 and a 112% increase from RMB52.6 million (US\$8.3 million) in the first quarter of 2011.

Fully diluted loss per share and per ADS in the first quarter of 2012 was RMB4.55 (US\$0.72), compared to RMB5.14 (US\$0.81) in the fourth quarter of 2011 and RMB2.09 (US\$0.33) in the first quarter of 2011.
