PROXY STATEMENT

For the Annual Meeting of Stockholders

To Be Held on _____, 2013

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of ModusLink Global Solutions, Inc., a Delaware corporation (we or the Company), for use at the Company's 2012 Annual Meeting of Stockholders (the 2012 Meeting), which will be held at _____, on _____, 2013, at _____ Eastern time, and at any adjournments or postponements thereof. On or about _____, 2013, we are mailing these proxy materials together with an annual report, consisting of our Annual Report on Form 10-K for the fiscal year ended July 31, 2012 (the 2012 Annual Report) and other information required by the rules of the Securities and Exchange Commission. The Company's principal executive offices are located at 1601 Trapelo Road, Waltham, Massachusetts 02451 and its telephone number is (781) 663-5000.

STOCKHOLDERS ENTITLED TO VOTE

Only holders of record of the Company's (i) common stock, par value \$.01 per share (the Common Stock), (ii) Series A Junior Participating Preferred Stock, par value \$.01 per share (the Series A Stock) and (iii) Series B Junior Participating Preferred Stock, par value \$.01 per share (the Series B Stock) as of the close of business on _____, 2013 (the Record Date), are entitled to notice of and to vote at the 2012 Meeting. As of the Record Date, _____ shares of Common Stock were outstanding. No shares of Series A Stock or Series B Stock were outstanding as of the Record Date; therefore, only holders of record of the Company's Common Stock on the Record Date will vote at the 2012 Meeting. Each share of Common Stock entitles the record holder thereof to one vote on each matter brought before the 2012 Meeting.

HOW TO VOTE

Your vote is very important to the Board. Whether or not you plan to attend the 2012 Meeting, we urge you to submit your proxy to vote your shares today.

If You Are a Registered Holder of Common Stock

If you are a registered holder of Common Stock, you may vote your shares either by voting by proxy in advance of the 2012 Meeting or by voting in person at the 2012 Meeting. By submitting a proxy, you are legally authorizing another person to vote your shares on your behalf. We urge you to use the enclosed WHITE proxy card to vote FOR the Board's nominees. If you submit your executed WHITE proxy card, but you do not indicate how your shares are to be voted, then your shares will be voted in accordance with the Board's recommendations set forth in this Proxy Statement. In addition, if any other matters are brought before the 2012 Meeting (other than the proposals contained in this Proxy Statement), then the individuals listed on the WHITE proxy card will have the authority to vote your shares on those other matters in accordance with their discretion and judgment.

Whether or not you plan to attend the 2012 Meeting, we urge you to promptly submit a proxy: (a) via the Internet or by telephone following the easy instructions on the enclosed WHITE proxy card or (b) by signing, dating and returning the enclosed WHITE proxy card in the postage-paid

Edgar Filing: ModusLink Global Solutions Inc - Form PRER14A

envelope provided. If you later decide to attend the 2012 Meeting and vote in person, that vote will automatically revoke any previously submitted proxy.

If You Hold Your Shares in Street Name

If you hold your shares in street name, i.e., through a bank, broker or other holder of record (a custodian), your custodian is required to vote your shares on your behalf in accordance with your instructions. If you do not give instructions to your custodian, your custodian will not be permitted to vote your shares with respect to non-discretionary items, such as the election of Directors.

Under the rules of The NASDAQ Stock Market LLC (Nasdaq), if you do not give instructions to your custodian, it will still be able to vote your shares with respect to certain discretionary items, but will not be allowed to vote your shares with respect to certain non-discretionary items. The ratification of the appointment of our independent registered public accounting firm (Proposal 4) is a discretionary item. The election of Directors (Proposal 1) and the declassification of the Board (Proposal 2) are non-discretionary items, as is the advisory vote on executive compensation (Proposal 3). Accordingly, if you do not give instructions to your custodian with respect to such proposals, or if your custodian does not exercise its discretionary authority with respect to such proposals, your shares will be treated as broker non-votes on these particular matters. Broker non-votes are shares with respect to which a bank or brokerage firm does not receive voting instructions from the beneficial holder and does not have or exercise the discretionary authority in voting on a proposal.

Accordingly, we urge you to promptly give instructions to your custodian to vote FOR the Board's nominees by using the WHITE voting instruction card provided to you by your custodian. Please note that if you intend to vote your street name shares in person at the 2012 Meeting, you must provide a legal proxy from your custodian at the 2012 Meeting.

How Does the Board Recommend I Vote?

The Board recommends a vote:

FOR the election of each of the Board's nominees;

FOR the approval of the amendment of the Company's Restated Certificate of Incorporation to declassify the Board;

FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers, as such information is disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure beginning on page [23] (commonly referred to as say-on-pay); and

FOR the ratification of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year.

If You Receive a Proxy From Another Party

Representatives of Clinton Spotlight Master Fund, L.P. (Clinton), Handy & Harman Ltd. (HNH) and Peerless Systems Corporation (Peerless) have each stated that they may propose their own Director nominees at the 2012 Meeting. The Company does not know whether any of Clinton, HNH or Peerless will in fact nominate individuals for election as Directors at the 2012 Meeting or solicit proxies for that purpose. Nominations by Clinton, HNH or Peerless have NOT been endorsed by the Board. The Company is not responsible for the accuracy of any information contained in any proxy solicitation materials used by Clinton, HNH or Peerless or any other statements that they may otherwise make.

The Board recommends that you DO NOT sign or return any proxy card that may be sent to you by Clinton, HNH or Peerless, even as a protest. Voting against nominees on any proxy card other than a proxy card sent to you by the Company is not the same as voting for the Board's nominees, because a vote cast on any other proxy card will revoke any previous proxy submitted by you. If you have previously submitted any other color proxy card, we urge you to revoke that proxy by voting in favor of the Board's nominees by using the enclosed WHITE proxy card. Only the latest validly executed proxy that you submit will be counted.

QUORUM AND VOTES REQUIRED

Quorum

The presence of a majority of the outstanding shares of Common Stock represented in person or by proxy and entitled to vote at the 2012 Meeting will constitute a quorum.

Votes Required

The two nominees for Director receiving the highest vote totals will be elected as Directors of the Company.

Approval of Proposal 2 requires the affirmative vote of seventy-five percent (75%) of the outstanding shares of Common Stock entitled to vote.

Approval of Proposals 3 and 4 requires the affirmative vote of a majority of the votes cast.

Withheld Votes, Abstentions and Broker Non-Votes

Abstentions and broker non-votes will be considered shares present and entitled to vote for the purpose of determining whether a quorum exists. A broker non-vote occurs when a custodian does not vote on a particular proposal because it has not received voting instructions from the applicable beneficial owner and does not have discretionary voting power on the matter in question.

With respect to Proposals 1 (Election of Directors), 3 (Advisory Vote on Executive Compensation) and 4 (Ratification of Independent Registered Public Accounting Firm), abstentions and any broker non-votes will not be included in the vote totals and, as such, will have no effect on the outcome of these proposals.

With respect to Proposal 2 (Declassification of Board), abstentions and any broker non-votes will have the same effect as votes cast against Proposal 2.

ATTENDANCE AT THE ANNUAL MEETING

Attendance at the 2012 Meeting or any adjournment or postponement thereof will be limited to stockholders of the Company and its permitted guests. If you are a stockholder of record, your name will be verified against the list of stockholders of record prior to your admittance to the 2012 Meeting or any adjournment or postponement thereof. Please be prepared to present photo identification for admission. If you hold your shares in street name, you will need to provide proof of beneficial ownership, such as a brokerage account statement or other similar evidence of ownership, as well as photo identification, in order to be admitted to the 2012 Meeting. Please note that if you hold your shares in street name and intend to vote in person at the 2012 Meeting, you must also provide a legal proxy obtained from your custodian.

HOW TO REVOKE YOUR PROXY

Your proxy is revocable. The procedure you must follow to revoke your proxy depends on how you hold your shares.

If you are a registered holder of Common Stock, you may revoke a previously submitted proxy by submitting another valid proxy (whether by phone, the Internet or mail) or by providing a signed letter of revocation to the Secretary of the Company, at the principal executive offices of the Company, 1601 Trapelo Road, Waltham, Massachusetts 02451, before the closing of the polls at the 2012 Meeting. Only the latest-dated validly executed proxy will count. You also may revoke any previously submitted proxy by attending the 2012 Meeting and voting your shares in person. Note that simply attending the 2012 Meeting without taking one of the above actions will not revoke your proxy.

If you hold shares in street name, in general, you may revoke a previously submitted voting instruction by submitting to your custodian another valid voting instruction (whether by phone, the Internet or mail) or a signed letter of revocation. Please contact your custodian for detailed instructions on how to revoke your voting instruction and the applicable deadlines.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board has seven members and is currently divided into three classes. A class of Directors is elected each year for a three-year term. Subject to approval of Proposal 2, commencing with the Company's 2013 Annual Meeting of Stockholders, the Board will be declassified and Directors will be elected annually for one-year terms, except that Directors elected prior to the Company's 2013 Annual Meeting of Stockholders (including those directors elected under this Proposal 1) will continue to serve the balance of their existing three-year terms. If Proposal 2 is not approved, the Board will remain classified and Directors will continue to be elected for three-year terms.

The current term of the Company's Class I Directors, who are Francis J. Jules and Michael J. Mardy, will expire at the 2012 Meeting. On June 11, 2012, Joseph C. Lawler, the Company's former President and Chief Executive Officer and Class I Director, resigned from the Board. In connection with Mr. Lawler's resignation from the Board, Class I was reduced to two members to eliminate the vacancy created thereby. The nominees for Class I Director for election at the 2012 Meeting are Francis J. Jules and Michael J. Mardy. If either of Mr. Jules or Mr. Mardy is elected at the 2012 Meeting, such individual will be elected to serve for a term of three years that will expire at the Company's 2015 Annual Meeting of Stockholders and until such individual's successor is elected and qualified. The persons named as proxies will vote for each of Mr. Jules and Mr. Mardy for election to the Board as a Class I Director unless the proxy card is marked otherwise.

THE BOARD RECOMMENDS USING THE ENCLOSED WHITE PROXY CARD TO VOTE FOR THE TWO NOMINEES LISTED BELOW.

Clinton, HNH and Peerless have each stated that it may propose its own Director nominees for election at the 2012 Meeting. If any of Clinton, HNH or Peerless does in fact nominate candidates for election to the Board, the number of nominees for election as Directors at the 2012 Meeting will exceed the number of Directors to be elected at the 2012 Meeting. The two nominees standing for election who receive the greatest number of votes cast at the 2012 Meeting will be elected as Directors.

The Board recommends that you **DO NOT** sign or return any proxy card that may be sent to you by Clinton, HNH or Peerless, even as a protest. Voting against nominees on any proxy card other than the **WHITE** proxy card sent to you by the Company is not the same as voting for the Board's nominees, because a vote cast on any other proxy card will revoke any previous proxy submitted by you. If you have previously submitted any other color proxy card, we urge you to revoke that proxy by voting in favor of the Board's nominees by using the enclosed **WHITE** proxy card. Only the latest validly executed proxy that you submit will be counted.

Background to the Other Solicitations

On November 16, 2011, the Company announced that the Board had unanimously decided to explore strategic alternatives aimed at enhancing stockholder value and that the Company had retained Goldman, Sachs & Co. as its financial advisor to undertake a comprehensive and thorough review of viable strategic alternatives. The strategic alternatives review process has been overseen primarily by a committee of the Board comprised of Jeffrey J. Fenton, Virginia G. Breen and Francis J. Jules in regular consultation with the full Board; Mr. Fenton is the chairman of the committee. The Company has explored various alternatives seeking to enhance stockholder value, including a possible sale of the Company or equity investment in the Company, in an effort to enhance and/or realize value in respect of its supply chain business, as well as realize the value of certain of the Company's deferred tax assets, including those generated by net operating losses and certain other tax attributes.

Clinton Solicitation

Beginning in March of 2012 the Company and its advisors began discussions with Clinton regarding a potential transaction with the Company. On March 7, 2012, the Company received a letter from Clinton, pursuant to which Clinton and its affiliates proposed to make an equity investment in the Company in the event that the Company determined to sell substantially all of the Company's supply chain business. The purchase price of such investment would be at a mutually agreed premium to the tangible

asset value of the Company following such asset sale and the distribution of a substantial portion of the cash generated therefrom. In addition, the proposal was conditioned upon the Company's appointment of new executive management to be designated by Clinton. On March 26, 2012, upon execution by Clinton and the Company of a customary confidentiality agreement, Clinton was given access to the due diligence materials provided in the Company's electronic data room. The Company, its legal and financial advisors and Clinton and its legal counsel continued to exchange drafts of a term sheet and negotiate the terms of potential transactions with Clinton.

On May 23, 2012 the Company received an alternative proposal from Clinton, pursuant to which Clinton and its affiliates proposed, if the Company disposed of its supply chain business, to make an equity investment in the Company immediately following such sale (although the proposal noted that Clinton was willing to modify the proposal should the Company decide to retain its supply chain business in the near or mid-term). The purchase price of such investment would be at a mutually agreed premium to the tangible asset value of the Company following such asset sale. The proposal provided the Company's existing stockholders an option at the time of a sale of the supply chain business to either receive a portion of these sale proceeds through the distribution of a substantial portion of the net cash proceeds of sale, or elect to maintain all or a portion of their investment in the Company. The Company would be expected to pursue a new business plan that Clinton believed could effectively utilize certain of the Company's deferred tax assets. The proposal also required the election of three independent directors designated by Clinton to a newly constituted five-person Board and the Company's appointment of new executive management to be designated by Clinton.

Following the Company's receipt of the May 23 letter, the Company and its advisors continued discussions with Clinton regarding a potential transaction and a non-disclosure agreement was executed on June 11, 2012 addressing certain proprietary terms of Clinton's proposal. Following the execution of the NDA the Company and Clinton exchanged mark-ups of a term sheet which included a revised proposal from Clinton pursuant to which Clinton and its affiliates would make an equity investment in the Company and also invest directly in a newly formed subsidiary of the Company that would follow a new business plan that Clinton believed could effectively utilize certain of the Company's deferred tax assets and be managed by designees of Clinton. The alternative proposal required the Company to re-invest substantially all of the proceeds of the Clinton investment in the newly formed subsidiary and to appoint a representative of Clinton to the Board. The Board has determined that the terms and structures discussed with Clinton to date have not met the strategic objectives of the Company, as such proposals have limited the use of proceeds of the investment to an unacceptably narrow range of uses or have been unacceptable from an economic point of view.

On October 22, 2012, Clinton sent a letter to the Company's corporate secretary purportedly providing notice of its intent to nominate three directors, Gregory P. Taxin, Seth E. Gardner and Kenneth S. Grossman, at the 2012 Meeting to stand for election to the Board. As Class I was reduced in size to two members on June 11, 2012 in connection with the resignation of Joseph C. Lawler, the Company's Chief Executive Officer, from the Board of Directors, only two such individuals may be nominated at the 2012 Meeting.

HNH Solicitation

On March 7, 2012 HNH requested a waiver exemption under the Tax Benefit Preservation Plan to permit the purchase by HNH of up to 19.9% of the Company's Common Stock. On March 22, 2012, the Company sent a letter to HNH explaining that it had granted the requested waiver under the Tax Benefit Preservation Plan, but that the waiver did not extend to the Company's Rights Agreement, dated March 21, 2012.

In connection with the Company's review of strategic alternatives, in June 2012 the Company and its advisors began discussions with HNH in respect of a potential equity investment in the Company's Common Stock, which have continued through the date hereof. On June 27, 2012, upon execution by HNH and the Company of a customary confidentiality agreement, HNH was given access to the due diligence materials provided in the Company's electronic data room. During these discussions HNH and the Company exchanged numerous proposals, beginning with a letter sent to the Company on July 11, 2012 (the July 11 Letter) pursuant to which HNH offered to purchase up to 23 million shares of the Company's Common Stock at a cash purchase price per share in the range of \$3.75 to \$5.25 subject to customary conditions including the completion of satisfactory due diligence. HNH's offer detailed in the July 11 Letter was also conditioned upon receiving three of seven seats on the Board and senior management positions to be designated by HNH and its affiliates to oversee operations of the Company.

Following the receipt of the July 11 Letter, the Company entered into discussions with HNH. Through early September 2012, the Company, its legal and financial advisors and HNH and its legal counsel continued to exchange drafts of a term sheet and negotiate the terms of a potential transaction including HNH's proposal to make a direct investment in the Company's Common Stock of approximately \$100 million in the aggregate at a cash purchase price of approximately \$5 per share. As part of these ongoing negotiations, HNH participated in a management presentation on September 13, 2012. HNH was also invited to present its business plan for the Company at the Board's September 19 meeting; however, on the evening before the planned presentation, HNH submitted a different and significantly diminished proposal in a letter dated September 18, 2012 (the September 18 Letter) pursuant to which HNH would only invest on a pro rata basis in a rights offering intended to raise up to \$100 million, provided that other stockholders subscribed for at least \$20 million of the Company's Common Stock at \$5 per share. HNH's revised offer was further conditioned upon the Company agreeing to appoint two of its representatives to the Board immediately upon an agreement in principle on a term sheet but before definitive agreements would bind HNH to make an investment. HNH also offered, although the Company had not solicited, a bridge loan facility for up to \$50 million at an annual rate of 10%, increasing at a rate of 1% per month commencing on April 1, 2013, which would mature upon the earlier of the closing of the rights offering and September 30, 2013. In addition, upon entering into the bridge loan the September 18 Letter required the Company to issue to HNH warrants to acquire up to 19.9% of the Company's Common Stock for an exercise price of \$0.01. Upon receipt of this materially different and conditional proposal (including Board representation prior to consummation of the proposed transaction), the Board disinvited HNH from presenting at the September 19, 2012 Board meeting, and advisors for the Company sought to have HNH restore the prior proposal.

On September 28, 2012, HNH sent a letter to the Company's corporate secretary purportedly providing notice of its intent to nominate three directors, Warren G. Lichtenstein, Glen M. Kassan and Richard K. McClelland, at the 2012 Meeting to stand for election to the Board. As Class I was reduced in size to two members on June 11, 2012, only two such individuals may be nominated at the 2012 Meeting.

Notwithstanding these developments, the Company maintained communications with HNH, and on October 9, 2012, HNH sent a letter to the Company (the October 9 Letter) withdrawing its September 18 proposal and resurrecting its proposal to invest up to \$100 million in the Company's Common Stock at a per share price of \$5, without a related rights offering. This offer was further conditioned upon HNH being granted three of seven seats on the Board, the appointment of Mr. Lichtenstein as chairman of the board of directors, and approval rights as to and the appointment of the Company's CEO. Following the receipt of the October 9 Letter, HNH's representatives were provided the Company's most recent forecasts and access to members of management and the Board. HNH, the Company and their respective representatives also reentered into discussions and exchanged multiple drafts of a term sheet. HNH insisted that it would not proceed to conduct additional due diligence unless the Company agreed to a period of exclusivity (or agreed to reimburse HNH's expenses up to \$750,000). On November 27, 2012 HNH submitted through its representatives a mark-up of the term sheet (the November 27 Term Sheet) that contained a limited set of open issues on the principal terms and included the \$100 million direct investment and purchase price of \$5 per share. Upon receipt of the November 27 Term Sheet and confirmation by the Company's advisors with HNH of the size and purchase price of HNH's investment, the Company offered through its representatives to accept the principal terms set forth in the November 27 Term Sheet with the exception of the timing for completion of HNH's due diligence and offered HNH a period of exclusivity. At that time the Company believed that it and HNH had agreed upon all of the material terms of the potential transaction other than the timing for completion of HNH's due diligence, and delivered to HNH's legal counsel on December 1, 2012 a proposed exclusivity letter and on December 6, 2012 definitive documentation reflecting such agreed upon terms. To date, HNH has not provided a mark-up or other response to the definitive documentation provided by the Company's legal counsel to HNH's legal counsel on December 17, 2012.

On December 17, 2012, HNH sent a letter to the Board pursuant to which it withdrew its previous proposals, including the amount of any direct investment and the \$5 per share purchase price, and proposed that the Company immediately appoint two directors designated by HNH to the Board and then to conduct a rights offering to be backstopped by HNH on terms to be determined by the Board following the appointment of the HNH directors. HNH further expressed concern about the Company's business performance and prospects, purporting to justify its decision to withdraw its prior proposals based on changes in the Company's financial position, results and prospects since its original September proposal. On December 21, 2012, the Company responded to HNH and advised it that at the time of what the Company believed was HNH's acceptance of the principal terms in late November, including the \$5 per share purchase price, that HNH and its advisors had received the Company's then current

financial information and forecast and that no change in this information had occurred since that time. HNH was urged to provide a definitive proposal, whether conforming to the November 27 Term Sheet or, if HNH was withdrawing its proposal, the revised terms it was then proposing.

Peerless Solicitation

At the Company's 2011 Annual Meeting of Stockholders, Peerless nominated Timothy E. Brog and Jeffrey S. Wald for election to the Board and presented a non-binding stockholder proposal recommending that the Board amend the Company's certificate of incorporation and the Bylaws to eliminate the Company's classified Board. Mr. Wald was elected to hold office until the Company's 2014 Annual Meeting of Stockholders and until his successor has been duly elected and qualified.

On October 18, 2012, Peerless sent a letter to the Company's corporate secretary purportedly providing notice of its intent to nominate two directors, Timothy E. Brog and James W. Westphal, at the 2012 Meeting to stand for election to the Board and its intent to present a non-binding stockholder proposal recommending that the Board amend the Company's certificate of incorporation and the Bylaws to eliminate the Company's classified Board.

Mr. Jules provides the Board with experience through his service in executive leadership roles in global organizations in the telecommunications industry, including extensive sales management responsibilities and expertise.

Michael J. Mardy, age 63. Mr. Mardy has served as a Director of the Company since May 2003. Since July 2003, Mr. Mardy has served as Executive Vice President and Chief Financial Officer of Tumi Holdings, Inc., a retailer of prestige luggage and business accessories. Mr. Mardy provides to the Board expertise in finance and accounting, including experience gained through a career in finance including serving as chief financial officer of several companies. Mr. Mardy also brings experience serving as a public company outside director and chairman of public company audit committees.

The Board's Recommendation

We believe that Messrs. Jules and Mardy are highly qualified and in light of their experience, relevant expertise, and diverse industry and educational backgrounds, these nominees, who bring leadership based on their executive leadership roles with global companies, will serve as superior and independent Board members best suited to lead ModusLink into the future. We believe that the continuity of Mr. Jules's leadership as Chairman of the Board is critical to the Company during this period in which the Company is preparing to transition leadership to a new Chief Executive Officer. We also believe that Mr. Mardy's on-going role as chairman of the Company's Audit Committee is critical to the implementation of the Company's changes to its accounting policies and systems following completion of its restatement of financial reports for prior periods.

We believe that each of our nominees has professional experience in areas relevant to our strategy and operations and offers experience, leadership and continuity at a critical time for the Company's future. Mr. Mardy also brings experience serving as a public company outside director and chairman of public company audit committees. Mr. Jules provides the Board with experience through his service in executive leadership roles in global organizations in the telecommunications industry, including extensive sales management responsibilities and expertise. We further believe that our nominees have other attributes necessary to create an effective board: high personal and professional ethics, integrity and values; vision and long-term strategic perspective; practical judgment and excellent decision-making skills; the ability to devote significant time to serve on our board and its committees and to work in a collaborative manner with other board members; and a commitment to representing the long-term interests of all our stockholders.

The Board unanimously recommends a vote FOR each of the two above nominees for Director using the enclosed WHITE proxy card.

Vote Required

The two nominees for Director receiving the highest vote totals will be elected as Directors of the Company. With respect to this proposal to elect Directors and assuming that any of Clinton, HNH or Peerless does in fact nominate its own slate of two Directors, withheld votes and any broker non-votes would have the effect of reducing the likelihood that the applicable Director nominee of the Company would be elected, as only the two nominees that receive the highest vote totals will be elected. If none of Clinton, HNH or Peerless nominates any Directors, withheld votes and broker non-votes will have no practical effect in the election of Directors, as only two nominees will be up for election.

Board Leadership Structure

On November 15, 2011, the Board determined, as an enhancement to its governance structure, to separate the Chairman and Chief Executive Officer roles and appointed Mr. Jules to serve as the non-executive Chairman of the Board. The duties of the non-executive Chairman include (i) calling and chairing meetings of the Board, including meetings of the independent Directors (ii) setting the agenda for and chairing meetings of the independent Directors in executive session, (iii) chairing the annual meeting of stockholders, (iv) briefing the Chief Executive Officer on issues arising from and/or discussed in executive sessions of the independent Directors, (v) facilitating discussions among independent Directors on key issues regarding the Company, (vi) facilitating communications between other members of the Board and the Chief Executive Officer (however, each Director is free to communicate directly with the Chief Executive Officer), (vii) in the event a stockholder seeks to communicate with the Board, accepting and responding to such communications, (viii) reviewing periodically the Company's business plan, financial performance and other activities with the Chief Executive Officer, (ix) recommending Board committee assignments for consideration by the Nominating and Corporate Governance Committee (provided, however, that no such recommendation shall be required in order for such committee to carry out its duties with respect to committee composition) and (x) in consultation with the other independent Directors and the Chief Executive Officer, developing Board agendas.

Prior to the creation of the non-executive Chairman position, upon the appointment of Mr. Lawler, the Company's former President and Chief Executive Officer, as Chairman of the Board, the Company established the position of presiding director, to serve as its lead independent director. The duties of the presiding director were similar to those of the non-executive Chairman of the Board. The position of presiding director was eliminated upon the creation of the non-executive Chairman position.

Independence of Members of the Board

The Board has determined that each of Virginia G. Breen, Jeffrey J. Fenton, Francis J. Jules, Edward E. Lucente, Michael J. Mardy, Joseph M. O'Donnell and Jeffrey S. Wald, constituting all of the Directors of the Company, satisfies the criteria for being an independent director under the standards of Nasdaq and has no material relationship with the Company other than by virtue of service on the Board.

Board and Committee Meetings

During the fiscal year ended July 31, 2012 (fiscal 2012), the Board held thirty-nine (39) meetings (including by telephone conference). During fiscal 2012, each incumbent Director attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings of the committees on which he or she served. During fiscal 2012, all of the independent Directors of the Company met regularly, in an executive session of a regularly scheduled Board meeting, outside of the presence of the non-independent Director and executive officers of the Company. The Company's Directors are strongly encouraged to attend the Company's Annual Meeting of Stockholders.

The Board has an Audit Committee, a Human Resources and Compensation Committee, and a Nominating and Corporate Governance Committee. Each committee reports regularly to the full Board on its activities.

Audit Committee

The Board has an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, which assists the Board in fulfilling its responsibilities to stockholders concerning the Company's financial

reporting and internal controls and facilitates open communication among the Audit Committee, Board, outside auditors and management. The Audit Committee discusses with management and the Company's outside auditors the financial information developed by the Company, the Company's systems of internal controls and the Company's audit process. The Audit Committee is solely and directly responsible for appointing, evaluating, retaining and, when necessary, terminating the engagement of the independent auditor. The independent auditors meet with the Audit Committee (both with and without the presence of the Company's management) to review and discuss various matters pertaining to the audit, including the Company's financial statements, the report of the independent auditors on the results, scope and terms of their work, and their recommendations concerning the financial practices, controls, procedures and policies employed by the Company. The Audit Committee oversees the internal audit functions and the senior-most internal auditor reports directly to the Audit Committee. The Audit Committee pre-approves all audit services to be provided to the Company, whether provided by the principal auditor or other firms, and all other services (review, attest and non-audit) to be provided to the Company by the independent auditor. The Audit Committee coordinates the Board's oversight of the Company's internal control over financial reporting, disclosure controls and procedures and code of conduct. The Audit Committee is charged with establishing procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting, internal accounting controls or auditing matters. The Audit Committee reviews all related party transactions on an ongoing basis and all such transactions must be approved or ratified by the Audit Committee. The Audit Committee is authorized, without further action by the Board, to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Board has adopted a written charter for the Audit Committee, a copy of which can be found under the Investor Relations Governance section of the Company's website at www.moduslink.com. The contents of our website are not part of this Proxy Statement, and our internet address is included in this document as an inactive textual reference only. The Audit Committee currently consists of Virginia G. Breen, Francis J. Jules, Edward E. Lucente, Michael J. Mardy (Chair) and Joseph M. O'Donnell, each of whom is independent as defined in applicable Nasdaq listing standards and Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Mr. Lucente joined the Audit Committee on June 20, 2012. The Audit Committee met sixteen (16) times during fiscal 2012.

Human Resources and Compensation Committee

The Board has a Human Resources and Compensation Committee (the Compensation Committee), which administers the Company's 2010 Incentive Award Plan, 2004 Stock Incentive Plan, 2002 Non-Officer Employee Stock Incentive Plan, 2000 Stock Incentive Plan and Amended and Restated 1995 Employee Stock Purchase Plan, as well as the Company's cash incentive plans, performance-based restricted stock program and other equity-based awards. The Compensation Committee approves salaries, bonuses and other compensation arrangements and policies for the Company's executive officers. The Compensation Committee is authorized, without further action by the Board, to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Board has adopted a written charter for the Compensation Committee, a copy of which can be found under the Investor Relations Governance section of the Company's website at www.moduslink.com. The Compensation Committee currently consists of Jeffrey J. Fenton, Francis J. Jules (Chair), Edward E. Lucente, Joseph M. O'Donnell and Jeffrey S. Wald, each of whom is an independent Director as determined in accordance with the Compensation Committee charter and applicable Nasdaq rules. Messrs. O'Donnell and Wald joined the Compensation Committee on June 20, 2012. The Compensation Committee met fifteen (15) times during fiscal 2012.

During fiscal 2012, the Company's former President and Chief Executive Officer and its Senior Vice President, Human Resources regularly attended Compensation Committee meetings to provide information and recommendations regarding the Company's executive compensation program. The former President and Chief Executive Officer formulated and presented recommendations regarding any change in the base salary, bonus, equity compensation and other benefits of other executive officers, but the Compensation Committee was not bound by such recommendations and the Compensation Committee ultimately approved the compensation of all executive officers. In addition, the Senior Vice President, Human Resources and members of the human resources staff compile relevant data at the request of the Compensation Committee. Other than making recommendations and participating in discussions regarding the compensation of other executive officers, the Company's former President and Chief Executive Officer generally did not play a role in determining the amount or form of executive compensation. The Compensation Committee generally met in executive sessions without any member of management present when discussing compensation matters pertaining to the former President and Chief Executive Officer and, at times, on other compensation-related matters. The

Compensation Committee also reviewed with the Board the compensation of the former President and Chief Executive Officer, prior to taking final action with respect to such compensation. The former President and Chief Executive Officer did not make proposals or recommendations regarding his own compensation.

In addition, to the extent permitted by applicable law and the provisions of a particular equity-based incentive plan while he was employed by the Company, the Board delegated authority to the former President and Chief Executive Officer to grant stock options to non-executive employees within certain limits, including a prohibition on making grants to direct reports and per person limits, which authority was generally used to facilitate making new hire grants and to recognize promotions or reward special accomplishments and achievements. The Compensation Committee approved the number of shares included in an annual stock option pool for annual grants to non-executive employees and thereafter the former President and Chief Executive Officer was authorized to determine the amounts, recipients and date of grant of the annual stock option grants to non-executive employees. The Board authorized the former President and Chief Executive Officer to make restricted stock awards and restricted stock unit awards to non-executive employees in an amount not to exceed 1,000 shares in any one instance, and 10,000 shares in the aggregate in any fiscal year. Such authority has been given to the Chairman of the Board following the former President and Chief Executive Officer's announced retirement in June 2012.

The Compensation Committee's practice is to engage an outside compensation consultant to advise it as needed and to conduct a comprehensive review of executive compensation every two years. In intervening years, it is the Compensation Committee's practice to adjust the data from the prior year, as it deems necessary, to reflect prevailing market trends for executive compensation. For certain of the years included in the Summary Compensation Table, the Compensation Committee has used Hewitt Associates LLC (Hewitt) and Pearl Meyer & Partners (PM&P), as discussed below.

Pursuant to its charter, the Compensation Committee has the sole authority to retain, terminate, obtain advice from, oversee and compensate its outside advisors, including its compensation consultant. The Company has provided appropriate funding to the Compensation Committee to do so.

In fiscal 2005, the Company retained Hewitt as an independent advisor reporting to the Compensation Committee on executive compensation matters. During the fiscal years ended July 31, 2009 and July 31, 2010, Hewitt provided independent advice on compensation matters pertaining to the named executive officers and our other executives as requested by management or the Compensation Committee. During fiscal 2009, Hewitt reviewed with the Compensation Committee the overall executive compensation landscape, conducted a review of all elements of our executive compensation program, including bonus, long-term incentives, supplemental benefits, perquisites and severance, and provided a competitive review of compensation levels for a selected group of senior executive positions, including the named executive officers. Hewitt's findings were delivered in early fiscal 2010, and were taken into consideration in making fiscal 2010 executive compensation determinations and fiscal 2011 executive compensation determinations (other than with respect to the compensation of the former President and Chief Executive Officer, as discussed below). Hewitt acted as an advisor to the Compensation Committee and also has provided, with the knowledge and consent of the Compensation Committee, advice and expertise to management on matters to be presented by management to the Compensation Committee. The Company did not retain Hewitt to provide any other services to the Company.

During fiscal 2010, the Compensation Committee retained PM&P as an independent advisor regarding fiscal 2011 compensation of the former President and Chief Executive Officer. In fiscal 2011, the Compensation Committee retained PM&P as its independent executive compensation consultant. None of the Company's management participated in the Compensation Committee's decision to retain PM&P. PM&P reports directly to the Compensation Committee and the Compensation Committee may replace PM&P or hire additional consultants at any time. PM&P attends meetings of the Compensation Committee, as requested, and communicates with the Chair of the Compensation Committee between meetings; however, the Compensation Committee makes all decisions regarding the compensation of the Company's executive officers.

PM&P provides various executive compensation services to the Compensation Committee with respect to the Company's executive officers and other key employees pursuant to a written consulting agreement with the Compensation Committee. The services PM&P provides under the agreement include advising the Compensation Committee on the principal aspects of the Company's executive compensation program and evolving best practices, and providing market information and analysis regarding the competitiveness of the Company's program design and award values in relationship to its performance.

The Compensation Committee regularly reviews the services provided by its outside consultants and believes that PM&P is independent in providing executive compensation consulting services. The Compensation Committee conducted a specific review of its relationship with PM&P and determined that PM&P's work for the Compensation Committee did not raise any conflicts of interest, consistent with the guidance provided under the Dodd-Frank Act, the SEC and the Nasdaq. In making this determination, the Compensation Committee noted that during fiscal 2012:

PM&P did not provide any services to the Company or its management other than service to the Compensation Committee, and its services were limited to executive compensation consulting. Specifically, it does not provide, directly or indirectly through affiliates, any non-executive compensation services, including, but not limited to, pension consulting or human resource outsourcing;

Fees from the Company were far less than 1% of PM&P's total revenue;

PM&P maintains a Conflicts Policy which was provided to the Compensation Committee with specific policies and procedures designed to ensure independence;

None of the PM&P consultants on the Company matter had any business or personal relationship with Compensation Committee members;

None of the PM&P consultants on the Company matter, or PM&P, had any business or personal relationship with executive officers of the Company; and

None of the PM&P consultants on the Company matter directly own Company stock.

The Compensation Committee continues to monitor the independence of its compensation consultant on a periodic basis.

The Compensation Committee reviews executive compensation on an ongoing basis and consults with its independent consultant as deemed necessary. The Compensation Committee also annually reviews the results of the Company's management succession planning activities as it relates to the management team, and shares its findings with the full Board.

Nominating and Corporate Governance Committee

The Board has a Nominating and Corporate Governance Committee (the Governance Committee), which makes recommendations to the Board concerning all facets of the Director-nominee selection process, develops and recommends to the Board corporate governance principles applicable to the Company and oversees the evaluation of the Board and management. The Governance Committee has the authority to engage such independent legal and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Governance Committee is responsible for overseeing an annual self-evaluation of the Board to determine whether it and its committees are functioning effectively and determines the nature of the evaluation, supervises the conduct of the evaluation and prepares an assessment of the performance of the Board, which is discussed with the Board. The Governance Committee also oversees the Company's enterprise risk management program and activities. The Governance Committee may, at the request of the Board, periodically review and make recommendations to the Board relating to management succession planning, including policies and principles for Chief Executive Officer selection and performance review, as well as policies regarding succession in the event of an emergency or the retirement of the Chief Executive Officer. The Board has adopted a written charter for the Governance Committee, a copy of which can be found under the Investor Relations Governance section of the Company's website at www.moduslink.com.

In recommending candidates for election to the Board, the Governance Committee considers nominees recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. The Governance Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board. Evaluations of candidates generally involve a review of background materials, internal discussions, and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Governance Committee would recommend the candidate for consideration by the full Board. The Governance Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees. The Board requires that all nominees for the Board have a reputation for integrity, honesty and adherence to high ethical standards. In

Edgar Filing: ModusLink Global Solutions Inc - Form PRER14A

addition, nominees should also have demonstrated business acumen, experience and ability to exercise sound judgment in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company. The Governance Committee will consider nominees for the Board recommended by stockholders in accordance with the Third Amended and Restated Bylaws of the Company (the Bylaws).

Stockholders wishing to propose Director candidates for consideration by the Governance Committee may do so by writing, by deadlines specified in the Company's Bylaws, to the Secretary of the Company and providing information concerning the nominee and his or her proponent(s) required by the Company's Bylaws. The Company's Bylaws set forth further requirements for stockholders wishing to nominate director candidates for consideration by stockholders including, among other things, that a stockholder must give timely written notice of an intent to make such a nomination to the Secretary of the Company. See "Proposals of Stockholders for 2013 Annual Meeting and Nomination of Directors" in this Proxy Statement for more information.

The Governance Committee currently consists of Virginia G. Breen, Jeffrey J. Fenton, Francis J. Jules, Edward E. Lucente (Chair) and Michael J. Mardy, each of whom is independent as defined in applicable Nasdaq listing standards. The Governance Committee met nine (9) times during fiscal 2012.

Board's Role in Risk Oversight

We believe that risk is inherent in innovation and the pursuit of long-term growth opportunities. The Company's management is responsible for day-to-day risk management activities. The Board, acting directly and through its committees, is responsible for the oversight of the Company's risk management. With the oversight of the Board, the Company has implemented practices and programs designed to help manage the risks to which we are exposed in our business and to align risk-taking appropriately with our efforts to increase stockholder value.

The Governance Committee has primary responsibility for initial consideration of all risk oversight matters and oversees our financial and risk management policies and enterprise risk management activities. As part of the overall risk oversight framework, the Governance Committee's risk oversight responsibilities include, among other things, reviewing annually: (i) the categories of risk the Company faces; (ii) the design of the Company's risk management functions; (iii) the internal communication of the Company's risk management strategy; (iv) the risk policies and procedures adopted by management and the implementation of such policies and procedures; and (v) the reports of management, independent auditors, legal counsel and outside experts regarding risks the Company faces. Additionally, the Governance Committee meets with the Company's management team (i) on a quarterly basis to discuss the risks the Company faces and (ii) every six months to do an in-depth review of one particular risk area the Company faces. Our management team reviews risks on a regular basis and meets quarterly to discuss the Company's risk management.

In addition, the Board participates in regular discussions with the Company's senior management on many core subjects, including strategy, operations, finance, and legal and public policy matters, in which risk oversight is an inherent element. The Board believes that the leadership structure described above under "Board Leadership Structure" facilitates the Board's oversight of risk management because it allows the Board, with leadership from the non-executive Chairman and working through its committees, including the independent Governance Committee, to participate actively in the oversight of management's actions.

Diversity

Diversity has always been very important to us. Although we have no formal separate written policy, pursuant to our Corporate Governance Guidelines, the Board annually reviews the appropriate skills and characteristics of the members of the Board, and diversity is one of the factors used in this assessment.

Director Stock Ownership Guidelines

In September 2008, the Compensation Committee adopted stock ownership guidelines for our Directors, which guidelines were updated in December 2010. The Compensation Committee believes that it is appropriate for the Directors to hold equity in the Company. Under these guidelines, as updated, the non-employee Directors' ownership requirement is set at three times the annual retainer. All individuals will have five years from the later of the adoption of the guidelines or his or her first appointment or election as a Director to reach these ownership levels. In computing the amounts owned, the Company will consider the value of shares owned outright, restricted stock held by the individual, and in-the-money vested options. Compliance is measured at the end of each calendar year.

Stockholder Communications with the Board

Stockholders may send written communications to the Board, the presiding director or any individual member of the Board to the following address: c/o Secretary, ModusLink Global Solutions, Inc., 1601 Trapelo Road, Waltham, Massachusetts 02451. The Company will forward all such correspondence accordingly, except for mass mailings, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material.

PROPOSAL 2

APPROVAL OF THE AMENDMENT TO THE COMPANY S

RESTATED CERTIFICATE OF INCORPORATION

The Board has unanimously adopted and is submitting for stockholder approval an amendment to the Company s Restated Certificate of Incorporation (the Charter Amendment) that would phase in the declassification of the Board and provide instead for the annual election of Directors.

The Company s current classified board structure has been in place since 1994. The Board believes that its classified structure has helped assure continuity of the Company s business strategies and has reinforced a commitment to long-term stockholder value. Although these are important benefits, the Board acknowledged the affirmative vote by stockholders at the Company s 2011 annual meeting of stockholders to declassify the Board and recognized the growing sentiment among the investment community in favor of annual elections. After careful consideration, the Board determined that it is appropriate to propose declassifying the Board, commencing with the Company s 2013 annual meeting of stockholders.

The proposed Charter Amendment eliminates the classification of the Board over a three-year period and provides for the annual election of all Directors beginning at the 2015 annual meeting of stockholders and makes certain conforming changes to the Company s Restated Certificate of Incorporation and the Bylaws. If approved, the Charter Amendment would become effective upon the filing of a certificate of amendment with the Secretary of State of the State of Delaware, which the Company would do promptly after stockholder approval is obtained for the Charter Amendment. Board declassification would be phased-in over a three-year period, beginning at the 2013 annual meeting of stockholders as follows:

From the effective time of the certificate of amendment until the election of Directors at the 2013 annual meeting, the Board shall be divided into three classes of Directors, Class I, Class II and Class III, with the Directors in Class II having a term expiring at the 2013 annual meeting, the Directors in Class III having a term expiring at the 2014 annual meeting and the Directors in Class I having a term expiring at the 2015 annual meeting.

Commencing with the election of Directors at the 2013 annual meeting, the Board shall be divided into two classes of directors, Class I and Class II, with the directors in Class II having a term that expires at the 2014 annual meeting and the Directors in Class I having a term that expires at the 2015 annual meeting. The successors of the Directors who, immediately prior to the 2013 annual meeting, were members of Class II (and whose terms expire at the 2013 annual meeting) shall remain members of Class II; the Directors who, immediately prior to the 2013 annual meeting, were members of Class III and whose terms were scheduled to expire at the 2014 annual meeting shall be elected to Class II; and the Directors who, immediately prior to the 2013 annual meeting, were members of Class I and whose terms were scheduled to expire at the 2015 annual meeting shall remain members of Class I with a term expiring at the 2015 annual meeting.

Commencing with the election of directors at the 2014 annual meeting, there shall be a single class of Directors, Class I, with all Directors of such class having a term that expires at the 2015 annual meeting. The successors of the Directors who, immediately prior to the 2014 annual meeting, were members of Class II (and whose terms expire at the 2014 annual meeting) shall be elected to Class I for a term that expires at the 2015 annual meeting, and the Directors who, immediately prior to the 2014 annual meeting, were members of Class I and whose terms were scheduled to expire at the 2015 annual meeting shall remain members of Class I with a term expiring at the 2015 annual meeting.

From and after the election of directors at the 2015 annual meeting, the Board shall cease to be classified and the Directors elected at the 2015 annual meeting (and each meeting thereafter) shall be elected for a term expiring at the next annual meeting.

The proposed Charter Amendment would not affect the election of the class of Directors at this 2012 Meeting. Beginning with the 2015 annual meeting, all Directors will stand for election at each annual meeting for one year terms. The proposed Charter Amendment would not change the present number of Directors or the Board s authority to change that number and to fill any vacancies or newly created directorships.

Edgar Filing: ModusLink Global Solutions Inc - Form PRER14A

Delaware corporate law provides, unless otherwise provided in the certificate of incorporation, that members of a board that is classified may be removed only for cause. At present, because the Board is classified, and because the Restated Certificate of

Incorporation does not otherwise provide, the members of the Board are removable only for cause. The proposed Charter Amendment provides that, once the Board has become declassified in 2015, Directors may be removed with or without cause.

Approval of the Charter Amendment will result in the amendment of Article Seventh of the Company's Restated Certificate of Incorporation, as shown on Appendix II.

Vote Required

The Company's Restated Certificate of Incorporation provides that any amendment to Article Seventh may only be approved by the affirmative vote of seventy-five percent (75%) of the Company's outstanding voting stock. Therefore, approval of this Proposal 2 requires the affirmative vote of seventy-five percent (75%) of the outstanding shares of Common Stock entitled to vote. Abstentions and broker non-votes will have the same effect as votes against this proposal.

The Board unanimously recommends that the stockholders vote FOR the approval of the amendment of the Company's Restated Certificate of Incorporation.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board recognizes that it is appropriate to seek the views of stockholders on the design and effectiveness of the Company's executive compensation program. Per the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in July 2010, we are required to provide our stockholders with the opportunity to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement.

As described in more detail under the heading "Compensation Discussion and Analysis" beginning on page [23] of this Proxy Statement, we believe our executive compensation program aligns with our short and long-term business goals, with a significant portion of compensation at risk and directly linked to our overall performance. As such, we believe our executive compensation properly aligns the interests of our executives with the interests of our stockholders.

The Board recommends that the stockholders vote in favor of the following resolution:

Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company's named executive officers as described in the Compensation Discussion and Analysis, the Summary Compensation Table and other related tables and disclosures in this proxy statement.

As an advisory vote, this proposal is not binding upon the Company or the Board. The Compensation Committee values the opinions expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

Vote Required

Approval of this Proposal 3 requires the affirmative vote of a majority of the votes cast. Abstentions and any broker non-votes will not be included in the vote totals and, as such, will have no effect on the outcome of this proposal.

The Board unanimously recommends that the stockholders vote FOR the approval, on an advisory basis, of the compensation of our named executive officers.

PROPOSAL 4

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed KPMG LLP, an independent registered public accounting firm, to audit the Company's consolidated financial statements for the fiscal year ending July 31, 2013, and recommends that the stockholders vote for ratification of such appointment. If the stockholders do not ratify the selection of KPMG LLP as the Company's independent registered public accounting firm, the appointment will be reconsidered by the Audit Committee. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests. A representative of KPMG LLP, which served as the Company's independent registered public accounting firm in fiscal 2012, is expected to be present at the 2012 Meeting, to be available to respond to appropriate questions from stockholders and to make a statement if he or she desires to do so.

Vote Required

Approval of this Proposal 4 requires the affirmative vote of a majority of the votes cast. Abstentions and any broker non-votes will not be included in the vote totals and, as such, will have no effect on the outcome of this proposal.

The Board recommends that the stockholders vote FOR the ratification of KPMG LLP to serve as the Company's independent registered public accounting firm for the current fiscal year.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary of Fiscal 2012 Compensation

Entering fiscal 2012, the Company reported fiscal 2011 results that showed a continuing decline in revenue and a larger operating loss compared to the prior year. The Compensation Committee generally considers the Company's financial performance in making executive compensation determinations and links variable compensation to such performance. The Compensation Committee strives to set challenging but in its view attainable targets for incentive compensation. Based on Company financial performance in fiscal 2011 and fiscal 2012, no bonuses were earned under the management incentive plans for those periods. In addition, no salary increases were made in fiscal 2012 other than for promotional purposes. The Compensation Committee's use of stock options further aligns the interests of management and the Company's stockholders. Reflecting the pay-for-performance aspects of the Company's compensation philosophy and demonstrating that compensation programs are aligned with stockholder value creation, no named executive officer held in-the-money options at July 31, 2012.

During fiscal 2012, prior to Messrs. O'Donnell and Wald joining the Compensation Committee, the Compensation Committee made several changes in the Company's pay practices, designed to align compensation with achievement of the Company's strategies and, ultimately, better financial results. These included:

A shift in management incentive plan metrics for fiscal 2012 to put more emphasis on achieving an improvement in operating income, focusing on the Company's cost savings initiatives and continued focus on free cash flow;

The de-emphasis of time-based restricted stock as a component of annual equity awards; and

Modifications to the Company's peer group to achieve a better representative sample of the relevant market in which the Company competes for talent.

A consideration of the state of the global economy and the Company's performance was reflected in 2012 compensation decisions. For example:

Base salaries for the named executive officers remained at their fiscal 2011 levels when fiscal 2012 compensation was determined. The only fiscal 2012 base salary increase was for Mr. Gray, who we provided with a promotional increase of 31% in June 2012 in recognition of his expanded role and responsibilities upon assuming the additional role of Chief Administrative Officer.

Our fiscal 2012 performance annual bonus program was aligned with our business mission, strategy and goals and provided corresponding rewards only upon attainment of performance, thereby linking executives' interests with our stockholders. For fiscal 2012, target bonus opportunities as a percentage of base salary were held at their fiscal 2011 levels. The 2012 Management Incentive Plan provided for bonuses based on operating income and business-related goals having objective measurement (namely a measurement of cost savings and free cash flow), all of which measure the success of our long-term strategic plan for increased profitability and efficiency as more fully discussed in Management's Discussion and Analysis of Financial Condition and Results of Operation contained in the 2012 Annual Report. No payment was to be made related to any metric unless a minimum level of operating income was earned. As this minimum was not met, no bonuses were paid for fiscal 2012.

The equity component of our compensation program for fiscal 2012 was also similarly linked to our performance and the long-term interests of our stockholders. For 2012 the equity component of our compensation plan consisted of stock options and performance-based restricted stock. The stock options vest over time, and will only have value if our share price increases. The performance-based restricted stock would be earned only if we met an operating income goal. However, since this performance metric was not met, no restricted shares for fiscal 2012 were issued and executives received no payment thereon.

Fiscal 2012 was a year that saw a change in leadership of the Company, as the Company's President and Chief Executive Officer announced his retirement in June 2012. In order to ensure an orderly transition of his duties, the Company and Mr. Lawler entered into a separation agreement.

Edgar Filing: ModusLink Global Solutions Inc - Form PRER14A

In reaching this agreement, the Board used the amounts that would have been payable under Mr. Lawler's Executive Severance Agreement as a reference point and provided for the acceleration of vesting of certain options and restricted stock which were anticipated to vest during his transition period. Mr. Lawler's retirement was effective on

October 1, 2012. In addition, the Company's President, Global Operations, Mr. McLennan, departed in June 2012 by mutual agreement with the Company and received the benefits he otherwise would have received under his existing severance agreement, had the departure not been by mutual agreement. Also, the Company eliminated the position of David J. Riley, Executive Vice President, Corporate Development, in July 2012, and Mr. Riley received benefits pursuant to his existing severance agreement.

Also, during the fiscal year, in light of the challenges facing the Company including the uncertainty associated with its ongoing review of strategic alternatives, the need for leadership and continuity given the aforementioned departures, and the activities required to address the Company's pending restatement and SEC inquiry, the Company entered into retention agreements and amendments to severance arrangements with certain of the named executive officers in order to provide additional incentive to remain with the Company.

Executive Compensation Objectives

Our executive compensation program is designed to meet the following objectives:

Attract and retain executive officers who contribute to our success;

Align compensation with our business mission, strategy and goals; and

Motivate and reward high levels of performance.

These objectives collectively seek to link compensation to overall Company performance, which helps to ensure that the interests of our executives are aligned with the interests of our stockholders. These objectives serve as guiding principles in compensation program design.

Our compensation philosophy generally is to set our target total compensation (base salary, bonus and long term incentives) at the 50th percentile for similarly situated individuals at companies we consider to be our peers and competitors for talented individuals such as our executives and within the general industry (as more fully described below under **Benchmarking**). However, we also consider the need to account for factors such as tenure, individual performance, and unique characteristics and criticality of the job to the Company, and, as a result, from time to time and for certain individuals, we will exceed or trail the 50th percentile target.

As to performance-based compensation, the Compensation Committee believes that one measure of the effectiveness of a variable compensation plan is whether compensation is being earned commensurate with performance and whether goals are set properly to reward desired performance. The Company did not meet its financial goals for fiscal 2012 and accordingly no amounts were earned under variable cash compensation or on performance-based equity.

Components of Executive Compensation

The principal components of compensation for our named executive officers consist of base salary; performance-based annual cash bonus; equity grants of stock options and performance-based restricted stock; limited perquisites; and other benefits. Each component is described in more detail below. As discussed under **Human Resources and Compensation Committee**, from time to time we engage a compensation consultant to assist us in determining these compensation levels and to review our executive compensation programs.

Base Salary

Base salary is the fixed component of an executive's annual cash compensation and supports our compensation objectives to attract and retain talented executives and adequately compensate and reward them for services rendered during the fiscal year. Changes in base salary are typically considered based on subjective evaluation of individual performance during our annual performance review process which takes place in our fiscal first quarter. Assessment of individual performance includes achievements and performance of the applicable operating unit or function for which the executive is responsible. In addition, from time to time, adjustments are made to base salaries during the fiscal year in light of promotions, added responsibilities or in reaction to changes in the market for an individual possessing the skills and abilities required by our executives. Prior to his retirement, our former President and Chief Executive Officer made recommendations regarding compensation adjustments for the

other named executive officers, which adjustments were considered by and were subject to approval by the Compensation Committee. The process for reviewing the compensation of our former President and Chief Executive Officer during 2012 is described in the section titled [President and Chief Executive Officer Compensation Decisions](#) below.

The Compensation Committee reviewed base salaries during the first quarter of fiscal 2012, and given the state of the economy, decided that no change in base salary would be made for fiscal 2012 for our named executive officers at that time. However, in June 2012, in connection with Mr. Gray assuming the additional role of Chief Administrative Officer and after consideration of this expanded role, Mr. Gray's annual base salary was increased by 31% from \$306,000 to \$400,000.

Performance-Based Annual Cash Bonus

Historically, the Compensation Committee has established an Executive Management Incentive Plan or MIP, which provides cash incentives for our executives. This plan supports our compensation objectives by focusing on annual financial and operating results and enabling our target total compensation to remain competitive within the marketplace for executive talent. Each named executive officer has a target bonus award for each plan year.

Target bonus awards are expressed as a percentage of the base salary paid to the named executive officer during that plan year. Historically, the Compensation Committee has selected bonus amounts for the named executive officers such that target total compensation approximated the 50th percentile of comparable positions at our peer companies or the general industry. For fiscal 2012, targeted performance-based cash bonus percentages were maintained at the levels in place for fiscal 2011. In making this determination, the Compensation Committee considered the bonus percentages relative to market and peer group practice and the mix of target cash and equity compensation for the named executive officers. For fiscal 2012 targeted bonuses were:

Executive Officer	Target as Percentage of Base Salary (%)
Joseph C. Lawler	125
Steven G. Crane	70
Scott R. Crawley	60
Peter L. Gray	60
Thomas Nightingale	100
William R. McLennan	80
David J. Riley	50

At target, if earned, the performance-based annual cash bonus for the named executive officers would approximate the 50th percentile relative to the general industry survey discussed below under [Benchmarking](#).

For fiscal 2012 bonus payouts could range from 25% to 200% of an individual's target bonus, based on financial performance of the Company.

For fiscal 2012, the Compensation Committee established metrics to focus the Company's executives on increasing operating income, reducing costs and generating cash from operations (or free cash flow), which the Compensation Committee believes are key drivers for the Company's success and are aligned with our long-term strategy. In fiscal 2012, a portion of each participant's target bonus percentage was allocated 70% to operating income and 30% to business-related goals having objective measurement (Personal Goals). The Compensation Committee chose two equally weighted additional financial metrics as the Personal Goals for the named executive officers, namely cost savings and free cash flow. The metrics were weighted 70% for operating income, 15% for costs savings and 15% for free cash flow. The weighting of the operating income metric was increased from 40% in fiscal 2011 to 70% in fiscal 2012, emphasizing the Company's focus on driving profitability and efficiency in fiscal 2012. The Compensation Committee conditioned all bonus payments on the Company achieving the threshold level of operating income. Operating income for 2012 was to be determined exclusive of the impact of acquisitions or divestitures, the impact of any restructuring charges, any expense variances to budget related to @Ventures, which conducts the Company's venture capital investing activities, and any expenses related to the Company's director nomination process for the 2011 Annual Meeting of Stockholders. Free cash flow was to be determined excluding the impact of any acquisitions or divestitures and equal to the difference between net cash (used in) provided by operating activities of continuing operations less additions to property and equipment. As a term of his employment offer, Mr. Nightingale was guaranteed a minimum payment of \$200,000 under the 2012 MIP.

The following are the threshold, target and maximum levels established for each performance metric for fiscal 2012:

	Threshold	Target	Maximum
Operating Income	\$ 2.0 million	\$ 3.0 million	\$ 5.0 million
Cost Savings ¹	\$ 14.1 million	\$ 19.9 million	\$ 25.7 million
Free Cash Flow ²	\$ 7.0 million	\$ 9.0 million	\$ 25.0 million

Achievement of the threshold level of performance for the operating income metric was required for any payments to be made under the plan with respect to any of the metrics. Payouts for the various components would scale from 25% to 100% between the threshold and the target levels and from 100% to 200% between the target and the maximum levels.

In the Compensation Committee's view, the objectives established were challenging in that they could be achieved only with substantial effort and improved performance compared with fiscal 2011 results. The changes in threshold, target and maximum levels in fiscal 2012 from actual results for operating income and free cash flow in fiscal 2011 were as follows:

	Threshold	Target	Maximum
Operating Income	129%	143%	172%
Free Cash Flow ²	163%	180%	321%

Due to the operating income result being below the threshold level, no payouts were made under the plan, other than Mr. Nightingale's guaranteed payment.

Equity Grants

A key component of our executives' compensation takes the form of equity grants, including stock options and performance-based restricted stock.

Our long-term equity incentives support our compensation objectives by rewarding the achievement of long-term business objectives that benefit our stockholders and help us retain a successful and tenured management team. Our executive compensation program has, to a great extent, historically relied on equity components to meet its objectives.

In determining the size and value of equity grants made during fiscal 2012, we reviewed market information provided by PM&P in September 2011. The Compensation Committee also considered the advice of PM&P, which reviewed the compensation of the executives of the Company in September 2011, in determining the mix of performance-based and market risk-based equity.

Stock options

Historically, our equity program for executive officers has always included stock options with the size and value of awards based on the executive's position and market compensation data. The Compensation Committee believes that stock options align the interests of our executive officers with those of investors and rewards the executives for enhancing our stock valuation, and serve as a retention vehicle. As part of the named executive officers' compensation, stock options are generally awarded (i) upon initial hiring, (ii) annually, and (iii) periodically, in the event of promotions, added responsibilities and exemplary performance. The number of shares underlying an option grant is determined relative to market practice and in line with the Company's goals in relation to setting target total compensation. Stock option grants in 2012 were made on the third business day after the release of earnings for our fiscal 2011 other than new hire grants, which were made at commencement of employment. Except as noted below, options granted in fiscal 2012 vest over 4 years with 25% vesting after one year and 1/48th of the options vesting each month thereafter.

¹ Cost savings targets were calculated and measured in relation to a cost reduction plan reviewed with the Board of Directors at the conclusion of fiscal 2011.

We define free cash flow as net cash provided by operating activities of continuing operations less additions to property and equipment (exclusive of the impact of any acquisitions or divestitures).

For fiscal 2012, the awards granted to our named executive officers were as follows:

Name	Date of Grant	Exercise Price	Number of Shares Underlying Option
Joseph C. Lawler	9/30/2011	3.49	183,100
Steven G. Crane	9/30/2011	3.49	70,600
Scott R. Crawley*	8/29/2011	4.18	35,000
	8/29/2011	4.18	50,000**
Peter L. Gray	9/30/2011	3.49	58,900
Thomas Nightingale*	12/12/2011	5.16	400,000
William R. McLennan	9/30/2011	3.49	78,600
David J. Riley	9/30/2011	3.49	58,900

* All options granted to Messrs. Crawley and Nightingale were granted in connection with their commencement of employment.

** Such option will vest as to 10,000 shares on each of the first five anniversaries of the grant date subject to a minimum average share price being achieved on each such vesting date, which shall be \$7.00, \$8.50, \$11.00, \$12.50 and \$14.00, respectively. If the specified minimum average share price for the applicable anniversary date is not achieved, the 10,000 shares shall not vest and become exercisable but may vest on a subsequent anniversary date if the minimum average share price related to the earlier anniversary date is achieved or exceeded on a subsequent anniversary date.

Performance-Based Restricted Stock

Another component of our equity program is performance-based restricted stock, pursuant to which executive officers would be granted a predetermined number of shares of restricted stock in the event that the Company achieves a certain level of financial performance. The Compensation Committee believes that performance-based restricted stock aligns the interests of our executive officers with those of investors, rewards the executives for enhancing our stock valuation and serves as a retention vehicle.

For fiscal 2012, the potential awards for our named executive officers were as follows:

Name	Number of Shares	
	25% Level	100% Level
Joseph C. Lawler	21,975	87,900
Steven G. Crane	8,475	33,900
Scott R. Crawley	3,750	15,000
Peter L. Gray	7,075	28,300
Thomas Nightingale		
William R. McLennan	9,425	37,700
David J. Riley	7,075	28,300

In addition to the awards set forth in the table, each award earned under the plan was subject to a multiplier related to achievement by the Company of a certain level of revenue in fiscal 2012. The percentage by which the Company's revenue for fiscal 2012 exceeded the target level of \$887.1 million, if at all, was to be multiplied by the number of shares to be issued relative to operating income performance, and added to the award (the revenue multiplier).

The number of shares underlying the performance-based restricted stock awards was determined relative to market practice and in line with the Company's goal regarding target total compensation. Mr. Crawley's participation levels were determined after considering that Mr. Crawley had recently joined the Company at the time the plan was adopted and had received equity awards of 85,000 options with an exercise price of \$4.18 and 25,000 shares of restricted stock in connection with his commencement of employment. Mr. Nightingale did not participate in the plan given that he joined the Company in December 2011 and received equity awards of 400,000 options with an exercise price of \$5.16 and 60,000 shares of restricted stock in connection with the commencement of his employment.

The Compensation Committee set the financial performance target for earning shares associated with the 25% level at achieving break-even operating income and with the 100% level at achieving \$2 million of operating income. For these purposes, operating income was to be calculated the same as under the MIP. As was the case with the performance-based annual cash bonus, for fiscal 2012, the Company's operating income determined in accordance with the plan was below the target established under the plan and therefore no issuances were made for fiscal 2012 of performance-based restricted stock and no revenue multiplier was applicable.

Restricted Shares

In past years, the Compensation Committee has determined that an element of annual equity compensation would take the form of time vesting restricted stock awards. For fiscal 2012, however, the Compensation Committee determined that no time vesting restricted stock awards would be made (other than new hire grants of 25,000 shares to Mr. Crawley and 60,000 shares to Mr. Nightingale) and that all annual equity awards would be performance-based or market-risk-based in order to align the executives' incentives with stockholder interests.

The Company from time to time awards shares of restricted stock coincident with the commencement of employment or in recognition of a promotion, added responsibilities, exemplary performance, to address market factors or to serve as a means to retain and motivate management.

Perquisites and other benefits

The Compensation Committee believes that the perquisites provided to the named executive officers are reasonable and modest compared to the general market. To the extent we offer any perquisites, we do so in order to be competitive with the market. Each of the named executive officers receives an automobile allowance as a term of his employment, long-term disability benefits and 401(k) matching benefits consistent with those offered to all other participating employees.

From time to time, we have awarded discretionary cash bonuses based on, for example, exemplary performance or the assumption of additional responsibilities. No such bonuses were awarded to any named executive officers in fiscal 2012.

Assessment of risk

The Compensation Committee believes that our compensation policies and practices motivate our employees to achieve our corporate objectives and to remain with our Company while avoiding unreasonable risk taking, and that our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company. We believe we have allocated our compensation among base salary and incentive compensation target opportunities in such a way as to not encourage excessive risk taking. In addition, we believe our approach to goal setting, and our bonus plan design that provides for payouts at various levels of performance, further aligns employee and stockholder interests. Also, the multi-year vesting of our equity awards and our share ownership guidelines encourage our employees to have a long-term perspective.

Benchmarking

The Compensation Committee reviews executive compensation relative to marketplace norms on a regular basis and has followed a practice of refreshing this data every two years. For fiscal 2012, we considered a review of compensation completed in September 2011 when making our compensation decisions. In the September 2011 compensation review, the Compensation Committee evaluated the competitiveness of our total target compensation relative to two data sources. One data source, which we refer to as our fiscal 2012 custom peer group (the FY12 Custom Peer Group), consists of companies
