**Item 1.01 Entry into a Material Definitive Agreement.**

*Registration Rights Agreement*

In connection with the closing of the Purchase and Sale on June 19, 2013, Inergy, John J. Sherman, CW Holdings and CGSH entered into a Registration Rights Agreement (the Registration Rights Agreement) that allows for the registered resale of the Inergy Common Units held by John Sherman, CW Holdings and CGSH (each, a Holder and collectively, the Holders). Pursuant to the Registration Rights Agreement, Inergy has agreed to use commercially reasonable efforts to prepare and file a resale shelf registration statement for the resale of Inergy Common Units upon written request of a Holder and to use commercially reasonable efforts to cause the shelf registration statement to be declared effective by the Securities and Exchange Commission (the SEC) as soon as reasonably practicable. If Inergy is not eligible to file a shelf registration statement or has not used its commercially reasonable efforts to have a shelf registration statement declared effective by the SEC or the shelf registration statement ceases to be effective, upon the written request of a Holder, Inergy shall file with the SEC, no later than 45 days after such written request, a registration statement with respect to all registrable Inergy Common Units held by such Holder.

The information in the Introductory Note is incorporated into this Item 1.01 by reference. John Sherman is currently on the board of directors of NRGY GP.

*Membership Interest Purchase Agreement*

In connection with the closing of the Transactions, on June 19, 2013, the Membership Interest Purchase Agreement, dated as of December 21, 2011, by and between Inergy and IHGP ( the Membership Interest Purchase Agreement ), was terminated pursuant to the terms of the Termination Agreement, dated as of June 19, 2013, by and among Inergy and IHGP.

Pursuant to the Membership Interest Purchase Agreement, under certain circumstances, IHGP would be required to purchase from Inergy, and Inergy would have been required to sell to IHGP, all of the membership interests in MGP GP, LLC, the entity that controls NRGM GP, for nominal consideration.

The description of the Membership Interest Purchase Agreement above does not purport to be complete and is qualified in its entirety by reference to the complete text of the Membership Interest Purchase Agreement, which was filed as Exhibit 10.4 to Inergy's Current Report on Form 8-K on December 22, 2011 and is incorporated herein by reference.

**Item 2.01 Completion of Acquisition or Disposition of Assets.**

On June 19, 2013, Inergy and CMLP jointly issued a press release announcing the closing of the Contribution. A copy of the press release is attached as Exhibit 99.1 and is incorporated herein by reference.

**Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.**

*Fourth Amended and Restated Partnership Agreement*

In connection with the closing of the Contribution, on June 18, 2013 the board of directors of NRGY GP approved the Fourth Amended and Restated Agreement of Limited Partnership of Inergy (the Fourth Amended and Restated Partnership Agreement ). The Fourth Amended and Restated Agreement of Limited Partnership of Inergy is effective as of June 19, 2013.

The Fourth Amended and Restated Partnership Agreement establishes the terms of the Subordinated Units that were issued to CGSH in connection with the Contribution. In particular, until (i) the amount of adjusted operating surplus generated during one consecutive, non-overlapping four-quarter period equals or exceeds the sum of the minimum aggregate distribution of \$0.52 paid on all outstanding Inergy Common Units and Subordinated Units during such period (based on a weighted average of such units outstanding during the period), (ii) the distribution of available cash from operating surplus on each Inergy Common Unit and Subordinated Unit outstanding during such entire period equaled or exceeded a minimum aggregate distribution of \$0.52, and (iii) there are no cumulative arrearages on Inergy Common Units, the Subordinated Units shall be entitled to distributions of available cash for a particular quarter only after each Inergy Common Unit has received a minimum quarterly distribution of \$0.13 plus any cumulative arrearages for such quarter (the Subordination Period ). When the Subordination Period ends, all Subordinated Units will convert into Inergy Common Units on a one-for-one basis.

The Fourth Amended and Restated Partnership Agreement also changes the fiscal year of Inergy from a year ending on September 30 to a year ending on December 31. In connection with Inergy's change in fiscal year, no transition report is required to be filed with the SEC because Inergy is adopting the fiscal year of CMLP GP, its accounting acquirer.

The description of the Fourth Amended and Restated Partnership Agreement above does not purport to be complete and is qualified in its entirety by reference to the complete text of the Fourth Amended and Restated Partnership Agreement, a copy of which is filed as Exhibit 10.1 to this Current Report and is incorporated herein by reference.
