**1. Description of Business and Basis of Presentation**

***Description of Business***

Acadia Healthcare Company, Inc. (the Company) develops and operates inpatient psychiatric facilities, residential treatment centers, group homes, substance abuse facilities and facilities providing outpatient behavioral healthcare services to serve the behavioral health and recovery needs of communities throughout the United States. At September 30, 2013, the Company operated 47 behavioral healthcare facilities with approximately 3,900 licensed beds in 21 states and Puerto Rico.

***Basis of Presentation***

The business of the Company is conducted through limited liability companies and C-corporations, each of which is a direct or indirect wholly-owned subsidiary of the Company. The Company's consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, all of which are 100% owned. All significant intercompany accounts and transactions have been eliminated in consolidation.

The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) for interim financial information. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation of our financial position and results of operations have been included. The Company's fiscal year ends on December 31 and interim results are not necessarily indicative of results for a full year or any other interim period. The condensed consolidated balance sheet at December 31, 2012 has been derived from the audited financial statements as of that date. The information contained in these condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto for the fiscal year ended December 31, 2012 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 1, 2013. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Certain reclassifications have been made to prior years to conform to the current year presentation.

**2. Earnings Per Share**

Basic and diluted earnings per share are calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 260, *Earnings Per Share*, based on the weighted-average number of shares outstanding in each period and dilutive stock options, unvested shares and warrants, to the extent such securities have a dilutive effect on earnings per share.

**Table of Contents**

The following table sets forth the computation of basic and diluted earnings per share for the three and nine months ended September 30, 2013 and 2012 (in thousands except per share amounts):

	<b>Three Months Ended September 30, 2013      2012</b>		<b>Nine Months Ended September 30, 2013      2012</b>

<b>Net income</b>	<b>\$ 0.29</b>	<b>\$ 0.15</b>	<b>\$ 0.60</b>	<b>\$ 0.43</b>

Approximately 0.4 million shares of common stock issuable upon exercise of outstanding stock option awards were excluded from the calculation of diluted earnings per share for both the three months ended September 30, 2013 and 2012 because their effect would have been anti-dilutive. The fair values assigned to certain assets and liabilities assumed by the Company have been estimated on a preliminary basis and are subject to change as new facts and circumstances emerge that were present at the date of acquisition. Specifically, the Company is further assessing the valuation of certain tax matters as well as certain receivables and assumed liabilities of The Refuge, the UMC Facilities, Delta, Greenleaf, BCA, AmiCare and Park Royal and the valuation of real property and intangible assets of The Refuge. The Company expects to finalize its analyses as the necessary information becomes available to complete the measurement process. The grant-date fair value of the Company's stock options is estimated using the Black-Scholes option pricing model. The following table summarizes the grant-date fair value of options and the assumptions used to develop the fair value estimates for options granted during the nine months ended September 30, 2013 and year ended December 31, 2012:

	September 30, 2013	December 31, 2012
Weighted average grant-date fair value of options	\$ 11.32	\$ 6.93
Risk-free interest rate	1.0%	1.2%
Expected volatility	40%	42%
Expected life (in years)	5.5	6.3

The Company's estimate of expected volatility for stock options is based upon the volatility of guideline companies given the lack of sufficient historical trading experience of the Company's common stock. The risk-free interest rate is the approximate yield on United States Treasury Strips having a life equal to the expected option life on the date of grant. The expected life is an estimate of the number of years an option will be held before it is exercised.

**10. Income Taxes**

The provision for income taxes for continuing operations for the three and nine months ended September 30, 2013 reflects effective tax rates of 34.7% and 37.4%, respectively. The provision for income taxes for continuing operations for the three and nine months ended September 30, 2012 reflects effective tax rates of 36.1% and 36.8%, respectively. The decrease in the tax rate for the three months ended September 30, 2013 is primarily attributable to the filing of the 2012 calendar year tax returns as well as certain state tax planning initiatives. The increase in the tax rate for the nine months ended September 30, 2013 is primarily attributable to the impact of additional state taxes associated with the Company's expansions and acquisitions.

**Table of Contents****11. Fair Value Measurements**

The carrying amounts reported for cash and cash equivalents, accounts receivable, other current assets, accounts payable and other current liabilities approximate fair value because of the short-term maturity of these instruments.

The carrying amounts and fair values of the Company's Amended and Restated Senior Credit Facility, 12.875% Senior Notes, 6.125% Senior Notes, 9.0% and 9.5% Revenue Bonds and contingent consideration liability as of September 30, 2013 and December 31, 2012 were as follows (in thousands):

	Carrying Amount		Fair Value	
	September 30, 2013	December 31, 2012	September 30, 2013	December 31, 2012
Amended and Restated Senior Credit Facility	\$ 313,875	\$ 300,000	\$ 313,875	\$ 300,000
12.875% Senior Notes due 2018	\$ 96,171	\$ 147,757	\$ 117,731	\$ 181,500
6.125% Senior Notes due 2021	\$ 150,000	\$	\$ 153,750	\$
9.0% and 9.5% Revenue Bonds	\$ 25,214	\$ 25,561	\$ 25,214	\$ 25,561
Contingent consideration liability	\$ 6,500	\$ 6,120	\$ 6,500	\$ 6,120

The Company's Amended and Restated Senior Credit Facility, 12.875% Senior Notes, 6.125% Senior Notes and 9.0% and 9.5% Revenue Bonds were categorized as Level 2 in the GAAP fair value hierarchy. Fair values were based on trading activity among the Company's lenders and the average bid and ask price as determined using published rates.

The fair value of the contingent consideration liability at September 30, 2013 was categorized as Level 3 in the GAAP fair value hierarchy. The contingent consideration liability was valued using a probability-weighted discounted cash flow method. This analysis reflected the contractual terms of the purchase agreements and utilized assumptions with regard to future earnings, probabilities of achieving such future earnings and a discount rate. Significant increases with respect to assumptions as to future earnings and probabilities of achieving such future earnings would result in higher fair value measurement while an increase in the discount rate would result in a lower fair value measurement. During the nine months ended September 30, 2013, the Company changed its projections of the timing of future payments. This change resulted in a \$0.4 million increase in the fair value of the contingent consideration liability, which was recorded in transaction-related expenses in the condensed consolidated statements of operations.

**12. Commitments and Contingencies**

The Company is, from time to time, subject to various claims and legal actions that arise in the ordinary course of the Company's business, including claims for damages for personal injuries, medical malpractice, breach of contract, tort and employment related claims. In these actions, plaintiffs request a variety of damages, including, in some instances, punitive and other types of damages that may not be covered by insurance. In the opinion of management, the Company is not currently a party to any proceeding that would individually or in the aggregate have a material adverse effect on the Company's business, financial condition or results of operations.

**13. Recently Issued Accounting Standards**

In July 2013, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2013-11, *Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists* (ASU 2013-11). ASU 2013-11 states an unrecognized tax

benefit, or a portion of an unrecognized tax benefit, should be presented in the financial statements as a reduction to a deferred tax asset for a net operating loss carryforward, a similar tax loss, or a tax credit carryforward. ASU 2013-11 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2013. Early adoption is permitted. Management does not expect ASU 2013-11 to have a significant impact on the Company's consolidated financial statements.

### **Overview**

Our business strategy is to acquire and develop inpatient behavioral healthcare facilities and improve our operating results within our inpatient facilities and our other behavioral healthcare operations. We strive to improve the operating results of our facilities by providing high quality services, expanding referral networks and marketing initiatives while meeting the increased demand for behavioral healthcare services through expansion of our current locations as well as developing new services within existing locations. At September 30, 2013, we operated 47 behavioral healthcare facilities with approximately 3,900 licensed beds in 21 states and Puerto Rico. During the nine months ended September 30, 2013, we acquired four facilities with an aggregate of 488 licensed beds and a 75-bed facility under construction, which opened on October 1, 2013. We also added 195 beds to our existing facilities and opened a 60-bed facility during the nine months ended September 30, 2013 and opened a 42-bed facility in October 2013. We expect to add over 300 total beds during 2013 (exclusive of acquisitions).

We are the leading publicly traded pure-play provider of inpatient behavioral healthcare services based upon number of licensed beds in the United States. Management believes that the Company's recent acquisitions position the Company as a leading platform in a highly fragmented industry under the direction of an experienced management team that has significant industry expertise. Management expects to take advantage of several strategies that are more accessible as a result of our increased size and geographic scale, including continuing a national marketing strategy to attract new patients and referral sources, increasing our volume of out-of-state referrals, providing a broader range of services to new and existing patients and clients and selectively pursuing opportunities to expand our facility and bed count.

We receive payments from the following sources for services rendered in our facilities: (i) state governments under their respective Medicaid and other programs; (ii) commercial insurers; (iii) the federal government under the Medicare program administered by the Centers for Medicare and Medicaid Services; and (iv) individual patients and clients. **Three months ended September 30, 2013 compared to the three months ended September 30, 2012**

*Revenue before provision for doubtful accounts.* Revenue before provision for doubtful accounts increased \$86.0 million, or 82.2%, to \$190.6 million for the three months ended September 30, 2013 from \$104.6 million for the three

months ended September 30, 2012. The increase related primarily to revenue generated during the three months ended September 30, 2013 from Timberline Knolls acquired on August 31, 2012, Park Royal acquired on November 11, 2012, BCA and AmiCare acquired on December 31, 2012, Greenleaf acquired on January 1, 2013, Delta acquired on January 31, 2013, the UMC Facilities acquired on May 1, 2013 and The Refuge acquired on August 1, 2013 (collectively the Third and Fourth Quarter 2012 and 2013 Acquisitions), which were not included in our results for periods prior to the acquisitions. Same-facility revenue before provision for doubtful accounts increased by \$10.7 million, or 10.5%, for the three months ended September 30, 2013 compared to the three months ended September 30, 2012, resulting from same-facility growth in patient days of 8.4% and same-facility revenue per day of 1.4%.

*Provision for doubtful accounts.* The provision for doubtful accounts was \$5.9 million for the three months ended September 30, 2013, or 3.1% of revenue before provision for doubtful accounts, compared to \$1.5 million for the three months ended September 30, 2012, or 1.4% of revenue before provision for doubtful accounts. The increase as a percentage of revenue related primarily to the changes in our payor mix from the Third and Fourth Quarter 2012 and 2013 Acquisitions. The same-facility provision for doubtful accounts was \$2.3 million for the three months ended September 30, 2013, or 2.0% of revenue before provision for doubtful accounts, compared to \$1.4 million for the three months ended September 30, 2012, or 1.4% of revenue before provision for doubtful accounts.

*Salaries, wages and benefits.* Salaries, wages and benefits ( SWB ) expense was \$103.8 million for the three months ended September 30, 2013 compared to \$59.9 million for the three months ended September 30, 2012, an increase of \$43.9 million. SWB expense included \$1.3 million and \$0.5 million of equity-based compensation expense for the three months ended September 30, 2013 and 2012, respectively. Excluding equity-based compensation expense, SWB expense was \$102.5 million, or 55.5% of revenue, for the three months ended September 30, 2013, compared to \$59.4 million, or 57.6% of revenue, for the three months ended September 30, 2012. The \$43.1 million increase in SWB expense, excluding equity-based compensation expense, was primarily attributable to the hiring of additional employees in connection with the Third and Fourth Quarter 2012 and 2013 Acquisitions. The decrease in SWB expense, excluding equity-based compensation expense, as a percentage of revenue was primarily the result of lower SWB expense incurred by Timberline Knolls acquired on August 31, 2012 and BCA acquired on December 31, 2012. Same-facility SWB expense was \$59.7 million for the three months ended September 30, 2013, or 54.2% of revenue, compared to \$53.8 million for the three months ended September 30, 2012, or 53.7% of revenue.

***Amended and Restated Senior Credit Facility***

The Company entered into the Senior Secured Credit Facility, administered by Bank of America, N.A., on April 1, 2011. The Senior Secured Credit Facility initially included \$135.0 million of term loans and a revolving line of credit of \$30.0 million.

On March 1, 2012, the Company amended the Senior Secured Credit Facility to provide an incremental \$25.0 million of term loans and increase the revolving line of credit by \$45.0 million, from \$30.0 million to \$75.0 million. We used the incremental term loans of \$25.0 million and a \$5.0 million borrowing under the revolving line of credit to partially fund the acquisition of the Haven Facilities on March 1, 2012.

On December 31, 2012, the Company amended and restated the Senior Secured Credit Facility to provide a revolving line of credit of \$100.0 million and term loans of \$300.0 million, which resulted in debt proceeds of \$151.1 million. We used \$151.1 million of the term loans partially to fund the acquisition of BCA and AmiCare on December 31, 2012.

On March 11, 2013, the Company entered into a Consent and First Amendment to the Amended and Restated Senior Credit Facility. The First Amendment modified the definition of Consolidated EBITDA to permit the add-back for financial covenant purposes of certain fees and expenses related to the redemption of the Company's 12.875% Senior Notes. In addition, the First Amendment amended the definitions of Consolidated Leverage Ratio and Consolidated Senior Leverage Ratio to permit the Company to test indebtedness on a basis net of cash or cash equivalents on hand for financial covenant purposes.

On June 28, 2013, the Company entered into the Second Amendment to the Amended and Restated Senior Credit Facility. The Second Amendment modified certain of the restrictive covenants contained therein to permit the Company to increase the amount of miscellaneous investments it may make, as well as to permit the Company to incur increased amounts of purchase money indebtedness in order to finance certain long-term capital leases.

On September 30, 2013, the Company entered into the Third Amendment to the Amended and Restated Senior Credit Facility. The Third Amendment modified certain of the restrictive covenants contained therein to permit the incurrence by the Company of increased amounts of miscellaneous types of liens and indebtedness to facilitate its consummation of the acquisition of Longleaf.

The Company had \$80.1 million of availability under the revolving line of credit as of September 30, 2013. Borrowings under the revolving line of credit are subject to customary conditions precedent to borrowing. The amended term loans require quarterly principal payments of \$1.9 million for September 30, 2013 to December 31, 2013, \$3.8 million for March 31, 2014 to December 31, 2014, \$5.6 million for March 31, 2015 to December 31, 2015, \$7.5 million for March 31, 2016 to December 31, 2016, and \$9.4 million for March 31, 2017 to September 30, 2017, with the remaining principal balance due on the maturity date of December 31, 2017. The Amended and Restated Senior Credit Facility also provides for a \$50.0 million incremental credit facility, subject to customary conditions precedent to borrowing.

Borrowings under the Amended and Restated Senior Credit Facility are guaranteed by each of the Company's domestic subsidiaries (other than Park Royal) and are secured by a lien on substantially all of the assets of the Company and its domestic subsidiaries (other than Park Royal). Borrowings under the Amended and Restated Senior Credit Facility bear interest at a rate tied to the Company's consolidated leverage ratio (defined as consolidated funded debt to consolidated EBITDA, in each case as defined in the Amended and Restated Senior Credit Facility). The Applicable Rate (as defined in the Amended and Restated Senior Credit Facility) for borrowings under the Amended

and Restated Senior Credit Facility was 3.25% for Eurodollar Rate Loans (as defined in the Amended and Restated Senior Credit Facility) and 2.25% for Base Rate Loans (as defined in the Amended and Restated Senior Credit Facility) at September 30, 2013. Eurodollar Rate Loans bear interest at the Applicable Rate plus the Eurodollar Rate (as defined in the Amended and Restated Senior Credit Facility) (based upon the British Bankers Association LIBOR Rate (as defined in the Amended and Restated Senior Credit Facility) prior to commencement of the interest rate period). Base Rate Loans bear interest at the Applicable Rate plus the highest of (i) the federal funds rate plus 1/2 of 1.0%, (ii) the prime rate and (iii) the Eurodollar Rate plus 1.0%. As of September 30, 2013, borrowings under the Senior Secured Credit Facility bore interest at a rate of 3.25%. In addition, the Company is required to pay a commitment fee on undrawn amounts under the revolving line of credit. The Company paid a commitment fee of 0.50% for undrawn amounts for the period from December 31, 2012 through September 30, 2013.

**Table of Contents**

The interest rates and the commitment fee on unused commitments related to the Amended and Restated Senior Credit Facility are based upon the following pricing tiers:

		Rate Loans	Base Rate Loans	
1	<3.5:1.0	2.75%	1.75%	0.40%

The Amended and Restated Senior Credit Facility requires the Company and its subsidiaries to comply with customary affirmative, negative and financial covenants. A breach of any of the restrictions or covenants in our debt agreements could cause a cross-default under other debt agreements. The Company is generally not permitted to issue dividends or distributions other than with respect to the following: (w) certain tax distributions; (x) the repurchase of equity held by employees, officers or directors upon the occurrence of death, disability or termination subject to cap of \$500,000 in any fiscal year and compliance with certain other conditions; (y) in the form of capital stock; and (z) scheduled payments of deferred purchase price, working capital adjustments and similar payments pursuant to the merger agreement or any permitted acquisition.

**12.875% Senior Notes due 2018**

On November 1, 2011, we issued \$150.0 million of 12.875% Senior Notes due 2018 at 98.323% of the aggregate principal amount of \$150.0 million, a discount of \$2.5 million. The notes bear interest at a rate of 12.875% per annum. We pay interest on the notes semi-annually, in arrears, on November 1 and May 1 of each year.

The indenture governing the 12.875% Senior Notes contains covenants that, among other things, limit our ability to: (i) incur or guarantee additional debt or issue certain preferred stock; (ii) pay dividends on our equity interests or redeem, repurchase or retire our equity interests or subordinated debt; (iii) transfer or sell assets; (iv) make certain investments; (v) incur certain liens; (vi) restrict our subsidiaries' ability to pay dividends or make other payments to the Company; (vii) engage in certain transactions with our affiliates; and (viii) merge or consolidate with other companies or transfer all or substantially all of the Company's assets.

The 12.875% Senior Notes issued by the Company are guaranteed by each of our domestic subsidiaries (other than Park Royal), all of which are wholly-owned subsidiaries. The guarantees are full and unconditional and joint and several and the Company, as the parent issuer of the 12.875% Senior Notes, has no independent assets or operations.

On March 12, 2013, we redeemed \$52.5 million of the 12.875% Senior Notes using a portion of the net proceeds of our December 2012 equity offering pursuant to the provision in the indenture permitting an optional redemption with equity proceeds of up to 35% of the principal amount of 12.875% Senior Notes. The 12.875% Senior Notes were redeemed at a redemption price of 112.875% of the principal amount thereof plus accrued and unpaid interest to, but not including, the redemption date in accordance with the provisions of the indenture governing the 12.875% Senior Notes. As part of the redemption of 35% of the 12.875% Senior Notes, the Company recorded a debt extinguishment charge of \$9.4 million, including the premium and write-off of deferred financing costs, which was recorded in debt extinguishment costs in the condensed consolidated statements of operations.

**6.125% Senior Notes Due 2021**

On March 12, 2013, we issued \$150.0 million of 6.125% Senior Notes due 2021. The 6.125% Senior Notes mature on March 15, 2021 and bear interest at a rate of 6.125% per annum, payable semi-annually in arrears on March 15 and September 15 of each year, beginning on September 15, 2013.

The indenture governing the 6.125% Senior Notes contains covenants that, among other things, limit the Company's ability and the ability of its restricted subsidiaries to: (i) pay dividends, redeem stock or make other distributions or

investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) engage in certain transactions with affiliates; (v) create restrictions on dividends or other payments by the restricted subsidiaries; (vi) merge, consolidate or sell substantially all of the Company's assets; and (vii) create liens on assets.

The 6.125% Senior Notes issued by the Company are guaranteed by each of our domestic subsidiaries (other than Park Royal), all of which are wholly-owned subsidiaries. The guarantees are full and unconditional and joint and several and the Company, as the parent issuer of the 6.125% Senior Notes, has no independent assets or operations.

We may redeem the 6.125% Senior Notes at our option, in whole or part, at any time prior to March 15, 2016, at a price equal to 100% of the principal amount of the 6.125% Senior Notes redeemed, plus accrued and unpaid interest to the redemption date and plus an applicable premium. We may redeem the 6.125% Senior Notes, in whole or in part, on or after March 15, 2016, at the redemption prices set forth in the indenture governing the 6.125% Senior Notes plus accrued and unpaid interest to the redemption date. At any time on or before March 15, 2016, we may elect to redeem up to 35% of the aggregate principal amount of the 6.125% Senior Notes at a redemption price equal to 106.125% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings.

**Table of Contents****9.0% and 9.5% Revenue Bonds**

On November 11, 2012, in connection with the acquisition of Park Royal, we assumed debt of \$23.0 million. The fair market value of the debt assumed was \$25.6 million and resulted in a debt premium balance being recorded as of the acquisition date. The debt consisted of \$7.5 million and \$15.5 million of Lee County (Florida) Industrial Development Authority Healthcare Facilities Revenue Bonds, Series 2010 with stated interest rates of 9.0% and 9.5%, respectively. The 9.0% bonds in the amount of \$7.5 million have a maturity date of December 1, 2030 and require yearly principal payments beginning in 2013. The 9.5% bonds in the amount of \$15.5 million have a maturity date of December 1, 2040 and require yearly principal payments beginning in 2031. The principal payments establish a bond-sinking fund to be held with the trustee and shall be sufficient to redeem the principal amounts of the 9.0% and 9.5% Revenue Bonds on their respective maturity dates. The bond premium amount of \$2.6 million is amortized as a reduction of interest expense over the life of the 9.0% and 9.5% Revenue Bonds using the effective interest method.

**Contractual Obligations**

The following table presents a summary of contractual obligations as of September 30, 2013 (dollars in thousands):

	Payments Due by Period				Total
	Less Than 1 Year	1-3 Years	3-5 Years	More Than 5 Years	
Long-term debt (a)	\$ 40,531	\$ 111,212	\$ 301,111	\$ 358,792	\$ 811,646
Operating leases	7,927	12,429	7,551	21,383	49,290
Purchase and other obligations (b)	5,281	2,562	3,080		10,923
Total obligations and commitments	\$ 53,739	\$ 126,203	\$ 311,742	\$ 380,175	\$ 871,859

(a) Amounts include required principal and interest payments. The projected interest payments reflect an interest rate of 3.25% per annum for our variable-rate debt based on the rate in place as of September 30, 2013.

(b) Amounts relate to purchase obligations, including capital lease payments and contingent payments of up to \$7.0 million related to the acquisition of Park Royal in November 2012 that we may make depending upon achievements of certain financial targets over the four-year period ending December 31, 2016.

**Off-Balance Sheet Arrangements**

As of September 30, 2013, we had standby letters of credit outstanding of \$0.4 million related to security for the payment of claims as required by our workers' compensation insurance program.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Our interest expense is sensitive to changes in market interest rates. With respect to our interest-bearing liabilities, our long-term debt outstanding at September 30, 2013 was composed of \$271.4 million of fixed-rate debt and \$313.9 million of variable-rate debt with interest based on LIBOR plus an applicable margin. A hypothetical 10% increase in interest rates would decrease our net income and cash flows by \$0.6 million on an annual basis based upon our borrowing level at September 30, 2013.

## **Item 4. Controls and Procedures**

### **Evaluation of Disclosure Controls and Procedures**

As of the end of the period covered by this report, our management conducted an evaluation, with the participation of our chief executive officer and chief financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the Exchange Act)). Based on this evaluation, our chief executive officer and chief financial officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.
