#### The9 Limited Reports Third and Fourth Quarter 2013 Unaudited Financial Results

**Shanghai, China** March 25, 2014. The 9 Limited (NASDAQ: NCTY) (The 9), an online game developer and operator, announced its unaudited financial results for the third quarter ended September 30, 2013 and the fourth quarter ended December 31, 2013 today.

#### **Financial Highlights:**

Net revenues in the third quarter of 2013 amounted to RMB33.9 million (US\$5.6 million), representing a 29.5% increase from RMB26.2 million (US\$4.3 million) in the second quarter of 2013. Net revenues in the fourth quarter of 2013 amounted to RMB24.8 million (US\$4.1 million), representing a 26.8% decrease from RMB33.9 million (US\$5.6 million) in the third quarter of 2013

In the third quarter of 2013, net loss attributable to holders of ordinary shares was RMB121.5 million (US\$20.1 million), representing a 27.6% decrease from a net loss of RMB167.8 million (US\$27.7 million) in the second quarter of 2013. In the fourth quarter of 2013, net loss attributable to holders of ordinary shares was RMB122.9 million (US\$20.3 million), representing a 1.1% increase from RMB121.5 million (US\$20.1 million) in the third quarter of 2013.

## **Management Comments:**

Jun Zhu, Chairman and Chief Executive Officer of The9 said, We are very excited to introduce Fun Box to the China market. Fun Box is the home entertainment set top box developed by our joint venture ZTE9. Unlike the typical online video and music, Fun Box also enables video conferencing on TV. More importantly, with the gamepad and high-end built-in hardware, Fun Box provides excellent video game experience on TV. We are considering different plans to share the maximum business opportunities of Fun Box to The9 shareholders. For our existing online game business, with the signing of a \$23 million investment deal from Shanghai Oriental Pearl (Group) Co., Ltd., Firefall has entered into the last stage of beta testing. We are planning a large-scale commercial launch of Firefall in 2014.

## Discussion of The9 s Unaudited Third and Fourth Quarter 2013 Results

#### **Net Revenues**

Our net revenues in the third quarter of 2013 amounted to RMB33.9 million (US\$5.6 million), representing a 29.5% increase from RMB26.2 million (US\$4.3 million) in the second quarter of 2013 and a 4.5% increase from RMB32.4 million (US\$5.4 million) in the third quarter of 2012. The increase from the previous quarter was primarily due to an increase in net revenues from Planetside 2 and Firefall, which is in limited beta testing.

Our net revenues in the fourth quarter of 2013 amounted to RMB24.8 million (US\$4.1 million), representing an 26.8% decrease from RMB33.9 million (US\$5.6 million) in the third quarter of 2013 and a 33.5% increase from RMB18.6 million (US\$3.1 million) in the fourth quarter of 2012. The decrease from the previous quarter was primarily due to a decrease in net revenues from several web games. The increase from the fourth quarter of 2012 was primarily due to an increase in net revenues from Planetside 2 and Firefall, which is in limited beta testing.

## Gross Profit (Loss)

Our gross loss in the third quarter of 2013 amounted to RMB8.2 million (US\$1.4 million), compared with a RMB3.0 million (US\$0.5 million) gross profit in the second quarter of 2013 and a gross profit of RMB14.8 million (US\$2.4 million) in the third quarter of 2012. The gross loss in the third quarter of 2013 was primarily due to the impairment of prepaid royalties and deferred cost of Planetside 2 as lower-than-expected revenues were generated.

Our gross profit in the fourth quarter of 2013 amounted to RMB3.0 million (US\$0.5 million), compared to gross loss of RMB8.2 million (US\$1.4 million) in the third quarter of 2013, and a gross loss of RMB1.3 million (US\$0.2 million) in the fourth quarter of 2012. The gross profit in the fourth quarter of 2013 was primarily due to an increase in net revenues from Planetside 2 and Firefall which were sufficient to cover the cost of services.

#### **Operating Expenses**

In the third quarter of 2013, our operating expenses were RMB126.1 million (US\$20.8 million), representing a 15.6% decrease from RMB149.4 million (US\$24.7 million) in the second quarter of 2013 and a 38.5% decrease from RMB205.0 million (US\$33.9 million) in the third quarter of 2012. The decrease from the second quarter of 2013 was primarily due to a decrease in general and administrative expense as a result of the decrease in share-based compensation. The decrease from the third quarter of 2012 was primarily due to a decrease in product development expenses as a result of our restructuring of investments in and termination of certain contractual arrangements with certain game development variable interest entities in the third quarter of 2012, a decrease in marketing expenses related to Firefall, as well as a decrease in general and administrative expense as a result of our cost cutting efforts. In the third quarter of 2013, our share-based compensation was RMB4.6 million (US\$0.8 million), compared to RMB11.8 million (US\$2.0 million) in the second quarter of 2013 and RMB11.4 million (US\$1.9 million) in the third quarter of 2012.

In the fourth quarter of 2013, our operating expenses were RMB126.5 million (US\$20.9 million), representing a 0.3% increase from RMB126.1 million (US\$20.8 million) in the third quarter of 2013 and a 15.0% decrease from RMB148.9 million (US\$24.6 million) in the fourth quarter of 2012. The increase from the third quarter of 2013 was primarily due to the increase in impairment loss on certain equipment, intangible assets and other long-lived assets and the increase in general and administration expenses, offset by the decrease in marketing expenses and product development expenses. The decrease from the fourth quarter of 2012 was primarily due to decrease in marketing expenses, product development expenses and general and administrative expenses, offset by the increase in impairment loss on certain equipment, intangible assets and other long-lived assets. In the fourth quarter of 2013, our share-based compensation was RMB4.9 million (US\$0.8 million), compared to RMB4.6 million (US\$0.8 million) in the third quarter of 2013 and RMB8.2 million (US\$1.3 million) in the fourth quarter of 2012.

#### **Impairment Loss on Investments**

In the fourth quarter of 2013, we recognized an impairment loss of RMB15.2 million (US\$2.5 million) in relation to our investment in an app development company based in Beijing.

#### **Net Loss Attributable to Holders of Ordinary Shares**

As a result of the foregoing, in the third quarter of 2013, our net loss attributable to holders of ordinary shares was RMB121.5 million (US\$20.1 million), representing a 27.6% decrease from RMB167.8 million (US\$27.7 million) in the second quarter of 2013 and a 28.0% decrease from RMB168.7 million (US\$27.9 million) in the third quarter of 2012. Our fully diluted loss per share and per ADS in the third quarter of 2013 was RMB5.31 (US\$0.88), compared to RMB7.34 (US\$1.21) in the second quarter of 2013 and RMB6.88 (US\$1.14) in the third quarter of 2012.

In the fourth quarter of 2013, our net loss attributable to holders of ordinary shares was RMB122.9 million (US\$20.3 million), representing a 1.1% increase from RMB121.5 million (US\$20.1 million) in the third quarter of 2013 and a 6.0% increase from RMB115.9 million (US\$19.1 million) in the fourth quarter of 2012. Our fully diluted loss per share and per ADS in the fourth quarter of 2013 was RMB5.33 (US\$0.88), compared to RMB5.31 (US\$0.88) in the third quarter of 2013 and RMB4.73 (US\$0.78) in the fourth quarter of 2012.
