**EXPLANATORY NOTE**

This Amendment No. 1 on Form 10-Q/A amends our original Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2014. The sole purpose of this Amendment No. 1 is to amend Item 4 of Part I to revise the disclosure on the effectiveness of our disclosure controls and procedures and regarding our internal control over financial reporting. Other than the inclusion with this Amendment No. 1 of new certifications required by Rule 13a-14(a) under the Securities Exchange Act of 1934, as amended, this Amendment No. 1 does not modify, or update any other disclosures contained in, our original Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2014.

**Table of Contents**

**PART I**

**ITEM 4 - CONTROLS AND PROCEDURES**

**Evaluation of Disclosure Controls and Procedures.** An evaluation of the Company's disclosure controls and procedures (as defined in Section 13a-15(e) of the Securities Exchange Act of 1934 (the "Act")) as of March 31, 2014 was carried out under the supervision and with the participation of the Company's Chief Executive Officer, Chief Financial Officer and other members of the Company's senior management. At the time that our Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2014 was filed, management concluded that the Company's disclosure controls and procedures were effective in ensuring that the information required to be disclosed by the Company in the reports it files or submits under the Act is (i) accumulated and communicated to the Company's management (including the Chief Executive Officer and Chief Financial Officer) to allow timely decisions regarding required disclosure, and (ii) recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. However, because of a material weakness in our internal control over financial reporting identified subsequent to March 31, 2014 and further described below, a subsequent evaluation was performed under the supervision and with the participation of the Company's Chief Executive Officer and Chief Financial Officer and the conclusion was that the Company's disclosure controls and procedures were not effective as of March 31, 2014.

**Changes in Internal Control Over Financial Reporting.** In connection with the preparation of annual and quarterly financial statements, the Company's management is responsible for evaluating its internal controls and procedures. This evaluation includes an assessment of the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Act), which are designed to provide reasonable assurance regarding the reliability of the Company's financial reporting and the preparation of the Company's financial statements for external purposes in accordance with generally accepted accounting principles. In connection with the audit of year-end financial statements, the Company's independent registered public accounting firm, KPMG LLP ( "KPMG"), is responsible for auditing both (i) the financial statements to obtain reasonable assurance about whether they are free of material misstatement, and (ii) the effectiveness of the Company's internal control over financial reporting.

Except as otherwise described below, there were no changes in the Company's internal control over financial reporting that occurred during the three months ended March 31, 2014 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting. Subsequent to the issuance of the consolidated financial statements as of and for the year ended December 31, 2013 and subsequent to March 31, 2014, immaterial errors related to prior periods were identified that indicated certain deficiencies existed in the Company's internal control over financial reporting. Specifically, during the year ending 2013, financial reporting resources did not sufficiently complete certain account level reviews that presented a low potential risk of material error to the Company's financial reporting, to ensure that the possibility that the aggregation of all potential errors in these accounts, which were more than remote, could not result in a material misstatement.

The Company has concluded that in 2013 these deficiencies when aggregated could have resulted in a material misstatement of the consolidated financial statements that would not have been prevented or detected on a timely basis, and as such, these control deficiencies result in a material weakness.

The material weakness did not result in any material misstatement of the Company's financial statements and disclosures for the years ended December 31, 2013, 2012, and 2011.

**Table of Contents**

**Remediation and Plans for Remediation.** The Company believes it has made significant progress toward remediation of the underlying causes of the material weakness, having taken a number of actions to remediate this material weakness. Among other things, we have:

Appointed Robert Szniewajs as new Audit Committee chairman and Ronald Nicolas as bank Chief Financial Officer as well as hired additional accounting and finance resources and professionals, including a new Chief Accounting Officer in March 2014, a new Controller in March 2014, a Director of Accounting Policy in May 2014, and a new Director of Internal Audit, together with other new hires in the accounting, finance, and audit departments;

Designed new controls around the review and analysis of the allowance for loan and lease losses ( ALLL ) including the addition of a new Credit Risk Analytics team to oversee the ALLL process;

Implemented a new automated equity accounting software platform for stock-based compensation that eliminates the reliance on manual review of significant spreadsheets; and

Established a Sarbanes-Oxley steering committee in 2014 that meets bi-weekly with the participation of the Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, and the Director of Internal Audit.

The Company and its Board of Directors are committed to maintaining a strong internal control environment, and believe that these remediation efforts represent significant improvements in our control environment. The identified material weakness in internal control will not be considered fully addressed until the internal controls over these areas have been in operation for a sufficient period of time for our management to conclude that the material weakness has been fully remediated. The Company will continue to work on implementing and testing the new controls in order to make this final determination.

The Company does not expect that its disclosure controls and procedures and internal control over financial reporting will prevent all errors and fraud. A control procedure, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control procedure are met. Because of the inherent limitations in all control procedures, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the control. The design of any control procedure also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control procedure, misstatements due to error or fraud may occur and not be detected.
