Secondary Offering

On November 23, 2015, The J. M. Smucker Company (the Company) announced that Blue Holdings I, L.P. (the Selling Shareholder) intends to offer for sale in an underwritten secondary offering 3,861,650 shares of the Company's common stock pursuant to the Company's shelf registration statement filed with the Securities and Exchange Commission (the SEC). The Company originally issued to the Selling Shareholder 17,061,079 shares of common stock on March 23, 2015 in connection with its acquisition of Big Heart Pet Brands (the Big Heart Acquisition). The shares to be sold by the Selling Shareholder represent 100% of the ownership interests attributable to affiliates of Vestar Capital Partners (Vestar). The Company is not selling any shares and will not receive any proceeds from the proposed offering. Previously, on July 15, 2015, the Selling Shareholder sold 4,921,934 shares in an underwritten secondary offering, which represented 100% of the ownership interests attributable to affiliates of Centerview Capital Management LLC (Centerview) and AlpInvest US Holdings, LLC (the July 2015 Secondary Offering), and on September 25, 2015, the Selling Shareholder sold 8,277,495 shares in an underwritten secondary offering (the September 2015 Secondary Offering), which represented 100% of the ownership interests attributable to affiliates of Kohlberg Kravis Roberts & Co. L.P. (KKR).

In connection with the Big Heart Acquisition, each of Centerview, KKR and Vestar was granted the right to designate a board observer to the Company's Board of Directors, which rights terminate if the applicable investor beneficially owns less than 50% of the shares of the Company initially owned by it upon completion of the Big Heart Acquisition. As previously disclosed, upon completion of the July 2015 Secondary Offering, Centerview ceased to be the beneficial owner of any of the Company's shares and lost its right to designate a board observer, and upon completion of the September 2015 Secondary Offering, KKR ceased to be the beneficial owner of any of the Company's shares and lost its right to designate a board observer. The Selling Shareholder has advised the Company that Vestar is also expected to lose its right to a board observer upon completion of the proposed offering.

Morgan Stanley and Credit Suisse will act as the underwriters for the offering. The Company has filed a registration statement (File No. 333-197428) (including a prospectus and a prospectus supplement) with the SEC for the offering, and the Company intends to file a further prospectus supplement with respect to the offering. Before investing, investors should read the prospectus and prospectus supplements in that registration statement and other documents the Company has filed with the SEC for more complete information about the Company and the offering. Investors may obtain these documents for free by visiting EDGAR on the SEC Web site at: www.sec.gov. Alternatively, copies of the prospectus supplements and accompanying prospectus relating to the offering, when available, may be obtained by writing or telephoning us at The J. M. Smucker Company, Attention: Corporate Secretary, One Strawberry Lane, Orrville, Ohio 44667, (330) 684-3838.

The foregoing will not constitute an offer to sell or the solicitation of an offer to buy any securities nor will there be any sale of the securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or other jurisdiction. The proposed offering of the shares of common stock is being made only by means of one or more prospectus supplements and a related prospectus.

Previously Announced Fiscal 2016 Second Quarter Results

The following information was previously disclosed by the Company and is being reproduced below in connection with the secondary offering.

On November 19, 2015, the Company announced results for the second quarter ended October 31, 2015, of its 2016 fiscal year. All comparisons are to the second quarter of the prior fiscal year, unless otherwise noted.

Executive Summary

Net sales increased \$595.9 million, or 40 percent, reflecting the contribution of Big Heart Pet Brands (Big Heart), acquired in fiscal 2015, and growth within the U.S. Retail Coffee segment.

Net income per diluted share was \$1.47, a decrease of 5 percent, as the benefit from Big Heart operations was offset by merger and integration costs, higher interest expense, and the impact of additional shares outstanding.

Non-GAAP income per diluted share was \$1.62, an increase of 6 percent, while adjusted non-GAAP income per diluted share, which excludes amortization, was \$1.91, an increase of 13 percent.

Free cash flow was \$211.0 million, reflecting the benefits of the Company's working capital reduction initiatives.

Results for the period ended October 31, 2015, include the operations of Big Heart, which was acquired after the comparable prior year period, and the incremental impact of Sahale Snacks, Inc. (Sahale), which was acquired on September 2, 2014. Adjusted non-GAAP income per diluted share excludes the noncash impact of amortization.

Net sales increased reflecting the contribution of \$576.7 million from Big Heart. Excluding Big Heart, the incremental impact of Sahale, and foreign currency exchange, net sales increased \$35.8 million, or 2 percent. This was driven by favorable volume/mix led by the U.S. Retail Coffee segment. Net price realization was 3 percentage points lower, reflecting lower net pricing for coffee and peanut butter.

Gross profit increased \$250.8 million, or 47 percent, primarily due to the addition of Big Heart. Excluding Big Heart, gross profit was higher, driven by *Dunkin' Donuts*® K-Cup® pods, which were introduced in May 2015, and other favorable volume/mix within the U.S. Retail Coffee segment. The impact of lower net pricing was offset by a reduction in commodity costs.

Selling, distribution, and administrative expenses increased \$137.4 million, or 54 percent, primarily driven by the addition of Big Heart, higher selling expense due to royalties related to *Dunkin' Donuts*® K-Cup® pods, and a planned increase in marketing expense. Amortization expense also increased driven by the Big Heart acquisition.

Operating income increased \$59.0 million, or 23 percent, reflecting the addition of Big Heart, partially offset by an increase in merger and integration costs.

On a non-GAAP basis, gross profit increased \$255.1 million, or 48 percent, and operating income increased \$91.1 million, or 36 percent.

Net interest expense increased \$26.4 million, due to the impact of acquisition-related debt issued in the fourth quarter of 2015. Income taxes increased \$13.0 million due to an increase in income before income taxes and a higher effective tax rate. The quarterly effective tax rate increased from 33.7 percent to 34.7 percent.

For the quarter, cash provided by operating activities was \$275.4 million, compared to \$92.0 million in the prior year. The change in operating cash flow was primarily attributed to an increase in net income adjusted for noncash items and a decrease in working capital, including lower inventory levels. The Company's working capital initiatives and lower green coffee costs were key drivers of the reduced inventory.

Second Quarter Segment Results

Dollar amounts in the segment tables below are reported in millions.

U.S. Retail Coffee

	Net Sales	Segment Profit	Segment Profit Margin
FY16 Q2 Results	\$ 586.1	\$ 161.7	27.6%
Change vs prior year	10%	7%	-80bps

Segment net sales increased \$53.1 million reflecting favorable volume/mix which contributed 13 percentage points of growth, primarily driven by *Dunkin' Donuts*® K-Cup® pods. The Folgers® brand also contributed to net sales growth as volume gains on mainstream roast and ground offerings more than offset lower net price realization. Segment profit increased \$10.5 million reflecting the contribution from *Dunkin' Donuts*® K-Cup® pods, other favorable volume/mix, and the benefit of lower costs which were mostly offset by lower prices. These combined benefits to segment profit more than offset an increase in marketing expenses.

U.S. Retail Consumer Foods

	Net Sales	Segment Profit	Segment Profit Margin
FY16 Q2 Results	\$ 644.0	\$ 125.4	19.5%
Change vs prior year	(3%)		60bps

Segment net sales decreased \$20.4 million as net price realization was lower, reflecting price declines on the *Pillsbury*® and *Jif*® brands in July 2015 and November 2014, respectively. Favorable volume/mix contributed 1 percentage point of growth to net sales, led by *Smucker's Uncrustables*® frozen sandwiches and *Eagle Brand*® canned milk. The Sahale business contributed an incremental \$3.8 million. Segment profit was flat as lower net price realization and higher manufacturing overhead costs offset overall lower commodity costs, primarily for milk, peanuts, and oils, and the impact of favorable volume/mix.

U.S. Retail Pet Foods

	Net Sales	Segment Profit	Segment Profit Margin
FY16 Q2 Results	\$ 566.7	\$ 88.2	15.6%

The segment contributed net sales of \$566.7 million, representing low single-digit percent growth compared to Big Heart's results for the second quarter of the prior year, which were reported under previous ownership. The net sales increase was driven by growth in *Milk-Bone*® dog snacks and the *Natural Balance*® brand, while declines in *Kibbles 'n Bits*® dry dog food offset much of the overall growth. Profit decreased at a low double-digit percent rate from the comparable measure in the prior year, driven by higher amortization expense related to the acquisition and a planned increase in marketing expense in support of new item launches. This was partially offset by favorable volume/mix and lower commodity costs.

International and Foodservice

	Net Sales	Segment Profit	Segment Profit Margin
FY16 Q2 Results	\$ 280.9	\$ 50.0	17.8%
Change vs prior year	(1%)	33%	460bps

Net sales decreased \$3.5 million, as an unfavorable \$20.9 million impact of foreign currency exchange more than offset the \$10.0 million contribution from Big Heart and the incremental impact of Sahale. Volume/mix was favorable, contributing 2 percentage points of growth to net sales, and net price realization was higher. Segment profit increased \$12.4 million, benefiting from higher net price realization in Canada which helped offset costs attributed to sourcing certain products from the U.S., reflecting the impact of a weaker Canadian dollar compared to a year ago. Favorable volume/mix in Foodservice, led by *Smucker's*[®] *Uncrustables*[®] frozen sandwiches, also contributed to profit growth.

Non-GAAP Measures

The Company uses non-GAAP financial measures including: net sales excluding the noncomparable impact of acquisitions and foreign currency exchange; non-GAAP gross profit, operating income, income, and income per diluted share; adjusted non-GAAP income and income per diluted share; earnings before interest, taxes, depreciation, and amortization (EBITDA); and free cash flow as key measures for purposes of evaluating performance internally. The Company believes that these measures provide useful information to investors because they are the measures used to evaluate performance on a comparable year-over-year basis. Non-GAAP profit measures exclude certain items affecting comparability. These items can significantly affect the year-over-year assessment of operating results and include specific restructuring and merger and integration projects (special project costs) that are each nonrecurring in nature as well as unallocated gains and losses on commodity and foreign currency exchange derivatives (unallocated derivative gains and losses). Adjusted non-GAAP income per diluted share further excludes the noncash impact of amortization. The Company believes this provides investors an additional metric to evaluate performance and the ability to generate cash necessary to achieve its deleveraging objectives. These non-GAAP financial measures are not intended to replace the presentation of financial results in accordance with U.S. generally accepted accounting principles (GAAP). Rather, the presentation of these non-GAAP financial measures supplements other metrics used by management to internally evaluate its businesses, and facilitates the comparison of past and present operations and liquidity. These non-GAAP financial measures may not be comparable to similar measures used by other companies and may exclude certain nondiscretionary expenses and cash payments. A reconciliation of certain non-GAAP financial measures to the comparable GAAP financial measure for the current and prior year periods is included in the Unaudited Non-GAAP Financial Measures tables.
