**Profit Warning**

This announcement is made by China Unicom (Hong Kong) Limited (the Company, together with its subsidiaries, the Group) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

In 2016, the Company endeavoured to attain long-term sustainable development, actively promoted the implementation of the new development strategy centred on Focus, Cooperation and Innovation and strived to mitigate the underlying shortcomings. The Company showed early signs of turning around the unfavourable conditions in business development. Business momentum and service revenue stopped deteriorating and stabilized. Our mobile business has achieved initial success in overcoming operational challenges and mobile billing subscribers reached 264 million in 2016, registering a net addition of 11.505 million and successfully turning around the downward trend in mobile subscribers for consecutive months in 2015. Within that, the number of 4G subscribers reached 105 million, representing a net addition of 60.395 million. To promote long-term sustainable development, the Company braved short-term profit pressure, strengthened its fundamental capabilities, and increased cost initiatives as appropriate to strive for a gradual turnaround. The profit attributable to the equity shareholders of the Company in 2016 is expected to be down by about 94% as compared to 2015, but it showed significant improvement from the loss attributable to the equity shareholders of the Company (excluding the gain on disposal of tower assets) of approximately RMB 3,363 million in the second half of 2015. The profit attributable to the equity shareholders of the Company decreased in 2016 mainly because no gain on disposal of tower assets was expected in 2016, the addition of tower usage fee, higher energy charges and property rentals, etc. led to an expected substantial increase year-on-year in network, operation and support expenses in 2016, and selling and marketing expenses were expected to increase substantially year-on-year in 2016. Going forward, the Group will strengthen the determination in upholding the strategies and execution capability, and continue to deepen implementation of Focus Strategies in order to steer the Group onto the path of healthy development
