EXPLANATORY NOTE

This Amendment No. 1 on Form 10-K/A amends our Annual Report on Form 10-K for the year ended December 31, 2006 originally filed March 14, 2007 (“Original Annual Report”). We are filing this amendment, in part, to amend Part III of the Original Annual Report to include the information required by and not included in Part III of the Original Annual Report because we now do not intend to file our definitive proxy statement within 120 days of the end of our fiscal year ended December 31, 2006. Item 9b of Part II of the Original Annual Report is also amended by this Amendment No. 1 to inform shareholders of the new deadline for submission of shareholder proposals. In connection with the filing of this Amendment and pursuant to the rules of the Securities and Exchange Commission, we are including with this Amendment new certifications by our principal executive and principal financial officers. Accordingly, Item 15 of Part IV has also been amended to reflect the filing of these new certifications.

Except as described above, no other changes have been made to the Original Annual Report. The Original Annual Report continues to speak as of the date of the Original Annual Report, and we have not updated the disclosures contained therein to reflect any events which occurred at a date subsequent to the filing of the Original Annual Report other than as expressly indicated in this Amendment No.1. In this Amendment No. 1, unless the context indicates otherwise, the terms “Company,” “we,” “us,” and “our” refer to First Albany Companies Inc. and its subsidiaries. Other defined terms used in this Amendment No. 1 but not defined herein shall have the meaning specified for such terms in the Original Annual Report.

All statements in this Amendment No. 1 that are not historical are forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements can generally be identified as such because the context of the statement will include words such as “may,” “will,” “intend,” “plans,” “believe,” “anticipates,” “expects,” “estimates,” “predicts,” “potential,” “continue,” “opportunity,” “goals,” or “should,” the negative of or words of similar import. Similarly, statements that describe our future plans, strategies, intentions, expectations, objectives, goals or prospects are also forward-looking statements. These forward-looking statements are or will be, as applicable, based largely on our expectations and projections about future events and future trends affecting our

business, and so are or will be, as applicable, subject to risks and uncertainties including but not limited to the risk factors discussed in the Original Annual Report, that could cause actual results to differ materially from those anticipated in the forward-looking statements. We caution investors that there can be no assurance that actual results or business conditions will not differ materially from those projected or suggested in such forward-looking statements. Our views and the events, conditions and circumstances on which these future forward-looking statements are based, may change.

PART II

Item 9b *Other Information*

On March 6, 2007, the Company and First Albany Capital entered into an Asset Purchase Agreement (the “Agreement”) with DEPFA. Pursuant to the Agreement, DEPFA will purchase the Municipal Capital Markets Group, which consists primarily of the Company’s Municipal Capital Markets segment (see “Segment Analysis” note to the Consolidated Financial Statements), and certain assets of the Company and First Albany Capital related thereto as described in the Agreement for a purchase price of \$12,000,000 in cash, subject to certain upward and downward adjustments, including a downward adjustment in the event certain employees of the Municipal Capital Markets Group do not have effective employment arrangements in place with DEPFA on the closing date or are not otherwise able to perform the essential functions of their jobs with DEPFA following the closing. Further, pursuant to the Agreement, DEPFA will purchase First Albany Capital’s municipal bond inventory used in the business of the Municipal Capital Markets Group, which is expected to range in value at closing from between \$150,000,000 to \$200,000,000.

The purchase price for the municipal bond inventory will be based on First Albany Capital’s estimate of the fair market value of each bond in inventory at the close of business on the business day prior to the closing (the “Municipal Bond Purchase Price”). The Municipal Bond Purchase Price will be subject to adjustment, upward or downward, dollar-for-dollar, by the amount, if any, by which the Municipal Bond Purchase Price differs from the valuation price for the municipal bond inventory at the close of business on the business day prior to the closing as determined by a third party municipal bond valuation service. Pursuant to the Agreement, 5% of the Municipal Bond Purchase Price will be deposited into escrow at the closing to be held by a third party escrow agent to secure the purchase price adjustment with respect to the municipal bond inventory.

In connection with the transaction, DEPFA shall assume certain contractual obligations of the Company and First Albany Capital and acquire the right to use the name “First Albany” and any derivative thereof except for certain exceptions.

The Agreement contains customary representations, warranties and covenants, as well as covenants (i) in the case of First Albany Capital, to conduct its business in the ordinary course substantially as presently conducted during the interim period between the execution of the Agreement and the closing, as well as to maintain certain capital levels in respect to both First Albany Capital and the municipal bond inventory of the Municipal Capital Markets Group and (ii) in the case of both the Company and First Albany Capital, to (a) seek any necessary consents in order to allow DEPFA to sublet or otherwise use certain leased real property currently used by the Company or First Albany Capital, (b) provide certain transitional services to DEPFA and (c) not compete with the Municipal Capital Markets Group for 10 years following the closing, subject to certain carve-outs, including First Albany Capital’s ability to continue to operate its Fixed Income Middle Market Group.

Pursuant to the Agreement, the non-competition covenant of the Company and First Albany Capital discussed above will not be binding on the successors and assigns of either party in the event of the sale, merger or other disposition of either the Company or First Albany Capital following the closing date except that if such disposition occurs prior to the third anniversary of the closing date and the successor or acquiring person is not engaged in the business of underwriting, advisory services, sales and trading of U.S. municipal bonds or other similar securities, such successor or acquiror will be bound by the non-competition covenant until the third anniversary of the closing date.

The consummation of the transactions contemplated by the Agreement is subject to customary conditions, as well as conditions regarding (i) the accuracy of representations and warranties, (ii) the performance of covenants, (iii) the receipt of required regulatory approvals, including DEPFA obtaining a U.S. broker-dealer license, (iv) the approval of the shareholders of the Company of the Company's name change from "First Albany", (v) the Company and each of its subsidiaries changing its name to not include "First Albany" or any derivative thereof except for certain exceptions, (vi) the effectiveness of employment arrangements executed by certain employees of the Municipal Capital Markets Group with DEPFA and the ability of such employees to perform the essential functions of their jobs with DEPFA following the closing (the "Employee Condition") and (vii) the availability to DEPFA of reasonably sufficient office space in the Company's New York offices or otherwise in the Borough of Manhattan in order to operate the Municipal Capital Markets Group.

Pending satisfaction of the closing conditions discussed above, the closing is currently expected to occur in the third quarter of 2007. Pursuant to the Agreement, in the event the closing has not taken place on or before September 30, 2007, either First Albany Capital or DEPFA may terminate the Agreement. In the event all of the closing conditions as discussed above have been satisfied or waived, or are capable of being satisfied by September 30, 2007, except for the Employee Condition, and the Agreement is terminated by DEPFA because of the failure to satisfy the Employee Condition or by First Albany Capital because the closing shall not have occurred by September 30, 2007, then DEPFA shall pay to First Albany Capital a termination fee of \$2,400,000.

The Agreement provides that the Company and First Albany Capital will be obligated to indemnify DEPFA and certain related parties for losses incurred in connection with (i) breaches of representations, warranties and covenants, (ii) excluded liabilities and (iii) non-compliance with applicable bulk sale transfer laws. The indemnification obligations of the Company and First Albany Capital are limited, with certain exceptions, to losses that, in the aggregate, exceed \$500,000, subject to a cap of \$3,000,000. Pursuant to the Agreement, losses incurred in connection with excluded liabilities and breaches of representations and warranties relating to First Albany Capital having good and marketable title to, and the power to transfer free and clear, the municipal bond inventory of First Albany Capital to be transferred to DEPFA at closing are not subject to the cap of \$3,000,000.

The Agreement provides that DEPFA will be obligated to indemnify the Company and First Albany Capital and certain related parties for losses incurred in connection with (i) breaches of representations, warranties and covenants, (ii) employment-related obligations incurred following the closing with respect to employees of the Municipal Capital Markets Group who accept employment with DEPFA and (iii) assumed liabilities. The indemnification obligations of DEPFA are limited, with certain exceptions, to losses that, in the aggregate, exceed \$500,000, subject to a cap of \$3,000,000. Pursuant to the Agreement, losses incurred in connection with assumed liabilities are not subject to the cap of \$3,000,000.

Assuming completion of the transactions contemplated by the Agreement, the Company anticipates that it would seek to consolidate and reduce its fixed expenses associated with its overhead, back office and real estate consistent with its continuing businesses. The Company has not yet committed itself to any specific plan in this regard, however, and costs associated with any such actions are not currently estimable.

The Company expects to file the Agreement as an exhibit to its Quarterly Report on Form 10-Q for the period ended March 31, 2007. We encourage you to read the Agreement for a more complete understanding of the transactions.

Shareholder Proposals

Due to the fact that the Annual Meeting of Shareholders for 2007 has been delayed by more than thirty days from the date of last year's annual meeting, the deadline for submission of shareholder proposals has been amended as follows: If a shareholder intends to present a proposal at the Company's Annual Meeting of Shareholders to be held on June 26, 2007 and seeks to have the proposal included in the Company's proxy statement relating to that meeting, pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended, the proposal must be received by the Company no later than the close of business on May 14, 2007.

If a shareholder wishes to present a matter at the Company's Annual Meeting of Shareholders to be held on June 26, 2007 that is outside of the processes of Rule 14a-8, the deadline for receipt of proposals remains unchanged: any proposal must have been received by the Company no earlier than February 15, 2007 and no later than the close of business on March 7, 2007. After that date, the proposal will be considered untimely and the Company's proxies will have discretionary voting authority with respect to such matter.

Item 11 *Executive Compensation*

Compensation Discussion & Analysis

Compensation Philosophy. 2006 was a year of transition for the Company. In June, the Board adopted a new strategic plan for the Company and appointed a new chief executive officer and a new chief financial officer to implement it. It also focused much of its efforts on retaining those key employees necessary for the continued viability of the Company. While the Company's overall compensation philosophy of pay for performance has not changed, the Company's compensation practice continues to evolve.

Compensation Components. In the financial services industry, base salaries tend to be a relatively modest portion of the total compensation of the Company's employees, including its executive officers, as compared to annual cash bonuses and equity-related grants. Base salaries at the Company are typically set at levels that the Executive Compensation Committee believes are generally competitive with those of executive officers in similar positions at comparable financial services companies. A significant portion of the total compensation has been historically paid in the form of annual cash bonuses. This practice is intended to maximize the portion of an individual's compensation that is subject to fluctuation each year based upon corporate and individual performance. Equity-related grants make up the other important component of total compensation and focus on longer-term company objectives. As a result, the predominant portion of our executive officers' compensation is directly related to short and long-term corporate performance.

We continue to believe that the compensation of our executive officers should be structured to link the executives' financial reward directly to the performance of the business unit they lead or, as the case may be, to the performance of the Company as a whole as well as to their individual performance.

In June 2006, the Company entered into employment agreements with Mr. McNierney (our chief executive officer), Mr. Coad (our chief financial officer) and Mr. Goldberg (our former chief executive officer and current vice chairman). The employment agreements were structured both to retain and energize the new management team of Messrs. McNierney and Coad, to ensure a smooth transition from Mr. Goldberg to Mr. McNierney as chief executive officer and to promote Mr. Goldberg's new role as policy adviser to the Board.

Base Salary. Base salaries are typically set by reference to job position within the Company with increases as a reward for superior performance or as a means to attract or retain necessary executive talent. The Executive Compensation Committee considers the chief executive officer's recommendations in determining the salary of each of the other executive officers. The base salaries of Messrs. McNierney, Coad and Goldberg were agreed upon in their employment agreements. Messrs. Goldberg, McNierney and Coad were given increases over their prior salaries. The increase in Messrs. Goldberg and McNierney's base salaries was given in order to restore their salaries to their 2005 levels. The increase in Mr. Coad's base salary was given in recognition of the increase in his responsibilities to the Company. There was no change in the salaries for Messrs. Fox and McNamee.

Annual Cash Bonus. In 2006, in light of the Company's newly adopted business plan and turnover in management, annual cash bonuses were handled differently from past practice. Under their employment agreements, Mr. McNierney and Mr. Coad each were given the opportunity to earn an annual bonus with a target amount set by the Board and with bonus objectives consistent with the Company's strategic plan developed by the Board after consultation with Mr. McNierney. For 2006, the bonus for each of Messrs. McNierney and Coad was based upon the Executive Compensation Committee's qualitative assessment of the overall success in implementation of the Company's strategic plan in the second half of the year and of his individual contribution to such success.

In accordance with his agreement, Mr. Goldberg did not receive a bonus for 2006. Mr. Fox's bonus was also determined by the Executive Compensation Committee in consultation with the chief executive officer and based on a qualitative assessment of his performance in 2006. In setting Mr. Fox's bonus, the Executive Compensation Committee also took into account the cash payment made to Mr. Fox in August of 2006 in recognition of the additional responsibilities added to his position at that time. Mr. McNamee's bonus was set in recognition of his contribution to the Company through the profitability of the Company's investments as well as his contribution to the Company's investment banking activities.

Historically, annual cash bonuses have been paid pursuant to the Senior Management Bonus Plan. The specific bonus an executive received was determined by the Executive Compensation Committee with reference to his level of responsibility, individual performance and the performance of his or her business unit and/or the Company. The Executive Compensation Committee evaluated levels of responsibility annually. The Executive Compensation Committee also made assessments of individual performance annually after receiving the recommendations of the chief executive officer. The approved recommendations were based on a number of factors, including the achievement of pre-established individual and corporate performance targets, but also initiative, business judgment, management skills and potential contribution to the firm. The Executive Compensation Committee intends to reestablish this bonus practice.

Long-Term Equity Incentives. The Company had historically relied upon annual grants of stock options and, then in the last two years, restricted stock to retain its executive officers and to focus them on increasing shareholder value over the long term. These grants were made in mid-February in conjunction with the payment of annual cash bonuses for the prior fiscal year and were based upon job level, Company and individual performance during the prior fiscal year. The Executive Compensation Committee determined at the time of the spring annual grants that no executive officers would receive equity grants with respect to 2005. Mr. Coad did receive a restricted stock grant prior to his promotion to chief financial officer in accordance with the Company's annual award practice. Certain extraordinary grants of restricted stock were made to executive officers in 2006. Each of Messrs. McNierney and Coad received a restricted stock grant in June 2006 upon their promotion to their current positions, and Mr. Fox received a restricted stock grant in May 2006 under a retention bonus plan established by the Company to retain its key employees. None of the other executive officers received any equity grants in 2006.

Because of the decline in the Company's stock price over the last year, management and the Executive Compensation Committee became increasingly concerned that existing equity awards were not sufficient to retain key employees and to appropriately motivate outstanding performance. To address this concern and to properly incentivize employees and executive officers to achieve the Company's 2007 operating plan, the Company decided to overhaul its outstanding equity award program.

On March 27, 2007, the Company launched an offer to exchange each outstanding share of restricted stock for three cash-settled and/or stock-settled stock appreciation rights with an exercise price of fair market value on the date of grant. Employees who choose to participate in the exchange (including the executive officers) would then have a greater interest in increasing stock value from its current price as their gain would be three times what it would have been with the share of restricted stock provided the stock price rises. This offer to exchange is scheduled to expire on May 9, 2007. In addition, the Company will offer employees the opportunity to exchange outstanding currently underwater options for new options at an exercise price of fair market value on the date of grant. This offer is subject to shareholder approval which the Company intends to seek at its next annual meeting of shareholders. Both programs are intended to re-energize employees and to focus them on the future growth of the Company in a difficult environment.

The Company is also contemplating implementing a new equity plan, subject to shareholder approval. If approved, the Company intends to implement new performance-based equity incentive programs under the plan, including a leveraged equity unit program. Targeted at key employees (including the executive officers), it would provide a leveraged equity award with payouts increasing exponentially as a result of improved EPS and stock price. Whatever programs may be adopted, the Company is determined to reward only performance that directly benefits the Company's shareholders.

Deferred Compensation Plans. Historically, the Company has offered its employees, including its executive officers, tax planning opportunities through nonqualified deferred compensation plans. It first adopted the Deferred Compensation Plan for Key Employees and the Deferred Compensation Plans for Professional and Other Highly Compensated Employees (the "Predecessor Plans"). It then froze these plans in 2005 and adopted new plans (the 2005 Deferred Compensation Plan for Key Employees ("Key Plan") and the 2005 Deferred Compensation Plan for Professional and Other Highly Compensated Employees ("Professional Plan") (collectively, the "2005 Plans")) as a result of changes in the tax laws. However, the Company has decided to freeze the 2005 Plans as well. As a result of declining participation, the costs of administering the 2005 Plans were determined to outweigh the benefits of maintaining them.

Equity-Based Awards Policy. The Executive Compensation Committee made specific stock option, restricted stock and other equity-based awards (the "Equity-Based Awards") to employees of the Company. Management of the Company provided recommendations to the Executive Compensation Committee with respect to the Equity-Based Awards and the Executive Compensation Committee met as necessary to consider such awards on a timely basis. All

Equity-Based Awards approved by the Executive Compensation Committee were granted as of the date of approval, and the exercise price of any Equity-Based Awards (as applicable) awarded was fixed as of the closing price on the date of grant.

Termination of Employment; Change in Control. The Company does not have a severance plan or change in control plan in place for its employees or its executive officers generally. Under their employment agreements, Messrs. McNierney and Coad would receive severance payments upon their termination of employment by the Company without cause or for good reason. The Company believed it necessary to provide this protection to Messrs. McNierney and Coad in return for their taking on responsibility for implementing the Company's new strategic plan. For the same reasons, the Company offered tax gross ups to Messrs. McNierney and Coad for any excise taxes they might incur as a result of a change in control of the Company. Under his agreement, Mr. Goldberg will continue to receive his salary until the end of his contract regardless of any termination of employment unless he voluntarily leaves or is terminated by the Company for cause. The Company believed that this would help to promote a smoother organizational transition.

Mr. Paul Kutey resigned as acting Chief Financial Officer in June 2006, and subsequently from the firm in August 2006. In return for a general release of possible claims against the Company, an agreement not to solicit employees of the Company and for an agreement to cooperate with transition matters, the Company paid Mr. Kutey a lump sum amount of \$300,000.

No individual separation agreement was entered into with Mr. Fox upon his departure in February 2007.

Most of the Company's outstanding equity awards vest immediately upon a change in control. However, restricted stock awards granted in May 2006 under the retention bonus plan vest ahead of schedule only upon a termination of employment for good reason or without cause in connection with the change in control. Of the named executive officers, only Mr. Fox received a restricted stock award subject to such provisions (which was forfeited upon his departure). This change in the 2006 awards was designed to help retain people in their jobs in the event of a change in control.

Tax and Accounting. Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), places a limit on the tax deduction for compensation in excess of \$1 million paid to certain "covered employees" of a publicly held corporation (generally the corporation's chief executive officer and its next four most highly compensated executive officers in the year that the compensation is paid). Compensation that is considered qualified "performance-based compensation" generally does not count toward Section 162(m)'s \$1 million deduction limit. While the Company is mindful of the limitations that Section 162(m) may have on the deductibility of compensation, the Company also determined that other reasons for compensation structure could sometimes take precedence over potential tax deductions. The Senior Management Bonus Plan is designed to assure that all annual bonus compensation paid to our covered employees is considered qualified performance-based compensation within the meaning of Section 162(m). Although based on Company and individual performance, cash bonuses paid to executive officers in 2006 did not technically qualify as performance-based compensation due to the shift in performance objectives in June to correspond with the new Company strategic plan. Also, the restricted stock grants, as they vest based upon service only, also do not technically qualify as performance-based compensation under Section 162(m). Nonetheless, the only executive officer that received compensation for which the Company could not take a deduction by reason of Section 162(m) was Mr. McNierney.

Going forward, most awards under the 2007 Incentive Plan (including its leveraged equity unit program), if it is approved by shareholders, will be able to qualify as performance-based compensation for purpose of Section 162(m) as will any bonuses granted in accordance with the terms of the Senior Management Bonus Plan.

¹ Amounts set forth in the Stock Awards and Option Awards columns represent the amounts recognized as compensation expense for financial statement reporting purposes in fiscal year 2006 by the Company with respect to restricted stock and option awards, respectively, in accordance with FAS 123R (disregarding the estimate of forfeitures related to service-based vesting conditions). A discussion of the assumptions used in this valuation with respect to awards made in fiscal year 2006 may be found in Footnote 16 of the Company's consolidated financial statements for fiscal year 2006 contained in the Company's Annual Report on Form 10-K. Discussions of assumptions used in prior fiscal years may be found in corresponding footnotes for such fiscal years' consolidated financial statements. Dividends or dividend equivalents are paid on shares of restricted stock at the same rate, and at the same time, that dividends are paid to shareholders of the Company.

² Represents earnings credited to the accounts of Named Executive Officers under the Company's nonqualified deferred compensation plans (the Predecessor Plans and the 2005 Plans). For Messrs. McNamee and Goldberg, such earnings were negative numbers (\$24,611) and (\$72,017), respectively.

³ Represents contributions by the Company to the Company's nonqualified deferred compensation plans on behalf of Messrs. McNamee and Fox, although Mr. Fox forfeited this amount upon his termination from employment on February 16, 2007. Includes payment of legal fees in connection with the negotiation of Messrs. McNierney and Coad's employment agreements with the Company (\$26,964 and \$8,988, respectively) and tax gross ups on such payments (\$22,916 and \$4,454, respectively). Includes payment of relocation expenses for Mr. Coad of \$15,171. Represents payments made to Mr. Kutey in connection with his termination of employment on August 15, 2006.

¹ Market Value is computed by multiplying the closing market price of the Company's stock at the end of fiscal year 2006 (\$2.32) by the number of shares subject to the award.

² 50% of these awards of restricted stock will vest on June 30, 2007 and 50% on June 30, 2008. These awards will fully vest upon termination of the Named Executive Officer's employment without cause or his resignation for good reason. Upon termination of employment for any other reason, any unvested shares of restricted stock will be cancelled and the Named Executive Officer will forfeit any rights or interests in the restricted stock award.

³ This award will vest in equal annual installments of approximately 33% over a three year period from date of grant, subject to continued employment under the terms of the 1999 Long-Term Incentive Plan. The grant date(s) for each recipient is as follows: Mr. Coad: January 29, 2004, February 2, 2005, February 15, 2006, and June 30, 2006; Mr. Fox: August 19, 2004, March 7, 2005, and May 16, 2006; Mr. Goldberg: January 29, 2004 and March 7, 2005; Mr. McNamee: January 29, 2004 and March 7, 2005; and Mr. McNierney: February 8, 2005 and June 30, 2006.

⁴ Upon his termination from employment on February 16, 2007, Mr. Fox forfeited all of his unexercisable options and unvested restricted stock other than 1,097 shares that will continue to vest so long as Mr. Fox complies with certain specified covenants. Any exercisable options that Mr. Fox has not exercised within 90 days following his termination of employment on February 16, 2007 will also be forfeited.

Deferred Compensation Plans.

The Company maintains the 2005 Plans to provide an opportunity for eligible employees to defer the receipt of their salary, bonuses and commissions. Under each of the 2005 Plans (also with respect to the Predecessor Plans), the Board appoints a committee to administer each plan (the "Administrative Committee"). Participation in the 2005 Plans is voluntary (both Key and Professional). A participant may elect to defer anywhere from \$3,000 up to 50 percent of his or her base annual salary, bonus amounts and commission payouts earned for services rendered during a calendar year.

For each participant, the Company may, but is not required to, credit the participants in the 2005 Plans with one or more Company matches for a plan year expressed as a percentage of the amount that the participants elected to defer in that plan year. In addition, the Company may, but is not required to, credit a participant with one or more discretionary allocations in respect of a plan year, expressed as a dollar amount or as a percentage of the participants' base salary, bonus amounts, commission payouts or any combination of the foregoing. The Board has the sole discretion to determine the amount of the Company match or discretionary allocation, the participants who receive the Company match or discretionary allocation and the investment benchmark that applies to the Company match or discretionary allocation. To date, the Company has limited these annual matching contributions to \$6,000.

The participant may select the investment benchmark used to notionally adjust his or her deferral account from among investment benchmarks made available by the Administrative Committee from time to time. The investment benchmarks available to participants in 2006 were: the Common Stock Investment Benchmark, the Johnson Illington Balanced Portfolio, the Johnson Illington Equity Portfolio, and the Interest Rate Index (collectively, the "Investment Benchmarks").

Any cash earnings generated under an Investment Benchmark (such as interest, dividends, distributions and gains) shall be deemed to be reinstated in that Investment Benchmark, provided, however, that the Administrative Committee may, in its discretion, provide that earnings generated by one or more designated Investment Benchmark be reinvested solely in the Interest Rate Index. All notional acquisitions and dispositions of Investment Benchmarks under a participant's plan accounts shall be deemed to occur at such times as the Administrative Committee shall determine to be administratively feasible in its sole discretion and the participant's plan accounts shall be adjusted accordingly. In addition, a participant's plan accounts may be adjusted from time to time, in accordance with procedures and practices established by the Administrative Committee, in its sole discretion, to reflect any notional transactional costs and other fees and expenses relating to the deemed investment, disposition or carrying of any Investment Benchmark for the participant's plan accounts. Notwithstanding anything to the contrary, any such adjustments made to any plan account following a Change in Control shall be made in a manner no less favorable to participants than the practices and procedures employed under the plan, or as otherwise in effect, as of the date of the Change in Control.

The vesting terms of each participant's deferred amounts, Company match and discretionary allocation are established by the Administrative Committee in its sole discretion. The Administrative Committee has specified for the 2006 plan year that amounts deferred at the participant's election for the 2006 plan year are 100 percent vested at all times and that any Company match for 2006 will vest on December 31, 2008 (except that, in the event of a termination for Cause, a participant will forfeit the Company match whether or not vested and in the event of a termination of employment (voluntarily or involuntarily, for any reason), death or Disability, a participant will forfeit the unvested portion of the Company match). The Administrative Committee may elect to accelerate the vesting of amounts credited to any participant under the 2005 Plans and, under the 2005 Plans, if within two years following a change in control, a participant is terminated without cause or resigns for good reason (each a "Covered Termination"), as of the effective date of the Covered Termination such participant will immediately become vested in 100% of all amounts credited to such participant's plan account.

The 2005 Plans were frozen by the Board of Directors, with respect to deferrals subsequent to the 2006 plans year, effective October 26, 2006 because of declining participation in the 2005 Plans and because the costs of administration outweighed the benefits of maintaining the 2005 Plans.

The Deferred Compensation Plan for Key Employees, effective January 1, 1998 (the "Predecessor Key Plan"), was frozen by the Board of Directors, effective January 1, 2005, in connection with the adoption of the Key Plan in order to satisfy the requirements of the new Section 409A of the Code that was enacted by Congress as part of the American Jobs Creation Act of 2004.

Like the Key Plan, the Predecessor Key Plan is an unfunded, non-qualified deferred compensation plan that provided management or highly compensated employees selected by the Administrative Committee with the opportunity to defer specified percentages of their cash compensation and to receive a matching contribution or discretionary allocation from the Company, determined by the Company in its sole discretion. These amounts are credited to the participant's notional accounts under the Predecessor Key Plan. Participants are permitted to select from among the following investment benchmarks: Common Stock Investment Benchmark, the Johnson Illington Balanced Portfolio, the Johnson Illington Equity Portfolio, and the Interest Rate Index, for the notional investment of their deferred compensation, and the Company is permitted to require that the return on the Company's matching contribution or discretionary allocation be measured by the performance of the Common Stock. The Company may require that, when a participant receives distribution of his or her accounts, any amounts notionally invested in the Common Stock will be paid out in shares of the Common Stock.

The Deferred Compensation Plan for Professional and Other Highly Compensated Employees, effective January 1, 2002, formerly known as the Non-ERISA Deferred Compensation Plan, (the "Predecessor Professional Plan"), was frozen by the Board of Directors, effective January 1, 2005, in connection with the adoption of the Professional Plan in order to satisfy the requirements of the new Section 409A of the Code that was enacted by Congress as part of the American Jobs Creation Act of 2004.

Like the Professional Plan, the Predecessor Professional Plan is an unfunded, non-qualified deferred compensation plan that provided employees who are not eligible to participate in the Predecessor Key Plan and who were selected by the Administrative Committee with the opportunity to defer specified percentages of their cash compensation and to receive a matching contribution or discretionary allocation from the Company, determined by the Company in its sole discretion. These amounts are credited to the participant's notional accounts under the Predecessor Professional Plan. Participants are permitted to select from among the following investment benchmarks: the Common Stock, the Johnson Illington Balanced Portfolio, the Johnson Illington Equity Portfolio, and the Interest Rate Index, for the notional investment of their deferred compensation, and the Company is permitted to require that the return on the Company's matching contribution or discretionary allocation be measured by the performance of the Common Stock. The Company may require that, when a participant receives distribution of his or her accounts, any amounts notionally invested in the Common Stock will be paid out in shares of the Common Stock.

Under the 2005 Plans, distributions are paid in cash, except that any portion of a distribution that is attributable to an investment in the Common Stock Investment Benchmark will only be paid in shares of the Common Stock. Under the Key Plan, the balance of the participant's plan account is paid out either as (i) a lump sum on or about April 15 as early as the end of the third plan year after the plan year in which the participant's deferral was made or as late as the tenth plan year or (ii) equal installments commencing no earlier than April 15 of the end of the third plan year after the plan year in which the participant's deferral was made or no later than the tenth plan year. Distributions under the Professional Plan have a shorter term. The Professional Plan requires all distributions to participants to be paid no later than April 15 of the end of the fifth year after the plan year in which the participant's deferral was made.

Under the 2005 Plans, in the event that a participant or (after a participant's death) a participant's beneficiary experiences an unforeseeable financial emergency or, for any reason, the participant's benefit (all or part) becomes taxable prior to receipt, the participant or beneficiary may petition to receive a partial or full payout of the applicable amounts credited to one or more of the participant's plan accounts.

For further information regarding these plans, see “*Termination and Change in Control Payments*” below.

Termination and Change in Control Payments

The following tables set forth the estimated value of benefits that the Company’s Named Executive Officers would have been entitled to receive assuming certain terminations of employment and/or assuming a change in control of the Company, in each case occurring on December 31, 2006. The following tables also use the Company’s common stock price as of December 31, 2006 (\$2.32). For restricted stock, the cash-out value reflects the number of shares vesting as a result of the triggering event multiplied by such stock price. For options, the cash-out value reflects the excess of such stock price over the exercise price of any option vesting as a result of the triggering event and, if there is no excess, it reflects a zero value with respect to such option. The tables also include, where applicable, the accelerated vesting and distribution of any unvested Company match amounts under the 2005 Plans. Under the 2005 Plans, if within two years following a change in control, a participant is terminated without cause or resigns for good reason (each a “Covered Termination”), as of the effective date of the Covered Termination, such participant will immediately become vested in 100% of all amounts credited to such participant’s plan account.

All of the severance payments described above are contingent upon Mr. McNierney’s execution of an irrevocable general release. In the event of change in control of the Company, if compensation payments to Mr. McNierney become subject to excise tax under Section 280G of the Code, the Company will pay Mr. McNierney a gross up payment in an amount equal to the amount of any excise tax imposed on such compensation payments. The employment agreement also contains standard post-termination confidentiality, non-competition (for 12 months unless termination without cause or for good reason) and non-solicitation provisions (for 12 months).

The employment agreement also contains standard post-termination confidentiality and non-solicitation provisions (for 12 months).

Goldberg Agreement. Mr. Goldberg's letter agreement provides that if Mr. Goldberg's employment is voluntarily terminated or if Mr. Goldberg is terminated for "Cause" (as defined in the letter agreement), Mr. Goldberg will only receive his base salary and welfare benefits through the date of termination. The letter agreement also contains standard post-termination confidentiality, non-competition (for 3 months) and non-solicitation provisions (for 3 months).

The 1999 Long Term Incentive Plan and the 2001 Long Term Incentive Plan

Under both the 1999 Long Term Incentive Plan and 2001 Long Term Incentive Plan (referred to collectively herein as the "Long Term Incentive Plans, unless otherwise provided in the relevant award agreement, if a participant's employment is terminated for any reason, any unexercisable stock option or stock appreciation right ("SAR") shall be forfeited and canceled by the Company. Such participant's right to exercise any then-exercisable stock option or SAR will terminate ninety (90) days after the date of such termination (but not beyond the stated term of such stock option or SAR); provided, however, the Executive Compensation Committee may (to the extent options were exercisable on the date of termination) extend such period. If a participant dies, becomes totally disabled or retires, such participant (or the estate or other legal representative of the participant), to the extent the stock options or SARs are exercisable immediately prior to the date of death, total disability or retirement, will be entitled to exercise any stock options or SARs at any time within the one-year period following such death, disability or retirement, but not beyond the stated term of such stock option or SAR.

Under the Long Term Incentive Plans, unless otherwise provided in the relevant award agreement, if a participant's employment is terminated for any reason (other than due to death, total disability or retirement) prior to the lapsing of any applicable restriction period, or the satisfaction of any other restrictions, applicable to any grant of restricted shares, will be forfeited by such participant; provided, however, that the Executive Compensation Committee may, in its sole discretion, determine within ninety (90) days after such termination that all or a portion of such restricted shares shall not be so forfeited. In the case of death, total disability or retirement, the participant (or the estate or other legal representatives of the participant) shall become one hundred (100) percent vested in any restricted shares as of the date of termination.

Under the Long Term Incentive Plans, Change in Control is defined as: (i) with certain exceptions, the acquisition by one individual or entity of 30% or more of either (a) the shares of the Common Stock, or (b) the combined voting power of the voting securities of the Company entitled to vote generally in the election of directors (ii) any transaction whereby the individuals who, as of the effective date of the applicable plan, constitute the Board (the “Incumbent Board”) cease to constitute at least a majority of the Board; except for any transaction whereby an individual becomes a director subsequent to the effective date of the applicable plan but whose election as a director is approved by at least a majority of the directors of the Incumbent Board; (iii) Approval by the shareholders of the Company of a reorganization, merger or consolidation, other than a reorganization, merger or consolidation involving the equity holders of more than 70% of the Company’s equity which does not significantly affect the proportions of equity held by such equity holders; (iv) approval by the shareholders of the Company of (a) a complete liquidation or substantial dissolution of the Company, or (b) the sale or other disposition of all or substantially all of the assets of the Company.

If a Change of Control occurs (i) all stock options and/or SARs then unexercised and outstanding will become fully vested and exercisable and (ii) all restrictions, terms and conditions applicable to restricted shares then outstanding will be deemed lapsed and satisfied, each as of the date of the Change of Control; provided, however, that such Change of Control provisions will only apply to those participants who are employed by the Company as of the date of the Change of Control or who are terminated before the Change of Control and reasonably demonstrate that such termination was in connection with or in anticipation of the Change of Control; provided further that with respect to the 1999 Plan, such Change of Control provisions will apply unless otherwise provided for in an award agreement.

The 2005 Plans and the Predecessor Plans

Unless otherwise specifically provided under the terms of a particular annual deferral agreement and/or the document announcing an annual discretionary allocation (if any), in the event of a participant’s Covered Termination, as of the effective date of such Covered Termination, all amounts credited to each of the participant’s plan accounts, as adjusted for the applicable Investment Adjustments and all prior withdrawals and distributions, shall be 100% vested and non-forfeitable. Under each of the 2005 Plans and the Predecessor Plans, each plan is administered by a committee appointed by the Board (collectively, the “Administrative Committee”). Distributions under these plans shall be paid in cash in a single lump sum; except, however, that the Administrative Committee may provide, in its discretion, that any distribution attributable to the portion of a plan account that is deemed invested in an investment benchmark that tracks the value of Company stock shall be paid in shares of Company stock.

“Covered Termination” is defined as the participant’s termination of employment within two (2) years following a Change in Control as a result of the participant’s resignation for good reason or a termination by the participant’s employer without cause.

Good Reason is defined as a participant’s resignation following (i) a diminution in the participant’s position or responsibilities, or an assignment to the participant of duties inconsistent with the participant’s position other than for cause or (ii) a reduction of more than ten percent (10%) in the participant’s aggregate annualized compensation rate solely as a result of a change adopted unilaterally by the Company.

Cause is defined as any termination by reason of the participant’s (i) willful and continued failure to perform the duties of his or her position after receiving notice of such failure and being given reasonable opportunity to cure such failure; (ii) willful misconduct which is demonstrably and materially injurious to the employer; (iii) conviction of a felony; or (iv) material breach of applicable federal or state securities laws, regulations or licensing requirements or the applicable rules or regulations of any self-regulatory body.

The Administrative Committee may elect to accelerate the vesting of amounts credited to any participant under the plans in the event a participant is terminated without Cause within two (2) years following the Change in Control of the Company, and the participant will immediately become vested in 100% of all amounts credited to his

account. Distributions under the 2005 Plans and the Predecessor Plans will be paid in cash in a single lump sum; except, however, that under both plans, the Administrative Committee may provide, in its discretion, that any distribution attributable to the portion of a plan account that is deemed invested in an investment benchmark that tracks that value of Company stock shall be paid in shares of Company stock.

Under the 2005 Plans and the Predecessor Plans, in the event a participant dies or suffers a long-term disability, the participant (or his or her beneficiary) shall receive a lump sum payment equal to the participant's vested account balance within ninety (90) days of death or the Administrative Committee's determination that such long-term disability has occurred. In the event of death, if the participant's account balance is greater than \$25,000, the Administrative Committee may elect to pay his or her vested account balance in installments not exceeding five (5) years. In the event of death, the lump sum payment will be made, or installment payments shall commence, no later than ninety (90) days after the date the Administrative Committee is provided with proof that is satisfactory to the Administrative Committee of the participant's death.

¹Amounts set forth in the Stock Awards and Option Awards columns represent the amounts recognized as compensation expense for financial statement reporting purposes in fiscal year 2006 by the Company with respect to restricted stock and option awards, respectively, in accordance with FAS 123R (disregarding the estimate of forfeitures related to service-based vesting conditions). A discussion of the assumptions used in this valuation with respect to awards made in fiscal year 2006 may be found in Footnote 16 of the Company's consolidated financial statements for fiscal year 2006 contained in the Company's Annual Report on Form 10-K. Discussions of assumptions used in prior fiscal years may be found in corresponding footnotes for such fiscal years' consolidated financial statements. Dividends or dividend equivalents are paid on shares of restricted stock at the same rate, and at the same time, that dividends are paid to shareholders of the Company.

²Represents 1,000 shares of restricted stock granted to each director on August 3, 2006 under the 2003 Non-Employee Directors Stock Plan. Such shares vest upon the one-year anniversary of the grant date, subject to certain conditions. Each grant had a grant date fair value of \$3,940. As of the end of fiscal year 2006, the following directors held the following aggregate number of shares of restricted stock: Mr. Carlucci: 1,000; Mr. Gravante: 1,000; Mr. Kutnick: 1,000; and Ms. O'Brien: 1,000. All resigning directors forfeited their shares of restricted stock granted on August 3, 2006 in accordance with the terms of the 2003 Non-Employee Directors Stock Plan.

³As of the end of fiscal year 2006, the following directors held the following aggregate number of options on common stock: Mr. Carlucci: 6,000; Mr. Gravante: 5,666; Mr. Kutnick: 6,000; and Ms. O'Brien: 6,000.

⁴During fiscal year 2006, Mr. Johnson received \$67,465 in earnings credited to his account under the Company's nonqualified deferred compensation plans and \$250,000 representing a consulting fee paid to Mr. Johnson on an annual basis pursuant to the Consulting Agreement between the Company and Mr. Johnson, entered into as of February 1, 2005. For more information about the Consulting Agreement, please see "Certain Relationships and Related Transactions."

⁵During fiscal year 2006, Mr. Murphy received \$6,136 in earnings credited to his account under the Company's nonqualified deferred compensation plans.

During 2006, the Company paid directors who are not current or former officers of the Company (the "Non-Employee Directors") an annual retainer of \$30,000 and, in addition, an annual retainer of \$40,000 to the lead director. In addition, the Company paid Non-Employee Directors \$1,000 per board or committee meeting attended (\$500 for attendance by conference call), plus reimbursement of reasonable expenses. The chair of the Audit Committee was paid an additional annual retainer of \$30,000 and the Non-Employee Directors who were members of such committee were paid additional annual retainers of \$10,000. The chairs of other committees on the Board were paid additional annual retainers of \$10,000 and Non-Employee Directors who were members of such other committees were paid additional annual retainers of \$5,000. Employee directors do not receive any compensation for their service as members of the Board.

Under the 2003 Non-Employee Directors Stock Plan, the number of options or restricted shares awarded are generally within the discretion of the Board, except that no Non-Employee Director may receive an option covering more than 5,000 shares or 2,000 restricted shares in any year. All options that may be granted under the 2003 Non-Employee Directors Stock Plan will have an exercise price equal to the fair market value of the Common Stock on the date of grant, become exercisable in three equal installments beginning on the first anniversary of the date of grant, and have a ten-year term. Shares of restricted stock will be subject to vesting conditions as set forth in the award agreement. If a person ceases to be a director for any reason (other than death or total disability), any unvested restricted shares or unexercisable stock options will be forfeited. In the case of death or total disability of a director, he or she (or the estate or other legal representatives) shall become 100% vested in any restricted shares as of the date of termination of service on the Board. Such Non-Employee Director's right to exercise any then-exercisable stock option will terminate 90 days after the date of such termination (but not beyond the stated term of such stock option). If a Non-Employee Director dies or becomes totally disabled, such director (or the estate or other legal representative of the Non-Employee Director), to the extent the stock options are exercisable immediately prior to the date of death or total disability, will be entitled to exercise any stock options at any time within the one-year period following such death or disability, but not beyond the stated term of such stock option. If a Change of Control occurs (i) all stock options then unexercised and outstanding will become fully vested and exercisable and (ii) all restrictions, terms and conditions applicable to restricted shares then outstanding will be deemed lapsed and satisfied, each as of the date of the Change of Control.

In addition to any annual grant of options or restricted shares, under the 2003 Non-Employee Directors Stock Plan, the Board may from time to time make additional discretionary grants (subject to the limits noted above) and may permit a Non-Employee Director to elect to receive all or a portion of his/her annual cash retainer in restricted shares.

The 2001 Plan provides for the granting of non-qualified stock options, performance units, restricted shares and stock appreciation rights to the employees of the Company and its subsidiaries. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On April 26, 2007, the Board of Directors adopted a new Related Party Transactions Policy. Under the Policy only those related party transactions that have terms comparable to those that could be obtained in arm’s length dealings with an unrelated third party and that are approved or ratified by the Audit Committee, the disinterested members of the Board of Directors, and, if and to the extent involving compensation, the Executive Compensation Committee, may be consummated or permitted to continue. “Related Parties” include any senior officer (including all executive officers of the Company and its subsidiaries) or director of the Company, any shareholder owning more than five percent of the Company (or its controlled affiliates), any person who is an immediate family member of a senior officer or director, and any entity owned or controlled by such persons or in which such persons have a substantial ownership interest. “Related Party Transactions” include any transaction between the Company and any Related Party (including any transactions requiring disclosure under Item 404 of Regulation S-K under the Exchange Act) except transactions available to all employees generally or those involving less than \$5,000 when aggregated with all similar transactions. Pursuant to the Policy, any proposed Related Party Transactions may be submitted for consideration at the Audit Committee’s regular quarterly meetings. Following the Audit Committee’s review, the Committee will either approve or disapprove such transactions. In the event that management recommends any transactions in between

regularly scheduled meetings, management will confer with the Chair of the Audit Committee as to whether the Company may preliminarily enter into such arrangement subject to ratification by the full Audit Committee at the next regularly scheduled meeting.

In the ordinary course of its business, First Clearing, LLC, a clearing firm with which First Albany Capital has contracted for broker dealer trading clearing services, extends credit to employees, including directors and executive officers, under Regulation T, which regulates credit in cash and margin accounts. However, should the account holder fail to meet a margin call and the securities in the account holder's account prove insufficient to satisfy the margin call, First Albany may be obligated to satisfy the call on behalf of the account holder. Such extensions of credit are performing and are made on the same terms as for customers

As of December 31, 2006, the Company had a commitment to invest as a limited partner up to \$3.8 million in FA Technology Ventures, L.P. (the "Fund"), a technology fund with total limited partner equity commitments of \$100 million. The Company also had a commitment as of that date to invest up to an additional \$0.3 million in parallel with the Fund; this parallel commitment may be satisfied by investments from the Company's employee funded investment vehicles established by the Company to allow select employees to invest along with the Fund. These commitments extended initially to the end of the Partnership's Commitment Period, which expired in July 2006; however, the General Partner may continue to make capital calls up through July 2011 for additional investments in portfolio companies and the payment of management fees. Messrs. Goldberg and Fiederowicz are also limited partners in this Fund. The Fund is managed by FA Technology Ventures Corporation, a wholly-owned subsidiary of the Company, which receives management fees for its services. George McNamee is an employee of this subsidiary and received compensation from it, which is reflected in the summary compensation table below. In addition, Mr. McNamee is a member of FATV GP LLC, the general partner of the Fund, with a current 16.50 percent membership interest. As a result of this interest in the general partner, he would be entitled to receive 17.20 percent of the 20 percent carried interest that may become payable by the Fund to its general partner if the Fund's investments are successful. Mr. McNamee is required under the partnership agreement for the Fund to devote a majority of his business time to the conduct of the Fund and any parallel funds.

As of February 1, 2005, the Company entered into a Consulting Agreement with Hugh A. Johnson, Jr., a former director of the Company and Chairman of Johnson Illington ("JIA") (the "Consulting Agreement"). JIA purchased the Albany, New York operations of FA Asset Management Inc. in February 2005. As part of the consideration for the purchase, JIA is obligated to pay the Company a percentage of its revenues earned through 2009. No such payments were made in 2006. In addition, the Company made payments of \$36,706 in 2006 to JIA for certain management fees for investments. Under the terms of the Consulting Agreement, Mr. Johnson ended his employment with the Company and serve as a consultant to the Company for a three-year period beginning on the date that certain sale transactions occurred (the "Sale Transactions"). The Sale Transactions are governed by an Asset Purchase Agreement between JIA, First Albany Companies Inc. ("FACI"), and First Albany Asset Management Inc. ("FAAM"). The Consulting Agreement further provides that Mr. Johnson receives an annual consulting fee of \$250,000 and FACI provides Mr. Johnson with an office, and reimbursement for reasonable travel expenses in connection with the consulting services. During the first year after the consummation of the Sale Transactions, FACI provided Mr. Johnson (i) any equipment necessary to perform the consulting services and (ii) subscriptions to various services in connection with the performance of the consulting period in an amount not to exceed \$15,000.

In connection with the termination of Arthur Murphy's employment by First Albany Capital as Executive Managing Director, Mr. Murphy, also a former member of the Board of Directors of the Company, filed an arbitration claim against First Albany Capital, Alan Goldberg, former President and Chief Executive Officer, and George McNamee, Chairman of First Albany Companies Inc. with the National Association of Securities Dealers on June 24, 2005. The claim alleged damages in the amount of \$8 million based on his assertions that he was fraudulently induced to remain in the employ of First Albany Capital. Without admitting or denying any wrongdoing or liability, on December 28, 2006, First Albany Capital, entered into a settlement agreement with Arthur Murphy in connection with such arbitration claim.

Independence of the Board of Directors and Committees of the Board

The Board determined that each of Messrs. Carlucci, Gravante, Fiederowicz, Roth, and Kutnick and Ms. O'Brien qualify as an "independent director" as defined in the NASDAQ Stock Market listing standards. Messrs. Fiederowicz and Roth ceased to be directors on September 28, 2006.

The Board of Directors has three standing committees: the Audit Committee, the Executive Compensation Committee and the Committee on Directors and Corporate Governance.

Until September 28, 2006, the Audit Committee was comprised of Mr. Arthur J. Roth, who served as chair, Ms. O'Brien and Mr. Walter M. Fiederowicz. Messrs. Roth and Fiederowicz ceased to be directors on September 28, 2006. Currently, this committee is comprised of Carl P. Carlucci, who serves as chair, Ms. O'Brien and Dale Kutnick. Each member of the Audit Committee is an "independent director" as defined in the NASDAQ Stock Market listing standards, and is independent within the meaning of Rule 10A-3 under the Exchange Act and the Company's Corporate Governance Guidelines.

The Executive Compensation Committee is composed of two independent directors and operates under a written charter adopted by the Board, which was amended January 2004. Until September 28, 2006, it was comprised of Messrs. Carlucci and Fiederowicz. Currently, it is comprised of Mr. Gravante, who serves as Chair, and Mr. Carlucci. The Board annually reviews the NASDAQ Stock Market listing standards definition of independence and has determined that each member of the Committee is independent.

The Committee on Directors and Corporate Governance is comprised of Ms. O'Brien, who serves as Chair, and Messrs. Gravante and Kutnick.

Audit Committee Pre-Approval Policy

In accordance with the Company's Audit Committee Pre-Approval Policy (the "Pre-Approval Policy"), all audit and non-audit services performed for the Company by the Company's independent accountants were pre-approved by the Audit Committee, which concluded that the provision of such services by PricewaterhouseCoopers LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

The Pre-Approval Policy provides for categorical pre-approval of specified audit and permissible non-audit services and requires the specific pre-approval by the Audit Committee, prior to engagement, of such services that are individually estimated to result in an amount of fees that exceed \$50,000. In addition, services to be provided by the independent accountants that are not within the category of pre-approved services must be approved by the Audit Committee prior to engagement, regardless of the service being requested or the dollar amount involved.

Requests or applications for services that require specific separate approval by the Audit Committee are required to be submitted to the Audit Committee by both the independent accountants and the Company's chief financial officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by

the independent accountants to management.
