Over the one-year period, the Fund returned 5.87% on a net asset value basis and 13.05% on a market price basis. Over the same period, the Fund's peer group, the Lipper General Municipal Debt Funds (Leveraged) category, posted median net asset value and market price returns of 6.00% and 8.56%, respectively. The Fund continued to use leverage during the period, which helped performance on an absolute basis. As of September 30, 2006, leverage accounted for approximately 41% of the Fund's total assets. While short-term rates rose over the period and increased the Fund's borrowing costs, the leverage still had a positive effect on the Fund's income during the fiscal year, as the yields on the Fund's longer-term bonds more than offset the borrowing costs. Leverage magnifies returns on both the upside and on the downside.

AN INTERVIEW WITH PORTFOLIO MANAGER KEVIN MCINTYRE

Q. HOW WOULD YOU DESCRIBE THE ECONOMIC ENVIRONMENT DURING THE REPORTING PERIOD?

A. Economic data were generally positive during the fiscal year, despite the fact that economic growth appears to be slowing from an above-average rate back to historical norms. Although the housing market continued to cool, a sharp decline in energy prices during the final two months of the reporting period helped to offset that trend. Other economic

1

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

indicators were mixed; advance GDP data for the third quarter came in below expectations, while unemployment remained low and consumer confidence high.

Q. HOW DID THE FEDERAL RESERVE BOARD (THE "FED") REACT TO THESE ECONOMIC CONDITIONS?

A. After raising short-term interest rates at 17 consecutive meetings dating back to 2004, the Fed paused in June and has left rates unchanged at 5.25% in its past three sessions, including its October meeting after the Fund's reporting period ended. Future rate hikes remain a possibility, according to

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

Fed releases, as "some inflation risks remain." The extent and timing of any future firming, or monetary easing for that matter, will likely be dependent on emerging economic data.

Q. HOW DID THE MUNICIPAL BOND MARKET PERFORM IN THIS ENVIRONMENT?

A. The municipal bond market on the whole outperformed Treasuries throughout the reporting period. Treasury yields rose throughout most of the period, resulting in corresponding price declines, while municipal securities with maturities of 10 years and longer actually rallied during this same period. The difference in performance versus Treasuries was greatest when comparing securities with maturities of around 30 years.

Q. IN GENERAL TERMS, HOW DID YOU POSITION THE PORTFOLIO?

A. Over the course of the reporting period, we extended duration to a more neutral position relative to our Fund's Lipper peer group. (Duration is a measure of a fund's sensitivity to interest rate changes and is related to the maturity of the bonds comprising the portfolio.) We are also slightly longer in duration than the Index, and we significantly increased the Fund's position in the 30-year area of the curve. This clearly benefited the portfolio on an absolute basis, as the longer end of the curve outperformed every other area on the yield curve.

Additionally, some changes to the Fund's investment strategies benefited performance. The Fund has increased its exposure to lower-quality securities and securities subject to the alternative minimum tax (AMT). These changes were implemented to bring the Fund's investment style more in line with that of its peers, with the goal of making it more competitive. During the course of the period, we used these to our advantage. We diversified away from higher grade securities to increase the Fund's position in relatively lower-rated securities. We likewise increased the Fund's position in AMT securities, to benefit from the higher yields associated with these types of bonds.

2

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

Q. FROM A SECTOR STANDPOINT, WHAT WERE IMPORTANT POSITIONS FOR THE FUND?

A. We strive to maintain a well-diversified portfolio regardless of market conditions. As a result, the Fund holds bonds in a number of different sectors. Over the past year, we have focused our research on uncovering new opportunities in the water, airport and hospital sectors. This research indicates that the water sector tends to have stronger revenue and earnings stability than some other sectors of the municipal market, even in changing economic climates. While we slightly reduced the Fund's position in water related bonds during the period in order to diversify into other areas, we continued to view the sector positively, and it represented the Fund's largest sector position at period end.

Meanwhile, the airport sector continued to rebound. A significant portion of airport sector bonds are subject to AMT, and tend to offer higher yields. During the period, we purchased NYC IDA revenue bonds for the Terminal One Group Association. They are subject to AMT and have performed well over this period, helping us diversify the credit quality of the portfolio.

While our long-term outlook for the healthcare sector as a whole remains negative, we see positive trends developing for certain healthcare providers with stable or improving finances and strong market share. With that in mind, we have selectively added to our holdings in this sector, which has benefited performance.

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

Although the tobacco sector posted very strong gains, we continued to avoid it, which detracted from performance during the period. We do not believe the potential rewards in the tobacco sector are commensurate with the risks our analysis indicates these bonds entail.

Q. WERE THERE ANY STATES OR REGIONS THAT WERE AN AREA OF FOCUS FOR THE FUND?

A. From a regional standpoint, we continued to focus on states that exhibited improved fiscal health and offered what we viewed as attractively valued municipal bonds. Issues that we believe met that definition included long-term California bonds and New York securities. While we opportunistically reduced these positions where we were able to benefit performance, they remained our largest single state exposures at period end. Additionally, we have increased our exposure to New Jersey bonds, primarily with the purchase of New Jersey Transportation Trust Fund Bonds, one of our best-performing bonds over the period.

3

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

Q. WHAT IS YOUR OUTLOOK FOR THE ECONOMY AND THE MUNICIPAL FIXED INCOME MARKET?

A. We are generally more upbeat on the prospects for the economy than some market prognosticators. Throughout 2006, corporate earnings have appeared quite healthy, while employment and wage data have appeared strong. Inflation, high energy prices and the prospect of a bursting housing bubble represent the major hurdles facing the economy and the markets, and we find it unlikely that any of the three represents enough of a threat to derail what has been a period of solid, if not exceptional, economic growth. With respect to the municipal bond market, we believe there continue to be pockets of attractive valuations along the yield curve and within certain sectors. Our in-house research should help position the Fund well in hopes of taking advantage of those investment opportunities we identify in the months and quarters that follow.

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

NOTES TO FINANCIAL STATEMENTS

ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Investment Grade Municipal Income Fund Inc. (the "Fund") was incorporated in Maryland on August 6, 1992, and is registered with the Securities and Exchange Commission under the Investment Company Act of 1940, as amended, as a closed-end diversified management investment company. The Fund's investment objective is to achieve a high level of current income that is exempt from federal income tax, consistent with the preservation of capital. There can be no assurance that the Fund's investment objective will be achieved.

In the normal course of business the Fund may enter into contracts that contain a variety of representations or that provide indemnifications for certain liabilities. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

The preparation of financial statements in accordance with US generally accepted

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

accounting principles requires the Fund's management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies:

VALUATION OF INVESTMENTS--The Fund calculates its net asset value based on the current market value, where available, for its portfolio securities. The Fund normally obtains market values for its securities from independent pricing sources and broker-dealers. Independent pricing sources may use last reported sale prices, current market quotations or valuations from computerized "matrix" systems that derive values based on comparable securities. A matrix system incorporates parameters such as security quality, maturity and coupon, and/or research and evaluations by its staff, including review of broker-dealer market price quotations, if available, in determining the valuation of the portfolio securities. If a market value is not available from an independent pricing source for a particular security, that security is valued at fair value as determined in good faith by or under the direction of the Fund's Board of Directors (the "Board"). Various factors may be reviewed in order to make a good faith determination of a security's fair value. These factors include, but are not limited to, the type and cost of the security; contractual or legal restrictions on resale of the security; relevant financial or business developments of the issuer; actively traded

23

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

NOTES TO FINANCIAL STATEMENTS

similar or related securities; conversion or exchange rights on the security; related corporate actions; and changes in overall market conditions. If events occur that materially affect the value of securities (particularly non-US securities) between the close of trading in those securities and the close of regular trading on the New York Stock Exchange, the securities are fair valued. The amortized cost method of valuation, which approximates market value, generally is used to value short-term debt instruments with sixty days or less remaining to maturity, unless the Board or its delegate determines that this does not represent fair value. Securities traded in the over-the-counter ("OTC") market are valued at the last bid price available on the valuation date prior to valuation.

INVESTMENT TRANSACTIONS AND INVESTMENT INCOME--Investment transactions are recorded on the trade date. Realized gains and losses from investment transactions are calculated using the identified cost method. Interest income is recorded on an accrual basis. Discounts are accreted and premiums are amortized as adjustments to interest income and the identified cost of investments.

FUTURES CONTRACTS--Upon entering into a financial futures contract, the Fund is required to deliver to a broker an amount of cash and/or securities equal to a certain percentage of the contract amount. This amount is known as the "initial margin." Subsequent payments, known as "variation margin", are made or received by the Fund each day, depending on the daily fluctuations in the value of the underlying financial futures contracts. Such variation margin is recorded for financial statement purposes on a daily basis as unrealized gain or loss until the financial futures contract is closed, at which time the net gain or loss is reclassified to realized gain or loss on futures. Variation margin calls could be substantial in the event of adverse price movements.

Using financial futures contracts involves various market risks. If the Fund was unable to liquidate a futures position due to the absence of a liquid secondary

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

market or the imposition of price limits, it could incur substantial losses and would continue to be subject to market risk with respect to the position. In addition, the Fund would continue to be required to make variation margin payments and might be required to maintain the position being hedged or to maintain cash or securities in a separate account. Furthermore, certain characteristics of the futures market might increase the risk that movements in the prices of the financial futures contracts might not correlate perfectly with movements in the prices of the investments

24

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

NOTES TO FINANCIAL STATEMENTS

being hedged, including temporary price distortion. The separate account for margin will be maintained at the futures counterparty and may be subject to risks or delays if the counterparty becomes insolvent.

DIVIDENDS AND DISTRIBUTIONS--The Fund intends to pay monthly dividends to common shareholders at a rate level that over time will result in the distribution of all of the Fund's net investment income remaining after the payment of dividends on any outstanding auction preferred shares. The dividend rate on the common stock is adjusted as necessary to reflect the earnings rate of the Fund. Dividends and distributions to common shareholders are recorded on the ex-dividend date. Dividends to auction preferred shareholders are accrued daily. The amount of dividends from net investment income and distributions from net realized capital gains is determined in accordance with federal income tax regulations, which may differ from US generally accepted accounting principles. These "book/tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal tax-basis treatment; temporary differences do not require reclassification.

CONCENTRATION OF RISK

The Fund follows an investment policy of investing primarily in municipal obligations of various states. Economic changes affecting those states and certain of their public bodies and municipalities may affect the ability of the issuers within those states to pay interest on, or repay principal of, municipal obligations held by the Fund.

INVESTMENT ADVISOR AND ADMINISTRATOR

UBS Global Asset Management (US) Inc. ("UBS Global AM--US") served as the Fund's investment advisor and administrator from October 1, 2005 until April 1, 2006. On April 1, 2006, the Fund's Investment Advisory and Administration Contract ("Advisory Contract") was transferred from UBS Global AM--US to UBS Global Asset Management (Americas) Inc. ("UBS Global AM--Americas").

The transfer of the Advisory Contract between sister companies occurred in connection with an internal reorganization involving UBS Global AM--US and UBS Global AM--Americas. The Fund's Board of Directors approved the transfer of the Advisory Contract effective April 1, 2006. All of the personnel of UBS Global AM--US who previously provided investment advisory services to the Fund continue to provide investment advisory

25

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

NOTES TO FINANCIAL STATEMENTS

services to the Fund as employees of UBS Global AM--Americas. UBS Global AM--Americas has the same contractual rights and responsibilities under the Advisory Contract as those previously held by UBS Global AM--US. UBS Global AM--US and UBS Global AM--Americas are both indirect wholly owned subsidiaries of UBS AG. In accordance with the Advisory Contract, the Fund pays UBS Global AM--Americas an investment advisory and administration fee, which is accrued weekly and paid monthly, at an annual rate of 0.90% of the Fund's average weekly net assets applicable to holders of common and auction preferred shares. For the period October 1, 2005 through July 31, 2006, UBS Global AM--Americas (and previously UBS Global AM--US) had agreed to waive 0.20% of the advisory and administration fee, so that the Fund's effective fee was 0.70% of average weekly net assets applicable to holders of common and auction preferred shares. Effective August 1, 2006, UBS Global AM--Americas agreed to further reduce the Fund's management fee so that the Fund's effective fee for the period August 1, 2006 through September 30, 2006 was 0.90% of the Fund's average weekly net assets applicable only to holders of common shares. This waiver will continue indefinitely unless the Board agrees to any change. At September 30, 2006, the Fund owed UBS Global AM--Americas \$117,502 in investment advisory and administration fees, which is composed of \$198,872 of investment advisory and administration fees less fees waived of \$81,370. For the year ended September 30, 2006, UBS Global AM waived \$610,956 of investment advisory and administration fees from the Fund.

ADDITIONAL INFORMATION REGARDING COMPENSATION TO AFFILIATE OF A BOARD MEMBER
Effective March 1, 2005, Professor Meyer Feldberg accepted the position of senior advisor to Morgan Stanley, resulting in him becoming an interested director of the Fund. The Fund has been informed that Professor Feldberg's role at Morgan Stanley does not involve matters directly affecting any UBS funds. Fund transactions are executed through Morgan Stanley based on that firm's ability to provide best execution of the transactions. During the year ended September 30, 2006, the Fund purchased and sold certain securities (e.g., fixed income securities) in principal trades with Morgan Stanley having an aggregate value of \$81,117,485. Morgan Stanley received compensation in connection with these trades, which may have been in the form of a "mark-up" or "mark-down" of the price of the securities, a fee from the issuer for maintaining a commercial paper program, or some other form of compensation. Although the precise amount of this compensation is not generally known by UBS Global AM--Americas,

26

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

NOTES TO FINANCIAL STATEMENTS

UBS Global AM--Americas believes that under normal circumstances it represents a small portion of the total value of the transactions. In addition, Morgan Stanley may participate as a broker-dealer in auctions for the Fund's Auction Preferred Shares and receive compensation therefore. Amounts received by Morgan Stanley, if any, will vary depending upon that firm's participation in an auction, and such amounts are calculated and paid by the auction agent from money provided by the Fund.

RESTRICTED SECURITIES

The Fund may invest in securities that are subject to legal or contractual restrictions on resale. These securities generally may be resold in transactions exempt from registration or to the public if the securities are registered. Disposal of these securities may involve time-consuming negotiations and

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

expense, and prompt sale at an acceptable price may be difficult. Information regarding restricted securities is included at the end of the Fund's "Portfolio of Investments."

AUCTION PREFERRED SHARES

The Fund has issued 800 shares of auction preferred shares Series A, 800 shares of auction preferred shares Series B, and 600 shares of auction preferred shares Series C, which are referred to herein collectively as the "APS." All shares of each series of APS have a liquidation preference of \$50,000 per share plus an amount equal to accumulated but unpaid dividends upon liquidation.

Dividends and/or capital gain distributions, which are cumulative, are generally reset every 7 days for each Series of APS. Dividend rates ranged from 2.405% to 4.000% and capital gain distribution rates ranged from 3.750% to 5.375% for the year ended September 30, 2006.

The Fund is subject to certain restrictions relating to the APS. Failure to comply with these restrictions could preclude the Fund from declaring any distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of APS at liquidation value.

The APS are entitled to one vote per share and, unless otherwise required by law, will vote with holders of common stock as a single class, except that the APS will vote separately as a class on certain matters, as required by law. The holders of the APS have the right to elect two directors of the Fund.

27

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

NOTES TO FINANCIAL STATEMENTS

The redemption of the Fund's APS is outside of the control of the Fund because it is redeemable upon the occurrence of an event that is not solely within the control of the Fund.

PURCHASES AND SALES OF SECURITIES

For the year ended September 30, 2006, aggregate purchases and sales of portfolio securities, excluding short-term securities, were \$140,787,537 and \$137,822,999, respectively.

FEDERAL TAX STATUS

The Fund intends to distribute substantially all of its tax-exempt income and any taxable income and to comply with the other requirements of the Internal Revenue Code applicable to regulated investment companies. Accordingly, no provision for federal income taxes is required. In addition, by distributing during each calendar year substantially all of its net investment income, net realized capital gains and certain other amounts, if any, the Fund intends not to be subject to a federal excise tax.

The tax character of distributions paid during the fiscal years ended September 30, 2006 and September 30, 2005 were as follows:

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

NOTES TO FINANCIAL STATEMENTS

For federal income tax purposes, the tax cost of investments and the components of net unrealized appreciation of investments at September 30, 2006 were as follows:

Tax cost of investments	\$259,117,868
-----	-----
Gross unrealized appreciation	6,938,309
-----	-----
Gross unrealized depreciation	(198,547)
-----	-----
Net unrealized appreciation	\$6,739,762
=====	=====

In accordance with US Treasury regulations, the Fund has elected to defer realized capital losses of \$588,582 arising after October 31, 2005. Such losses are treated for tax purposes as arising on October 1, 2006.

To reflect reclassifications arising from permanent "book/tax" differences for the year ended September 30, 2006, the Fund's accumulated undistributed net investment income was increased by \$420 and accumulated net realized loss from investment activities and futures was increased by \$420. These differences are due to reclassification of dividends.

On July 13, 2006, the Financial Accounting Standards Board (FASB) released FASB Interpretation No. 48 "Accounting for Uncertainty in Income Taxes" (FIN 48). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

preparing the Fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Adoption of FIN 48 is required for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. At this time, management is evaluating the implications of FIN 48, and its impact on the financial statements has not yet been determined.

The Fund's NYSE trading symbol is "PPM." Comparative net asset value and market price information about the Fund is available weekly in various publications. Information on the operation of the SEC's Public Reference Room may be obtained by calling 1-800-SEC 0330. Additionally, you may obtain copies of Forms N-Q from the Fund upon request by calling 1-800-647 1568.

PROXY VOTING POLICIES, PROCEDURES AND RECORD

You may obtain a description of the Fund's (1) proxy voting policies, (2) proxy voting procedures and (3) information regarding how the Fund voted any proxies related to portfolio securities during the most recent 12-month period ended June 30 for which an SEC filing has been made, without charge, upon request by contacting the Fund directly at 1-800-647 1568, online on the Fund's Web site: www.ubs.com/ubsglobalam-proxy, or on the EDGAR Database on the SEC's Web site (<http://www.sec.gov>).

DIVIDEND REINVESTMENT PLAN

The Fund's Board has established a Dividend Reinvestment Plan (the "Plan") under which all common shareholders whose shares are registered in their own names, or in the name of UBS Financial Services Inc. or its nominee, will have all dividends and other distributions on their shares of common stock automatically reinvested in additional shares of common stock, unless such common shareholders elect to

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

GENERAL INFORMATION (UNAUDITED)

receive cash. Common shareholders who elect to hold their shares in the name of another broker or nominee should contact such broker or nominee to determine whether, or how, they may participate in the Plan. The ability of such shareholders to participate in the Plan may change if their shares are transferred into the name of another broker or nominee.

A common shareholder may elect not to participate in the Plan or may terminate participation in the Plan at any time without penalty, and common shareholders who have previously terminated participation in the Plan may rejoin it at any time. Changes in elections must be made in writing to the Fund's transfer agent and should include the shareholder's name and address as they appear on the share certificate or in the transfer agent's records. An election to terminate participation in the Plan, until such election is changed, will be deemed an election by a common shareholder to take all subsequent distributions in cash. An election will be effective only for distributions declared and having a record date at least ten days after the date on which the election is received.

Additional shares of common stock acquired under the Plan will be purchased in the open market, on the NYSE or otherwise, at prices that may be higher or lower than the net asset value per share of the common stock at the time of the purchase. The number of shares of common stock purchased with each dividend will be equal to the result obtained by dividing the amount of the dividend payable to a particular shareholder by the average price per share (including applicable brokerage commissions) that the transfer agent was able to obtain in the open market. The Fund will not issue any new shares of common stock in connection with the Plan. There currently is no charge to participants for reinvesting dividends or other distributions. The transfer agent's fees for handling the reinvestment of distributions will be paid by the Fund. However, each participant pays a pro rata share of brokerage commissions incurred with respect to the transfer agent's open market purchases of common stock in connection with the reinvestment of distributions. The automatic reinvestment of dividends and other distributions in shares of common stock does not relieve participants of any income tax that may be payable on such distributions.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan with respect to any dividend or other distribution if notice of the change

is sent to Plan participants at least 30 days before the record date for such distribution. The Plan also may be amended or terminated by the transfer agent by at least 30 days' written notice to all Plan participants. Additional information regarding the Plan may be obtained from, and all correspondence concerning the Plan should be directed to, the transfer agent at PFPC Inc., P.O. Box 43027, Providence, Rhode Island 02940-3027. For further information regarding the Plan, you may also contact the transfer agent directly at

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

BOARD APPROVAL OF INVESTMENT ADVISORY AND ADMINISTRATION AGREEMENT (UNAUDITED)

BACKGROUND--At a meeting of the board of Investment Grade Municipal Income Fund, Inc. (the "Fund") on July 19, 2006, the members of the board, including the directors who are not "interested persons" of the Fund ("Independent Directors") as defined in the Investment Company Act of 1940, as amended (the "1940 Act"), considered and approved the continuance of the Investment Advisory and Administration Agreement of the Fund with UBS Global Asset Management (Americas) Inc. ("UBS Global AM"). In preparing for the meeting, the board members had requested and received extensive information from UBS Global AM to assist them, including performance and expense information for other investment companies with similar investment objectives. The board received and considered a variety of information about UBS Global AM, as well as the advisory and administrative arrangements for the Fund. The Independent Directors discussed the materials initially provided by management prior to the scheduled board meeting in a session with their independent legal counsel and requested, and received from management, supplemental materials to assist them in their consideration of the Investment Advisory and Administration Agreement. The board received materials detailing the administrative services provided to the Fund by UBS Global AM, which include providing accounting and financial analysis, ensuring that all financial and tax regulatory reporting requirements were met, certifying required Securities and Exchange Commission documentation and monitoring the performance of the Fund's service providers.

The Independent Directors also met for several hours the evening before the board meeting and met again after management's presentation was completed to review the disclosure that had been made to them at the meeting. At all of these sessions the Independent Directors met in session with their independent legal counsel. The Independent Directors also received a memorandum from their independent legal counsel discussing the duties of board members in considering approval of advisory and administration agreements.

In its consideration of the approval of the Investment Advisory and Administration Agreement, the board considered the following factors:

NATURE, EXTENT AND QUALITY OF THE SERVICES UNDER THE INVESTMENT ADVISORY AND ADMINISTRATION AGREEMENT--The board received and considered information regarding the nature, extent and quality of management services provided to the Fund by UBS Global AM and its

36

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

BOARD APPROVAL OF INVESTMENT ADVISORY AND ADMINISTRATION AGREEMENT (UNAUDITED)

predecessor, UBS Global Asset Management (US) Inc., under the Investment Advisory and Administration Agreement during the past year. The board also received a description of the administrative and other services rendered to the Fund and its shareholders by UBS Global AM. The board considered the nature, extent and quality of administrative and shareholder services performed by UBS Global AM and its affiliates. The board also considered the resources devoted

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

to, and the record of compliance with, the Fund's compliance policies and procedures. The board noted that it received information at regular meetings throughout the year regarding the services rendered by UBS Global AM concerning the management of the Fund's affairs and UBS Global AM's role in coordinating providers of other services to the Fund, including custody, accounting and transfer agency services. The board's evaluation of the services provided by UBS Global AM took into account the board's knowledge and familiarity gained as board members of funds in the UBS New York Fund complex, including the scope and quality of UBS Global AM's investment management and other capabilities and the quality of its administrative and other services. The board observed that the scope of services provided by UBS Global AM had expanded over time as a result of regulatory and other developments, including maintaining and monitoring its own and the Fund's expanded compliance programs.

The board had available to it the qualifications, backgrounds and responsibilities of the Fund's senior personnel at UBS Global AM and had received information regarding the persons primarily responsible for the day-to-day portfolio management of the Fund and recognized that the Fund's senior personnel at UBS Global AM report to the board regularly, some at every board meeting, and that at each regular meeting the board receives a report on the Fund's performance. The board also considered, based on its knowledge of UBS Global AM and its affiliates, the financial resources available to UBS Global AM and its parent organization, UBS AG. In that regard, the board received extensive financial information regarding UBS Global AM and noted that it was a wholly owned, indirect subsidiary of one of the largest financial services firms in the world. It was also noted that UBS Global AM had well over \$100 billion in assets under management and was part of the UBS Global Asset Management Division, which had over \$600 billion of assets under management worldwide.

The board reviewed how transactions in Fund assets are effected. The board also reviewed the Fund's brokerage policies and practices, the standards

37

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

BOARD APPROVAL OF INVESTMENT ADVISORY AND ADMINISTRATION AGREEMENT (UNAUDITED)

applied in seeking best execution, policies and practices regarding soft dollars, the use of a broker affiliated with UBS Global AM and the existence of quality controls applicable to brokerage allocation procedures. In addition, UBS Global AM also reported to the board on, among other things, its disaster recovery plans and portfolio manager compensation plan.

The board concluded that, overall, it was satisfied with the nature, extent and quality of services provided (and expected to be provided) to the Fund under the Investment Advisory and Administration Agreement.

ADVISORY FEES AND EXPENSE RATIOS--The board reviewed and considered the contractual management fee ("Contractual Management Fee") payable by the Fund to UBS Global AM in light of the nature, extent and quality of the advisory and administrative services provided by UBS Global AM. The board also reviewed and considered the fee waiver arrangement in place for the Fund and considered the actual fee rate (after taking any waivers into account) (the "Actual Management Fee"). Additionally, the board received and considered information comparing the Fund's Contractual Management Fee, Actual Management Fee and overall expenses with those of funds in a group of funds selected and provided by Lipper, Inc. ("Lipper"), an independent provider of investment company data (the "Expense Group").

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

In connection with its consideration of the Fund's advisory fees, the board also received information on UBS Global AM's standard institutional account fees for accounts of a similar investment type to the Fund. The board noted that, in general, these fees were lower than the Contractual Management Fee and Actual Management Fee for the Fund, but also noted management's explanation that comparisons with such accounts may be of limited relevance given the different structures and regulatory requirements of mutual funds versus such accounts and the differences in the levels of services required by mutual funds and such accounts. The board also received information on fees charged to other mutual funds managed by UBS Global AM.

In addition to the Contractual and Actual Management Fees, the board also reviewed and considered the total expenses for the Fund. The comparative Lipper information showed that the Fund's Contractual Management Fee, Actual Management Fee and total expenses were in the fifth quintile in the Fund's Expense Group for the comparison periods utilized in the Lipper

38

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

BOARD APPROVAL OF INVESTMENT ADVISORY AND ADMINISTRATION AGREEMENT (UNAUDITED)

report (with the first quintile representing that fifth of the funds in the Expense Group with the lowest level of fees or expenses, as applicable, and the fifth quintile representing that fifth of the funds in the Expense Group with the highest level of fees or expenses, as applicable). In light of the level of the Fund's fees and expenses, management proposed a revision in the management fee such that the management fee will be calculated only on the value of net assets attributable to the Fund's common shares, rather than of net assets attributable to both the Fund's common and preferred shares. Management noted that this change should result in an anticipated reduction in the Fund's Actual Management Fee to 0.90% of net assets applicable to common shares from its current level of 1.183%, which would be below the median of its Expense Group. Management also explained that it had negotiated a reduction in the Fund's custodian fees such that the custodian fee rate will be based only on assets attributable to common shares and not on assets attributable to both common and preferred shares. Combined, these modifications should result in an anticipated reduction in the Fund's total expenses to approximately 1.11% from its current level of 1.419%, which is below the median of its Expense Group.

Taking all of the above into consideration, including the proposed reductions in the advisory fee and custodian fees, the board determined that the management fee was reasonable in light of the nature, extent and quality of the services provided to the Fund under the Investment Advisory and Administration Agreement.

FUND PERFORMANCE--The board received and considered performance information of the Fund compared to other funds (the "Performance Universe") selected by Lipper over the one-, three-, five-, ten-year and since inception periods ended April 30, 2006. The board was provided with a description of the methodology Lipper used to determine the similarity of the Fund with the funds included in its Performance Universe. The board also noted that it had received information throughout the year at periodic intervals with respect to the Fund's performance, including in most cases with respect to its benchmark index.

The comparative Lipper information showed that the Fund's performance was in the fifth quintile for the one-, three-, five- and ten-year periods and since inception (with the first quintile representing that fifth of the funds in the Performance Universe with the highest performance and the fifth

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

BOARD APPROVAL OF INVESTMENT ADVISORY AND ADMINISTRATION AGREEMENT (UNAUDITED)

quintile representing that fifth of the funds in the Performance Universe with the lowest performance). In its review, the board noted the Fund's performance as compared to the average return for the Fund's Performance Universe and benchmark index, taking the volatility in returns for the Performance Universe and the index into account. In addition, the board noted that in the past the Fund has been managed with a more conservative view when compared to its Performance Universe. Management noted that, as had been approved by the Board, it had taken certain steps to increase the Fund's exposure to interest rates by increasing the average life of the investments that it holds by over two years. Management also noted that the Fund has increased its investment in lower quality issues and added approximately 8% exposure to AMT securities. Management explained that it believed that these initiatives were positive contributors to the Fund's performance and should make the Fund more competitive in the future as compared to its Performance Group. Based on its review, and management's explanation and changes to the investment strategies of the Fund, the board concluded that the Fund's investment performance was acceptable.

ADVISER PROFITABILITY--The board received and considered a profitability analysis of UBS Global AM and its affiliates in providing services to the Fund. The board also received profitability information with respect to the UBS New York fund complex as a whole. In addition, the board received information with respect to UBS Global AM's allocation methodologies used in preparing this profitability data. UBS Global AM's profitability was considered not excessive in light of the nature, extent and quality of the services provided to the Fund.

ECONOMIES OF SCALE--The board received and considered information from management regarding whether it has achieved economies of scale with respect to the management of the Fund, whether the Fund has appropriately benefited from any economies of scale, and whether there is potential realization of further economies of scale. The board considered whether economies of scale in the provision of services to the Fund were being passed along to shareholders. The board also considered whether alternative fee structures (such as breakpoints) would be more appropriate or reasonable taking into consideration economies of scale or other efficiencies.

40

INVESTMENT GRADE MUNICIPAL INCOME FUND INC.

BOARD APPROVAL OF INVESTMENT ADVISORY AND ADMINISTRATION AGREEMENT (UNAUDITED)

In conducting its review, the board noted that the Fund's Contractual Management Fee did not contain any breakpoints. Further, the board noted that advisory agreements of closed-end funds usually do not contain breakpoints. Management informed the board that the Fund, as a closed-end investment company, was not expected to materially increase in size; thus, UBS Global AM would not benefit from economies of scale. The Board members considered whether economies of scale could be realized because UBS Global AM advises other similar funds, and, based on their experience, the board accepted UBS Global AM's explanation that significant economies of scale would not be realized because the nature of the market in which the Fund invests did not provide significant savings.

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

OTHER BENEFITS TO UBS GLOBAL AM--The board considered other benefits received by UBS Global AM and its affiliates as a result of its relationship with the Fund, including the opportunity to offer additional products and services to Fund shareholders.

In light of the costs of providing investment management, administrative and other services to the Fund and UBS Global AM's ongoing commitment to the Fund, the profits and other ancillary benefits that UBS Global AM and its affiliates received were considered reasonable.

In light of all of the foregoing, the board approved the Advisory and Administration Agreement to continue for another year.

In making its decision, the board identified no single factor as being determinative in approving the Investment Advisory and Administration Agreement. The Independent Directors were advised by separate independent legal counsel throughout the entire process. The board discussed the proposed continuance of the Investment Advisory and Administration Agreement in a private session with their independent legal counsel at which no representatives of UBS Global AM were present.

(e) (1) Audit Committee Pre-Approval Policies and Procedures:

The registrant's Audit Committee ("audit committee") has adopted an "Audit Committee Charter (Amended and Restated as of May 12, 2004- Revised as of February 3, 2006)" (the "charter"). The charter contains the audit committee's pre-approval policies and procedures. Reproduced below is an excerpt from the charter regarding pre-approval policies and procedures:

The [audit]Committee shall:

...

2. Pre-approve (a) all audit and permissible non-audit services(1) to be provided to the Fund and (b) all permissible non-audit services to be provided by the Fund's

independent auditors to UBS Global [AM] and any Covered Service Providers, if the engagement relates directly to the operations and financial reporting of the Fund. In carrying out this responsibility, the Committee shall seek periodically from UBS Global [AM] and from the independent auditors a list of such audit and permissible non-audit services that can be expected to be rendered to the Fund, UBS Global [AM] or any Covered Service Providers by the Fund's independent auditors, and an estimate of the fees sought to be paid in connection with such services. The Committee may delegate its responsibility to pre-approve any such audit and permissible non-audit services to a sub-committee consisting of the Chairperson of the Committee and two other members of the Committee as the Chairperson,

from time to time, may determine and appoint, and such sub-committee shall report to the Committee, at its next regularly scheduled meeting after the sub-committee's meeting, its decision(s). From year to year, the Committee shall report to the Board whether this system of pre-approval has been effective and efficient or whether this Charter should be amended to allow for pre-approval pursuant to such policies and procedures as the Committee shall approve, including the delegation of some or all of the Committee's pre-approval responsibilities to other persons (other than UBS Global [AM] or the Fund's officers).

(1) The Committee will not approve non-audit services that the Committee believes may taint the independence of the auditors. Currently, permissible non-audit services include any professional services (including tax services) that are not prohibited services as described below, provided to the Fund by the independent auditors, other than those provided to the Fund in connection with an audit or a review of the financial statements of the Fund. Permissible non-audit services may not include: (i) bookkeeping or other services related to the accounting records or financial statements of the Fund; (ii) financial information systems design and implementation; (iii) appraisal or valuation services, fairness opinions or contribution-in-kind reports; (iv) actuarial services; (v) internal audit outsourcing services; (vi) management functions or human resources; (vii) broker or dealer, investment adviser or investment banking services; (viii) legal services and expert services unrelated to the audit; and (ix) any other service the Public Company Accounting Oversight Board determines, by regulation, is impermissible.

Pre-approval by the Committee of any permissible non-audit services is not required so long as: (i) the aggregate amount of all such permissible non-audit services provided to the Fund, UBS Global [AM] and any service providers controlling, controlled by or under common control with UBS Global [AM] that provide ongoing services to the Fund ("Covered Service Providers") constitutes not more than 5% of the total amount of revenues paid to the independent auditors

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

(during the fiscal year in which the permissible non-audit services are provided) by (a) the Fund, (b) its investment adviser and (c) any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the Fund during the fiscal year in which the services are provided that would have to be approved by the Committee; (ii) the permissible non-audit services were not recognized by the Fund at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Committee and approved by the Committee (or its delegate(s)) prior to the completion of the audit.

- (e) (2) Services approved pursuant to paragraph (c) (7) (i) (C) of Rule 2-01 of Regulation S-X:

common control with the investment adviser that provides ongoing services to the registrant that were not pre-approved pursuant to paragraph (c) (7) (ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The registrant has a separately designated standing audit committee (the "Audit Committee") established in accordance with Section 3(a) (58) (A) of the Securities Exchange Act of 1934, as amended. The Audit Committee is comprised of the following board members: Mr. Armstrong, Mr. Bernikow, Mr. Burt, Mr. Garil and Ms. Higgins.

ITEM 6. SCHEDULE OF INVESTMENTS.

Included as part of the report to shareholders filed under Item 1 of this form.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The registrant's Board of Directors believes that the voting of proxies on securities held by the registrant is an important element of the overall investment process. As such, the Board has delegated the responsibility to vote such proxies to the registrant's advisor. Following is a summary of the proxy voting policy of the advisor.

CORPORATE GOVERNANCE PHILOSOPHY, VOTING GUIDELINES AND POLICY SUMMARY

The proxy voting policy of UBS Global AM is based on its belief that voting rights have economic value and must be treated accordingly. Generally, UBS

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

Global AM expects the boards of directors of companies issuing securities held by its clients to act as stewards of the financial assets of the company, to exercise good judgment and practice diligent oversight with the management of the company. While there is no absolute set of rules that determines appropriate corporate governance under all circumstances and no set of rules will guarantee ethical behavior, there are certain benchmarks, which, if substantial progress is made toward, give evidence of good corporate governance. UBS Global AM may delegate to an independent proxy voting and research service the authority to exercise the voting rights associated with certain client holdings. Any such delegation shall be made with the direction that the votes be exercised in accordance with UBS Global AM's proxy voting policy.

When UBS Global AM's view of a company's management is favorable, UBS Global AM generally supports current management initiatives. When UBS Global AM's view is that changes to the management structure would probably increase shareholder value, UBS Global AM may not support existing management proposals. In general, UBS Global AM (1) opposes proposals which act to entrench management; (2) believes that boards should be independent of company management and composed of persons with requisite skills, knowledge and experience; (3) opposes structures which impose financial constraints on changes in control; (4) believes remuneration should be commensurate with responsibilities and performance; and (5) believes that appropriate steps should be taken to ensure the independence of auditors.

UBS Global AM has implemented procedures designed to identify whether it has a conflict of interest in voting a particular proxy proposal, which may arise as a result of its or its affiliates' client relationships,

marketing efforts or banking and broker/dealer activities. To address such conflicts, UBS Global AM has imposed information barriers between it and its affiliates who conduct banking, investment banking and broker/dealer activities and has implemented procedures to prevent business, sales and marketing issues from influencing our proxy votes. Whenever UBS Global AM is aware of a conflict with respect to a particular proxy, its appropriate local corporate governance committee is required to review and agree to the manner in which such proxy is voted.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

- (a) (1) Name - Kevin McIntyre
Title - Vice President
Length of Service - Since 2005

Business Experience Last 5 Years - Mr. McIntyre is a director (since 2003) and portfolio manager (since 2005) of UBS Global Asset Management (Americas) Inc. and UBS Global Asset Management (US) Inc. (collectively, the "UBS Global AM - Americas Region"). He is also Head of Municipal Trading for UBS Global AM-Americas Region since 2002. Prior to that he was a trader and assistant portfolio manager with UBS Global AM - Americas Region. Mr. McIntyre is a vice president of two investment companies (consisting of two portfolios) for which UBS Global AM - Americas Region or one of its affiliates serves as investment advisor, sub-advisor or manager.

(a) (2) (iii) Accounts with respect to which an advisory fee is based on the performance of the account.

None

(a) (2) (iv) Conflicts.

The management of the registrant and other accounts by a portfolio manager could result in potential conflicts of interest if the registrant and other accounts have different objectives, benchmarks and fees because the portfolio manager and his team must allocate time and investment expertise across multiple accounts, including the registrant. The portfolio manager and his team manage the registrant and other accounts utilizing an approach that groups similar accounts by characteristics and objectives. The Advisor manages accounts according to their respective objectives, including where possible, those accounts that have specific investment restrictions. Accordingly, portfolio holdings, position sizes, and industry and sector exposures tend to be similar across accounts, which may minimize the potential for conflicts of interest.

If a portfolio manager identifies a limited investment opportunity that may be suitable for more than one account, the registrant may not be able to take full advantage of that opportunity due to an allocation of filled purchase or sale orders across all eligible portfolios and accounts. To deal with these situations, the Advisor has adopted procedures for allocating portfolio trades across multiple accounts to provide fair treatment to all accounts.

The management of personal accounts by a portfolio manager may also give rise to potential conflicts of interest. The Advisor and the registrant have adopted a Code of Ethics that governs such personal trading, but there is no assurance that the Code will adequately address all such conflicts.

(a) (3) Compensation.

The compensation received by portfolio managers at UBS Global AM - Americas Region, including Mr. McIntyre, includes a base salary and incentive compensation as detailed below. Overall compensation can be grouped into three categories: base salary, annual bonuses and UBS AG equity. Base salary is fixed compensation used to recognize the experience, skills and knowledge that the investment professionals bring to their roles. Annual bonuses are correlated with performance and are based on three components: 1) the firm's overall business success; 2) the performance of the respective asset class and/or investment mandate; and 3) an individual's specific contribution to the firm's results. Senior investment professionals may receive a portion of their annual performance-based incentive in the form of deferred or restricted UBS AG shares or employee stock options. Broader equity share ownership is

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-CSR

encouraged for all employees through "Equity Plus." This long-term incentive program gives employees the opportunity to purchase UBS stock with after-tax funds from their bonus or salary. Two UBS stock options are given for each share acquired and held for two years.
