SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of the Record Date, information concerning the beneficial ownership of the Company's Common Stock by (i) each person or group of persons known to beneficially own more than 5% of the outstanding shares of our Common Stock, (ii) each person who is our executive officer or director and (iii) all such executive officers and directors as a group. Beneficial ownership and percentage ownership are determined in accordance with the rules of the SEC. Under these rules, beneficial ownership generally includes any shares as to which the individual or entity has sole or shared voting power or investment power and includes any shares that an individual or entity has the right to acquire beneficial ownership of within 60 days of the Record Date through the exercise of any option, warrant, conversion privilege or similar right. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of our common stock that could be issued upon the exercise of outstanding options and warrants that are exercisable within 60 days of the Record Date are considered to be outstanding. These shares, however, are not considered outstanding as of the Record Date when computing the percentage ownership of each other person, except as specifically set forth below.

To our knowledge, except as indicated in the footnotes to the following table, all beneficial owners named in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them.

ACTION 1

Amendment to our Articles of Incorporation to increase the total number of shares of authorized common stock to 3,000,000,000 shares of common stock from 1,000,000,000, such authorized number of shares of preferred stock to remain 5,000,000

Our board of directors and the holders of a majority of the voting securities of our stockholders have approved the amendment to our Articles of Incorporation (the “**Amendment**”) increasing our authorized shares of Common Stock from 1,000,000,000 shares to 3,000,000,000 shares. The increase in our authorized shares of Common Stock will become effective upon the filing of the Amendment with the Secretary of State of the State of Nevada. We will file the Amendment approximately (but not less than) 20 days after the definitive information statement is mailed to stockholders.

The form of the Amendment to be filed with the Secretary of State of the State of Nevada is set forth as Appendix A to this information statement.

Outstanding Shares and Purpose of the Amendment

Our Articles of Incorporation currently authorize us to issue a maximum of 1,000,000,000 shares of common stock, \$0.001 per share and 5,000,000 shares of Preferred Stock. As of the Record Date, we had 852,532,858 shares of common stock issued and outstanding and 1,000 shares of Series A Preferred Stock issued and outstanding.

The board of directors believes that the increase in our authorized common stock will provide us with greater flexibility with respect to our capital structure for business purposes including additional equity financings and stock based acquisitions. There will be no change to our authorized preferred stock.

Effects of the Increase in Authorized Common Stock

The additional shares of common stock will have the same rights as the presently authorized shares, including the right to cast one vote per share of common stock. Although the authorization of additional shares will not, in itself, have any effect on the rights of any holder of our common stock, the future issuance of additional shares of Common

Stock (other than by way of a stock split or dividend) would have the effect of diluting the voting rights and could have the effect of diluting earnings per share and book value per share of existing stockholders.

At present, the board of directors has no specific plans to issue the additional shares of common stock authorized by the Amendment. However, it is possible that some of these additional shares could be used in the future for various purposes without further stockholder approval, except as such approval may be required in particular cases by our charter documents, applicable law or the rules of any stock exchange or other quotation system on which our securities may then be listed. These purposes may include: raising capital, settlement of debt, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies, and expanding our business or product lines through the acquisition of other businesses or products. The Company has historically funded its operations through the issuance of its securities in the form of convertible debt or common stock issuances. The additional shares of common stock will allow the Company to continue to fund its operations through the issuance of convertible debt.

We could also use the additional shares of common stock that will become available pursuant to the Amendment to oppose a hostile takeover attempt or to delay or prevent changes in control or management of our company. Although the board's approval of the Amendment was not prompted by the threat of any hostile takeover attempt (nor is the board currently aware of any such attempts directed at us), nevertheless, stockholders should be aware that the Amendment could facilitate future efforts by us to deter or prevent changes in control of our company, including transactions in which our stockholders might otherwise receive a premium for their shares over then current market prices.

Interests of Certain Persons in the Action

Certain of the Company's officers and directors have an interest in the Amendment as a result of their ownership of shares of our common stock, as set forth in the section entitled "Security Ownership of Certain Beneficial Owners and Management" below. However, we do not believe that our officers or directors have interests in the Amendment that are different from or greater than those of any other of our stockholders.

ACTION 2

amendment to our Bylaws to set the number of directors who shall serve on our board of Directors

Our board of directors and the holders of a majority of the voting power of our voting securities have approved the amendment to our Bylaws.

Our Board of Directors reviews the Company's corporate governance and organizational documents and has determined that its Bylaws should be revised and updated to fix the number of directors who shall serve on the Board at a minimum of one (1) and a maximum of fifteen (15) directors. The Board believes that the amendment would provide the flexibility to appoint directors with industry and financial expertise who will add long term value to the Company and its stockholders.

The power to amend the Bylaws to change the number of directors is vested in the stockholders.

The form of the amendment to the Bylaws is set forth as Appendix B to this information statement.
