Matters to be Consented To

1. Reverse Split.

Edgar Filing: LUMALITE HOLDINGS INC - Form PRE 14C

As of the Record Date, the Company's stock has little or no public market for its common stock. Based upon current market conditions and NASDAQ listing requirements, and brokerage firm interest in low priced securities, management has determined that it is in the Company's best interest to effectuate a reverse split, which is to be authorized by the shareholders. The Board is seeking authority to effectuate up to a 200 to 1 reverse split, the final amount to be determined by the Board at a later date.

Fractional shares will be rounded up to the nearest full share. In an effort to preserve shareholders in "round lots", which is of benefit to the shareholders and the Company, no certificate below one hundred shares will be reversed and no certificate greater than one hundred shares will be reversed below one hundred shares.

As existing stock certificates are sent in for transfer they will be replaced with new certificates reflecting the reverse split.

2. Change in the Name of the Company.

The shareholders will vote to give the Board of Directors authority to change the name of the Company to a name to be selected at a later date.

Vote Required for Approval

Approval of the proposed above action requires a majority vote of the shareholders of shares as of the Record Date. Because shareholders holding a majority of the shares are in favor of the proposed actions, proxies are not being solicited in this matter and the corporate action will be approved by written shareholder consent.
