Report of Independent Registered Public Accounting Firm

Trustee and Participants

Pre-Paid Legal Services, Inc. Employee Stock Ownership and Thrift Plan

We have audited the accompanying statements of net assets available for benefits of Pre-Paid Legal Services, Inc. Employee Stock Ownership and Thrift Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Pre-Paid Legal Services, Inc. Employee Stock Ownership and Thrift Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Pre-Paid Legal Services, Inc. Employee Stock Ownership and Thrift Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

NOTE A - DESCRIPTION OF PLAN

The Pre-Paid Legal Services, Inc. Employee Stock Ownership and Thrift Plan (the "Plan") was established on January 1, 1988 for the benefit of the employees of Pre-Paid Legal Services, Inc. and its subsidiaries (the "Company"). The Plan is administered by a committee (the "Committee") of three employees appointed by the Company. The Charles Schwab Trust Company ("Schwab") has entered into a Trust Agreement whereby Schwab acts as Plan Trustee.

The following brief description of the provisions of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Under the terms of the Plan, the Trustee may acquire, hold and dispose of all cash and investments, including common and preferred stock of the Company in accordance with the Committee's written investment policy. Participants may direct the investment of 100% of their Elective Deferral accounts to any one or more of the investment funds designated by the Committee as permissible under the written investment policy.

Each participant or beneficiary shall have the sole right to vote shares of Company common stock allocated to such participant's account. The right to vote such shares shall be exercised by directing the Committee as to the manner in which the shares shall be voted.

The Plan is a defined contribution plan covering certain employees of the Company and employees of affiliated companies which are included in the Company's consolidated tax return. The Plan year-end is December 31. All employees at least 21 years of age are eligible to enroll in the Plan on the first day of the month following the date the employee completes one year of service (1,000 hours) within 12 consecutive months of his/her employment date.

The Company may make discretionary contributions to the Plan for each Plan year. The contributions may vary from year to year and are determined by written action of the Board of Directors of the Company. The Company's contribution may be paid to the Trustee either in cash, Company common stock or in other property.

The discretionary matching company contribution is an amount determined, in the sole discretion of the Company and added to amounts forfeited by other participants, to match the following percentages of participants' deferred compensation contributions (up to a maximum of 6%) for the Plan year. The discretionary matching company contribution is allocated at the end of each Plan year to each participant's Company Contribution Account based on the following percentages:

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Years of service on first day of plan year	Matching percentages
0-3	50%
4-5	75%
6 or more	100%

A participant may elect to defer a portion of his compensation in the form of a contribution to his deferred compensation account under the Plan. Participants contribute to the Plan on a pre-tax basis only. Subject to the limitations contained in the Plan, a participant may elect to defer any portion of his compensation. However, a participant may never defer more than the lesser of the Internal Revenue Service limitation (\$16,500 for 2009 and \$15,500 for 2008) in any Plan year or 80% of compensation.

Separate accounts are maintained for each participant in the Plan. When an election is made by the participant to defer part of his compensation, an Employee Deferred Compensation Account is established. Each participant will also have a Company Contribution Account consisting of discretionary matching contributions made by the Company and a proportionate share of forfeitures.

All amounts in the participant's accounts are placed in a trust fund and invested by the Trustee. The Trustee must invest the trust fund solely in the interest of and for the exclusive purpose of providing benefits to the participants and their beneficiaries while minimizing the expenses of administering the Plan. The Plan allows participants to direct the Trustee as to the investment of their contributions including the portion, if any, to be invested in Company common stock. The Plan allows participants who have completed at least three years of service with the Company to direct the investment of their employer contributions.

A participant will be entitled to the full amount credited to his Company Contribution Account at the normal retirement date or upon permanent disability or death. If a participant terminates employment for any reason after he has completed at least one year of service, he will be entitled to receive a portion or all of his account, depending on his years of service. The percentage of the Company Contribution Account to which a participant is entitled and the percentage forfeited if a participant leaves the Company for reasons other than retirement, permanent disability or death prior to becoming fully vested is computed according to the following formula:

Pre-Paid Legal Services, Inc. Employee Stock Ownership and Thrift Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2009 and 2008

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Years of service	Vested percentage	Forfeited percentage
Less than 1	0%	100%
1 but less than 2	20%	80%
2 but less than 3	40%	60%
3 but less than 4	60%	40%
4 but less than 5	80%	20%
5 or more	100%	0%

A participant will always be fully vested in his Employee Deferred Compensation Account, regardless of his years of service.

Upon termination of a participant's employment with the Company, the nonvested portion of the Company contribution is forfeited. Forfeitures of approximately \$10,000 and \$12,000 were used to reduce future Company contributions during 2009 and 2008, respectively. At December 31, 2009 and 2008, forfeited nonvested accounts totaled approximately \$1,000 and \$4,000, respectively.

The Company may amend the Plan at any time to conform to the Internal Revenue Code, Treasury Regulations and Rulings thereunder. The Company has the right to terminate the Plan at any time upon prior written notice to the Trustee and may direct the Trustee to liquidate the shares of participants in the trust fund. Upon termination or permanent suspension of contributions, the accounts of all participants affected thereby shall become nonforfeitable and shall be distributed.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The following is a summary of the Plan's significant accounting policies.

1. Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

2. Cash and Cash Equivalents

Cash and cash equivalents consist of the Plan's linked cash and money fund accounts at a national brokerage firm which may not be federally insured. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risks on cash and cash equivalents. Money fund amounts have a unit value of \$1 and balances are immediately accessible by the Plan.

3. Investments

Investments are presented at fair value (see Note F). The cost of Company common stock sold is determined on the basis of average cost. Actual cost is used as a basis for sales of all other investments. Investment transactions are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Investment contracts held by a defined-contribution plan are reported at fair value. However, contract value is the relevant measure attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully-benefit responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. The Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

4. Participant Notes

Participant notes are approved by the Committee and cannot be made for an amount less than \$1,040 or exceed the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made or one-half of the participant's vested balance. The notes are secured by the participants' vested interest in the Plan, bear interest and are repayable based upon rates and terms set forth in the Loan Policy. Participant notes are valued at cost which approximates fair value.

5. Noncash Contributions

Contributions of Company common stock are recorded at fair value as determined by the market price of Company common stock on the New York Stock Exchange for the day when the company match is contributed.

## 6. Expenses

The Company elected to pay substantially all of the Plan's administration expenses in 2009 and 2008 although it is not obligated to do so. Any expenses not paid by the Company are to be paid by the Plan.

## 7. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

## NOTE C - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

	2009	2008
Common Stock – Pre-Paid Legal Services, Inc. (202,254 and 190,761 shares, Respectively)	\$ 8,308,594	\$ 7,113,478

NOTE D - TAX STATUS

A favorable determination letter dated November 16, 2005 was received from the Internal Revenue Service indicating that the Plan, as amended through November 1, 2004, qualifies under section 401(a) of the Internal Revenue Code and is exempt from federal income taxes under section 501(a) of the Code. The Plan has been further amended since receiving the determination letter. However, the Company and the Committee believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Company and the Committee believe that the Plan continues to be qualified and no provision for income taxes has been included in the Plan's financial statements.

NOTE E - DISTRIBUTIONS

Former participants may request distribution of their accounts in the form of Company common stock or cash. Former participants who have elected to diversify all or a portion of their Plan accounts into mutual fund investments will receive a distribution of mutual fund shares or cash. Distributions made in 2009 consisted of cash of \$648,128. Distributions made in 2008 consisted of cash of \$468,802.

Former participants who terminated employment during 2008 and had not yet received distribution of their account at December 31, 2008 received distribution in 2009. The balance due former participants at December 31, 2008 included cash of \$3,685. There were no balance due to former participants at December 31, 2009.

NOTE F - FAIR VALUE MEASUREMENT

The following fair value hierarchy prioritizes the inputs used to measure fair value of financial assets and liabilities:

Level 1: Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Pricing inputs are other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date. Level 2 includes those financial instruments that are valued using models or other valuation methodologies. Substantially all of the assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace.

Level 3: Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value. At each balance sheet date, we perform an analysis of all instruments subject to fair value measurements and include in Level 3 all of those whose fair value is based on significant unobservable inputs.

## NOTE F - FAIR VALUE MEASUREMENT – CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Valued at the net asset value (“NAV”) of shares held by the Plan at year-end.

Common stock - Valued at the closing price reported on the active market on which the security is traded.

Collective trust fund - Valued based on the fair value of the collective trust’s underlying investments.

Participant notes - Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Common Stock	\$ 8,308,594	\$ -	\$ -	\$ 8,308,594
