ITEM 5. OTHER EVENTS

GMAC 2ND QUARTER 2001 EARNINGS SUMMARY

General Motors Acceptance Corporation (GMAC) earned consolidated net income in the second quarter of 2001 of \$449 million, up 14% from the \$395 million earned in the second quarter of 2000. These earnings represent a record second quarter for GMAC. Net income for the first six months of 2001 was \$914 million, up 15% from the \$792 million reported in the same period a year ago.

For the quarter, net income from financing operations totaled \$360 million, up 30% from the \$278 million earned in the same period of 2000. The strong results can be attributed to higher asset levels, increased securitization activity, and the positive impact of lower short-term interest rates, which were only partially offset by higher credit losses and lower off-lease residual values.

GMAC Insurance Holdings, Inc. generated net income of \$41 million in the second quarter of 2001, down 28% from the \$57 million earned in the same period of 2000. The decrease was primarily due to a timing related reduction in capital gains.

GMAC Mortgage Group, Inc. earned \$48 million in the second quarter of 2001, down 20% from the \$60 million earned in the same period last year. The lower

interest rate environment led to an acceleration of loan prepayments as more customers refinanced their mortgages requiring a write-down of mortgage servicing rights. Absent this write-down, mortgage operations remained strong with a significant increase in mortgage originations and record earnings from GMAC Commercial Mortgage and Residential Funding Corporation (GMAC's residential mortgage conduit operation).
