REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Pension Committee
Aflac Incorporated 401(k) Savings
and Profit Sharing Plan:

We have audited the accompanying statements of net assets available for plan benefits of the Aflac Incorporated 401(k) Savings and Profit Sharing Plan (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Aflac Incorporated 401(k) Savings and Profit Sharing Plan at December 31, 2005 and 2004, and the changes in net assets available for plan benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements of the Aflac Incorporated 401(k) Savings and Profit Sharing Plan taken as a whole. The supplementary information included in Schedule 1 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Aflac Incorporated 401(k) Savings and Profit Sharing Plan

Notes to Financial Statements

December 31, 2005 and 2004

1. DESCRIPTION OF THE PLAN

The Aflac Incorporated 401(k) Savings and Profit Sharing Plan (the Plan) was established for the benefit of the employees of Aflac Incorporated; American Family Life Assurance Company of Columbus (excluding Japan Branch employees); American Family Life Assurance Company of New York; Aflac International, Incorporated; and Communicorp, Incorporated (collectively "the Company").

The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible employees may voluntarily participate in the Plan on the first day of the month, which coincides with or next follows the completion of thirty days of employment.

The Plan is administered by a plan administrator appointed by the Pension Committee of Aflac Incorporated's Board of Directors. The majority of the Plan's administrative expenses are paid by the Plan sponsor. A portion of the Plan's administrative expenses is allocated to the Plan and is deducted from the investment earnings (losses) in participant accounts. Administrative fees on loans and in-service withdrawal expenses are paid directly by the requesting participant and are deducted from the loan or in-service withdrawal amount.

(b) Contributions

Contributions to the Plan are made by both participants and the Company. Participants may contribute portions of their salary and bonus on a pretax basis in increments of whole percentages of up to 50% in 2005 and 2004, subject to aggregate limits imposed by Internal Revenue Service (IRS) regulations. Aggregate limits as prescribed by the IRS were \$14,000 for participants under the age of 50 and \$18,000 for participants age 50 and older in 2005 and \$13,000 for participants under the age of 50 and \$16,000 for participants age 50 and older in 2004. The first 1% to 6% of participants' compensation contributed may be subject to a percentage matching contribution by the Company. For the years ended December 31, 2005 and 2004, subject to certain limitations, the Company's matching contribution was 50% of the portion of the participants' contributions, which were not in excess of 6% of the participants' compensation.

Table of Contents

(c) Participant Accounts

An account is maintained for each participant and is credited with participant contributions and investment earnings or losses thereon. Contributions may be invested in one or more of the investment funds available under the Plan at the direction of the participant. A separate account is maintained with respect to each participant's interest in the Company's matching contributions. Amounts in this account are apportioned and invested in the same manner as the participant's account.

(d) Vesting

Participants are 100% vested in their contributions plus actual investment earnings or losses thereon.

Participants become vested in the Company's matching contributions and the related earnings or losses thereon according to the following schedule.

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

A participant's interest in the Company's matching contributions and the related earnings or losses thereon is also vested upon termination either because of death or disability or after attaining early retirement date or normal retirement age. Except as previously described, participants forfeit the portion of their interest which is not vested upon termination of employment. These forfeitures are available to reduce the Company's future matching contributions or plan expenses. At December 31, 2005, forfeited non-vested accounts totaled \$273,559, compared with \$467,409 a year ago. For the year ended December 31, 2005, forfeitures in the amount of \$401,957 were used to reduce matching contributions, while \$74,991 was used to reduce administrative fees.

(e) Distributions

Participants may receive a distribution equal to the vested value of their account upon death, disability, retirement, or termination of either the Plan or the participant's employment. Distributions may only be made in the form of a lump-sum cash payment and/or Aflac Incorporated common stock.

The Plan permits in-service withdrawals for participants who are 100% vested in the Company's contribution and have attained age 59 1/2.

Table of Contents

(f) Loans

Participants are allowed to borrow funds from their accounts. The minimum amount of any loan is \$1,000. Participants may have up to two active loans from their account at any time. The maximum amount of loans made to a participant from the Plan, when added together, cannot exceed the lesser of:

- a. 50% of the participant's vested benefit (as defined by the Plan document); or
- b. \$50,000, reduced by the amount, if any, of the highest balance of all outstanding loans to the participant during the one-year period ending on the day prior to the day on which the loan is made.

All participant loans carry a maturity date of up to five years for general purpose loans and up to 10 years for loans made to purchase the participant's principal residence from the date the loan is made and are secured by the balance in the participant's account. Interest rates on participant loans are established at the prevailing prime interest rate at the time the loan is made plus 2%. The prime interest rate was 7.25% at December 31, 2005, compared with 5.25% at December 31, 2004.

(g) Transactions With Parties-in-Interest

Edgar Filing: AFLAC INC - Form 11-K

During 2005, the assets of the Plan were transferred from a trust maintained by Charles Schwab Trust Company (Charles Schwab) to a trust maintained by Merrill Lynch Trust Company (Merrill Lynch).

As of December 31, 2005 and 2004, the statements of net assets available for plan benefits include the following investments in and accounts with parties-in-interest to the Plan.

	2005	2004
Aflac Incorporated common stock	\$ 75,274,490	\$ 65,683,491
Schwab Institutional Advantage Money Fund	*	4,695,959
Schwab S&P 500 Investors Fund	*	1,993,518
Merrill Lynch Retirement Preservation Trust	5,072,196	*
Merrill Lynch Equity Index Trust I	2,430,114	*

*Not a party-in-interest at December 31.

2. SUMMARY OF ACCOUNTING POLICIES

(a) Basis of Presentation

The accompanying statements of net assets available for plan benefits and changes in net assets available for plan benefits have been prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(b) Investments

Investments are stated at fair value based upon market quotations obtained from national security exchanges. Common/collective trusts are valued based on the quoted market prices of the underlying assets held in the fund. Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed). Realized gains and losses on the sale of investments are calculated based on the difference between selling price and cost on an average cost basis.

Participant loans are stated at cost, which approximates fair value.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(c) Distributions

Distributions to participants are recorded when paid.

(d) Fair Value of Financial Instruments

Investments are stated at fair value. The carrying amounts for cash, receivables, and payables approximated their fair values due to the short-term nature of these instruments.

3. FEDERAL INCOME TAXES

The Internal Revenue Service has determined and informed the Company by letter dated February 27, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Participants in the Plan are not subject to federal and state income taxes on their contributions, on amounts contributed by the employer, or on earnings or appreciation of investments held by the Plan until withdrawn by the participant or distributed to the participant's named beneficiary in the event of death.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

5. INVESTMENT FUNDS

The following table presents the fair value of individual investments that exceeded 5% of the Plan's net assets as of December 31:
