PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
MAY 16, 2017

INTRODUCTION

This proxy statement is furnished in conjunction with the solicitation by the Board of Directors (the “Board”) of American National Bankshares Inc. (the “Company”) of the accompanying proxy to be used at the Annual Meeting of Shareholders of the Company (the “Annual Meeting”) and at any adjournment thereof. The meeting will be held on Tuesday, May 16, 2017, 9:00 a.m., at The Wednesday Club, 1002 Main Street, Danville, Virginia 24541, for the purposes set forth below and in the Notice of Annual Meeting of Shareholders. The date of this proxy statement is April 6, 2017 and the approximate mailing date of this proxy statement and the enclosed proxy is April 10, 2017.

Voting Rights of Shareholders

Only shareholders of record at the close of business on April 3, 2017, are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof. As of the close of business on April 3, 2017, there were 8,638,744 shares of the Company’s common stock outstanding, of which 8,464,600 shares were entitled to vote at the Annual Meeting. For the reasons explained below, the number of shares entitled to vote is less than the number of shares of the Company’s common stock outstanding on such date. The Company has no other class of stock outstanding. Each share of common stock entitles the record holder thereof to one vote upon each matter to be voted upon at the Annual Meeting.

A majority of the votes entitled to be cast, represented in person or by proxy, will constitute a quorum for the transaction of business. Shares for which the holder has elected to abstain or to withhold the proxy’s authority to vote on a matter will count toward a quorum but will not be included in determining the number of votes cast with respect to such matter.

Shares held by brokers or banks in street name (“broker shares”) that are voted on any matter are included in the quorum. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

Ambro and Company, the nominee name that the Company's banking subsidiary, American National Bank and Trust Company (the "Bank"), uses to register the securities it holds in a fiduciary capacity for customers, held 174,144 shares of the Company's common stock as sole fiduciary (with no qualifying co-fiduciary having been appointed) as of April 3, 2017, which constituted 2.02% of the issued and outstanding shares of the Company's common stock on that date. Under Virginia law, such shares cannot be voted at the Annual Meeting and are not deemed to be outstanding and entitled to vote for purposes of determining a quorum.

Voting of Broker Shares

If a beneficial owner of broker shares does not provide the broker or other nominee that holds the shares with specific voting instructions, then under applicable rules, such organization may generally vote on "routine" matters but cannot vote on "non-routine" matters. If the broker or other nominee that holds such shares does not receive instructions from the beneficial owner on how to vote shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to the shares. This is generally referred to as a "broker non-vote."

The ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company's independent registered public accounting firm for 2017 (Proposal Two) is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal Two. The election of directors (Proposal One), the advisory vote on the Company's executive compensation (Proposal Three), and the advisory vote on whether an advisory vote on executive compensation should be held every one, two or three years (Proposal Four) are matters considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore broker non-votes may exist in connection with Proposals One, Three, and Four.

Revocation and Voting of Proxies

Execution of a proxy will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Any shareholder who has executed and returned a proxy may revoke it by attending the Annual Meeting and requesting to vote in person. A shareholder may also revoke his or her proxy at any time before it is exercised by filing a written notice with the Company or by submitting a proxy bearing a later date. Proxies will extend to, and will be voted at, any adjourned session of the Annual Meeting.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitation is being made by mail, and if necessary, may be made in person, by telephone or Internet or special letter by officers and employees of the Company or the Bank, acting on a part-time basis and for no additional compensation.

PROPOSAL ONE – ELECTION OF DIRECTORS

The Company's Board of Directors currently consists of 14 persons. Pursuant to the Company's Articles of Incorporation, the Board is to be divided into three classes (I, II and III), with each class as nearly equal in number as possible. The term of office for current Class III directors will expire at the Annual Meeting. Nominees to serve as Class III directors are set forth below. All of the nominees currently serve as directors of the Company. Continuing members of the Board of Directors also are set forth below.

Ben J. Davenport, Jr. will retire from the Board of Directors pursuant to the Company's retirement policy for directors. His retirement will be effective at the 2017 Annual Meeting. Upon his retirement, Mr. Davenport will be eligible to be a Director Emeritus, and the Board of Directors, upon recommendation from its Corporate Governance and Nominating Committee, intends to appoint him as such for the period May 16, 2017 until May 15, 2018. Mr. Davenport, age 74, is Chairman of First Piedmont Corporation (waste management), Chatham, Virginia and Chairman of Davenport Energy Inc. (petroleum distribution), Chatham, Virginia.

Due to the retirement of Mr. Davenport from the Board of Directors, the number of Class III directors will be reduced to four from five; thus reducing the size of the Board to 13 from 14 persons.

The persons named in the accompanying proxy will vote for the election of the nominees named below unless authority is withheld. If for any reason the persons named as nominees below should become unavailable to serve, an event that management does not anticipate, proxies will be voted for such other persons as the Board of Directors may designate.

The Board of Directors recommends the nominees, as set forth below, for election. The Board of Directors recommends that shareholders vote FOR these nominees. The election of each nominee requires the affirmative vote of a plurality of the shares of the Company's common stock cast in the election of directors.

The names of the nominees for election and the other continuing members of the Board of Directors, their principal occupations and qualifications to serve as directors, their ages as of December 31, 2016, and certain other information with respect to such persons are as follows:

Board Members Serving on Other Publicly Traded Company Boards of Directors

Michael Haley has been a director of Stanley Furniture Company, Inc. since 2003, LifePoint Health, Inc. since 2005, and Ply Gem Holdings, Inc. since 2006.

Board of Directors and Committees

Directors are expected to devote sufficient time, energy, and attention to ensure diligent performance of their duties, including attendance at board, committee, and shareholder meetings. The Board of Directors of the Company met 12 times during 2016. The non-management directors held 11 executive sessions during 2016, exclusive of the Chief Executive Officer and any other management. The Committee oversees succession planning for the Chief Executive Officer and makes recommendations to the Board of Directors regarding succession. Compensation Committee Interlocks and Insider Participation

No member of the Human Resources and Compensation Committee or executive officer of the Company has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Director Nominations Process

The Company's Board of Directors has adopted, as a component of its Corporate Governance Guidelines, a process related to director nominations (the "Nominations Process"). The purpose of the Nominations Process is to describe the manner by which candidates for possible inclusion in the Company's recommended slate of director nominees are selected. The Nominations Process is administered by the Corporate Governance and Nominating Committee of the Board.

The Committee considers candidates for Board membership suggested by its members, other Board members, management, and shareholders. A shareholder who wishes to recommend a prospective nominee for the Board may, at any time, notify the Company's Chairman, President or any member of the Committee in writing with supporting material the shareholder considers appropriate. The Committee will consider the shareholder's recommendation and will decide whether to recommend to the Board the nomination of any person recommended by a shareholder pursuant to the provisions of the Company's bylaws relating to shareholder proposals, as described in the "Shareholder Communications and Proposals" section of this proxy statement.

Once the Committee has identified a candidate, it makes an initial determination whether to conduct a full evaluation of the candidate based on information accompanying the recommendation and the Committee members' knowledge of the candidate, which may be supplemented by inquiries to the person making such recommendation or to others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the candidate can satisfy the evaluation factors established in the Corporate Governance Guidelines. The Committee may seek additional information about the candidate's background and experience. The Committee then evaluates the candidate against the criteria in the Company's Corporate Governance Guidelines, including, but not limited to, independence, availability for time commitment, skills such as an understanding of the financial services industry, general business knowledge and experience, all in the context of an assessment of the perceived needs of the Board at that point in time. The Committee does not have a formal policy with respect to diversity on the Board. However, it considers diversity as a prerequisite for adequately representing the interests of the various stakeholders in the Company – shareholders, customers, and employees. The Committee seeks diversity in overall board composition. In the Committee's nominee considerations, diversity is a much broader concept than just the traditional racial and gender dimensions, as it also includes education, geography, business and professional experience and expertise, and civic involvement and responsibility, especially within the Company's market area. In connection with this evaluation process, the Committee determines whether to interview the candidate, and if warranted, one or more members of the Committee will conduct such interview. After completing the evaluation, the Committee makes a recommendation to the Board of Directors as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation of the Committee.

Corporate Governance and Risk Oversight Practices

In a financial institution, the role of the Board is critical to the success or failure of the enterprise. The Board of Directors is led by the Company's Chairman, Mr. Majors. The Chairman of the Corporate Governance and Nominating Committee, Mr. Owen, functions as the lead independent director. He chairs the Board in the absence of the Chairman and the Chief Executive Officer or when the Board's independent directors meet in executive session. Mr. Owen is a retired Chairman and Chief Executive Officer of a publicly traded tobacco company and a former non-executive board chairman of another public company, and his background and experience prepare him well for this role. Meetings of the independent directors are held at least quarterly.

This structure has evolved incrementally over the past 21 years, during the respective tenures of Mr. Majors and Jeffrey Haley as Chief Executive Officer. In the opinion of the Board, it has served the interests of the shareholders, customers, employees and regulators well, as vouched by the Company's consistently strong asset quality, earnings, and total return to shareholders.

The Board of Directors of a financial institution is the strategic linchpin in the risk oversight process. Financial institutions deal with credit risk, liquidity risk, interest rate risk, investment risk, operational risk, reputation risk, and regulatory risk in the day to day conduct of banking business. In order to better manage the risk oversight process, over the past few years the Board has evolved and enhanced its supervision oversight process.

As part of that evolution, there are three standing Board committees whose focus is specifically risk management and oversight: the Audit Committee, the Capital Management Committee, and the Risk and Compliance Committee. The Audit Committee is primarily concerned with financial reporting and internal control related risks. The Capital Management Committee is primarily concerned with market risk, interest rate risk, liquidity risk and investment risk, and capital management. The Risk and Compliance Committee is primarily concerned with developing an enterprise wide risk management strategy. Its focus is mainly operational, credit, and regulatory compliance risk. The Board's Committee efforts are supplemented and supported by the Enterprise Risk Management Committee, which is comprised of members of senior management and the Chairman of the Board.

In the opinion of the Board, this structure provides for a constantly evolving and improving approach to risk management and oversight.

Board Tenure Policy

The Board of the Company has a long-standing policy for the Company and the Bank with respect to the tenure of directors. In summary, it provides for the following:

No director will allow himself to be nominated for reelection to the Board of the Company after reaching the age of 72;

• No director will allow himself to be nominated for reelection to the Board of the Bank, unless at the time of such reelection he was eligible to serve as a director of the Company;

• Any director who retires or resigns from or severs his current employment, or relocates outside the market area of the Bank, will tender his resignation. The Board may accept the resignation, delay acceptance, or decline to accept it; No inside director will continue to serve as a director after his retirement, resignation or other severance of employment status. However, the Board may waive this requirement if it is deemed in the best interests of the Company or the Bank;

• No director will be eligible for reelection if he is absent from all meetings for the 12-month period preceding the Annual Meeting of Shareholders at which such election would be held; and

Any former director may be elected as a Director Emeritus for a one year term, but may not serve more than three years or be elected after reaching age 75. A Director Emeritus will be entitled to attend and participate in Board meetings, but will not be eligible to vote and his presence will not be considered in the determination of a quorum.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's Executive Compensation Philosophy

The purpose of the Company's compensation philosophy is to treat employees fairly and to pay compensation at a level commensurate with the market, given individual and Company factors and performance. The Company's compensation programs, levels, practices, and policies are consistent with

the Company's values, culture and mission. The Company supports a pay-for-performance culture, creation of an environment where employees can succeed, and values, long-standing, productive employee service.

The Human Resources and Compensation Committee of the Board of Directors is responsible for establishing and approving the compensation of the executive officers of the Company, except for the compensation of the Chief Executive Officer, which is approved by the independent members of the Board of Directors. The Committee considers a variety of factors and criteria in arriving at its decisions and recommendations for compensation. The Committee's objective is to attract and retain a superb leadership team with market-competitive compensation and to align the team member's interests with those of the Company, its customers and its shareholders. Accordingly, a significant portion of the Company's executive officers' compensation is directly and materially linked to operating performance. In particular, cash incentive payments and restricted stock awards are heavily dependent on meeting or exceeding Company financial performance goals as well as objective and subjective criteria related to the executive officer's area of responsibility.

Each director who served on the Committee during 2016 qualifies as a "non-employee director" as such term is defined in Rule 16b-3 promulgated under the Securities Exchange Act of 1934 and is an "independent director" as such term is defined in NASDAQ Marketplace Rule 5605(a)(2).

The Committee considers the results of the shareholder advisory say-on-pay vote in its deliberations regarding compensation of the named executive officers. At the Company's 2016 Annual Meeting, 91.8% of shareholders who voted at the meeting voted for the approval of the compensation levels and programs provided to the named executive officers.

Role of Compensation Consultant

During 2014, the Committee retained the services of Pearl Meyer & Partners, LLC ("PM&P"), an independent executive compensation consulting firm, to provide consulting services in connection with developing the Company's compensation philosophy and providing a competitive compensation review with respect to executive management, a larger group than the named executive officers. Management was not involved in the decision to use an outside consultant or the selection of PM&P.

The compensation review encompassed (i) the development of a custom peer group consisting of community banks of comparable size in Virginia and contiguous states, publicly traded, with assets between \$600 million and \$4 billion; (ii) an assessment of the Company's executive compensation as compared to market (similar executives in the peer group); (iii) a high level assessment of the Company's performance relative to peers; and (iv) establishing a basis for discussing potential pay or other compensation changes in future periods.

The 2014 customer peer group of comparable community banks consisted of the following institutions:

Institution Name	Ticker	City	State
BNC Bancorp	BNCN	High Point	NC
First Bancorp	FBNC	Southern Pines	NC

The PM&P review determined that overall cash compensation approximated the market median, but total compensation was below market because of a lack of long-term incentives and supplemental retirement benefits. Based on such information, the Board of Directors and the Committee established beginning in 2015, for members of executive management, a formalized incentive program and the opportunity to participate in a nonqualified deferred compensation plan.

During 2014, PM&P reported directly to the Committee and did not provide any other services to the Company. The Committee has analyzed whether the work of PM&P has raised any conflicts of interest, taking into consideration the following factors, among others: (i) the provision of other services to the Company by PM&P (none); (ii) the amount of fees from the Company paid to PM&P as a percentage of PM&P's total revenues; (iii) PM&P's policies and procedures that are designed to prevent conflicts of interest; (iv) any business or personal relationship of PM&P or the individual compensation advisors employed by PM&P with an executive officer of the Company; (v) any business or personal relationship of the individual compensation advisors with any member of the Committee; and (vi) any stock of the Company owned by PM&P or the individual compensation advisors employed by PM&P. The Committee has determined, based on its analysis of the above factors, among others, that the work of PM&P and the individual compensation advisors employed by PM&P as compensation consultants or advisors to the Company has not created any conflicts of interest.

During 2015 or 2016, the Company did not engage PM&P for any services.

Salary

The base salary of each executive officer named in the Summary Compensation Table (the “named executive officers”) is designed to be competitive with that of the Company’s peer banks and bank holding companies. In establishing the base salaries for the named executive officers in 2016, the Committee and Board relied upon an evaluation of each officer’s level of responsibility and performance. The Committee and the independent members of the Board of Directors also took into account the information described above that was provided by PM&P, including the peer group data. In establishing the base salary for the executive officers other than the Chief Executive Officer, the Committee also received and took into account the individual compensation recommendations of the Chief Executive Officer. In executive session, the independent directors collectively evaluated the performance of the Chief Executive Officer, especially as his performance inured to the benefit of the shareholders. The Chairman of the Committee met with the Chief Executive Officer to review the results of the evaluation after the Committee discussion. The 2016 salary of the Chief Executive Officer was ultimately reviewed, discussed, and approved by the independent members of the Board of Directors in executive session, upon recommendation of the Committee.

Performance Compensation and Bonus Program

For 2016, and based on the information described above that was provided by PM&P, the Board of Directors and the Committee established an incentive program for executive officers. Pursuant to the terms of the program, the Company’s executive officers had the opportunity to earn incentive payments for 2016 performance, with the targeted payout for the Chief Executive Officer set at an amount up to \$150,000 and the targeted payout for the other named executive officers set at an amount equal to 30% of their respective base salaries. For the Chief Executive Officer, the targeted incentive payment was entirely based on achievement of growth goals in core earnings per share (“EPS”). For the other named executive officers, 50% of the targeted incentive payment was based on achievement of certain position specific objective goals and the other 50% was based on the achievement of certain growth goals in core EPS. Incentive payments are made in a combination of cash and restricted stock grants, with the percentage mix established by the Committee in its sole discretion. For 2016 performance, the named executive officers received 50% of the payments in cash and 50% of the payments in restricted stock grants.

The financial target was growth in core net income (defined as net income, per generally accepted accounting principles, less the impact of fair value and merger related adjustments) on an earnings per share basis. For the Chief Executive Officer, the targeted growth was an increase in core EPS of 7.6%, which would result in a \$150,000 incentive payment. The minimum threshold was a 3% increase in core EPS, which would result in a \$108,000 payment. The maximum threshold was a 10% increase in core EPS, which would result in a \$225,000 payment. For 2016, the Company achieved sufficient core EPS growth to result in the maximum incentive payment. Accordingly, Mr. Haley received \$112,500 with

respect to the cash component of the incentive program and 3,243 shares of common stock (grant date market value of \$112,500) with respect to the stock component of the incentive program. For 2017, the incentive program methodology will remain the same for the Chief Executive Officer, but with a different target and thresholds. Commencing in 2017, the cash payment and restricted stock grant under the incentive program will be subject to maintenance of certain asset quality criteria.

For each of the named executive officers other than the Chief Executive Officer, the targeted growth was an increase in core EPS of 7.6%, which would result in a 100% incentive payment. The minimum threshold was a 3% increase in core EPS, which would result in a 20% payment. The maximum threshold was a 10% increase in core EPS, which would result in a 150% payment. For 2016, the Company achieved sufficient core EPS growth to result in the maximum incentive payments to such other named executive officers. Accordingly, with respect to the cash component of the incentive program, Mr. Strader received \$56,250, Mr. Traynham received \$44,437, Mr. Dobbins received \$38,625 and Mr. Hamadi received \$16,730; and with respect to the stock component of the incentive program, Mr. Strader received 1,622 shares of common stock (grant date market value of \$56,250), Mr. Traynham received 1,281 shares of common stock (grant date market value of \$44,437), Mr. Dobbins received 1,114 shares of common stock (grant date market value of \$38,625) and Mr. Hamadi received 483 shares of common stock (grant date market value of \$16,730). For 2017, the incentive program methodology will remain the same for such officers, but with different targets and thresholds (except for Mr. Dobbins, who retired from the Company on March 30, 2017). Commencing in 2017, the cash payment and restricted stock grants under the incentive program will be subject to maintenance of certain asset quality criteria.

Beginning in 2015, all of the Company's named executive officers became eligible to participate in a voluntary, nonqualified deferred compensation plan pursuant to which the officers may defer any portion of their annual cash incentive payments. In addition, the Company may make discretionary cash bonus contributions to the deferred compensation plan. Such contributions, if any, are made on an annual basis after the Human Resources and Compensation Committee assesses the performance of each of the named executive officers and the Company during the most recently completed fiscal year. The goal of the Committee is to award such discretionary bonus payments commensurate with the officer's performance during such year. The discretionary cash bonus contributions are indicated under the "Bonus" column of the Summary Compensation Table on page 27. See also "Nonqualified Deferred Compensation" on page 32 for more information on the plan.

In the opinion of the Committee and the Board of Directors, the Company's compensation practices do not encourage excessive or inappropriate risk taking and are not reasonably likely to have a material adverse effect on the Company, but rather will have a positive effect on the Company.

Stock Compensation Plan

The Company maintains the 2008 Stock Incentive Plan ("2008 Plan"), which is designed to attract and retain qualified key personnel, provide employees with a proprietary interest in the Company as an incentive to contribute to the success of the Company, and reward employees for outstanding

performance and the attainment of goals. The 2008 Plan was adopted by the Board of Directors of the Company on February 19, 2008 and approved by the shareholders on April 22, 2008 at the Company's 2008 Annual Meeting. The 2008 Plan provides for the granting of restricted stock awards and incentive and non-statutory options to employees and directors on a periodic basis, at the discretion of the Board or a Board designated committee. The 2008 Plan authorizes the issuance of up to 500,000 shares of common stock. The 2008 Plan replaced the Company's earlier stock option plan that expired in December 2006.

The 2008 Plan is administered by a Committee of the Board of Directors of the Company comprised of the independent directors. Under the 2008 Plan, the Committee determines which employees will be granted restricted stock awards and options, whether such options will be incentive or non-statutory options, the number of shares subject to each option, whether such options may be exercised by delivering other shares of common stock, and when such options become exercisable. In general, the per share exercise price of an incentive stock option must be at least equal to the fair market value of a share of common stock on the date the option is granted. Restricted stock is granted under terms and conditions established by the Committee.

Stock options become vested and exercisable in the manner specified by the Committee. Each stock option or portion thereof shall be exercisable at any time on or after it vests and is exercisable until ten years after its date of grant. No stock options have been backdated or repriced. As of December 31, 2016, options for 58,411 shares are exercisable under the 2008 Plan, options for 57,255 shares are exercisable under options assumed in the MidCarolina Financial Corporation ("MidCarolina") merger and options for 1,156 shares are exercisable under options assumed in the MainStreet BankShares, Inc. ("MainStreet") merger. The MidCarolina and MainStreet option shares will be issued from the 2008 Plan. There were no stock options awarded in 2016.

The Company from time-to-time grants shares of restricted stock to key employees and non-employee directors. The Company believes the awards help align the interests of these employees and directors with the interests of the shareholders of the Company by providing economic value directly related to increases in the value of the Company's common stock. The value of the stock awarded is based on the fair market value of the Company's common stock at the time of the grant, which is the closing price of the stock on the NASDAQ Global Select Market on the grant day. The Company recognizes expense, equal to the total value of such awards, proportionately over the vesting period of the stock grants.

The current grants of restricted stock do not have performance conditions that must be satisfied in order for the shares to be earned and vest 36 months after the award date. On January 17, 2017, the Company awarded an aggregate of 14,142 shares of restricted stock to the named executive officers and 14 other senior officers of the Bank. Commencing in 2017, granting of restricted stock to the named executive officers will be subject to maintenance of certain asset quality criteria. In addition, beginning in 2017, the Company has instituted asset growth goals that must be achieved prior to the granting and vesting of certain awards of restricted stock to Mr. Strader.

Nonvested restricted stock for the year ended December 31, 2016 is summarized in the following table.

Restricted Stock	Shares	Weighted Average Grant Date Value
Nonvested at January 1, 2016	41,563	\$22.15
Granted	29,025	\$23.55
Vested	(19,219)	\$21.47
Forfeited	(547)	\$21.98
Nonvested at December 31, 2016	50,822	\$23.21

As of December 31, 2016, there was \$568,000 of total unrecognized compensation cost related to nonvested restricted stock granted under the 2008 Plan. This cost is expected to be recognized over the next 12 to 36 months.

Retirement Plan

Through December 31, 2009, the Company's retirement plan was a non-contributory defined benefit pension plan that covered all full-time employees of the Company who were 21 years of age or older and who had at least one year of service. Advanced funding of the plan was accomplished by using the actuarial cost method known as the "collective aggregate cost method".

The plan was closed to new participants at December 31, 2009. On that date, the Company converted the plan to a cash balance plan. Participant balances at that date reflected the net present value of the plan's then existing obligation to the participants. Beginning January 1, 2010, participants earn income each year based on the ten year U.S. Treasury note yield established at December 31 of the prior year, subject to certain adjustments.

401(k) Employee Savings Plan

The Company sponsors a 401(k) Employee Savings Plan in which all full-time employees (age 21 and older) are eligible to participate. The Company matches 100% of employee contributions on the first 3% of earned compensation and 50% of employee contributions of the second 3% of earned compensation. Perquisites received by executive officers are not included as earned compensation under this plan. The Company's contributions are not subject to a vesting schedule.

Perquisites

Due to the geographic size of the Company's market area, in 2016 the Company provided the Chief Executive Officer with an automobile, and reimbursed him for the cost of fuel and maintenance for the vehicles other than the estimated amount of personal use of the vehicles. In 2017, such arrangement

will continue for the Chief Executive Officer. There is no tax gross-up provided by the Company for any employee perquisites.

Other Benefit Plans

Executive officers participate in the Company's benefit plans on the same terms as other employees. These plans include medical, dental, life, and disability insurance. The Company provides life insurance coverage equal to four times the employee's salary for all eligible employees. Coverage in excess of \$50,000 is subject to taxation paid by the employee based on Internal Revenue Service guidelines.

Executive Employment Agreements and Change in Control Arrangements

The Company recognizes that, as a publicly held financial services company, it is imperative that it maintain stability and continuity in its executive management positions. The Company also understands that the possibility of a change in control of the Company exists. In order to protect the interests of the shareholders and the Company, to promote continuity in the event of a change in control and to minimize uncertainty among executive management, the Company and its executive officers have entered into employment agreements that contain severance arrangements in connection with a change in control of the Company. All named executive officers currently have operative employment agreements except Mr. Dobbins, whose agreement terminated on March 30, 2017 due to his retirement.

On March 2, 2015, the Company entered into separate employment agreements with all of the named executive officers except Mr. Hamadi, who entered into his agreement on August 1, 2016, which was his hire date. Each agreement has an initial three year term that extends through December 31, 2017 other than Mr. Hamadi, whose initial three year term extends through July 31, 2019. Effective January 1, 2016, Mr. Jeffrey Haley's agreement renews automatically on a daily basis, so that the term of employment always has at least two years to run. Effective January 1, 2017, the four other named executive officers' agreements, other than Mr. Hamadi, began to renew automatically on a daily basis so that the terms of employment always have at least one year to run. On August 1, 2018, Mr. Hamadi's agreement will renew automatically on a daily basis so that the term of employment always has at least one year to run. Each agreement will automatically terminate on the first day of the month immediately following the month in which the officer turns 70.

The Company may give each of the named executive officers, other than Mr. Jeffrey Haley, notice of nonrenewal of such officer's agreement at any time, and the agreement will terminate one year thereafter, but not before completion of the initial three year term. In the case of Mr. Jeffrey Haley, notice of nonrenewal may be given at any time and his agreement will terminate two years thereafter.

The agreements provide that each officer's base salary will be reviewed annually, and that the officers will be entitled to participate in such short-term and/or long-term cash and equity incentive plans as the Company may determine.

If the Company terminates the officer's employment for any reason other than for "Cause" or if the officer terminates his employment for "Good Reason" (each as defined in the agreement), the Company will, subject to the officer's execution and non-revocation of a general release of claims, make a lump sum payment in an amount equal to the product of (x) the officer's "Final Monthly Compensation" (defined in the agreement as the sum of the officer's base salary in effect at the date of termination and the annual bonus paid or payable for the most recently completed year, divided by twelve) times (y) the number of months remaining between the date of termination and the expiration of the current employment term. The Company will also make a lump sum payment in an amount equal to the product of (x) the amount of the monthly group insurance premiums contributed by the Company for the officer's health, dental and vision insurance coverage (exclusive of the amounts paid by the officer for such coverage) (the "COBRA Premium") times (y) the number of months remaining between the date of termination and the expiration of the current employment term. Upon termination of employment, each officer will be subject to certain noncompetition and nonsolicitation restrictions for one year.

The employment agreements include a double-trigger severance structure in the event of a change in control. If a change in control of the Company occurs and the officer's employment is terminated without Cause or for Good Reason within 24 months following the change in control, the following severance benefits will be paid: (i) the amount of any incentive or bonus compensation earned which has not been paid; (ii) a pro-rated bonus based on the prior year's cash bonus amount; (iii) a lump sum payment equal to 2.99 times Mr. Jeffrey Haley's "Final Compensation" and 2.0 times each of the other named executive officers' "Final Compensation" (defined in the agreements as the base salary in effect at the date of termination plus the highest annual cash bonus paid or payable for the two most recently completed years); and (iv) a lump sum payment equal to the monthly COBRA Premium times 36 months in the case of Mr. Jeffrey Haley and times 24 months in the case of each of the other named executive officers.

Pursuant to the 2008 Plan, the Stock Grant and Option Committee may provide Change in Control acceleration parameters under which all, or a portion, of the restricted stock will vest upon the occurrence of a Change in Control.

Each agreement provides that the severance payments and benefits to which the officer may be entitled in connection with a change in control will be reduced to the amount that does not trigger the golden parachute excise tax under Section 4999 of the Internal Revenue Code of 1986. No reduction, however, will be made and the officer will be responsible for all excise and other taxes if his after-tax position with no cutback exceeds his after-tax position with a cutback by at least 5%.

Potential Payments upon Termination or Change in Control

If a change in control had occurred on December 31, 2016, and the named executive officers were terminated on that same date, the compensation and benefits that would be payable to each of the named executive officers under the terms of their employment agreements are identified in the following table. This hypothetical scenario would require payment of each officer's "Final Compensation" as determined

under his employment agreement, accrued bonus, and coverage under the Company's healthcare plan through December 31, 2018. Stock awards represent the market value of restricted shares of stock that have not vested as of December 31, 2016.

Name	Final Compen-sation (\$)(1)	Accrued Bonus (\$)	COBRA Premium (\$)	Stock Awards (\$)
Jeffrey V. Haley	1,849,315	178,500	16,200	362,500
H. Gregg Strader	772,500	86,250	10,800	168,125
William W. Traynham	610,274	68,137	10,800	164,187
R. Helm Dobbins (2)	530,450	59,225	10,800	138,625
Ramsey K. Hamadi (3)	515,306	25,653	10,800	16,730

(1) See "Executive Employment Agreements and Change in Control Arrangements" beginning on page 23 for the components included in "Final Compensation."

(2) Mr. Dobbins retired from the Company on March 30, 2017.

(3) Mr. Hamadi joined the Company on August 1, 2016.

Tax and Accounting Considerations

The Company's practice is to expense salary, bonus and incentive compensation, and benefit costs as they are incurred for tax and accounting purposes. Salary, bonus and incentive compensation, and some benefit payments are taxable to the recipient as ordinary income. The tax and accounting treatment of the various elements of compensation is not a major factor in the Company's decision making with respect to executive compensation. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee has not adopted a policy requiring all compensation to be deductible. The Company did not have any nondeductible compensation in 2016.

Security Ownership Guidelines and Hedging of Securities

Stock ownership guidance is in effect for executive officers of the Company. The Chief Executive Officer is expected to maintain stock ownership equal to at least three times his current base salary. The Executive Vice Presidents are expected to maintain stock ownership equal to at least two times their current base salary. No formal deadline has been set for compliance with the above guidelines. However, the executive officers are increasing their equity ownership in the Company as quickly as practical.

The Committee has adopted a policy which requires that any grants of restricted stock to executive officers be held by the grantee until fully vested, so long as he or she has achieved the overall

ownership guidelines set by the Company. The Company does not have any policies regarding executive officers' hedging the economic risk of ownership of the Company's common stock.

Compensation Recovery Policy

Upon recommendation of the Human Resources and Compensation Committee, in June 2013, the Board of Directors approved a Compensation Recovery Policy. This policy allows the Company to recoup from an officer any portion of incentive-based compensation (cash, incentive/bonus awards and all forms of equity based compensation) as the Board deems appropriate if it is determined that such officer (either a current or former officer of the Company or the Bank) engaged in fraud, willful misconduct or violation of Company or Bank policy that caused or otherwise contributed to the need for a material restatement of the Company's financial results. Recommendations to recover any portion of incentive-based compensation will be presented to the Board by the Committee after review of all relevant facts and circumstances.

COMPENSATION TABLES

Summary Compensation Table

(1) The Human Resources and Compensation Committee assessed the performance of the executive officer and the Company during the indicated year, and awarded discretionary cash bonus payments commensurate with the officer's performance. For 2016 and 2015, the payments were made by contributions into an account established for the officer under the Company's nonqualified deferred compensation plan for executive officers.

(2) Amounts shown represent the aggregate full grant date fair value of each award calculated in accordance with FASB ASC Topic 718. The assumptions made in the calculation of these amounts are contained in Note 13 to the Company's audited financial statements for the year ended December 31, 2016, included in the Company's 2016 Annual Report on Form 10-K.

(3) Represents cash award for individual and Company performance under the incentive program based upon achievement of specific goals approved by the Board. Achievement of specific goals and amounts of cash awards are determined by the Human Resources and Compensation Committee and submitted to the Board for approval.

(4) Because the pension plan was converted to a cash balance plan and frozen effective December 31, 2009, the assumptions used to determine the present value of accumulated benefit for each participant were changed so that the present value of accumulated benefit shown as of the end of that year was equal to the opening balance under the cash balance plan. This is the same amount that would have been payable under the prior plan had the participant terminated employment and elected a lump sum payment. There were no benefit increases for any participant attributable to the cash balance plan conversion.

(5) Details of other compensation for each of the executive officers appear in the All Other Compensation table shown below.

(6) Messrs. Strader and Dobbins were appointed executive officers of the Company on January 1, 2015.

(7) Mr. Dobbins retired from the Company on March 30, 2017.

(8) Mr. Hamadi joined the Company on August 1, 2016.

There were no payments made from the pension plan to any of the named executive officers during 2016.

Nonqualified Deferred Compensation

The named executive officers are entitled to participate in the American National Bank & Trust Company Deferred Compensation Plan. Pursuant to the Deferred Compensation Plan, eligible employees can defer up to 100% of base salary or annual cash bonus or both, on an annual basis. Deferral elections are made by eligible executives in December of each year for amounts to be earned in the following year. The plan is administered through the Virginia Bankers Association.

The Company has the option to make a discretionary cash bonus contribution to the account of each named executive officer on an annual basis. Such contribution, if any, is made after the Human Resources and Compensation Committee assesses the performance of the officer and the Company with respect to the most recently completed fiscal year. The Company made discretionary contributions of \$149,223 in the aggregate to the plan accounts of the named executive officers in early 2017, related to the Company's operational performance and financial results for 2016.

Amounts deferred under the plan are payable beginning on the first day of the calendar quarter following a distributable event. A distributable event includes termination of employment or normal retirement. Distributions can be received either as a lump-sum payment or in monthly or annual installments over a period of not more than 20 years.

The following table provides certain information on nonqualified deferred compensation contributions by the Company and the named executive officers, as well as earnings or losses on such compensation, with respect to the named executive officers during 2016.

The amounts in this column reflect the Company's contributions to the nonqualified deferred compensation plan. (2) The compensation was earned in 2016, credited to the participant's account on January 20, 2017 and is included in the "Bonus" column of the Summary Compensation Table on page 27.

Director Compensation

The Company's Corporate Governance Guidelines include the recommendation that each director receive at least a portion of his or her compensation in restricted stock until such director owns shares of the Company's common stock with a relative market value equal to at least two times the average annual compensation for all directors. All directors currently meet or exceed such ownership guidelines, except for Mrs. Penn, who became a director in 2015 and who is complying with the recommendation and receiving all of her compensation in restricted stock.

During 2016, directors of the Company were eligible to receive their quarterly retainer in the form of either (i) \$5,000 in cash, (ii) shares of restricted stock with a market value of \$6,250, or (iii) a combination of \$1,800 in cash and shares of restricted stock with a market value of \$4,000. These amounts or shares were paid quarterly. The attendance fee for each committee meeting or Bank board meeting was \$725 in cash or restricted stock with a market value of \$900, also paid quarterly. In addition, the chairmen of the five standing board committees of the Company received annual retainers. The chairmen of the Audit Committee, Capital Management Committee, Corporate Governance and Nominating Committee, Human Resources and Compensation Committee, and Risk and Compliance Committee will receive \$2,400 in cash or shares of restricted stock with a market value of \$3,000. No changes are planned for director compensation for 2017.

During 2012, the Board approved an unfunded, nonqualified deferred compensation plan within the meaning of Section 409A of the Internal Revenue Code. This plan grants the outside directors the option to defer cash or restricted stock compensation. Amounts deferred are credited to a bookkeeping reserve account maintained by the Company. Such reserve accounts will rise and fall with the value of the underlying restricted stock held and any dividends will be reinvested in Company stock. Amounts credited to the participant's account will be payable in lump sum in Company stock on the first business day following the 30th day after the director's separation of service. Three of the current outside directors elected this option for 2016. No directors have elected this option for 2017.

Board policy requires the directors to retain ownership of any shares received for service on the Board as long as they are on the Board of Directors. All dividends paid on the shares are reinvested. The purpose of the stock for fees payment option is to encourage greater equity ownership in the Company and, thereby, further align the interests of each director with the interests of the shareholders at large. The Board of Directors sets the retainer and attendance fee based upon recommendation from the Corporate Governance and Nominating Committee. In making its recommendation, the Committee reviews the director compensation of peer banks. There is no tax gross-up provided by the Company for any director compensation. Non-employee directors living outside the Danville area are reimbursed for meeting-related travel and lodging expenses. Non-employee directors were excluded from the Company's

retirement plan and, therefore, do not qualify for pension benefits. Directors who are employees of the Company do not receive any director compensation.

In 2016, Mr. Majors, in his role as Chairman of the Company and the Bank, received director fees of \$37,500 per quarter. Mr. Majors is expected to devote a significant amount of his time to Board governance, risk oversight, advisory and administrative matters, as well as maintain an active engagement with potential merger and acquisitions opportunities. The Board expects that Mr. Majors will devote approximately 50% of a full time equivalent work week to the Company's business. He does not receive any employee compensation, restricted stock, or the other fees customarily paid to the directors. It is anticipated that Mr. Majors will continue to receive similar director fees in 2017.

The following table reflects the director compensation earned or paid during 2016.

In addition, restricted stock was awarded with a market value of (1) \$3,000 for the annual retainer for the chairmen of the Audit Committee, Capital Management Committee, Corporate Governance and Nominating Committee, Human Resources and Compensation Committee, and Risk and Compliance Committee, issued annually based on the closing price of the Company's common stock on the first market day of the sixth month of the year.

In accordance with SEC rules, the amounts in the column for stock awards reflect the grant date fair market value (4) of the stock awards. Assumptions made in the calculation of these amounts are contained in Note 13 to the Company's audited financial statements for the year ended December 31, 2016, included in the Company's 2016 Annual Report on Form 10-K.

(5) Mr. Jeffrey Haley, as an employee of the Company, does not receive any compensation for his service as a director.

Deferred Compensation for Current Chairman and Former Chief Executive Officer

The Bank entered into a deferred compensation agreement with Charles H. Majors, the Company's current Chairman and former Chief Executive Officer, initially as of February 22, 1993, and most recently amended and restated as of December 31, 2008. The agreement, which was entered into in connection with Mr. Majors' employment with the Bank, requires an annual payment of \$50,000 for a period of ten years to Mr. Majors or his designated beneficiary, commencing within three months of his termination of employment or death, whichever occurs first. The amount of the payment is fixed and the funds for payment are not established in an account that allows for additional contributions or earnings growth. Mr. Majors is an unsecured creditor for the payments under this agreement. Payments under this agreement are independent of, and in addition to, those under any other plan, program, or agreement between Mr. Majors and the Company or the Bank. Mr. Majors received his first payment on July 1, 2015.

RELATED PARTY TRANSACTIONS

In the ordinary course of its business, the Bank makes loans to, accepts deposits from, and provides other banking services to, certain directors and executive officers of the Company, their associates, and members of their immediate families. Loans are made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable loans with persons not affiliated with the Bank, and do not involve more than the normal risk of collectability or present other unfavorable features. Such loans are processed through the Bank's normal credit approval procedures, but ultimate approval authority rests with the Board of Directors of the Bank. Rates paid on deposits and fees charged for other banking services and other terms of these transactions, are also the same as those prevailing at the time for comparable transactions with persons not affiliated with the Bank. The Bank expects to continue to enter into transactions in the ordinary course of business on similar terms with the directors, officers, principal shareholders, their associates, and members of their immediate families. Loans outstanding to such persons at December 31, 2016 and 2015 totaled \$22,078,000 and \$16,338,000, respectively. None of such loans have been on non-accrual status, 90 days or more past due, or restructured at any time. From time to time the Company may also enter into other types of business transactions or arrangements for services with the Company's directors, officers, principal shareholders or their

associates. These types of transactions or services might include, among others, purchases of equipment or provision of legal services. The Company will only enter into such arrangements if it is determined that the prices or rates offered are comparable to those available to the Company from unaffiliated third parties. Management approves such transactions on a case by case basis. The Company does not have written policies or procedures with respect to such approvals. As of December 31, 2016, the Company has no such reportable transactions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board of Directors in its oversight of (1) the integrity of the Company's financial statements and its financial reporting and disclosure practices, (2) the appointment, compensation, retention and oversight of the independent accountants engaged to prepare or issue an audit report on the financial statements of the Company, (3) the soundness of the Company's systems of internal controls regarding finance and accounting compliance, and (4) the independence and performance of the Company's internal audit staff. The Committee strives to provide an open avenue of communication between the Board of Directors, management, the internal auditor, and the independent accountants.

All of the members of this Committee are considered independent within the meaning of SEC regulations, the listing standards of NASDAQ, and the Company's Corporate Governance Guidelines. Additionally, each member is considered an "independent director," as that term is defined by NASDAQ Marketplace Rule 5605(a)(2).

Mr. Michael Haley and Mrs. Penn, members of the Committee, are qualified as audit committee financial experts within the meaning of SEC regulations and the Board has determined that each has accounting and related financial management expertise within the meaning of the listing standards of NASDAQ.

The Audit Committee has reviewed and discussed with management the Company's audited consolidated financial statements as of and for the year ended December 31, 2016. The Committee has discussed with Yount, Hyde and Barbour, P.C., the Company's independent registered public accounting firm during fiscal year 2016, the matters required to be discussed by the auditing standards of the Public Company Oversight Board, including Auditing Standard No. 16, Communications with Audit Committees, regarding the conduct of the audit. The Audit Committee has also received written disclosure regarding the firm's independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016, and be filed with the SEC.

The Audit Committee pre-approves all audits, audit-related, and tax services on an annual basis, and, in addition, authorizes individual engagements that exceed pre-established thresholds. Any additional engagement that falls below the pre-established thresholds must be reported by management at the Audit Committee meeting immediately following the initiation of such an engagement.

A copy of the Audit Committee charter is available on the Company's website, www.amnb.com. For access to the charter, select the "Investors" icon, then select "Governance Documents."

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors of the Company annually considers the selection of the Company's independent public accountants. On March 10, 2017, the Audit Committee appointed Yount, Hyde and Barbour, P.C. to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2017. Yount, Hyde and Barbour, P.C. has served as the Company's independent public accountants since May 2002.

Yount, Hyde and Barbour, P.C. audited the consolidated financial statements included in the Company's Annual Reports on Form 10-K for the years ended December 31, 2016 and 2015; reviewed the Company's quarterly reports on Form 10-Q during the years ended December 31, 2016 and 2015; and audited management's assessment of internal control over financial reporting as of December 31, 2016 and 2015. The following table presents aggregate fees paid or to be paid by the Company and the Bank for professional services rendered by Yount, Hyde and Barbour, P.C. for the years ended December 31, 2016 and 2015.

Audit-related Fees	5,000	5,000
Tax Fees	15,125	38,450
Total	\$204,325	\$251,750

PROPOSAL TWO – RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Yount, Hyde and Barbour, P.C. as the Company's independent registered public accounting firm for 2017. The services that Yount, Hyde and Barbour, P.C. will perform will consist primarily of the examination and audit of the Company's consolidated financial statements, tax reporting assistance, and other audit and accounting matters. Representatives of Yount, Hyde and Barbour, P.C. are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The selection of Yount, Hyde & Barbour, P.C. as the Company's independent registered public accounting firm is not required to be submitted to a vote of the shareholders for ratification. The Company is doing so because it believes that it is a matter of good corporate practice. If the shareholders fail to vote on an advisory basis in favor of the selection of Yount, Hyde & Barbour, P.C., the Audit Committee will reconsider whether to retain Yount, Hyde & Barbour, P.C., and may retain that firm or another firm without re-submitting the matter to the shareholders. Even if the shareholders ratify the appointment, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that a change would be in the Company's best interests.

The ratification of the appointment of Yount, Hyde and Barbour, P.C. requires that the votes cast "for" exceed the number of votes cast "against" the proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

The Board of Directors recommends that you vote FOR the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2017. Proxies solicited by the Board will be voted in favor thereof unless a shareholder has indicated otherwise on the proxy.

PROPOSAL THREE – ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with SEC regulations, the Company is providing shareholders with an advisory (non-binding) vote on the compensation programs for the named executive officers (sometimes referred to as "say on pay"). Accordingly, shareholders may vote on the following resolution at the Annual Meeting:

"Resolved, that the shareholders approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis section, the accompanying compensation tables, and the related narrative disclosure in this proxy statement."

This vote is nonbinding. The Board and the Human Resources and Compensation Committee, which is comprised of independent directors, expect to take into account the outcome of the vote when

considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

As described under the “Compensation Discussion and Analysis” section of this proxy statement, the Company’s compensation programs are designed to treat employees fairly and to pay compensation at a level commensurate with the market, given individual and Company factors and performance. A core objective is to attract and retain a superb leadership team with market-competitive compensation and to align the team member’s interests with those of the Company, its customers and its shareholders. Accordingly, a significant portion of the Company’s executive officers’ compensation is directly and materially linked to operating performance. The Company believes that its compensation program, with its balance of short-term and long-term incentives and share ownership guidelines, rewards sustained performance that is aligned with long-term shareholder interests. Shareholders are encouraged to read the Compensation Discussion and Analysis section and related disclosures.

The Board of Directors unanimously recommends that shareholders vote FOR the approval, on an advisory basis, of the compensation of the Company’s named executive officers as disclosed in the Compensation Discussion and Analysis section, the accompanying compensation tables, and the related narrative disclosure in this proxy statement.

PROPOSAL FOUR – ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

In addition to providing shareholders with the opportunity to cast an advisory vote on executive compensation, the Company is also providing shareholders with an advisory vote on whether the advisory vote on executive compensation should be held every one, two or three years. The Company first provided shareholders a proposal with respect to the frequency of the advisory vote on executive compensation at the 2011 Annual Meeting of Shareholders, pursuant to Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and is required under the act to provide such proposal once every six years.

As indicated in the proxy statement with respect to the 2011 Annual Meeting, the Board recommended that the advisory vote on the frequency of future advisory votes on executive compensation should be held every year at the annual shareholders meetings. At the 2011 Annual Meeting, a significant majority of the Company’s shareholders voted in favor of holding the frequency vote each year. Accordingly, the Company adopted a policy to hold the advisory vote on the frequency of future advisory votes on executive compensation annually.

The Board continues to believe that a frequency of “every one year” for the advisory vote on executive compensation is the optimal interval for conducting and responding to a “say on pay” vote. Shareholders who have concerns about executive compensation during the interval between “say on pay” votes are welcome to bring their specific concerns to the attention of the Board. Please refer to “Shareholders Communications and Proposals” in this proxy statement for information about communicating with the Board.

The proxy card provides shareholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, shareholders will not be voting to approve or disapprove the Board's recommendation.

Although this advisory vote on the frequency of the "say on pay" vote is non-binding, the Board and the Human Resources and Compensation Committee will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

The Board of Directors unanimously recommends that you vote for the option of "every one year" for future advisory votes on executive compensation.

CODE OF CONDUCT

The Board of Directors has adopted a Code of Conduct, which applies to all directors and employees of the Company and the Bank. A portion of the Code of Conduct has special provisions for senior financial officers of the Company and the Bank, which apply to the Company's Principal Executive Officer and Principal Financial Officer, as well as, the Bank's Chief Accounting Officer or person performing similar functions for the Company and/or the Bank. The Code of Conduct for senior financial officers meets the requirements of a "code of ethics" as defined by Item 406 of the SEC's Regulation S-K. The Code of Conduct is available on the Company's website, www.amnb.com. Select the "Investors" icon, and then select "Governance Documents." The Code of Conduct is reviewed and reaffirmed on an annual basis by the Board, executive officers, and all other employees.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the federal securities laws, the Company's directors and executive officers are required to report their beneficial ownership of Company common stock and any changes in that ownership to the SEC. Specific dates for such reporting have been established by the SEC, and the Company is required to indicate in this proxy statement any failure to file by the established dates during 2016. Based upon a review of filings with the SEC and written representation that no other reports were required, the Company believes that all of its directors and executive officers were in compliance with such reporting requirements during 2016 with the following exceptions, all of which relate to elections to defer director stock awards under a nonqualified deferred compensation plan: One late Form 4 report was filed by Michael P. Haley reporting the rights to shares in four transactions, one late Form 4 report was filed by Dan M. Pleasant reporting the rights to shares in four transactions, and one late Form 4 report was filed by Joel R. Shepherd reporting the rights to shares in four transactions.

SEPARATE COPIES FOR BENEFICIAL OWNERS

Pursuant to SEC rules, institutions that hold shares in “street name” for two or more beneficial owners with the same address are permitted to deliver a single proxy statement and annual report to that address. Any such beneficial owner may request a separate copy of the proxy statement or annual report by writing the Company at Investor Relations, P.O. Box 191, Danville, Virginia 24543 or by telephoning 1-434-773-2220.

SHAREHOLDER COMMUNICATIONS AND PROPOSALS

Shareholders interested in communicating directly with the Corporate Governance and Nominating Committee, which is charged with handling all such communication to non-management members of the Board of Directors of the Company, may send correspondence to the Corporate Governance and Nominating Committee, P.O. Box 191, Danville, Virginia 24543.

The Corporate Governance and Nominating Committee has approved a process for handling correspondence received by the Company and addressed to non-management members of the Board. Under the process, the Assistant Secretary of the Company will forward all mail specifically addressed to a member of the Board of Directors. If correspondence is specifically addressed only to a committee, the Assistant Secretary of the Company will forward the mail to the Chairman of said committee.
