Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On August 11, 2011, Hickory Tech Corporation announced the closing of its new debt financing agreement for an aggregate credit facility of \$150 million. The debt refinancing plan includes the issuance of \$120 million in secured term loans and a \$30 million secured revolving credit facility. The term loans are structured in a Term Loan B facility, and are combined in the same credit agreement with the revolving credit facility. Borrowings under the new credit agreement will bear interest at the company's election based on LIBOR or a base rate plus an applicable margin related to the company's leverage ratio. At the current leverage ratio, the applicable margin will be 3.00 percent for LIBOR loans and 2.00 percent for base rate loans, and there is no LIBOR floor amount. Beginning Dec. 31, 2011 and on the last day of each quarter thereafter, the company is required to make quarterly amortization payments of \$300,000 on the Term Loan B facility. All amounts outstanding on the revolving loan facility and Term Loan B facility will be due on Dec. 31, 2016.

This credit agreement includes new allowances for continued payment of HickoryTech dividends and common stock repurchases, and the absence of a specific capital expenditures limitation. The agreement also has been designed to provide for business acquisitions that fit the company's growth plans. As a result of the refinancing, HickoryTech will recognize cash charges comprised of certain fees, as well as direct and incremental third-party costs. HickoryTech expects to record approximately \$2.0 to \$2.2 million in capitalized or deferred charges related to the refinancing transaction in the third quarter ending Sept. 30, 2011, and an additional \$400,000 in interest expense which primarily consists of early termination costs on the prior credit agreement.

The credit facility is secured by substantially all HickoryTech assets. It includes financial covenants which require HickoryTech to maintain a leverage ratio of less than 3.5 to 1.0 and a debt service coverage ratio of greater than 2.5 to 1.0. Lenders of the new credit facilities include: CoBank ACB as Administrative Agent, Sole Lead Arranger and Bookrunner; Union Bank, N.A. as Syndication Agent; Sun Trust Bank, N.A. as Documentation Agent, Raymond James Bank, FSB, Associated Bank, N.A. and four Farm Credit System Institutions.
