Item 7. Financial Statements, Pro Forma Financial Information and Exhibits

(c) Exhibits

99.1

Press Release of Federated Department Stores, Inc.
("Federated") dated August 11, 2004.

Item 12. Results of Operations and Financial Condition

On August 11, 2004, Federated issued a press release announcing Federated's financial condition and results of operations as of and for the 13 and 26 weeks ended July 31, 2004. The full text of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

The press release referred to above contains a non-GAAP financial measure designated "cash flow before financing activities" and also contains a non-GAAP financial measure of previous earnings guidance including the effect of one-time costs associated with the debt repurchase. Management believes that cash flow before financing activities is a useful measure in evaluating Federated's ability to generate cash from operating and investing activities. Management believes that excluding cash flows from financing activities from the calculation of this measure is particularly useful where such financing activities are discretionary, as in the case of voluntary debt prepayments and share repurchases. Management believes that providing a measure of earnings guidance including the impact of the one-time costs associated with the debt repurchase will allow investors to more readily compare the earnings guidance referred to in the press release to the earnings guidance reported by Federated in past and future periods. However, the reader is cautioned that any non-GAAP financial measures provided by Federated are provided in addition to, and not as an alternative for, Federated's reported results prepared in accordance with GAAP. Certain items that may have a significant impact on Federated's financial position, results of operations and cash flows must be considered when assessing Federated's actual financial condition and performance regardless of whether these items are included in these non-GAAP financial measures. Additionally, the methods used by Federated to calculate its non-GAAP financial measures may differ significantly from methods used by other companies to compute similar measures. As a result, any non-GAAP financial measures provided by Federated may not be comparable to similar measures

provided by other companies.

FOR IMMEDIATE RELEASE

FEDERATED 2Q EARNINGS SLIGHTLY EXCEED EXPECTATIONS,
EXCLUDING ONE-TIME COSTS RELATED TO DEBT REPURCHASE

CINCINNATI, OHIO, August 11, 2004 - Federated Department Stores, Inc. today reported diluted earnings per share of 43 cents for the second quarter of 2004. This includes one-time costs of \$59 million, or 20 cents a diluted share, related to the company's repurchase of \$273 million of its long-term debt. Excluding these one-time costs, Federated's diluted earnings per share in the quarter would be 63 cents, compared to 64 cents a

share in the same period last year, and slightly above the company's prior guidance of 57-62 cents a share for the quarter ended July 31.

For the first half of 2004, Federated reported diluted earnings per share of 96 cents. Excluding costs related to the debt repurchase, diluted earnings per share for the first half of 2004 were \$1.16, up 32 percent compared to 88 cents for the same period last year.

Terry J. Lundgren, Federated's chairman, president and chief executive officer, said the company was pleased with its strong start for the year and expects that strength to continue into the fall season.

Federated is projecting an increase in same-store sales of 1.5 to 3 percent in the latter half of the year, contributing to a forecasted annual same-store sales increase of 3 to 4 percent in 2004.

The company's earnings for the second half of 2004 are expected to be 35-40 cents a share in the third quarter and \$2.45 to \$2.55 a share in the fourth quarter. Fiscal 2004 earnings now are anticipated to be \$3.70 to \$3.80 a share, including the one-time cost associated with the second-quarter debt repurchase. On that basis, Federated's prior annual guidance was \$3.60 to \$3.70 a share.

Sales

Sales of \$3.548 billion for the second quarter of 2004 were up 3.3 percent over sales of \$3.434 billion in the same period last year. On a same-store basis, Federated's second quarter sales were also up 3.3 percent.

For the year to date, Federated's sales totaled \$7.065 billion, an increase of 5.1 percent over sales of \$6.725 billion in the same period last year. On a same-store basis, Federated's first-half sales were up 5.0 percent.

New stores opened in the second quarter included a Macy's department store in Antioch, CA, and a Bloomingdale's furniture clearance store in Mt. Pleasant, NY. Four stores closed in the quarter: the Lazarus-Macy's department store in downtown Columbus, OH; two Burdines-Macy's department stores, one in The Gardens in West Palm Beach, FL, and the other in Boynton Beach, FL; and a Bloomingdale's furniture clearance store in South Brunswick, NJ.

Operating Income

Federated's operating income totaled \$245 million or 6.9 percent of sales for the quarter ended July 31, 2004, compared to operating income of \$264 million or 7.7 percent of sales for the comparable period last year. The company's operating income for the first half of 2004 was \$462 million or 6.5 percent of sales, compared to \$410 million or 6.1 percent of sales in the same period of 2003.

Federated's operating income includes store closing, centralization and consolidation costs of \$31 million in the second quarter this year, compared to \$10 million for the same period last year. On a year-to-date basis, store closing, centralization and consolidation costs amounted to \$50 million this year, compared to \$18 million for the same period last year.

Cash Flow

Cash flow from operating activities was \$490 million in the first half of 2004, compared to \$719 million in the same period last year. Last year's cash flow from operating activities benefited from lower income tax payments, which reflected the use of Fingerhut net operating losses. After first-half investing activities of \$185 million this year and \$181 million last year, cash flow before financing activities was \$305 million compared to \$538 million in the same period last year.

The company used \$273 million to repurchase 78 percent of its 8.5 percent Senior Notes due 2010 and approximately \$263 million to repurchase 5.5 million shares of Federated common stock in the second quarter.

Federated, with corporate offices in Cincinnati and New York, is one of the nation's leading department store retailers, with annual sales of more than \$15.2 billion. Federated operates more than 450 stores in 34 states, Guam and Puerto Rico under the names of Macy's, Bloomingdale's, Bon-Macy's, Burdines-Macy's, Goldsmith's-Macy's, Lazarus-Macy's and Rich's-Macy's. The company also operates *macys.com* and Bloomingdale's By Mail.

This release contains certain forward-looking statements that reflect current views of the financial performance and future events of Federated. The words "expect," "plan," "think," "believe" and other similar expressions identify forward-looking statements. Any such forward-looking statements are subject to risks and uncertainties. Future results of the operations of Federated could differ materially from historical results or current expectations because of a variety of factors that affect the company, including transaction costs associated with the renovation, conversion and transitioning of company retail stores in regional markets; the outcome and timing of sales and leasing in conjunction with the disposition of company retail store properties; the retention, reintegration and transitioning of displaced company employees; competitive pressures from department and specialty stores, general merchandise stores, manufacturers' outlets, off-price and discount stores, and all other retail channels; and general consumer-spending levels, including the impact of the availability and level of consumer debt, and the effects of weather and other factors identified in documents filed by the company with the SEC.

(NOTE: Additional information on Federated is available on the Internet at www.fds.com/pressroom. A webcast of Federated's second quarter earnings call with analysts will be held beginning at 10:30 a.m. on Wednesday, August 11th. Pre-registration is requested. Those unable to access the webcast may call 1-866-215-1938 to listen to the audio in real time. The webcast will be archived for replay beginning approximately two hours after the conclusion of the live call.)

FEDERATED DEPARTMENT STORES, INC.

Consolidated Statements of Income (Unaudited) (Note 1)

Notes:

(1) Because of the seasonal nature of the retail business, the results of operations for the 13 and 26 weeks ended July 31, 2004 and August 2, 2003 (which do not include the Christmas season) are not necessarily indicative of such results for the fiscal year.

(2) Merchandise inventories are primarily valued at the lower of cost or market using the last-in, first-out (LIFO) retail inventory method. Application of this method did not impact cost of sales for the 13 and 26 weeks ended July 31, 2004 or August 2, 2003. For the 13 weeks ended July 31, 2004, cost of sales includes inventory valuation adjustments of \$13 million primarily related to the Macy's home store centralization. For the 26 weeks ended July 31, 2004, cost of sales includes inventory valuation adjustments of \$12 million related to the Macy's home store centralization and \$5 million related to the Burdines-Macy's consolidation.

(3) Selling, general and administrative ("SG&A") expenses include costs and expenses related to the Rich's-Macy's and Burdines-Macy's consolidations, centralizing the Macy's home store business and other store closings. For the 13 weeks ended July 31, 2004, SG&A expenses include store closing and consolidation costs of \$6 million (including \$2 million related to the Burdines-Macy's consolidation) and Macy's home store centralization costs of \$12 million. For the 26 weeks ended July 31, 2004, SG&A expenses include store closing and consolidation costs of \$14 million (including \$5 million related to the Burdines-Macy's consolidation) and Macy's home store centralization costs of \$19 million. For the 13 weeks ended August 2, 2003, SG&A expenses include store closing and consolidation costs of \$10 million (including \$7 million related to the Rich's-Macy's consolidation). For the 26 weeks ended August 2, 2003, SG&A expenses include store closing and consolidation costs of \$18 million (including \$13 million related to the Rich's-Macy's consolidation).

(4) Interest expense for the 13 and 26 weeks ended July 31, 2004 includes \$59 million of one-time costs, or 20 cents a diluted share, associated with the repurchase of \$273 million of Federated's 8.5% senior notes due 2010.

(5) For the 13 and 26 weeks ended July 31, 2004, store closing and consolidation costs and Macy's home store centralization costs (See notes 2 and 3) amounted to \$.11 and \$.17 per diluted share, respectively. For the 13 and 26 weeks ended August 2, 2003, store closing and consolidation costs (See note 3) amounted to \$.03 and \$.06 per diluted share, respectively.
