-

Item 2.05 Costs Associated with Exit or Disposal Activities.

On November 30, 2011, management of SunPower Corporation (“SunPower”) approved a previously announced company-wide restructuring program to accelerate operating cost reduction and improve overall operating efficiency. In connection with this plan, which is expected to be completed within the next 12 months, SunPower expects to eliminate approximately 125 positions, representing approximately 2% of SunPower's global workforce, including approximately 75 employees in the U.S. As a result, SunPower expects to record restructuring charges totaling \$9 million to \$17 million, composed of severance benefits, lease and related termination costs, and other associated costs, the majority of which will likely be recorded in the fourth quarter of fiscal 2011. SunPower expects greater than 80% of these charges to be cash.

---
