**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS OF
SONIC CORP.**

To Be Held Tuesday, January 28, 2003

SOLICITATION OF PROXIES

Solicitation

Sonic Corp. (the Company) is furnishing this proxy statement to the stockholders of the Company to solicit their proxies for use at the annual meeting of stockholders to take place on Tuesday, January 28, 2003, and at any adjournment of the meeting. The Company also may use the services of the Company's directors, officers, and employees to solicit proxies personally or by telephone. The Company regularly retains the services of Corporate Communications, Inc., 523 Third Avenue South, Nashville, Tennessee, to assist with the Company's investor relations and other stockholder communications issues. Corporate Communications, Inc. may assist in the solicitation of the proxies and will not receive any additional compensation for those services. The Company will bear all of the costs of preparing, printing, assembling, and mailing this proxy statement and the proxy card and all of the costs of the solicitation of the proxies.

Reimbursement of Nominees

The Company will reimburse any bank, broker-dealer, or other custodian, nominee, or fiduciary for its reasonable expenses incurred in completing the mailing of proxy materials to the beneficial owners of the Company's voting common stock.

Revocation of Proxy

Any proxy given pursuant to this solicitation may be revoked by the stockholder at any time prior to the voting of the proxy by giving written notice to Ronald L. Matlock, Secretary of the Company. The persons named on the proxy card will vote the proxies at the annual meeting, if received in time and not revoked.

Mailing of Proxy Statement and Proxy Card

The Company has had this proxy statement and the proxy card mailed to its stockholders on or about December 18, 2002.

Stockholder Proposals

In order for the Company to include a stockholder proposal in the proxy materials for the next annual meeting of stockholders, a stockholder must deliver the proposal to the Secretary of the Company no later than August 20, 2003.

VOTING RIGHTS AND PROCEDURE

All share numbers reflect the Company's three-for-two stock split implemented as a share dividend effective February 8, 2002 to shareholders of record on January 28, 2002.

Only the record holders of shares of the voting common stock of the Company as of the close of business on November 29, 2002, will have the right to vote at the annual meeting. As of the close of business on that date, the Company had 38,860,668 shares of common stock issued and outstanding (excluding 9,632,411 shares of common stock held as treasury stock). Each stockholder of record will have one vote for each share of common stock of the Company that the stockholder owned as of the record date. All shares of common stock may vote on all matters coming before the annual meeting, and a majority of all of the outstanding shares of common stock of the Company entitled to vote at the meeting, represented in person or by proxy, will constitute a quorum for the meeting. The Company will treat

all abstentions and nominee non-votes as present or represented at the meeting for the purposes of determining whether a quorum exists for the meeting.

With respect to the election of directors, the four nominees receiving the greatest number of votes will be elected. Abstentions and broker non-votes (discussed below) will not affect the outcome of the election because only a plurality of the votes actually cast is needed to elect directors. With respect to any other matter properly brought before the meeting, a majority of the shares represented at the meeting and entitled to vote is required for approval of these matters. Therefore, abstentions will have the effect of a vote against approval. Broker non-votes will not affect the outcome of the vote.

Proxies submitted by brokers that do not indicate a vote because they do not have discretionary authority and have not received instructions as to how to vote on a proposal (so-called "broker non-votes") will be considered as present for quorum purposes but not as shares counted for determining the outcome of the vote.

ELECTION OF DIRECTORS

General

The Company's certificate of incorporation provides for a classified board of directors, with three classes of directors each nearly as equal in number as possible. Each class serves for a three-year term and one class is elected each year. The Board of Directors is authorized by the Company's bylaws to fix from time to time the number of directors that shall constitute the whole Board of Directors. The Board size has been set at nine members. Margaret M. Blair, Leonard Lieberman, Frank E. Richardson and Pattye L. Moore are members of the class to be elected at the annual meeting. Dr. Blair, Mr. Lieberman and Mr. Richardson have been nominated to serve as directors for a three-year term expiring at the annual meeting to be held in 2006. Pattye L. Moore has been nominated to serve as a director for a two-year term expiring at the annual meeting to be held in 2005. The remaining five directors will continue to serve in accordance with their previous elections.

All nominees will hold office until the stockholders elect their qualified successors. If any nominee becomes unable or unwilling to accept the election or to serve as a director (an event which the Board of Directors does not anticipate), the person or persons named in the proxy will vote for the election of the person or persons recommended by the Board of Directors.

Unless the context indicates otherwise, the term "Company," when used in this proxy statement, refers to Sonic Corp. and its subsidiaries.

Nominating and Corporate Governance Committee. In August 2002, the Board formed a Corporate Governance Committee and in November 2002, combined the Nominating Committee with the Corporate Governance Committee to form one committee. The Nominating and Corporate Governance Committee will identify individuals qualified to become Board members, recommend to the Board director nominees, and monitor significant developments in the law and practice of corporate governance. On November 15, 2002, the Nominating Committee nominated the four individuals named above for election as directors at the annual meeting of stockholders. The members of the Nominating and Corporate Governance Committee consist of all of the non-management directors of the Company. Frank E. The Nominating Committee held one meeting during the Company's last fiscal year, which was prior to the combination of the Nominating Committee and the Corporate Governance Committee. The Nominating and Corporate Governance Committee will consider nominees recommended by the Company's stockholders. In order to recommend a nominee for the next annual meeting, stockholders must deliver the recommendation in writing to the Company on or before August 19, 2003, addressed to the attention of Ronald L. 4

statements, and the compliance by the Company with certain legal and regulatory requirements. The committee encourages free and open communication among the committee, independent auditors, and management of the Company. Throughout the year, the committee periodically meets with the independent auditors and, beginning in fiscal year 2003 will also meet with representatives of the internal audit function, without management present. The members of the Audit Committee are H. E. Rainbolt (Chairman), Margaret M. Blair, Robert M. Rosenberg, and E. In fiscal 2002, the Audit Committee met nine times, including meetings to review the quarterly financial statements prior to the releases of earnings to the public. The Board of Directors of the Company amended and restated the written charter for the Audit Committee in November 2002, a copy of which is attached to this proxy statement.

Compensation Committee. The Compensation Committee's functions include reviewing and approving the base salary, annual incentive bonus awards, and other compensation awards to the executive officers of the Company. The Compensation Committee also evaluates annually the performance of the Company's chief executive officer and recommends to the Board the compensation paid to non-management directors. In November 2002, the Board combined the Compensation Committee and the Stock Plan Committee to form one committee which will be referred to as the Compensation Committee. The Compensation Committee's functions will now include administering the Company's various stock option, stock incentive, and stock purchase plans. Termination and Change in Control Arrangements. The Company has employment contracts with J. Clifford Hudson, its Chairman of the Board and Chief Executive Officer, and the other senior executive officers. Mr. Hudson's contract, which expires in August 2003 (and which automatically extends each year for one additional year to maintain successive terms of two years unless specifically terminated or not renewed by the Company), provides that, if the

Company terminates Mr. Hudson's employment other than for cause or fails to renew his contract, he will receive his base compensation for a 24-month period after termination (at an annualized base of \$500,000 as of August 31, 2002). Mr. Hudson's contract defines "cause" as (1) the willful and intentional failure substantially to perform his duties (other than because of physical or mental incapacity), (2) the commission of an illegal act in connection with his employment, or (3) the commission of any act which falls outside the ordinary course of his responsibilities and which exposes the Company to a significant level of undue liability. A determination of "cause" requires the affirmative vote of at least two-thirds of all members of the Board of Directors. The contracts for Patty L. Moore and for Ronald L. Matlock expire in August 2003. The contracts for W. Scott McLain and Frank B. Young expire in January 2003. The contracts for all senior executive officers (except Mr. Hudson) automatically

renew for successive one-year terms unless specifically terminated or not renewed by the Company. Those contracts provide for 12 months salary upon termination of employment other than for cause. The contracts for all of the foregoing officers contain the same definition of cause as Mr. Hudson's contract.

The contracts for all of the foregoing officers also provide that, upon a change in control of the Company, if the Company terminates the officer's employment other than for cause or violates any term of the contract, the Company must pay the officer a lump sum equal to a specified multiple of the officer's then current salary, not to exceed the maximum payable without a loss of the deduction under Section 280(g) of the Internal Revenue Code. The specified multiple equals two times the amount of their annual salary for all of the officers of the Company, except for Mr. Hudson (who would receive three times his annual salary). The same lump sum provision applies if the officer should resign for good reason, which includes (without limitation) the occurrence without the officer's consent after a change in control of the Company of (1) the assignment to the officer of duties inconsistent with the officer's office with the Company, (2) a change in the officer's title or office with the Company, or (3) a reduction in the officer's salary. The officers' contracts generally define a change in control to include any consolidation or merger of the Company in which the Company does not continue or survive or pursuant to which the shares of capital stock of the Company convert into cash, securities, or other property; any sale, lease, exchange, or transfer of all or substantially all of the assets of the Company; the acquisition of 50% or more of the outstanding capital stock of the Company by any person; or, a change in the make-up of the Board of Directors of the Company during any period of two consecutive years, pursuant to which individuals who at the beginning of the period made up the entire Board of Directors of the Company cease for any reason to constitute a majority of the Board of Directors, unless at least two-thirds of the directors then and still in office approved the nomination of the new directors.

Other than the foregoing agreements, the Company has no compensatory plan or arrangement with respect to its executive officers which would result from the resignation, retirement, or termination of any executive officer's employment with the Company, from a change in control of the Company, or from a change in an executive officer's responsibilities following a change in control of the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company leases two parcels of real estate, upon which it operates two Company-owned restaurants, from Plains Realty Corp. (Plains), a corporation in which J. Clifford Hudson, Chairman of the Board of Directors and Chief Executive Officer of the Company, owns a minority interest. The Company is leasing both parcels pursuant to leases entered into in 1988 and 1989. Both leases expire in January 2009. During the last fiscal year, the Company paid Plains a total of \$114,898 in rent pursuant to those two leases. The Company believes that the terms and conditions of the leases are no less favorable than those it could have obtained from third parties in arm's length transactions.

H.E. Rainbolt, a director of the Company, is Chairman of the Board and a principal stockholder of BancFirst Corp., the holding company of BancFirst of Oklahoma City (BancFirst). BancFirst is a participant in the Company's \$80 million revolving line of credit. During the last fiscal year, the largest amount outstanding under that line of credit was approximately \$40.8 million, in which BancFirst participated in approximately \$8.2 million.

Leonard Lieberman, a director of the Company, serves as a director of Michael Foods, Inc. Another director, Federico Peña, is a managing director of Vestar Capital Partners, which owns a majority of the outstanding common stock of Michael Foods, Inc. Michael Foods, Inc. supplies vanilla soft serve mix and egg products to the Company's restaurants and the restaurants owned by the Company's franchisees. During the last fiscal year, the Company and its franchisees purchased approximately \$23 million of such products from Michael Foods, Inc. through the Company's authorized distributors. The amount of food products purchased from Michael Foods, Inc.

represented approximately 4.6% of the amount of all food and paper products purchased by the Company and its franchisees for the fiscal year ended August 31, 2002.

REPORT OF COMPENSATION COMMITTEE

The following report of the Compensation Committee of the Board of Directors describes the committee's compensation policies with regard to the Company's executive officers for the last fiscal year, including the specific relationship of corporate performance to executive compensation. The report also discusses the committee's basis for the chief executive officer's compensation for the last fiscal year, including the factors and criteria upon which the committee based that compensation. As described above under Committees, Compensation, and Meetings of the Board of Directors, the Compensation Committee's functions include reviewing and approving the base salary, annual incentive bonus awards, and other compensation awards to the Company's chief executive officer and certain other executive officers of the Company. The Compensation Committee's functions also include the administration of the Company's stock option plans and the granting of stock options under those plans, the administration of the Company's stock purchase plan, and the administration of the Company's employee stock incentive plan and the granting of stock under that plan.

The following report shall not constitute a document deemed incorporated by reference by any general statement incorporating this proxy statement by reference into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates the information by reference, and the report shall not constitute information otherwise deemed filed under either of those acts.

Independent Compensation Consultant Report

The Company for several years has retained an independent compensation consultant to advise the Company on the structure and competitiveness of the Company's executive compensation program and to recommend programs appropriate for the Company in the areas of salary, annual incentive programs, long-term incentives, and benefits and employment contract provisions. In conducting its initial review, the consultant interviewed the executive officers of the Company, as well as the members of the Compensation Committee; identified a peer group of 11 comparable multi-outlet restaurant companies; and analyzed the cash compensation, stock option and long-term incentive programs, and employment contract provisions available in that peer group according to available proxy statement information, as well as compensation data from other published surveys. Since the initial review, the Company has obtained annual updates of the review and report to the Company. The results of the amended reviews continue to show that the total compensation of the Company's executive officers falls below the average level of total compensation of the peer group executive officers. The Company and the Compensation Committee intend to continue to work with a consultant to develop appropriate changes to the Company's executive compensation program.

Compensation Policy and Overall Objectives

In order to attract, retain, and motivate superior executive talent, the Compensation Committee seeks to maintain compensation programs competitive with those provided by leading companies in the multi-unit restaurant business with similar size and business focus as the Company. The committee has adopted a compensation strategy to provide: (1) base salaries which are competitive but not above industry averages, (2) average or above-average total annual cash opportunities, through incentives based on operating results, (3) above-average long-term incentives based on stock appreciation, and (4) other benefits for executives which are competitive but not above industry norms.

The primary components of the Company's executive compensation package consist of base salary, annual incentive bonus awards, and stock option awards. In connection with making decisions with respect to executive compensation, the Compensation Committee has taken into account as one of the factors which it considers, the provisions of Section 162(m) of the Internal Revenue Code which limits the deductibility by the Company of certain categories of compensation in excess of \$1,000,000 paid to certain executive officers. No executive officer's total compensation for the fiscal year ending August 31, 2002 exceeded the \$1,000,000 deductibility cap.

Discussion of Compensation Components

Base Salary. In reviewing each executive officer's base salary, the Compensation Committee takes into consideration the executive officer's responsibilities and performance, salaries for comparable positions at other companies, and fairness issues relating to pay for other Company executives. In making salary recommendations or decisions, the committee exercises its discretion and judgment based on those factors. The committee does not apply any specific formula to determine the weight of each factor.

Incentive Bonus Awards. The Company has adopted an incentive bonus plan, which covers all of the Company's executive officers, as well as other mid-level management personnel. Under the plan, the Compensation Committee measures the performance of the Company against an annual business plan prepared by management and reviewed and approved by the Board of Directors. Achievement of the earnings per share target set forth in the annual business plan may result in the payment of incentive payments equal to a percentage of the base salary of the covered officer (50% for Mr. Hudson and Ms. Moore, and 35% for Messrs. Matlock, McLain and Young). Under the plan, the committee may award up to 50% of the incentive payments if the Company achieves 85% of the annual business plan and may award up to 100% of the incentive payments as the percentage of earnings per share achieved increases from 85% to 100%. The plan also allows the committee to increase the incentive payments ratably to the extent the Company exceeds the earnings per share target. However, the committee has the discretion whether and in what amounts to award any incentive bonuses.

Stock Option Grants. The 2001 Sonic Corp. Stock Option Plan is a stock-based incentive compensation plan under which employees selected by the Compensation Committee may receive awards in the form of stock options. Under that plan, employees may receive an annual grant of stock options to purchase a number of shares of common stock computed by (1) dividing the employee's annual salary and bonus by the current market price of the common stock and (2) multiplying that amount by a factor ranging up to two. In addition, the Compensation Committee grants special stock option awards to new members of management and to existing members of management who may have received a promotion.

Edgar Filing: SONIC CORP - Form DEF 14A

Stock Incentive Plan. In November 1995, the Stock Plan Committee adopted and the Board of Directors approved the Stock Incentive Plan. Under that plan, the Company may issue up to 405,000 shares of common stock of the Company to key employees selected for participation in the plan by the Compensation Committee (formerly the Stock Plan Committee), which administers the plan. Participants in the Stock Incentive Plan receive awards of shares of restricted common stock (the Restricted Stock), subject to not vesting if the Company fails to achieve certain annual performance criteria. As the Company achieves the performance criteria, the portion of the award tied to the criteria will vest. Until the Restricted Stock vests, an escrow agent will hold the Restricted Stock. However, the participant will have the right to vote the Restricted Stock and receive any dividends on the stock. If the Company does not achieve the performance criteria, the portion of the award tied to that criteria will not vest and the right to receive dividends and to vote that portion of the Restricted Stock will terminate. Upon vesting, all restrictions on the vested portion will terminate and the participant will have the right to receive certificates representing the shares of vested Restricted Stock. There are no Restricted Stock grants currently outstanding.

Compensation of Chief Executive Officer

Mr. Hudson has served as the Company's Chairman of the Board since January 2000 and as its Chief Executive Officer since April 1995. On January 17, 2002, the Compensation Committee set Mr. Hudson's annual compensation at \$500,000. The committee considered the results of the most recent update of the Company's independent compensation consultant regarding the range of compensation for the chief executive officers of the Company's competitive peer group and set Mr. Hudson's level of compensation below the average of that group. On April 30, 2002, the Stock Plan Committee granted Mr. Hudson options to purchase 25,289 shares of common stock, consistent with the standard formula described above. Effective October 30, 2002, the Compensation Committee approved the award of 95.6% of Mr. Hudson's potential incentive bonus for the fiscal year ended August 31, 2002,

10

pursuant to the terms of the Company's incentive bonus plan, which percentage is consistent with the percentages approved for the other executive officers of the Company, after taking into account the performance of the Company for that year.

REPORT OF AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements included in the Annual Report of the Company for the fiscal year ended August 31, 2002 with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board, a board jointly developed by the American Institute of Certified Public Accountants and the Securities and Exchange Commission to establish and improve auditor independence standards.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held nine meetings during fiscal year 2002.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended August 31, 2002 for filing with the Securities and Exchange Commission.

The following graph compares the cumulative total return on the Company's common stock with the cumulative total returns on two published indices—the Total Return Index for The Nasdaq Stock Market (U.S. Companies) (Nasdaq U.S. Stocks) and the Index for Nasdaq Retail Trade Stocks (Nasdaq Retail Stocks). The graph assumes a \$100 investment on August 31, 1997, in the Company's common stock and in the stocks comprising the two identified indices. Cumulative total return means the appreciation in stock price, plus dividends paid, assuming the reinvestment of all dividends.

INDEPENDENT AUDITORS

On June 3, 2002, the Company appointed Ernst & Young LLP as its principal accountant and terminated Arthur Andersen LLP as principal accountant. The decision to change accountants was made because the accountants handling the Company's matters in the Oklahoma City office of Arthur Andersen joined the Oklahoma City office of Ernst & Young LLP effective as of May 24, 2002. Arthur Andersen LLP served as the principal accountant of the Company from December 14, 2001 until June 3, 2002. The Company made the decision in December 2001 to change accountants from Ernst & Young LLP to Arthur Andersen LLP on the basis that the Oklahoma City office of Arthur Andersen LLP had a larger number of accountants with more areas of expertise available in its Oklahoma City office at that time than Ernst & Young. After the combination of the two offices, the Ernst & Young LLP office in Oklahoma City has a full complement of accounting services available. The decision to change the Company's independent accountants was recommended by the Company's Audit Committee and approved by its Board of Directors.

In connection with the audits of the two fiscal years ended August 31, 2000 and 2001 (prior to the change on December 14, 2001 from Ernst & Young LLP to Arthur Andersen LLP), there were no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused Ernst & Young LLP to make reference in connection with their opinion to the subject matter of the disagreement. Additionally, during the fiscal years ended August 31, 2000 and 2001, there were no reportable events.

During the interim periods subsequent to August 31, 2001, preceding the decision to change independent accountants from Arthur Andersen LLP back to Ernst & Young LLP, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have

Edgar Filing: SONIC CORP - Form DEF 14A

caused Arthur Andersen LLP to make reference in connection with their opinion to the subject matter of the disagreement. Additionally, during the interim periods subsequent to August 31, 2001, preceding the decision to change independent accountants from Arthur Andersen LLP back to Ernst & Young LLP, there were no reportable events.

The audit reports of Ernst & Young LLP on the Company's financial statements for the years ended August 31, 2000 and 2001, did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope, or accounting principles.

During the interim periods subsequent to August 31, 2001, preceding the decision to change independent accountants from Arthur Andersen LLP back to Ernst & Young LLP, the Company did not consult with Ernst & Young LLP regarding any of the matters described in Regulation S-K, Item 304(a)(2)(i) or (ii), other than consultations with Ernst & Young LLP as principal accountants for the Company on matters regarding their audit of the Company's financial statements for the years ended August 31, 2000 and 2001.

Representatives of Ernst & Young LLP will be present at the annual meeting and will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions presented at the annual meeting.

15

OTHER MATTERS

The Board of Directors knows of no other matters which may come before the annual meeting. If any other business properly comes before the meeting, the persons named in the proxy will vote with respect to that matter in accordance with their best judgment.
