NOTES TO FINANCIAL STATEMENTS -- (unaudited)

1. Significant Accounting Policies -- Central Securities Corporation (the "Corporation") is registered under the Investment Company Act of 1940, as amended, as a non-diversified, closed-end management investment company. The following is a summary of the significant accounting policies consistently followed by the Corporation in the preparation of its financial statements. The policies are in conformity with generally accepted accounting principles.

Security Valuation -- Securities are valued at the last sale or official closing price or, if unavailable, at the closing bid price. Corporate discount notes and U.S. Treasury Bills are valued at amortized cost, which approximates market value. Securities for which no ready market exists, including The Plymouth Rock Company, Inc. Class A Common Stock, are valued at estimated fair value by the Board of Directors.

Edgar Filing: CENTRAL SECURITIES CORP - Form N-CSRS

Federal Income Taxes -- It is the Corporation's policy to meet the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute all of its taxable income to its stockholders. Therefore, no Federal income taxes have been accrued.

Use of Estimates -- The preparation of the financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported. Actual results could differ from those estimates.

Other -- Security transactions are accounted for as of the trade date, and cost of securities sold is determined by specific identification. Dividend income and distributions to stockholders are recorded on the ex-dividend date. Interest income is accrued daily.

New Accounting Pronouncements -- In September 2006, the Financial Accounting Standards Board issued Statement 157 ("SFAS 157"), "Fair Value Measurements". This Statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. SFAS 157 will be effective at the beginning of the Corporation's 2008 fiscal year. The Corporation is currently assessing the effect of this pronouncement on our financial statements.

As of June 30, 2007, the Corporation adopted Financial Accounting Standards Board Interpretation 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). Management has determined that the implementation of FIN 48 had no impact in the financial statements.

2. Common Stock -- The Corporation did not repurchase any shares of its Common Stock in the first six months of 2007. It may from time to time purchase Common Stock in such amounts and at such prices as the Board of Directors may deem advisable in the best interests of the stockholders. Purchases will only be made at less than net asset value per share, thereby increasing the net asset value of shares held by the remaining stockholders. Shares so acquired may be held as treasury stock and available for optional stock distributions, or may be retired.

3. Investment Transactions -- The aggregate cost of securities purchased and the aggregate proceeds of securities sold during the six months ended June 30, 2007, excluding short-term investments, were \$37,217,631 and \$68,596,390, respectively.

As of June 30, 2007, based on cost for Federal income tax purposes, the aggregate gross unrealized appreciation and depreciation for all securities were \$396,764,568 and \$4,382,532, respectively.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

TO THE BOARD OF DIRECTORS AND STOCKHOLDERS OF
CENTRAL SECURITIES CORPORATION

We have reviewed the accompanying statement of assets and liabilities, including the statement of investments, of Central Securities Corporation as of June 30, 2007, and the related statements of operations, changes in net assets, cash flows and financial highlights for the six-month period ended June 30, 2007. These financial statements are the responsibility of the management of Central Securities Corporation.

We have conducted our review in accordance with standards established by the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications

Edgar Filing: CENTRAL SECURITIES CORP - Form N-CSRS

that should be made to the financial statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards established by the Public Company Accounting Oversight Board (United States), the statement of changes in net assets for the year ended December 31, 2006 and financial highlights for each of the five years in the period ended December 31, 2006, and in our report dated January 24, 2007 we expressed an unqualified opinion on those financial statements.
