Item 7. Financial Statements and Exhibits.

(c) Exhibits

99.1. Press release dated April 22, 2003 containing financial information for eBay Inc. for the quarter ended March 31, 2003 and forward-looking statements relating to eBay's performance during 2003.

Item 9. Regulation FD Disclosure Information Furnished Pursuant to Item 12. Disclosures of Results of Operations and Financial Condition.

On April 22, 2003, eBay Inc. announced its financial results for the fiscal quarter ended March 31, 2003. A copy of eBay's press release announcing these financial results and certain other information is attached as Exhibit 99.1 to this Current Report on Form 8-K.

The attached press release contains non-GAAP financial measures. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles. To supplement our consolidated financial statements presented in accordance with GAAP, eBay uses non-GAAP measures of gross profit, operating income, net income, earnings per share, and cash flows, which are adjusted from results based on GAAP to exclude certain expenses, gains and losses. These non-GAAP measures are provided to enhance the user's overall understanding of our current financial performance and our prospects for the future. Specifically, we believe the non-GAAP results provide useful information to both management and investors by excluding certain expenses, gains and losses that may not be indicative of our core operating results. In addition, because we have historically reported certain non-GAAP results to investors, we believe the inclusion of non-GAAP numbers provides consistency in our financial reporting. These measures should be considered in addition to results prepared in accordance with GAAP, but are not a substitute for or superior to GAAP results. Consistent with our historical practice, the non-GAAP measures included in the attached press release have been reconciled to the nearest GAAP measure.

The attached press release also contains forward-looking statements relating to eBay's performance during 2003. A more thorough discussion of certain factors which may affect the eBay's operating results is included under the captions "Risk Factors That May Affect Results of Operations and Financial Condition" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in eBay's Annual Report on Form 10-K for the fiscal year ended December 31, 2002, and will also be included in eBay's Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2003 to be filed in the second quarter of 2003.

In accordance with the procedural guidance in SEC Release No. 33-8216, the information in this report is being furnished under Item 9. Regulation FD Disclosure rather than under Item 12. Disclosure of Results of Operations and Financial Condition. The information in this report shall not be treated as filed for purposes of the Securities Exchange Act of 1934, as amended.
