ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

In its February 23, 2005 press release announcing fourth quarter and annual earnings for 2004, O'Reilly Automotive, Inc. (the "Company") indicated it was reviewing certain lease accounting practices in light of recent guidance from the Chief Accountant of the SEC to the AICPA regarding certain operating lease issues and their application under generally accepted accounting principles. Management, the Audit Committee and the Company's outside auditors have completed this review and have determined that the Company will incur additional non-cash rent and depreciation expense of approximately \$10.4 million (\$3.5 million related to 2004), \$6.5 million, net of tax, in the fourth quarter of 2004, to correct its lease accounting. Prior years' financial statements will not be restated due to the immateriality of the amount to the results of operations and statement of financial position for the current year or any individual year. As the correction relates solely to accounting treatment, it does not affect the Company's historical or future cash flows.

Edgar Filing: O REILLY AUTOMOTIVE INC - Form 8-K

The effect of these corrections, which will be reflected in the consolidated financial statements of the Company that will be filed with the Company's 2004 Form 10-K, is an increase in depreciation expense of \$6.0 million (\$2.6 million related to 2004), an increase in rent expense of \$4.4 million (\$0.9 million related to 2004), and a decrease in income tax expense of \$3.9 million.

As a result of the correction to its accounting for operating leases, the Company has reduced its earnings per share guidance for the first quarter of 2005 and 2005 by \$.01 and \$.04, respectively. The Company previously announced earnings per share during its fourth quarter 2004 conference call on February 24, 2005.
