INFORMATION ABOUT THE PLAN

The following questions and answers explain and constitute the Plan.

1. What is the Plan?

The Plan is a convenient, low cost purchase plan available for existing stockholders to increase their holdings of Pitney Bowes common stock (Shares). Participants in the Plan may elect to have dividends automatically reinvested in Pitney Bowes common stock and to make optional cash investments through the Administrator. Participation in the Plan is entirely voluntary and we give no advice regarding your decision to join the Plan. As a current stockholder, one can enroll in the Plan through the Internet at <http://www.computershare.com/investor> and follow the instructions provided. Enrollment forms may also be obtained from the Administrator by calling (800) 648-8170 (inside U.S. and Canada) or (781) 575-2721 (outside U.S. and Canada).

2. What are some of the advantages and disadvantages of participating in the Plan?

Among the advantages of participating in the Plan are that it allows participants to:

Have all or some of the dividends paid on Pitney Bowes common stock automatically reinvested in additional shares of Pitney Bowes common stock;

Increase holdings of Pitney Bowes common stock by making additional cash investments;

Deposit Pitney Bowes common stock certificates in the Plan's Share safekeeping feature and have ownership of common stock maintained on the Administrator's records in book-entry form; and

Manage accounts through the Internet.

Potential disadvantages of participating in the Plan that also should be considered in determining whether to participate in the Plan are that:

Purchases are made only periodically as described below, so that participants cannot control when those purchases are made;

The Administrator seeks to purchase and sell stock at prevailing market prices, which may not be the best price at which Pitney Bowes common stock traded during the day; and

Participants generally will be taxed on the value of cash dividends paid on their Shares, even if they elect for 100% of those dividends to be reinvested in Pitney Bowes common stock.

These and additional considerations are discussed below in this Prospectus.

3. Who is the Administrator? How does a stockholder contact the Administrator? What are the functions of the Administrator?

Computershare Trust Company, N.A. (the Administrator or Computershare) is the Administrator of the Plan. Computershare Inc., acts as Service Agent for Computershare. Computershare will direct the purchase of Shares acquired under the Plan, hold such Shares, keep records and perform other functions related to the Plan.

Participants may contact Computershare by:

Internet: <http://www.computershare.com/investor>

Telephone: (800) 648-8170 (inside U.S. and Canada) or (781) 575-2721 (outside U.S. and Canada). Customer Service Associates are available 9:00 a.m. to 5:00 p.m. Eastern Time, Monday to Friday.

A telecommunications device for the hearing impaired is available (TDD):

(800) 490-1493 (inside U.S. and Canada) or (781) 575-2694 (outside U.S. and Canada).

The Administrator administers the Plan by acquiring Newly Issued Shares (or purchasing Shares in the open market if Newly Issued Shares are not available), keeping records, sending statements of account to participants, holding Shares of all participants together in its name or in the name of its nominee and performing other duties related to the Plan.

As used herein, the term **Newly Issued Shares** means composed of original issue Shares and Shares held by the Company in treasury. When Newly Issued Shares are purchased from the Company, the Company will receive new equity capital funds available for general corporate purposes.

The Administrator also acts as dividend disbursing and transfer agent for the Company's Shares.

4. Who is eligible to participate in the Plan?

Stockholders who have at least one Share registered in their name are eligible to participate (**Eligible Stockholders**). Stockholders residing outside the U.S. should determine whether they are subject to any governmental regulation in their country of residence that would prohibit their participation. If Shares are registered in a name other than the stockholder (e.g., in the name of a broker or bank nominee) and the stockholder wants to participate, the stockholder must either become a stockholder of record by having a part or all of their

Shares transferred to their name, or, if their broker or fiduciary agrees, authorize their broker or fiduciary to participate for them.

5. May holders of other securities of the Company participate in the Plan?

Only holders of common stock may participate in the Plan. Holders of \$2.12 preference or 4% preferred stock or other securities of the Company may not participate in the Plan.

However, in the future, the Company from time to time, in its sole discretion, may permit holders of certain other securities issued by the Company to participate in the Plan on such terms and conditions as the Company may from time to time establish for such purposes. To the extent the Company permits such participation by such holders, wherever the provisions of the Plan refer to holders of common stock of the Company or Shares such references will be deemed to include holders of such other securities, as the context requires.

6. How does an Eligible Stockholder enroll in the Plan?

An Eligible Stockholder may enroll in the Plan by signing an enrollment form and returning it to the Administrator or they can enroll on the Internet at <http://www.computershare/investor.com>. Enrollment forms and copies of the prospectus for the Plan may be obtained at any time by contacting Computershare as discussed in Question 3.

7. When may a stockholder join the Plan?

An Eligible Stockholder may join the Plan at any time. If an enrollment form specifying reinvestment of dividends is received by the Administrator on or prior to the record date established for a particular dividend, reinvestment will commence with that dividend. If the enrollment form is received after the record date established for a

particular dividend payment, then the reinvestment of dividends will begin with the following dividend payment.

8. Are there fees to participants in connection with purchases or administration under the Plan?

Participants pay no service charges or brokerage commissions for purchases made under the Plan. The Company pays all costs of administration of the Plan. Please see Question 25 for information concerning charges and commissions related to sales of Shares purchased through the Plan.

9. What are the dividend reinvestment options under the Plan?

Participants in the Plan may elect to reinvest all, part or none of their dividends on their Shares in additional Shares. The choices available to participants are as follows:

Full Dividend Reinvestment directs the investment in accordance with the Plan of all of the participant's cash dividends on all of the Shares then or subsequently registered in his or her name. In addition, a participant can make cash deposits for the purchase of additional shares of Pitney Bowes common stock for his or her Dividend Reinvestment Account.

Partial Dividend Reinvestment directs the investment in accordance with the Plan of the cash dividends on only that number of Shares that are designated by the participant. The Administrator will then apply the dividends paid with respect to those Shares to purchases of additional shares of Pitney Bowes common stock. The purchased Shares will be held in a participant's Dividend Reinvestment Account. In addition, a participant can make cash deposits for the purchase of additional shares of Pitney Bowes common stock for his or her Dividend Reinvestment Account.

All Cash (No Dividend Reinvestment) permits a participant to receive the cash dividends paid on Shares registered in his or her name. All cash dividends will be sent to the participant by check or through direct deposit to his or her U.S. bank account. A participant can make cash deposits for the purchase of additional Shares without reinvesting dividends on Shares registered in his or her name.

Computershare will continue to reinvest a participant's dividends as indicated on his or her enrollment form until the participant specifies otherwise. A participant may change a dividend option at any time by contacting Computershare as discussed in Question 3.

10. When will a participant's dividend reinvestment begin?

Record dates for determining the record holders of common stock entitled to receive cash dividends for common stock will be designated by the board of directors of Pitney Bowes. The record dates are normally in the months of February, May, August and November. Computershare must receive notice of a request for dividend reinvestment on or before the record date for any given dividend payment date in order for the request to be effective for that dividend. If a participant's request is received after the record date, then the request will not be effective until the next dividend record date. Dividend record dates may vary from time to time, and may be designated in months other than those listed above.

11. How does a participant make an Optional Cash Deposit?

Optional Cash Deposits may be made by mailing a check accompanied by the tear-off portion, properly executed, of the account statement sent to participants. All checks must be payable in U.S. dollars and drawn on a U.S. bank, payable to Computershare. Do not send cash, traveler's checks, money orders or third party checks.

Edgar Filing: PITNEY BOWES INC /DE/ - Form S-3D

Shares purchased with Optional Cash Deposits will be held by the Administrator and credited to the participant's Dividend Reinvestment Account under the Plan. Future dividends on these Shares will be used to purchase additional Shares as designated by the participant.

12. What are the limitations on the amount of Optional Cash Deposits?

Optional Cash Deposits may not be less than \$100 per deposit. They may not total more than \$3,000 per quarterly investment period.

The same amount of money need not be sent each time. There is no obligation to make an Optional Cash Deposit.

13. When are dividends and Optional Cash Deposits invested?

The investment date for dividend reinvestment is the dividend payment date. If the dividend payment date does not fall on a trading day, the investment date will be the next trading day. The payment of dividends for PBI Common Stock is typically the 12th day of March, June, September and December.

All Optional Cash Deposits will normally be invested on the 12th day of each month or the next trading day if the 12th day is not a trading day. No interest will be paid by the Company or the Administrator on Optional Cash Deposits.

For an Optional Cash Deposit to be invested on the next investment date, the check must be received no later than two business days prior to the investment date.

14. Under what circumstances will Optional Cash Deposits be returned?

Participants may obtain refunds of Optional Cash Deposits if a request for refund is received by the Administrator at least two business days before

the dividend payment date. The request may be made in writing, by telephone, or through the Internet to the Administrator as discussed in Question 3.

15. What is the source of Shares acquired under the Plan?

The Company remits to the Administrator the aggregate amount of dividends which all participants have elected for reinvestment. The Administrator uses dividends and Optional Cash Deposits to acquire Newly Issued Shares, if available, for the accounts of participants. If the Company is then making Newly Issued Shares available, the Administrator will purchase Shares from the Company. If the Company is not then making Newly Issued Shares available for purchase under the Plan, the Administrator will purchase Shares in the open market or in negotiated transactions for the accounts of the participants. The Administrator will acquire Shares with cash dividends promptly after their receipt, and with Optional Cash Deposits on the dates described under Question 13.

16. Will interest be paid on Optional Cash Deposits?

No. Interest will not be paid on funds held prior to investment.

17. At what price will Shares be purchased?

The purchase price for Shares (Share Purchase Price) will be calculated as follows:

For Newly Issued Shares, the Share Purchase Price shall be the closing price of Shares as reflected on the New York Stock Exchange composite transactions tape on the date of purchase.

For Shares purchased by the Administrator on the open market, the Share Purchase Price shall be the weighted average price paid for all Shares purchased by the Administrator.

Edgar Filing: PITNEY BOWES INC /DE/ - Form S-3D

All Shares purchased under the Plan on the open market will be acquired as soon as practicable on or after the investment date and will be completed no later than 30 days from that date for the reinvestment of dividends and 35 days from that date for Optional Cash Deposits, except where completion at a later date is necessary or advisable under any applicable federal securities laws. Neither the Company nor the participant shall have any authority or power to direct the time or price at which Shares may be purchased, or the selection of a broker or dealer through or from whom purchases are to be made.

The Share Purchase Price will be calculated in the same way whether Shares are purchased with reinvested dividends or Optional Cash Deposits.

18. Will fractional Shares be purchased?

Yes. If any dividend or Optional Cash Deposit payment is not sufficient to purchase a whole share of Pitney Bowes common stock, a fractional Share will be credited to a participant's Dividend Reinvestment Account in book entry form. All fractional Shares are computed to six decimal places.

19. How are payments with insufficient funds handled?

Your account will be debited a fee for any optional cash investment that is rejected due to insufficient funds.

20. Will certificates be issued for Shares purchased under the Plan?

Certificates for Shares purchased under the Plan will not be issued to a participant unless requested. Shares will be held in book-entry form until the Administrator receives a request for a certificate for either a particular purchase or for a specified number of Shares credited to a Dividend

Reinvestment Account under the Plan. Certificates for fractional Shares will not be issued.

Receiving a portion of Shares in certificate form does not affect a participant's dividend reinvestment option. For example, if a participant authorized Full Dividend Reinvestment, dividends will continue to be reinvested with respect to Shares covered by an issued certificate, unless a participant changes his or her investment option by contacting Computershare as discussed in Question 3.

If a participant has an enrollment form on file that provides Full or Partial Dividend Reinvestment, dividends will continue to be reinvested with respect to Shares covered by an issued certificate, unless a participant changes his or her investment option by completing a new enrollment form.

21. In whose name will certificates be registered when issued?

When a certificate for Shares that were held in a Dividend Reinvestment Plan Account is issued, it shall be registered in the name in which the Dividend Reinvestment Account has been maintained.

Since the Administrator is the holder of record for all Shares credited to Dividend Reinvestment Accounts, a participant may not pledge or assign these Shares and any such purported pledge or assignment will be void. Such Shares when withdrawn may be so pledged and the dividends payable on them may continue to be eligible for reinvestment under this Plan.

22. Can certificate shares of Pitney Bowes common stock be added to Dividend Reinvestment Accounts for safekeeping?

Yes. A participant may increase the number of Shares held in his or her Dividend Reinvestment Account by depositing for safekeeping certificates representing certificate Shares with the Administrator. Such certificates must be registered and in

the participant's name and be sent to the Administrator at the address provided in Question 3 by registered or certified mail, with return receipt requested or some other form of traceable mail. Certificate(s) should not be signed nor should the assignment section be completed.

When submitting stock certificate(s) for deposit into a Dividend Reinvestment Account, be sure to include a written request that the Shares be added to the Dividend Reinvestment Account. The advantages of holding Shares in this manner are protection against certificate loss, theft and damage.

23. How does a participant terminate participation in the Plan?

Participation in the Plan may be terminated at any time by contacting the Administrator as shown in Question 3 before the next dividend record date. If the Administrator receives a request to terminate after the dividend record date, the Administrator may either pay the dividend in cash or reinvest under the Plan on behalf of the participant. If reinvested, the Administrator may sell the Shares purchased and send the proceeds to the participant less any service charge, brokerage commission and any other costs of sale.

Participation in the Plan will also be terminated if, before the next dividend record date, the Administrator receives written notice of the death or adjudicated incompetency of a participant. In the event written notice of termination, death, or adjudicated incompetency is received by the Administrator later than the dividend record date, Shares will be purchased for the participant with the related cash dividend and participation in the Plan will not terminate until after the dividend has been reinvested. Upon termination by reason of notice of death or adjudicated incompetency, no purchase of Shares will be made for the participant's Dividend Reinvestment Account and the participant's Shares and any cash dividends paid on them will be retained by the Administrator

until such time as that participant's legal representative has been appointed and has furnished proof satisfactory to the Administrator of the legal representative's right to receive payment.

24. What does a participant need to do if he or she wants to discontinue reinvesting his or her dividends or terminate his or her account with the Administrator?

If you wish to discontinue having all or partial dividends reinvested, you can notify the Administrator to request to have your account changed to receive cash dividends. Shares will remain in your existing account; however future dividends will be paid to you in cash.

If you chose to terminate your account with the Administrator, you will need to contact the Administrator and instruct it as to how you want to handle your share balance. Please be aware that only whole Shares can be transferred to a broker or issued to you in certificate form. Any fractional Share held in your account will be sold as shown in Question 35. The current market price is used to calculate the price of your fractional Share.

25. How may a participant sell Shares through the Plan?

At any time, a participant may contact the Administrator through one of the methods shown in Question 3, to request that some or (upon termination) all of the Shares in their Dividend Reinvestment Account be sold. Sales usually take place on a daily basis, generally on the day that your sale request is received by the Administrator or on the next business day. The Administrator cannot, however, accept instructions to sell your Shares on a specific day or at a specific price.

The participant will receive the actual proceeds from the sale of Shares, less the charges and commissions applicable to the sale, except that when the Administrator is handling sales for two

or more participants at the same time, each participant will receive the weighted average sales price from all Shares sold by the Administrator, less the applicable charges and commissions. A participant will receive the proceeds of the sales, less a service charge of \$15.00, a brokerage commission of \$0.12 per each Share sold and any other costs of sale. All sales requests having an anticipated market value of \$25,000 or more must be submitted in written form. In addition, all sale requests received by the Administrator within 30 days of an address change to a Dividend Reinvestment Account must be submitted in writing. Participants may also sell Shares through a broker of their choosing, by requesting a certificate representing their Shares and depositing those certificates with their broker.

26. Can a participant transfer some of their Shares while participating in the Plan?

Yes, participants may make gifts or transfers of Shares at no charge. Participants may contact Computershare as indicated under Question 3 for transfer instructions. Transfers may be made to new or existing Pitney Bowes stockholders.

27. May Shares be withdrawn from a Dividend Reinvestment Account without terminating participation in the Plan?

Yes, the Administrator will send stock certificates to a participant after notice has been received. However, participant accounts with less than one full share will be terminated. See Question 3 for information regarding contacting the Administrator.

28. How may a participant change options under the Plan?

A participant may change investment options at any time through the Internet, by calling the Administrator, by writing to the Administrator or by completing a new enrollment form and return-

ing it to the Administrator. See Question 3 for information regarding contacting the Administrator.

29. Will participants be credited with dividends on Shares held in their Dividend Reinvestment Accounts under the Plan?

Yes. As the record holder for the Shares held in each participant's Dividend Reinvestment Account under the Plan, the Administrator will receive dividends for all such Shares held on the dividend record date and will credit these dividends to participants' Dividend Reinvestment Accounts on the basis of full and fractional Shares held in these Dividend Reinvestment Accounts. To the extent that a participant has so elected, the Administrator will reinvest such dividends in additional Shares, in accordance with a participant's reinvestment option.

30. Can a participant's cash dividends be deposited directly to their U.S. bank account?

A participant may elect to have any cash dividends not reinvested paid by electronic funds transfer to a designated U.S. bank account. To do this, an Authorization for Electronic Direct Deposit Form must be completed and returned to the Administrator along with a copy of a voided blank check or savings account deposit slip. This form must be specifically requested from the Administrator.

The Administrator must receive the form at least seven business days before the dividend record date to be effective for that dividend. Forms received after that date will not become effective until the following dividend. A new Authorization for Electronic Direct Deposit Form must be completed if there is a transfer of ownership of Shares or if a new account is established with the Administrator, the designated U.S. bank account has been closed or changed, or if the designated bank has assigned a new account number. The participant must complete proper forms or dividend payments

will be made by check. The participant can contact the Administrator to discontinue this option.

31. What reports will be received by participants in the Plan?

The Administrator will mail each participant (except those whose Shares are held in street name) a statement confirming purchases of Shares as soon as practicable after the purchases showing funds invested, prices of Shares purchased and the total Shares held by the Administrator with respect to that participant. Participants will receive copies of the Company's annual report and other reports to stockholders, proxy materials and dividend income information for tax purposes.

Participants may also view year-to-date transaction activity in their Dividend Reinvestment Account for the current year, as well as activity in prior years, by accessing their Dividend Reinvestment Account through the Internet at <http://www.computershare.com/investor>.

32. What happens if Pitney Bowes issues a stock dividend or declares a stock split?

Any dividends in the form of Shares and any Shares resulting from a split of Shares distributed by the Company on Shares held by the participant in the form of stock certificates and/or on Shares accumulated in the participant's Dividend Reinvestment Account will be credited to the participant's Dividend Reinvestment Account with the appropriate number of Shares of common stock on the payment date and reflected in the statement described in Question 31.

33. How does a participant vote Plan Shares at stockholders' meetings?

Participants will receive one proxy card covering (i) the total number of whole Shares registered on the Company's books in the participant's name and (ii) the whole and/or fractional Shares

credited to the participant's Dividend Reinvestment Account. Participants may elect to receive in electronic format instead of by mail the Company's proxy statement, proxy card and annual report and any other Company communications to stockholders through the Computershare website. The Administrator will vote any Shares that it holds in a participant's Dividend Reinvestment Account in accordance with the proxy returned by the participant to the Company. If a proxy card is returned properly signed, but without indicating instructions as to the manner Shares are to be voted with respect to any item thereon, the Shares covered will be voted in accordance with the recommendations of the Company's management. If the proxy card is not returned, or it is returned unexecuted or improperly executed, the Shares covered will not be voted unless the participant or the participant's duly appointed representative votes in person at the meeting.

As an alternative to returning your proxy card, participants may also be able to vote by telephone or online by following the instructions in the proxy materials if these methods are available. Shares may also be voted in person at the stockholders' meeting.

34. Can the Company terminate or modify the Plan?

Yes. The Company may terminate or modify the Plan at any time in its sole discretion, including changing the fees, charges and commissions that are applicable for transactions occurring under the Plan. Any termination or modification of the Plan will not affect a participant's rights as a stockholder, and any book-entry Shares owned will continue to be credited to the participant's Dividend Reinvestment Account with the Administrator unless there is a specific request otherwise.

35. Can the Company or Administrator terminate a participant's interest in the Plan?

The Company or the Administrator may terminate a participant's interest therein by notice in writing mailed to the participant. In such event the Administrator will follow the procedures for termination as set forth in Questions 23 and 24.

From time to time, the Administrator may close a participant's Dividend Reinvestment Account that contains less than one full Share and any fractional Share will be sold. A check for the amount of the sale proceeds remaining after deduction of any applicable charges and commissions, if any, will be mailed to the participant's address of record.

36. What are the responsibilities of the Company and the Administrator under the Plan?

Pitney Bowes and the Administrator may interpret and administer the Plan and resolve any questions or disputes as they believe appropriate, consistent with the Company's goals in establishing the Plan. Neither the Company nor the Administrator shall be liable for any act done in good-faith or for any good-faith omission to act, including, without limitation, any claims or liability: (a) with respect to the prices at which Shares of stock are purchased or sold for a participant's Dividend Reinvestment Account and the time when such purchases or sales are made; (b) for any fluctuation in the market value after purchases or sale of Shares of stock; (c) with respect to the tax treatment of dividends or any transaction effected pursuant to the Plan; or (d) for continuation of a participant's Plan participation until the Administrator receives written notice of the death of the participant accompanied by their estate's request to discontinue participation.

Pitney Bowes and the Administrator provide no advice and make no recommendation with respect to a participant's purchases and sales of Pitney Bowes stock. The decision to purchase or sell Pitney Bowes stock must be made by a participant based upon his or her own research and judgment.

37. What happens if the Administrator cannot make purchases in the open market?

If the Company determines not to make Newly Issued Shares available for purchase pursuant to the Plan and in the event that the applicable law or the closing of securities market requires temporary curtailment or suspension of open market purchases of Shares under the Plan, the Company and the Administrator are not accountable for the inability to make purchases at such time. If Shares are not available for purchase for a period longer than 35 days, the Administrator will promptly mail to a participant a check payable to the participant in the amount of any unapplied funds in the participant's Dividend Reinvestment Account.

38. What are the Federal income tax consequences of participation in the Plan?

Participants in the Plan are advised to consult their own tax advisors with respect to the tax consequences of participation in the Plan (including federal, state, local and other tax laws and U.S. tax withholding laws) applicable to their particular situations.

Cash dividends reinvested under the Plan will be taxable for U.S. federal income tax purposes as having been received by you even though you have not actually received them in cash. The total amount of dividends paid to you during the year, whether or not they are reinvested, will be reported to you and the U.S. Internal Revenue Service shortly after the close of each year.

Edgar Filing: PITNEY BOWES INC /DE/ - Form S-3D

Alternatively, when Computershare purchases Shares with reinvested dividends in the open market rather than directly from Pitney Bowes, you must include in your gross income, as an additional dividend, your allocable share of processing fees (which include any applicable brokerage commissions Computershare is required to pay) paid by Pitney Bowes. This amount will be reported to you and the U.S. Internal Revenue Service on IRS Form 1099-DIV shortly after the end of each year. Your tax basis in these Shares will be the cost of the Shares plus your allocable share of processing fees paid by Pitney Bowes.

You will not realize a gain or loss for U.S. federal income tax purposes upon a transfer of Shares to your account or the withdrawal of whole Shares from your account. You will, however, generally realize a gain or loss upon the receipt of cash for a fractional Share credited to your account. You will also realize a gain or loss when Shares are sold. The amount of the gain or loss will be the difference between the amount that you receive for the Shares sold and your tax basis in the Shares (generally, the amount you paid for the Shares plus allocable processing fees paid by Pitney Bowes). In order to determine the tax basis for Shares in your account, you should retain all account statements.

Plan participants who are non-resident aliens or non-U.S. corporations, partnerships or other entities generally are subject to a withholding tax (based upon the current applicable rate) on dividends paid on Shares held in the Plan.

Dividends paid on Shares in accounts, and the proceeds of any sale of Shares, may be subject to the backup withholding provisions of the Internal Revenue Code. If you fail to furnish a properly completed Form W-9 or its equivalent, or unless you are exempt from the withholding requirements described in Section 3406 of the Internal Revenue Code, then Computershare must withhold the current applicable rate from the amount of dividends,

the proceeds of the sale of a fractional Share and the proceeds of any sale of whole Shares.

39. Can a successor to the Administrator be named?

The Company may from time to time designate a bank, broker or trust company as a successor to the Administrator under the Plan.

40. What law governs the Plan?

The laws of the State of New York govern the terms and conditions of the Plan and its operations.

Item 15. Indemnification of Directors and Officers

Section 145 of the Delaware General Corporation Law allows for indemnification of any person who has been made, or threatened to be made, a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he or she is or was serving as a director, officer, employee or agent of the registrant or by reason of the fact that he or she is or was serving at the request of the registrant as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise. In certain circumstances, indemnity may be provided against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement if the person acted in good faith and in the manner reasonably believed by him to be in, or not opposed to, the best interests of the registrant and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. In any proceeding by or in the right of the registrant, no indemnification may be made if the person is found to be liable to the corporation, unless and only to the extent the court in which the proceeding is brought or the Delaware Court of Chancery orders such indemnification.

Section 102(b)(7) of the Delaware General Corporation Law provides that a certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director provided that such provision shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 (relating to liability for unauthorized acquisitions or redemptions of, or dividends on, capital stock) of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit. The Company's Restated Certificate of Incorporation includes a provision limiting such liability.

The Restated Certificate of Incorporation of the Company provides that each person who was or is made a party to or is threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a "proceeding"), by reason of the fact that he or she, or a person of whom he or she is the legal representative, is or was a director or officer of the Company or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Company to the fullest extent authorized by the Delaware General Corporation Law, as the same exists or may hereafter be amended (but,

in the case of any such amendment, only to the extent that such amendment permits the Company to provide broader indemnification rights than said law permitted the Company to provide prior to such amendment), against all expense, liability and loss (including attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid or to be paid in settlement) reasonably incurred or suffered by such person in connection therewith and such indemnification shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of his or her heirs, executors and administrators. Such right to indemnification is a contract right and includes the right to be paid by the Company the expenses incurred in defending any such proceeding in advance of its final disposition; provided, however, that, if the Delaware General Corporation Law requires, the payment of such expenses incurred by a director or officer in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such person while a director or officer, including, without limitation, service to an employee benefit plan) in advance of the final disposition of a proceeding, shall be made only upon delivery to the Company of an undertaking, by or on behalf of such director or officer, to repay all amounts so advanced if it shall ultimately be determined that such director or officer is not entitled to such indemnity.

The foregoing statements are specifically made subject to the detailed provisions of the Delaware General Corporation Law and the Restated Certificate of Incorporation of the Company.

The Company has a directors and officers liability insurance policy that will reimburse the Company for any payments that it shall make to directors and officers pursuant to law or the indemnification provisions of its Restated Certificate of Incorporation and that will, subject to certain exclusions contained in the policy, further pay any other costs, charges and expenses and settlements and judgments arising from any proceeding involving any director or officer of the Company in his or her past or present capacity as such, and for which he may be liable, except as to any liabilities arising from acts that are deemed to be uninsurable.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Item 16. Exhibits

A list of exhibits included as part of this Registration Statement is set forth in the Exhibit Index which immediately precedes such exhibits and is incorporated herein by reference.

Item 17. Undertakings

The undersigned Registrant hereby undertakes:

(A)(1) to file, during any period in which offers or sales are being made of the securities registered hereby, a post-effective amendment to this registration statement:

(a) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(b) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(c) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that undertakings set forth in paragraphs (A)(1)(a) and (A)(1)(b) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement.

(2) that, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(B) that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act and where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(C) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 15 hereof, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(D) that, for purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or Rule 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(E) that, for purposes of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
