RESTATED PRO FORMA FINANCIAL INFORMATION PROVIDED UNDER ITEM 7(b)

RESTATED UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL INFORMATION

BASIS OF PRESENTATION

On August 8, 2003, through two international subsidiaries, Stonepath Group, Inc. (the "Company") acquired a seventy (70%) percent interest in the assets and operations of the Singapore and Cambodia offices of the G-Link Group. The G-Link Group is a non-asset based logistics business which provides a full range of international logistics services including international air and ocean transportation. The business services a customer base of manufacturers and distributors through a network of affiliated offices in Southeast Asia and agency relationships with partners located around the world.

The assets acquired from the G-Link Group consist primarily of the goodwill and other intangible assets, such as intellectual property, employee base, operating methods, systems and customer relationships, associated with the ongoing operations of its Singapore and Cambodia offices. Personal property consisting primarily of office equipment and eligible accounts receivable were also acquired. In addition accounts payable and certain leases were assumed as part of the acquisitions.

2

In consideration for a 70% interest in the assets and operations of the two G-Link offices, the Company paid \$3.7 million at closing through a combination of \$2.8 million in cash and \$900 thousand in value of the Company's common stock. The G-Link Group will also be entitled to an earn-out arrangement over a period of four years of up to \$2.5 million contingent upon the future financial performance of the acquired offices. The funds required for the cash payment at the closing were obtained by the Company from its credit facility with LaSalle Business Credit, Inc. As additional purchase price, on a post-closing basis the Company has also agreed to pay the G-Link Group for excess closing date working capital estimated at \$1.6 million through the issuance of additional Company stock. The consideration for the transaction was determined based on arms-length negotiations between the parties.

The acquisition was completed through two subsidiaries created by the Company which acquired 100% of the assets and operations of the Singapore and Cambodia offices of the G-Link Group. To give effect for the 70% interest intended to be acquired, the Company has agreed to issue the G-Link Group a 30%

Edgar Filing: STONEPATH GROUP INC - Form 8-K/A

interest in the subsidiaries. As part of the transaction, the Company also secured a five-year option to acquire the remaining 30% interest not acquired at the closing.

The contingent earn-out payments will be accounted for as additional cost of the acquired G-Link offices when the earnings contingency is resolved and the consideration is issued or becomes issuable. Accordingly, the purchase price allocation presented herein is preliminary and includes only the \$3.7 million paid at closing plus approximately \$436,000 of direct acquisition costs.

The following unaudited pro forma condensed consolidated balance sheet at March 31, 2003 presents the Company's acquisition of both G-Link offices on a combined basis as if it had occurred on March 31, 2003. The unaudited pro forma condensed consolidated statements of operations for the year ended December 31, 2002 and the three months ended March 31, 2003 presents the Company's acquisition of both G-Link offices on a combined basis as if it had occurred on January 1, 2002. The unaudited condensed consolidated pro forma financial information also reflects the recent acquisition of certain assets and operations of Regroup Express, LLC, which was acquired by the Company on June 20, 2003. Restated pro forma financial statements giving effect to the Regroup acquisition were included within a Current Report of Form 8-K/A filed with the SEC on August 28, 2003. The detailed assumptions used to prepare the unaudited pro forma condensed consolidated financial information are contained in the accompanying explanatory notes.

The unaudited pro forma condensed consolidated financial information is presented for illustrative purposes only and is not necessarily indicative of the financial position or results of operations which would have actually been reported had the transactions been consummated at the dates mentioned above or which may be reported in the future. This unaudited pro forma condensed consolidated financial information is based upon the respective historical financial statements of the Company, Regroup and the two acquired G-Link offices and should be read in conjunction with those statements and the related notes.

3

The historical information for the Company in the following unaudited pro forma condensed consolidated financial information has been restated from the financial information previously included within the Company's Current Report on 8-K/A by: (i) allocating more value to the customer relationship intangible assets acquired in some of the Company's earlier acquisitions; and (ii) revising the amortization method and life used for such assets; each in a manner consistent with Note 2 to the consolidated financial statements contained in the Company's Annual Report on Form 10-K/A, filed with the SEC on August 28, 2003. In addition, the pro forma adjustments in the Regroup and the G-Link transactions have been restated to (i) allocate more value to the customer relationship intangible assets related to those acquisition and (ii) revise the amortization method used for such assets.

This pro forma presentation incorporates the Company's preliminary allocation of purchase price of the acquired G-Link businesses which includes \$200,000 to covenants-not-to-compete (to be amortized on a straight line basis over four years), \$1,000,000 to the customer relationship intangible asset (anticipated to be amortized under the declining balance method using a rate of

Edgar Filing: STONEPATH GROUP INC - Form 8-K/A

25%) and \$2,800,000 to goodwill. These preliminary allocations will be refined and finalized over the next several months as the Company completes the appropriate valuation analysis.
