CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS FOR U.S. SHAREHOLDERS

The following discussion summarizes the material United States federal income tax consequences to U.S. Holders (as defined below) arising from the exercise of the Kinross Warrants and the Echo Bay Warrants, the conversion of the Kinam Preferred Shares and the acquisition, ownership and disposition of the Common Shares. If the tax consequences of the exercise of the Kinross Warrants or the Echo Bay Warrants or the conversion of the Kinam Preferred Shares to acquire Common Shares issued pursuant to a Prospectus Supplement or the acquisition, disposition or ownership of such Common Shares acquired, are materially different from the consequences discussed herein those consequences will be discussed in the Prospectus Supplement.

The discussion is based on the Internal Revenue Code of 1986, as amended (the "Code"), its legislative history, judicial authority, current administrative rulings and practice, and existing and proposed Treasury Regulations, and on the provisions of the Canadian-United States Income Tax Treaty currently in force (the "Treaty"), all as in effect and existing on the date hereof. Legislative, judicial or administrative changes or interpretations after the date hereof could alter or modify the validity of the statements and conclusions set forth below.

The following discussion is intended as a descriptive summary only and, as such, is not intended as tax advice to any particular investor. The discussion is not a complete analysis or listing of all potential United States federal income tax consequences to U.S. Holders and does not address the effect of any United States gift, estate, state or local tax law or foreign tax law on a U.S. Holder. The discussion is limited to U.S. Holders that hold the Kinross Warrants, the Echo Bay Warrants, the Kinam Preferred Shares or the Common Shares as "capital assets" within the meaning of Section 1221 of the Code and whose functional currency is the United States dollar. The following discussion does not address the tax treatment of U.S. Holders that may be subject to special income and withholding tax rules including, without limitation, United States expatriates, insurance companies, tax-exempt organizations, banks and other financial institutions, U.S. Holders subject to the alternative minimum tax, broker-dealers in securities, dealers in currencies, traders in securities, holders that own (directly, indirectly or by attribution) 10 % or more of the outstanding stock of the Corporation, or U.S. Holders who hold the Kinross Warrants, the Echo Bay Warrants, the Kinam Preferred Shares or the Common Shares as a hedge against currency risks, as a position in a "straddle" for tax purposes, or as part of a conversion or other integrated transaction. Such holders may be subject to United States federal income tax consequences different from those set forth below.

As used herein, the term "U.S. Holder" means a beneficial owner of Kinross Warrants, the Echo Bay Warrants, the Kinam Preferred Shares or Common Shares that is, for United States federal income tax purposes, both (x) (i) an individual who is a United States citizen or resident, (ii) a corporation or other entity created or organized in or under the laws of the United States or any state or political subdivision thereof, (iii) an estate whose income is subject to United States federal income taxation regardless of its source or (iv) a trust if a court within the United States is able to exercise primary

supervision over the administration of the trust and if one or more United States persons have the authority to control all substantial decisions of the trust and (y) a resident of the United States within the meaning of and who is eligible for benefits under the Treaty. The term "Non-U.S. Holder" means a beneficial owner of Kinross Warrants, the Echo Bay Warrants, the Kinam Preferred Shares or Common Shares that is not, for United States federal income tax purposes, a U.S. Holder. The discussion which follows is not intended to apply to or be used by Non-U.S. Holders. Non-U.S. Holders are urged to consult with their own tax advisors concerning the applicable United States tax consequences relating to the acquisition, ownership and disposition of Common Shares or the exercise or conversion of the Kinross Warrants, the Echo Bay Warrants or the Kinam Preferred Shares.

If a partnership (or other entity treated as a partnership for U.S. tax purposes) holds the Kinross Warrants, the Echo Bay Warrants, the Kinam Preferred Shares or Common Shares, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. Each U.S. Holder is urged to consult his own tax advisor concerning whether the U.S. Holder is eligible for benefits under the Treaty and, if not so eligible, the material United States federal income tax consequences arising from ownership of Kinross Warrants, the Echo Bay Warrants, the Kinam Preferred Shares or Common Shares. In addition, all persons are advised to consult with their own tax advisors concerning the specific Canadian and U.S. federal, state and local tax consequences of the acquisition, ownership and disposition of the Kinross Warrants, the Echo Bay Warrants, the

Kinam Preferred Shares or Common Shares in light of their particular situations as well as any consequences arising under the laws of any other taxing jurisdiction.

THE KINROSS WARRANTS, THE ECHO BAY WARRANTS AND THE KINAM PREFERRED SHARES

EXERCISE OF KINROSS WARRANTS AND ECHO BAY WARRANTS AND CONVERSION OF KINAM PREFERRED SHARES. No gain or loss will be recognized by a U.S. Holder for United States federal income tax purposes upon exercise of a Kinross Warrant or an Echo Bay Warrant. Subject to the discussion under "Passive Foreign Investment Company Considerations" below, (1) the adjusted tax basis of a Common Share received on exercise of a Kinross Warrant or an Echo Bay Warrant or the conversion of a Kinam Preferred Shares will be equal to the adjusted tax basis of the Kinross Warrant, Echo Bay Warrant or Kinam Preferred Share as described below increased by the U.S. dollar amount of the exercise price paid in foreign currency and (2) the holding period of the Common Share received will begin on the day after such exercise.

ADJUSTMENTS. Adjustments to the conversion ratio or exercise price of the Kinross Warrants, the Echo Bay Warrants or the Kinam Preferred Shares pursuant to anti-dilution provisions (see generally "Description of Securities" in the Prospectus) may result in a taxable constructive dividend to the U.S. Holders of Kinross Warrants, Kinam Preferred Shares or Echo Bay Warrants pursuant to Section 305 of the Code, to the extent of the Corporation's current and/or accumulated earnings and profits, if such change has the effect of increasing the U.S. Holder's proportionate interest in the Corporation's earnings and profits or assets. In general, anti-dilution adjustments are not treated as resulting in deemed dividends. However, if, for example, the adjustment were considered an adjustment to compensate for taxable cash or property distributions to other shareholders, a deemed taxable dividend could

result. A U.S. Holder's tax basis for the Kinross Warrants, Kinam Preferred Shares or Echo Bay Warrants generally would be increased by the amount of any such constructive dividend.

PASSIVE FOREIGN INVESTMENT COMPANY CONSIDERATIONS. U.S. persons owning shares of a passive foreign investment company ("PFIC") are generally subject to a special United States federal income tax regime with respect to certain distributions received from the PFIC and with respect to gain on the sale or other disposition of the shares of the PFIC. For a detailed discussion of the United States federal income tax rules applicable to PFICs, see "Common Shares - Passive Foreign Investment Company Considerations."

Under proposed regulations which have a retroactive proposed effective date, if the Corporation is a PFIC for any taxable year during a U.S. Holder's holding period for the Kinross Warrants, a U.S. Holder of a Warrant will be considered the owner of the Common Shares underlying the Kinross Warrant for purposes of applying the PFIC rules to the disposition of a Kinross Warrant. Under such proposed regulations, for purposes of applying the PFIC rules, if the Corporation is a PFIC, the holding period of a Common Share acquired upon the exercise of the Kinross Warrant would include the period the Kinross Warrant was held. If the Corporation is not a PFIC at the closing of the Combination, the holding period of a Common Share acquired upon the exercise of an Echo Bay Warrant will not include the holding period prior to the Combination. The holding period of a Common Share acquired upon conversion of a Kinam Preferred Share will include the holding period of the Kinam Preferred Share.

COMMON SHARES

TAXATION OF DIVIDENDS ON COMMON SHARES. Subject to the discussion under "Passive Foreign Investment Company Considerations" below, the gross amount of a distribution of cash or property (including any amounts withheld in respect of Canadian withholding tax, but not including certain distributions of shares distributed pro rata to all shareholders of the Corporation) with respect to the Common Shares will be includable in income by a U.S. Holder as a taxable dividend to the extent of the Corporation's current or accumulated earnings and profits, computed in accordance with U.S. federal income tax principles. A dividend distribution will be so included in gross income when received by (or otherwise made available to) you, and will be characterized as ordinary income for U.S. federal income tax purposes. Distributions in excess of the Corporation's current accumulated earnings and profits will be applied against and will reduce your tax basis in the Common Shares and, to the extent in excess of such tax basis, will be treated as gain from a sale or exchange of such Common Shares. United States corporate holders will not be allowed a deduction for dividends received in respect of distributions on the Common Shares. The amount includable in your income will be the U.S. dollar value, on the date of receipt, of the foreign currency distributed, regardless of whether the payment is actually converted into U.S. dollars. Any gain or loss resulting from foreign currency exchange rate fluctuations during the period from the date the dividend is

includable in your income to the date the foreign currency is converted into U.S. dollars will generally be treated as ordinary income or loss.

A dividend distribution will be treated as foreign source income and generally will be classified as "passive income" or "financial services

income" for U.S. foreign tax credit purposes. If Canadian withholding taxes are imposed with respect to such dividend, you will be treated as having actually received the amount of such taxes and as having paid such amount to the Canadian taxing authorities. As a result, the amount of dividend income included in your gross income will be greater than the amount of cash actually received with respect to such dividend income. You may be able, subject to certain generally applicable limitations, to claim a foreign tax credit or a deduction for any Canadian withholding taxes imposed on dividend payments. Special rules apply to certain individuals whose creditable foreign source income during a taxable year consists entirely of "qualified passive income" and whose creditable foreign taxes paid or accrued during the taxable year do not exceed $300 ($600 in the case of a joint return). The rules relating to the determination of the United States foreign tax credit are complex, and the calculation of United States foreign tax credits and, in the case of a U.S. Holder that elects to deduct foreign taxes, the availability of deductions, involve the application of rules that depend on a U.S. Holder's particular circumstances. You should, therefore, consult your own tax advisor regarding the application of the United States foreign tax credit rules to dividend income on the Common Shares.

TAXATION ON SALE OR EXCHANGE OF COMMON SHARES. Upon the sale, redemption or other disposition of a Common Share, you generally will recognize gain or loss equal to the difference between the amount realized and your adjusted tax basis in the Common Share. Generally the U.S. dollar value of the amount realized by a U.S. Holder that (i) receives foreign currency on the sale or other disposition of a Common Share and (ii) is a cash basis taxpayer or an accrual basis taxpayer that so elects, will be determined by translating the foreign currency received at the spot rate of exchange on the settlement date of the sale or other disposition (or in the case of a non-electing accrual basis U.S. Holder, the spot rate of the foreign currency on the date of the sale or other disposition).

Except as provided under "Passive Foreign Investment Company Considerations" below, gain or loss recognized on the sale or other disposition of a Common Share will be capital gain or loss. Net capital gains derived with respect to capital assets held for more than one year are eligible for reduced rates of taxation. Certain limitations exist on the deductibility of capital losses by both corporations and individual taxpayers. Any tax imposed by Canada directly on the gain from such a sale should be eligible for the United States foreign tax credit; however, because the gain generally will be United States-source gain, you might not be able to use the credit otherwise available. Any loss recognized generally will be allocated to reduce United States-source income. You should consult your tax advisor regarding the foreign tax credit implications of the sale, redemption or other disposition of Common Shares.

PASSIVE FOREIGN INVESTMENT COMPANY CONSIDERATIONS. A foreign corporation is considered to be a PFIC if, with respect to a taxable year, (1) at least 75% of its gross income is "passive income" (the "income test") or (2) at least 50% of the average value of its assets produce "passive income" or are held for the production of "passive income" (the "asset test"). In applying the income test and the asset test, if a foreign corporation owns (directly or indirectly) at least 25% (by value) of the stock of another corporation, such foreign corporation is treated as if it had directly received its proportionate share of the gross income of the other corporation and as if it directly owned its proportionate share of the assets of such other corporation.

For this purpose, "passive income" generally includes dividends, interest, certain royalties and rents, and net gains from the sale of stock, securities or partnership interests. Net gains from commodities transactions are generally also included within the definition of "passive income", unless such net gains are derived in the active conduct of a commodities business and substantially all of the foreign corporation's business is as an active producer, processor, merchant or handler of commodities (the "commodities

exception"). The commodities exception generally applies only if the corporation's gross receipts from qualified active sales equals or exceeds 85% of its gross receipts.

The PFIC asset test is applied using the fair market value of a foreign corporation's assets, not the adjusted book value of its assets. The legislative history to the PFIC rules provides that in applying the PFIC asset test, the total value of a publicly-traded corporation's assets "generally" will be treated as equal to the sum of the aggregate value of its outstanding stock plus its liabilities (the "General Rule"). There are, however, no regulations or other guidance which define when this General Rule applies and when it does not apply, and how it applies in particular circumstances.

The determination of whether or not the Corporation is a PFIC is a factual determination that must be made annually after the close of each taxable year and must take into account the activities, income and assets of each of the Corporation's subsidiaries, including, if acquired, those subsidiaries acquired pursuant to the Combination. As a result, it cannot at present be determined with certainty whether the Corporation will be a PFIC in the current taxable year ending December 31, 2003 or in any future taxable year. This determination will depend on the various sources of the Corporation's income and whether the commodities exception is satisfied. In addition, this determination will depend on the relative values of the Corporation's passive assets, such as cash, and the relative values of its non-passive assets, including goodwill. Furthermore, since the goodwill of a publicly-traded corporation such as the Corporation is largely a function of the trading price of its shares, the valuation of that goodwill may be subject to significant change throughout the year. Therefore, it is possible that the Corporation could become a PFIC for its current taxable year or any subsequent taxable year due to the nature of its income or its assets or as the result of a decrease in the trading price of the Common Shares. If the Corporation becomes a PFIC in any taxable year in your holding period, it generally will remain a PFIC for all subsequent taxable years with respect to you.

In general, if the Corporation were a PFIC:

(a) Any distribution made by the Corporation during a taxable year to you with respect to the Common Shares will be an "excess distribution" (defined generally as the excess of the amount received with respect to the Common Shares in any taxable year over 125% of the average amount received in the three previous taxable years or, if shorter, your holding period before the taxable year) and must be allocated ratably to each day of your holding period. The amount allocated to the current taxable year will be included as ordinary income for that year. The amount allocated to each prior PFIC year in your holding period generally will be taxed as ordinary income at the highest rate in effect for you in that prior year and such tax will be subject to an interest charge at the rate applicable to income tax deficiencies as if it were overdue with respect to such prior year.

(b) The entire amount of any gain realized upon the sale or other disposition (generally including any disposition that would otherwise be tax-free and the use of a Common Share as security for an obligation) of a Common Share that is held during more than one taxable year will be treated as an excess distribution made in the year of sale

or other disposition and, as a consequence, will be treated as ordinary income (rather than capital gain), and to the extent allocated to PFIC years in your holding period prior to the year of sale or other disposition, will be subject to the interest charge described above.

Among other PFIC elections which may be available, a so-called "mark-to-market election" may be made by a U.S. person who owns marketable stock in a PFIC at the close of such person's taxable year. If a mark-to-market election is made, instead of the PFIC rules described above, such U.S. person would generally be required to include as ordinary income or, to the extent described in the next sentence, be allowed an ordinary loss deduction in an amount equal to the difference between the fair market value of such stock as of the close of such taxable year or the amount realized from a sale or other disposition and its adjusted basis, and certain additional rules would apply. An ordinary loss deduction will be allowed only to the extent that ordinary income was previously included under the mark-to-market election and was not substantially offset by ordinary loss deductions. The mark-to-market election is made with respect to marketable stock in a PFIC on a shareholder-by-shareholder basis and, once made, can only be revoked with the consent of the IRS. The Common Shares will be treated as marketable stock for these purposes provided that the shares continue to be actively traded on an established stock exchange. U.S. HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS REGARDING THE CONSEQUENCES AND ADVISABILITY OF MAKING SUCH A MARK-TO-MARKET ELECTION AND WHETHER ANY OTHER PFIC ELECTION IS AVAILABLE.

A shareholder in a PFIC who is a U.S. person is generally required to file with his United States federal income tax return a completed Form 8621 in each year that he owns shares in the PFIC.

U.S. INFORMATION REPORTING AND BACKUP WITHHOLDING

Payments of dividends on and proceeds from the sale or other disposition of the Common Shares may be subject to information reporting to the IRS and backup withholding at a current rate of 27% on the gross proceeds received. Backup withholding will not apply to a holder who furnishes a correct taxpayer identification number or certificate of foreign status and makes any other required certification, or who is otherwise exempt from backup withholding. U.S. persons who are required to establish their exempt status generally must provide IRS Form W-9

(Request for Taxpayer Identification Number and Certification). Persons in doubt as to the necessity of furnishing this form should consult their own tax advisors. Non-U.S. Holders generally will not be subject to U.S. information reporting or backup withholding. However, such Non-U.S. Holders may be required to provide certification of non-U.S. status (generally on IRS Form W-8BEN) in connection with payments received in the United States or through certain U.S.-related financial intermediaries.

Amounts withheld as backup withholding may be credited against a holder's U.S. federal income tax liability. A holder may obtain a refund of any excess amounts withheld under the backup withholding rules by filing the appropriate claim for refund with the IRS and furnishing any required information.

KINROSS GOLD CORPORATION

The Corporation was continued under the Business Corporations Act (Ontario) on May 31, 1993 by articles of arrangement pursuant to which CMP Resources Ltd., Plexus Resources Corporation and 1021105 Ontario Corp. amalgamated by way of arrangement. The Corporation and Falconbridge Amalco Inc., a corporation that was formed upon the amalgamation of Falconbridge Gold Corporation and FGC Acquisition Inc., then amalgamated on December 31, 1993 by way of arrangement. The Corporation filed articles of amalgamation on December 29, 2000 in connection with an amalgamation with La Teko Resources Inc. The registered office and principal place of business of the Corporation is located at Suite 5200, Scotia Plaza, 40 King Street West, Toronto, Ontario, M5H 3Y2. See also "Combination of the Corporation, TVX Gold Inc. and Echo Bay Mines Ltd. and Acquisition of the Newmont Interest".

The Corporation is principally engaged in the exploration for and the acquisition, development and operation of gold-bearing properties. At present, the three primary operating properties of the Corporation are located in Canada, the United States and the Russian Far East. Exploration activities are undertaken in these countries and others. The Corporation's principal product and source of cash flow is gold.

The Corporation's primary operating properties consist of a 100% interest in the Fort Knox mine near Fairbanks, Alaska; through its 49% interest in the Porcupine Joint Venture, a 49% interest in the Hoyle Pond mine and the Dome mine, both near Timmins, Ontario; and a 54.7% interest in the Kubaka mine in the Magadan Oblast situated in far east Russia. In addition, the Corporation holds a 100% interest in the Blanket mine situated in Zimbabwe and other mining properties in various stages of exploration, development, reclamation and closure. The Corporation holds its interests in each of these properties in accordance with industry standards.

RECENT DEVELOPMENTS

Omolon Share Repurchase

Kinross conducts business in Russia through its 54.7%-owned Russian subsidiary, Omolon Gold Mining Company. During the first half of 2002, two of Omolon's Russian shareholders and the Magadan Administration, on behalf of a third Russian shareholder of Omolon (collectively, these Russian shareholders hold 38.1% of the outstanding shares of Omolon), separately instituted legal proceedings against Omolon asserting that the original issuance of shares was flawed, due to a failure to follow certain registration procedures required under Russian law, and that the original share issuance was therefore null and void. The lawsuit initiated by the Magadan Administration on behalf of a Russian shareholder was dismissed with prejudice on January 13, 2003, and, on January 20, 2003, the lawsuit brought by the largest Russian shareholder, holding 24.96 percent of Omolon (which had also initiated an action to arrest Omolon's assets), was also dismissed with prejudice.

Underlying these disputes were unpaid loans made by the Magadan Administration to these Russian shareholders at the time Omolon was capitalized. In the face of the inability of these shareholders to repay the loans, there was an effort to shift the burden of repayment to Omolon. These lawsuits were encouraged by the Magadan Administration as the major creditor of these shareholders.

In connection with these lawsuits, certain bank accounts of Omolon containing the ruble equivalent of U.S.$22.1 million were placed under arrest pursuant to an order of a court in the Magadan region of the Russian Federation. On January 8, 2003, the Magadan Court's order arresting these bank accounts was cancelled on appeal. The appellate decision took effect immediately. All accounts and other assets of Omolon previously under arrest are expected to be released by the end of January 2003.

In an effort to resolve the lawsuits, Omolon, the Russian Ministry of Finance ("MinFin") and the Magadan Administration, on its own behalf and on behalf of the two largest shareholders of Omolon, executed two protocols reflecting the agreements in principle reached during meetings in Moscow in October 2002. The agreements in principle provided that:

- Omolon will purchase up to 45.2% of its outstanding shares currently held by its Russian shareholders for the ruble equivalent of U.S.$45.4 million;
- each Russian shareholder will withdraw any pending lawsuits asserted by it;
- the court order arresting the accounts will be lifted;
- the purchase price for the shares to be paid by Omolon to each of the selling shareholders will be sufficient to repay their "gold" loans;
- the Magadan Administration would issue a letter addressed to Omolon confirming that the amounts received by the Russian shareholders of Omolon for their shares would be sufficient to fully repay their debts to the Magadan Administration under the gold loans; and
- the deal would be overseen by MinFin and all transactions would be effected through the federally-owned bank, Vnesheconombank.

On December 3, 2002, in accordance with the agreements in principle, Omolon entered into separate binding share purchase agreements with four of its five Russian shareholders (holding, in the aggregate, 44.17% of Omolon's shares). The share purchase agreements provide that Omolon will provide a letter of credit at Vnesheconombank for each tendering shareholder in the amount of the respective purchase price. Payments under the share purchase agreements would be transferred to MinFin in repayment of the gold loans provided to the Magadan Administration by the Russian Government. In order to draw down on the letters of credit, the four shareholders are required to satisfy certain conditions, including the production of written transfer instructions for their shares signed by duly authorized representatives, dismissal of the respective lawsuits against Omolon and the procurement of an amendment to Omolon's mining licence

permitting unrestricted ownership by a foreign entity.

In December 2002, Omolon transferred a substantial portion of the purchase price for the shares to Vnesheconombank. However, further transfer of the funds was delayed by Vnesheconombank as a result of its dissatisfaction with the proposed mechanics of transfer of the share purchase payments from the Magadan Administration to MinFin in repayment of the gold loans. Vnesheconombank requested further written assurances from the Magadan Administration with respect to the mechanics of such transfer. These further written assurances require the approval of the Governor of Magadan. The acting Governor apparently is unwilling to sign any documentation relating to these transactions until after the upcoming election. The election is scheduled for February 2, 2003, but it may be some time thereafter before the results are settled and the matter makes it onto the new Governor's agenda. Kinross believes, based on discussions with the Magadan Administration's representatives and MinFin's representatives and the dismissals of the cases referred to above, and in light of other factors referred to above, that the share purchase transactions will close by the end of the first quarter of 2003. There is no adverse impact on Kinross due to the delay in completing the acquisition of the shares of Omolon.

Unit Offering

On December 5, 2002, the Corporation completed a public offering in Canada of 50,000,000 units (the "Units", each unit consisting of one Common share and one-half of one Kinross Warrant) at a price of Cdn.$3.05 per Unit for total net proceeds of Cdn.$145.4 million. A portion of the Units were sold in the United States pursuant to a private placement (the "Private Placement"). One whole Kinross Warrant is exerciseable on or before December 5, 2007, for one Kinross common share at an exercise price of Cdn.$5.00. A commission equal to 4% of the total proceeds of the offering was paid to the underwriters upon closing. Assuming the Combination (as hereinafter defined) is completed, the Corporation intends to use the proceeds of the offering for the acquisition of Newmont Mining Corporation's ("Newmont") interest in the TVX Newmont Americas joint venture. If the combination is not completed, the proceeds of the offering will be used for general corporate purposes.

Credit Facility

On December 3, 2002, Kinross entered into a commitment letter with a syndicate of financial institutions for the provision of a U.S.$125 million revolving credit facility maturing December 31, 2005 to be used for the purpose of replacing existing letters of credit outstanding under Kinross' current secured credit agreement and for additional letters of credit required for the TVX Gold Inc. ("TVX") and Echo Bay Mines Ltd. ("Echo Bay") financial assurance requirements for mine closure with various regulatory bodies. Kinross expects that the credit facility will be secured by first ranking security interests in substantially all of Kinross' (and its subsidiaries) assets, properties and undertaking and will also contain a number of financial and operating covenants. The covenants include (but are not limited to) a leverage ratio of net debt to operating cash flow, an interest coverage ratio of operating cash flow to interest expense, minimum unencumbered cash balances, and minimum proven and probable reserves. Availability of the credit facility will be subject to a number of conditions precedent, including the completion of the Combination (as hereinafter defined), and a review by independent engineers of the reclamation

liability and operating performance of the properties. There can be no assurance that the commitment letter will result in a definitive agreement for the provision of a revolving credit facility (or that the terms of any definitive agreement will not differ materially from the terms contained in the commitment letter).

Suspension of Stratoni Mining Operations by TVX

TVX, one of the parties to the proposed business combination among the Corporation, Echo Bay and TVX (see "Combination of the Corporation, TVX Gold Inc. and Echo Bay Mines Ltd. and Acquisition of the Newmont Interest), announced on January 9, 2003 that its Greek Subsidiary, TVX Hellas, had received notice from the Greek Ministry of Development that mining in certain areas of the Stratoni base metal operation in Greece should cease until a joint ministerial decision signed by five ministries of the Greek Government is obtained and the mining permits are re-approved. TVX also announced that as a result, it has declared force majeure at its Stratoni operation and ceased mining operations. TVX indicated that if it is unable to resume mining operations at Stratoni, as a result of the failure to obtain re-approval of the permits or otherwise, TVX will not continue to generate revenue from this operation and, in the event of a long-term or permanent suspension of mining operations at Stratoni, it is unlikely that TVX would continue to report the mineralization as reserves.

TVX/Alpha Group Litigation

On January 22, 2003 TVX announced that the Alpha Group has brought a motion in connection with its ongoing litigation with TVX which TVX expects will be heard on January 22, 2003. TVX stated that the motion seeks a mandatory interlocutory injunction requiring TVX to disclose to the Alpha Group an allocation among TVX's assets of the consideration to be paid to TVX shareholders pursuant to the Combination (as hereinafter defined). TVX further stated that the Alpha Group has alleged that it has a right of first refusal over TVX's Greek assets and that the right is triggered by the Combination. TVX stated that it disputes that there is any right of first refusal or that any such purported right is triggered by the business combination.

TVX also stated that the motion by the Alpha Group also seeks leave to amend the statement of claim issued by the Alpha Group relating to the litigation to seek, among other things, an interim interlocutory injunction prohibiting TVX from completing the Combination, insofar as it relates to TVX's Greek assets, pending the exercise by the Alpha Group of its alleged right of first refusal. TVX also indicated that to date, the Alpha Group has not sought an injunction to restrain the Combination, but stated that it may do so if leave to amend the statement of claim is granted.

COMBINATION OF THE CORPORATION, TVX GOLD INC. AND ECHO BAY MINES LTD. AND ACQUISITION OF THE NEWMONT INTEREST

COMBINATION AMONG KINROSS, TVX AND ECHO BAY

Kinross, TVX and Echo Bay entered into a combination agreement dated as of June 10, 2002, as amended as of July 12, 2002 and November 19, 2002, for the purpose of combining the ownership of their respective businesses by way of a plan of arrangement under the Canada Business Corporations Act (the "CBCA"). This transaction is referred to as the "Arrangement" in this Prospectus.

In a separate transaction, TVX and a subsidiary of TVX entered into agreements dated as of June 10, 2002 with a subsidiary of Newmont pursuant to which TVX agreed to acquire Newmont's approximate 50% non-controlling interest in the TVX Newmont Americas joint venture (the "Newmont Interest"), in accordance with an existing right of first offer and an existing right of first refusal, for U.S.$180 million. The purchase price may, at TVX's option, be paid entirely in cash or TVX may elect to satisfy up to one half of the purchase price payable under each agreement by delivery of a secured promissory note and the balance in cash. In the event such notes are issued, they will be due and payable on the seventh day following the closing of the acquisition. The maximum aggregate amount of the promissory notes which may be issued is U.S.$90 million. The Arrangement is conditional upon the completion of the purchase of the Newmont Interest. The Arrangement and this transaction are referred to collectively herein as the "Combination".

Upon completion of the Arrangement and the purchase of the Newmont Interest, Kinross will own all of the outstanding common shares of TVX and Echo Bay and will own, indirectly, all of the TVX Newmont Americas joint venture.

Pursuant to the Arrangement, TVX will amalgamate with 4082389 Canada Inc., a wholly-owned subsidiary of Kinross, and each holder of TVX common shares will receive 6.5 Common Shares for each TVX common share. The exchange ratio for the TVX common shares reflects the one for ten consolidation of the TVX common shares which took effect on June 30, 2002. Also pursuant to the Arrangement, shareholders of Echo Bay (other than Kinross) will receive 0.52 of a Common Share for each Echo Bay common share. Immediately prior to the completion of the Combination, and subject to shareholder approval, Kinross intends to consolidate its outstanding Common Shares on the basis of one Common Share for each three Common Shares (the "Kinross Share Consolidation"). If the Kinross Share Consolidation is completed, each holder of TVX common shares will receive 2.1667 Common Shares for each TVX common share and each holder of Echo Bay common shares will receive 0.1733 of a Common Share for each Echo Bay common share in the Arrangement.

The Arrangement requires the approval of at least 662/3% of the votes cast by TVX and Echo Bay shareholders at the respective special meetings of TVX and Echo Bay, as well as the approval of the Superior Court of Ontario. The special meetings of TVX and Echo Bay are scheduled to be held on January 31, 2003. The shareholders of Kinross will be asked to approve the issuance of Common Shares pursuant to the Arrangement, as well as certain other matters, at a special meeting of the Kinross shareholders to be held on January 28, 2003.

The completion of the Combination is subject to various conditions, including regulatory and shareholder approvals. There can be no assurance that the Combination will be completed or, if completed, that it will be completed on the terms described in this Prospectus.

DESCRIPTION OF SECURITIES

The authorized share capital of Kinross consists of an unlimited number of Common Shares and 384,613 redeemable retractable preferred shares (the "Kinross Preferred Shares"), of which 409,036,555 Common Shares and 384,613 Kinross Preferred Shares were issued and outstanding as of the close of business on January 17, 2003).

COMMON SHARES

DIVIDENDS. Holders of Common Shares are entitled to receive dividends when, as and if declared by the Kinross Board of Directors out of funds legally available therefor, provided that if any Kinross Preferred Shares or any other shares of preferred stock are at the time outstanding, the payment of dividends on Common Shares or other distributions (including repurchases of Common Shares by Kinross) will be subject to the declaration and payment of all cumulative dividends on outstanding Kinross Preferred Shares and any other shares of preferred stock which are then outstanding.

LIQUIDATION. In the event of the dissolution, liquidation or winding up of Kinross, holders of Common Shares are entitled to share ratably in any assets remaining after the satisfaction in full of the prior rights of creditors, including holders of Kinross' indebtedness, and the payment of the aggregate liquidation preference of the Kinross Preferred Shares, and any other shares of preferred stock then outstanding.

VOTING. Holders of Common Shares are entitled to one vote for each share on all matters voted on by shareholders, including election of directors. Holders of Common Shares have no cumulative voting rights.

NO OTHER RIGHTS. The holders of Common Shares do not have any conversion, redemption or preemptive rights.

KINROSS WARRANTS

The Kinross Warrants were issued in registered form under, and are governed by, an indenture dated December 5, 2002 (the "Warrant Indenture") between Kinross and Computershare Trust Company of Canada, as trustee thereunder. The following summary of certain provisions of the Warrant Indenture does not purport to be complete and is qualified in its entirety by reference to the provisions of the Warrant Indenture.

Each whole Kinross Warrant entitles the holder to purchase one Common Share at an exercise price of Cdn.$5.00 per Common Share. The exercise price and the number of Common Shares issuable upon exercise are both subject to adjustment in certain circumstances as more fully described below. Kinross Warrants are exercisable at any time prior to 5:00 p.m. (Toronto time) on December 5, 2007, after which the Kinross Warrants will expire and become null and void. Under the Warrant Indenture, Kinross is entitled to purchase in the market, by private contract or otherwise, all or any of the Kinross Warrants then outstanding, and any Kinross Warrants so purchased will be cancelled.

The exercise price for the Kinross Warrants is payable in Canadian dollars.

The Warrant Indenture provides for adjustment in the number of Common Shares issuable upon the exercise of the Kinross Warrants, including:

(i) the issuance of Common Shares or securities exchangeable for or convertible into Common Shares to all or substantially all the holders of the Common Shares as a stock dividend or other distribution (other than a "dividend paid in the ordinary course", as defined in the Warrant Indenture, or a distribution of Common Shares upon the exercise of the Kinross Warrants or pursuant to the exercise of directors, officers or employee stock options granted under Kinross' stock option plan);

(ii) the subdivision, redivision or change of the Common Shares into a greater number of shares;

(iii) the reduction, combination or consolidation of the Common Shares into a lesser number of shares;

(iv) the issuance to all or substantially all of the holders of the Common Shares of rights, options or warrants under which such holders are entitled, during a period expiring not more than 45 days after

the record date for such issuance, to subscribe for or purchase Common Shares, or securities exchangeable for or convertible into Common Shares, at a price per share to the holder (or at an exchange or conversion price per share) of less than 95% of the "current market price", as defined in the Warrant Indenture, for the Common Shares on such record date; and

(v) the issuance or distribution to all or substantially all of the holders of the shares of any class other than the Common Shares of evidences of indebtedness or any property or other assets.

The Warrant Indenture also provides for adjustment in the class and/or number of securities issuable upon the exercise of the Kinross Warrants and/or exercise price per security in the event of the following additional events: (1) reclassifications of the Common Shares; (2) consolidations, amalgamations, plans of arrangement or mergers of the Corporation with or into another entity (other than consolidations, amalgamations, plans of arrangement or mergers which do not result in any reclassification of the Common Shares or a change of the Common Shares into other shares); or (3) the transfer (other than to one of Kinross' subsidiaries) of Kinross' undertakings or assets as an entirety or substantially as an entirety to another corporation or other entity.

No adjustment in the exercise price or the number of Common Shares purchasable upon the exercise of the Kinross Warrants will be required to be made unless the cumulative effect of such adjustment or adjustments would change the exercise price by at least 1% or the number of Common Shares purchasable upon exercise by at least one one-hundredth of a Common Share.

Kinross also covenanted in the Warrant Indenture that, during the period in which the Kinross Warrants are exercisable, it will give public notice of certain stated events, including events that would result in an adjustment to the exercise price for the Kinross Warrants or the number of Common Shares issuable upon exercise of the Kinross Warrants, at least 21 days prior to the record date or effective date, as the case may be, of such event.

No fractional Common Shares will be issuable upon the exercise of any Kinross Warrants, and no cash or other consideration will be paid in lieu of fractional shares. Holders of Kinross Warrants will not have any voting or pre-emptive rights or any other rights which a holder of Common Shares would have.

In the Warrant Indenture, the Corporation covenanted that it will, no later than the earlier of (i) the date which is 15 days after the five day

volume weighted average trading price of the Common Shares on the TSX exceeds Cdn.$4.25; and (ii) April 30, 2003, file a shelf prospectus in the Provinces of Ontario and Quebec and a registration statement on Form F-10 under the multijurisdictional disclosure system with the SEC relating to the Common Shares issuable on the exercise of the Kinross Warrants and use its reasonable best efforts to keep the prospectus continuously effective for so long as shall be necessary to permit the exercise of the Kinross Warrants (which period shall terminate no later than the earlier of five years from the closing date of the Private Placement or the date on which all of the Kinross Warrants have been so exercised).

In the event that the Kinross Share Consolidation occurs the Kinross Warrants will be exercisable on the basis of three Kinross Warrants for each consolidated Common Share at an exercise price of Cdn.$15.00 per consolidated Common Share.

KINROSS PREFERRED SHARES

DIVIDENDS. Holders of Kinross Preferred Shares are entitled to receive fixed cumulative preferential cash dividends as and when declared by the Kinross Board of Directors at an annual rate of Cdn.$0.80 per share payable in equal quarterly instalments on the first day of January, April, July and October in each year.

CONVERSION. Holders of Kinross Preferred Shares are entitled at any time to convert all or any part of the Kinross Preferred Shares into Common Shares on the basis of 8.2555 Common Shares for each Kinross Preferred Share so converted, subject to usual anti-dilution adjustments.

REDEMPTION; PUT RIGHT. Kinross may at any time redeem all or any part of the Kinross Preferred Shares at a price of Cdn.$10.00 per share, together with an amount equal to all dividends accrued and unpaid thereon, whether or not declared, to and including the date of redemption (collectively the "Redemption Price"). The holders of Kinross Preferred Shares are entitled to require Kinross to redeem all or any part of their Kinross Preferred Shares at a price equal to the Redemption Price.

OTHER PAYMENTS. So long as any Kinross Preferred Shares are outstanding, Kinross is not permitted, without the approval of the holders of the Kinross Preferred Shares, to declare or pay dividends on or redeem, purchase for cancellation or otherwise retire shares of Kinross ranking junior to the Kinross Preferred Shares unless all dividends on the Kinross Preferred Shares have been paid and, after giving effect to such payment, Kinross would still be in a legal position to redeem all of the Kinross Preferred Shares then outstanding prior to any payment being made to any security ranking junior to the Kinross Preferred Shares.

VOTING RIGHTS. The holders of Kinross Preferred Shares are not entitled (except as required by law) to receive notice of or to attend or vote at any meeting of shareholders of Kinross.

LIQUIDATION PREFERENCE. In the event of the liquidation, dissolution or winding-up of Kinross, holders of Kinross Preferred Shares will have preference over holders of Kinross Common Shares and will be entitled to receive an amount

equal to the Redemption Price.

KINAM PREFERRED SHARES

In 1998, Kinross acquired, through the merger (the "Merger") of a wholly owned subsidiary of Kinross with Amax Gold Inc. ("Amax") all of the issued and outstanding common stock of Amax. Amax is now a subsidiary of Kinross and has been renamed Kinam Gold Inc. ("Kinam"). At the time of the Merger, Amax had outstanding a class of preferred stock designated "$3.75 Series B Convertible Preferred Shares" (the "Kinam Preferred Shares"). Pursuant to the terms of the Merger agreement, each Kinam Preferred Share remained outstanding following the Merger but, as provided in the Certificate of Designation of the Kinam Preferred Shares, became convertible into the right to receive a number of Common Shares determined by multiplying (i) the number of shares of common stock of Amax into which the Kinam Preferred Shares were convertible immediately prior to the effective time of the Merger by (ii) 0.8004. A summary of the terms and provisions of the Kinam Preferred Shares is set forth below. As of the date hereof, 223,628 Kinam Preferred Shares are held by shareholders that are not associated with Kinross.

DIVIDENDS. Annual cumulative dividends of U.S.$3.75 per Kinam Preferred Share are payable quarterly on each February 15, May 15, August 15 and November 15, as and if declared by Kinam's Board of Directors. No dividends were paid on the Kinam Preferred Shares during 2002. Due to reduced cash flow from Kinam operations, dividend payments on these shares were suspended in August 2000 and continue to remain suspended. The cumulative dividends in arrears on the Kinam Preferred Shares owned by non-controlling shareholders of U.S.$5.1 million as at December 31, 2001 have been accrued and included in the carrying value of the Kinam Preferred Shares. If all of the Kinam Preferred Shares owned by non-controlling shareholders were converted, an additional 1,084,379 Common Shares (or 361,460 Common Shares assuming the Kinross Share Consolidation takes place) would be issued.

CONVERSION. The Kinam Preferred Shares are convertible into Common Shares at a conversion price of U.S.$10.3073 per share equivalent to a conversion rate of 4.8512 Common Shares per Kinam Preferred Share (or 1.617 Common Shares assuming the Kinross Share Consolidation takes place), subject to adjustment in certain events.

REDEMPTION. The Kinam Preferred Shares are redeemable at the option of Kinross at any time on or after August 15, 1997, in whole or in part, for cash initially at a redemption price of U.S.$52.625 per share declining ratably annually to U.S.$50.00 per share on or after August 15, 2004, plus accrued and unpaid dividends.

VOTING RIGHTS. The holders of Kinam Preferred Shares are not entitled to receive notice of or to attend or vote at any meeting of shareholders of Kinross.

CONVERTIBLE DEBENTURES

The 5.5% convertible unsecured subordinated debentures (the "Kinross Debentures") of Kinross were issued pursuant to an indenture dated December 5, 1996 made between Kinross and Montreal Trust Corporation of Canada (now Computershare Trust Company of Canada), as trustee. At the holder's option, the Kinross Debentures are convertible into Common Shares at a conversion price of Cdn.$13.35 per share, being a rate of 74.906 Common Shares per Cdn.$1,000 principal amount of Kinross Debentures (or Cdn.$40.05 per share, being a rate of 24.968 Common Shares per Cdn.$1,000 principal amount of Kinross Debentures assuming the Kinross Share Consolidation takes place). The Kinross Debentures are redeemable at any time at par plus accrued and unpaid interest. Kinross

may, at its option, elect to satisfy its obligation to pay the principal amount of the Kinross Debentures upon redemption or at maturity by issuing and delivering to the holders, for each Cdn.$1,000 principal amount of Kinross Debentures, the greater of: (i) that number of Common Shares obtained by dividing such aggregate principal amount by 95% of the weighted average trading price of the Common Shares on the TSX for the 20 consecutive trading days ending on the fifth trading day prior to the date that on which notice of such election is first given; and (ii) that number of Common Shares obtained by dividing such aggregate principal amount by 95% of the weighted average trading price of the Common Shares on the TSX for the 20 consecutive trading days ending on the fifth trading day prior to the redemption date or the maturity date, as the case may be.

USE OF PROCEEDS

The net proceeds from the issue of the Underlying Securities upon exercise of the Kinross Warrants and the Echo Bay Warrants will be used for general corporate purposes. The Corporation will not receive any proceeds from the conversion of the Kinam Preferred Shares.

PLAN OF DISTRIBUTION

ECHO BAY WARRANTS

The Echo Bay Warrants were issued in registered form under, and are governed by, an indenture dated as of May 9, 2002 (the "Echo Bay Warrant Indenture") between Echo Bay and Computershare Trust Company of Canada (the "Warrant Trustee"), as trustee thereunder.

Each Echo Bay Warrant entitles the holder to purchase one Echo Bay common share at an exercise price of U.S.$0.90 per share. Echo Bay Warrants are exercisable at any time prior to 5:00 p.m. (Toronto time) on November 14, 2003, after which the Echo Bay Warrants will expire and become null and void. Under the Echo Bay Warrant Indenture, Echo Bay is entitled to purchase in the market, by private contract or otherwise, all or any of the Echo Bay Warrants then outstanding, and any Echo Bay Warrants so purchased will be cancelled.

The Echo Bay Warrant Indenture also provides, in effect, that upon completion of the Combination, each Echo Bay Warrant will become exercisable for that number of Common Shares as the holder of such Echo Bay Warrant would have been entitled to had it held Echo Bay Common Shares on the date of completion of the Arrangement. Each Echo Bay Warrant will become exercisable for 0.52 of a Common Share or 0.1733 of a Common Share, if the Kinross Share Consolidation is completed.

PART II

INFORMATION NOT REQUIRED TO BE DELIVERED TO OFFEREES OR PURCHASERS

INDEMNIFICATION OF DIRECTORS OR OFFICERS

Section 136 of the Business Corporations Act (Ontario) (the "Act") provides that a corporation may indemnify a director or officer of the corporation, a former director or officer of the corporation or a person who acts or acted at the corporation's request as a director or officer of a body corporate of which the corporation is or was a shareholder or creditor, and his or her heirs and legal representatives (collectively, the "Indemnified Party"), against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the Indemnified Party in respect of any civil, criminal or administrative action or proceeding (collectively, the "Action") to which he or she is made a party by reason of being or having been a director or officer of such corporation or body corporate, if:

(a) he or she acted honestly and in good faith with a view to the best interests of the corporation; and

(b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, he or she had reasonable grounds for believing that his or her conduct was lawful.

Section 136 of the Act also provides that a corporation may, with the approval of the court, indemnify an Indemnified Party in respect of an action by or on behalf of the corporation to procure judgment in its favor (a "Derivative Action"), to which such person has been made a party by reason of being or having been a director or an officer of the corporation against all costs, charges and expenses reasonably incurred by such person in connection with such Derivative Action if he or she fulfills the conditions set forth in clauses (a) and (b) of the paragraph above.

If an Indemnified Party is substantially successful on the merits in his or her defense of an Action or Derivative Action and fulfills the conditions set forth previously, the Indemnified Party is entitled to indemnification from the corporation in respect of all costs, charges and expenses reasonably incurred by him or her in connection with the defense of such Action or Derivative Action to which he or she has been made party by reason of being a director or officer.

The Bylaws of the Corporation provide that an Indemnified Party shall at all times be indemnified by the Corporation in every circumstance where the Act so permits or requires. The Bylaws further provide that, subject to limitations in the Act regarding indemnities in respect of Derivative Actions, every person who at any time is or has been a director or officer of the Corporation or properly incurs or has properly incurred any liability on behalf of the Corporation or who at any time acts or has acted at the Corporation's request (in respect of the Corporation or any other person), and his or her heirs and legal representatives, shall at all times be indemnified by the Corporation against all costs, charges and expenses, including an amount paid to settle an action or satisfy a fine or judgment, reasonably incurred by him or her in respect of or in connection with any civil, criminal or administrative action, proceeding or investigation (apprehended, threatened, pending, under way or contemplated) to which he or she is or may be made a party or in which he or she is or may become otherwise involved by reason of being or having been such a director or officer or by reason of so incurring or having so incurred such liability or by reason of so acting or having so acted (or by reason of anything alleged to have been done, omitted or acquiesced in by him or

her in any such capacity or otherwise in respect of any of the foregoing), and has exhausted all appeals therefrom, if:

(a) he or she acted honestly and in good faith with a view to the best interest of the Corporation; and

(b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, he or she had reasonable grounds for believing his or her conduct was lawful.

The Bylaws further provide that the above described indemnification provisions shall not affect any other right to indemnification to which any person may be or become entitled by contract or otherwise, and no settlement or plea of guilty in any action or proceeding shall alone constitute evidence that person did not meet a condition set out in clause (a) or (b) above or any corresponding condition in the Act. The Bylaws also provide that the persons described above shall not be liable for any damage, loss, cost or liability sustained or incurred by the Corporation, except where so required by the Act, if such person acted honestly and in good faith with a view to the best interest of the Corporation.

The Corporation maintains directors' and officers' liability insurance, covering action against its officers and directors. The insurance covers judgments and defense costs of up to $25,000,000 per lawsuit, with a maximum coverage of $25,000,000 per year.

Insofar as indemnification for liabilities under the Securities Act of 1933, as amended (the "Securities Act") may be permitted to directors, officers or persons controlling the Corporation pursuant to the foregoing provisions, the Corporation has been informed that in the opinion of the SEC such indemnification is against public policy in the United States as expressed in the Securities Act and is therefore unenforceable.
