If you receive multiple proxy cards, this indicates that your shares are held in more than one account, such as two brokerage accounts, or are registered in different names. You should vote each of the proxy cards received to ensure that all of your shares are voted.

Your Vote is Important

Whether or not you plan to attend the Annual Meeting, please take time to vote your shares by signing and returning a proxy card as soon as possible.

We have elected to provide access to our proxy materials both by sending you this full set of proxy materials, including a Notice of 2011 Annual Meeting of Stockholders, proxy card and Annual Report for the year ended December 31, 2010, and by notifying you of the availability of our proxy materials on the Internet. **The Notice of 2011 Annual Meeting of Stockholders, this Proxy Statement, proxy card and Annual Report for the year ended December 31, 2010 are available at <http://www.cstproxy.com/USPH/2011>.** The materials on the website are searchable, readable and printable and the website does not have cookies or other tracking devices which identify visitors. To obtain directions to attend the Annual Meeting and vote in person, please contact Lawrance McAfee, our Assistant Secretary, at 800-530-6285 or via email at investorrelations@usph.com.

Who Can Vote:

All holders of record of our common stock at the close of business on March 31, 2011 are entitled to vote at the Annual Meeting. Holders of our common stock are entitled to one vote per share.

Proxies:

Properly executed but unmarked proxies will be voted FOR the election of our eleven director nominees, FOR the executive compensation, FOR three years as the frequency of non-binding stockholder votes regarding executive compensation, and FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for 2011. If you withhold your vote for any of the director nominees, this will be counted as a vote **AGAINST** that nominee. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy card will vote your shares as directed by a majority of the Board of Directors.

Quorum:

Only shares of our common stock can be voted, with each share entitling its owner to one vote on all matters. The close of business on Thursday, March 31, 2011 (Record Date) was fixed by the Board of Directors as the Record Date for determination of stockholders entitled to vote at the Annual Meeting. The number of shares of our common stock outstanding on the Record Date was 11,796,676. The presence, in person or by proxy, of at least a majority of the shares outstanding on the Record Date is necessary to constitute a quorum at our Annual Meeting. Abstentions will be treated as present for determining a quorum at the Annual Meeting. If a broker holding your shares in street name indicates to us on a proxy card that the broker lacks discretionary authority to vote your shares for all matters at the meeting, we will not consider your shares as present or entitled to vote for any purpose. There is no cumulative voting in the election of directors and, as required by Nevada law, the directors will be elected by a plurality of the votes cast at the Annual Meeting. In addition, the alternative 1 Year, 2 Years or 3 Years receiving the greatest number of votes cast by the stockholders, a plurality, will be the stockholders non-binding choice as to the frequency of future non-binding executive compensation votes.

Cost of Proxy Solicitation:

We will bear the cost of soliciting proxies. Some of our directors, officers and regular employees may solicit proxies, without additional compensation, personally or by telephone. Proxy materials will also be furnished without cost to brokers and other nominees to forward to the beneficial owners of shares held in their names.

**THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS

CORPORATE GOVERNANCE AND BOARD MATTERS

Board Leadership Structure

Our Board is led by an independent Chairman and Vice-Chairman. Mr. Reading, our Chief Executive Officer, Mr. McAfee, our Executive Vice President and Chief Financial Officer, and Mr. Swanson, the managing director of our subsidiary, STAR Physical Therapy, LP, are members of the Board who are not independent. We believe the leadership structure enhances the accountability of the executive management to the Board. Because eight members of our Board are considered independent, we believe the Board is independent from management. Further, separating the Chairman and Chief Executive Officer roles allows Mr. Reading to focus his efforts on running our business and managing the Company in the best interest of our stockholders while we are able to benefit from prior experiences of our independent Board members, especially our Chairman and Vice Chairman.

Board Oversight of Risk

Our management is responsible for the Company's day-to-day risk management activities. Our Board, which functions in an oversight role in risk management, focuses on understanding the nature of the risks inherent in our business, including our operations, strategic directions and overall risk management systems. Our Board receives periodic updates on our business operations, financial results, strategy and specific risks related to our business. These updates are primarily communicated through presentations by management at Board meetings and through discussions with appropriate management compliance and audit personnel at the meetings of the Board's Audit Committee and Compliance Committee.

In addition, our approach to compensation practices and policies applicable to employees throughout our Company is consistent with that followed for our named executive officers and, accordingly, we believe the practices and policies are not reasonably likely to have a material adverse effect on our Company. See Compensation Discussion and Analysis.

Independent Directors

The Board has affirmatively determined the Messrs. Arnold, Brookner, Broussard, Chapman, Johnston, Pullins and Trier, and Dr. Harris have no relationship with the Company or its subsidiaries that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and are independent, as defined in the NASDAQ Marketplace Rules. Specifically, the Board determined that the foregoing eight nominees are independent as defined in Rule 4200 of the NASDAQ Marketplace Rules, and that the directors comprising the Company's Audit Committee are independent as defined in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934 (as amended, the Exchange Act).

Table of Contents

Attendance at Board Meetings and Board Committees

The Board of Directors conducts its business through its meetings and through meetings of certain committees of the Board of Directors. The Board of Directors is comprised of a majority of independent directors as required by the NASDAQ Marketplace Rules.

The Board has the following standing committees: (i) Governance and Nominating, (ii) Corporate Compliance (sub-committee of the Audit Committee), (iii) Compensation, and (iv) Audit Committees. During 2010, the Board of Directors met 7 times, the Governance and Nominating Committee met 3 times, the Corporate Compliance Committee met 4 times, the Compensation Committee met 5 times and the Audit Committee met 7 times. With the exception of Mr. Kosberg and Dr. Harris, each of our directors participated in at least 75% of the aggregate meetings of the Board of Directors. All members of the various committees participated in at least 75% of the meetings for the committees on which they served.

These committees are constituted as follows:

Governance and Nominating Committee

The Governance and Nominating Committee currently consists of Messrs. Pullins (Chairman), Arnold, Broussard and Trier, all of whom have been determined to be independent, as defined in the NASDAQ Marketplace Rules. The function of the committee is to select, screen and recommend to the full Board nominees for election as directors, including any nominees proposed by stockholders who have complied with the procedures described below. The committee also has ongoing responsibility for oversight review of Board performance and ensuring each Board member's continuing commitment to the Board and the Company's goals and objectives. Additional functions include regularly assessing the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the committee will consider various potential candidates for director. Candidates may come to the attention of the committee through current Board members, stockholders, or other persons. The committee may also hire third parties to identify, to evaluate, or to assist in identifying or evaluating potential nominees should it be determined necessary. The committee is required to meet at least annually and operates under a written charter, a copy of which is available on our website at www.usph.com.

Nomination Criteria. In its consideration of Board candidates, the Governance and Nominating Committee considers the following criteria: the candidate's general understanding of the health care sector, marketing, finance and other disciplines relevant to the success of a publicly-traded company; strategic business contacts and regard or reputation in the community, industry and civic affairs; financial, regulatory and business experience; integrity, honesty and reputation; size of the Board of Directors; and regulatory obligations. In the case of incumbent directors whose terms of office are set to expire, the committee reviews each such director's overall service to the Company during said director's terms, including the number of meetings attended, level of participation, quality of performance, and whether the director continues to meet the independence standards set forth in the applicable SEC rules and regulations and the NASDAQ Marketplace Rules. In the case of new director candidates, the questions of independence and financial expertise are important to determine which roles can be performed by the candidate, and the committee preliminarily determines whether the candidate meets the independence standards set forth in the SEC rules and regulations and the NASDAQ Marketplace Rules, and the level of the candidate's financial expertise. Candidates are first screened by the committee, and if approved by the committee, then they are screened by other members of the Board. The full Board approves the final nomination(s) based on recommendations from the committee. The Chairman of the Board, acting on behalf of the full Board, will extend the formal invitation to become a nominee of the Board of Directors. Qualified candidates for membership on the Board will be considered without regard to race, color, religion, sex, ancestry, national origin or disability.

Stockholder Nomination Procedures. The Governance and Nominating Committee will consider director candidates recommended by the stockholders. Generally, for a stockholder of the Company to make a nomination, he or she must give written notice to our Corporate Secretary so that such notice is received at least 120 calendar days prior to the first anniversary of the date the Company's proxy statement is sent to the stockholders in connection with the previous year's annual meeting of stockholders. If no annual meeting of stockholders was held in the previous year (or if the date of the annual meeting of stockholders was changed by more than 30 calendar days

Table of Contents

from the date of the previous year's annual meeting), the notice must be received by the Company within a reasonable period prior to the time the Company begins to print and send its proxy materials for the applicable annual meeting. The stockholder's notice must set forth as to each nominee: (i) the name, age, business address and residence address of such nominee, (ii) the principal occupation or employment of such nominee, (iii) the number of shares of our common stock which are beneficially owned by such nominee, and (iv) any other information relating to such nominee that may be required under federal securities laws to be disclosed in solicitations of proxies for the election of directors (including the written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serve as a director if elected). The stockholder's notice must also set forth as to the stockholder giving notice: (i) the name and address of such stockholder and (ii) the number of shares of our common stock which are beneficially owned by such stockholder.

If the information supplied by the stockholder is deficient in any material aspect or if the foregoing procedure is not followed, the chairman of the applicable annual meeting may determine that such stockholder's nomination should not be brought before the meeting and that such nominee is not eligible for election as a director of the Company. The committee will not alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder.

Corporate Compliance Committee

The Corporate Compliance Committee is a sub-committee of the Audit Committee, and consists of four independent directors. The current members of the committee are Messrs. Johnston (Chairman) and Brookner, Chapman, and Dr. Harris, all of whom have been determined to be independent, as defined in the NASDAQ Marketplace Rules. Mr. Chapman was added to this committee on August 30, 2010. The committee has general oversight of our Company's compliance with the legal and regulatory requirements regarding healthcare operations. The Chairman of the committee is provided with information regarding calls received on the Company's compliance hotline and reports findings to the committee. The committee relies on the expertise and knowledge of management, especially our Compliance Officer (CO), who regularly communicates with the Chairman of the Committee, and other compliance, management, operations and/or legal personnel. The committee meets at least two times a year and as necessary to carry out its responsibilities and reports periodically to the Board of Directors regarding its actions and recommendations. The committee reviews and assesses the activities and findings of clinic internal audits, reviews reports of material noncompliance and reviews and approves corrective actions proposed by management.

Compensation Committee

The current members of the Compensation Committee are Messrs. Arnold (Chairman), Broussard, Pullins and Trier all of whom have been determined to be independent, as defined in the NASDAQ Marketplace Rules and SEC regulations. As more fully described in the Compensation Committee Charter, which can be found on our website at www.usph.com, the committee is responsible for, among other things:

establishing goals and objectives relevant to incentive compensation awards (annual and long-term) for the Chief Executive Officer and other senior executive officers of the Company;

evaluating the Chief Executive Officer's and other senior executive officers' performance and the overall corporate performance in light of these goals and objectives and approve any incentive compensation for such executives;

determining any periodic adjustments to be made in the Chief Executive Officer's and other senior executive officers' base salary level based on the committee's evaluation thereof;

for officers of the Company other than the senior executives, reviewing the proposed salary levels and annual adjustments thereto and the incentive compensation plans formulated by senior management and the annual bonus payments to be made thereunder, and providing input and advice to senior management with respect to these compensation decisions;

approving all executive perquisites and any special benefit plans to be made available to senior executive officers;

Table of Contents

advising on compensation of non-employee members of the Board;

administering the Company's equity compensation plans and approving grants to executive officers, employees, directors, and consultants under such plans;

reviewing the Compensation Discussion and Analysis to be included in the Company's annual proxy statement as required by the rules of the SEC and recommending to the Board of Directors whether such Compensation Discussion and Analysis should be included in the annual proxy statement; and

annually reviewing the committee's performance of its responsibilities and duties and reviewing and reassessing the adequacy of the Compensation Committee Charter and recommending to the Board of Directors any necessary revisions/improvements to the Charter that the committee considers appropriate.

The committee may delegate its responsibilities to subcommittees of one or more directors. The committee meets at least two times a year to carry out its responsibilities. The Named Executive Officers are not permitted to be present during any deliberations or voting with respect to his or her compensation. The committee's processes and procedures for determining executive compensation are described below under "Compensation Discussion and Analysis."

Audit Committee

The Audit Committee currently consists of Messrs. Trier (Chairman), Brookner, Harris, Johnston and Pullins. Our Board of Directors has determined that Messrs. Brookner, Trier and Pullins are audit committee financial experts under the rules of the SEC. As more fully described in the Audit Committee Charter, which can be found on our website, www.usph.com, the committee is responsible for, among other things:

overseeing our financial reporting processes, including the quarterly reviews and annual audits of our financial statements by the independent auditors;

the appointment, compensation, retention and oversight of the work of the independent auditors;

pre-approving audit and permitted non-audit services, and related fees and terms of engagement, provided by the independent auditors; and

reviewing with management and independent auditors issues relating to disclosure controls and procedures and internal control over financial reporting.

The Audit Committee Charter requires that the committee consist of at least three independent members of our Board and that the committee meet at least four times per year on a quarterly basis. Each member of the Audit Committee has been determined to be independent, as defined in the NASDAQ Marketplace Rules and the rules of the SEC.

Codes of Conduct and Procedures Regarding Related Party Transactions

Codes of Conduct

Our Board has approved and we have adopted a Code of Business Conduct and Ethics for our officers and all employees, and an additional Code of Business Conduct and Ethics which is applicable to our directors. The Codes are available on our website at www.usph.com. Our Board, or a committee of its independent members, is responsible for reviewing and approving or rejecting any requested waivers to the Codes, as such waivers may apply to our

directors and officers. COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee, composed entirely of independent directors, administers the Company's executive compensation program. The role of the committee includes establishing and overseeing compensation and benefit programs for our executive officers including the Chief Executive Officer (CEO) and the other executive officers listed in the Summary Compensation table (the Named Executives). The committee also evaluates the performance of the CEO and reviews the performance of our other executive officers every year. Based upon these performance evaluations, the committee establishes compensation for the CEO and other executive officers, and executive management consults with the committee with respect to compensation levels and plans for key employees. Elements of our executive compensation program include: base salary; annual cash incentive compensation; long-term equity incentive awards; post-employment benefits; and benefits and perquisites.

In establishing and overseeing the program, the committee's goal is to ensure that we can attract and retain superior management talent critical to our long-term success. To ensure that executive compensation is aligned with the performance of the Company and the interests of its stockholders, a significant portion of compensation available to executives is linked directly with financial results and other factors that influence stockholder value.

Compensation Support

Our management, our Human Resources department and our outside consultants, from time to time, support the committee in discharging its duties. In performing duties relating to the development and administration of our executive compensation program, our Human Resources department and the committee periodically review matters that relate to the competitive position, value and design of our short-term and long-term incentive compensation plans, performance goals and rewards available at various levels of performance.

Under its charter, the committee also may retain, at the Company's expense, compensation consultants to provide independent advice and counsel directly to the committee. In 2010, the Compensation Committee did not use any compensation consulting services.

Peer Group and Compensation Targets

Previously, with the assistance of an external consulting firm, the committee selected a compensation peer group consisting of a number of publicly traded companies (the Peer Group). The committee reviewed the Peer Group compensation data to ensure competitiveness of the executive compensation program.

Limitation on Certain Trades of Company Securities

In addition to the various trading restrictions required of Company directors and certain employees under the Exchange Act or SEC rules, the U.S. Physical Therapy, Inc. Insider Trading Policy restricts certain transactions involving company securities. Among other things, directors, officers, employees and other insiders of the Company are prohibited from entering into hedging or monetization transactions regarding Company securities (*e.g.*, the purchase of put options, short positions, zero-cost collars or forward sale contracts).

Compensation Philosophy and Objectives

Our compensation policies are designed to enable us to attract, motivate and retain experienced and qualified executives. We seek to provide competitive compensation. Historically, our policy has been to provide a significant component of an executive officers' compensation through the grant of stock options or restricted shares that vest over a number of years. We believe that grants of equity-based incentives to executives and key employees help to align the interests of these persons with the interests of our stockholders.

The committee's policy is to compensate and reward executive officers and other key employees based on the combination of some or all of the following factors, depending on the person's responsibilities: corporate performance, business unit performance and individual performance. The committee evaluates corporate

Table of Contents

performance and business unit performance by reviewing the extent to which the Company has accomplished strategic business objectives, such as improved profitability, cash flow and management of working capital. The committee evaluates individual performance by comparing actual accomplishments to the objectives established for the individual under the Company's management development program. The committee determines increases in base salary and annual cash incentive awards based on actual accomplishments during the performance period and determines long-term incentive awards based on LTIP (as defined below) criteria.

The committee believes that compensation to executive officers should be aligned closely with the Company's performance on both a short-term and long-term basis. As a result, a significant portion of compensation to each executive officer is at risk and tied directly to the attainment of financial performance goals. The executive compensation program is also designed to incentivize continuous improvements in financial performance by providing enhanced compensation as results improve. While a significant portion of compensation to the Company's executive officers is performance-based, the committee also believes it prudent to provide competitive base salaries and benefits in order to attract and retain the management talent necessary to achieve our long-term strategic objectives. The committee also takes into account the compensation practices of comparable companies to ensure that the Company is able to attract, retain and reward executive officers whose contributions are critical to our long-term success.

Base Salaries

Other than the base salary of our Chief Executive Officer, Chief Financial Officer and Chief Operating Officer which were initially set by an employment agreement (see Employment and Consulting Agreements below), base salaries of executives are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the individual and the competitive marketplace for executive talent. Base salaries for executive officers are reviewed annually by the committee based on, among other things, individual performance and responsibilities, inflation and competitive market conditions.

Annual Cash Incentive Compensation

Based on individual and Company performance, incentive compensation opportunities are available to a wide range of our employees. We believe that incentive compensation is effective in reinforcing both the overall values of our Company and our specific operating goals.

Incentive compensation programs are designed to focus employees' attention on our key performance goals, to identify the expected levels of performance and to reward individuals who meet or exceed our expectations. The aggregate amounts available for incentive awards are determined by our overall financial performance. The actual awards paid to individual recipients, other than to executive officers, are formulated by management, generally payable on an annual basis and reviewed by the committee prior to payment. The committee formulates and determines incentive awards for Named Executives. See Summary Compensation Table below.

For the 2010, the Company's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer (the Participants) were eligible to receive cash bonus awards under the Company's Objective Cash Bonus Plan and Discretionary Cash Bonus Plan that in the aggregate equaled 100% of their respective base salaries. For a detailed description of these plans, see the Company's Form 8-K filed with the SEC on March 29, 2010. Under the Objective Cash Bonus Plan, the Participants were eligible to earn a cash bonus award equal to 20% to 50% of their respective base salaries dependent upon the Company achieving diluted earnings per share in the range of \$1.14 to \$1.24. Based on actual reported diluted earnings per share of \$1.32 for 2010, which represented an improvement over 2009 of 32.0%, the Participants received the maximum cash bonus award equal to 50% of their respective base salaries. Under the Discretionary Cash Bonus Plan, the remaining 50% of the Participants' cash bonus award was based upon a subjective determination of the committee. The committee utilizes certain performance criteria as detailed in the plan

but generally does not consider it practicable to, nor does it generally attempt to, quantify, rank or otherwise assign relative weights to the specific performance criteria it considers in reaching its decision. In considering these performance criteria, the individual members of the committee may have given different weights to different performance criteria. The performance criteria are not intended to be rigid or formulaic but rather serve as a framework under which the committee reviews the total compensation and performance of the Participants to

determine what incentive amount is appropriate for any specific year. The total cash bonus paid in March 2011, inclusive of Objective Cash Bonus Plan and Discretionary Cash Bonus Plan, for the 2010 year to Messrs. Reading, McAfee and McDowell was \$393,000, \$370,000, and \$255,000, respectively.

Long-term Equity Incentive Awards

For the 2010 fiscal year, the Participants were eligible to receive awards consisting of shares of restricted common stock under the Company's Objective Long-Term Incentive Plan and Discretionary Long-Term Incentive Plan. For a detailed description of these plans, see the Company's Form 8-K filed with the SEC on March 29, 2010. Under the Objective Long-Term Incentive Plan, the Company's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer were eligible to earn up to 15,000, 10,000 and 10,000 shares of restricted common stock, respectively, dependent upon the Company achieving diluted earnings per share in the range of \$1.14 to \$1.24. Based on actual reported diluted earnings per share of \$1.32 for 2010, which represented an improvement over 2009 of 32.0%, each of the Participants received the maximum number of shares of restricted common stock available for award. Under the Discretionary Long-Term Incentive Plan, the Company's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer were eligible to earn up to 15,000, 10,000 and 10,000 shares of restricted common stock, respectively, based upon a subjective determination of the committee. The committee utilizes certain performance criteria as detailed in the plan but generally does not consider it practicable to, nor does it generally attempt to, quantify, rank or otherwise assign relative weights to the specific performance criteria it considers in reaching its decision. In considering these performance criteria, the individual members of the committee may have given different weights to different performance criteria. The performance criteria are not intended to be rigid or formulaic but rather serve as a framework under which the committee reviews the total compensation and performance of the Participants to determine what incentive amount is appropriate for any specific year. For 2010, each the Participants received the maximum number of shares of restricted common stock available for award. On February 28, 2011, for the 2010 year, Messrs. Reading, McAfee and McDowell were granted an aggregate of 30,000, 20,000 and 20,000 shares of restricted common stock, respectively. The restricted shares vest evenly over 16 quarters with the first vesting occurring on March 31, 2011.

The Objective Cash Bonus Plan, Discretionary Cash Bonus Plan, Objective Long-Term Incentive Plan Discretionary, and Long-Term Incentive Plan are hereinafter referred to as 2010 Executive Incentive Plan.

Our Amended and Restated 2003 Stock Incentive Plan and Amended and Restated 1999 Employee Stock Option Plan (1999 Plan) are intended to align employee and outside director interests with stockholders' interests, to provide incentives to our key employees by encouraging their ownership of our common stock and to aid us in attracting and retaining key employees, upon whose efforts our success and future growth depends.

Equity grants are made at the discretion of the committee, which administers the Company's equity compensation plans. Previously, the committee made such grants in the form of stock options, but has favored using restricted stock grants over the past three years, which is a growing trend among publicly-traded companies in the United States. The objective of such long-term equity-based awards, which generally vest over three to five years, is primarily to incentivize management and key employees for future performance rather than to reward specific past performance. Individual grant sizes, which tend to be less for restricted shares than would otherwise be granted for stock options, are primarily determined based on the employee's duties and level of responsibility and his or her ability to exert significant influence and make meaningful contributions to the overall future success of the Company and, to a lesser degree, organizational and individual performance. At the discretion of the committee, and based on the recommendation of management, equity grants may also be used as an incentive for candidates recruited to fill key positions and for existing employees who receive significant promotions with increased responsibilities.

Post-Employment Benefits

We have entered into employment and termination agreements with our Named Executives which provide for the payment of severance and other post-termination benefits depending on the nature of the termination, including, severance payments in the event of a termination following a change in control. The committee believes that the terms and conditions of these agreements are reasonable and assist us in retaining the executive talent needed to

Table of Contents

achieve our objectives. In particular, the termination agreements, in the event of a change in control, help executives focus their attention on the performance of their duties in the best interests of the stockholders without being concerned about the consequences to them of a change in control and help promote continuity of senior management. Information regarding the specific payments that are applicable to each termination event, as well as the effect on unvested equity awards, is provided under the heading Executive Compensation Post Termination/Change-in-Control Benefits below.

Benefits and Perquisites

Defined Contribution Plan. The Company maintains a qualified retirement plan pursuant to Internal Revenue Code Section 401(k) (the 401(k) Plan) covering substantially all employees subject to certain minimum service requirements. The 401(k) Plan allows employees to make voluntary contributions and provides for discretionary matching contributions by the Company. The assets of the 401(k) Plan are held in trust for grantees and are distributed upon the retirement, disability, death or other termination of employment of the grantee. The Board, in its discretion, determines the amount of any Company contributions. We did not make any contributions to the 401(k) Plan during 2010.

Life Insurance. The Company maintains, at its expense, for the benefit of each of its full-time employees, life insurance policies in the amount of one times the employee's annual salary, up to \$200,000.

Health and Welfare Benefits. All executive officers, including the Named Executives, are eligible for welfare benefits from the Company including: medical, dental, vision, life insurance, short-term disability and long-term disability. Named Executives participate in these plans on the same basis and subject to the same costs, terms and conditions as other salaried employees at their assigned work location.

Employment and Consulting Agreements

The Company has entered into employment agreements with each of Messrs. Reading and McAfee. These agreements, which presently expire on December 31, 2012, provide for automatic one-year renewals if not terminated on at least 12 months notice. Both Messrs. Reading and McAfee are entitled to a special benefit payment equal to \$500,000 (payable in equal amounts over the remaining term of the agreement) as defined by their respective employment agreements in the event of a change in control and Mr. Reading does not continue as the President and Chief Executive Officer of the Company after the change in control, or Mr. McAfee does not continue as the Executive Vice President and Chief Financial Officer of the Company after the change in control. In addition, if either executive is terminated without cause or resigns for good reason (as defined under their respective agreement), he is entitled to his base salary through the remaining term of the contract, an amount equal to his last year's bonus or the average over the last three years, whichever is greater, and accrued but unpaid vacation. The employment agreements also provide for certain non-competition and non-solicitation covenants that extend up to two years after termination of employment. Effective January 3, 2011, the annual base salaries under the agreements were increased to \$430,000 for Mr. Reading and \$385,000 for Mr. McAfee.

The Company has also entered into an employment agreement with Glenn D. McDowell. This agreement, which presently expires on December 31, 2012, provides for automatic one-year renewals if not terminated on at least 12 months notice. If a change in control occurs and Mr. McDowell does not continue as our Chief Operating Officer after the change of control, Mr. McDowell will be entitled to a change of control benefit payment of \$283,333 (payable in equal amounts over the remaining term of the agreement). If the employment of Mr. McDowell is terminated by the Company without cause or by Mr. McDowell for good reason, he would be entitled to receive the compensation then in effect for the remainder of the term of the agreement and the greater of: (i) the bonus paid or payable to Mr. McDowell with respect to the last fiscal year completed prior to the termination, or (ii) the average of

the bonuses paid to Mr. McDowell over the last three fiscal years of employment ending with the last fiscal year prior to termination. Effective January 3, 2011, Mr. McDowell's annual base salary was increased to \$290,000 per year.

Messrs. Reading, McAfee and McDowell's employment agreements may each be terminated by the Company prior to the expiration of their term in the event their respective employment is terminated for cause. See Post

Table of Contents

Termination/Change-in-Control Benefits below for a detailed discussion of the change in control provisions contained in these agreements.

We do not have any executive retention and severance arrangements or change in control agreements with our Named Executives other than those described above.

In determining the appropriate compensation for Messrs. Reading, McAfee and McDowell, the Compensation Committee evaluates our overall corporate performance under their leadership, as well as each individual contribution to key strategic, financial and development objectives. The committee utilizes a combination of quantitative measures and qualitative factors in reviewing the performance and compensation. Previously, the committee used the services of a third party consulting firm to review the compensation packages of the Named Executives and to compare their present level of compensation to comparably-sized publicly traded companies and to other comparably-sized healthcare companies.

Compensation Deductibility Policy

Under Section 162(m) of the Code and applicable Treasury regulations, no deduction is allowed for annual compensation in excess of \$1 million paid by a publicly traded corporation to its chief executive officer and the four other most highly compensated officers. Under those provisions, however, there is no limitation on the deductibility of qualified performance-based compensation.

In general, our policy is to maximize the extent of tax deductibility of executive compensation under the provisions of Section 162(m) so long as doing so is compatible with the most appropriate methods and approaches for the design and delivery of compensation to our executive officers.

Certain Relationships and Related Transactions

The charter of the Audit Committee requires that the Audit Committee review and approve all insider and affiliated party transactions. The Audit Committee did not consider any insider or affiliated party transaction in 2010.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) Exchange Act requires our directors and executive officers, and persons who own more than 10% of our equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies

of all Section 16(a) reports they file.

To our knowledge, based solely on a review of the copies of those forms furnished to the Company and written representations from the executive officers and directors, we believe that during 2010 all Section 16(a) filing requirements applicable to our directors and officers were complied with on a timely basis.

ITEM 2. *NON-BINDING APPROVAL OF EXECUTIVE COMPENSATION*

Section 14A of the Exchange Act requires that we include in this Proxy Statement a non-binding stockholder vote on our executive compensation as described in this Proxy Statement (commonly referred to as Say-on-Pay) and a non-binding stockholder vote to advise on whether such Say-on-Pay vote should occur every one, two or three years.

We encourage stockholders to review the Compensation Discussion and Analysis on pages 13 to 23 to this Proxy Statement.

Table of Contents

The Board strongly endorses the Company's executive compensation program and recommends that the stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve the compensation of the Company's named executive officers as described in this Proxy Statement under "Executive Compensation", including the Compensation Discussion and Analysis and the tabular and narrative disclosure contained in this Proxy Statement.

Because your vote is non-binding, it will not be binding upon the Board or the Compensation Committee and neither the Board nor the Compensation Committee will be required to take any action as a result of the outcome of the vote on this proposal. The Compensation Committee will carefully consider the outcome of the vote when considering future executive compensation arrangements.

Properly executed but unmarked proxies will be voted FOR approval of the Company's executive compensation. Under current regulations, a broker is prohibited from voting for this proposal without receiving instructions from you. **The Board of Directors believes that approving the Company's executive compensation is in the best interest of the Company. The approval of the Company's executive compensation will require the affirmative vote of holders of a majority of votes cast on this matter in person or by proxy. Accordingly, abstentions applicable to shares present at the meeting will not be included in the tabulation of votes cast on this matter.**

**THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS
VOTE FOR THE APPROVAL OF THE COMPANY'S EXECUTIVE
COMPENSATION.**

**ITEM 3 *NON-BINDING VOTE ON FREQUENCY OF NON-BINDING EXECUTIVE COMPENSATION
VOTES***

As mentioned above, Section 14A of the Exchange Act requires that we include in this Proxy Statement a separate non-binding stockholder vote to advise on whether the type of Say-on-Pay vote performed in Item 2 above should take place for stockholders of the Company every one, two or three years. You have the option to vote for any one of these three options, or to abstain on the matter.

The Board has determined that an advisory vote on executive compensation every three years is the best approach for the Company based on a number of considerations, including the following:

our compensation program is designed to induce performance over a short and longer term multi-year period;

a three-year vote cycle gives the Board sufficient time to thoughtfully consider the results of a Say on Pay vote and to implement any desired changes to our executive compensation policies and procedures; and

a three-year cycle will provide investors sufficient time to evaluate the effectiveness of our short-term and long-term compensation strategies and the related business outcomes of the Company.

Although the vote is non-binding, our Board will take into account the outcome of the vote when making future decisions about the Company's executive compensation policies and procedures. The Company's stockholders also have the opportunity to provide additional feedback on important matters involving executive compensation even in years when Say-on-Pay votes do not occur. For example, as discussed under "Communications with the Board of Directors and Attendance at Annual Meeting", the Company provides stockholders an informal opportunity to communicate directly with the Board, including on issues of executive compensation.

Properly executed but unmarked proxies will be voted FOR the option three years as the frequency of non-binding stockholder votes regarding executive compensation. Under current regulations, a broker is prohibited from voting for this proposal without receiving instructions from you. **The Board of Directors believes that the option three years is in the best interest of the Company. The option one year, two years or three years will be determined by a plurality of the votes cast at the Annual Meeting. Abstentions and broker non-votes will not be treated as a vote for or against any option and will not affect the outcome of the proposal.**

Our Audit Committee has appointed and recommends the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm to conduct the audit of our financial statements for the year ending December 31, 2011 and to render other services as required and approved by the committee. Grant Thornton LLP has acted as our independent registered public accounting firm since August 27, 2004. Representatives of Grant Thornton LLP are expected to attend our Annual Meeting, are expected to be available to respond to questions by stockholders and will have an opportunity to make a statement if they desire to do so, although it is not expected that a statement will be made.

If the stockholders fail to ratify the appointment of Grant Thornton LLP, the Audit Committee will consider whether or not to retain that firm since stockholder ratification of the appointment is not required and the committee has the responsibility for appointment of our independent registered public accounting firm. Even if the stockholders ratify the appointment, the committee, in its discretion, may direct the appointment of a different independent firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Properly executed but unmarked proxies will be voted FOR approval of the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2011. The Board of Directors believes that ratifying the appointment of Grant Thornton LLP is in the best interest of the Company. The approval of the ratification of Grant Thornton LLP will require the affirmative vote of holders of a majority of votes cast on this matter in person or by proxy. Accordingly, abstentions applicable to shares present at the meeting will not be included in the tabulation of votes cast on this matter.

Report of the Audit Committee

The following Audit Committee Report is provided in accordance with the rules and regulations of the SEC. Pursuant to such rules and regulations, this report does not constitute soliciting materials and should not be deemed filed with or incorporated by reference into any other Company filings with the SEC under the Securities Act of 1933 or the Exchange Act or subject to the liabilities of Section 18 of the Exchange Act, except to the extent the Company specifically incorporates such information by reference.

The Board of Directors has appointed an Audit Committee consisting of Messrs. Trier (Chairman), Brookner, Johnston, Pullins and Dr. Harris, all of whom are financially literate and independent (as that term is defined by the NASDAQ Marketplace Rules and SEC Rule 10A-3(b)). The Board of Directors has determined Messrs. Brookner, Trier and Pullins to be the audit committee financial experts under the rules of the SEC.

Under the Sarbanes-Oxley Act, the Audit Committee is directly responsible for the selection, appointment, retention, compensation and oversight of the Company's independent auditors, including the pre-approval of both audit and non-audit services (including fees and other terms), and the resolution of disagreements between management and the auditors regarding financial reporting, accounting, internal controls, auditing or other matters.

In carrying out its responsibilities, the Audit Committee: (i) makes such inquiries and reviews as are necessary to monitor the Company's financial reporting, its external audits and its processes for compliance with laws and regulations, (ii) monitors the adequacy and effectiveness of the accounting and financial controls of the Company and elicits recommendations for the improvement of internal control processes and systems, (iii) reviews the planning, scope and results of the annual audit of the Company's financial statements conducted by the Company's independent auditors, (iv) reviews the scope and approves in advance any other services to be provided by the Company's independent auditors, and (v) provides to the Board of Directors the results of its reviews and any recommendations derived therefrom, including such additional information and materials as it may deem necessary to make the Board aware of significant financial matters that may require Board attention.

The Audit Committee has a sub-committee which provides general oversight of our Company's compliance with legal and regulatory requirements regarding healthcare operations (Compliance Committee). The Compliance Committee also monitors the Company's telephone hotline by which it can directly receive, on an anonymous and confidential basis, complaints regarding any subject, including accounting, internal accounting controls, questionable accounting, auditing or other matters that the Company's employees, and non-employees, may have. Members of the Compliance Committee are Messrs. Johnston (Chairman) Brookner and Chapman, and Dr. Harris.

The Audit Committee is authorized to engage independent counsel and other advisors it determines necessary to carry out its duties. The committee did not deem it necessary to engage independent counsel for any matters during 2010.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls, and for the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent auditors are responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financials statements with

accounting principles generally accepted in the United States of America. The Audit Committee monitors and reviews these processes, and reviews the Company's periodic reports and quarterly earning releases before they are filed with the SEC, but is not responsible for the preparation of the Company's financial statements and reports.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements included in the Company's Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The committee also met with the Company's Chief Executive Officer and Chief Financial Officer to discuss their review of the Company's disclosure controls and procedures and internal control over financial reporting in connection with the filing of the Annual Report on Form 10-K and other periodic reports with the SEC. However, members of the Audit Committee are not employees of the Company and have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements.

Prior to commencement of audit work, the Audit Committee reviewed and discussed with representatives of Grant Thornton LLP, the Company's independent auditors for fiscal 2010, the overall scope and plans for their audit of the Company's financial statements for fiscal 2010. The committee also reviewed and discussed with Grant Thornton LLP, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality, not just the acceptability, of the Company's financial statements, any changes in accounting policies, sensitive accounting estimates, accounting principles and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States of America, including the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee met with Grant Thornton LLP, with and without Company management present, to discuss whether any significant matters regarding internal control over financial reporting had come to the auditors' attention during the conduct of the audit, and the overall quality of the Company's financial reporting.

The Audit Committee has received the written disclosures and the letter from Grant Thornton LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence and the Audit Committee has discussed with Grant Thornton LLP their independence. The Audit Committee considered, among other things, whether the services Grant Thornton LLP provided to the Company were compatible with maintaining Grant Thornton LLP's independence. The Audit Committee also considered the amount of fees Grant Thornton LLP received for audit and non-audit services.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the SEC.

The Audit Committee is governed by a written charter, adopted by the Board of Directors of the Company, which is included on our website at www.usph.com.

Respectfully submitted,

The Audit Committee
Clayton K. Trier, Chairman
Mark J. Brookner
Dr. Bernard A. Harris
