F.N.B. Corporation Salary Savings Plan
Naples, Florida

We have audited the accompanying statements of net assets available for benefits of F.N.B. Corporation Salary Savings Plan as of December 31, 2001 and 2000 and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in its net assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2001 and reportable transactions for the year then ended, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

F.N.B. Corporation Salary Savings Plan

Notes to Financial Statements

December 31, 2001

1. DESCRIPTION OF THE PLAN

The following description of the F.N.B. Corporation Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution 401(k) plan, substantially covering all salaried employees of the following subsidiaries of F.N.B. Corporation (the "Corporation"): First National Bank of Florida; The Customer Service Center of F.N.B., LLC FL Division; and F.N.B. Affiliate Services. During the first quarter of 2001, the Corporation completed a consolidation charter plan which reduced the number of bank charters from eight to three. Under the plan, the Corporation's five Florida banks were merged under the First National Bank of Florida. Employees who have completed 90 days of service and are age twenty-one or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Under the Plan, participants may make voluntary pretax contributions to their accounts of up to 15% of annual base compensation. The Corporation, at its discretion, matches 50% of the first 6% of the participants' annual base compensation. The Corporation, at its discretion, may also make a fixed nonelective contribution equal to 5% of the compensation of all eligible participants and may from time to time contribute to the Plan such additional amounts, as detailed in the Plan agreement.

Participants' savings contributions and employer matching contributions are designated under a qualified deferred arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants may direct employee contributions into any of the several investment options maintained by Principal Financial Group, Inc. ("Principal"). Principal is the custodian of all the Plan's assets.

1. DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

The employer's discretionary contributions are used to purchase the Corporation's common stock. Participants who have attained age 59 1/2 are permitted to direct the trustee to invest the Corporation's discretionary portion of their account into any other investment that may be permitted under

Edgar Filing: FNB CORP/FL/ - Form 11-K

the Plan.

PARTICIPANT ACCOUNTS

The participants' accounts are credited with their voluntary contribution, the employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

PARTICIPANT LOANS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

VESTING

Participants are immediately vested in their voluntary contribution plus actual earnings thereon. Participants are 100% vested in the employer's contribution and actual earnings thereon after five years of service (see vesting schedule below):

1. DESCRIPTION OF THE PLAN (CONTINUED)

FORFEITURES

Upon termination of a participant, the employer's contributions to which the participant is not vested is segregated into a separate account and is used to reduce the Plan's administrative expenses. Any remaining balance is distributed among the participant's accounts. For the year ended December 31, 2001, forfeitures totaled \$74,600 and were used to reduce plan expenses.

PAYMENT OF BENEFITS

Upon termination of service, a participant with a vested account balance of less than \$5,000 will receive a lump-sum equal to the vested value of the participant's account. A participant who terminates service with a vested

Edgar Filing: FNB CORP/FL/ - Form 11-K

account balance of greater than \$5,000 has two options: the participant may leave the account under the Plan or the participant may request a lump-sum distribution of the vested account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan also permits distributions in the event of the participant's permanent disability, death, or attainment of normal retirement age as defined by the Plan.

ADMINISTRATIVE EXPENSES

All administrative expenses of the Plan, except for investment fees, are paid by the Corporation. Such expenses have historically been comprised of fees of audit, custody and recordkeeping services and have been immaterial in relation to the Corporation and the Plan.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

INVESTMENT VALUATION

The Principal pooled separate accounts investments are valued using accumulation units and are stated at fair value. The dividends, interest, and realized and unrealized gains for the underlying funds are factored into the value of the separate account funds. The dollar value per unit of participation is determined by dividing the total value of the separate account by the total number of units of participation held in the separate account. Investments in shares of registered investment companies and common/collective trusts are stated at their net asset value, based on the quoted market prices of the securities held in such funds. The Corporation's common stock is traded on the Nasdaq Stock Market under the trading symbol "FBAN" and is valued using the closing price on the last day of the Plan year. The participant loans are valued at their outstanding balances, which approximate fair value.

DEMUTUALIZATION

On March 31, 2001, the Board of Directors of Principal Mutual Holding Company adopted a plan for converting Principal Mutual Holding Company from a mutual insurance holding company to a stock company. The plan was approved by policy and contract holders on July 24, 2001 and by the Iowa Insurance Commissioner on August 28, 2001. The demutualization became effective upon the closing of the initial public offering of Principal Financial Group, Inc. on October 26, 2001.

Edgar Filing: FNB CORP/FL/ - Form 11-K

In demutualization, membership interests of eligible policy and contract holders are exchanged for compensation, which may be in the form of stock, cash or policy/contract enhancements. The compensation was distributed over a five-day period beginning on December 10, 2001.
