BAXTER HEALTHCARE CORPORATION OF PUERTO RICO
SAVINGS AND INVESTMENT PLAN
Notes to Financial Statements
December 31, 2001 and 2000

1. General Description of the Plan

The following brief description of Baxter Healthcare Corporation of Puerto Rico Savings and Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan which became effective on January 1, 1998. The Plan covers substantially all employees of Baxter Healthcare

Edgar Filing: BAXTER INTERNATIONAL INC - Form 11-K

Corporation of Puerto Rico, Baxter Sales and Distribution Corporation and Baxter Pharmacy Services Corporation (collectively, the "Company") who have one month of service. Baxter Healthcare Corporation of Puerto Rico is the sponsor of the Plan. The Plan was created for the purpose of providing retirement benefits to employees and to encourage and assist employees in adopting a regular savings program by means of payroll deductions through a plan that qualifies under the applicable laws of the Commonwealth of Puerto Rico and the United States Internal Revenue Code ("IRS"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Plan participants may authorize the Company to make payroll deductions under the Plan ranging from 1% to 10% of their pre-tax monthly compensation, limited to a maximum of \$8,000 a year. The Company matches a participant's savings contributions at the rate of 50 cents for each dollar of a participant's pre-tax contribution, up to a maximum of 6% of a participant's compensation. The Company may make additional distributions in such amounts as the Company may determine.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The net income of the Plan is posted to the participant's accounts on a quarterly basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion of their accounts plus actual earnings thereon is based on years of service. The contributions vest in accordance with the following vesting schedule:

Years of Service	Vesting %
1	20
2	40
3	60
4	80
5 or more	100

Employees are fully vested in the Company's matching contributions account, regardless of years of service with the Company, upon attaining age 65 or becoming disabled in accordance with the provisions of the Plan or die while employed by the Company.

Edgar Filing: BAXTER INTERNATIONAL INC - Form 11-K

Effective January 1, 2001, participants may borrow from their vested accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime rate, at the last day of the month prior to loan request, plus one percent. Principal and interest are paid through monthly payroll deductions.

Forfeitures

The portion of any participant's matching contribution account which is not vested will become a forfeiture upon such participant's termination of employment and will be applied to reduce future Company's matching contributions on a periodic basis. Forfeitures for the years ended December 31, 2001 and 2000 amounted to \$15,112 and \$19,254, respectively.

Plan participants can not request withdrawals from the Plan unless they are 59 1/2 years old or incur a financial hardship. If a participant suffers financial hardship, as defined in the Plan agreement, the participant may request a withdrawal only from his or her contributions. On termination of service due to disability, retirement or other reasons, a participant may elect to receive either a lump sum amount equal to their entire account balance or installment payments. On termination of service due to other reasons, participants are entitled to receive their vested account balance. In the case of a participant termination because of death, the entire vested amount is paid to the person or persons legally entitled thereto.

Plan Expenses and Administration

Banco Popular de Puerto Rico and State Street Bank and Trust Company serve as trustees for the Plan.

The Administrative Committee is responsible for the general administration of the Plan and for carrying out the provisions thereof. The Investment Committee has authority, responsibility and control over the management of the assets of the Plan. Members of both committees are appointed by the Board of Directors of Baxter International Inc. ("Baxter"), the Company's parent.

All expenses of the Plan are paid from assets of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Shares of registered investment companies are valued at quoted market prices which represent their net asset value at year end. Baxter common stock and Edwards common stock are valued at its quoted market price. Participant loans are valued at cost which approximates fair value.

Edgar Filing: BAXTER INTERNATIONAL INC - Form 11-K

Notes to Financial Statements
December 31, 2001 and 2000

Plan investment return includes dividend and interest income, gains and losses on sales of investments and unrealized appreciation or depreciation of investments. The financial statements reflect the net appreciation in the fair value of the Plan's investments. This net appreciation consists of realized gains and losses calculated as the difference between proceeds from a sales transaction and cost determined on a moving average basis, and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the declaration date.

Contributions

Employee and Company matching contributions are recorded in the plan year period in which the Company makes the payroll deductions from the participant's earnings.

Transfer of Assets to Other Plans

Company employees or retirees may elect to transfer their savings to other plans qualified by the Puerto Rico Department of the Treasury or by the IRS.

Payment of Benefits

Benefits are recorded when paid.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the interest of each participating employee in the Plan shall be fully vested and such termination shall not reduce the interest of any participating employee or their beneficiaries accrued under the Plan up to the date of such termination.

5. Tax Status

The Puerto Rico Treasury Department has determined and informed the Company that the Plan and the related trust are designed in accordance with applicable sections entitling exemption from income taxes. The Company obtained a favorable determination letter from the Internal Revenue Service stating that the Plan is in compliance with the Internal Revenue Code regulations. The Plan has been amended since receiving the determination letters. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable tax requirements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan participants are not taxed on the income and contributions made to their accounts until such time as the participant or the participant's beneficiary receives distributions from the Plan.

6. Transfer of Assets

Included in total transfers to other plans for the year ended December 31, 2000, are net assets of \$3,783,061, which were transferred to Edwards Lifesciences Savings and Investment Plan due to the spin-off of Baxter's Cardiovascular division into Edwards Lifesciences Corporation.

7. Related Parties

At December 31, 2001 and 2000, the Plan held shares of common stock of Baxter, the Company's parent and units of participation in certain investment funds of State Street Bank and Trust Company, one of the Plan's Trustees. These transactions are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

8. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and level of uncertainty related to changes in the values of

Edgar Filing: BAXTER INTERNATIONAL INC - Form 11-K

investments, it is at least reasonably possible that changes in risks in near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
