Harmonic also announced that it would be holding a conference call on Thursday, April 27, 2006, to discuss its financial results for the quarter ended March 31, 2006. Use of Non-GAAP Financial Information

In establishing operating budgets, managing its business performance, and setting internal measurement targets, the Company excludes a number of items required by GAAP. Management believes that these accounting charges and credits, most of which are non-cash or non-recurring in nature, are not useful in managing its operations and business. Examples include charges for stock-based compensation, the amortization of intangible assets and adjustments to reserves for excess facilities. Historically, Harmonic has also publicly presented supplemental non-GAAP measures in order to assist the investment community to see the Company through the eyes of management, and thereby enhance understanding of its operating performance. The presentation of non-GAAP information is not intended to be considered in isolation or as a substitute for results prepared in accordance with GAAP and is not necessarily comparable to non-GAAP results published by other companies. A reconciliation of non-GAAP net income/(loss) to GAAP net income/(loss) is included with the financial statements contained in this press release.
