ANNUAL MEETING OF SHAREHOLDERS  
JULY 26, 2001

-----

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of FIRSTFED AMERICA BANCORP, INC. (the "Company") to be used at the annual meeting of shareholders of the Company. The Company is the holding company for First Federal Savings Bank of America ("First Federal" or the "Bank"), FIRSTFED INSURANCE AGENCY, LLC and FIRSTFED TRUST COMPANY, NA. The annual meeting will be held at The Westin Hotel, One West Exchange Street, Providence, Rhode Island, on Thursday, July 26, 2001, at 2:00 p.m., local time. This proxy statement and the enclosed proxy card are being first mailed to shareholders on or about June 22, 2001.

-----

## VOTING AND PROXY PROCEDURE

-----

### WHO CAN VOTE AT THE MEETING

You are entitled to vote your Company common stock if the records of the Company show that you held your shares as of the close of business on June 4, 2001. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name," and these proxy materials are being forwarded to you by your broker or nominee. As the beneficial owner, you have the right to direct your broker how to vote. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

As of the close of business on June 4, 2001, a total of 6,220,249 shares of Company common stock was outstanding. Each share of common stock has one vote. As provided in the Company's Certificate of Incorporation, no record owner of the Company's common stock which is beneficially owned, either directly or indirectly, by a person who beneficially owns in excess of 10% of the Company's outstanding shares, is entitled to any vote in respect of the shares held in excess of that limit.

### ATTENDING THE MEETING

If you hold your shares in street name, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of Company common stock held in street name in person at the meeting, you will have to get a written proxy in your name from the broker, bank or other nominee who holds your shares.

### VOTE REQUIRED

A majority of the outstanding shares of common stock entitled to vote is required to be represented at the meeting in order to constitute a quorum for the transaction of business. If you return valid proxy instructions or attend the meeting in person, your shares will be counted for purposes of determining whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not

have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

In voting on the election of directors, you may vote in favor of both nominees, withhold votes as to both nominees, or withhold votes as to a specific nominee. Directors are elected by a plurality of the votes cast. This means that the nominees receiving the greatest number of votes will be elected. Votes that are withheld and broker non-votes will have no effect on the outcome of the election. In voting on the ratification of the appointment of KPMG LLP as independent auditors, you may vote in favor of the proposal, vote against the proposal or abstain from voting. The ratification of KPMG LLP as independent auditors will be decided by the affirmative vote of a majority of the votes cast. Broker non-votes and abstentions will not be counted as votes cast and will have no effect on the voting on this matter.

#### VOTING BY PROXY

The Company's Board of Directors requests that you allow your shares of Company common stock to be represented at the annual meeting by the persons named in the enclosed proxy card. All shares of Company common stock represented at the meeting by properly executed and dated proxies will be voted according to the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" BOTH OF THE NOMINEES AND "FOR" RATIFICATION OF KPMG LLP AS INDEPENDENT AUDITORS.

If any matters not described in this proxy statement are properly presented at the annual meeting, the persons named in the proxy card will use their own judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the meeting in order to solicit additional proxies. If the annual meeting is postponed or adjourned, your Company common stock may be voted by the persons named in the proxy card on the new meeting date as well, unless you have revoked your proxy. The Company does not know of any other matters to be presented at the meeting.

You may revoke your proxy at any time before the vote is taken at the meeting. To revoke your proxy you must either advise the Corporate Secretary of the Company in writing before your common stock has been voted at the annual meeting, deliver a later dated proxy, or attend the meeting and vote your shares in person. Attendance at the annual meeting will not in itself revoke your proxy.

If your Company common stock is held in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares voted. Your broker or bank may allow you to deliver your voting instructions via the telephone or the Internet. Please see the instruction form that is provided by your broker, bank or other nominee and accompanies this proxy statement. If you wish to change your voting instructions after you have returned your voting instruction form to your broker or bank, you must contact your broker or bank.

The cost of solicitation of proxies on behalf of the Board will be borne by the Company. In addition to the solicitation of proxies by mail, Georgeson Shareholder Communications Inc., a proxy solicitation firm, will assist the Company in soliciting proxies for the annual meeting. The Company will pay a fee of \$3,000, plus out-of-pocket expenses, for these services. Proxies may also be solicited personally or by telephone by directors, officers and other employees

Edgar Filing: FIRSTFED AMERICA BANCORP INC - Form DEF 14A

of the Company and the Bank without any additional compensation. The Company will also request persons, firms and corporations holding shares in their names, or in the name of their nominees, which are beneficially owned by others, to send proxy material to, and obtain proxies from, the beneficial owners, and will reimburse those record holders for their reasonable expenses in doing so.

### INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

---

The two nominees proposed by the Board of Directors for election as director were unanimously chosen by the Nominating Committee of the Board of Directors. Neither of the nominees is being proposed according to an agreement or understanding between either of them and the Company.

---

### PROPOSAL 1 -- ELECTION OF DIRECTORS

---

The Company's Board of Directors consists of seven members. Six directors are independent, and one director is a member of management. The Board is divided into three classes with three-year staggered terms, with approximately one-third of the directors elected each year. The nominees for election this year are Robert F. Stoico and John S. Holden, Jr., each of whom is a director of the Company and the Bank.

It is intended that the proxies solicited by the Board of Directors will be voted for the election of the nominees named above. If any nominee is unable to serve, the persons named in the proxy card would vote your shares to approve the election of any substitute proposed by the Board of Directors. Alternatively, the Board of Directors may adopt a resolution to reduce the size of the Board. At this time, the Board of Directors knows of no reason why either nominee might be unable to serve.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION OF BOTH OF THE NOMINEES.

### INFORMATION WITH RESPECT TO NOMINEES, CONTINUING DIRECTORS AND CERTAIN EXECUTIVE OFFICERS

The awards vest immediately upon termination of employment due to death, disability, retirement or following a change in control. As of March 31, 2001, the market value of the unvested restricted shares held by Mr. Hjerpe was \$130,692. The dollar amount set forth in the table represents the market value of the shares awarded to Mr. Hjerpe as of the date of grant.

(3) Includes stock options granted to Messrs. Stoico, Hjerpe, Sullivan and McGillicuddy, respectively, pursuant to the 1998 Stock Option Plan during fiscal year 2001. Sullivan and McGillicuddy, respectively, as of March 31, 2001. Also includes employer contributions of \$273,287, \$32,028, \$4,959 and \$4,911 to the Bank's non-qualified plans for Messrs. Stoico, Hjerpe, Sullivan and McGillicuddy, respectively.

EMPLOYMENT AGREEMENTS. The Bank and the Company have entered into employment agreements with Messrs. Stoico, Hjerpe, Sullivan and McGillicuddy (individually, the "Executive"). The employment agreements are intended to ensure that the Bank and the Company maintain a stable and competent management base. The continued success of the Bank and the Company depends to a significant degree on the skills and competence of the above officers.

The Bank employment agreements provide for a three-year term for Mr. Stoico and a two-year term for Mr. Hjerpe. The Company employment agreements for Mr. Stoico and Mr. Hjerpe provide for a five-year term. The Bank and Company employment agreements for Messrs. Sullivan and McGillicuddy provide for a two-year term. The term of the Company employment agreements extend on a daily basis and the Bank employment agreements are renewable on an annual basis unless notice of non-renewal is given by the Board of Directors or the executive. The employment agreements provide that the executive's base salary will be reviewed annually. In addition to the base salary, the Agreements provide for, among other things, participation in employee and executive benefits plans and other employee and fringe benefits applicable to similarly-situated executive personnel.

The employment agreements provide for termination by the Bank or the Company for cause as defined in the employment agreements at any time. If the Bank or the Company chooses to terminate the Executive's employment for reasons other than for cause, or if the Executive resigns from the Bank or the Company after specified circumstances that would constitute constructive termination, the Executive or, if the Executive dies, his beneficiary would be entitled to receive an amount equal to the remaining base salary payments due to the Executive and the contributions that would have been made on the Executive's behalf to any employee benefit plans of the Bank or the Company during the remaining term of the agreement. The Bank and the Company would also continue and pay for the Executive's life, health and disability coverage for the remaining term of the employment agreement. Upon any termination of the Executive for reasons other than a change in control, the Executive must comply with a one-year non-competition agreement.

Under the employment agreements, if voluntary or involuntary termination follows a change in control of the Bank or the Company (as defined in the employment agreements), the Executive or, if the Executive dies, his beneficiary would be entitled to a severance payment equal to the greater of: (i) the payments due for the remaining terms of the Agreements; or (ii) five times the average of the five preceding taxable years' annual compensation for Mr. Stoico and Mr. Hjerpe under the Company employment agreements, three times for Mr. Stoico and Mr. Hjerpe under the Bank employment agreements, and three times the average of the five preceding years' taxable compensation for Messrs. Sullivan and McGillicuddy under the Bank and Company employment agreements. In addition, the Bank and the Company would continue Mr. Stoico's life, health and disability coverage for thirty-six or sixty months, respectively. The Bank and the Company would also continue the life, health and disability coverage for Mr. Hjerpe for twenty-four or sixty months, respectively, and twenty-four months in the cases of Messrs. Sullivan and McGillicuddy. Even though both the Company and the Bank employment agreements provide for a severance payment if a change in control

Edgar Filing: FIRSTFED AMERICA BANCORP INC - Form DEF 14A

occurs, the Executive would not receive duplicative payments or benefits under the agreements.

Mr. Stoico and Mr. Hjerpe would be entitled to receive a tax indemnification payment if payments under the employment agreements or otherwise triggered liability under the Internal Revenue Code for the excise tax applicable to "excess parachute payments." Under applicable law, the excise tax is triggered by change in control-related payments that equal or exceed three times the Executive's average annual compensation over the five years preceding the change in control. The excise tax equals 20% of the amount of the payment in excess of one times the Executive's average compensation over the preceding five-year period.

Payments to the Executive under the Bank's employment agreement will be guaranteed by the Company in the event that payments or benefits are not paid by the Bank. Payment under the Company's employment agreement would be made by the Company. All reasonable costs and legal fees paid or incurred by the Executive pursuant to any dispute or question of interpretation relating to the employment agreements shall be paid by the Bank or Company, respectively, if the Executive is successful on the merits pursuant to a legal judgment, arbitration or settlement. The employment agreements also provide that the Bank and Company shall indemnify the Executive to the fullest extent allowable under federal and Delaware law, respectively.

RETIREMENT PLAN. The Bank participates in the Financial Institutions Retirement Fund (the "Retirement Plan") to provide retirement benefits for eligible employees. Employees become eligible to participate in the Retirement Plan after the completion of 12 consecutive months of employment with the Bank and the attainment of age 21. The Retirement Plan excludes hourly paid employees from participation. Benefits under the Retirement Plan are based on the participant's years of service and salary. A participant may elect early retirement as early as age 45. However, a participant's normal retirement benefits will be reduced by an early retirement factor based on age at early retirement.

Participants generally have no vested interest in Retirement Plan benefits prior to the completion of five years of service with the Bank. Following the completion of five years of vesting service, or in the event of a participant's attainment of age 65, a participant becomes 100% vested in his/her accrued benefit under the Retirement Plan. The table below reflects the pension benefit payable to a participant assuming various levels of earnings and years of service. The amounts of benefits paid under the Retirement Plan are not reduced for any social security benefit payable to participants. As of January 1, 2001, Messrs. Stoico, Hjerpe, Sullivan and McGillicuddy had credited years of service of 27 years 4 months, 13 years 6 months, 11 years 9 months, and 4 years 11 months, respectively. The Retirement Plan provides the participant portability with another participating member. Mr. Hjerpe's credited years of service include credited years of service with his former employer, a participant in the same multiple employer retirement plan.

  - (3) For 2001, Section 401(a)(17) of the Internal Revenue Code of 1986, as amended (the "Code"), limited the amount of compensation the Bank may consider in computing benefits under the Retirement Plan to \$170,000.

11

15

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN. The Bank currently maintains a supplemental executive retirement plan under which it annually credits a specified amount of money to the account of plan participants. Benefits under the plan become payable following a participant's termination of employment. The Bank intends the benefits provided under the plan to make participants whole for reductions in benefits payable under the terms of the Thrift and ESOP maintained by the Bank, as a result of limitations imposed by the Code, and provide additional retirement benefits for participants.

Participants generally vest in the amounts credited to the plan after completing five years of employment with the Bank (the same time period over which they become vested in benefits under the corresponding tax-qualified retirement plans). However, participants vest immediately upon death or disability. The Bank currently maintains an irrevocable grantor's trust (also known as a "rabbi trust") to hold assets of the Bank for the exclusive purpose of paying benefits under the plan. However, in the event of the insolvency of the Bank, the assets of the trust are first subject to the claims of the Bank's creditors. The assets of this trust may be used to acquire shares of common stock to satisfy the obligations of the Bank for the payment of benefits under the plan. As of March 31, 2001, only Mr. Stoico and Mr. Hjerpe participated in the plan.

### OPTION GRANTS IN LAST FISCAL YEAR

The following table lists all grants of options to the Named Executive Officers for fiscal year 2001 and contains certain information about the potential value of those options based upon certain assumptions as to the appreciation of the Company's stock over the life of the option.

NAME	NUMBER OF SECURITIES UNDERLYING OPTIONS GRANTED (#) (2)	% OF TOTAL OPTIONS GRANTED TO EMPLOYEES IN FISCAL YEAR	EXERCISE OR BASE PRICE PER SHARE	EXPIRATION DATE (3)
Robert F. Stoico	65,304	39.86%	\$12.94	7/18/10
Edward A. Hjerpe, III	26,120	15.94	12.94	7/18/10
Frederick R. Sullivan	13,060	7.97	12.94	7/18/10
Kevin J. McGillicuddy	13,060	7.97	12.94	7/18/10

(1) The dollar gains under these columns result from calculations required by the Securities and Exchange Commission's rules and are not intended to forecast future price appreciation of Company common stock. It is important to note that options have value only if the stock price increases above the exercise price shown in the table during the effective option period. In order for the executive to realize the potential values set forth in the 5% and 10% columns in the table, the price per share of the Company's common stock would be approximately \$21.08 and \$33.56, respectively, as of the expiration date of the options.

(2) Options granted pursuant to the 1998 Stock Option Plan are exercisable in five equal annual installments commencing on July 18, 2001; provided, however, options will be immediately exercisable in the event the optionee terminates employment due to death, disability, retirement or change in control. The purchase price may be made in whole or in part in cash or common stock. Options include limited rights (SARs) pursuant to which the options may be exercised in the event of a change in control of the Company. Upon the exercise of a limited right, the optionee would receive a cash payment equal to the difference between the exercise price of the related option on the date of grant and the fair market value of the underlying shares of common stock on the date the limited right is exercised.

(3) The option term is ten years.

FISCAL YEAR-END OPTION VALUES

The following table provides certain information with respect to the number of shares of Company common stock represented by outstanding options held by those individuals as of March 31, 2001. Also reported are the values for "in-the-money" options, which represent the positive spread between the exercise price of stock options and the year-end stock price.

NAME	NUMBER OF SECURITIES UNDERLYING UNEXERCISED OPTIONS AT FISCAL YEAR-END (#) (1)		VALUE OF UNEXERCISED IN-THE-MONEY OPTIONS AT FISCAL YEAR-END (\$) (3)	
	EXERCISABLE	UNEXERCISABLE	EXERCISABLE	UNEXERCISABLE
Robert F. Stoico	187,205	95,779	-	\$135,179
Edward A. Hjerpe, III	66,174	47,018	-	\$54,068
Frederick R. Sullivan	37,441	19,155	-	\$27,034
Kevin J. McGillicuddy	37,441	19,155	-	\$27,034

- (1) The Options in this table have an exercise price of \$18.50 with the exception of 43,536 options for Mr. Hjerpe which were awarded on June 29, 1998 which have an exercise price of \$19.25. Also included are 65,304, 26,120, 13,060 and 13,060 options for Messrs. Stoico, Hjerpe, Sullivan and McGillicuddy, respectively, which have an exercise price of \$12.94.
- (2) The Price of the Common Stock on March 31, 2001 was \$15.01.
- (3) Value of unexercised in-the-money stock options equals the market value of shares covered by in-the-money options on March 31, 2001 less the option exercise price. Options are in-the-money if the market value of shares covered by the options is greater than the exercise price.

EXECUTIVE COMPENSATION

The report of the Compensation Committee and the stock performance graph shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act, except as to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION. Under rules established by the Securities and Exchange Commission, the Company is required to provide certain data and information in regard to the compensation and benefits provided to the Company's Chief Executive Officer and certain other executive officers of the Company and the Bank for the fiscal year ended March 31, 2001. The following discussion addresses compensation information relating to the Chief Executive Officer and the executive officers of the Bank and Company for fiscal 2001 and sets forth the joint report of the Compensation

## Edgar Filing: FIRSTFED AMERICA BANCORP INC - Form DEF 14A

Committee of the Company and Management and Personnel Committee of the Bank (collectively, the "Compensation Committee"). The disclosure requirements for the Chief Executive Officer and other executive officers include the use of tables and a report explaining the rationale and considerations that led to fundamental compensation decisions affecting those individuals. In fulfillment of this requirement, the Compensation Committee, at the direction of the Board of Directors, has prepared the following report for inclusion in this proxy statement.

14

18

COMPENSATION POLICY. The Company and the Bank have engaged the services of a nationally known executive compensation consultant, the I.F.M. Consulting Group, to design the Executive Compensation Program to reflect the status of the Bank as a stock institution and the Company as a publicly held entity and to ensure competitive compensation levels in comparison to similarly situated publicly held financial services institutions providing banking, mortgage banking, insurance, trust and asset management services. The Executive Compensation Program incorporates the consolidated financial results of the Company as well as other factors related to the performance of the Company. For fiscal 2001, the Executive Compensation Program was fully utilized to determine compensation levels for base pay as well as incentive (bonus) compensation. The Executive Compensation Program incorporates base salary and incentive compensation based on measurable goal attainment and performance.

The Compensation Committee's responsibility is to recommend the amount and composition of executive compensation paid to the executive officers. The Board of Directors has the responsibility to review the report of the Compensation Committee and approve such compensation. It is the policy of the Compensation Committee to review executive compensation not less than annually and more often if deemed necessary by the Compensation Committee. The process the Compensation Committee utilized for fiscal 2001 involved a review of the Company's compensation consultant's recommendations for a potential range for changes to base salaries. This range reflected an appropriate change in percent based on economic, competitive market, peer group analysis, and position responsibilities. Recommended changes in base pay were made to compensation levels established in fiscal 2001 by the Committee using peer group analysis and compensation recommended by the consultant.

In making its compensation determinations, the Compensation Committee also considers the evaluations of executive officers performed by the Chief Executive Officer and recommendations made by the Chief Executive Officer, except in the case of its compensation deliberations regarding the Chief Executive Officer. The performance of the Chief Executive Officer and other executive officers are evaluated by the Compensation Committee and a recommendation is made to the Board. Upon review, the Board sets all executive compensation within the parameters of compensation policy as defined within the Executive Compensation Program. The Chief Executive Officer, a member of the Board of Directors, abstains from voting on matters related to his compensation.

STOCK-BASED COMPENSATION. The Company maintains the FIRSTFED AMERICA BANCORP, INC. 1998 Stock Option Plan under which executive officers were granted options to purchase common stock from that plan. The Compensation Committee believes that stock ownership is a significant incentive in building shareholder value and aligning the interests of employees with shareholders as the value of this component increases as the common stock of the Company appreciates in value.

## Edgar Filing: FIRSTFED AMERICA BANCORP INC - Form DEF 14A

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER. The Chief Executive Officer was evaluated on his performance in managing the Company during fiscal 2001, including the effort related to operating the Company in its fourth year as a public company, fiscal performance, and earnings per share. Certain quantitative and qualitative factors were reviewed to determine the Chief Executive Officer's compensation. Following a review of the Chief Executive Officer's performance, it was determined that the total cash compensation for the Chief Executive Officer would be established according to the compensation philosophy as stated in the executive compensation plan. In reaching its determination regarding the Chief Executive Officer's base salary, the Compensation Committee utilized the report of the executive compensation consultant and recommended to the Board of Directors a base salary substantially equivalent to the amount recommended by the executive compensation consultant. The Committee's determination of the Chief Executive Officer's incentive compensation for fiscal 2001 also was determined by the Committee following a review of the Chief Executive Officer's performance. In reaching its determination regarding the recommended level of the Chief Executive Officer's cash incentive compensation for fiscal 2001, the Committee utilized the Incentive Compensation Program guidelines, approved by the Board the prior year,

15

19

and recommended to the Board an amount of incentive compensation within the guidelines of the Incentive Compensation Program for certain goal attainment.

Edgar Filing: FIRSTFED AMERICA BANCORP INC - Form DEF 14A

The Audit and Compliance Committee reviewed and discussed the annual financial statements with management and the independent accountants. As part of this process, management represented to the Audit and Compliance Committee that the financial statements were prepared in accordance with the generally accepted accounting principles. The Audit and Compliance Committee also received and reviewed written disclosures and a letter from the accountants concerning their independence as required by Independence Standard No. 1. The Audit and Compliance Committee discussed with the accountants the contents of such materials, the accountants' independence and the additional matters required under Statement on Auditing Standards No. 61. Based on such review and discussions, the Audit and Compliance Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended March 31, 2001 for filing with the Securities and Exchange Commission.

-----  
SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE  
-----

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors, and persons who own more than 10% of any registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC. Executive officers, directors and greater than 10% shareholders are required by regulation to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of the reports it has received and written representations provided to the Company from the individuals required to file the reports, the Company believes that each of its executive officers, directors and greater-than-10% shareholders has complied with applicable reporting requirements for transactions in Company common stock during the fiscal year ended March 31, 2001, except for one late Form 4 filed by Mr. Stoico with respect to two purchase transactions, one late Form 4 filed by Mr. Sylvia with respect to one purchase transaction, both filings delayed one day due to a weather emergency, and one late Form 3 filed by the FIRSTFED Charitable Foundation upon becoming a greater-than-10% shareholder.

-----  
TRANSACTIONS WITH MANAGEMENT  
-----

Federal regulations require that all loans or extensions of credit to executive officers and directors must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public and must not involve more than the normal risk of repayment or present other unfavorable features. In addition,

## Edgar Filing: FIRSTFED AMERICA BANCORP INC - Form DEF 14A

loans made to a director or executive officer in excess of the greater of \$25,000 or 5% of the Bank's capital and surplus (up to a maximum of \$500,000) must be approved in advance by a majority of the disinterested members of the Board of Directors.

The Bank makes loans to its executive officers and directors on the same terms and conditions offered to the general public. The Bank's policy provides that all loans made by the Bank to its executive officers and directors be made in the ordinary course of business, on substantially the same terms, including collateral, as those prevailing at the time for comparable transactions with other persons and may not involve more than the normal risk of collectibility or present other unfavorable features. At March 31, 2001, the Bank had five loans outstanding to executive officers and directors totaling \$338,429. All such loans were made by the Bank in the ordinary course of business, on substantially the same terms, including interest rates and collateral prevailing at the time for comparable transactions with other persons and do not involve more than the normal risk of collectibility or present unfavorable features.

### PROPOSAL 2 -- RATIFICATION OF INDEPENDENT AUDITORS

---

The Board of Directors has appointed KPMG LLP to be its auditors for the 2002 fiscal year, subject to the ratification by shareholders. A representative of KPMG LLP is expected to be present at the annual meeting to respond to appropriate questions from shareholders and will have the opportunity to make a statement should he or she desire to do so.

If the ratification of the appointment of the auditors is not approved by a majority of the votes cast by shareholders at the annual meeting, other independent public accountants may be considered by the Board of Directors. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT AUDITORS.

#### AUDIT FEES

KPMG LLP billed the Company aggregate fees of \$128,000 for professional services rendered for the audit of the Company's annual financial statements and for the reviews of the financial statements included in the Company's Forms 10-Q for the fiscal year-ended March 31, 2001.

#### ALL OTHER FEES

KPMG LLP billed the Company aggregate fees of \$38,450 for professional services rendered for audits of 2000 Employee Benefit Plans and tax filing preparation for the year ended March 31, 2001. The Audit and Compliance Committee believes that the non-audit fees paid to KPMG LLP are compatible with maintaining KPMG's independence.

### SHAREHOLDER PROPOSALS

---

To be considered for inclusion in the Company's proxy statement and form of proxy relating to the 2002 Annual Meeting of Shareholders, a shareholder proposal must be received by the Secretary of the Company at the address set forth on the Notice of Annual Meeting of Shareholders not later than February 22, 2002. If such annual meeting is held on a date more than 30 calendar days from July 26, 2002, a shareholder proposal must be received by a reasonable time before the Company begins to print and mail its proxy materials for such annual meeting. Any such proposal will be subject to the proxy rules of the Securities and Exchange Commission.

The Bylaws of the Company set forth the procedures by which a shareholder may properly bring business before a meeting of shareholders, including director nominations. Pursuant to the Bylaws, only business brought by or at the direction of the Board of Directors may be conducted at a special meeting. The Bylaws of the Company provide an advance notice procedure for a shareholder to properly bring business before an annual meeting. The shareholder must give written advance notice to the Secretary of the Company not less than ninety (90) days before the date originally fixed for such meeting; provided, however, that in the event that less than one hundred (100) days notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be received not later than the close of business on the tenth day following the date on which the Company's notice to shareholders of the annual meeting date was mailed or such public disclosure was made. In order for a shareholder to bring business before the Company's 2002 Annual Meeting of Shareholders, the Company would have to receive notice of such business no later than April 29, 2002 assuming the 2002 Annual Meeting is held on July 26, 2002 and that the Company provides at least 100 days notice of the date of the meeting. The advance notice by shareholders must include certain information required by the Bylaws. In the case of nominations to the Board of Directors, certain information regarding the nominee must be provided. A copy of the Bylaws may be obtained from the Company. Nothing in this paragraph shall be deemed to require the Company to include in its proxy statement or the proxy relating to any Annual Meeting any shareholder proposal which does not meet all of the requirements for inclusion established by the Securities and Exchange Commission in effect at the time such proposal is received.

APPENDIX A

FIRSTFED AMERICA BANCORP, INC.

AUDIT AND COMPLIANCE COMMITTEE CHARTER

I. AUDIT AND COMPLIANCE COMMITTEE

There shall be a Committee of the Board of Directors to be known as the Audit and Compliance Committee (the "Audit Committee"). The Audit Committee shall be composed of at least three Directors who are independent of the management of the Company and are free of any relationship that, in the opinion of the Board of Directors, would interfere with their exercise of independent judgment as a Committee Member. Each Audit Committee member must be able to read and understand fundamental financial statements. At least one Committee Member must have past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background, including a current or past position as a chief executive or financial officer or other senior officer with financial oversight responsibilities.
