Investment Grade Municipal Income Fund Inc.

Semiannual Report

March 31, 2002

Investment Grade Municipal Income Fund Inc.

May 15, 2002

Dear Shareholder,

We present you with the semiannual report for Investment Grade Municipal Income Fund Inc. for the six months ended March 31, 2002.

Q. HOW DID THE FUND PERFORM DURING THE PERIOD RELATIVE TO ITS PEERS?

A. For the six months ended March 31, 2002, the Fund's net asset value grew 0.5% and its market price increased 0.6%, outperforming its competitors, measured by the Lipper General Municipal Debt Fund (Leveraged) Median. The Lipper Median's net asset value declined 0.7% and its market price advanced

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-30D

0.4%. The Fund's relatively short average duration compared to its peers was the primary factor that helped it to outperform its benchmark.

Q. WHAT ECONOMIC FACTORS AFFECTED FUND PERFORMANCE?

A. The Federal Reserve's (The "Fed") unprecedented 11 fed funds rate cuts totaling 4.75% in 2001 depressed bond yields during the period. Optimism was the watchword at the start of 2002 as a series of positive economic indicators pointed toward a sustained economic recovery. The business activity index released in February by the Institute for Supply Management (ISM), a group of purchasing managers, rose above 50—signifying expansion for the first time in 18 months. Since then, the ISM index has posted scores of 55.6 in March and 53.9 post-period in April.

The nation's economic output also grew rapidly during the first quarter at a rate of 5.8%, after a growth rate of 1.7% in the fourth quarter of 2001 and a contraction of 1.3% in the third quarter of 2001 during the depth of the recession. During this time, the Fed adopted a neutral bias from its former easing stance.

However, unemployment remained stubbornly high, climbing to 6.0% post-period after reaching 5.7% in March. Additionally, the equity markets struggled again after a brief rally at the beginning of the year. A spate of companies questioned about their accounting and reporting practices did little to ease investors' fears.

Income Fund Inc.

INVESTMENT GRADE MUNICIPAL
INCOME FUND INC.

INVESTMENT GOAL:

High level of current income
exempt from federal income
tax, consistent with
preservation of capital

PORTFOLIO MANAGER:

William Veronda
UBS Global Asset
Management (US) Inc.*

COMMENCEMENT:

November 6, 1992

NYSE SYMBOL:

PPM

DIVIDEND PAYMENTS:

Monthly

* Effective April 8, 2002, Brinson Advisors, Inc. was renamed UBS Global Asset Management (US) Inc. Mr. Veronda assumed management responsibility of the Fund effective May 20, 2002.

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-30D

Q. WHAT MARKET FACTORS AFFECTED THE INVESTMENT GRADE MUNICIPAL FUND DURING THE PERIOD?

A. Undoubtedly, The Fed's easing had the greatest effect on performance. However, the municipal market outperformed the taxable fixed income market despite a glut of new supply issued during the first quarter of 2002. The Fed's change from an easing to a neutral bias in March 2002 also helped to flatten the Treasury yield curve late in the period. At its peak in September, the yield curve was 269 points—the steepest curve since 1993. Since then, the yield curve has fallen to 235 points in March 2002.

Q. WHICH STRATEGIES HELPED OR HINDERED FUND PERFORMANCE DURING THE PERIOD?

A. The best performing point on the short end of the curve was at five years, with issues in this maturity range also quickly giving us the leverage to reposition when opportunities presented themselves. As a result, the weighted-average duration for the Fund was 4.80 years, although we have been increasing duration since late in the reporting period as the yield curve has flattened. We have combined our focus on the short end with a focus on the 15-year range, giving the portfolio a barbell-shaped structure. This strategy has allowed us to capture favorable returns at both ends of the spectrum.

Security selection also helped performance during the period. The September 11 terrorist attacks knocked out bond broking giant Cantor Fitzgerald, which virtually halted liquidity. In the succeeding weeks, travel industry sectors such as airlines, airports and hotels were severely affected. We were underweighted in these sectors during this time.

2

UBS Global Asset Management

Investment Grade Municipal Income Fund Inc.

Q. TO ILLUSTRATE YOUR INVESTMENT STRATEGIES, PLEASE PROVIDE DETAILS FOR TWO OR THREE HOLDINGS THAT YOU BOUGHT OR SOLD DURING THIS REPORTING PERIOD?

A. Buy and sell activity was slow during the period, as we attempted to forestall capital gains where we could. We did buy \$2.825 million in bonds from Fort Worth (Texas) Water and Sewer at 5.625% (matures in 2016). We also bought \$3.305 million in Indiana Transportation Finance Authority bonds due November 2012, as well as a 30-year, \$2.250 non-callable bond from the Massachusetts State Health and Education Facility Financing Authority. Both bonds had a 5.5% coupon.*

Q. LASTLY, WHAT IS YOUR SHORT-TERM AND LONG-TERM OUTLOOK FOR THE MARKET?

A. We anticipate staying relatively short to our benchmark and peers on average duration, while we will continue to employ a barbell strategy. With good value at the 12- to 17-year range of the yield curve, we will also look for opportunities in this area.

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-30D

We will continue to stress the more premium-structured defensive bonds, as worries about credit quality will continue throughout the year. During the period, we were overweighted in the essential revenue, general obligation and education sectors. In the coming months, we will continue our overweight in at least two of these three sectors-essential revenue and education. We will monitor the general obligation area, where we anticipate weaker credit quality as states, such as California, and even cities, such as New York, see their credit ratings downgraded. We anticipate debt from North Carolina and Georgia to remain quality opportunities.

* Weightings represent percentages of net assets as of the dates indicated. As of March 31, 2002, Fort Worth (Texas) Water and Sewer, Indiana Transportation Finance Authority and Massachusetts State Health and Education Facility Financing Authority represented 1.8%, 4.2% and 1.4% of net assets, respectively. The Fund's portfolio is actively managed and its composition will vary over time.

1 Year	6.36	5.68
5 Years	8.43	6.19
Since Inception 11/6/92	6.66	6.30

1. Lipper General Municipal Debt Funds (Leveraged) Median

Inception returns for Lipper Median are shown as of nearest month-end of the Fund's inception: October 31, 1992. Past performance is no guarantee of future results. The Fund's share price and investment return will vary so that an investor's shares may be worth more or less than their original cost. NAV and market price returns for periods of less than one year are not annualized. NAV return assumes, for illustration only, that dividends were reinvested at the net asset value on the ex-dividend dates.

SHARE PRICE, DIVIDEND AND YIELD 3/31/02

Market Price	\$ 15.00
Net Asset Value	\$ 15.74
12-Mo. Dividend (ended 3/31/02)	\$ 0.900
March 2002 Dividend	\$ 0.075
Market Yield	6.40 %
NAV Yield	6.10 %
IPO Yield	6.40 %

Market yield is calculated by multiplying the March dividend by 12 and dividing by the month-end market price. NAV yield is calculated by multiplying the month-end dividend by 12 and dividing by the month-end net asset value. IPO yield is calculated by multiplying the month-end dividend by 12 and dividing by the initial public offering price. Prices and yields will vary.

Notes to Financial Statements (unaudited)

ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Investment Grade Municipal Income Fund Inc. (the "Fund") was incorporated in Maryland on August 6, 1992, and is registered with the Securities and Exchange Commission under the Investment Company Act of 1940, as amended, as a closed-end diversified management investment company. The Fund's investment objective is to achieve a high level of current income that is exempt from federal income tax, consistent with the preservation of capital.

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-30D

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires Fund management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies:

VALUATION OF INVESTMENTS--The Fund calculates its net asset value based on the current market value, where available, for its portfolio securities. The Fund normally obtains market values for its securities from independent pricing sources and broker-dealers. Independent pricing sources may use reported last sale prices, current market quotations or valuations from computerized "matrix" systems that derive values based on comparable securities. If a market value is not available from an independent pricing source for a particular security, that security is valued at fair value as determined in good faith by or under the direction of the Fund's board of directors (the "Board"). The amortized cost method of valuation, which approximates market value, generally is used to value short-term debt instruments with sixty days or less remaining to maturity, unless the Board determines that this does not represent fair value.

INVESTMENT TRANSACTIONS AND INVESTMENT INCOME--Investment transactions are recorded on the trade date. Realized gains and losses from investment transactions are calculated using the identified cost method. Interest income is recorded on an accrual basis. Discounts are accreted and premiums are amortized as adjustments to interest income and the identified cost of investments.

DIVIDENDS AND DISTRIBUTIONS--The Fund intends to pay monthly dividends to common shareholders at a level rate that over time will result in the distribution of all of the Fund's net investment income remaining after the payment of dividends on any outstanding preferred shares. Dividends and distributions to common shareholders are recorded on the ex-dividend date. Dividends to preferred shareholders are accrued daily. The amount of dividends from net investment income and distributions from net realized capital gains is determined in accordance with federal income tax regulations, which may differ from accounting principles generally accepted in the United States. These "book/tax" differences are either considered temporary or

18

UBS Global Asset Management

Investment Grade Municipal Income Fund Inc.

Notes to Financial Statements (unaudited) (continued)

permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal tax-basis treatment; temporary differences do not require reclassification.

CHANGE IN ACCOUNTING PRINCIPLE

In July 2001, a Securities and Exchange Commission staff announcement, Emerging Issues Task Force Discussion ("EITF D")-98, Classification and Measurement of Redeemable Securities, was issued providing new guidance related to the presentation of preferred shares in financial statements. EITF D-98 is required

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-30D

to be applied beginning with fiscal quarters ending after December 15, 2001 on a retroactive basis, by restating the prior year's financial statements. In accordance with the announcement, the Fund has presented its auction preferred shares outside of net assets and has presented dividends to preferred shareholders on such auction preferred shares in the net change in net assets attributable to common shareholders resulting from operations for all periods presented. Therefore, beginning net assets attributable to common shareholders have been restated and dividend activity related to preferred shares has been reclassified from the capital activity in the statements of changes in net assets and the financial highlights to the operating activity. The application of EITF D-98 related entirely to presentation and had no impact on net asset value or the allocation of net income or capital gains or losses to common shareholders.

CONCENTRATION OF RISK

The Fund follows an investment policy of investing primarily in municipal obligations of various states. Economic changes affecting those states and certain of their public bodies and municipalities may affect the ability of the issuers within those states to pay interest on, or repay principal of, municipal obligations held by the Fund.

INVESTMENT ADVISOR AND ADMINISTRATOR

The Board has approved an investment advisory and administration contract ("Advisory Contract") with UBS Global Asset Management (US) Inc. ("UBS Global AM", formerly known as Brinson Advisors, Inc.), under which UBS Global AM serves as investment advisor and administrator of the Fund. In accordance with the Advisory Contract, the Fund pays UBS Global AM an investment advisory and administration fee, which is accrued weekly and paid monthly, at the annual rate of 0.90% of the Fund's average weekly net assets. For the six months ended March 31, 2002, UBS Global AM voluntarily waived \$153,310 in investment advisory and administration fees from the Fund.

COMMON STOCK

There are 199,998,400 shares of \$0.001 par value common stock authorized and 10,356,667 common shares outstanding at March 31, 2002.

UBS Global Asset Management

19

Investment Grade Municipal Income Fund Inc.

Notes to Financial Statements (unaudited) (concluded)

AUCTION PREFERRED SHARES

The Fund has issued 800 shares of Auction Preferred Shares Series A and 800 shares of Auction Preferred Shares Series B, which are referred to herein collectively as the "APS." All shares of each series of APS have a liquidation preference of \$50,000 per share plus an amount equal to accumulated but unpaid dividends upon liquidation.

Dividends, which are cumulative, are generally reset every 28 days for APS

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-30D

Series A and 90 days for APS Series B. Dividend rates ranged from 1.278% to 2.300% for the six months ended March 31, 2002.

The Fund is subject to certain restrictions relating to the APS. Failure to comply with these restrictions could preclude the Fund from declaring any distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of APS at liquidation value.

The APS are entitled to one vote per share and, unless otherwise required by law, will vote with holders of common stock as a single class, except that the preferred shares will vote separately as a class on certain matters, as required by law. The holders of the preferred shares have the right to elect two directors of the Fund.

FEDERAL TAX STATUS

For federal income tax purposes, the cost of securities owned at March 31, 2002 was substantially the same as the cost of securities for financial statement purposes.

At March 31, 2002, the components of net unrealized appreciation of investments were as follows:

Gross appreciation (investments having an excess of value over cost)	\$7,827,236
Gross depreciation (investments having an excess of cost over value)	(1,517,873)

Net unrealized appreciation of investments.	\$6,309,363
	=====

For the six months ended March 31, 2002, total aggregate purchases and sales of portfolio securities, excluding short-term securities, were \$33,933,240 and \$31,143,951, respectively.

The Fund intends to distribute substantially all of its tax-exempt income and any taxable income and to comply with the other requirements of the Internal Revenue Code applicable to regulated investment companies. Accordingly, no provision for income taxes is required. In addition, by distributing during each calendar year substantially all of its net investment income, capital gains and certain other amounts, if any, the Fund intends not to be subject to a federal excise tax.

Investment Grade Municipal Income Fund Inc.

General Information (unaudited)

THE FUND

Investment Grade Municipal Income Fund Inc. (the "Fund") is a diversified, closed-end management investment company whose shares trade on the New York Stock Exchange ("NYSE"). The Fund's investment objective is to achieve a high level of current income that is exempt from federal income tax, consistent with the preservation of capital. The Fund's investment advisor and administrator is UBS Global Asset Management (US) Inc. ("UBS Global AM"), an indirect wholly owned asset management subsidiary of UBS AG, which had over \$75.6 billion in assets under management as of April 30, 2002.

Effective May 20, 2002, William Veronda assumed primary responsibility for the day-to-day management of the Fund. Mr. Veronda is an Executive Director and portfolio manager of UBS Global AM. Mr. Veronda joined UBS Global AM in September 1995 and has led its municipal research group since that date. Mr. Veronda previously served as the portfolio manager for PaineWebber Municipal High Income Fund from September 1995 until March 2001.

INVESTMENT POLICY CHANGES

The Fund's board approved modifications to the Fund's investment policies as a result of a new rule promulgated by the Securities and Exchange Commission. This rule generally requires a fund with a name suggesting that it focuses on a particular type of investment to invest at least 80% of its net assets (plus the amount of any borrowing for investment purposes) in the type of investment suggested by its name. The investment policy changes became effective on April 8, 2002. These changes are not expected to affect materially portfolio management.

The new 80% policy has been adopted as a "fundamental" investment policy; the Fund may not deviate from this 80% policy without shareholder approval. Many of the Fund's other investment policies are non-fundamental policies and may be changed by its board without shareholder approval. The Fund will interpret these new policies as if the following phrase appeared immediately after the words "net assets": "(plus the amount of any borrowing for investment purposes)." If subsequent to an investment, the Fund's 80% policy is no longer met (e.g., bonds are called resulting in a large influx of cash), then under normal circumstances, the Fund's future investments would be made in a manner that would bring the Fund's investments back in line with the 80% threshold.

In order to place these changes in context, reproduced below are prior policies that were impacted by this change as well as new policies which replace the prior policies:

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-30D

Investment Grade Municipal Income Fund Inc.

General Information (unaudited) (continued)

INVESTMENT POLICY CHANGES (CONCLUDED)

Prior Policies Impacted by Change

The Fund normally invests substantially all of its assets in a diversified portfolio of long-term, tax-exempt Municipal Obligations that have been rated investment grade or are unrated but have been determined to be of comparable quality by UBS Global AM. Municipal Obligations rated investment grade are those that, at the time of investment, are rated within the four highest grades by Moody's (Baa or higher) or S&P (BBB or higher) or have an equivalent rating from another nationally recognized statistical rating organization. The Fund may invest up to 20% of its total assets in Municipal Obligations that are unrated but that, at the time of investment, have been determined by UBS Global AM to be of comparable quality to those that are rated investment grade. Under normal circumstances, the Fund invests at least 65% of its total assets in income-producing securities.

Revised Policies

The Fund normally invests substantially all of its assets in a diversified portfolio of long-term Municipal Obligations. Under normal circumstances, the Fund invests at least 80% of its net assets in investment grade Municipal Obligations, the income from which is exempt from regular federal income tax. Municipal Obligations rated investment grade are those that, at the time of investment, are rated within the four highest grades by Moody's (Baa or higher) or S&P (BBB or higher) or have an equivalent rating from another nationally recognized statistical rating organization. The Fund may invest up to 20% of its net assets in Municipal Obligations that are unrated but that, at the time of investment, have been determined by UBS Global AM to be of comparable quality to those that are rated investment grade.

SHAREHOLDER INFORMATION

The Fund's NYSE trading symbol is "PPM." Comparative net asset value and market price information about the Fund is published weekly in The Wall Street Journal, The New York Times and Barron's, as well as in numerous other publications.

An annual meeting of shareholders of the Fund was held on January 17, 2002. At the meeting, Margo N. Alexander, Richard Q. Armstrong, David J. Beaubien, E. Garrett Bewkes, Jr., Richard R. Burt, Meyer Feldberg, George W. Gowen, William W. Hewitt, Jr., Morton L. Janklow, Frederick V. Malek, Carl W. Schafer and William D. White were elected to serve as directors until the next annual meeting of shareholders, or until their successors are elected and qualified.

DIVIDEND REINVESTMENT PLAN

The Fund's Board has established a Dividend Reinvestment Plan (the "Plan") under which all common shareholders whose shares are registered in their own names, or in the name of UBS PaineWebber Inc. or its nominee, will have all dividends and other distributions on their shares of common stock automatically reinvested in additional shares of common stock, unless such common shareholders elect to receive cash. Common shareholders who elect to hold their shares in the name of another broker or nominee should contact such broker or nominee to determine whether, or how, they may participate in the Plan. The ability of such shareholders to participate in the Plan may change if their shares are transferred into the name of another broker or nominee.

A common shareholder may elect not to participate in the Plan or may terminate participation in the Plan at any time without penalty, and common shareholders who have previously terminated participation in the Plan may rejoin it at any time. Changes in elections must be made in writing to the Fund's transfer agent and should include the shareholder's name and address as they appear on that share certificate or in the transfer agent's records. An election to terminate

Edgar Filing: INVESTMENT GRADE MUNICIPAL INCOME FUND - Form N-30D

participation in the Plan, until such election is changed, will be deemed an election by a common shareholder to take all subsequent distributions in cash. An election will be effective only for distributions declared and having a record date at least ten days after the date on which the election is received.

UBS Global Asset Management

25

Investment Grade Municipal Income Fund Inc.

General Information (unaudited) (concluded)

DIVIDEND REINVESTMENT PLAN (CONCLUDED)

Additional shares of common stock acquired under the Plan will be purchased in the open market, on the NYSE or otherwise, at prices that may be higher or lower than the net asset value per share of the common stock at the time of the purchase. The number of shares of common stock purchased with each dividend will be equal to the result obtained by dividing the amount of the dividend payable to a particular shareholder by the average price per share (including applicable brokerage commissions) that the transfer agent was able to obtain in the open market.

The Fund will not issue any new shares of common stock in connection with the Plan. There currently is no charge to participants for reinvesting dividends or other distributions. The transfer agent's fees for handling the reinvestment of distributions will be paid by the Fund. However, each participant pays a pro rata share of brokerage commissions incurred with respect to the transfer agent's open market purchases of common stock in connection with the reinvestment of distributions. The automatic reinvestment of dividends and other distributions in shares of common stock does not relieve participants of any income tax that may be payable on such distributions.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan with respect to any dividend or other distribution if notice of the change is sent to Plan participants at least 30 days before the record date for such distribution. The Plan also may be amended or terminated by the transfer agent by at least 30 days' written notice to all Plan participants. Additional information regarding the Plan may be obtained from, and all correspondence concerning the Plan should be directed to, the transfer agent at PFPC Inc., P.O. Box 8030, Boston, Massachusetts 02266-8030. For further information regarding the Plan, you may also contact the transfer agent directly at 1-800-381-1710.
