PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished to the shareholders of Forward Air Corporation (the Company) in connection with the solicitation of proxies by the Board of Directors (the Board) for use at the Annual Meeting of Shareholders to be held on Tuesday, May 18, 2004, beginning at 10:00 a.m., EDT, at the Grand Hyatt Atlanta in Buckhead, 3300 Peachtree Road, N.E., Atlanta, Georgia 30305, and any adjournment thereof, for the purposes set forth in the foregoing Notice of Annual Meeting of Shareholders. This proxy material was first mailed to shareholders on or about April 19, 2004.

If the enclosed form of proxy is executed and returned, it will be voted in accordance with the instructions given, but may be revoked at any time insofar as it has not been exercised by notifying the Secretary of the Company in writing at the principal executive offices of the Company or by duly executing and delivering a proxy bearing a later date. Each proxy will be voted FOR Proposal 1 if no contrary instruction is indicated in the proxy, and in the discretion of the proxies on any other matter which may properly come before the shareholders at the Annual Meeting.

There were 21,522,650 shares of our \$0.01 par value common stock issued and outstanding on March 10, 2004. A majority of those shares, present or represented by proxy, will constitute a quorum. Abstentions and broker non-votes will be counted as present for purposes of determining a quorum on all matters. Because directors are elected by a plurality of the votes cast, abstentions and broker non-votes are not considered in the election. A broker non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Shareholders are entitled to one vote for each share of common stock held of record at the close of business on March 10, 2004.

The cost of solicitation of proxies will be borne by the Company, including expenses in connection with preparing, assembling and mailing this Proxy Statement. Solicitation will be made by mail, and also may be made by the Company executive officers or employees personally. The Company does not anticipate paying any compensation to any other party for this solicitation of proxies, but may reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to beneficial owners.

PROPOSAL 1 ELECTION OF DIRECTORS

At the date of this Proxy Statement, our Board is comprised of nine directors, seven of whom are non-employee directors. There are eight nominees for election at the Annual Meeting of Shareholders, each to hold office until the next Annual Meeting of Shareholders and until a successor has been duly elected and qualified. **The Board of Directors recommends a vote for the election of the eight nominees named below. Duly executed proxies will be so voted unless record holders specify a contrary choice on their proxies.** If for any reason a nominee is unable to serve as a director, it is intended that the proxies solicited hereby will be voted for such substitute nominee as the Board may propose. The Board has no reason to expect that the nominees will be unable to serve and, therefore, at this time it does not have any substitute nominees under consideration. Proxies cannot be voted for a greater number of persons than the number named.

The nominees for election shall be elected by a plurality of the votes cast by the shares of common stock entitled to vote at the Annual Meeting. Shareholders have no right to vote cumulatively for directors. Each share shall have one vote for each directorship to be filled on the Board of Directors.

Below is a description of each committee of the Board. With the exception of the Executive Committee, each committee has authority to engage legal counsel or other experts or consultants as it deems appropriate to carry out its responsibilities. The Board has determined that each member of the Audit, Nominating and Compensation Committees is independent as defined in the applicable National Association of Securities Dealers (NASD) listing standard and that each member is free of any relationship that would interfere with his individual exercise of independent judgment. The Board has adopted a written charter for each of the Audit, Nominating and Compensation Committees. The full text of each charter and the Company s Code of Ethics are available on the Company s Investor Relations website located at www.forwardair.com. Additionally, a copy of the Audit Committee Charter is attached as Appendix I to this Proxy Statement.

We expect, but do not require, directors to attend the Annual Meeting of Shareholders, subject to compelling personal or business commitments. Last year, all of our directors attended the Annual Meeting of Shareholders.

Audit Committee

The Audit Committee recommends engagement of the independent auditors, considers the fee arrangement and scope of the audit, reviews the financial statements and the independent auditors' report, considers comments made by the independent auditors with respect to the Company's internal control structure, and reviews internal accounting procedures and controls with the Company's financial and accounting staff. The Board of Directors has determined that both Messrs. Cronin and Preslar meet the definition of an audit committee financial expert as that term is defined by the rules and regulations of the Securities and Exchange Commission (the SEC). Mr. Cronin will not stand for re-election at the 2004 Annual Meeting. Mr. Preslar's presence on the Audit Committee will continue to fulfill the SEC requirement after Mr. Cronin's retirement. The Audit Committee held seven meetings during 2003.

Nominating Committee

The Board is responsible for approving nominees for election as directors. To assist in this task, the Nominating Committee:

establishes criteria for the selection of new directors to serve on the Board;

identifies qualified individuals as candidates for approval by the Board and to stand for election by the shareholders;

conducts appropriate inquiries into the backgrounds and qualifications of potential candidates with the assistance of a professional search firm, if necessary;

reviews and recommends to the Board qualifications for Board membership, composition and size to ensure that the Board has the requisite experience and its membership consists of persons with sufficiently diverse and independent backgrounds;

reviews and recommends to the Board compensation and benefits for directors; and

develops and recommends for Board approval procedures for annual evaluation of the Board and management. In evaluating and determining whether to nominate a candidate for a position on the Company's Board, the Nominating Committee seeks individuals with high professional ethics and values, relevant management and/or business experience and a commitment to enhancing shareholder value. In evaluating candidates for nomination, the Nominating Committee utilizes a variety of methods. The Company regularly assesses the size of the Board, whether any vacancies are expected as a result of retirement or otherwise, and the need for particular expertise on the Board. Candidates may come to the attention of the Nominating Committee from current Board members, shareholders, professional search firms, officers or other persons. The Nominating Committee will review all candidates in the same manner regardless of the source of the recommendation.

Shareholders wishing to communicate with the Nominating Committee concerning potential director candidates may do so by corresponding with the Secretary of the Company at 430 Airport Road, Greeneville, Tennessee 37745, and including the name and biographical data of the individual being suggested. The Nominating Committee held one meeting during 2003.

Messrs. Hanselman and Preslar and Dr. Langley were appointed to the Board on April 12, 2004. They are the only non-employee director nominees for the 2004 Annual Meeting of Shareholders who are standing for

election by the shareholders for the first time. The Nominating Committee paid a professional search firm to identify and evaluate potential director candidates. Through this process, two of the three nominees were identified and recommended to the Board. Dr. Langley was introduced for consideration as a potential candidate by Mr. Campbell. Dr. Langley and Mr. Niswonger previously served together on the board of Landair Corporation from August 1998 until February 2003. The Board approved the recommendation of the Nominating Committee for these three director nominees.

Compensation Committee

The Compensation Committee is responsible for determining the overall compensation levels of certain of the Company's executive officers and administering the Company's employee stock option plan and other employee benefit plans. The Compensation Committee held three meetings during 2003.

Executive Committee

The Executive Committee is authorized to act on behalf of and to carry out the functions of the Board to the extent permitted by law and the Bylaws of the Company.

Shareholder Communications With The Board

Any shareholder who wishes to send communications to the Board or any individual director may do so by writing to the Board of Directors in care of Matthew J. Jewell, Secretary, Forward Air Corporation, 430 Airport Road, Greeneville, Tennessee 37745. All appropriate communication will then be forwarded by the Secretary to the Board of Directors or the individual Board member. Your letter should indicate that you are a shareholder.

Compensation of Directors

Employee directors of the Company do not receive additional compensation for serving as members of the Board of Directors or on any committee thereof. During 2003, in lieu of an annual retainer, non-employee directors were paid a fee of \$1,500 for each Board meeting and \$1,500 for each committee meeting attended, together with reasonable traveling expenses. No additional fee was paid for committee meetings held on the same day as Board meetings.

The Company's Non-Employee Director Stock Option Plan (the Director Plan) provides that on the first business day following each Annual Meeting of Shareholders each non-employee director is automatically granted an option for the purchase of 7,500 shares of common stock at an exercise price equal to the closing sales price of the common stock on the date of grant. On May 20, 2003, James A. Cronin, III, Robert Keith Gray and Ray A. Mundy were granted 7,500 options at an exercise price of \$23.35 per share. See Proposal 2, Approval of Amendment to the Non-Employee Director Stock Option Plan.

Certain Relationships and Related Transactions

2003 Option Grants, Aggregated Option Exercises and Option Values

During 2003, the Company awarded stock options to two of the Named Executive Officers as set forth in the following table. The Company has not granted and does not have any Stock Appreciation Rights outstanding.

Option Grants in Last Fiscal Year

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (2)		
	Number of Securities Underlying Options Granted (1)	Percent of Total Options Granted to Employees in Last Year	Exercise or Base Price (\$/Share)	Expiration Date	0%	5%	10%
Bruce A. Campbell	120,000	53.33%	\$19.87	02/07/13	\$ -0-	\$1,345,117	\$3,554,233

Andrew C. Clarke	30,000	13.33	19.87	02/07/13	-0-	336,279	888,558

(1) All options listed were granted pursuant to the 1999 Stock Option and Incentive Plan (the Plan). Option exercise prices are defined in the Plan as the average closing bid and ask price on the last trading date preceding the grant date.

(2) Potential realizable values are based on assumed annual rates of return specified by SEC rules. The Company's management has consistently cautioned shareholders and option holders that such increases in values are based on speculative assumptions and should not inflate expectations of the future value of their holdings.

Aggregated Option Exercises In Last Fiscal Year And Fiscal Year-End Option Values

The following table sets forth the year-end aggregated option exercises and the year-end value of unexercised options held by two of the Named Executive Officers.

- (1) Represents the closing price for the common stock on December 31, 2003 of \$27.50 less the exercise price for all outstanding exercisable and unexercisable options for which the exercise price is less than the December 31, 2003 closing price. Exercisable options have been held at least one year from the date of grant.

Employment Agreements, Termination of Employment and Change-in-Control Arrangements

The Company has an employment agreement that expires in October 2006 with Bruce A. Campbell, the Company's President and Chief Executive Officer. Mr. Campbell's annual base salary under the agreement is \$300,000. Upon certain circumstances, including upon early involuntary termination of Mr. Campbell's employment with the Company, the Company may be obligated to pay Mr. Campbell an amount equal to his annual base salary for one year, including any earned and unpaid bonus of up to 50% of his annual base salary, and health insurance payments for one year. In addition to his base salary, in 2003 Mr. Campbell was granted options to purchase up to 120,000 and 30,000 shares of common stock at \$19.87 and \$30.31 per share, respectively. The 30,000 options granted to Mr. Campbell concurrently with the effective date of the employment agreement vest equally over three years; however, they may not be exercised during his employment with the Company. No stock options were granted to Mr. Campbell in 2000, 2001 or 2002. Mr. Campbell is eligible for participation in the Company's cash incentive and other benefit plans. Mr. Campbell is also bound by the terms of a non-competition agreement entered into in connection with the employment agreement.

In the event of a Change-in-Control (as defined in the employment agreement) which results in the termination of Mr. Campbell's employment, he immediately is entitled to (i) an amount equal to his annual base salary, payable in installments over the 24 months following the date of the Change-in-Control; (ii) payment of the maximum amount earned as a year-end bonus; (iii) any earned and unpaid bonus for prior calendar years, accrued and unpaid vacation pay, unreimbursed expenses and any other benefits owed under any written employee benefit plan or policy of the Company; (iv) the vested portion of his stock options and the acceleration and immediate vesting of the unvested portion of his stock options; and (v) continued coverage under the Company's employee medical and life insurance plans for the 12 month period following the date of the Change-in-Control. Mr. Campbell would have two years from the date of the Change-in-Control to exercise all vested stock options.

In the event of a Change-in-Control involving the continued employment of Mr. Campbell, he will be entitled to compensation and benefits consistent with the terms of the employment agreement.

Compensation Committee Interlocks and Insider Participation

Since May 2003, the Compensation Committee was comprised of three independent non-employee directors, James A. Cronin, III, Robert Keith Gray and Ray A. Mundy. Prior to May 2003, Scott M. Niswonger, Chairman of the Board, served on the Compensation Committee. See Certain Relationships and Related Transactions.

Compensation Committee Report on Executive Compensation

The Company's general compensation policies on executive officer compensation are administered by the Compensation Committee; however, the Compensation Committee submits its determinations to the full Board for its comments and concurrence. Since May 2003, all members of the Compensation Committee were independent non-employee directors. It is the responsibility of the Compensation Committee to determine whether the executive compensation policies are reasonable and appropriate to meet their stated objectives and effectively serve the best interests of the Company and its shareholders.

The three components of executive officer compensation are base salary, annual bonus incentive awards and stock option grants. In addition to the Compensation Committee's determinations on base salary, bonus incentive awards and stock option grants, the Compensation Committee administers the Company's employee

stock purchase plan and two stock option and incentive plans and determines the options to be granted to executive officers.

The Company believes that its executive compensation policy should be reviewed annually and should be reviewed in light of the Company's financial performance, annual budget, position within its industry sector and the compensation policies of similar companies in its business sector. The Compensation Committee believes that in addition to corporate performance, it is appropriate to consider, in setting and reviewing executive compensation, the level of experience and the responsibilities of each executive as well as the personal contributions a particular individual may make to the success of the corporate enterprise. Such qualitative factors are taken into account in considering levels of compensation and are applied subjectively by the Compensation Committee.

The Company has an employee cash incentive plan, which provides for quarterly or annual cash incentive payments to employees based on the Company's results of operations. The goals of the cash incentive plan are established based on operating plans for the year, and amounts payable under the cash incentive plan are determined based on the results of the Company's operations. The amount of the cash incentives paid under the cash incentive plan are determined annually by the Board.

In February 2004, the Board approved, subject to shareholder approval, the Compensation Committee's recommendation that the number of authorized shares issuable under the 1999 Stock Option and Incentive Plan (the 1999 Plan) be increased from 1,500,000 to 3,000,000 shares of common stock. This increase is necessary to continue to be able to offer new options to executive officers and key employees. In 2003, stock options totaling 225,000 were granted under the 1999 Plan and 215,651 remained available for future grants at December 31, 2003. The Company's 1992 Stock Option and Incentive Plan provided for issuance of up to 3,000,000 shares of common stock, but further grants under the 1992 Plan ceased upon its expiration in 2002. At December 31, 2003, 217,319 options remained outstanding under the 1992 Plan.

The Company also has an employee stock purchase plan under which all executive officers are entitled to participate unless they own five percent or more of the total outstanding common stock.

The Compensation Committee utilizes the same philosophy to determine the compensation of the Company's Chief Executive Officer and its other executive officers.

Section 162(m) of the Internal Revenue Code of 1986, as amended and any successor thereto (the Code), was enacted as part of the 1993 Omnibus Budget Reconciliation Act and generally disallows a corporate deduction for compensation over \$1,000,000 paid to the Company's Chief Executive Officer or any other of the four most highly compensated officers. The Compensation Committee continues to analyze the potential impact of this limitation. Under the regulations and the transition rules of the Code, executive compensation pursuant to the 1992 Stock Option Plan and the 1999 Stock Option and Incentive Plan is expected to qualify as performance based compensation and therefore be excluded from the \$1,000,000 limit. Other forms of compensation provided by the Company, however, are not excluded from the limit. The Compensation Committee currently anticipates that substantially all compensation to be paid in future years will be deductible under Section 162(m) because of the present levels of executive officer compensation. In any event, the Compensation Committee believes that performance based compensation is desirable and can be structured in a manner to qualify as performance based compensation under Section 162(m).

Audit Committee Report

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee's function is more fully described in its charter, which the Board has adopted and is included as Appendix I to this Proxy Statement. The Committee reviews the charter on an annual basis. The Board annually reviews the definition of independence under the NASD listing standards for audit committee members and has determined that each member of the Committee meets that standard.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Company's independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

The Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2003 with the Company's management and has discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards Board Standard No. 61, as amended, Communication with Audit Committees. In addition, Ernst & Young LLP has provided, and the Audit Committee has received, written disclosures and the letter required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the SEC.

In addition, the Audit Committee has discussed with Ernst & Young, LLP, their independence from management and the Company and considered the compatibility of non-audit services with Ernst & Young, LLP's independence.

Independent Auditors

The Board, acting upon the recommendation of the Audit Committee, has appointed the independent public accounting firm of Ernst & Young LLP to serve as the Company's independent auditors for 2004. A representative of Ernst & Young LLP is not expected to be present at the Annual Meeting, and thus, is not expected to make a statement or be available to respond to appropriate questions.

The fees billed by Ernst & Young LLP for services rendered to the Company and its subsidiaries in 2003 and 2002 were as follows:

	<u>2003</u>	<u>2002</u>
Audit Fees (1) (2)	\$315,290	\$169,250
Audit-Related Fees (3)	33,200	15,685
Tax Fees (3)	103,111	121,494
All Other Fees (3)		

-
- (1) Includes fees and expenses related to the audit and interim reviews for the fiscal year notwithstanding when the fees and expenses were billed or when the services rendered.
- (2) Includes fees of \$125,540 associated with the sale of 2,200,000 shares of Company common stock by Scott M. Niswonger in November 2003. Mr. Niswonger reimbursed the Company for one-third of this expense.
- (3) Includes fees and expenses for services rendered from January through December of the fiscal year notwithstanding when the fees and expenses were billed.

Pre-Approval Policies and Procedures

On February 4, 2004, the Audit Committee adopted a policy that requires advance approval of all audit, audit-related, tax services and other services performed by the independent auditor. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. The Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. During 2003 and as of the date of this Proxy Statement, the Audit Committee pre-approved all of these services.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board, acting upon the recommendation of the Audit Committee, has appointed the independent public accounting firm of Ernst & Young LLP to serve as the Company's independent auditors for 2004. As in the past, the Board has determined that it would be desirable to request ratification of its appointment by the shareholders of the Company. If the shareholders do not ratify the appointment of Ernst & Young LLP, the appointment of independent public accountants will be reconsidered by the Board.

A representative of Ernst & Young LLP is not expected to be present at the Annual Meeting, and thus, is not expected to make a statement or be available to respond to appropriate questions.

This Proposal will be approved if the votes cast in favor of the Proposal exceed the votes cast against it. Unless otherwise directed therein, the proxies solicited hereby will be voted for approval of Ernst & Young LLP.

The Board of Directors recommends that shareholders vote FOR ratification of appointment of Ernst & Young LLP as independent auditors for the Company for 2004.

PROPOSAL 3 APPROVAL OF AMENDMENT TO THE 1999 STOCK OPTION AND INCENTIVE PLAN

Effective February 5, 1999, the Company adopted the 1999 Stock Option and Incentive Plan (the "1999 Plan") for grants of options and other incentive awards to attract, retain and reward officers and other key employees. The Company's shareholders approved the 1999 Plan on May 18, 1999. At this year's Annual Meeting, shareholders are being asked to approve an amendment (the "Amendment") to the 1999 Plan adopted by the Board effective February 5, 2004, subject to shareholder approval, in order to maintain the plan as a continuing source of employee incentives.

Currently, the 1999 Plan provides that 1,500,000 shares of the Company's common stock be reserved for the grant of incentive awards. The Amendment, if approved by shareholders, would increase the number of shares of common stock available for issuance under the 1999 Plan to 3,000,000. As of March 10, 2004, an aggregate of 3,526 shares of the Company's common stock remained available. Other provisions of the Amendment correct typographical errors and clarify the tax treatment of incentive stock options in the event an employee terminates employment but remains as a non-employee director.

The following description of the principal features of the 1999 Plan and the Amendment is qualified in its entirety by reference to the applicable provisions of the documents. Please write to the Secretary at the address on the cover of this Proxy Statement to request a copy of the 1999 Plan. The full text of the Amendment is attached to this Proxy Statement as Appendix II.

If the Company's shareholders do not approve the Amendment, the 1999 Plan will terminate when all currently available shares have been granted in the form of options or other awards. In this event, the Company will not possess a means that directly links the interests of its management employees to the performance of the Company. As of the date of this Proxy Statement, no awards have been made regarding the additional 1,500,000 shares authorized by the Amendment.

Summary of Material Provisions of the 1999 Plan and the Amendment

Under the 1999 Plan, officers and other key employees as well as key consultants may be eligible to receive awards of stock options, stock appreciation rights and restricted stock. Options granted under the 1999 Plan may be incentive stock options ("ISOs"), within the meaning of Section 422 of the Code, or nonqualified stock options ("NQSOs"). Stock Appreciation Rights ("SARs") may be granted simultaneously with the grant of an option or (in the case of NQSOs) at any time during its term. Restricted stock may be granted in addition to or in lieu of any other award granted under the 1999 Plan.

Currently, the 1999 Plan provides that awards may be granted covering up to 1,500,000 shares of common stock and limits the number of shares with respect to which awards (including options, SARs and restricted stock) may be granted to any individual to no more than 300,000 shares in any year. These share amounts are subject to antidilution and similar adjustments resulting from a stock split, combination of shares, recapitalization, or similar changes and reflect a two-for-one stock split of the common stock on March 19, 1999 and a three-for-two stock split of the common stock on January 28, 2000. Unless the 1999 Plan is terminated earlier by the Company's Board of Directors, awards may be granted for a period of ten years from February 5, 1999.

The 1999 Plan is administered by the Compensation Committee, which is comprised solely of independent non-employee directors. Subject to the provisions of the 1999 Plan, the Compensation Committee determines the type of award, when and to whom awards are granted, and the number of shares covered by each award. The Compensation Committee has sole discretionary authority to interpret the 1999 Plan and to adopt rules and

regulations related thereto. In determining the persons to whom awards shall be granted and the number of shares covered by each award, the Compensation Committee takes into account the contribution to the management, growth and profitability of the business of the Company by the respective persons and such other factors as the Compensation Committee deems relevant.

The Compensation Committee determines, in its sole discretion, the purchase price of the shares of common stock covered by an option and the kind of consideration payable with respect to any awards; provided, however, that in the case of the ISOs, the price must not be less than the Fair Market Value (as defined in the 1999 Plan) on the date of grant, and provided further that the option price must be 110% of the Fair Market Value in the case of the ISOs granted to Ten Percent Stockholders (as defined in the 1999 Plan). The Compensation Committee may provide for the payment of the option price in cash, by delivery of shares of common stock having a Fair Market Value equal to such option price, by a combination thereof or by any other method in accordance with the terms of the option agreements. The 1999 Plan contains special rules governing the time of exercise in the case of death, disability, or other termination of employment and also provides for acceleration of the exercisability of options in the event of a Change-in-Control (as defined in the 1999 Plan).

Awards granted under the 1999 Plan become immediately exercisable or otherwise nonforfeitable in full in the event of a Change-in-Control of the Company, notwithstanding specific terms of the awards providing otherwise. Furthermore, with respect to stock options granted under the 1999 Plan, following a Change-in-Control, the Compensation Committee may, in its discretion, permit the cancellation of such options in exchange for a cash payment in an amount per share equal, generally, to the difference between the highest Fair Market Value per share of common stock during the 60 day period preceding the Change-in-Control and the exercise price. A Change-in-Control is defined in the 1999 Plan to include, among other things, (i) the acquisition of securities representing a majority of the combined voting power of all classes of capital stock by any person (other than the Company and other related entities); (ii) the approval by the shareholders of a merger or consolidation of the Company into or with another entity (with certain exceptions), the sale or other disposition of all or substantially all of the Company's assets, or the adoption of a plan of liquidation; or (iii) a change in the composition of the Board of Directors in any two-year period such that individuals who were Board members at the beginning of such period cease to constitute a majority thereof (with certain exceptions).

The 1999 Plan also permits the Compensation Committee to grant SARs with respect to all or any portion of the shares of common stock covered by options. Each SAR will confer a right to receive an amount with respect to each share subject thereto, upon exercise thereof, equal to the excess of (i) the Fair Market Value of one share of common stock on the date of exercise over (ii) the grant price of the SAR. The grant price of any SAR granted in tandem with an option will be equal to the exercise price of the underlying option, and the grant price of any other SAR will be such price as the Compensation Committee determines. The Compensation Committee may, in its sole discretion, condition the exercise of any SAR upon the attainment of specified Performance Goals (as defined below).

The 1999 Plan also provides for the grant of restricted stock awards, which are awards of common stock that may not be transferred or otherwise disposed of, except by will or the laws of descent and distribution, for such period as the Compensation Committee determines (the Restricted Period). The Compensation Committee may also impose such other conditions and restrictions on the shares as it deems appropriate, including the satisfaction of one or more of the following performance criteria: (i) pre-tax income or after-tax income; (ii) operating cash flow; (iii) operating profit; (iv) return on equity, assets, capital or investment; (v) earnings or book value per share; (vi) sales or revenue; (vii) operating expenses; (viii) common stock price appreciation; and (ix) implementation or completion of critical projects or processes (the Performance Goals). The Performance Goals may include a threshold level of performance below which no payment will be made (or no vesting will occur), levels of performance at which specified payments will be made (or specified vesting will occur), and a maximum level of performance above which no additional payment will be made (or at which

full vesting will occur). Each of the Performance Goals will be determined, to the extent applicable, in accordance with generally accepted accounting principles and will be subject to certification by the Compensation Committee; provided, that the Compensation Committee will have the authority to make equitable adjustments to the Performance Goals in recognition of unusual or non-recurring events affecting the Company. The Compensation Committee may provide that such restrictions will lapse with respect to specified percentages of the awarded shares on successive future dates.

During the Restricted Period, the grantee will be entitled to receive dividends with respect to, and to vote the shares awarded to him or her. If, during the Restricted Period, the grantee's continuous employment with the Company terminates for any reason, any shares remaining subject to restrictions will be forfeited, unless otherwise determined by the Compensation Committee. The Compensation Committee has the authority to cancel any or all outstanding restrictions prior to the end of the Restricted Period, including cancellation of restrictions in connection with certain types of termination of employment.

The Company's Board of Directors may at any time and from time to time suspend, amend, modify or terminate the 1999 Plan; provided, however, that no amendment that requires shareholder approval in order for the 1999 Plan to continue to comply with Section 162(m) of the Code or any other applicable law will be effective unless and until such amendment has received the requisite approval by the Company's shareholders.

Certain U.S. Federal Income Tax Consequences

The following is a brief summary of certain U.S. federal income tax aspects of options awarded under the 1999 Plan based upon the federal income tax laws in effect on the date of this Proxy Statement. This summary is not intended to be exhaustive and the exact tax consequences to any grantee will depend upon his or her particular circumstances and other facts. The plan participants must consult their tax advisors with respect to any state, local and foreign tax considerations or particular federal tax implications of options granted under the 1999 Plan.

Incentive Stock Options. Neither the grant nor the exercise of an ISO will result in taxable income to the employee. The tax treatment on sales of shares of common stock acquired upon exercise of an ISO depends on whether the holding period requirement is satisfied. The holding period is met if the disposition of the shares by the employee occurs (i) at least two years after the date of grant of the option; (ii) at least one year after the date the shares were transferred to the employee; and (iii) while the employee remains employed by the Company or not more than three months after his or her termination of employment (or not more than one year in the case of a disabled employee). If the holding period requirement is satisfied, the excess of the amount realized upon sale of the shares of common stock acquired upon the exercise of the ISO over the price paid for these shares will be treated as a long-term capital gain. If the employee disposes of the common stock acquired upon the exercise of the ISO before the holding period requirement is met (a disqualifying disposition), the excess of the fair market value of the shares on the date of exercise or, if less, the fair market value on the date of disposition, over the exercise price will be taxable as ordinary compensation income to the employee at the time of disposition, and the Company will be entitled to a corresponding deduction. The balance of the gain, if any, will be a capital gain for the employee. Any capital gain recognized by the employee will be a long-term capital gain if the employee's holding period for the shares of common stock at the time of disposition is more than one year.

Although the exercise of an ISO will not result in taxable income to the employee, the excess of the fair market value of the common stock on the date of exercise over the exercise price will be included in the employee's alternative minimum taxable income under the Code.

Nonqualified Stock Options. There will be no federal income tax consequences to the Company or to the grantee upon the grant of a NQSO under the 1999 Plan. However, upon the exercise of a NQSO under the 1999 Plan, the grantee will recognize ordinary compensation income for federal income tax purposes in an amount equal to the excess of the fair market value of the shares of common stock purchased over the exercise price. The Company will generally be entitled to a tax deduction at such time and in the same amount that the employee recognizes ordinary income. If the shares of common stock so acquired are later sold or exchanged, the difference between the amount realized from such sale or exchange and the fair market value of such stock on the date of exercise of the option is generally taxable as long-term or short-term capital gain or loss depending upon whether the shares of common stock have been held for more than one year after such date.

Exercise with Shares. A grantee who pays the exercise price upon exercise of an ISO or NQSO, in whole or in part, by delivering shares of common stock already owned by him or her will recognize no gain or loss for federal income tax purposes to the extent of the fair market value of the shares surrendered, but with respect to shares received in excess of such exercise price, a grantee will recognize ordinary compensation income equal to the fair market value of such shares. Shares of common stock acquired upon exercise that are equal in number to the shares surrendered will have a tax basis equal to the tax basis of the shares surrendered, and (except as noted below with respect to disqualifying dispositions) the holding period of such shares will include the holding period of shares surrendered. In the case of a NQSO, the basis of additional shares received upon exercise of the NQSO will be equal to the fair market value of such shares on the date of exercise, and the holding period for such additional shares will commence on the date the option is exercised. In the case of an ISO, the tax basis of the additional shares received will be zero, and the holding period of such shares will commence on the date of exchange. If any of the shares received upon exercise of the ISO are disposed of within two years of the date of the grant of the ISO or within one year after exercise, the shares with the lowest (i.e., zero) basis will be deemed to be disposed of first, and such disposition will be a disqualifying disposition giving rise to ordinary income as previously discussed above.

Stock Appreciation Rights. No income will be realized by a participant in connection with the grant of a SAR. When the SAR is exercised, the participant will generally be required to include as taxable ordinary income in the year of exercise, an amount equal to the amount of cash and the fair market value of any shares received. The Company will be entitled to a deduction at the time and in the amount included in the participant's income by reason of the exercise. If the participant receives common stock upon exercise of a SAR, the post-exercise appreciation or depreciation will be treated in the same manner discussed above under Nonqualified Stock Options.

Restricted Stock. A participant receiving restricted stock generally will recognize ordinary income in the amount of the fair market value of the restricted stock at the time the stock is no longer subject to forfeiture, less the consideration paid for the stock. However, a participant may elect, under Section 83(b) of the Code within 30 days of the grant of the stock, to recognize taxable ordinary income on the date of grant equal to the excess of the fair market value of the shares of restricted stock (determined without regard to the restrictions) over the purchase price of the restricted stock. Thereafter, if the shares are forfeited, the participant will be entitled to a deduction, refund or loss, for tax purposes only, in an amount equal to the purchase price of the forfeited shares regardless of whether she or he made a Section 83(b) election. With respect to the sale of shares after the forfeiture period has expired, the holding period to determine whether the participant has long-term or short-term capital gain or loss generally begins when the restriction period expires and the tax basis for such shares will generally be based on the fair market value of such shares on such date. If the participant makes an election under Section 83(b), however, the holding period will commence on the date of grant, the tax basis will be equal to the fair market value of shares on such date (determined without regard to restrictions), and the Company generally will be entitled to a deduction equal to the amount that is taxable as ordinary income to the participant in the year that such income is taxable.

Dividends and Dividend Equivalents. Dividends paid on restricted stock generally will be treated as compensation that is taxable as ordinary income to the participant, and will be deductible by the Company. If the participant makes a Section 83(b) election, however, the dividends will be taxable as ordinary income to the participant but will not be deductible by the Company.

Other Stock-Based Awards. The federal income tax treatment of other stock-based awards will depend on the nature of any such award and the restrictions applicable to such award. Such an award may, depending on the conditions applicable to the award, be taxable as an option, an award of restricted stock, or in a manner not described herein.

The 1999 Plan is not intended to be a qualified plan under Section 401(a) of the Code.

1999 Plan Benefits

The Company cannot determine the number of options or other awards to be received in the future by the Named Executive Officers, all current executive officers as a group or all employees (including current officers who are not executive officers) as a group, as a result of the proposed increase in the number of shares available under the 1999 Plan, or what amounts would have been received by any person or group of persons during the year ended December 31, 2003 if the proposed increase in the number of shares available under the 1999 Plan had been in effect. Non-employee directors are not eligible for awards under the 1999 Plan.

The Amendment will be approved and adopted by the shareholders if the votes cast in favor of the Amendment exceed the votes cast against it. Unless contrary instructions are received, shares of the common stock represented by duly executed proxies will be voted in favor of the approval and adoption of the Amendment.

The Board recommends that the shareholders vote FOR approval of the Amendment to the 1999 Stock Option and Incentive Plan.

PROPOSAL 4 APPROVAL OF AMENDMENT TO THE NON-EMPLOYEE DIRECTOR STOCK OPTION PLAN

Effective May 15, 1995, the Company adopted the Non-Employee Director Stock Option Plan (the Director Plan) for stock option grants to purchase the Company's common stock to attract and retain well-qualified persons for service as directors of the Company and to provide directors with an opportunity to increase their ownership in the Company and thereby increase their personal interest in the Company's success. The Company's shareholders approved the Director Plan on May 21, 1996. At this year's Annual Meeting, shareholders are being asked to approve an amendment (the NED Amendment) to the Director Plan adopted by the Board effective February 5, 2004, subject to shareholder approval, in order to maintain the plan as a continuing source of director incentives.

Currently, the Director Plan provides that 360,000 shares of the Company's common stock be reserved for the grant of stock options. The NED Amendment, if approved by shareholders, would increase the number of shares of common stock available for issuance under the Director Plan to 700,000. As of March 10, 2004, an aggregate of 30,000 shares of the Company's common stock remained available. Other provisions of the NED Amendment convey administrative authority of the Director Plan to the Board.

The following description of the principal features of the Director Plan and the NED Amendment is qualified in its entirety by reference to the applicable provisions of the documents. Please write to the Secretary at the address on the cover of this Proxy Statement to request a copy of the Director Plan. The full text of the NED Amendment is attached to this Proxy Statement as Appendix III.

If the Company's shareholders do not approve the NED Amendment, the Director Plan will terminate when all currently available shares have been granted in the form of options or other awards. In this event, the Company will not possess a compensation arrangement that directly links the interests of its directors to the performance of the Company. As of the date of this Proxy Statement, no awards have been made regarding the additional 340,000 shares authorized by the NED Amendment.

Summary of Material Provisions of the Director Plan and the NED Amendment

Currently, the Director Plan provides that awards may be granted covering up to 360,000 shares of common stock. The Director Plan provides that the number of shares authorized for issuance be adjusted in the event of certain changes in the capital structure of the Company. The 360,000 shares reflect a two-for-one stock split of the common stock on March 19, 1999 and a three-for-two stock split of the common stock on January 28, 2000.

Under the Director Plan, on the first business day following each Annual Meeting of Shareholders each non-employee director is granted an option for the purchase of 7,500 shares of common stock at an exercise price equal to the closing sales price of the common stock on the date of grant. The options become exercisable in two equal installments on the first and second anniversaries of the date of grant.

If a participant's service with the Company terminates because of the participant's death or disability, the options granted to such participant will be exercisable for a period of one year thereafter (subject to expiration as described below). If a participant's service with the Company terminates for any other reason, all options granted to the participant which are not then exercisable shall be canceled, and the remaining options will continue to be exercisable for a period of 90 days following termination of service (subject to expiration as described below). All options will expire on the tenth anniversary of the date of grant if not earlier exercised or canceled.

No options may be transferred by the optionee except by will or by the laws of descent and distribution. Options are exercisable during the optionee's lifetime only by the optionee.

In the event of a Change-in-Control (as defined below), all options awarded under the Director Plan not previously exercisable and vested will become fully exercisable and vested. The value of all options will be cashed out on the basis of the Change-in-Control Price (as defined below) as of the date of such Change-in-Control, except that in the case of any options held by persons who are subject to Section 16(b) of the Exchange Act, options will only be cashed out to the extent that options have been held for at least six months and the Change-in-Control is outside the control of the grantee for purposes of Rule 16b-3(e)(3) under the Exchange Act.

A Change-in-Control is defined as (i) any change in control that would be required to be reported in response to any form or report to the SEC or any stock exchange on which the Company's shares are listed, (ii) the acquisition by any person (other than the Company, any subsidiary of the Company or any employee benefit plan of the Company or any of its subsidiaries) of beneficial ownership of securities of the Company representing 40% or more of the combined voting power of the Company or (iii) a change in the Board of Directors of the Company if, as a result of such change, the persons who were the members of the Board two years prior to such change cease to constitute at least a majority of the members of the Board of Directors. Persons who were elected by or on the recommendation or approval of at least three-quarters of the members of the Board who were in office at the beginning of such period are deemed to have been in office during the two year period for purposes of this provision. The Change-in-Control Price is defined as the highest price per share paid for the common stock in any transaction reported on The Nasdaq Stock Market or any other

exchange or market that is the principal trading market for the common stock or any other bona fide transaction relating to the Change-in-Control during the 60 days prior to the Change-in-Control.

Options granted under the Director Plan are non-qualified stock options under the Code. No income will be recognized for federal income tax purposes by the participant at the time the option is granted, but participants will generally recognize ordinary income at the time of exercise of an option in an amount equal to the difference between the fair market value of the shares on the date of exercise and the option exercise price. The Company will be entitled to a tax deduction in the amount recognized as income by the participant on exercise. Upon disposition of the shares, any appreciation or depreciation after the date of exercise is treated as short-term or long-term capital gain or loss, depending on the length of time the participant has held the shares.

The Board may at any time amend, rescind or terminate the Director Plan, except to the extent provided below. No change may be made to any option previously made under the Director Plan which would impair the option holder's rights without his or her consent. Without the approval of the shareholders of the Company, the Director Plan may not be amended to: (i) materially increase the number of shares reserved under the plan (except pursuant to certain changes in the capital structure of the Company) or materially increase the benefits accruing to participants under the plan, (ii) materially change the requirements for eligibility under the plan or (iii) materially modify the method of determining the number of options to be granted under the plan (except pursuant to certain changes in the capital structure of the Company). The Director Plan may not be amended more than once every six months, except as required for compliance with the Code or the rules thereunder. No change to any option previously granted under the Director Plan may be made without the optionee's consent.

Director Plan Benefits

Since the stock options granted under the Directors Plan are based upon a non-employee director's continued service as a member of the Company's Board, no data can be provided regarding planned future grants. Therefore, the following table sets forth information pertaining to stock options which were granted in 2003 pursuant to the Directors Plan to the non-employee directors named below. The closing trading price of the common stock as reported on The Nasdaq Stock Market on March 10, 2004 was \$32.07 per share.

Directors Plan

Name of Non-Employee Director (1) (2)	Total Number of Options	Dollar Value (3)
James A. Cronin, III (4)	7,500	\$ 31,125
Robert K. Gray	7,500	31,125
Ray A. Mundy	7,500	31,125
Non-employee directors as a group (3 persons in 2003)	22,500	\$ 93,375

- (1) Only non-employee directors of the Company are eligible to receive stock options under the Directors Plan. No stock options are granted to any employee of the Company under the Directors Plan.
- (2) Richard W. Hanselman, C. John Langley, Jr., and B. Clyde Preslar were not non-employee directors of the Company in 2003 and, therefore, are not listed.

- (3) These values are computed by subtracting the option exercise price of \$23.35 for in-the-money options from the closing price of \$27.50 reported on The Nasdaq Stock Market for the common stock on December 31, 2003, and multiplying that figure by the number of in-the-money options.
- (4) Mr. Cronin has informed the Company of his intention to retire from the Board of Directors effective May 18, 2004 and his 2003 grant will expire on that date. None of the options granted to Mr. Cronin in 2003 will have vested at May 18, 2004.

The NED Amendment will be approved and adopted by the shareholders if the votes cast in favor of the NED Amendment exceed the votes cast against it. Unless contrary instructions are received, shares of the common stock represented by duly executed proxies will be voted in favor of the approval and adoption of the NED Amendment.

The Board recommends that the shareholders vote FOR approval of the Amendment to the Non-Employee Director Stock Option Plan.

PROPOSAL 5 APPROVAL OF 2000 OPTION AWARD TO A NON-EMPLOYEE DIRECTOR

On July 18, 2000, in order to meet the independence standards of the Company's Board and Audit Committee membership established by the rules of The Nasdaq Stock Market and the SEC, the Board adopted resolutions increasing and fixing the number of directors to seven and appointed Ray A. Mundy to fill the newly-created independent director position on the Board and on the Audit Committee.

Historically, non-employee directors have received a grant of 15,000 non-qualified options to purchase the Company's common stock upon appointment to the Board. Thereafter, pursuant to the Non-Employee Director Stock Option Plan described in Proposal 3 to this Proxy Statement, on the first business day following each Annual Meeting of Shareholders each non-employee director is granted an option for the purchase of 7,500 shares of common stock at an exercise price equal to the closing sales price of the common stock on the date of grant. The options become exercisable in two equal installments on the first and second anniversaries of the date of grant.

In conjunction with Dr. Mundy's appointment to the Board, and as an inducement, the Board also adopted resolutions granting to Dr. Mundy 15,000 non-qualified options to purchase the Company's common stock at an exercise price of \$36.375 (the "Option Award"). Under the terms of the Non-Qualified Stock Option Agreement (the "Option Agreement") entered into between the Company and Dr. Mundy, the options were scheduled to vest in two equal installments commencing on the first anniversary of the date of grant and expire on the tenth anniversary of the date of grant.

If the Company's shareholders do not approve the Option Award, the Company will be unable to register the 15,000 shares of common stock with the SEC under the Securities Act of 1933, as amended or to list the shares on The Nasdaq Stock Market. Accordingly, in the event Dr. Mundy elects to exercise the options, any shares issued as a result would not be eligible for sale to the public on the open market. As of the date of this Proxy Statement, Dr. Mundy has not exercised any of the options.

The following description of the principal features of the Option Agreement is qualified in its entirety by reference to the applicable provisions of the document. Please write to the Secretary at the address on the cover of this Proxy Statement to request a copy of the Option Agreement. The full text of the Option Agreement is attached to this Proxy Statement as Appendix IV.

Summary of Material Provisions of the Option Agreement

If Dr. Mundy's service with the Company terminates because of death or disability, the options granted under the Option Agreement will be exercisable for a period of one year thereafter (subject to expiration as described below). If Dr. Mundy's service with the Company terminates for any other reason, all of the options granted which are not then exercisable shall be canceled, and the remaining options will continue to be exercisable for a period of 90 days following termination of service (subject to expiration as described below). All options will expire on the tenth anniversary of the date of grant if not earlier exercised or canceled.

No options may be transferred by Dr. Mundy except by will or by the laws of descent and distribution. Options are exercisable during Dr. Mundy's lifetime only by Dr. Mundy.

In the event of a Change-in-Control (as defined below), all options awarded under the Option Agreement not previously exercisable and vested will become fully exercisable and vested. The value of all options will be

cashed out on the basis of the Change-in-Control Price (as defined below) as of the date of such Change-in-Control, except that in the case of any options held by persons who are subject to Section 16(b) of the Exchange Act, options will only be cashed out to the extent that options have been held for at least six months and the Change-in-Control is outside the control of the grantee for purposes of Rule 16b-3(e)(3) under the Exchange Act.

A Change-in-Control is defined as (i) any change in control that would be required to be reported in response to any form or report to the SEC or any stock exchange on which the Company's shares are listed, (ii) the acquisition by any person (other than the Company, any subsidiary of the Company or any employee benefit plan of the Company or any of its subsidiaries) of beneficial ownership of securities of the Company representing 40% or more of the combined voting power of the Company or (iii) a change in the Board of Directors of the Company if, as a result of such change, the persons who were the members of the Board two years prior to such change cease to constitute at least a majority of the members of the Board of Directors. Persons who were elected by or on the recommendation or approval of at least three-quarters of the members of the Board who were in office at the beginning of such period are deemed to have been in office during the two year period for purposes of this provision. The Change-in-Control Price is defined as the highest price per share paid for the common stock in any transaction reported on The Nasdaq Stock Market or any other exchange or market that is the principal trading market for the common stock or any other bona fide transaction relating to the Change-in-Control during the 60 days prior to the Change-in-Control.

Options granted under the Option Agreement are non-qualified stock options under the Code. No income was recognized for federal income tax purposes by Dr. Mundy at the time the option was granted, but he will generally recognize ordinary income at the time of exercise of an option in an amount equal to the difference between the fair market value of the shares on the date of exercise and the option exercise price. The Company will be entitled to a tax deduction in the amount recognized as income by Dr. Mundy on exercise. Upon disposition of the shares, any appreciation or depreciation after the date of exercise is treated as short-term or long-term capital gain or loss, depending on the length of time Dr. Mundy has held the shares.

The Option Award will be approved and adopted by the shareholders if the votes cast in favor of the Option Award exceed the votes cast against it. Unless contrary instructions are received, shares of the common stock represented by duly executed proxies will be voted in favor of the approval and adoption of the Option Award.

The Board recommends that the shareholders vote FOR approval of the 2000 option award to a non-employee director.

Stock Performance Graph

The following graph compares the percentage change in the Company's cumulative shareholder return on its common stock with The Nasdaq Trucking and Transportation Stocks Index and The Nasdaq Stock Market Index commencing December 31, 1998 and ending December 31, 2003. The graph assumes a base investment of \$100 made on December 31, 1998 and the respective returns assume reinvestment of all dividends, including the Company's distribution to shareholders of Landair Corporation common stock effected on September 23, 1998. For the purposes of this graph, the Landair Corporation common stock distribution is treated as a nontaxable cash dividend that would have been converted to additional common stock at the close of business on September 23, 1998. The comparisons in this graph are required by the SEC and, therefore, are not intended to forecast or necessarily be indicative of any future return on the common stock.

Other Matters

The Board of Directors knows of no other matters that may come before the meeting; however, if any other matters should properly come before the meeting or any adjournment thereof, it is the intention of the persons named in the proxy to vote the proxy in accordance with their best judgment.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act and the disclosure requirements of Item 405 of Regulation S-K require the directors and executive officers of the Company, and any persons holding more than ten percent of any class of equity securities of the Company, to report their ownership of such equity securities and any subsequent changes in that ownership to the SEC, The Nasdaq Stock Market and the Company. Based solely on a review of the written statements and copies of such reports furnished to the Company by its executive officers and directors, the Company believes that during 2003 all Section 16(a) filing requirements applicable to its executive officers, directors and shareholders were timely satisfied except that each of Bruce A. Campbell,

Andrew C. Clarke and Matthew J. Jewell inadvertently failed to timely file a Form 4 to report stock option grants received February 7, 2003. Each filed a Form 4 on May 22, 2003 to report the grants.

Deadline for Submission to Shareholders of Proposals to be Presented at the 2005 Annual Meeting of Shareholders

Any proposal intended to be presented for action at the 2005 Annual Meeting of Shareholders by any shareholder of the Company must be received by the Secretary of the Company not later than December 18, 2004 in order for such proposal to be considered for inclusion in the Company's Proxy Statement relating to its 2005 Annual Meeting of Shareholders. Nothing in this paragraph shall be deemed to require the Company to include any shareholder proposal which does not meet all the requirements for such inclusion established by the SEC at the time in effect.

For other shareholder proposals to be timely (but not considered for inclusion in the Proxy Statement for the 2005 Annual Meeting of Shareholders), a shareholder's notice must be received by the Secretary of the Company not later than February 24, 2005 and the proposal and the shareholder must comply with Regulation 14A under the Exchange Act. In the event that a shareholder proposal intended to be presented for action at the next Annual Meeting is not received prior to February 24, 2005, proxies solicited by the Board of Directors in connection with the Annual Meeting will be permitted to use their discretionary voting authority with respect to the proposal, whether or not the proposal is discussed in the Proxy Statement for the Annual Meeting.

Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. This means that only one copy of this Notice of Annual Meeting and Proxy Statement and the 2003 Annual Report may have been sent to multiple shareholders in your household. If you would prefer to receive separate copies of the Proxy Statement or Annual Reports either now or in the future, please contact your bank, broker or other nominee.

The Committee in carrying out its responsibilities believes its policies and procedures should remain flexible in order to best react to changing conditions and circumstances. The Committee should take the appropriate actions to set the overall corporate tone for quality financial reporting, sound business risk practices and ethical behavior.

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Committee may supplement them as appropriate. The Committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the board and the Committee, as representatives of the Company's shareholders. The Committee shall have the ultimate authority and responsibility to select, compensate, evaluate and, where appropriate, replace the independent auditors (or to nominate the independent auditors to be proposed for approval of the Company's shareholders in its proxy statement). The Committee shall discuss with the auditors their objectivity and independence from management and the Company and matters included in the formal written statement required by the Independence Standards Board which delineates all relationships between the independent auditor and the Company. Annually, the Committee shall review and recommend to the board the selection of the Company's independent auditors, subject to shareholders' approval. The Committee will ensure the independence of the outside auditors through the pre-approval of all audit and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to and in accordance with Section 104(i)(1)(B) of the Exchange Act and the Committee's pre-approval policy, as it may be amended from time to time.

The Committee shall discuss with the independent auditors and with Company financial management personnel the overall scope and plans for audits including the scope of the proposed audit for the current year, audit procedures to be utilized, and the adequacy of audit staffing and compensation. At the conclusion thereof, the Committee shall review such audit, including any comments or recommendations of the independent auditors. Also, the Committee shall discuss with management and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. The Committee shall, at least annually, meet with the Company's financial and accounting personnel for a report including the review of any related party transactions and any issues that may affect in any material way the financial reporting process, the financial risks of the Company and the internal control systems of the Company. Further, the Committee periodically should review Company policy statements to determine their adherence to the code of conduct. The Committee shall also monitor and oversee the Company's legal compliance programs and code of business conduct and ethics.

The Committee shall establish procedures for (i) the receipt, retention and treatment of complaints and concerns received by the Company regarding accounting, internal accounting controls or auditing or related matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The Committee shall review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the Committee shall discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards. The chair of the Committee may represent the entire Committee for the purposes of this review.

The Committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders, if distributed prior to the filing of Form 10-K). The Committee shall review with the independent auditor (i) all critical accounting policies and practices to be used; (ii) all alternative treatments of financial information within GAAP that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and (iii) other material written communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences. The Committee shall also discuss with the independent auditors their judgment about the quality, not merely the acceptability, of accounting principles relied upon therein, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements, as well as matters affecting the quality of the Company's financial reporting and the fairness of the presentation in the financial statements of the financial condition and the financial risks of the Company. Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards. Based on such review and discussion, the

The Committee shall review disclosures made to the Committee by the Company's Chief Executive Officer and Chief Financial Officer regarding: (i) any significant deficiencies in the design or operation of internal controls of the Company which could adversely affect the Company's ability to record, process, summarize and report financial data; and (ii) any fraud, material or otherwise, that involves management or other senior personnel.

Section 5(a) of the Plan is amended by deleting such section in its entirety and replacing it with the following new Section 5(a):

(a) Options to purchase up to seven hundred thousand (700,000) shares of Common Stock may be granted hereunder. In the event that any Option granted hereunder expires unexercised or is canceled, surrendered, or terminated without being exercised, in whole or in part, for any reason, then the number of shares of Common Stock theretofore subject to such Option which expired or were canceled, surrendered or terminated without

being exercised shall be added to the remaining number of shares of Common Stock for which Options may be granted hereunder. The Board shall appropriately adjust the number of shares for which Options may be granted pursuant to the Plan in the event of reorganization, recapitalization, stock split, reverse stock split, stock dividend, exchange or combination of shares, merger, consolidation, rights offering, or any change in capitalization of the Company.

3.

Section 5(c) of the Plan is amended by deleting such section in its entirety and replacing it with the following new Section 5(c):

(c) The exercise price per share for each Option granted under the Plan shall be 100% of the Fair Market Value (as defined below) of a share of Common Stock as of the date of grant. Fair Market Value as of a given date for purposes of the Plan and any Option Agreement means (i) the closing sales price for the shares on the NASDAQ-NMS or any national exchange on which shares of Common Stock are traded on such date (or if such market or exchange was not open for trading on such date, the next preceding date on which it was open); or (ii) if the Common Stock is not listed on the NASDAQ-NMS or on an established and recognized exchange, such value as the Board, in good faith, shall determine based on such relevant facts, which may include opinions of independent experts, as may be available to the Board.

4.

All parts of the Plan not inconsistent herewith are hereby ratified and confirmed.

This Amendment to the Plan is adopted to be effective as of the approval of said amendment by the shareholders of the Company, and the Company has caused this Amendment to be executed by its duly authorized officer.

Non-Qualified Stock Option Agreement

To the Optionee (the Optionee) executing the signature page (the Signature Page) to this Non-Qualified Stock Option Agreement (this Agreement).

Dear Non-Employee Director:

This Agreement sets forth the terms under which Forward Air Corporation, a Tennessee corporation (the Company), has awarded you an option to purchase shares of the \$0.01 par value common stock of the Company (the Common Stock). This Agreement, along with the Company's Insider Trading Policy and such additional documents as are furnished by the Company with this Agreement, constitutes the terms and conditions governing the grant of options hereunder.

This will confirm the Agreement between the Company and the Optionee as follows:

1. Grant of Option. The Company grants to the Optionee the right and option (the Option) to purchase all or any part of the number of shares of Common Stock set forth on the Signature Page (the Shares). The Option granted herein is a non-qualified stock option and does not qualify under Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code).

2. Option Price. The option price per Share shall be the Option Price per Share as set forth on the Signature Page (the Option Price), representing one hundred percent (100%) of the Fair Market Value of a share of Common Stock as determined as of the Grant Date set forth on the Signature Page. Fair Market Value as of a given date for purposes of this Agreement means (i) the closing sales price for the shares on the NASDAQ-NMS or any national exchange on which shares of Common Stock are traded on such date (or if such market or exchange was not open for trading on such date, the next preceding date on which it was open); or (ii) if the Common Stock is not listed on the NASDAQ-

NMS or on an established and recognized exchange, such value as the Compensation Committee of the Company (the Committee), in good faith, shall determine based on such relevant facts, which may include opinions of independent experts, as may be available to the Committee.

3. Term of Option. The term of the Option shall commence on the Grant Date and all rights to purchase Shares hereunder shall cease at 11:59 p.m. on the Expiration Date set forth on the Signature Page, subject to earlier termination as provided in this Agreement. Except as may otherwise be provided in this Agreement, the Option granted hereunder may be cumulative and exercised as follows:

(a) Subject to the terms and conditions of this Agreement, the Option shall become exercisable on the dates set forth on the Signature Page, provided that the Optionee continually serves as a director and is neither a full-time employee nor officer of the Company throughout such period as determined under Section 5; provided further, that the Option shall expire on the Expiration Date and must be exercised, if at all, on or before the Expiration Date. The Vesting Schedule for the Option is set forth on the Signature Page.

(b) For the purpose of this Agreement, the Optionee shall be deemed to be eligible for participation in accordance with Section 5. A leave of absence (regardless of the reason therefor) shall be deemed to constitute the cessation of eligible status as of the commencement date of the leave. Accordingly, the Option shall be fully exercisable in accordance with this Section 3, provided the Optionee continues to serve as a non-employee director of the Company or a parent or subsidiary thereof throughout such period to such extent that the Shares are vested.

(c) The Option Price of the Shares as to which the Option shall be exercised shall be paid in full at the time of exercise (i) in cash or by certified check or by bank draft; (ii) by the delivery of previously owned unrestricted shares of Common Stock which shall have an aggregate Fair Market Value determined in accordance with this Agreement equal to the Option Price; (iii) with the prior written consent and approval of the Company, by the execution and delivery of the Optionee's promissory note in the principal amount of the Option Price, with such term, interest rate and other terms and provisions, including, without limitation, requiring the Shares acquired upon exercise to be pledged to the Company to secure payment of the note, as the

Committee may specify; (iv) by cancellation of indebtedness of the Company to the Optionee; (v) by waiver of compensation due or accrued to the Optionee for services rendered; (vi) provided that a public market for the Common Stock exists, through a same day sale commitment from the Optionee and a broker-dealer that is a member of the National Association of Securities Dealers (a NASD Dealer) whereby the Optionee irrevocably elects to exercise his Option and to sell a portion of the Shares so purchased to pay for the Option Price and whereby the NASD Dealer irrevocably commits to forward the Option Price directly to the Company in exchange for receipt of such Shares; (vii) provided that a public market for the Common Stock exists, through a margin commitment from the Optionee and a NASD Dealer whereby the Optionee irrevocably elects to exercise the Option and pledge the Shares so purchased to the NASD Dealer in a margin account as security for a loan from the NASD Dealer in the amount of the Option Price, and whereby the NASD Dealer irrevocably commits upon receipt of such Shares to forward the Option Price directly to the Company, or (viii) any combination of the preceding. Except as provided in Section 5 hereof, the Option may not be exercised at any time unless the Optionee shall have been continuously, from the Grant Date to the date of the exercise of the Option, serving as a non-employee director of the Company or a parent or subsidiary of the Company. Additionally, notwithstanding anything in this Agreement to the contrary, the Option may be exercised at any given time only as to those Shares covered by the Option which have vested at such time, as set forth on the Vesting Schedule. The holder of the Option shall not have any of the rights of a shareholder with respect to Shares covered by the Option until such time, if ever, as such Shares of Common Stock are actually issued and delivered to the Optionee.

(d) If Optionee's service with the Company terminates due to Optionee's death or disability, the Option shall be exercisable for a period of one (1) year thereafter (subject to expiration as provided herein). If Optionee's service with the Company terminates for any other reason, the portion of the Option which is not then exercisable shall be canceled, and the remaining portion shall continue to be exercisable for ninety (90) days thereafter (subject to expiration as provided herein).

(e) To the extent the Shares purchased through the exercise of the Option are not registered under the Securities Act, they may not be sold, assigned, transferred or otherwise disposed of in the absence of an effective registration statement covering the shares, or an available exemption under the Securities Act.

4. Nontransferability. The Option shall not be transferable otherwise than by will or the laws of descent and distribution, and the Option may be exercised, during the lifetime of the Optionee, only by the Optionee. More particularly (but without limiting the generality of the foregoing), the Option may not be assigned, transferred, pledged or hypothecated in any way, shall not be assignable by operation of law and shall not be subject to execution, attachment or similar process. Any attempted assignment, transfer, pledge, hypothecation or other disposition of the Option contrary to the provisions hereof, and the levy of any execution, attachment or similar process upon the Option, shall be null and void and without effect.

5. Termination of Option. This Option shall terminate on the ninety-first (91st) day after the Optionee ceases to be a non-employee director of the Company or a parent or subsidiary of the Company (the Termination Date). The Optionee shall be considered to be a non-employee director of the Company for all purposes under this Section 5 if the Committee determines that the Optionee is rendering substantial services as a part-time non-employee director of the Company or any parent or subsidiary of the Company.

6. Change in Control.

(a) In the event of a Change in Control (as defined below), the portion of the Option not previously exercisable and vested shall become fully exercisable and vested, and, except as otherwise provided in Section 6(d) below, the value of the portion of the Option, to the extent vested, shall be cashed out on the basis of the Change in Control Price (as defined below) as of the date of such Change in Control.

(b) For purposes of this Section 6, a **Change in Control** means the happening of any of the following:

(i) A change in control of a nature that would be required to be reported in response to any form or report to the Securities and Exchange Commission or any stock exchange on which the Company's shares are listed which requires the reporting of a Change in Control of the Company;

(ii) When any person, as such term is used in Sections 13(d) and 14(d) of the Securities and Exchange Act of 1934, as amended (the Exchange Act), (other than the Company or a subsidiary or any Company or subsidiary employee benefit plan (including any trustee of such plan acting as trustee) is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing forty percent (40%) or more of the combined voting power of the Company's then outstanding securities; or

(iii) When, during any period of two (2) consecutive years during the term of this Agreement, the individuals who, at the beginning of such period, constitute the Board of Directors of the Company cease for any reason to constitute at least a majority thereof, provided, however, that a director who was not a director at the beginning of such period shall be deemed to have satisfied the two (2) year requirement if such director was elected by, or on the recommendation of or with the approval of, at least three-quarters of the directors who were directors at the beginning of such period (either actually or by prior operation of this Section 6).

(c) For purposes of this Section 6, **Change in Control Price** means the highest price per share paid for Common Stock in any transaction reported on the NASDAQ-NMS or such other exchange or market as is the principal trading market for the Common Stock, or paid or offered for Common Stock in any bona fide transaction related to a Change in Control of the Company at any time during the sixty (60) day period preceding the date on which a cashout occurs under this Section 6.

(d) In case Optionee is subject to Section 16(b) of the Exchange Act, the value of the Option, in each case to the extent that it is vested and has been held for at least six (6) months, shall be cashed out on the basis of the Change in Control Price as defined in Section 6(c) as of the date such Change in Control is determined to have occurred, but only if the Change in Control is outside the control of the grantee for purposes of Rule 16b-3(e)(3) under the Exchange Act, or any successor provision promulgated by the Securities and Exchange Commission.

7. Adjustments. The number and class of Shares subject to the Option, and the Option Price per Share (but not the total purchase price), and the minimum number of Shares as to which the Option may be exercised at any one time, shall all be proportionately adjusted in the event of any change or increase or decrease in the number of issued shares of Common Stock, without receipt of consideration by the Company, which result from a split-up or consolidation of shares, payment of a share dividend (in excess of two percent (2%)), a recapitalization, combination of shares or other like capital adjustment, so that, upon exercise of the Option, the Optionee shall receive the number and class of shares the Optionee would have received had the Optionee been the holder of the number of shares of Common Stock, for which the Option is being exercised, on the date of such change or increase or decrease in the number of issued shares of Common Stock. Subject to reorganization, merger or consolidation, the Option shall be proportionately adjusted so as to apply to the securities to which the holder of the number of Shares of Common Stock subject to the Option would have been entitled. Adjustments under this Section 7 shall be made by the Committee whose determination with respect thereto shall be final and conclusive. No fractional share shall be issued under the Option or upon any such adjustment.

8. Notice. All notices, requests, consents and other communications hereunder shall be in writing and shall be deemed to have been duly given if delivered or mailed, by United States certified or registered mail, prepaid, to the parties or their assignees, if to the Company, addressed to Forward Air Corporation, Attention: Legal Department, P.O. Box 1058, Greeneville, Tennessee 37744, and if to the Optionee, at the address set forth on the Signature Page (or such other address as shall be given in writing by either party to the other).

9. Method of Exercising Option. Subject to the terms and conditions of this Agreement, the Option may be exercised by written notice to the Company, at its principal office in the State of Tennessee, which is set forth in Section 8 hereof. Such notice shall state the election to exercise the Option and the number of Shares in respect of which it is being exercised and by payment in full of the Option Price pursuant to Section 3 above, and the Company shall deliver a certificate or certificates representing the Shares subject to such exercise as soon as practicable after the notice shall be received. The certificate or certificates for the Shares as to which the Option shall have been so exercised shall be registered in the name of the person so exercising the Option and shall be delivered as provided above to or upon the written order of the person exercising the Option. In the event the Option shall be exercised by any person other than the Optionee in accordance with the terms hereof, such notice shall be accompanied by appropriate proof of right of such person to exercise the Option. All Shares that shall be purchased upon the exercise of the Option as provided herein shall be fully paid and nonassessable. The holder of the Option shall not be entitled to the privileges or share ownership as to any shares of Common Stock not actually issued and delivered to the Optionee.

10. No Agreement to Employ. Nothing in this Agreement shall be construed to constitute or be evidence of any agreement or understanding, express or implied, on the part of the Company to employ or retain the Optionee for any specific period of time.

11. Market Standoff Agreement. The Optionee agrees in connection with any registration of the Company's securities that, upon the request of the Company or the underwriters managing any public offering of the Company's securities, the Optionee will not sell or otherwise dispose of any Shares without the prior written consent of the Company or such underwriters, as the case may be, for a period of time (not to exceed 120 days) from the effective date of such registration as the Company or the underwriters may specify.

12. Stop-Transfer Notices. The Optionee understands and agrees that, in order to ensure compliance with the restrictions referred to herein, the Company may issue appropriate stop-transfer instructions to its transfer agent, if any, and that, if the Company transfers its own securities, it may make appropriate notations to the same effect in its own records.

13. General. The Company shall at all times during the term of the Option reserve and keep available such number of shares of Common Stock as will be sufficient to satisfy the requirements of this Agreement, shall pay all original issue and transfer taxes with respect to the issue and transfer of shares pursuant hereto and all other fees and expenses necessarily incurred by the Company in connection therewith, and will from time to time use its best efforts to comply with all laws and regulations, which, in the opinion of counsel for the Company, shall be applicable thereto.

If the foregoing correctly sets forth your understanding of the terms and conditions governing the subject matter of this Agreement, please sign this Signature Page to this Agreement in the place indicated and return it to the corporate office.

Very truly yours,
