Item 2.01 Completion of Acquisition or Disposition of Assets

This Current Report on Form 8-K/A (the Amendment) amends and supplements the Current Report on Form 8-K filed by Healthcare Realty Trust Incorporated (the Company) on December 31, 2008, in which the Company reported the completion of its acquisition of 15 medical office buildings from the Charlotte-Mecklenburg Hospital Authority and certain of its affiliates (collectively, CHS), as described more fully below. This Amendment is being filed to include the historical financial statements and pro forma financial information described in Items 8.01 and 9.01 below which are incorporated by reference herein.

Item 8.01. Other Events

On December 29, 2008, HR of Carolinas, LLC, a subsidiary of the Company, acquired a portfolio of 15 medical office buildings from CHS for \$162.1 million, including ground lease prepayments of \$8.3 million (the CHS Properties). The portfolio includes nearly 765,000 square feet of on- and off-campus properties which are located in or around Charlotte, North Carolina and are over 90% occupied. CHS signed approximately 75 leases at closing, representing approximately 71% of the rentable square feet in the portfolio. These CHS leases have staggered lease terms with a weighted average term of approximately 10 years. The weighted average remaining lease term for the non-CHS portion of leased space is five years. CHS is the third largest public health system in the United States and owns, leases and manages approximately 23 hospitals, and operates facilities with approximately 5,000 patient beds. In November 2008 and January 2009, pursuant to purchase and sale agreements executed in September 2008, the Company acquired the remaining interests in two joint ventures, which own six on-campus buildings in Washington and Oregon, for approximately \$18.6 million (the Unico Properties). At September 30, 2008, the Company had a \$10.8 million net equity investment in the two joint ventures and accounted for its investments under the equity method. With the acquisitions, the Company owns 100% of the membership interest in the joint ventures, including the joint ventures outstanding debt of approximately \$62.2 million which has a weighted average interest rate of 5.8% and maturities beginning in 2015. In connection with the acquisitions, the Company entered into an agreement to sell one of the six buildings in the first quarter of 2009 for approximately \$5.4 million, plus the assumption of debt (\$5.5 million at December 31, 2008). The remaining five buildings include approximately 293,000 square feet and are approximately 99% occupied with lease expirations ranging from 2013 through 2028.

In accordance with Rule 3-14 of Regulation S-X of the Securities and Exchange Commission, the Company is providing combined historical statements of revenues and certain direct operating expenses of the properties discussed above, which represents a majority of the real estate properties acquired by the Company during the fiscal year ending December 31, 2008 or probable to be acquired. The audited combined historical statements of revenues and certain direct operating expenses are not necessarily representative of the entire results of the properties for the periods presented as certain expenses as described in the notes thereto have been excluded, and may not be indicative of future operations.

Report of Independent Auditors

Board of Directors and Stockholders
Healthcare Realty Trust Incorporated
Nashville, Tennessee

We have audited the accompanying Combined Historical Statement of Revenues and Certain Direct Operating Expenses for the year ended December 31, 2007 of the 15 medical office buildings (the Properties) acquired pursuant to the purchase agreement dated November 4, 2008 between HR of Carolinas, LLC, an affiliate of Healthcare Realty Trust Incorporated, and The Charlotte-Mecklenburg Hospital Authority and certain of its affiliates. This financial statement is the responsibility of The Charlotte-Mecklenburg Hospital Authority management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Charlotte-Mecklenburg Hospital Authority's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying financial statement was prepared for the purpose of complying with the rules and regulations of the United States Securities and Exchange Commission as described in Note 2 and is not intended to be a complete presentation of the Properties' revenues and expenses.

In our opinion, the Combined Historical Statement of Revenues and Certain Direct Operating Expenses referred to above presents fairly, in all material respects, the revenues and certain direct operating expenses described in Note 2 to the financial statement for the year ended December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

**Notes to Combined Historical Statements of Revenues and Certain Direct Operating Expenses
(Dollars in thousands)**

(1) Business

The portfolio of 15 medical office buildings (the Properties) acquired from The Charlotte-Mecklenburg Hospital Authority (d/b/a Charlotte HealthCare System) and certain of its affiliates (collectively, CHS) includes on and off campus properties which are located in or around Charlotte, North Carolina.

(2) Basis of Presentation

The accompanying Combined Historical Statements of Revenues and Certain Direct Operating Expenses have been prepared for the purpose of complying with Rule 3-14 of the Securities and Exchange Commission Regulation S-X and are not intended to be a complete presentation of the Properties revenues and expenses. The financial statements have been prepared on the accrual basis of accounting and require management of the Properties to make estimates and assumptions that affect the reported amounts of the revenues and expenses during the reporting period. Actual results may differ from those estimates.

(3) Unaudited Interim Information

In the opinion of CHS s management, all adjustments, consisting only of normal and recurring adjustments, necessary for a fair presentation (in accordance with Basis of Presentation as described in Note 2) have been made to the accompanying unaudited amounts for the nine months ended September 30, 2008 and 2007.

Costs such as depreciation, amortization, and professional fees are excluded from the financial statements. Property taxes have also been excluded from the financial statements as CHS has historically been exempt from property taxes on most of these properties in Mecklenburg County, North Carolina. CHS had a contract in place for property management services and these expenses have also been excluded from the financial statements.

(4) Revenues

The Properties contain medical office space occupied under various lease agreements with tenants. All leases are accounted for as operating leases. Rental income is recognized as earned over the life of the lease agreements on a straight-line basis. Some of the leases include provisions under which the Properties are reimbursed for common area maintenance and other operating costs, real estate taxes, and insurance. Revenue related to these reimbursed costs is recognized in the period the applicable costs are incurred and billed to tenants pursuant to the lease agreements. Certain leases contain renewal options at various periods at various rental rates. At December 31, 2007, CHS occupied a majority of the gross rentable area, which was generally leased through inter-agency (I/A) occupancy agreements. Rental income reported in the financial statements from these inter-agency occupancy agreements was approximately \$6.2 million at December 31, 2007. No cash lease payments were exchanged related to the CHS I/A occupancy agreements, rather, billings were posted to inter-agency accounts with the respective CHS department or division.

Future minimum lease payments due under the non-cancelable operating leases with third party tenants (excluding the CHS occupants who were leasing under inter-agency short term agreements) at December 31, 2007 were as follows (in thousands):

2008	\$ 2,101
2009	1,723
2010	881
2011	591
2012	402
2013 and thereafter	2,655
	\$ 8,353

(5) Certain Direct Operating Expenses

Certain direct operating expenses include only those costs expected to be comparable to the proposed future operations of the Properties. Utilities expense includes electricity, gas, water, and telephone expense. General and administrative expense includes housekeeping, security, landscaping, insurance, supplies, leasing fees, and other general costs associated with operating the properties. Repairs and maintenance expenses are charged to operations as incurred.

Healthcare Realty Trust Incorporated
Notes to Unaudited Pro Forma Condensed Consolidated Financial Statements
(Dollars in thousands)

- 1) The Unaudited Pro Forma Condensed Consolidated Balance Sheet adjustments represent the impact of the Company's acquisitions or pending acquisitions of real estate properties and related debt from The Charlotte-Mecklenburg Hospital Authority and certain of its affiliates (collectively "CHS") and the acquisition of the remaining interests in Unico HRT 2005 MOB Venture LLC and Unico HRT 2006 MOB Venture LLC (collectively "Unico"), and assume the transactions had been completed on September 30, 2008. In connection with the Unico acquisitions, the Company entered into a contract to sell one building, held by Unico HRT 2005 MOB Venture LLC, in the first quarter of 2009. As a result, the building is classified as held for sale on the Pro Forma Condensed Consolidated Balance Sheet. Also, in accordance with Statement of Financial Accounting Standards No. 141, Business Combinations, (SFAS No. 141) the Company estimated and allocated the value of its investment in the real estate properties to land, building, and lease intangibles. Further, the Company estimated the fair value of the debt assumed and adjusted the carrying value of the debt to its fair value, resulting in a weighted average effective interest rate on the debt of approximately 7.0%.

The Unaudited Pro Forma Condensed Consolidated Statement of Income adjustments for the nine months ended September 30, 2008 and the year ended December 31, 2007 assume that the CHS and Unico acquisitions had been completed on January 1, 2007. In connection with the Unico acquisitions, the Company entered into a contract to sell one building, held by Unico HRT 2005 MOB Venture LLC, in the first quarter of 2009. As a result, the building is excluded from the pro forma results.

The Company's estimates and valuations included in these Unaudited Pro Forma Condensed Financial Statements are based on estimates and assumptions as of the date of this report.

Date of Acquisition	Location	Number of Buildings	Real Estate Investment

	Totals	21	\$ 254.6 million

1) *Includes \$8.3 million of prepaid ground leases signed at closing, having 75-year lease terms with two 10-year renewal options.*

2) *Includes debt of approximately \$49.4 million,*

with a weighted average contractual interest rate of approximately 5.8%, secured by the properties, and \$9.7 million previously invested by the Company in the joint venture. The Company has entered into a contract to sell one building in the first quarter of 2009 for approximately \$5.4 million, plus the assumption of debt (approximately \$5.5 million at December 31, 2008).

- 3) *Includes debt of approximately \$12.8 million, with a contractual interest rate of 5.9%, secured by the property, and \$1.6 million previously invested by the Company in the joint venture.*
- 2) Represents the historical consolidated financial statements of the Company, except that the Unaudited Pro Forma Condensed Consolidated Statement of Income includes only the results of operations from continuing operations of the Company for each period presented. In accordance with Article 11 of Regulation S-X of the Securities and Exchange Commission, revenues and expenses related to property operations classified as discontinued operations have been excluded.

- 3) Represents the historical consolidated results of operations of CHS and Unico for the each period presented.
- 4) The Company made certain pro forma adjustments related to the historical revenues and expenses of CHS and Unico for the nine months ended September 30, 2008 in order to derive consolidated pro forma results of operations from continuing operations for the Company for the nine months ended September 30, 2008. These pro forma adjustments include, but are not limited, to the following:
- Amortization of certain above- and below-market lease intangibles recorded as part of the acquisitions in accordance with SFAS No. 141 of approximately \$0.2 million included as an adjustment to master lease rent and \$0.1 million as an adjustment to property operating expenses;
 - Additional rental income included in property operating income related to the CHS acquisition for leases executed at closing with CHS or other tenants for newly occupied space totaling approximately \$2.2 million;
 - Operating expense reimbursement adjustments related to additional expenses estimated in the pro forma, such as property taxes, franchise taxes, and insurance totaling approximately \$2.2 million;
 - Straight-line rent adjustments for new tenant leases executed at closing related to the CHS acquisition;
 - Additional expenses including property and franchise taxes of approximately \$1.6 million, insurance of approximately \$0.1 million and ground lease expense of approximately \$0.1 million related to leases executed at closing;
 - Adjustments to property operating expenses of approximately \$0.6 million to recognize nine months of operating expenses on certain CHS properties that were under construction or commenced operations during the period;
 - Depreciation and amortization expense based on the Company's allocation of the purchase price to land, building, and lease intangibles as required by SFAS No. 141. Depreciation and amortization are calculated on a straight-line basis using the estimated remaining life of the assets. The estimated remaining lives for the buildings acquired ranged from 20 years to 39 years. A 75-year life was estimated on the ground leases entered into at closing and a range of 11 months to 180 months was estimated for the other lease intangibles acquired. These estimates, allocations and valuations are subject to change; therefore, the actual depreciation and amortization expense recognized by the Company may not agree with the estimates included in these pro forma financial statements; and
 - Amortization of the debt discount included in interest expense related to notes payable assumed in the Unico transaction. In accordance with SFAS No. 141, the Company estimated the fair value of the notes payable at the date of acquisition, resulting in a discount the Company will amortize through the notes payable maturities.
- 5) The Company made certain pro forma adjustments related to the historical revenues and expenses of CHS and Unico for the twelve months ended December 31, 2007 in order to derive consolidated pro forma results of operations from continuing operations for the Company for the twelve months ended December 31, 2007. These pro forma adjustments include, but are not limited, to the following:

Adjustments to property operating expenses of approximately \$1.5 million to recognize twelve months of operating expenses on certain CHS properties that were under construction or commenced operations during the period;

Depreciation and amortization expense based on the Company's allocation of the purchase price to land, building, and lease intangibles as required by SFAS No. 141. Depreciation and amortization are calculated on a straight-line basis using the estimated remaining life of the assets. The estimated remaining lives for the buildings acquired ranged from 20 years to 39 years. A 75-year life was estimated on the ground leases entered into at closing and a range of 11 months to 180 months was estimated for the other lease intangibles acquired. These estimates, allocations and valuations are subject to change; therefore, the actual depreciation and amortization expense recognized by the Company may not agree with the estimates included in these pro forma financial statements; and

Amortization of the debt discount included in interest expense related to notes payable assumed in the Unico transaction. In accordance with SFAS No. 141, the Company estimated the fair value of the notes payable at the date of acquisition, resulting in a discount the Company will amortize through the notes payable maturities.
